SRI ASADUDDIN OWAISSI: Madam, I am presenting a petition regarding the problems faced by the residents of Fathimanagar and Farooknagar in my Charminar Constituency which fall under Sy.Nos.256 and 257. Since 1995-96 more than 1400 pattas were issued by the Chief Minister of Andhra Padesh. Now the Police officials come and say that the land belongs to them. They are not allowing the people to construct houses. Even during the recent rains many houses were damaged. There is lot of harassment by the Police Department.

I request that the petition may be sent to the Petitions Committee.

1983년 초반에 본인의 생각을 정리하고자 하였습니다. 그런데, 이것이 힘들어보이기 시작했네요.

한국어로 전문가의 생각을 정리하면서, 여러 분야의 전문가들의 의견을 수렴해 보겠습니다. 이를 위해, 다음과 같이 몇 가지 방법을 생각해 봅니다.

1. 전문가의 의견을 정리하고, 이를 토대로 본인의 생각을 정리할 수 있습니다.
2. 전문가의 의견을 종합하여, 이를 바탕으로 본인의 생각을 정리할 수 있습니다.
3. 전문가의 의견을 종합하여, 이를 바탕으로 본인의 생각을 정리할 수 있습니다.
4. 전문가의 의견을 종합하여, 이를 바탕으로 본인의 생각을 정리할 수 있습니다.
5. 전문가의 의견을 종합하여, 이를 바탕으로 본인의 생각을 정리할 수 있습니다.

이러한 방법을 통해, 본인의 생각을 정리할 수 있습니다. 또한, 이를 통해, 다른 분야의 전문가들의 의견을 수렴해 보면, 더욱 적합한 생각을 정리할 수 있을 것입니다.

DR.Y.S.RAJASEKHARA REDDY: He is seeking only clarification from the Chair. Please give clarification.

SRI ASADUDDIN OWAISI: Madam Speaker, I will first speak on the police administration. The Demand No.XII introduced by the Hon'ble Minister for Home will have a very heavy burden on the exchequer. It is equivalent to a demand of a medium size eastern european country. He has not made any rationale approach. This demand seems like a demand of a trade union of a factory. In the statement given by the Minister it was not shown as to how the demanded amount would be utilised under various heads. It appears that as if the demands are prepared by the police officers - top ranking police officers and the Minister is demanding the same as a standing counsel of the department. This clearly establishes that the defacto government is police and there is substance in course which proves that there is "Police Raj" in the State. The Government cannot act against the wishes of the police force. One biggest and the latest example is the denial of judicial probe into the Basheerbagh police firing. The firing took place at the behest of the top police officers who were present at the sight. The Home Minister is trying to protect some people but the whole world knows who is that A.C.P. The people know the name of the I.P.S. Officer who ordered for firing and that police officer is always in the habit of telling the police force to fire in any issue. He has such a record to his credit. Being a parliamentarian, I do not want to name him here because he cannot answer me back. But if judicial probe is ordered and if I am called, I will name all those officers.
My learned friend, Mr. Nagender is not here right now. In the last assembly sessions he had recommended for a special allowance for the police who were working on the Assembly bandobust duty. But, in this Assembly session, poor Nagender was beaten by the same police for whom he had recommended. I am sure that next time Mr. Nagender will not show this kindness.

Para 1.1 of page four of the Police Administration Demand is highly misleading in order to say that law and order is well maintained. In fact, worst law and order is prevailing in the State than any other State in India. It is very surprising. There is a saying in urdu.

The learned leader of the Opposition raised a very important point when you were not in the chair. The Member of Parliament of Telugu Desam Party has given a press statement stating that certain districts in West Bengal should be called as "Disturbed Districts". I would like to inform the Home Minister that they have created a precedent and in legal terminology it is called "opening of flood gates". Your Member of Parliament has asked the Central Government to declare certain districts of West Bengal as disturbed districts. What about the districts of Telangana? What about the areas in Rayalaseema? Tomorrow, if some political party raises this bogie and demands that certain districts in Andhra Pradesh should be declared as disturbed districts, what will be the answer to that question? How will you face that criticism? You have to have some responsibility. Day in and day out, the Hon'ble Chief Minister says in this august House that some parties are adopting different policies for different states. Now, this Government is also adopting different policies and changing colours. It is operating different musical tones.

