The overall debt position of the Government stood at Rs.35651 crores at the end of 2001 constituting 26.4 per cent of GSDP. Let them kindly correct if I am wrong. As on today 1996-1997, the overall debt position stood at Rs.27292 crores constituting 29.1 per cent of the GSDP in comparison with other States which is higher than in any other State except Gujarath.
This is also the reason for raising our debt position.

SRI ASADUDDIN OWAISI (Charminar): He is deviating a lot

SRI Y.RAMAKRISHNUDU: I am coming to the point. I am not deviating. I remember every question which has been put by the Hon'ble Member. I will rightly give answers to the questions. But to answer the questions, I am taking time.
the Government has to give a specific and clear answer.
It has got a very dubious distinction of being the highest taxed state in the country. Is it correct or not?

It has got a very dubious distinction of being the highest taxed state in the country. Is it correct or not?

It has got a very dubious distinction of being the highest taxed state in the country. Is it correct or not?

They want to mislead the people and they want to mislead even this august House.  

This Government is in a position to tackle any situation and this Government is also ready to answer anything.

We are at liberty to discuss the issue and we are at liberty to answer whatever you ask.

They want to mislead the people.
Per capita income and standard of living.

These are the main two parameters which are to be set as to whether the State is good or whether the country is good.

Additional Central Assistance

...
is that routed through World Bank or is there any other External Agency which has funded that amount? Finally, about fiscal deficit.

(INTERRUPTION)

Did I deviate from the subject anywhere? If I have deviated, I will sit down. It is a very elaborate question and I am very specific. Fiscal deficit to the GSDP is it 30% or 20? 2001-2002 is Financial Emergency but 1999-2000 is. 1999-2000 is 10% or 13% or 15%? 1999-2000, 2000-2001 or 2001-2002?
It is very important and elaborative.
It can be converted into short discussion. I have no objection. But I have to tell the replies.

Questions have been asked in large number.

It has no meaning at all.

Expenditure for particular years. EAP Schemes 15.
Madam Speaker: It is 9.30 a.m. From now onwards, single supplementaries.

9.30
SRI ASADUDDIN OWAISI: We will also like to contribute. Please postpone it.

MADAM SPEAKER: Venkat Rao Garu, shall I postpone the question.

SRI KAGITHA VENKAT RAO: I have no objection.

MADAM SPEAKER: Question No. 14(3810-Z) is postponed at the request of the Member.

SRI ASADUDDIN OWAISI: We will give information.

SRI KAGITHA VENKAT RAO: I have no objection.

Sri Y. G. Siva Rama Reddy (Urvakonda) - Will the Minister for Medical and Health be pleased to state:

a) Whether it is a fact that since last two years 6 medical Officer’s posts are vacant in the Commissionerate Hospital at Urvakonda Constituency, Ananthapur District.

b) Whether any steps are being taken to fill these posts.

c) Whether there are any proposals to provide Ambulance to this hospital.
MINISTER FOR HEALTH, MEDICAL AND FAMILY WELFARE (DR. N. JANARDHAN REDDY):

a) There are (4) sanctioned posts of Civil Assistant Surgeon. Out of these, (3) posts of Civil Assistant Surgeon have been vacant since April, 2000 and (1) post of Civil Assistant Surgeon since June, 2001. There is also (1) sanctioned post of Dental Assistant Surgeon at Community Health Centre, Uravakonda which had already been filled up.

b) Authorisation is given to the District Coordinator of Hospital Services, Hindupur and the Incharge Medical Officer, Community Health Centre, Uravakonda to appoint Medical Officers on contract basis immediately after taking permission from the Hospital Advisory Committee.

c) Instructions were issued to the District Coordinator of Hospital Services, Hindupur to hire ambulance on 3rd party payment basis for Community Health Centre, Uravakonda.

CHAIRMAN: Statement by the Hon’ble Chief Minister.
This is not proper. He has to read the statement.

No. No. This is not part of the agenda.

The Chief Minister will have to read out the statement. Well, I think we have the consent of the Floor Leaders. The Chief Minister is ready to give statement.

CHAIRMAN: Where is the rule? You show me.

Let the Hon'ble Chief Minister be limited in reading out the statement.

We have requested the Hon'ble Speaker to allow the Hon'ble Chief Minister to make a statement. For making a statement by the Hon'ble Chief Minister the Hon'ble Speaker has agreed and all the Floor Leaders have agreed. The Hon'ble Chief Minister is ready to give statement.
SRI D. SRINIVAS (Nizamabad): We do appreciate the gesture of the Chief Minister to make a statement. We have no objection to it. Let him come to the point. Making a statement is different from making discussion. After that we will agree to the proposal.

CHAIRMAN: No. We are not allowing discussion.

(Silence)

SRI D. SRINIVAS: After that we will agree to the proposal.

Dr. Y.S. RAJASEKHARA REDDY: Rule 298. "A statement may be made by a Minister on a matter of public importance with the consent of the Speaker but no question shall be asked at the time the statement is made." Yes. We will follow this. We will not ask any questions.

