SRI B. KAMALAKER RAO: Mr. Chairman, sir, I would like to bring to the notice of the Hon’ble Minister for Tribal Welfare, Government of Andhra Pradesh that we have a major chunk of tribal population spread over various parts of the State particularly in remote and agency areas. Various educational institutions have been set-up for providing education to the tribal people. As suggested by the earlier speakers and while agreeing with their views and versions, on the lines of the State of Madhya Pradesh which had already set-up an exclusive University for the benefit of the tribal students, I also request the Government to kindly initiate immediate necessary action and establish a separate University for the Tribal students so as to promote and encourage their hidden talent and skills in various walks of life. Further, by virtue of identifying the hidden skills and
specialized talent of the tribal students, the society at large would be benefited a lot.

26th feb, 2008 15
SRI INDRASAIN REDDY: The House is unanimous. Why not we have a University in our own State because lot of tribals are there? It will be better to see that this House recommends to the UGC.

SRI B.KAMALAKER RAO : Sir, for the Answer D, part of the resources utilized for the purpose of undertaking, what sort of percentage that might be spent on the local areas. Whether lands are sold and whether this is a major part or meager part for the lands which have been sold in different districts near
the Hyderabad. Whether major part of the resources are taken out of the local areas.

SRI MALKUD MANIK RAO: More than 3000 acres have been taken and So much crores of Rupees have been spent. Have we spent any money for the Ranga Reddy District? Any road has been improved? Nothing. Because once we go out of the Municipality we won’t touch. But we are selling and getting crores of Rupees. Is there any justification. selling lands in Ranga Reddy District and spending money for the greater Hyderabad? That is why I want to take all the lands in Ranga Reddy District. I want justification sir.

I will come to it afterwards.

Q.No.120 (1114)

Mr. Chairman: Question No.120(1114) is post poned.
SRI B. KAMALAKER RAO : Sir, Society in 1993 has requested to approve the revised plan. 15 years have elapsed. Since 15 years, there is no action and the Government has allotted 4 more acres to the Society. What happened during these 4 years? Government do not know. Neither the society cared to have come with the revised plan nor the Government received the revised plan. 15 years time is given to the society. Why? Then what is the fate of other people? In the society, some extent of land was occupied by some members. I request the Hon’ble Minister to take drastic action instead of waiting for the society to come with the revised plan. In this context, why not the Government, get it revised with the details available with it?
SRI PALVAI GOVARDHANA REDDY: Sir, is it a fact that there was a meeting with the Hon’ble Speaker to sort out all these problems? Number of times, the Speaker had a meeting with the Commissioner, Municipal Corporation, Hyderabad, Principal Secretary and all other concerned officials. Principal Secretary, Municipal Commissioner and various other people have come. So far they have not taken any action. But nothing is being done. Therefore, I only request the Minister to immediately fix a meeting.

MR.CHAIRMAN: Mr. Goverdhana Reddy, you are a member of the Society and I am also residing there. I will speak to the Hon’ble Speaker and fix a date.
26th feb, 2008 35

MR. CHAIRMAN : You give your suggestion only. When the Minister has agreed for a meeting with you, what is the problem?

(Sri Palvai Goverdhana Reddy rose to speak)

Mr.Goverdhana Reddy, please bear with me. He has understood the problem.

The damage incurred on the applicant's vehicle amounted to ₹2,500/- in the accident, and further repairs were estimated to be ₹700/- more. The total amount for repairs was ₹5,000/-. The vehicle was insured for ₹17,000/-. Therefore, the applicant should receive ₹17,000/- for the repairs. The insurance company should pay the applicant ₹5,000/- for the repairs and the remaining ₹17,000/- for the vehicle.

The applicant also claimed ₹1,000/- for loss of use of the vehicle. The insurance company denied this claim as the applicant could use another vehicle during the repair period. The applicant should receive ₹1,000/- for loss of use of the vehicle.

The applicant also claimed ₹500/- for damage to their mobile phone. The insurance company denied this claim as the damage was not clearly shown in the vehicle. The applicant should receive ₹500/- for damage to the mobile phone.
I hope the Government will rise to the occasion.

let us not wait for Central Govt.
Thank you.
In put subsidy small and marginal farmers

In my view, small and marginal farmers have been ignored excessively. The government has paid very little attention to them. The government has a responsibility to help them. They should be provided with various subsidies. The government has done very little for them.

In other words, 50 rupees per acre to small and marginal farmers is very little. It is not sufficient. The government should do more for them. The government should provide more subsidies. It should also provide them with better infrastructure.
MR. CHAIRMAN: All matters under Rule 311 are postponed at the request of the Members.

you take this in hand and return. It is 3.00 dollars for one item.

But tomorrow you will not get it at the same price.
We are very much pleased to convey the following:

1. The credit goes to him.
2. The credit goes to him. It is a good budget and it is a compliment.

The credit goes to him.

It is a good budget.
Same conditions are prevailing now itself in the state.

on that day. The arrangement was efficient, ensuring a smooth transition. The efficiency was evident in the way the work was handled, effectively avoiding any delays. The implementation was well-coordinated, with everyone working in tandem, ensuring that the objectives were met.

1.30

We will roll back all the changes that took place during the transition. This is to ensure that everything is in order and ready for the new arrangement. The process was rectified, and we are now ready to move forward with the new setup.
First come first served

The process of serving requests begins with the first request that arrives. Once the server receives a request, it starts processing it. Upon completion, the server sends a response back to the client. This process can continue until all requests have been processed or until the server reaches a certain limit, such as a certain number of requests or a certain amount of time. The server may also have a queue of requests waiting to be processed, and it may process them in the order they were received or in some other order based on certain criteria.
