What is your Question? Bhatti Vikramarka garu?
MR. CHAIRMAN : I have allotted February, 29th for that subject. Minister गैर माणे राजकीय सैयद. Some members wanted to discuss on the subject.

MR. CHAIRMAN : Next question, Mr. K.R. Amos,

CONSTITUTION OF CONSTRUCTION WORKERS WELFARE BOARD

Q. No. 32 (722)

Will the Minister for Labour, Employment, Factories and Boilers be pleased to state:

a. Whether it is a fact under the Construction Workers Welfare Cess Act, 1996, Government has to constitute Construction Workers Welfare Board and collect cess on the works from the contractors?

b. If so, the action taken in the matter along with the details?

c. Whether it is also a fact that an amount of Rs. 131.19 crore is yet to be collected from the irrigation contract works till March, 2007? and

d. If so, the reasons for not collecting the said cess amount and action taken against the concerned?

Minister for Labour, Employment, Factories & Boilers (Sri G. Vinod)
a. Yes, Sir.

b. A.P. Building & Other Construction Workers Welfare Board, was constituted vide G.O.M.S. No. 41 of LET & F dept., Dt. 30.4.2007 read with G.O.MS.No. 59, LET&F(Lab.II) Dept., dt. 29.6.2007.

c. No, Sir.

d. The Govt., have issue amendments to the A.P. Building and other Construction Workers (Regulation of Employment and Conditions of Service) Rules, 1999 vide G.O.MS. No. 57, LET&F(Lab.II) Dept., dated 26.6.2007 providing the procedure and the manner of collection of cess. Accordingly, the collection of cess has been commenced with effect from 26.6.2007.

In respect of earlier period, Writ Petition (Civil) No.318 of 2006 filed by the National Campaign Committee for Central Legislation on Construction Labour against the Union Government and all State Governments is pending in the Supreme Court of India.

* * * * *
Sri. G. VINOD: Mr. Chairman, Sir, the Building and the Construction Workers Act has come into force in the year 1996. As a matter of fact, this Legislation was initially brought forward by the Government of India. As per the guidelines the Deputy Director of Factories Department, the District Social Welfare Officer and the Assistant Social Welfare Officer have to visit at least 20 hotels per month and for this purposes, they will have to maintain their duty chart. If any lapses are found, necessary action will be taken.

Building Construction Workers Board has come into being. Under the Act, we are not collecting the cess, because it is the Central Government notification. During the interim period 2004-2007 we are collecting the cess, because it is the Central Government notification.

We have issued necessary instructions to all the concerned departments. We are collecting it wherever possible.
We are taking all possible steps and as soon as we get the orders from the Supreme Court of India, we will go ahead.

SRI B. KAMALAKER RAO: Mr. Chairman, Sir, just now the Hon'ble Minister for Labour has given the figures pertaining to the collection of cess. I would like to know from the Government as to whether that amount is being transferred to the Board and whether that Board is functioning properly to achieve its objectives. My appeal to the Government is that whatever amount being collected in the form of cess, it should be transferred and kept at the disposal of the Board so as to make it functional. Secondly, there are thousands and lakhs of skilled and semi-skilled workers who are engaged in various fields of activities in our state particularly in and around twin cities. The serious concern is that a large number of trained workers are coming from China and getting engaged in our market. Under the circumstances, to compete with them, it is high time for the Government to conduct necessary training programme to our work force. In this connection, I would like to know from the Hon'ble Minister as to what kind of steps are being takenup.

SRI G. VINOD: Mr. Chairman, Sir, I would like to thank the Hon'ble member Sri B. Kamalaker Rao for having raised this valuable point. In this connection, I would like to share my feelings with the august House that in the recent past, the Hon'ble Chief Minister, Dr. Y. S. Rajasekhara Reddy had constituted a Technical Committee which has been providing training to the skilled and semi skilled workers so as to compete with the national and international people. Last month only, we have held a meeting in the chambers of the Hon'ble Chief Minister with the Hon'ble Ministers concerned i.e. Sri R. Chenga Reddy and Sri K. Rosaiyah garu. There is every possibility to create a huge workforce through these training programmes. It is the responsibility of the Government to give priority to develop skilled work force apart from promoting the Information Technology. Day-in-and-day-out, employment potentiality is increasing to two lakhs for the last two years. During the current year, we are expecting it to increase to three lakhs. So many people are going to NAC to undergo training programme. Reliance Company is importing skilled workers from China. It is a continuous process. However, I would like to inform that when compared with the various work forces in other countries of the world, our work force is considered as one of the best work forces.
The Board has been constituted and Sri S. Gopal has been appointed as the Chairman.