CHAIRMAN: This is a ruling given by the Hon'ble Speaker. A statement can be made by a Minister extempore or it can be read out and there cannot be any objection for combining of these two. The Hon'ble Chief Minister is ready to read out the statement. You cannot have any objection.

SRI P. ASHOK GAJAPATHI RAJU: Sir, the Leader of the Opposition has read out Rule 298. It is with regard to a Minister making a statement. If you look at Rule 23 (2) it is like this: "The discussion on the Address may be postponed in favour of a Government Bill or other Government business."

Chairman : There is a ruling given by the Hon'ble Speaker

(End of the recording)
SRI Y. RAMAKRISHNUDU: Rule 298 is very clear. A statement may be made by a Minister.

Statement has to be made by a Minister. The Hon’ble Chief Minister is rising and going to make a statement before the House in oral character.

How practical they are?

That is called as Project Report.
total outlay on capital expenditure, including Plan and Non-plan is Rs.3,522 crores. 

Vision 2020 is just a document based on intentions. I do not want our Chief Minister to put into such an embarassment situation.

They have never lost focus.

Don't lose the focus.
just some islands of prosperity in a ocean of poverty will not help. We have to develop the whole country with proper policies and mechanisms to make it a prosperous country. Freedom at mid night -- is not enough. 1947 was freedom from British rule. Let us have freedom from poverty. The country is vast and has vast potential. Any country which has not developed its potential will not succeed. Any country which has not developed the whole country will not succeed.ervious decades, we have seen that the I.T. explosion 21st Century has become a knowledge based society. Improving knowledge is a continuous process. Aviation and Penicillin. Are they not improvements? There is nothing new.

The average annual growth rate during the last three years’ period ending with 2001 was an impressive 7.2% for Andhra Pradesh, whereas corresponding average growth rate for the country turns out to be 6.1%.
During 1997-98 the GSDP of Andhra Pradesh was (-) 1.4%.

During 1998-99 the per capita income in the State of Andhra Pradesh was Rs.9018. This has gone up to Rs.9318 in 1999-2000 and to Rs.9851 in 2000-2001, which has showed 5.7% growth rate last year, whereas corresponding growth for India was only 4.4%.

We are supposed to be the watch dogs. We are really concerned about the industrial sickness, which is ruling the State. We are really concerned about the unemployment, we are concerned about the growing revenue deficit, and we are concerned about the pending allocations of capital outlays. We are really concerned about the stagnation in agriculture productivity.
I am not yielding.

This is highly irregular. You are not supposed to do this. This is the debate on the Governor’s Address. I am the Opposition Leader.

CHAIRMAN: Courtesy demands.

(Interruptions)

DR. Y.S. RAJASEKAR REDDY: The Chief Minister is there to reply. If I yield then he can take opportunity. If I am not yielding then he cannot take the opportunity. I request you that

We are really concerned about the stagnation in agriculture productivity. I am concerned about the suicides of the farmers. I am concerned about the deteriorating law and order and increasing operating deficiencies of APTRANSCO. I am really concerned about the low Gross State Domestic Product, I am concerned about the low per capita income of the people of the State. I am really concerned about the diminishing allocations for social sector.

We are really concerned about this. He also got the best Business Man of the Year Award.

The Revenue Receipts have gone up in the past 6-7 years by 14% compounding.
Our State has got a dubious distinction of being the highest taxed State in the country. Our cumulative revenue deficits have gone up to Rs.15000 crores. We are in a vicious circle. Our State has got a dubious distinction of being the highest taxed State in the country.
A.G.M. paper. It has been prepared for their Annual General Body Meeting. 'However impressive as it is, the IT boom has directly influenced less than five lakh people. A very small proportion of our total population.' This is the National figure and not Andhra Pradesh figure. Moreover he says, 'A high rate of economic growth is sustainable in long term only if it is broad-based and benefits a majority of our people thereby creating a virtuous demand in the growth cycle while agriculture contributes less than the quarter of India's GDP. 70 per cent of Indian billions strong population is dependent on it. This is why, it has an important potential demand raised for industrial services.
Agricultural growth has therefore a strong multiplier effect across the economy. A lot has been written about the success of China in attracting FDI and infrastructural investments. However, not much mentioned which affects the major sides in agriculture making this a true growth driver for the rest of the economy. In the 1990s China's agricultural growth was 5.1% per annum increasing income on a very broad population base. The number of rural poor declined to 50 millions driving a large number of consumers into the economy and driving demand for industrial goods and services. Agriculture also thus plays a major role for driving the industrial growth and overall GDP.

Per Mega Watt cost is directly related if the Government is paying to the Company.
망고

망고 맛있어요, 한 통 경주고 잔 4 잔 하루 석면도 마시는 거다. 그러나 맛있었어요. 망고를 먹고 싶어요, 하루에 5~10 개의 망고를 섭취하는 것이 좋다. 망고는 비타민 C와 섬유질, 철분을 풍부하게 함유하고 있다.

망고는 태양 빛이 부족한 곳에서 자라나는 식물이기 때문에 바다에 가까운 곳에서 자라는 것이 좋다. 또 망고는 건강에 좋다. 철분이 풍부한 망고는 심장 건강을 지키고, 비타민 C가 풍부한 망고는 면역력을 향상시킨다.