The para one is also equally misleading to say that the agitation with regard to the power tariff hike is due to political parties and other groups. The agitation is a people’s movement, the agitation is by the masses. It is of the masses and by the masses. I hope that the police department would not enter the realm of what the political parties should do and should not do. Whenever there is a discussion on the naxalite problem the quotations of Mao are referred to in this august House. Mr. Mao said that the gun is not important but the man behind the gun is important. Why is that the people are taking gun? Why is that people want to kill and get killed? It is because in Telangana the farmers are committing suicides and land reforms were not taken place properly. There is unemployment on a large
scale. What is the alternative? The people either have to commit suicide or go and join all those groups and get killed or kill some body. As long as it is treated as a law and order problem, these activities go on increasing.

I have gone through the budgetary document which is given to us. It is very clear that for the last three years the police department has the distinction of spending more than Rs.90-00 crores than the amounts voted by this august House. If we go through the budget document we can understand the same. This year the Finance Minister has presented a zero based budget. I will wait for the next year and see as to whether they will exceed the voted amount or not.

Mr.George Fernandes, the Union Defence Minister stated that one of the reasons for extremist activities in the country was unemployment. The Chief Minister has assured on the Floor of the House that fake encounters would not take place. But, fake encounters are still being continued. The violence by both the naxalites and police is creating havoc in the society. The Central Government is ready to talk with the Hizbul Muzahideen, though, they have doubt that it would be a futile exercise. But, it was appreciated not only by the people of this country but internationally various countries hailed the decision of Government of India. When the Government of India would like to have a dialogue with the Hizbul Muzahideen, why can't we talk to the sons of our soil? Are they worse than the persons of the Hizbul Muzahideen? They are definitely not worse than them. The Government can have dialogue with them. Day in and day out we quote various instances in this House. In South Africa Mr.Nelson Mandela was once branded as a terrorist. But, now he is being considered as Father of South Africa. Take the example of Ireland. What happened? Those leaders are now running the Government in northern Ireland. There are various examples. First of all, the Government should stop the fake encounters and an atmosphere be created wherein a dialogue can take place. When the Home Minister stands up to give his reply let him reply to the specific issues raised by me.

In page five of the document it has been stated that due restraint is being maintained in dealing with the power agitators by using only minimum force. This is highly misleading. The killing of persons, lathi-charge on women and injuring the masses involved in the power agitation can, never, be considered as using minimum force in a civilised society.

Please refer to para 1.4. Infact, it is the police department which is supporting the ruling party. They have backed the culprits and to make an eye wash, cases are booked against the victims and as a result of which, there is high rate of acquittals. I can say with authority that the police officials are not submitting the copies of statements of witnesses recorded under section 161 of Cr.P.C. along with the remand of accused as required under section of 167 of Cr.P.C. They are preparing fabricated statements according to their convenience. Unfortunately, the concerned authorities are also not insisting on the essential requirements of law. Please take the example of the Capital City. Yesterday,
our party worker was murdered. Atleast four warrants are issued against the particular offender but he moves around freely. He committed the murder at 9'o clock in the morning when the deceased was returning home after dropping his kids at the school. The modus operandi of this offender is to commit a murder and go to the court and surrender himself. In four cases non bailable warrants are pending against the offender. When I represented the matter to the concerned police officials they have said that four parties were sent to apprehend the culprit. The people who commit murder are put in jail and after sixty days they will come out and resort to their old practices. All these rowdy-sheeters are creating havoc in the City. Is there no way to stop them? To stop such things, the police officials should immediately file chargesheets. Let the Home Minister instruct the Public Prosecutors to object for the bail petitions whenever they are filed in courts of law.