SRI G. VINOD: Sir, Hon’ble Member has raised this issue.

MR.CHAIRMAN: Question No. 33 (856) has been postponed at the request of the Member.

12. Mr.450 mentioned sub-sectors 450 for the progress achieved so far.

13. I requested the Registrar to have the district wise targets determined under the scheme together with the progress achieved so far. What he said is that, what ever he sanctioned is mentioned. But, I wanted specific reply related to the target determined and the progress achieved, Sir. See you have to go back to the old issues Sir. This is very important programme under-checked by the Government of Andhra Pradesh.

14. The Minister in reply stated that 18 sub-sectors had been earmarked for the implementation in 5622 villages. The scheme is to be completed before the end of this financial year. See what ever the Minister has said, it is only a small portion of the whole target, which the Government has earmarked. What ever the Minister is claiming, it is not even 1/3 of the targets that the Government has made and the whole scheme has been envisaged. In that connection, I would like to have all the details to the satisfaction of this House.

MR. CHAIRMAN: Last supplementary

MR. B KAMALAKER RAO: It is not supplementary. The main question only, I come back again to item No. C.
Sir Item No.c. to the main question. The District wise targets determined under the scheme together with the progress achieved so far. I raised this question three times Sir, the Hon’ble Minister has not been kind enough to give answer to this. If he doesn’t have, then we will have separate meeting and review in the meeting with the Minister along with the Members; otherwise, is it not my right to get this answer to the item No C Sir?

MR. CHAIRMAN. Question No. 35 (982) and 39 (1151) is postponed.

DISTINCTION BETWEEN RECOGNISED AND UN-RECOGNISED UNIONS

L.C. Q. No. 40 (1184).

SRI BUDATI RADHAKRISHNAIAH.

Will the Minister for Labour and Employment be pleased to state:

a. Whether there is any difference between the recognized and unrecognised unions while dealing with the matters under Trade Union / I.D.Act; and

b. If so, the details thereof.

MINISTER FOR LABOUR, EMPLOYMENT (SHRI G. VINOD):

a) No, Sir,

b) Does not arise.

DISTINCTION BETWEEN RECOGNISED AND UN-RECOGNISED UNIONS

Trade Union Act speaks about registration of trade unions. The act provides that a trade union shall be deemed to be registered if it fulfills certain conditions. The registration of a trade union is necessary for it to acquire the status of a recognized union. Recognized unions are entitled to certain rights and privileges, whereas unrecognised unions are not.

They have every right to represent. Shri
Radha Krishnaiah said that it is being denied by the RTC authorities. They are not accepting any representations from the recognized trade unions and natural justice is being denied to them. Why they are not accepting the representations of the registered trade unions. I request you to issue instructions to the A.P.S.R.T.C. authorities to accept the representations of the registered trade unions.

SRI G. VINOD :- The normal practice is, when an election is there, the elected representatives should be given top most priority. There are unions which are registered and going for elections. By and large, the normal practice adopted in the unions is when it is an unregistered union, if they want to give representation to the Management, they can certainly give on a democratic way. How the Management views it, the RTC is not looking that issue now. The request of Shri Radha krishnaiah is that the RTC authorities have not received the representations of the trade unions. They can certainly come in a democratic way and represent. I will certainly discuss with the RTC authorities and see that the receive the representations from the trade unions.

MR. CHAIRMAN : I am to announce to the House that there is a lunch for all the Hon’ble Members and also for the press friends.

Is it not shame on the part of the administration of Andhra Pradesh? Is it not a matter of concern for the administration of Andhra Pradesh? Has the administration of Andhra Pradesh done anything to ensure the safety of the people in the state? How is it happening? Let them work independently.
As you all know Media is considered as the Fourth Estate while three other Pillars of the Constitution are the Legislature, Executive and last but not the least the Judiciary, the 4th estate in simple words is the public. It is the duty of the media to inform the public and keep them updated on the happenings in the world. Media not only acts as a watchdog but also plays a crucial role in holding the government accountable. It is through media that people can voice their opinions and concerns. However, the media must be impartial and unbiased in its reporting.

I am honest and sincere.

The truth is, and we know it, that we are not really aware of anything. The world does not exist, nor does it exist in any way. The way things are, the way we think they are, is not real. Everything we think we know is a delusion.