망고는 마시는 것이 좋아, 그 맛은 진정으로 멋지다.

This is the best scheme
SRI ASADUDDIN OWAISI: Chairman Sir, when the motion of thanks on the Governor’s Address was moved by the Hon’ble Member from Warangal District viz., Sri R. Prakash Reddy, I had expected that the Hon’ble Member who at the same time was grateful to the Governor in thanking him would also apologise on behalf of the Government for causing disrespect and dishonour to the Governor. Because there was no power for some time in this august House when the Governor was addressing the House. The Hon’ble Member should have apologised on behalf of the Government because there was disrespect to the Constitutional post of Governor. Let the Member respond as to whether they are going to apologise or not.

(Interruptions from treasury benches)

The vicarious responsibility falls on this Government. Are they going to apologise or not? If they do not want to apologise, I apologise on behalf of our party to the Hon’ble Governor for the misdeeds of this Government.
In the Governor’s Address, there is a talk of second phase of reforms, labour laws, providing of infrastructure and development. How can we have second phase of reforms? In which way we are moving?

This Government has given higher targets of sales tax. The world trade is getting crippled. When the Government talks about the liberalisation they should substantiate as to what is meant by liberalisation.

It was stated that the labour laws would be changed. First of all, in the employment exchanges there is no scope for private placements. More over, this Government is taking up recruitment in police, health and education departments only. Our party objects to the change in the labour laws if they facilitate hire and fire system. Recently, the central government has formulated one EXIM Policy, in which "hire and fire" system was set up, which would facilitate lock out and it will be easy to retrench the employees.

There is talk of developing infrastructure. What has happened in power sector? The Hinduja Power Plant at Visakhapatnam, GVK and Krishnapatnam power plants have not yet been set up. Similarly, the port privatisation has not yet started. The private parties at Kakinada port are seeking more concessions. After this privatisation more problems have been created.

Regarding education we welcome the initiative of the Government. The Government wants to achieve 95% literacy rate by the year 2005. However, our party has strong objections regarding opening of engineering colleges in every revenue division. More over, the Government has set a target of having 95% literacy rate by the year 2005. No doubt, it is a very good target but who had stopped them to improve the present Government Schools? The Hon’ble Chief Minister should take some time and visit the Government Schools. He has avoided visiting two places viz., one is the police station and the other one is the Government Schools. Let him go to the Government Schools and see for himself in what conditions they are functioning. There are no black boards, they have no proper facilities for drinking water and there are a large number of vacancies of Teacher posts. Despite this, the Government did not want to improve the Government Schools. Still the Government is expecting to achieve 95% literacy rate by the year 2005.

We strongly oppose the opening of any more engineering colleges in revenue divisions because the new engineering colleges sanctioned by the Government in the last four years are not sticking to the norms set up by the All India Council for Technical Education. These colleges are not having the Lecturers of postgraduate and despite that this Government is going ahead for sanctioning of new engineering colleges. So we oppose the opening of any more engineering colleges in every revenue division.

The stage of Government Hospitals and Primary Health Centres are in a very bad state. Many hospital buildings are constructed with the funds of World Bank. But what about their maintenance? What about the supply of medicines? What about the provision of equipment such as CT Scan etc.? The teaching hospitals in the city are overcrowded with all sorts of problems. Coming to immunization, AIDS is a menace. The Government should tackle this menace. According to some survey report, Andhra Pradesh will overtake Maharashtra and we will have more AIDS patients than Maharashtra. Then our State will have the dubious distinction of having higher number of AIDS patients and also in getting highest foreign aid in the country. This will be dubious distinction, which this Government is going to achieve very soon.

The atrocities on scheduled castes and scheduled tribes have multiplied not by the upper caste people but by the police itself. Before trying to sensitize the people, it is better to sensitize the police force.

If we go through the strategy papers and the Annual Fiscal Framework, which has been sent to all the political parties we find that the scholarships of SCs, STs and BCs are shifted from non plan to plan. The funds more or less remain same at the current year’s level. But by shifting this from non-plan
to plan outlay, the outlay of the plan is getting inflated. The payment of scholarships is a recurring expenditure and it is not plan expenditure. The Hon’ble Minister for Finance knows it very well. I am surprised by the move of this Government.

The Government issued strategy papers on sixteen subjects such as Governance, Public Management, Infrastructure, Ports, Airports and Health etc. But when it comes to the welfare of minorities, there is no strategy paper on the welfare of minorities. What is the strategy of the Government about the welfare of minorities? As far as we are concerned, we know the strategy of the Government. The strategy of the Government is to destroy the secularism of this great nation. The Government did not mention few lines about the welfare of minorities. Please show me the mention of it so that I can correct myself. This Government talks about “Roshni” but they are not bringing light to the minorities. Infact, they are spreading the darkness of Sangh Pariwar to us.

This Government is talking about the construction of 140 nos. of Urdu Ghar in the State. The Hyderabad City is the capital of Andhra Pradesh and the construction of Urdu Ghar at Khilwat is yet to commence. This Government always makes grandeur announcements but what about the Urdu Ghar in the capital of Andhra Pradesh? Please tell us as to when the war is going to commence and when are you going to lay the foundation stone.

