Now Question Hour  Question No. 124.  There is also short discussion on this question.  So we will club this question with short discussion.  So, we will take next question

62 (38)

1. ఎంచిమాచేరోటి అర్థాది సాహిత్యం కంటే ఎందుకంటే ఆదియాది అంకితమయిన గ్రంథా ప్రచురణ చేయబడింది?  
2. సాధారణ స్మార్కం సారి నిలిచింది సాహిత్యం నిలిచింది సారి నిలిచింది?  
3. సాను పుట్టిన ఏముంటాడు తో చూసిన ఒక విషయానికి ప్రతిసామ్యం ఉంటాయి?
there is a glut of sugar.
whether it is in the corporate sugar factory or private sugar factory the distribution of this compensation is being given. The additional amount of Rs. 5000 will be paid later.
Mr. Chairman, through you I would like to know from the Minister whether the Government has got any perspective plan for advising sugarcane growers as to when to grow and when not to grow and to what extent it should be grown. As the Minister said this global scenario is very much warranted for our Government to take care of the illiterate farmers of the State to get them well educated as to when to go for sugarcane growing and to what extent.

SRI B. KAMALAKAR RAO: Mr. Chairman, through you I would like to know from the Minister whether the Government has got any perspective plan for advising sugarcane growers as to when to grow and when not to grow and to what extent it should be grown. As the Minister said this global scenario is very much warranted for our Government to take care of the illiterate farmers of the State to get them well educated as to when to go for sugarcane growing and to what extent.
MR. CHAIRMAN: Already 20 minutes is over and we are still in the 1st question. If we continue at this rate it is very difficult to finish the listed questions. If you want I will post only one question per day. Will the House agree for this? There can never be satisfaction. The question is whether the Minister tried to answer to the extent possible. We have got many suplementaries. 20 minutes is over still the Minister is on her legs to give final reply.
We don't want any of our citizens to commit suicide. We don't want to bring them to that stage.

We have only left 14,048 lakhs of rupees. And the Commissioner, is going to send a note which member has got this. Please bring it to my notice, if there is a specific case. ....

Here I would like to state that the Government thinking is for revival of sugar factories..... We can make use of sugar in many ways. We can...
As far as Government of India's sugar policy is concerned, we will export the sugar at the rate of almost Rs. 1400 per tonne. At the Government of India level, we are going in the same way. Whatever your suggestions are there, we will certainly carry out them.

It is not so simple for shipment. The current scenario. The whole country is facing the same crisis.

We will certainly examine. We want to help sugar cane farmers.

MR. CHAIRMAN: I have allowed more number of persons because education is most important. I have given fifteen minutes for this question alone.

(INTERRUPTIONS FROM SRI P. SUBBA REDDY)
If it is so important for you, why you have not come up with the question? Even though this question was raised by Gidugu Radra Raju, I have allowed other Members to put their supplementaries.
They are worried about their career and their future. Intelligence has nothing to do with the person whether he is from urban area or from rural area. 

21st Century Gurukul to  Higher Education backwardness 

Thank you Hon’ble Minister. Please separate
It will be a residential appointment. The faculty once recruited will be sent to I.I.I.T. for training for some time.

If they would like to pursue further studies -

The Andhra Bank has entered into a Memorandum of Understanding with the Government.
Because they know the reasons for this. Yes, we are prepared to rectify them from the Government side. The Government is prepared to take action to rectify them.

Because they know the reasons for this.

Because they know the reasons for this.
it is an invitation from my side to you. It is very clear. Here is an opportunity for the students, wherein their employment is assured. The Government is giving guarantee to these loans.

MR. CHAIRMAN: What is this word-to-word dialogue? The Member sitting next to you is standing and pleading for a chance from the beginning. You have taken opportunity for three times. Don't you want to accommodate the other Member?

MR. CHAIRMAN: Why are you standing? Do you want to give reply to the House? Let the Minister complete his reply.

(INTERRUPTIONS)

When the Minister is giving reply, you cannot stand in the House for minutes together.
percent of the curriculum including rule of reservation for a person to be educated. Very soon we will come out with a comprehensive scheme.
MR. CHAIRMAN: All the remaining questions are deemed to have been answered.

