SRI SYED ALTAF HYDER RAZVI : Chairman Sir, To-day, we stand united to pay our condolences, in fact we must say our deepest condolences to those who have sacrificed their lives for the honor of our great nation and the innocent people who lost their lives in this attack. To-day I would like to mention in this House, in the recent there have been many attacks on our great nation. These attacks happened on Akshara Dam, Mecca Mashed and Parliament, the symbol of democracy. Why I am saying this here is that the terrorists do not have any religion. No religion will teach this type of acts, this type of ideology. On behalf of my M.I.M. Party. I condemn these acts of terrorism. Our nation must pay great honor and our deepest condolences to those who laid their lives for the defence of our country and to the people of our country.

Sir, for such Officers like Sri Hemant Karkare and others who have dedicated their lives, we should act now and honor them. We have seen the country stand united against such events. Everywhere, anywhere you go, our country is a mix of many religions and many languages. There are so many cultures and so much history attached to our country. We should uphold all these values and come together and unite as a nation to condemn these acts of terrorism.

To-day I pay rich tributes and condolences from my Party to the Officers who laid their lives in the line of the defense of our country.
Thank you for giving me this opportunity.

1st December, 2008

...
13th December, 2008

Dear Sir,

Enclosed find a draft of the AIRS (Amazon International Renewable Energy Scheme) which we hope to send to your office for approval.

Yours sincerely,

[Signature]
Hemanth Karkare is our hero. He used to ask me; "Sir, such a huge number of security personnel are necessary to protect all these people?" I told him "We are already planning them to reduce to 400, so, further reduction is not possible".

In Delhi, nearly 1500 to 2000 Security Personnel were deputed to address the security concerns of Politicians and other VIPs. He (Hemanth Karkare) was a security officer who was always concerned about the safety and security of our country. He was a hero and we have to follow his footsteps.
Sir, with regard to Unni Krishnan, he was a youngster. He often used to meet me in my Chambers to seek advice. He sought my advice on joining either defence or police force. I told him, "I do not know as to what lies in your mind. But if you join the defence force, you have difficulty once in a life time, because you have to fight the enemy once in a life time. But if you are in police, you have to face difficulties every day. The thing is, in defence, you will die one day and in police you will die every day". Then he told me, "I will join the army". He was a promising youngster. I was so much impressed by his character.

Sir, the other day when I heard about his sacrifice in TV, I virtually wept for him. Such a promising youngster with a great future had laid down his life for the honour and dignity of the country. I humbly salute this youngster for his great sacrifice. I also humbly salute all those security personnel who have laid down their lives and also the innocent people who were made victims of this unmindful act.

Sir, through this august House, I would also like to request the people one thing. "Kindly don’t blame the intelligent agencies all the time". Sir, I myself was an intelligent officer for 17 long years. At times, these people cannot defend themselves. Sir, first we have to do our basics properly. Everybody interferes with their functioning. Local politician interferes, the Government of the day interferes, concerned Minister interferes, District Collector, RDO... everybody interferes in their day-to-day functioning. This is an area on which we have to work out seriously and allow our security forces to carry out their task in a free atmosphere.

With regard to the recent incident, everybody says that the police and intelligence agencies have failed. Yes, there may be some failure. But you can’t blame them for the entire thing. It could be known by following the statement made by none other than a person like Ratan Tata, who conceded that the hotel management was alerted in advance about this unfortunate happening. He told that the terrorists might have entered through the backdoor. I do not know what is meant by that. Therefore, it is not an easy thing to get informed about each every thing. On November 18, Advance information was given to armed forces, especially Navy saying that there can be a sea-route intrusion by the terrorists. But it was not specific about this incident.

Sir, I do not want to involve myself into a debate on this issue. I am also associated with police for a long time and I know the difficulties involved in the profession. The fact remains that we should not blame all the time the intelligence agencies. Some faction feud takes place; we are blaming the intelligence agencies. If any law and order problem crops
up, then also we are blaming our intelligent agencies. As a matter of fact, we are blaming our intelligence agencies for every thing. Sir, it is not a correct thing to do.

Sir, at this hour of peril, it is not proper on our part to think as to who is responsible for this and who is facing the music etc. Sir, the incident which happened on the other day struck me so much. The wife of Mr. Hemanth Karkare had refused to accept the financial help offered by the Mr. Modi. I am taking this opportunity to salute the families of the security personnel who laid down their lives for the honour of the country. The people who are coming forward to extend their help have criticized time and gain Mr. Karkare for being partisan in his inquiry. We are all proud of Mrs. Karkare for refusing to accept any sort of financial help from such people.

Sir, this incident reminds us of the fact that we have in our midst officers of great integrity and it is our bounden duty to encourage them and we as a political institution should think as to how best we can make our police force and intelligence a little more competent.

Sir, I whole heartedly welcome the Condolence Motion moved by the Hon'ble Chief Minister and extend my full support to it.

Sir, I thank you for giving me this opportunity.

MR. CHAIRMAN: Members have very well expressed their concerns and feelings with regard to the unfortunate incident and extended their sympathies to the bereaved families. Now, as a mark of respect to the departed souls the House will stand and observe silence for two minutes.

(All Members then stood on their legs and observed silence for two minutes as a mark of respect to the departed souls)

Now, the House is adjourned to meet again at 10-00 am tomorrow.

(The House then adjourned at at 12-27 PM to meet again at 10-00 AM on Tuesday, the 02nd of December, 2008)