There is a big controversy over the construction of Haj House, which is constructed on the wakf property. The Government has given some funds out of the sale proceeds of a wakf property that was sold in Visakhapatnam i.e., lands of Dargah Ishaq Madani situated in Devuda near Visakhapatnam. However, this Government is wrongly claiming that they have given money to the construction of Haj House. Let them put all the records. The Supreme Court has given judgement that 4000 acres of land belonged to the Wakf Board. I stand to be corrected. This Government has forced the previous Wakf Board into accepting a scheme wherein 30% is being claimed by this Government as commission, 35% to be given to the Wakf Board and the remaining is given to the people who have encroached the lands. I would like to know from the Government under what rule they had devised the scheme and forced the previous Wakf Board to accept the scheme.

Section 18 of the Central Wakf Act, 1995 clearly says that it is only the Wakf Board that can appoint a Managing Committee on a wakf property. But this Government has gone ahead and issued G.O.Ms.No.595, dt.22-12-2001 claiming that they are going to appoint a Managing Committee on the Haj House. In the last couple of years, this Government has given money to the construction of nearly 800 mosques in the State. Does it mean that all those 800 mosques belonged to the Government? Under what rule the Government issued the G.O.? How can the Government occupy the wakf property? The Government itself is a big land grabber. The Wakf Board has sent a resolution to the Government stating that they cannot appoint a Committee on the Haj House. The Government in response issued a Memo bearing No.88, dt.25-01-2002, which says that the Government has every right to appoint a Managing Committee. The Hon’ble Minister for Home is present here and he is well aware of wakf rules. Let him tell under what rule they have done so?

There is no mention about the Urdu language in the Governor’s Address, which is the second official language in the State. The Urdu language has been made as second official language in 16 districts of the State. Thank you for the same. But what is the follow up action? Can I send an Urdu representation to the Chief Minister’s office and get acknowledgement in Urdu? That cannot happen. Similarly, in district headquarters Urdu-knowing persons are not yet appointed. The Government has given additional charge and those persons are not found at the district headquarters. Even the agenda of DDRC meetings was given in Urdu only after so much of pursuation. Now, only in Rangareddy District they are giving agenda in Urdu language and not in Hyderabad. In all the sixteen districts the signboards are not written in Urdu. This is what the Government is doing justice to Urdu language.

In the Governor’s Address there is a mention that works to the tune of Rs.147 crores were taken up in the drought effected districts of the State. I would like to know the Central assistance given to the State Government in addition to the Calamity Relief Fund. As far as suicide of farmers is concerned, I request the Government to come out with the actual facts and figures so that we can know as to how
many farmers have committed suicide. This Government is called “e-government, e-seva”. This Government starts every thing with “e” only. Please give us “e-records” so that we can know the district wise information. The Government of the day is giving exgratia to the surrendered naxalites. But when it comes to the families of farmers, they are not giving exgratia. When the naxalite lays down arms the Government is giving money. The farmers are giving their lives because of the wrong policies of the Government and still the Government did not want to give exgratia to the members of the farmers’ family. Still this Government talks about divine justice.

In regard to Irrigation Projects, the Godavari Lift Irrigation Project was supposed to be completed. It is not my claim, it is the claim of the Government that within 18 months they are going to complete it. But now they are telling that it will be included in the projects to be taken up with the assistance of World Bank, which will commence in the year 2003. However, it is supposed to be completed by that time. This is the biggest problem with this Government. There is a huge gap in what they are promising and what they are implementing. They do not know as to how to bridge the gap.

This Government has promised to give employment to ten lakh youngsters. How many youngsters are given employment? Please give us figures. You can add up CMEY Groups, Watershed and beneficiaries of Minorities Finance Corporation etc. As far as CMEY is concerned, it is only benefitting yellow shirts and it is not benefitting the commonmen. The corruption, which was there in bureaucracy, has gone down to your own cadre and benefitting yellow shirts.

It was stated that 94 Leather Parks were set up in different districts. We totally oppose this. The Government should try to strengthen the LIDCAP. The Government wants to make announcements for the sake of announcement. Why can’t the LIDCAP be strengthened?

Recently, the Chief Minister issued a statement about I.T. enabled services. It was stated that ten thousand jobs would be created. Apparently, apart from HSBC, G-Capital no other institutions have back up Operation Centres in Hyderabad.

(At this stage, the cell phone belonging to Sri Asaduddin Owaisi started ringing and the Hon’ble Member apologised for the same)

SRI ASADUDDIN OWAISI: Sir, if it helps your treasury, I am willing to give my cell phone but kindly bring drinking water to the Hyderabad city. I will give ten and not one.

SRI Y.RAMAKRUSHNUDU: The contribution to be made by Owaisi will be helpful to the treasury.

SRI ASADUDDIN OWAISI: We are doing our own Janma Bhoomi. We are contributing to the cause of Anantapur farmers.