Now, I will take Short Notice Question No.1.

(Question)

I have been telling that limitation must be there.

MR. CHAIRMAN : Now, I have to make an important Announcement. .......

MR. CHAIRMAN : I will look into it.

MR. CHAIRMAN : No. No.
Every time, I have to beg you.

MR. CHAIRMAN: You wanted several supplementaries. I have allowed you.

11.10

Being an Opposition Leader, when he rises, he is expected to be given opportunity.

MR. CHAIRMAN: I have already given mike.
SRI PUVVADA NAGESWARA RAO: My Appeal regarding Single Supplementary is that we have to sort it out. It is a bad practice. I don’t think it is advisable.

MR.CHAIRMAN: It is not a bad practice. What had been followed here earlier and even today in the other House, we have been following here. Not only here, Even in the Lok Sabha and Rajya Sabha, the same practice is being followed. I am not adopting new procedure. You pointed out at the Ministers and the Ministers pointed out at you. Everybody wants time. Even after 11'O clock, the Question Hour is not getting completed. Everybody is worried.
MR. CHAIRMAN: Now, I have to make an Announcement.

I am to announce to the House that an Orientation Programme to the Members of the Legislative Council to be organised by Rajaji International Institute of Public Affairs & Administration, Hyderabad will be held at 04.00 PM today, i.e., 26.07.2007 in the Central Hall (Old Assembly Buildings), Hyderabad.

All the Members are therefore, requested to attend the programme positively.

Now, Tea break for ten minutes.

(The House then adjourned at 11.22 AM)
(The House reassembled at 12-02 pm with Hon'ble Chairman in the Chair)

Mr. Chairman: You are permitted.

Tomorrow it will come.

26th July, 07
SRI M. MANIK RAO: In Tandoor there is hundred-bedded hospital that is border of Andhra Pradesh and next to Karnataka. And this hospital is also facing lot of hardships due to non-availability of doctors. The Government should seriously think about this problem. The poor people are suffering and all of them cannot come to Hyderabad for taking treatment. In order to overcome the shortage of doctors in the
whole state, why can't the Government put a condition that before awarding the degree in medicine, the doctors should necessarily work in the Government Hospitals? Keeping the majority of poor people in view, the Government should take a policy decision in the matter.

The government should have a condition that, before awarding the degree of medicine, the doctors should necessarily work in the Government Hospitals. This will ensure that a large number of poor people receive proper medical treatment.

26th July, 07
Dr. K. Nageshwar - Will the Minister for School Education be pleased to state:

a) The poor conditions of the Government Schools are a cause of serious concern even in State Capital, Hyderabad;

b) What is the Government's assessment of the problem; and

c) What are the steps initiated by the Government in this regard?

MINISTER FOR SCHOOL EDUCATION (SRI C. DAMODHARA RAJANARASIMHA):

a) Yes, sir.

b) Infrastructure facilities in Government Schools, having own buildings, have been assessed.

I. Basic data on Schools:

1. Total No. of Government Schools (PS, UPS & HS) 829
2. No. of Schools running in Govt. Buildings & Community Halls 532
3. No. of Schools running in Rented Buildings 297

II. Construction of Additional classrooms and new School Buildings:

1. No. of Schools for construction of Additional Classrooms 48
2. No. of Additional Classrooms sanctioned in 48 Schools 249
3. No. of New School Buildings Sanctioned 64
4. No. of School Buildings in which construction is in progress 22

III. Basic Amenities:

26th July, 07
For the schools that are being run in private buildings, the owners of the buildings are providing toilets, drinking water and electricity facilities.

c) Steps initiated by the Government are as follows:

1. **Drinking Water:**

   - An amount of Rs.25 lakhs has been paid to MD., HMWSSB for providing water connection for 170 Government Schools, out of which 82 schools are given connection, remaining connections are not given for want of road cutting permissions from GHMC, and laying new lines.
   - Water bills to an amount of Rs.7.8 lakhs have been paid for restoring to water connection for 68 schools during March, 2007

2. **Electricity:**

   The Chief Engineer, APCP DCL has been requested to provide new electricity connections for 101 schools, which are not having electricity facility, through Lr.No.A1/DEO, Hyderabad/Ele 07 dated 22-06-2007. The work is under process.