Paras 1.5 and 1.6 mentions about the communal tensions and I.S.I. activities. From our party, I demand that I.S.I. activities should be curbed. We will support the Government for taking necessary measures in this regard. But at the same time, the Government should not create a stereo type of music by saying that the Muslims are going towards I.S.I. It is totally wrong, it is a misconception. It is casting aspersions on our integrity. It is a false allegation. It is nothing but generalisation of the entire muslim community. Under the name of I.S.I. the innocent Muslims are being harassed. The madarassas are being raided in the mid-nights.

The Superintendent of Police, Nizamabad, is against the muslims. For every fifteen days or one month he will issue one statement. If we read that statement, we can find that it pinpoints the muslims and says that the muslims are responsible for each and every thing. Kindly restrain him. If any detailed statement has to be given, the Superintendent of Police, Nizamabad is against the muslims. For every fifteen days or one month he will issue statements. If he wants a transfer to Delhi, I request the Home Minister to recommend his case for transfer to C.B.I. for controlling I.S.I. activities. Whom he is trying to please? Which Union Minister is he trying to please? In whose Union Minister's good looks he wants to remain? But, he should remember that he owes a duty towards the people. He has taken oath to discharge his duties in an impartial way and not to issue general statements.

Para 1.7 mentions about the students' activities. The legitimate demands of students are being misbranded. I would like to inform my learned Minister that the demands of the students are legitimate. Due to the unnecessary interference, the students are being arrested by booking cases against them. It is highly objectionable. The Government should not forget that if the students are unnecessarily harassed then they may likely to join the groups of extremists.

The paras 2.1 to 3.3 are statistical.
I don't know how you have given all these figures when there were no offences and when there was drop in rape cases and increase in recovery of goods stolen. These are all statistical jugglery. Nothing more than that. Safety - if you take up newspaper, there are instances. There is a heavy increase of crime. But the police claims that the figures are coming down.

Regarding para 5.1 relating to Forensic my request to the Hon'ble Home Minister is that Forensic Laboratories are working as part of the Police Department. Presumably its reports are biased and prepared according to the wishes of the higher police officials. The Laboratory should work as an independent Laboratory. There are a number of instances. I don't want to go into them in detail.

Regarding para 7.1. MYTHRI I would like to state that Mythri is a mishree to me. The Hon'ble Minister has not made any improvement of it though it was established on 5/4/2000. Mythri consists of Minister, Ruling Party Members, Informants, witnesses of police and Chenchas of police. They are not doing any work but acting as collection agents, making dominance in localities, harassing petty traders by showing their identify cards. This is the work of Mythri. Before it was formed also, we requested the higher officials to ensure that good people are taken in this Mythri Committee because the purpose for which it is established is that peace should prevail and there should not be any breach of peace and whatever problem that arises can be dealt in a nice way. But Mythri Committee purpose has failed. I request the Hon'ble Minister to kindly abolish the Mythri system.

Regarding para 9.1. Police Vehicles I want to say that in the early morning I want the Hon'ble Minister to come with me. We will stand near my house. There is a St. Pauls School. Police vehicles are being used to drop their children at this school. If you go to cinema theatres, you find that ladies are coming in Government vehicles and watching cinemas. If you go to restaurants in the night you can see that the higher officials coming in the police department cars. Who are they, Madam Speaker? Are they above law? Can they abuse or misue all the privileges? In fact, these are not privileges. The vehicles are being given to them to ensure that law and order is maintained. This is how the vehicles are being used. In front of Abids PS a jeep or car is parked. It is one way. Early morning it leads to a lot of chaos. People have to criss-cross with police vehicles here and there.

