In the year 2007, there was a significant event that changed the course of the country. This event was the election of a new leader who promised to bring about progressive changes. The country was divided over this decision, with many people either supporting or opposing the new leader. The economy saw a boost due to this change, and the country's reputation improved on the global stage.

The year 2007 was also marked by the spread of a deadly virus that affected millions of people worldwide. This virus triggered a global pandemic that led to significant loss of life and economic impact. The government took strict measures to control the spread of the virus and invest in healthcare infrastructure.

Despite these challenges, the country made remarkable strides in various sectors. The technology sector witnessed exponential growth, with companies adopting advanced technologies and attracting foreign investments. This paved the way for the country to become a global leader in technology.

In conclusion, the year 2007 was a turning point in the country's history, marked by significant changes in leadership, economic growth, and advancements in technology. The country faced numerous challenges, but it also made significant progress that set the stage for further development in the years to come.
Andhra Pradesh has become a destination for education. It has emerged as a knowledge hub, attracting students from across the globe.

MR. CHAIRMAN: Enough is enough. If you go on speaking like this, others will lose their opportunity. Already we have crossed 11.00 AM.

MR. CHAIRMAN: That is why, Training Class is required as suggested by the Legislative Affairs Minister.

(Interruption)
MR. CHAIRMAN: You cannot insist like this. Please take your seat. I am trying to adjust every one of you. It is not good. I must do justice to everyone of you. What is this?
SRI C.DAMODARA RAJA NARASIMHA : Sir, I want one clarification. Is it LCQ or SNQ?

MR. CHAIRMAN : You continue to the extent possible.

SRI C.DAMODARA RAJA NARASIMHA : Sir, I would like to clarify certain issues. This Government is very proud to say that it is running nearly 75,000 Primary, Pre-Primary, High Schools with a Teacher strength of nearly 3,00,000/- which clearly indicates that the Government is not going to escape the responsibility of Constitutional right of a child from 6 - 14 years. We are supposed to give them free and quality
education. We are here to protect the interest of teachers, We are here to protect the interest of primary education in the State.

(Interruptions)

MR.CHAIRMAN : We have already wasted half an hour. Mohd. Jani garu, Ramaiah garu, we wil discuss that later.
SRI C.DAMODARA RAJA NARASIMHA : Sir, Sudhakar Reddy was the Union Leader. Today he is responsible MLC. He is in the august House. He is in the Upper House. He is aware of all the facts.

MR.CHAIRMAN: The Minister got up to answer. You have interrupted. He lost the thread. What is this? At this rate, it is difficult to run the House.

SRI C.DAMODARA RAJA NARASIMHA : They are not the administrators. The Government Teacher or the Headmaster or the Teacher in the Government sector or ZP sector directly work under the DEO. They are responsible to MEO, DEO, Dy.D.E.O. We have not given powers to any NGO Organization. NGOs are there to take care of infrastructure and other things. As far as the administration is concerned, it is directly controlled by the District administration or Mandal administration.

MR.CHAIRMAN: You cannot expect the Minister to answer every bit of your speech. He can answer to the satisfaction of the material available to him and not to the satisfaction of everyone.

Mangaluru Municipal Corporation

Date: 20th July, 2007

The Hon’ble Member of Parliament, Mangaluru Lok Sabha Constituency

Subject: Request for Assistance

Dear Member,

I am writing to request assistance for the following matters:

1. **Issue of Certificate:**
   - **Purpose:** To issue a certificate for the completion of the construction of the building at 125, Main Road, Mangaluru.
   - **Details:** The building is a multi-purpose facility that serves the local community. The certificate is required for the official opening ceremony.

2. **Investigation of Allegations:**
   - **Details:** There have been allegations of unfair practices in the selection of contractors for government projects in Mangaluru. I am requesting your intervention to ensure transparency and fairness in the selection process.

I urge you to take necessary action to address these issues. I am confident that your role will significantly influence the outcome.

Thank you for your attention to this request.

Yours sincerely,

[Your Name]

1/7
SRI SYED AL TAF HYDER RAZVI:- Hon'ble Chairman, The report of the Prime Minister's High Level Committee on social, economic and educational status of Muslim Community of India, better known as Justice Rajender Sachar Committee, provides a grim but most exhaustive and comprehensive profile of the social, economic and educational backwardness of Muslims for almost six decades after Indian Independence.

There is no point in attributing blame to successive governments or parties for this sad state of affairs over the decades at the centre and in our state. My party believes that Sachar Committee findings are an eye opener for the entire nation and the governments at the centre and in the states and afford them an opportunity to take positive affirmative action to ameliorate the condition of this second largest community in India in general and Andhra Pradesh in particular in the near future.

