SRI PUUVADA NAGESHWAR RAO (ASSEMBLY) : Sir, with due respect to the Hon'ble Chief Minister, I want to make small submission. Everybody knows that it is the prerogative of the Hon'ble Chief Minister to select his own cabinet colleagues. There is no dispute in it. Ten percent of both the Houses, 15 per cent is not our business. My request is that have your own say and we are not disputing it because you have got every right to select your own cabinet but don't mention the number or your intention of not taking anybody into the cabinet. Why should you say? You can act according to your prerogative. It is only my submission.

DR. Y.S. RAJA SEKHAR REDDY: Thank you very much Puvvada Nageshwar Rao garu. It is a very worthy suggestion. I will definitely take it into consideration. In fact, Vasant Kumar has said "you are brutally frank". It is peace of mind and it is not our business. My request is that have your own say and we are not disputing it because you have got every right to select your own cabinet but don't mention the number or your intention of not taking anybody into the cabinet. I will submit before the Chairman. I will give a detailed thought to it and I will submit my impression to you Sir. But, I will assure you that I will submit before the Chairman. If I give the impression of it, it is still pending. But, Mr.Y.S.Rajasekhara Reddy, has got it and restored it. Once again we compliment you for restoring the House and all the credit goes to you. We congratulate you for restoring the House.

First of all it was adopted in Andhra Pradesh. After that it was adopted in Tamil Nadu.

SRI V. VASANTHA KUMAR (MINISTER FOR RURAL DEVELOPMENT): Chairman
Sir, I am quoting from the Rules of Procedure and Conduct of Business in the Andhra Pradesh Legislative Assembly. Page 64, Item (4) – "The debate on Appropriation Bill shall be restricted to the matters of public importance or administrative policy implied in the Grants covered by the Bill which have not already been raised while the relevant demands for grants were under consideration."

(5) The Speaker may, in order to avoid a repetition of debate, require Members desiring to take part in discussion on an Appropriation Bill to give advance intimation of the specific points they intend to raise, and he may withhold permission for raising such of the points as in his opinion appear to be repetition of the matters discussed on demand for grant or as may not be of sufficient public importance." It is very clear in the Rules.

MR. CHAIRMAN: Rule 166 of Rules of Procedure and Conduct of Business in the Andhra Pradesh Legislative Council is very clear. Since we do not have discussion on Demands for Grants here, the Members have got right to debate on Appropriation Bill. The Members have right to discuss according to Rule 166.
MR.CHAIRMAN: Ruling is very clear. Once, the issue was discussed on the Floor of the House, again that issue cannot be discussed in the same Session. That is the Ruling. But, you can make a reference.

e-education project  1st September, 2009 68

One of the main parts of e-education project is the placement of educational materials online. The content includes various aspects such as courses, lesson plans, and multimedia resources. The project is designed to cater to different age groups and learning levels. The materials are organized into modules, each containing a series of interconnected topics. In the module, the content is presented in a structured format, making it easy for students to navigate and learn.

The project also includes interactive elements like quizzes and discussions, which help to engage students and assess their understanding. The materials are updated regularly to ensure they remain relevant and current. The project has been well-received by both students and teachers, who appreciate the availability of high-quality educational resources online. However, there is still room for improvement in terms of accessibility and user experience. The project team is committed to addressing these issues and enhancing the overall learning experience for its users.

In a similar fashion, the origin of consciousness is also a mystery. The mind, it is believed, is an emergent property of the brain. However, the exact mechanism by which the mind emerges from the brain is not yet understood.