   An amount of Rs.13.79 lakhs towards arrears of electricity bills pertaining to 140 schools, has been paid to APCP DCL, Hyderabad during March, 2007, in order to restore the power connection.

3. **Furniture:**

   14500 double desks are provided to 537 Government Schools with an amount of Rs.5-00 crores given by the MCH, Hyderabad.

   Still there is a requirement of 9900 double desks. On the request of District Collector, the Commissioner, GMCH has promised to provide funds i.e., Rs. 6.5 crores for procuring remaining furniture i.e., 9900 double desks to the Government Schools.

4. **Construction of Toilets:**

   276 Government school buildings are provided with toilet facility for the last two years.

5. **Maintenance of Toilets:**

   Though, the services of 132 Scavengers are utilized for maintenance of Toilets in Government schools, the maintenance is very poor due to meagre amount i.e., 80/- per month paid to them. Therefore, during the last academic year "Suvidha Scheme" had been implemented with the funds of SSA in 212 Government schools. But, for this year, there is an objection to utilize the funds of SSA.

6. **Construction of New Government School Buildings:**

   To provide accommodation to 106 schools running in rented buildings, particularly in Old City area, 63 Government sites, belonging to different Government Departments, are identified and submitted proposals to Government, for handing over these lands to the Education Department.
Let me first congratulate Sri K. Nageshwara Hon’ble Member because the question is very good. I appreciate his concern. Out of all the Government Schools in Hyderabad whether they are poor, pathetic or average, what is the assessment and what the government is doing? Let me not say that it is pathetic. But I can say that it is average and let me go through the figures. The total number of students studying in the city is 8.60 lakhs. The total number of Government schools are 829, The number of schools running in Government buildings are 532 and the number of schools running in rented buildings are 297. And with regard to basic amenities such as drinking water, toilets, electricity and furniture, in the year 2005-06, the High Court of Andhra Pradesh gave direction to provide basic amenities to the Government schools in Hyderabad. Basically, a lot has to be done.

The Government is trying its best to do. The major problem pertaining to the school education in the city is scattering of Primary, Upper Primary and High Schools. The Government is open for discussion, the Government is open to suggestions and the Government is here to do something to enhance the education system in twin cities.

The Government is open for discussion, the Government is open to suggestions and the Government is here to do something to enhance the education system in twin cities.

34
Let us also start Saraswati Yagnam. The Government have accepted that there are certain deficiencies and we are prepared and open for discussion and suggestions. As far as drinking water is concerned 70% we have achieved. We are supposed to achieve another 25-30%, which will be completed in another 2 months. With regard to toilets, 100% toilets are there in every school. The only thing is the issue of maintenance and that is important. As I have already mentioned, let us have a discussion.
I have personally visited that school, which is incomplete. Why is it incomplete?

It is basically because of the escalations in the price of cement and steel. The Contractor could not afford. I have called for meeting of the Collector. We have given them instructions that we will meet the escalation cost.

That was the decision we have taken. It is basically because of the escalations in the price of cement and steel. The Contractor could not afford. I have called for meeting of the Collector. We have given them instructions that we will meet the escalation cost.

12.50

We are requesting through you to study and give some suggestions. I am requesting through you the Minister to accept the House Committee.

SRI C. DAMODARA RAJA NARASIMHA: Government is very serious Sir. I started giving answer by appreciating Nageswar garu. I have said let us start Saraswati Yagnam and appreciated that this is a very good question which he has asked the Government. This Government has a commitment. This Government has vision. We want to add something for this department because everybody is concerned about this.

(EndTime: 9335.55.00)
SRI C. DAMODAR RAJA NARASIMHA: I again reiterate the stand of the Government. We will call for a meeting Not once number of ties. We take the suggestions and advices and we will definitely see that the standards of the education including basic facilities are provided at the earliest.