The Sachar Committee has made a series of far reaching recommendations with regard to general policy initiatives and approaches as well as specific policy initiatives to tackle the myriad problems faced by the Muslim community at the central and state levels. A geographical mapping of minorities has also been undertaken and districts, cities and town, with a population exceeding 50,000 which have a substantial minority population, have been identified. I would like the minorities welfare Minister to spell out the minority-dominated districts, cities and towns in the state, as per this geographical mapping.
There is an urgent need for stepping up the lending for Muslim community by the banks. An important finding of Sachar Committee is that the access of Muslims to bank credit, including the priority sector advances, is low and inadequate. The average size of credit for Muslims is also meager and low both in public sector and private sector banks. On the advice of the Banking Division of Union Finance Ministry, Reserve Bank of India, has issued instructions to all the scheduled commercial banks to ensure that minorities receive an equitable share of credit.

As regards the Prime Minister's new 15 Point Programme for the welfare of minorities announced in June, 2006, I feel that unlike the previous 15 point programmes unveiled in 1983 and 1985 respectively, the recast programme focuses action sharply on issues intimately linked with the social, educational and economic upliftment of minorities and provides for earmarking of outlays in certain schemes so that the progress is monitorable.

Financial allocations are how much when calculated 10% what is the amount allocated? These allocations are to be apportioned to the States and Union Territories on the basis of below poverty line population of minorities and physical targets and financial outlays earmarked. Since A.P. is getting substantial assistance from the Central Government for all these nine schemes, I request the Minorities Welfare Minister to ensure that necessary allocations made for these schemes for minorities in the State are utilised fully. The departments should quickly issue the necessary guidelines for implementation of these schemes in so far as I minorities are concerned.

A.P. stands little better compared with other States in the country. Our party for the last so many years has been fighting for the cause of upliftment of muslims. This is the result of our fighting.

A few things have been said by Sri Shabir Ali Mohammad, the Hon'ble Minister sitting here. One thing, I would like to know. There are different departments he has mentioned viz., Urdu Academy, Minority Commission and Wakf Board. Are there any websites in respect of those departments? I would like to know.

Financial allocations for this year- we have already entered in July. There are nine programmes under 15 point Prime Minister's programme. 10 per cent of the allocations should be made for the minorities at least from now onwards. I would also like to mention about Wakf Property. What are the properties which are identified? What are the details, modalities and guidelines on that? How many properties are earmarked for that under this programme?

There is a full time Presiding Officer in the cadre of District-Sessions Judge appointed to head the Wakf Tribunal. Where is it located? How many cases are referred to and disposed off? Wakf Board has initiated action to submit proposals for amending the Wakf Act. Recommendations of Sachar Committee may also be taken into consideration while finalising the same. The Hon'ble Minister can tell us on all these points when he gives his reply.

I thank you very much for the opportunity given to me.
SRI SULTHANA AHMED: Chairman Sir, I have the privilege to speak on Sachar Committee and 15 point programme in the Council. On 09.03.2005, the Prime Minister's Office has issued a Notification forming a Seven Member Committee under Justice Rajender Sacher, Retired Judge of Delhi High Court to examine and submit report to the Government of India on social, economic and educational backwardness of minorities in India with specific reasons and statistics for backwardness of minorities in all walks of life. The Committee has issued an advertisement in hundred news papers of India inviting people Government and non-Governmental Organisations to send the data. It has extensively toured 13 States of Indian Union. The Committee has called for the statistics from Central Home Ministry and Departments of Home from all the States and also called for record on Bank Accounts of Muslims and the loans given to them from the Reserve Bank of India. The Committee could not collect the figures of minorities serving in Indian Army, Navy and Air Force due to objections from BJP and like-minded media. This shows the communal policy of the BJP which confirms that the number of Muslim personnel is nominal in Army Navy and Air Force.

The Sachar Committee Report is consisting of 425 pages which shows the method of survey and other factors such as educational backwardness, lack of employment, lack of Bank loans, social and economic backwardness, poverty and low standard of life. The Sachar Committee was thankful to the State Governments' organizations, non-Governmental organizations such as UNICEF, DFID, CAPART, Awahaf Foundation etc., for providing adequate information. In Government Services, the percentage of minorities is very low and the limit of loans from public sector banks is comparatively minimum. The Muslims maintain 12 per cent accounts in public sector banks whereas the employment percentage in the Banks is only 2.2 per cent. The Committee in its report has stated that the standard of life of minorities is much below compared to even Dalits. I request the Government through the Chairman to implement the recommendations of Sachar Committee in toto at the earliest.
The Government of Andhra Pradesh under the stewardship of Dr. Y.S. Rajasekhar Reddy is keen to implement the recommendations of Sachar Committee in the State as it believes that the State will not flourish till the minorities are brought on par with other communities with regard to social, economic and educational status. The Hon'ble Prime Minister in his address on the occasion of Independence Day of 2005 announced that the 15 point programme would be revived for minorities for enhancement of opportunities in education, equitable share for minorities in economic activities and employment, for improving the conditions of living and prevention and control of communal dis-harmony and violence. The Muslims in India know that 99 per cent of the country's population is peace-living, secular and non-communal. The new 15 point programme has to be implemented by the Central Ministries through the State Governments. The schemes amenable to such earmarking has equitable availability of ICDS schemes through anganwadi workers, improving access to school education through Sarva Sikshana Abhiyan and other similar Government schemes viz., equitable share in economic activities, self employment through SJRY etc., upgradation of skills through technical training, enhanced credit report from the Banks, credit support from the banks, improving conditions of living and equitable share in rural housing schemes through IAY, improved conditions of slums with adequate sanitation. The States are expected to constitute State-wise and District-wise Committees for implementation of the Prime Minister's new 15 point programme which I request the Government through Chairman to implement at the earliest.