As regards Krishna water - For the last six and half years I have been a Member of this august House. Every time Governor's speech mentions about Krishna water and the same is repeated by the Finance Minister also. This is the greatest example of their non-performance. While performing in a reforming State, can they not solve the problem of Hyderabad city. Alternate day water supply we have. All the Ministers live in a posh locality - Kundan Bagh. They will get water supply every day. What about poor people living in slums? What about people living in old city? Let the Minister come with us. They can see the people quarrelling over a pot of water. They can see ladies fighting when water tanker arrives. What is this? Is this the way to live? Are we human-beings or not? Is this the Swarna Andhra Pradesh you are propagating? First let them solve this important problem. They don't have the intention to solve this problem. They only have the intention to make grandiose announcement - we will
do this - we will do that. Permanent solution they have to look out. Now they say within the next three years they will bring in Krishna water. Will they stand by it?

Clean and Green - 40th round has taken place by now. Funds are being only for the up-keep of officers' chambers, AC etc., The Chief Minister has gone to Errum Manzil. Why does he scold the employees there? What are the basic amenities or infrastructure they are providing there? On what table he is sitting and doing the Government works. On a broken chair! On a broken table! He talks about files gathering dust. OK. Now let him provide them with computers. Let him provide with file racking system. These sudden visits have become boring now. Even newspapers are slowly boiling it down and bringing in second page.

Public sector reforms - very important point. In phase-I 10,000 employees took VRS. Now the biggest joke is about the money that was spending and giving in VRS. The same amount of money was realised by selling that unit. Basically the person who has purchased the unit has got it free of cost. He has got land. He has got property - every thing. Is it not a loss to the Treasury? What is the Finance Minister doing? How can he keep quiet on such a big scandal?

Moreover there is a saying called 'fowl for a song' - practically implemented by the Government. In phase-II, 197 companies have been identified. In public enterprises and co-operative institutions including Singareni Collieries and APSRTC, approximately, I stand to be corrected, 81,859 employees will be removed from service. This will be implemented in six years of time. For, this Government requires Rs.2097 crores. This will also again be taken from the World Bank. Again in phase-I the companies will be privatised and the people of Andhra Pradesh will have to pay back in the form of increased taxes. Today's morning the Finance Minister was saying. There is a famous saying in Urdu.

51,000 employees will be taken out from service.

Shamshabad Airport - 5,000 acres of land is required. What is the actual requirement? Hyderabad Airport I think, is only 80-90 acres. But, they want 5000 acres for Shamshabad Airport - all fertile land. Where will the poor farmers go? They are getting crop from that land. All that land is taken away. It is going to be a big head-ache for all of us. What is the actual requirement of land? Moreover the Hon'ble CM claims that in 50 years' time five crore passengers will use the airport every year. It means 1.5 lakh passengers will have to use every day. How can this happen? I want to know from the Hon'ble CM when he stands up for reply - how it will be? This is like a saying:

You please imagine. Every year will 5 crore people use the Airport ? That is 1.5 lakh people every day will have to use the Airport. I am sure, even GFK Airport in New York which is the busiest centre does not set such a target.

Electricity - I am sure that there is going to be a hike in April. Once again the A.P.Transco will start harassment in the name of checking power pilferage. The Power Minister has gone on record and
said that only in August we will have 24 hours power supply. Does he mean that in August he is going to supply through-out the day. This Government is ruling out power-cuts. What happened when the Hon'ble Governor was addressing the House? In budgetary cuts the power sector will go down. The Study Paper reveals that the GSDP will go down from existing 2 per cent to 0.5 per cent in 2004-05. Will they really implement this? How can they cut down the budgetary support in the form of subsidy from 2.1 per cent GSDP to 0.5 per cent GSDP in 2004-05? How will the farmer be able to pay? What about common man?

Right to information - For the last three years, the Hon'ble Chief Minister is saying that he would bring in a Bill. The Cabinet has, I believe, also cleared this Bill. OK. Let them bring in this Session itself. We will support it. Who will stop in bringing the Bill?

Another important point - Fiscal Reforms. They are counter-productive to the Government. Annual Fiscal Framework and Fiscal Study Paper in fact protract an alarming fiscal scenario for the State ie., debt trap, burgeoning expenses, falling central revenue shares and increasing State Tax burden on the people. When Sri Chandrababu Naidu became the Chief Minister in 1995 what was the State debt? What is the State debt now? His own Annual Fiscal Framework says by the end of next financial year it is going to be 49,000 crores. He is called a good Economist. I did not have MA (Economics) degree as the Hon'ble Chief Minister has. I did not even have the opportunity of visiting and meeting the world famous economists. In 1995 our State's debt was 11,500 crores. The Congree Party is to be blamed for it. The debt now increased to 49,000 crores in 2002 in five years' time. This is also a record for Andhra Pradesh. He says that they have created assets. Where are they? When he cannot provide a simple ration card to a poor person where this money has gone. On what they had spent? They did not solve even drinking water problem in Hyderabad. Wherever you see, you will find. Farmers are committing suicide. Where are the assets they have created?

In Nalgonda district people are falling sick due to flouride water. What is the asset they have created? They have created only liabilities for the next two generations to come. They will have to pay for the sins the Government is now committing.