Regarding paras 14.1 to 17.1 - Madam Speaker, my point is that these Forces are unnecessary. Home Minister Shab - you talk about dealing with extremists. Task Force is there. SIT is there. These are all burden on the Exchequer. Last time also I had referred to a judgment of the High Court. This time also I would like to refer to the same once again-1996(2) ALT wherein Hon'ble Mr. Chief Justice Mishra and Justice Sri Syed Saddat Hussaini delivered a judgment on 1st day of
August, 1996. Sri A.Omkar was the Commissioner of Police. The High Court has categorically said: ‘Task Force has no jurisdiction to entertain the complaint or depute an Inspector of Police to conduct an enquiry even without registering the complaint.’ Madam Speaker, I want to send a xerox copy of the whole judgment to the Honourable Home Minister through you. Let him see. Will the Honourable Home Minister be kind enough to show what is the Task Force doing? At least you define the work of SIT. There is an ISI Cell also. What is the ISI doing? There are so many Forces in the Police department. They are all burden on the Exchequer. The Task Force is now interfering with civil matters. People are going to them. I would like to refer to a recent example. For a dispute over Rs.12.00 lakhs a person has gone to Task Force. They said that they would solve the problem. They further said, ‘But you give us Rs.3.00 lakhs. One lakh will be taken by one Mustaff Khan, one lakh will be taken by one Mr. Farooq and one lakh by Task Force Inspectors.’ Are they Commission Agents? This is what the Task Force is doing. I want to know from the Honourable Minister who is this Mustaffa Khan. How could they decide all disputes? The people like them with the patronise of the Police department, are creating havoc in the civil lives of the people. The Commissioner of Police, concerned DCP and Joint Commissioner are in their pockets. They can do anything they want. This is totally wrong. If you support these people, one day Hyderabad will turn into Bihar. You kindly control all these so-called Mustaffa Khan and rowdy elements.

Madam, there is no mention to improve moral standards in the police. The common man cannot go to the police station without an MLA telephoning to the concerned Inspector in advance saying, ‘this person is coming to you. You kindly look into and register a case and catch the culprits.’ Why is MLA telephoning? You have a chart in the Police Station saying, P stands for Politeness, O stands for obedience, L stands for Loyalty, I stands for integrity, C for Courtesy and E for Efficiency. It is all on paper only. In reality, the common man cannot go to the Police department. He is afraid of the police. But the rowdy sheeters are not at all afraid of the police. They know for a fact that they can commit murders and talk to the Inspector. They say, ‘Why do you waste your time? I come to a certain place and I surrender myself. You show that you have arrested me.’ This is happening in the Police department. These things should be stopped. You ensure that the criminals who commit murders or dacoities are arrested. Not that they are to surrender. This is a stigma on the Police Department. If a criminal goes to Court and surrenders himself, it is a stigma on the Police Department as a whole.

Regarding Rowdy-sheeters I want to say something. Police Standing Orders are there. The Honourable Home Minister can go through Standing Order No. 742. It says, ‘who are rowdy sheeters?’ Sub-section (2) of SO.741 says, ‘When retention of history sheet is considered necessary after two years of registration, orders of a Gazetted Officer must be taken for extension of the period in the first instance upto the end of next December and for further annual extensions.’ Whether any extensions are being made? Whether the Gazetted Officers are being informed or not? Another important issue is - Standing Order No.737 speaks about period of retention of history sheets of suspects. History sheets
of suspects shall be maintained from the date of registration up to the end of December and after which the order of Gazetted Officer as to the dis-continuance or retention for a further period shall be obtained. In all how many rowdi sheets are there? How many rowdy sheets have been closed? How many rowdy sheets are opened? From 1991 onwards, they are mostly on political grounds. These people are innocent people. They have a right to lead normal life. I request the Hon'ble Minister to kindly act on his own Standing Orders and close the history sheets. My suggestion to the Government is to amend Section 498. You make it compoundable. It has become like an AK.47 in the hands of Mahila Mandals. Muslim Divorce Act, 1986 - Protection of rights of Muslims is there. Sub-section 3 says that where an application has been made under sub-section 2 by a divorce woman, the Magistrate may if he is satisfied where her husband is having sufficient means grant maintenance. It is there in the section. Mahila mandal people barg inside the house of husband get arrested the old people and take whatever in their possession and then the Police department assumes the powers of Magistrate. I request the Hon'ble Home Minister to tell Anti Corruption Department to create a Women Cell in South zone or North zone.