As regards communal harmony, the Deccan Plateau is famous for its communal harmony since the last several centuries which itself is an example for other parts of India. Dr. Iqbal says, "

During the Qutub Shahi dynasty of Golconda, Akkanna was the Prime Minister and during the Nizams' regime, Maharaja Kishan Prasad was the Prime Minister. In 1948, after Independence, the last Nizam has sent a delegation to Sardar Valabai Patel. ....

CHAIRMAN: I have given you enough time. Please sit down.

SRI K.R. AMOS: Thank you Chairman for giving me this opportunity to speak on behalf of Christian Minorities.

Sir, I am thankful to Sachar Committee for giving a Report. The basis of this Report has been comparing with the status of the SCs and Muslim Minorities. That seems to be. As a matter of fact, if the Sachar Committee could have compared the social and economic status of the upper caste or forward classes, it would have given a better projection for the status of the Muslim community. As far as SCs are concerned, they have been oppressed and they are the untouchables and they are the people who are in the lowest level. Even after completion of 50 years, their condition has been very much not reflected according to the Constitution framers. Therefore, the very comparison of the Muslims' status with that of the SCs and also BCs is not correct. So, most of the recommendations of the Sachar Committee have been based on OBCs. Muslims are not treated under Sachar Committee as a communal group, but as a OBC among the Muslims. Therefore, the very fact that OBCs have been treated in comparison on the basis of the communal point of view may not be correct.

In the recommendations of Sachar Committee for the Muslims, they have also suggested that representation in teaching provision should be there. Even Mothersas should be converted to that of other regular categories. In the matter of access to the
bank loans and other institutional inputs for them, there is a clear-cut recommendation in the Sachar Committee. There is also one specific recommendation for the Muslim OBCs to have separate hostels. My only submission is when they are treated as OBCs, the best course for any Government would be to keep a portion of the present OBC hostels to the Muslim OBCs thereby there cannot be any separation or segregation of the Muslims from main-stream of the Society.

Our Government has been giving various concessions even at the co-option level in Zilla Parishad, MPPs and Municipalities and also Corporations and Co-operative Banks. Sachar Committee has made recommendations which are also coming under Government of India scope. Therefore, I request the State Government to have a separate Committee to be constituted to go into the recommendations and see that what is coming under Government of India should be taken care of.

Lastly the State Government has appointed a High Level Committee to go into the 15 point programme of the Prime Minister. But there is no separate Committee to monitor the recommendation of the Sachar Committee. In the 15 point programme, there is a mention of Christians also. So, Christians must be treated on par with other minorities and therefore, under 15 point programme of the Prima Minister, I request the Minister and the Government through the Chairman to look into the issues connected with Christians.
Andhra Pradesh Government is doing very well, as expected since it has been doing very well consistently. Several projects have been completed successfully with the support of the government. For example, the construction of the new international airport in Hyderabad has been completed on time and within budget. This has boosted the economy and provided employment to thousands of people. The government has also invested heavily in education and health care, resulting in improved standards of living for the people of Andhra Pradesh. The recent elections have shown a strong mandate for the ruling party, indicating a continued commitment to development. Overall, the government is making good progress towards achieving its goals.
he is a very experienced and retired as Government of India Secretary. 20-50

SRI B. KAMALAKAR RAO: Thank you Mr. Chairman. For the growth and equality of muslim community, this 4% is not sufficient. That is why I propose to this Government to initiate affirmative action for betterment of muslims as well as OBC community and other religions. Sir, we are talking about 4% reservation for muslims. That is very insufficient. We are talking about 27% to OBCs, that is insufficient to backward classes. Sir, day by day, the employment generation as well as the educational facilities in the Government are decreasing. They are increasing in private sector. We do not have any say in private sector for having reservations. That's why, I request this Government through you to initiate affirmative action. Sir, there is need for social responsibility. Not only you, me, Mr. Shabbir Ali and all the Members can do much for this, we can only do something in the area of 4%. There are better avenues for the Government to take action by initiating affirmative action. Sir, Dr. Manmohan Singh had already initiated this action at the all India level with corporate sector for having reservations in the employment generation as well as in training programmes for OBCs and muslims. I would request this Government also to fall in line with the thinking of the Central Government and take initiative for affirmative action involving the corporates. Sir, the Congress Government has always been championing the cause of the muslims, whether it is in majority or it is in minority. I request through you to take affirmative action.