Moreover, I would like to know in a Federal set up how can a Chief Minister go and sign MOUs? What is happening to the Federal system of our country? What is the BJP Government doing at the Centre? How can they allow a Chief Minister to sign MOUs? Whether Constitution allows to do it? Today during the Question Hour they said that the World Bank funds come through Government of India. What is happening to our Federal set up?

Fiscal Management - Financial situation has worsened during the last four years particularly from the time the State Government launched A.P.Economic Restructuring Project and A.P.Power Public Sector Reforms with World Bank assistance. The fiscal management has gone haywire. The State has missed many targets and milestones that it has promised to fulfil while availing the World Bank assistance.

Regarding World Bank - I can tell you what really the World Bank is? In today’s Chronicle - it says, ‘What is the CM's engagement for the day? ‘I have not yet received from the world bank’. This is the control which the World Bank has now. Very finely defined. Very finely put by Mr. Subhani. The fact that the State Government has not been able to achieve targets as agreed upon before the World Bank is apparent from the latest Strategy paper. Government has given commitment to reduce fiscal deficit in a five years' period 1998-2003 from 3% of Gross Domestic Product (GSDP) in 1998-99 to 2.5% GSDP by 2002-03. But in actual terms the fiscal deficit has soared from 2.53% in 1997-98 to 5.4% of GSDP in 1998-99, 4.9% in 1999-2000 and 5.41% in 2000-01, estimated 5% in 2001-02 and projected 4.5% in the year 2002-03. Once again the revised projection for fiscal deficit for the next six years was made ranging from 3.91% in financial year 2003-04 to 3.2% in 2004-05, 2.5% in 2005-06 and 2% in 2006-07. Sir, the fiscal deficit is just one of the State's precarious financial position. If this is the scenario in respect of fiscal deficit, what will be the Vision 2020. It will certainly not be Swarna Andhra Pradesh. If this sort of target is put and this sort of economic policies are pursued, they will not be in power after 2020 and another
Government will be there in two and a half years. The present financial position is a typical case just like operation successful but the patient dies. We are trying our level best not only by trying but by ensuring that the mis-deeds of the Government would come out open.

Recently, again structural adjustment loans have been taken by this Government because it could not stick to the conditions or targets given by the World Bank. They have gone for another loan called ‘Structural Adjustment Loan’ totalling to $250 billion ie., Rs.1200 crores. Again a new set of conditions have been given by the World Bank and the Government have accepted the same. What are those conditions? Whether the Government is going to cut down fiscal deficit of 5% of GSDP in 2001-02 to 4.5% in 2002-03? Whether the Government is going to cut revenue deficit which is less than 2.3% in 2001-02 to 1.7% in 2002-03. The Government had ensured that the World Bank targets are given. The Government has even broken the promises given to the World Bank also.

Vision Document - Rs.30.00 lakh crores are required. Everybody knows about it. The State Annual plan is Rs.8,000 crores and investment in private sector is Rs.12,000 crores which come to Rs.20,000 crores. In ten years, it will be two lakh crores, in twenty years four lakh crores. Where will the Government get?

Moreover, I would like to know from the Hon'ble Chief Minister as to what extent the software industry was promoted in Andhra Pradesh. As far as FDI is concerned, the figures which we have, during 1991-2000 Maharahstra got 1,69,150 crores investment from 616 projects, Gujarat got 1,68,303 crores from 336 projects, Tamilnadu got 1,57,903 crores from 357 projects and the Andhra Pradesh got only 1,54,129 crores out of 325 projects. In fact more than half of the projects came when the Congress was in power till 1994. What has really happened in the Confederation of Indian Partnership Summit in 2001? Government has claimed that MOUs for Rs.30 crores were signed. More than one year has passed. These projects are yet to start. But the impression of the Hon'ble Chief Minister is that he is working very hard for the benefit of the State. In Kakinada, Indian Oil Corporation, LNG terminal works are yet to start. Recently a Shopping Festival was held on the lines of Duba. It has turned to be a flop show. People called it 'Goalmal show'.

From 1995 the Hon'ble Chief Minister has toured Malasia, Singapoor, China, Hongkong, UK, Ireland, Switzerland, USA, UAE. Twice he had gone to the US, Singapoor and UAE. He has attended World Economic Forum four times. Thrice he has gone to Devos. He has also gone to New York. After every foreign tour, the Hon'ble Chief Minister proudly says that he had signed so many MOUs and that we are going to get hundreds of crores of investment. Where are those investments? What about that Puton car from Malasia? These are the examples. Every foreign tour is meant only for improving CM's image. No real concrete investment comes for Andhra Pradesh. That's why Bi-annual poll on CMs' performance conducted by Weekly India Today which the Hon'ble CM always quotes. It said, Sri S.M.Krishna was No.1 out of top five CMs. All these five CMs are non-NDA CMs. They are non-NDA CMs. What Naidu today says about SM. Krishna is that he is able Administrator and firm believer in team work. His modern outlook and openness increased Karnataka's image. Why was Chandrababu Naidu come back 8th to 10th rank now. The reason given by India Today is that it is mainly on account of his un-fulfilled promises. Unfortunately, our Chief Minister Mr. Naidu is behind Rajnath Singh and Naresh Modi. I am sure, Indrasena Reddy is very happy. At least the BJP is in front of him. So, the CM is now in 10th rank. This makes him a Dus Numbari CM.