(అపసమాయం)

MR.CHAIRMAN: Motion moved. Now discussion on consideration

L.A.Bill No.11/2007

Now discussion on consideration.

26th July, 07
Freedom of religion, freedom of profession
MR. CHAIRMAN: The question is:

"That the Andhra Pradesh Propagation of other religion in the places of worship or prayer (Prohibition) Bill, 2007 be taken into consideration."

(PAUSE)

The Motion was adopted and the Bill was considered.

**CLAUSES 2 - 5, CLAUSE 1, ENACTING FORMULA AND LONG TITLE:**

MR. CHAIRMAN: The question is:

"That Clauses 2 - 5, Clause 1, Enacting Formula and Long Title do stand part of the Bill."

(PAUSE)

The motion was adopted and Clauses 2 - 5, Clause 1, Enacting Formula and Long Title were added to the Bill.

SRI RATNAKAR RAO JUVVADI: Sir, I beg to move:

"That the Andhra Pradesh Propagation of other religion in the places of worship or prayer (Prohibition) Bill, 2007 be passed."

MR. CHAIRMAN: Motion moved. The question is:

"That the Andhra Pradesh Propagation of other religion in the places of worship or prayer (Prohibition) Bill, 2007 be passed."

(PAUSE)

The motion was adopted and the Bill was passed.

MR. CHAIRMAN: The papers to be laid and to be placed are deemed to have been laid and placed on the table of the House.

1. Copies of the guidelines on the number of beneficiaries who have been provided financial benefit under CMRF from 1995 to 2003 in pursuance of an Assurance given while answering LCQ No. 23(Starred) on 20-07-2007.

2. A copy of the Statement showing the Department-wise and category-wise details of the employees of Telangana and other than Telangana Regions working in Secretariat in pursuance of an Assurance given while answering LCQ No. 41 (starred on 20-7-2007)

MR. CHAIRMAN: I am to announce to the House that the following Members are duly elected to the Committee on Public Accounts, Committee on Estimates, and Committee on Public Undertakings from Legislative Council for the financial year, 2007-2008:

I. COMMITTEE ON PUBLIC ACCOUNTS

1. Smt. M. Lakshmi Devi
2. Sri K. Bapi Raju
3. Sri P. Govardhan Reddy
4. Sri Ch. Sudhakar Rao
5. Sri D. Rami Reddy

II. COMMITTEE ON ESTIMATES

1. Sri S. Basava Punnaiah
2. Sri G. V. Seshu
3. Sri N. Rajalingam
4. Sri N. Chinna Rajappa
5. Sri R. Satyanarayana

III. COMMITTEE ON PUBLIC UNDERTAKINGS

1. Sri Paladugu Venkata Rao
2. Sri M. Manik Rao
3. Sri P. Ranga Rao
4. Sri A. Revanth Reddy
5. Sri B. Mohan Reddy

(Interruption)

MR. CHAIRMAN: Please come in proper form.
SRI B. KAMALAKAR RAO: I have already put the question. This is related to short notice question.

MR. CHAIRMAN: I will discuss with you in my Chamber. Now we are in Non Official Resolution. Thursday is meant for it.

SRI JALLI WILSON: Sir, I beg to move:

"That this House recommends to the Government to constitute assignment Committees at Mandal level with representatives of all political parties to distribute surplus lands to landless poor and to provide loan facilities for cultivation in order to create employment to rural youth in the State."

"That this House recommends to the Government to take necessary steps to amend the Andhra Pradesh Land Ceiling Act, 1975 to distribute cultivable and all types of lands to the eligible poor in the State."

"That this House recommends to the Government to bring a comprehensive Legislation for agricultural labour in the State in order to provide them minimum wages, employment guarantee and other facilities."

"That this House recommends to the Government to grant clemency to life imprisonment prisoners who had completed five years of imprisonment including remission period by 1-11-2006 in view of the Golden Jubilee Celebrations of the State in accordance with the policies adopted by the previous Governments."

MR. CHAIRMAN: Non Official Resolutions moved.

