They are all meritorious students. Government is not releasing money and consequently they are being put to great difficulty. I request the Government to release the amounts immediately. A number of meritorious students are being denied admission. Every year they are reducing the strength of these students. Secondly, every year they must regularly allot Budget and release the same in time.

Smt.R.Shoba (Madanapalli): I would like to know from the Hon'ble Minister that under the Best Available Schools Scheme, how many schools are Government based and how many schools are private based? Further, how many seats are being allotted to the girl students every year? I would also like to know as to whether the rule of reservation is being followed under the Scheme.

MADAM SPEAKER: Question hour is over. Now let us take up Zero Hour.

ACB Cases against Congress M.L.A.

Officials of ACB today booked case against City Planner and J.Krishna Rao, Managing Director of Shaili Estates for violating the building regulations. FLAT was gifted by the builder. This FLAT was purchased by Smt.V.Rama Devi. She has purchased the FLAT.
After the flood, the government decided to construct a new bridge over the river. The project was planned to start immediately and was expected to be completed within six months. The government had allocated a budget of 30 lakhs for the construction of the bridge. The construction work was carried out by a team of experienced engineers and workers. The bridge was designed to withstand heavy traffic and was expected to serve the region for many years. The local residents were excited about the new bridge, as it would improve their daily commute and provide better connectivity to nearby towns.

The completion of the bridge was a significant milestone for the region, and the local residents celebrated the event with great enthusiasm. The bridge was inaugurated with a ceremony attended by the state government officials, local leaders, and representatives from the construction company. The bridge is now an important landmark in the region and is widely used by the residents for their daily commute.

In the wake of the flood, the government also decided to implement measures to prevent future disasters. They invested in developing early warning systems and launched a campaign to raise awareness among the residents about the importance of evacuation during floods. The government also provided financial assistance to the affected families to help them recover from the disaster.
When the case is under investigation, saying like that is against the Police Manual. It is against the Cr.P.C. Here my humble submission is that it is a question of character assassination.

SRI T. DEVENDER GOUD: Whatever you want, I am prepared to give answer. But, I request the Hon'ble Speaker to decide the timing.

MADAM SPEAKER: I will decide the time and let you know.

19
MADAM SPEAKER: Now Tea Break for ten minutes.

(The House then adjourned for Tea Break for ten minutes at 9.37 a.m.)
SRI Y.RAMAKRISHNUDU: I will pass on this message to the Hon'ble Chief Minister.

1. Please ensure that all meetings mentioned are held within the stipulated time frame. The meetings are scheduled as follows:
   - 10th meeting: February 2003
   - 11th meeting: March 2003