Law and order - Whether it is faux pas or it is really a mistake that on 12th he held a meeting with all Opposition parties regarding 'holding talks with Naxalites'. I am told that the Revenue Minister Sri Devender Goud has played a very major role. But how can the Government miss it in Governor's speech? Is the Government really serious about those talks? Let them please tell us. Let them not waste their time and let them not waste our time. They should have given a rejoinder. The Government has missed it in Governor's Address. This clearly shows that the Government is not serious to address this problem. It is not a law and order problem. It is a socio-economic problem. Is it a frighten slip or what? If it is a frighten slip, I can understand their intention. As soon as talks are held, the very next day the CM was addressing his Party workers in his Party Office. It has come out in newspaper that he is putting conditions. Why did he put conditions? Let him try his utmost best. Let him go
with sincere mind and intention and ensure some fruitful result to come. Let him clear his Party stand. It is his responsibility.

3.50

We are giving you a blank cheque, you please go ahead. You are in power. You are the Chief Minister. You have the police force. You should talk. Now the ball is in your court. You have to ensure that the fake police encounters should be stopped. You have to ensure that not even single piece of land at the Babri Masjid should be allowed to be give to others. As far as the law and order situation in the state is concerned, Mr. Chairman, Sir, I would like to remind this august House that what had happened on 06th December, 1992. We have still remembered it. What happens after 12th March, 2002, if the criminal minded people and anti-social elements who are bent upon creating problem. We cannot keep quiet. We have every confidence in secularism. We are still for it. We have every confidence in Supreme Court of India, We are still for it. We have every confidence in Indian Parliament and we are still for it. But, as far as the Babri Masjid is concerned, the muslims in India are put to test for secularism. If something happens after March 11, I am ready to loose my life. We will not allow that single piece of land will be given to Vishwa Hindu Parishad for construction of Ram Mandir at Ayodhya. We are for construction of Mosque over there. Every day, 30 to 40 people are going to Ayodhya for performing pooja at Ayodhya on March 24. What is your stand? History says who has destroyed the very secular fabric in India. What is stopping the Telugu Desham Party to call December 6 "black day". You have invited me for talks at the Exhibition Grounds some time back. Mr. Raghavulu was also there at that time. Why cannot you talk about Babri Masjid. We want a categorical answer from you. If the Government permits the ★★**, after March 12 to go to Ayodhya, then let it tell that there is no law in India. O.K., if you permit, we will not keep quiet and we will not allow VHP or anybody else at Ayodhya to take over our land over there. You people are destroying the peaceful atmosphere in the country. You are inciting the people. Leaders of VHP are moving around religious people in and around Hyderabad City and provoking them. What sort of message are you giving to the people? Because of your support to the BJP Governmet at the Center for the last two years and more, the BJP and VHP have got a shot in their arms. You may loose your Government, but we will not loose our land at Ayodhya. There is no guarantee that how can you control these anti-social elements to enter into that site. These are the same people who have given categorical assurance before December 6, 1992 to the Supreme Court of India, to the National Integration Council and also to the Parliament. The policy of the Telugu Desham Party Government should be clear.

From the very beginning we are very very clear that we are for secularism and we will stand by it forever. Secularism is the most fundamental pillar of our country. We will stand by this clear-cut policy. We will stand by this clear-cut policy. We are for the Supreme Court judgment. We will abide by its judgment. ** Expunged as ordered by the Chair
we are not going to allow anything. Our party is a problematic party. You have opened the gates of Ram Mandir in Ayodhya in the year 1986.

What happened to Shabana case in Supreme Court? The Congress people do not have any respect to the Supreme Court. Your party is a problematic party.

Are they ready? We are committed to Secularism.
SRI N. INDRASENA REDDY: He has spoken something. Let us continue in that way.

CHAIRMAN: Please let us not go into that subject.

These are the signals which are going to the people of the state.

CHAIRMAN: Mr. Asaduddin Owaisi, please continue.
SRI ASADUDDIN OWAISI: You please get the records I will show you that how many cell phone calls you have made to the Hyderabad City Commissioner of Police, Sri P. Ramulu.

CHAIRMAN: Allegations made by the Leader of the Opposition need not go into the records. **Expunged as ordered by the Chair.**
MADAM SPEAKER: I called Mr. Owaisi. Please conclude. I have given you ample time.

Madam Speaker.

Mr. Owaisi: Mr. Speaker— In essence, I have made my observations.

MADAM SPEAKER: (Interruption.)

Mr. Owaisi: Mr. Speaker— My observation relates to the government's negligence and lack of action in addressing the issues raised.

(End of speech.)

Mr. Speaker— As per the law, the government is negligent in its infrastructure development, and the people are suffering.

(End of speech.)
It was not a statement of fact.

** Expunged as ordered by the Chair.
SRI ASADUDDIN OWAISI: As far as elections are concerned, I have given notice under Rule 304. I know that the Hon'ble Minister for Home is very honest. We all know that. There is no doubt about that. I would request the Hon'ble Home Minister to give us his cell phone telephone number and the bills. The Hon'ble Home Minister has made a number of calls to the the then Commissioner of Police on the polling day.

