The land has been given by the Ministry of Revenue for the propagation of Vedas & Sanscrit. But now it is misused. I am putting a supplementary. It is an age old story. The Government might not have the records. The point is that for what purpose the land is given, it is not being used for that purpose properly. Instead of spreading Vedas and Sanscrit Language, the Institution like B.Ed College, M.Ed. College, Law College and such colleges have come up in that place, not propagating the Vedas and Sanscrit. The land has been given by the Ministry of Revenue, and it is given to a Trust. The Revenue Department says that it is not the prerogative of this Revenue Department to oversee whether the land is being properly used, it is Administrative Department and it comes under the Ministry of Endowments. The land is not being used for the purpose for which the Government has given, but it is misused.

CHAIRMAN : Please give a separate notice. I will agree.

SRI B.KAMALAKER RAO : Yes.

CHAIRMAN : Yes. Postponed.

SRI PUVVADA NAGESHWARA RAO : It has become House property.

MR.CHAIRMAN: I am not allowing. Till 11.00 a.m. I have allowed. Now matters under Rule 311 are there.
Let us distribute the time to others also. You allow others also to speak. Now I will allow the Minister to answer. Everybody want their pleasure not the pleasure of the House.

SRI B. KAMALAKER RAO:- Sir, the land was given for a particular purpose but that purpose is not served. It is given to the Apollo Hospital. When we contacted, they said that there was an agreement between the Dist. Collector, Hyderabad and the Apollo Hospital. My specific question is whether it is a fact that 10 acres of land at Dilsukhnagar was given to Samskrita Vidyalaya for the propagation Vedas and Sanskrit. It is relevant to mention here that the land is not being used by the said Vidyalaya. The Vigilance Department has conducted an enquiry into it and recommended to the Government to take back the land. An extent of Ac. 2.13 gts. of land was allotted to Panineeya Sanskrit College Trust for collection of value with usual conditions.....

MR.CHAIRMAN : I am not allowing further discussion. If you want, put a supplementary.

For SC, ST, BC certain ratio should be allowed during the main examination.

He has not followed the UPSC guidelines. So, candidates from SC, ST and BC category who were supposed to be qualified were not qualified. So, justice was denied to them.
Let me clarify. The 1984 court held that Preliminary Examination should be held irrespective of caste or backwardness of candidates appearing for the examination because all of them are appearing for posts in an open competition. The procedure adopted by the Service Commission for appointment to the Main Examination is illegal and violative of Articles 14 and 16 of the Constitution.

At the same time, the Government is taking all the necessary steps to distribute the seized food grains through Public Distribution System (PDS). Surprise inspections and raids will be continued. Further, in this connection, I request all the Hon'ble Members of this august House that if any information with regard to black-marketing or hoarding of food grains is brought to the notice of the Government, we will definitely take action and that nobody will be spared however big they are.
already we are conducting frequent raids on the millers, who are resorting to black-marketing and hoarding.

One of the best police forces, in the sense, mainly crime check, crime control, crime prevention. strait run from the better functioning of the police force in one of the best police forces. The police force is functioning already. As per the Octopus functioning already 1600 which is 1600 more effective, more functional.

There is no compromise. As per the SMS messages there is no compromise. In particular case, there is no compromise.

October functioning already, more effective, more functional.
SRI TIRUMALA SRINIVASULU: Sir, I would like to underline whatever is said on the question of the bomb blast. In the light of the Lumbini Park Bomb blast and danger from the extremists, our response has been very lukewarm. We had two, three terrorist activities happened here. Major causalities have taken place. But, still we have not been able to alert. There is a concern among the people. There is a concern among the Police, that we have not been able to start the organization which has been thought of. The people are thinking that it is still not taken up, i.e., OCTOPUS. We have grand name, but it has not started its functioning. That is the concern. So, what is the type of security that we can give to the people, when the functioning is not known to the people? It has only 175 people. How can you get small contingent to work? It is not possible. So I would like to impress on the Home Minister that it has to be taken up very expeditiously, it does't brook any delay and it has to be functional and we have to show some results. If we do not achieve these things, it will be very dangerous for us and we have to be ready to face a very catastrophe of tragedy in future because very recently about a week or ten days back, it is learnt that the entire Thaliban has moved into Pakistan. So, the danger is quite imminent and that our response has not been adequate. The danger is looming large. I would like to impress once again upon the Home Minister, Sir, your reply to the execution of warrants was excellent. But, this, I am not very much satisfied.

MR. CHAIRMAN: Now, the Question is over. Next Item under rule 311 regarding the breach of vagu in Khammam District.
