Sir, I beg to move:

"That this House places on record its deep sense of sorrow at the demise of Dr. R.Venkatraman, former President of India and conveys its deep sense of sympathy to the members of the bereaved family".

...
I told him (Sri A.B.Vajpai) that the President should not set this wrong and dangerous precedent as it might kindle the ambition in the future Presidents to meddle and indulge machinations against the Prime Ministers".
We have found that splinter parties do not enter into the Parliament. What you imagine is what you transpire and what you believe is what you achieve.

SRI B. KAMALAKER RAO (Nominated): Dr.R.Venkat Raman was embodiment of discipline, honesty and integrity in public and private life. He held a complete disciplined life and set an example of an Indian way of living. He was a true Indian and an embodiment of Indianness. He preached whatever he practiced. He stood by his principles and policies of his party in which he was destined. As an Industries Minister of Madras State it was his concept of establishing Industrial estates. He set an example to other states for having Industrial estates for industrial development. As a Member of the Planning Commission, he was guiding all the States and was telling the Ministers of different States to come forward with plans which are related to their states and relevant to their resources. As a Minister, most of you know, he never budged an inch from his principles. Sir, he led complete life and even though he was wedded to Hindu way of life, he most respectfully honoured every religion in the country and his children who are distinguished in their trades never got into the limelight because they never wanted it. Neither the father, nor the children. He led silent private life. He set an example to others. When he was offered second time President ship, by our late Prime Minister Sri P.V. Narasimha Rao, he honestly refused it and set an example for future Presidents. I convey my deep sympathy to the bereaved family.