SRI K.R. AMOS: Sir, I beg to move:

"That this House recommends to the Government to establish Wool Board in the State for development of wool industry."

MR. CHAIRMAN: Non Official Resolution moved.

MR. CHAIRMAN: Now, will take up short discussion on G.O.Ms.No.34.

SRI B. KAMALAKAR RAO: In view of the G.O. and M.S. No.34, whether the existing surpluses of mineral wealth of the State have been utilised? How much of the State's wealth is left unutilised? (In Telugu)
Expunged as order by the Chair.
26<sup>th</sup> July, 07

44
In the present crisis of agriculture in the country where water plays an important role any attempt to save water and use of its efficiency for increasing productivity and production of agriculture should be looked into. 80% of water in India is utilised for agriculture with the joint needs of industries and civic societies. There is a great need to save water for agriculture and for other activities. The experimental data indicates that micro irrigation not only saves water but also improves the water use efficiency and fertilizer use efficiency. Although it is mostly used for horticultural crops like vegetables, fruits etc., but Government of India also sanctioned under the technology machines on cotton corn, pulses etc., under the micro irrigation system. The task force appointed by Government of India gave a report in 2004 according to which there is a potential to bring about 9 million hectares under micro irrigation. At present we have only 2 million hectares. Since water is going to be very critical for our society in the future, any attempt to save water should be looked into.

As a Scientist I support micro irrigation.
I am not against the drip irrigation or sprinkle irrigation and we will also be part and parcel of it. We are guided by certain principles. Let the G.O be issued changed accordingly. 100 acres of Micro Irrigation is an acceptable one. 20 acres of 10 acres 1,200 acres of 1,000 acres. 10,000 acres have been decided to be 17,000 acres. We will also be part and parcel of it.

Let the G.O be issued changed accordingly. We are guided by certain principles.
The Water Management Manual - Government of India. Ministry of Water Resources. Innovations in farm water application such as sprinklers and drip irrigation which have been widely adopted in the developed countries save water through mechanical control. Therefore, need to be experimented where the lifts are unfavorable or in areas where land leveling is either not possible or costly. Particularly suited for orchards and vegetables. Drip Irrigation in India - INCID. Indian National Committee on Irrigation and Drainage. High Initial cost of Drip equipment which unfortunately is not within the easy reach of all and marginal farmers. It is ideally suited to al row crops especially Coconuts, fruit trees, vegetables and flowers, commercial crops, Plantation crops etc. The Water Management Manual: perspective problems and policy issues. Indian National Academy of Engineering says that in USA the total irrigated area is 62.2% under surface gravity and 36.7% under sprinklers and 1.1% under drip. Later two high initial investment and
energy

**Government of India, Ministry of Water Resources has stated that sprinklers and drip irrigation system should be adopted wherever it is possible.**

Due to high initial cost, poor institutional support system, lack of skilled human resource, appropriate equipment and technology, resistance from mass of conventional system users etc., are the main reasons for poor progress even after two decades of its first introduction.

Chief General Manager of NABARD, Mumbai says it is most suited for horticultural crops, vegetables etc., and found that applicability in hard rocky areas also beyond the purchasing capacity of small and marginal farmers and thus mainly adopted by large farmers. This can be used in abroad. Already Kuppam experience failed. Other farmers in Rayalaseema and Telangana had bad experience.

Chief General Manager of NABARD, Mumbai says it is most suited for horticultural crops, vegetables etc., and found that applicability in hard rocky areas also beyond the purchasing capacity of small and marginal farmers and thus mainly adopted by large farmers. This can be used in abroad. Already Kuppam experience failed. Other farmers in Rayalaseema and Telangana had bad experience.

...
MR. DEPUTY CHAIRMAN: You are deviating from the subject.

SRI K. DILIPKUMAR: I am coming to the subject. The Ministry of Home Affairs requests the Government to kindly cancel the G.O. No. 34. I request the Government to kindly cancel the G.O. No. 34.

Now, the House is adjourned to meet at 10.00 a.m., tomorrow.

(Then the House adjourned at 1.43 p.m., to meet again at 10.00 a.m., on Friday the 27th July, 2007)