Coming to Administration of justice I would like to say that the Magistrates are not being provided with latest enactments and the rules. The Magistrates are not even provided with Government Gazettes in time. They are not provided with Fax machine. Still in Criminal courts in mofussil there are no proper ventilation, air and water. Frequently power will break down. I am able to say all these things because recently you have booked so many cases against me and I had to go three or four times in a month. The facilities in Sessions Court and District Courts are also not as per the present day standards. The judges in the High Court have been given all these facilities. There is a proposal now to give them new cars. I am not against that. But the District Judges should be given the same facilities as that of Ministers of State and Sub-judges be given at least the facilities that are being given to IAS officers. You give them some computers also for their offices. What is the fate of Special Courts? What is happening? The Hon'ble Minister should reply all these. What progress has been made regarding non-banking companies? Hallpall is there. So many happened. They are due to the people Rs.5.00 crores. These people are out now. They have got the bail. They are not behind the bars. What property have you unearthed so far? Nothing has happened. People are afraid. People are dying outside. They have lost their hard-earned money. I request the Hon'ble Minister to kindly look into this.

Administration of justice in Secunderabad is another item in the budget. In Secunderabad more than Rs.5.00 crores - Rs.10.00 crores worth of matters have been decided. If you go inside Secunderabad Civil Court, you cannot find any light there. You cannot find a fan there. Even the benches are in a dilapidated condition. You are taking court money. You are increasing pecunary value. When I ask the Minister, he says, ‘what can I do? I can't do anything. Money goes to the court.’ That is not the answer. We have all the rights. This august House is passing the Budget and
we have the right to know - how that money is being spent. What facilities you are giving to them. I hope the Hon'ble Minister will look into it and take into account. Let the Hon'ble Minister come with me to all the police stations in the old city and see the conditions there. For example if we go to Khallapathar PS or Rain Bazar PS, the poor Inspector cannot move his legs. If you go for zero-based Budget, there is no need for Santoshnagar Police Station. You kindly divide Madannapet and Kanchanbagh because Shalibanda Police Station is not even ten furlongs. You divide that as Mughalpura and Samsheer Gung. You kindly apply your mind to all these proposals and if you think that if they are necessary, you save some money and for God's sake, open a dialogue with extremists. I do not want another Rs.90.00 crores to be expended from the Exchequer in this respect.

I thank you for giving me this opportunity once again.
because your’s is a regional party.  Because your’s is a regional party.
He is developing his mind more criminally.
SRI ASADUDDIN OWAISI: Speaker Sir, we would like to know as to who is taking the notes? Is it because their Members are only paragon of virtue, they are not noting it down. Also, the Hon’ble Finance Minister is not in the mood.

SRI Y.RAMAKRISHNUDU: We are noting it down. Our officers are also here. We are noting down on behalf of the concerned Ministers. I would like to inform that unlike Asaduddin Owaisi, our Members speak on the subject.

Extremism, cyber crimes

The nature of the threat of terrorism and cybercrimes is serious. It is necessary to focus on the prevention and control of these crimes to reduce their impact on society and the economy. The government should adopt effective measures to prevent and combat terrorism and cybercrimes. The law enforcement agencies should also be strengthened to deal with these crimes. The media should also play a role in raising awareness about these crimes and their consequences. It is essential to build a strong partnership between the government, law enforcement agencies, and the community to combat terrorism and cybercrimes.

SRI N. INDRASENA REDDY : Madam, it is the responsibility of the Home Minister to get the necessary Budget sanctioned from the Finance Minister.
MADAM SPEAKER : That is always there Indrasena Reddy Garu....

SRI Y. RAMAKRISHNUDU : Indrasena Reddy Garu, no dues are pending. We have paid everything.

SRI ASADUDDIN OWAISI : The Hon'ble Home Minister in his reply had stated that I have a fixed opinion about the Police Department. Sir, through you I wish to bring to his notice that despite the fact that what had happened to me on 22nd of September 1999, I had shown my magnanimity. yes Sir, I had shown how magnanimous I am ? But unfortunately, the same was not resiprocated from the Government side. Sir, any way I am not worried about it.