The only thing that is real is the idea of a world, the idea of existence. This is the only reality we can know for sure.

We are aware of the existence of the idea of a world, but we are not aware of the idea of the world. We are aware of the idea of the idea of a world, but we are not aware of the idea of the idea of the world.

The only thing that is real is the idea of a world, the idea of existence.

Philosophers should rule the world. The craving of man for equality is the source of unrest on earth.

Socrates, as we know, was the greatest philosopher. He told that philosophers should rule the world. Then, Aristotle, the greatest philosopher, said that the great human beings goal is to bring in social and economic equality in society.

The craving of man for equality is the source of unrest on earth.

SRI SYED ALTAF HYDER RAZVI: Sir, at the outset, I would like to thank His Excellency, the Governor of Andhra Pradesh for patiently delivering a lengthy address to the Joint Session of Andhra Pradesh Legislative Assembly, and A.P. Legislative Council.

Sir, several schemes and programmes undertaken by the State Government have been mentioned by the Governor in his address.

First of all, our Party (MIM) lauds Rs.2/- a Kg. Rice Scheme taken up by the Government. The scheme, which is expected to start from Ugadi was going to benefit millions of White Card Holders and their families who fall under poverty line and who are feeling the pinch of rising prices of essential commodities.

I may point out that the Government had recently stated that all the BPL families in the State had been given Ration Cards, hence, there is no need issue further ration cards. But the fact speak differently and there are still more BPL families left over who are in need of ration cards. Therefore, our party feels that the Government should look into the problems and issue fresh ration cards wherever required.
Sir, this scheme was earlier brought in by the then Chief Minister Dr. Marri Chenna Reddy. During the Chief Ministership of Sri N. Janardhana Reddy, in the early 1990s there was a drive launched to weed out the so-called bogus ration cards. Then it was followed by raising the price of subsidy rice to Rs.3-50 during the Chief Ministership of Sri N. Janardhana Reddy.

Sir, now, the present Government is thinking of reviving the scheme. Sir, my question to the Hon'ble Chief Minister through you is, whether the scheme is going to be a temporary one or a permanent one like the free power being extended to the small and marginal farmers through out the State? The House desires to hear an assurance from the Hon'ble Chief Minister that this scheme which is expected to benefit a large number of BPL families was going to be implemented permanently but not meant to be an election oriented one. This would certainly inculcate confidence in the public mind with regard to continuity of the scheme.

Sir, next, I would like to say a few words with regard to Greater Municipal Corporation of Hyderabad. Sir, the creation of Greater Hyderabad had also brought in greater problems. The traffic bottlenecks being the biggest problem, one cannot know as to when he reaches his destination. Therefore, I would like to request through you the Government to address the traffic congestion problem on a permanent basis.

Next, I would like to speak about the Old City of Hyderabad, which had been subjected to neglect for the past so many years. Through you, I would like to request the Hon'ble Chief Minister to declare a special package to the old city, with an estimate of Rs.2,000 crores. Sir, the Governor's Address had not mentioned about the schemes for augmentation of drinking water in the twin cities of Hyderabad and Secunderabad. It had not talked about the Krishna Phase-3 Water Supply Scheme, Godavari River Scheme and Pranahitha Scheme. Through you, I would request the Hon'ble Chief Minister to declare a time frame within which these schemes are expected to be completed.

Sir, next, I would like to speak on Reimbursement of Tuition Fees for SC, ST, BCs and particularly students belonging Minority Communities. Reimbursement of Tuition Fees had been increased in the case of SC and ST students for Engineering from Rs.10,000 to Rs.26,000 and from Medical
Students from Rs.34,000 to Rs.55,000. Therefore, I would like to request the Government through you to enhance the reimbursement limit on par with SC and ST students in the case of Minority Students studying in professional colleges.

Sir, I would also request the Government to expedite the facilities as well as strengthen the various super-specialty hospitals in the State.

Sir, the International Airport is in a stage of completion. But reaching the Airport seems to be a big problem. The access to International Airport is either through the Outer Ring Road or the Express Way, which are still undergoing construction. Till these roads are completed, I would request the Government to kindly keep the domestic airport ready, so that the passengers would not face big inconvenience.

