The 11th Amendment to the Constitution of India (1996): The law, as also the doctrine of severability, is very

clear that the Constitution is an integral whole and shall not be construed in such a manner that its
different provisions are to be read in isolation. Thus, if the whole of the Amendment is held invalid,

then it is not permissible to strike down only a part of the Amendment while the judicial interpretation
of the other parts is to be left intact. Further, it is also settled law that a law which is totally

invalid cannot be partially struck down. The underlying principle is that the validity of the whole

of the Amendment cannot be substituted by the judicial interpretation of the remaining provision of

the Amendment. The Constitution of India is a unique document which has to be considered as

a whole and the integrity of the Constitution has to be preserved. Any interpretation which

denies the validity of the whole Amendment in the event of its judicial interpretation

being different from the intention of the Parliament, would render the constitutional

provisions meaningless and defeat the very purpose of the Amendment to the Constitution.

The Amendment was introduced in 1996 to give effect to the Memorandum of Agreement

without violating the law. The Memorandum of Agreement was signed between the

That has created an alarm.

...
Why has he preferred to go to Director General of Police? There is something fishy even in his arrest. In my opinion,able to,there is no reason to arrest a person who is not involved in corruption. Govt. is a continuous one. Now in the case of a person of the year 2002 and 2008, the arrest should have been done in 1999. Now the recent arrest in 2009 is not justified. You want to suppress it? Don't try to do it.

So, Off late I have been occupying myself. As you can imagine, it has been rather tiring. However, I am managing to find some time to carry on with my work.

Malini has been very helpful: I must admit I have been extremely grateful to her. However, it has been a bit stressful to have to work so much. I hope to be able to take some time off very soon.

Well, let us get down to business. Now, I am going for demands.

Almost 6,222 have been paid. As you can see, all the amounts have been rounded off to the nearest 5,000. The amounts are as follows:

- 54,000.00
- 54,000.00
- 54,000.00
- 54,000.00
- 54,000.00
- 54,000.00

Almost all the amounts have been paid. In a few cases, there have been delays, but I am confident that these will be sorted out soon.

It is my understanding that C.B.I. will take the assistance of Interpol in this regard. I am sure they will be able to do so.

MR. DEPUTY CHAIRMAN: Now, the House is adjourned to meet again at 5.00 PM today.

(The House adjourned at 3-14 PM to meet again at 5-00 PM on the same day)

5.00

(The House Re-assembled at 5.00 P.M. with the Hon’ble Chairman in the Chair).

MR.CHAIRMAN: Hon’ble Chief Minister to read the statement.
MR.CHAIRMAN: Now, statement.

Dr.Y.S.RAJASEKHARA REDDY: The demand for the formation of a separate Telangana State is a highly emotive issue and is one which is close to my heart and the Congress Party. The Congress Party always respected the sentiment of Telangana people and its stand on demand for a Separate Telangana State was clear from the beginning. We have never in the past deceived any one on this issue nor will do in the future. Right from the beginning we were for the constitution of Second States Reorganisation Commission to go into this issue.

The previous Government of Telugu Desam had completely neglected the region’s development. Then the Congress leaders from the region raised the issue of separate Telangana because of the negligence. The Congress Legislators from Telangana met Congress President Smt.Sonia Gandhi after the 1999 Assembly elections and expressed their concern that the Government of Telugu Desam will not be able to deliver development of Telangana in an integrated Andhra Pradesh. The matter was taken up with the NDA Government, which rejected outright the request for the constitution of the Second SRC.

It was once again based upon the request from the Congress MLAs and leaders from Telangana and based on the resolution of Congress Working Committee adopted in 2001, state Congress Election manifesto of 2004 stated. I quote “………… there are many valid reasons for formation of separate states in Vidarbha and Telangana. However, the reorganization of existing states raises a large number of issues. The Congress Party feels that the whole matter could be best addressed by another States Reorganisation Commission to look into all the issues involved”.

The State Congress Manifesto for 2004 Legislative Assembly elections clearly brought out the concern and the importance it attaches to the Telangana issue. I quote “The Congress party recognizes the growing emotions and aspirations of the people of Telangana region”.

The Common Minimum Programme of the UPA Government also echoed the sentiments of the people of Telangana in its categorical statement, “The UPA Government will consider the demand for the formation of a Telangana State at an appropriate time after due consultations and consensus”.

The UPA Government took up the issue of Telangana and constituted a committee headed by Sri Pranab Kumar Mukherjee, which strived to arrive at a consensus on the formation of a separate Telangana State. However, consensus could not be arrived at that point of time.