MADAM SPEAKER: May be from the security point of view, the Hon'ble Home Minister might have made phone calls to the Commissioner of Police.

SRI ASADUDDIN OWAISI: What is there in bills? Madam Speaker, in my course of speech, I have used the word ★★ ** against Viswa Hindu Parishad. I do not understand as to why my BJP friend Indrasena Reddy is getting angry. He is not a member of VHP. I am not saying anything against Bharatiya Janata Party. I am telling about Viswa Hindu Parishad. I still stand by it.

DR.K.LAXMAN: Why should he talk like that?

(MADAM SPEAKER: (INTERRUPTION)

DR.K.LAXMAN: Why should he talk like that?

(MADAM SPEAKER: (INTERRUPTION)

SRI ASADUDDIN OWAISI: We are against Uniform Civil Code. Are you (pointing towards Sri V. Sobhanadreeswara Rao) in favour of Uniform Civil Code. You please speak in the mike. I will reply.

(MADAM SPEAKER: (INTERRUPTION)

SRI V. SOBHANADREESWARA RAO: Uniform Civil Code is not in the NDA agenda.

SRI ASADUDDIN OWAISI: Speak in the mike if you have guts. You go on records. I will reply. Madam Speaker, what is this? Being a Minister, he is speaking like this.

(MADAM SPEAKER: (INTERRUPTION)

MADAM SPEAKER: No, I will not allow anybody. Mr.Owaisi, I have given you one hour time. Please conclude.

** Expunged as ordered by the Chair.
SRI ASADUDDIN OWAISI: Law and Order problem in the State is a very big issue. In Pargi Assembly Constituency....

(INTERRUPTION)

I am being stopped by the Hon’ble Member from Malakpet. At least, let me say as to what I have to say. The Hon’ble Chief Minister can rebut my allegations. He is going to rebut. I know that.

MADAM SPEAKER: You can speak that in the Home Demands.

SRI ASADUDDIN OWAISI: Generally, in Governor’s Speech, as this topic was covered, I wanted to speak. You have to come my rescue Madam Speaker. I am all alone over here surrounded by mighty BJP Members. TDP is there. Let my voice be heard over here.

As far as appointments are concerned, the Hon’ble CLP Leader is very right. And I am also right in what I am going to say. Madam Speaker, seniority has been overlooked and it is a fact. They have to accept that. We are not questioning their prerogative. It is their prerogative. They have gone ahead and appointed. But at least, we should have the right as to what we have to say. They might not agree with us. As they have the prerogative to appoint, we too have our prerogative to give our opinion. No doubt, they will disagree as to what we say. But at least, as people’s representatives, we have the right and the people should know as to what we are saying. This is the forum from where we can speak.

Madam Speaker, coming to the issue of Naxalites, when I was speaking on that, unfortunately, I was disturbed by the Hon’ble Member from Malakpet. I had to come back to his favourite topic. Madam Speaker, I would like to know as to whether the Government is going to invite Naxalites for talks. Whether any modalities have been framed so far in this regard. Rs.1200 Crores is the Budget allocated. I would like to know as to how they will spend it. Madam Speaker, they might have used the money to suppress the democratic rights of the people of Hyderabad. Also, if something happens after 12th March, I would like to know as to who will be held responsible. Will they withdraw their support at the Centre?

Madam Speaker, many people are going from Andhra Pradesh to Ayodhya. I request the Hon’ble Minister for Home to stop them. If he cannot stop them, then let him also become a kar sevak and join with them. Let the Hon’ble Minister for Home tell that there is no rule of law. Every day, many a people are going to Ayodhya from Nampally and Secunderabad Railway Stations. The Government should take steps to stop them.

Madam Speaker, the Managing Committees of the Mosques in Hyderabad are being called and they are being told not to allow so and so person to enter the mosque. Freedom of religion is a fundamental right in the Indian Constitution. The Government should know that. They cannot deny that right. Madam Speaker, on the one hand they speak about secularism. We have seen their secularism in the month of October when the police wearing shoes walked inside the Mecca Masjid and fired at the innocent people worshipping over there. If I had not gone over there, many more people would have been killed. My efforts were appreciated by the then Commissioner of Police. He had gone on record and stated that if Mr. Asaduddin Owaisi had not come over here, many people would have died over here. Madam Speaker, I would like to know as to what action had been taken against those people who have gone with shoes to the place (Member) where Imam stands and gives Qudba. How can police go inside the mosque and shoot the people over there. How can they throw tear gas shells? Nearly, 200 tear gas shells were thrown.
Madam Speaker, finally, through you I would request the Government to clear their stand. Otherwise, history will remember the Hon’ble Chief Minister, Sri Chandra Babu Naidu as another Kalyan Singh. Thank you.

MADAM SPEAKER: The House is adjourned to meet again at 8.30 a.m. tomorrow.

(Then the House adjourned at 4.24 p.m. to meet again at 8.30 a.m. on Wednesday, the 20th February, 2002.)