Sir, it is sad that nothing was mentioned about Wakf Board in Governor’s Address. Sir, Wakf Board owns thousands of acres throughout the State and many of them are being subjected to encroachment. Land Mafia and even Governmental Agencies are actively involving in encroaching Wakf Properties. Protection of Wakf Properties should be given the utmost importance. But nothing was said about it in the Governor’s Address. The best way to protect Wakf Properties is to have a Tribunal similar to the one constituted in the case of Endowments Department. Therefore, through you, I would request the Government to think on these lines and form a Tribunal at the earliest.

(Bell)

Sir, lastly, I would like to speak about Urdu, which is our Second Official Language. Though 16 districts have been identified wherein Urdu is being declared as Second Official Language, so far, not much has been done in this direction. In these districts, not a single Government Officer is there who can understand an application given in Urdu or able to respond to that. This is the sad fate of Urdu. Sir, if the Government would not take constructive measures to save Urdu, the beautiful language “Urdu” would simply vanish away from the State itself.

(Bell)

Sir, with these words, I would take leave thanking the Chair for giving me this opportunity.
Going on criticizing the government is not advisable.
more than 80% of the people are being benefited by the scheme. This government has promised, promise Rs.125/- per month to graduates, post graduates and District Planning Committee elections District Planning Committee elections

I thank you, very much for giving me this opportunity sir.

what is the philosophy behind this? The people of this state are very keenly observing this document. The author of this document is a great philosopher i.e Dr. Y.S. Rajasekhara Reddy who is the head of this Government. The main objective of this philosophy is to touch the hearts of every downtrodden man and women. Right from 1985 to till date, this document has come before all of us two
days back. This document refers to the minimum basic needs of the people of Scheduled Cast, Scheduled Tribes, Backward Classes and the minorities living in the state of Andhra Pradesh. This document is inclusive of everything and excluding nothing. This document speaks of welfare of every needy poor person in the state. If anybody is misunderstood about this document, we cannot help them. In that circumstance, we have to set them right. Regarding construction of Indiramma Houses to the houseless poor people, this Government committed to construct 95,999 houses, out of which, 60000 houses have been completed and the same have almost been handed over to the beneficiaries.
Buildings are not good and the places are not habitable. It is the legacy which has come from the past and it cannot be created overnight.

We have every confidence in this Government. In spite of so many hurdles, this Government is committed to provide 4% reservations to the minorities in the state. Fulfillment of the assurance given by the Indian National Congress (INC) in its election manifesto shows the seriousness and sincerity of the Dr. Y.S. Rajasekhara Reddy's Government and of the Congress Party. In this connection, my only advice to all the Political Parties is that let them offer their criticisms and suggestions in a more constructive way to pave the way for the Government to take-up various developmental activities on a massive scale in the state for all-round development.

Mr. Chairman, Sir, the Hon'ble Leader of the Opposition, Sri Dadi Veerabhadra Rao has referred to the NCERT document according to which, he mentioned that the Andhra Pradesh is number one and the Tamilnadu is number two in regard to the crime incidents. In this connection, let me please submit that crime rate can never be decreased. Let us be frank about it. For a variety of reasons, if somebody says that the crime rate is decreased, no doubt he must be burking the crime. Our police say that it is wrong and they are burking. Therefore, it indicates two things in the crime graph, firstly, the people must have been very alert and analytic about crime and secondly, they must have been prevented from filing the complaints with regard to crime incidents. Keeping these issues in mind, one should not think that there is no law and order. I would like to further bring it to the notice of the Hon'ble Chairman that extremism is rising due to various social and economical reasons. Just because of the stray incidents here and there, we should not think that there is no peace and tranquility in the state. It is nothing but distortion of the facts. It is not created overnight. I would further bring to the notice of this august House that His
Excellency, the Governor of Andhra Pradesh while addressing the Joint Session, has mentioned in his speech in para 49 "My Government attaches highest priority to law and order. We have been fortunate that the State has been experiencing the longest spell of peace and tranquility, barring a few isolated incidents. We are resolved to fight terrorism and extremism in all their forms, which unfortunately have become global phenomenon. We need the support and understanding of all the citizens of the State". Therefore, I appreciate his statement. In this connection, I completely endorse this document and endorse the policies and decisions of the Government and philosophy of the person behind it. I once again compliment the Governor for having given his message and I also congratulate Dr. Y.S. Rajasekhara Reddy, Hon’ble Chief Minister as he is the man behind this document.

We are aware of the news of children becoming victims of sexual abuse and also helpless victims in fire accident incidents, incidents of building collapses and several other easily preventable diseases. Therefore, I request that the core issues of violence on the child rights should be taken as the basis for our research". "save the children"