The Welfare of the people of Telangana region is foremost in the agenda of my Government and a number of development initiatives have been taken to address the development and growth concerns of the region.

The Government of Andhra Pradesh has no objection for the formation of Telangana State in principle and feels that the time has come to move forward decisively on this issue. However, before taking a decision many of the issues need to be resolved as serious concerns have been raised by the stake – holders.

The Government has, therefore, decided to constitute a committee of Members of both the Houses to deliberate the issues and concerns on the formation of Telangana and further steps could be taken after the report from the Joint Committee of Members from both the Houses is submitted to Government.

During the current year, over previous years, the lion share of State revenue came from Sales Tax that is 66% on account of implementation of V.A.T. followed by State Excise i.e., 14% and Stamps and Registration while taxes contributing 6%.
Major Irrigation Projects commencing from 1964 to 1997 were not completed, even after incurring an expenditure of Rs. 4931 Cr to the end of March, 2008. Similarly, 21 Medium Irrigation Projects commenced between 1962 to 2004 were not completed even after incurring an expenditure of Rs. 13096 Cr. to the end of March, 2008 besides another 27 Irrigation Projects commenced between 1967 and 2004 have not been completed even after incurring an expenditure of Rs. 24,610 Cr. The delay in completion of these projects escalated the cost by Rs. 57,205 Cr.

Why should we change? Who is the best in the World?
Suppose, let’s say the provisionalization of Municipal employees refers to the provisionalization of Panchayat Raj employees. So, the question is, is it not contempt of notification? Of course announce to avoid that.
For your information...
still I remember. Even though I have only been able to attend this session of Parliament because of ill health, I have watched the proceedings of the last few days. The way extremist groups are doing their work of spreading fear in the minds of the people is really distressing. Where is the balance? Where is the balance?

They are Executives. Some of them are extremists. He is not a member of either Council or Assembly. He has never been a member of any legislature. He is a member of the Communist Party of India. He is a member of the Congress. He is a member of the CPM. Where is the balance? Where is the balance?
I am also known to him.
This is very bad.
U.P.A. Government is continuing. "President has gone on record". It's alright.

Formation of Andhra Pradesh real sense? It's alright. For Second Re-organization, we have objections.

pendulum spots. We have objections. Since Telangana is a genuine issue; U.P.A. Government is continuing. He got 11 seats out of 14 seats in Telangana area.

SRI B KAMALAKER RAO: Thank you Mr. Chairman Sir, for giving me this opportunity to speak on the two bills.

Sir, I stand here to support these two bills.
Sir, with regard to Bill No.4, it deals with Vote on Account presented for a limited period. So, we cannot have a wide raging discussion on that. Sir, in fact, the discussion that took place on Governor's Address as well as on the Vote on Account seems to be one and the same. The Opposition Parties repeated the same arguments. I, therefore, confine to the technical aspects of this Appropriation Bill.

Sir, through you, I would like to draw the attention of the Hon'ble Finance Minister to two aspects, namely, School Education and Higher Education. Sir, Capital Outlay for School Education is Rs.122,64,22,000/-. Sir, we had a plan to have complete literacy by the year 2015. To that extent, we have to give lot of thrust to School Education. From that perspective, I feel that the Rs.122, 64,22,000, which was allotted, is not sufficient for the first year of the coming five years. That is one aspect of it.

With regard to Higher Education, we are embarking upon a plan to have a university for every district. We have already opened some and are in the process of opening some more. The Capital Expenditure for Higher Education is only Rs.7,06,25,000, which I feel is insufficient. Therefore, through you, I would like to request the Hon'ble Minister to increase the capital outlays for School as well as Higher Education.

Sir, coming to the capital expenditure for Medical and Health, it was found to be Rs.23 crores whereas the Revenue Expenditure was 1.074 cores. May be Revenue Expenditure is related to Arogyasri Programme and I would appreciate it. Simultaneously, I would also request the Hon'ble Minister to kindly increase the Capital Expenditure, so that we can start new medical colleges, new hospitals and create more infrastructural facilities in health sector.

Sir, now, I would like to touch upon the allocations made for Women and Child Welfare Sector. Sir, there also the Revenue Expenditure seems to be Rs.656,00,34,092/- where the Capital Expenditure found to be only Rs.4,00,64,000/-. Sir, I would like to utilize this opportunity to inform that I was awarded by the UNICEF the Best Child-Friendly Legislator's Award. Therefore, through you, I would like to impress upon the Hon'ble Finance Minister to kindly increase the allocations made for Women and Chief Welfare Sector.

Sir, with these words, I would conclude my speech thanking you once again for giving me this opportunity.