Sir, the Home Minister had stated that I had said that the Government is spending a lot on the Police Department. It is not my intention to say like that. In fact, their explanatory memorandum speaks like that. Sir, if we observe Part-1 of the Budget for 2000, on volume-3, page-5, the allocation for the Police Department was increased by Rs.90.68 crores. Sir, we have to remember the fact that such an increase was given despite the fact that the Finance Minister had presented a Zero Based Budget. I do not know as to how the Government is going to control the expenditure ?
Madam Speaker, through you I would request the Government to kindly use some good words in the books which were made available by them. Madam Speaker, the recent incident which was taken place at Basheerbagh in the city of Hyderabad, was the most unfortunate incident. I am sure that you would also value human lives. Madam Speaker, I would like to draw your attention to the words used in Page-5, which says that “due restraint was shown by police in dealing with the power agitators, using only minimum force.” All of us know that in that unfortunate incident 5 people have lost their lives and so many injured. So, my request to the Government is - kindly do not use such words, which are nothing but rubbing salt on the wounds.

Madam Speaker, I had asked for the abolition of Task Force, the reason being that the High Court Judgement had clearly stated that they (Task Force) have no legal powers. I had seen a copy of Judgement also. The Hon'ble High Court had also stated that the Task Force has no jurisdiction to entertain any complaint or to depute an Inspector of Police to conduct an inquiry. They are not even supposed to conduct an inquiry in the case of a registered complaint. I, therefore, request the Government to kindly sent these brave Task Force People to Naxalite Infested Areas. Let them go over there and let them show their bravery and chivalry...whatever they have against naxalites and it is good for the people.

Madam Speaker, the police are not submitting the copies of statements of witnesses recorded under Section-161 CrPC along with the gazette publications under Section-167 of CrPC. Madam, my next point is that the Forensic Laboratory has to become independent. It should not be under Police control, because when once it is controlled by Police, it can not conduct independent investigation. I, therefore, request the Government to kindly look into this. My next point is that the posts of ACPs in metropolitan cities have become infructuous. They are not found to be necessary because the Inspector of Police directly report to DCP and DCPs are monitoring their subordinates. I, therefore, request the Government to kindly make use of the services of ACPs somewhere else, where they were really needed.

Madam Speaker, through you I want to know from the Government as to what steps they are taking to improve the moral standards of the Police Department. Recently, a woman had gone to Guntur Police Station, to give a complaint stating that her daughter was burnt by her in-laws. But because of the rude behaviour of the Inspector of Police over there, she could not lodge her complaint and came out of the police station. This incident had widely reported by the newspapers also.
Madam, what steps are the Government taking to put an end to illegal gambling, which has erupted once again. It is a fact that their activity was considerably reduced for 7 to 8 months. But for the past two to three months, again they have erupted and their activity has been increased. What steps are the Government going to take root out this evil?

Madam, there is a general tendency on the part of the Police Department to settle civil disputes. People like Mr. Mustaq Khan are settling disputes and are taking large sums of money. The Hon'ble Home Minister also knows that. My question is, is the Government willing to protect such extra-constitutional authorities?

Madam Speaker, it is often observed that Section-498 IPC is being misused. I request the Hon'ble Home Minister to amend Section-354 of IPC. Madam, under Section-32 of Muslim Divorce Act, any complaint made with regard to maintenance, after diverse, has to necessarily go to the Judicial Magistrate. I, therefore, request the Home Minister to kindly control his Department, because the police have assumed the powers of the Judicial Magistrate and settling the disputes.

Madam Speaker, the Special Officers that the Government have appointed to look into the recent bomb blasts and the irregularities committed by non-banking institutions, are not working. Now, they have become a burden on the exchequer. I, therefore, request the Government to scrap their posts.

Madam, with regard to construction of new police stations, especially in old city, I request the Government through you to allocate funds to establish police stations in areas like Kalapathar, Moghalpura, Rain Bazar and Kamatipura. There is every need to bifurcate the jurisdiction of Santhoshnagar Police Station and bring the same under the jurisdictions of Madannapet and Kanchanbagh police stations limits. Madam, there is no need to have a police station at Shalibanda, because only 10 FIRs were received in a year there. So, Shalibanda area may be segregated into different parts and the same may be entrusted to Chatrinaka, Moghulpura and Samshergunj police stations.

Madam, there are no traffic lights in South Zone. I would request the Government to kindly look into that. Madam, especially at Chandrayanagutta crossroads, it has become a very big problem. We have to remember the fact that it is the on the national highway. Madam, there are no Urdu knowing police personnel in the South Zone Police Stations. Whenever I have an opportunity to visit a police station there, I have to face an embarrassing situation. I will converse in English and the police personnel deputed over there will respond in Telugu, which I am unable to understand. I would advise the Hon'ble Home Minister through you to kindly depute some police personnel to the South Zone.
Police Station who are familiar with local dialect. Otherwise, it would be difficult for them to administer the things and to maintain law and order over there. Madam, I am proud that the Home Minister belongs to Telangana Region. I, therefore, request him to kindly follow the Six Point Formula and depute some police constables who are familiar with local dialect to the police stations wherever such requirement is felt.

Madam Speaker, with regard to Administration of Justice, I would request the Government to kindly provide all the Magistrates of Civil and Criminal Courts with the latest enactments and also with the copies of gazettes. It is unfortunate, that the Magistrates are asking the lawyers to provide them with the latest enactments. My next point is, that the Magistrates are not being provided with the Fax Machines. Therefore, I would request the Government to kindly provide them with the Fax Machines.

SRI E.. DAYAKARA RAO : They are already there.

SRI ASADUDDIN OWAISI : Dayakara Rao Sab, I am asking for a clarification. You do not know the ground realities. You please come with me to courts and I will show you the situation prevailing over there.

Madam, I had already given a suggestion stating that the Judges of High Court should be given facilities on par with the Cabinet Ministers and District Judges on par with Ministers of State and Sub-Judges and Munisiffs on par with IAS Officers. Madam, this is an important suggestion I am making. If the Government do not agree with me that is a different issue.

Lastly, with regard to PRC 99, G.O. No.114 has been issued and in Para 9 it is ordered to give pension and pensionary benefits of PRC 99 to those who retired in between 1-7-98 to 31-3-99. But that was subsequently withdrawn vide G.Os. No.157 and 158. I bring to the notice of the Hon’ble Minister through you that there are nearly 3000 employees who have retired in between 1-7-98 to 31-3-99 who are going to be deprived of the benefit. I, therefore, request the Government to kindly implement the earlier orders issued vide G.O. No.114, otherwise, it will be a grave injustice to the three thousand and odd employees who have retired in between the said period. The retired employees have already given a representation to the Government and in this connection and I would request the Government to favourably consider their request. With this I am concluding my speech.

Madam Speaker, I once again thank you for giving me this opportunity.

SMT. R. SHOBHA: Madam Speaker, in Madanapalle constituency there is need for the establishment of two fire stations for the purposes of fire fighting i.e., one at B.Kothakota and the other one at Nimmanapalle Mandal Head Quarters. Four months ago there was an occurrence of a fire accident wherein four huts and few haystacks were brought down to ashes as the fire engines could not reach in time from Madanapalle to Vengamvaripalle village of Nimmanapalle Mandal.

Secondly, the Hon'ble Chief Minister during his visit to Madanapalle for inauguration of Two Town Police Station had assured to establish one Crime Station as well as one Traffic Police Station in my constituency.

Through you, I request the Hon'ble Minister for Home to take up these proposals earnestly during this financial year. Thank you for giving me this opportunity.
He is a Chief Minister. He is our Party Leader.

Not only he is a Chief Minister, he is also the Party President.
I know it very well because of elections and other factors. I know the entire old city. In particular areas, it expanded. The remaining parts are still as they are. I will try to reorganise the whole system in the old city.

However, I will review it. He is talking about SCPC. We are planning not only in the city but in the entire State. That I will keep it in mind. He has given suggestions. I have already told. We will try to re-organise. I know the entire old city. In particular areas, it expanded. The remaining parts are still as they are. I will try to reorganise the whole system in the old city.
Let us have a debate on it and later on we can take a decision on this.

SRI T. DEVENDER GOUD: I appeal to them that it is nothing but a political statement given by different political parties. They are responsible people.

SRI P. CHANDRASEKHAR: They can send the proposals. No problem.

...