2. Please note that all the meetings will be held in the Central Hall of the Hon'ble Minister.

3. Please ensure that all the necessary preparations are made for the meetings.

4. Please ensure that all the necessary reports are submitted to the Hon'ble Chief Minister before the meetings.

5. Please ensure that all the necessary arrangements are made for the meetings.

6. Please ensure that all the necessary reports are submitted to the Hon'ble Chief Minister before the meetings.

7. Please ensure that all the necessary arrangements are made for the meetings.

8. Please ensure that all the necessary reports are submitted to the Hon'ble Chief Minister before the meetings.

9. Please ensure that all the necessary arrangements are made for the meetings.

10. Please ensure that all the necessary reports are submitted to the Hon'ble Chief Minister before the meetings.

11. Please ensure that all the necessary arrangements are made for the meetings.

12. Please ensure that all the necessary reports are submitted to the Hon'ble Chief Minister before the meetings.

13. Please ensure that all the necessary arrangements are made for the meetings.

14. Please ensure that all the necessary reports are submitted to the Hon'ble Chief Minister before the meetings.

15. Please ensure that all the necessary arrangements are made for the meetings.

16. Please ensure that all the necessary reports are submitted to the Hon'ble Chief Minister before the meetings.

17. Please ensure that all the necessary arrangements are made for the meetings.

18. Please ensure that all the necessary reports are submitted to the Hon'ble Chief Minister before the meetings.

19. Please ensure that all the necessary arrangements are made for the meetings.

20. Please ensure that all the necessary reports are submitted to the Hon'ble Chief Minister before the meetings.

21. Please ensure that all the necessary arrangements are made for the meetings.

22. Please ensure that all the necessary reports are submitted to the Hon'ble Chief Minister before the meetings.

23. Please ensure that all the necessary arrangements are made for the meetings.

24. Please ensure that all the necessary reports are submitted to the Hon'ble Chief Minister before the meetings.

25. Please ensure that all the necessary arrangements are made for the meetings.

26. Please ensure that all the necessary reports are submitted to the Hon'ble Chief Minister before the meetings.

27. Please ensure that all the necessary arrangements are made for the meetings.

28. Please ensure that all the necessary reports are submitted to the Hon'ble Chief Minister before the meetings.

29. Please ensure that all the necessary arrangements are made for the meetings.

30. Please ensure that all the necessary reports are submitted to the Hon'ble Chief Minister before the meetings.

31. Please ensure that all the necessary arrangements are made for the meetings.

32. Please ensure that all the necessary reports are submitted to the Hon'ble Chief Minister before the meetings.

33. Please ensure that all the necessary arrangements are made for the meetings.

34. Please ensure that all the necessary reports are submitted to the Hon'ble Chief Minister before the meetings.

35. Please ensure that all the necessary arrangements are made for the meetings.

36. Please ensure that all the necessary reports are submitted to the Hon'ble Chief Minister before the meetings.

37. Please ensure that all the necessary arrangements are made for the meetings.

38. Please ensure that all the necessary reports are submitted to the Hon'ble Chief Minister before the meetings.

39. Please ensure that all the necessary arrangements are made for the meetings.

40. Please ensure that all the necessary reports are submitted to the Hon'ble Chief Minister before the meetings.

41. Please ensure that all the necessary arrangements are made for the meetings.

42. Please ensure that all the necessary reports are submitted to the Hon'ble Chief Minister before the meetings.

43. Please ensure that all the necessary arrangements are made for the meetings.

44. Please ensure that all the necessary reports are submitted to the Hon'ble Chief Minister before the meetings.

45. Please ensure that all the necessary arrangements are made for the meetings.

46. Please ensure that all the necessary reports are submitted to the Hon'ble Chief Minister before the meetings.

47. Please ensure that all the necessary arrangements are made for the meetings.

48. Please ensure that all the necessary reports are submitted to the Hon'ble Chief Minister before the meetings.

49. Please ensure that all the necessary arrangements are made for the meetings.

50. Please ensure that all the necessary reports are submitted to the Hon'ble Chief Minister before the meetings.
SRI ASADUDDIN OWAISI (Charminar): Hon'ble Chairman Sir, so far as the Budget is concerned, it bears the stamp of Hon'ble Chief Minister, Sri Chandrababu Naidu and the Hon'ble Finance Minister, like a clever magician, tried to spread his magic net. The Hon'ble Finance Minister has unsuccessfully tried to create the illusion that the State has crossed the valley of crisis and reached the plateau of progress and now the prosperity is not far away. However, the difficulty is that the Budget is not in consonance with the realism. Listening to the Finance Minister reading out the 41 page Budget Speech for 1 1/2 hour in this august House, I in particular, was reminded of sitting in this august House and listening to the long and boring speeches made by my honourable friend Sri Ashok Gajapathi Raju in his capacity as Finance Minister. I was expecting that Sri Ramakrishnudu Garu will not follow the path of his predecessor, but after two years he thought it wise to follow the path of Sri Ashok Gajapathi Raju and the agony of everyone continues. We had to sit here yawning.

Sir, the Finance Minister seems to have done lot of jugglery with figures to bring down the revenue and fiscal deficit in tune with the latest conditionalities imposed by the World Bank while extending the structural adjustment loan of Rs. 1200 crores in the coming fiscal year. Under the A. P. Economic Reforms Loan the projection of revenue and expenditure was shown short over the figures shown in the draft Budget. The overall non-plan and plan expenditure of the Government is projected at Rs. 39420 crores in the Budget by the Finance Minister as against Rs. 31472 crores in the draft Budget. It is difficult to visualize how the financial position of the State has fastly improved in the last three weeks since the annual fiscal framework has painted a very gloomy picture. Surprisingly the Finance Minister has brought down the estimated public debt of the State at the end of the last financial year from Rs. 49912 crores shown in the draft Budget to only Rs. 41470 crores in the final Budget presented in the Assembly. Within three weeks the Hon'ble Finance Minister gave one figure regarding public debt in the annual fiscal framework as Rs. 49912 crores and in the final Budget as Rs. 41470 crores. I am sure nothing dramatic has happened overnight to alter the scenario so drastically. Not much is indicated in the States tax revenue though non-tax revenues are expected to yield Rs. 250 crores as indicated by the Finance Minister. Fiscal deficit is sought to be covered through central loan, open market loan and other borrowings including the structural adjustment loan and the grant of Rs.1660 crores from the World Bank and D.F.I.D. Sir, while the draft Budget has projected the State plan outlay at Rs. 8838 crores next year the Finance Minister has effected a massive increase in the outlay in the Budget presented by him. Moreover, important point over here is that these figures which I am quoting are from the annual fiscal framework. Last year plan outlay was Rs. 8714 crores. That was reduced by the Finance Minister to Rs. 7956 crores. So, Rs.760 crores was reduced and now you have given a plan outlay of Rs.10000 crores and that includes Rs.1200 odd crore structural loan also. I hope the Finance Minister, when he rises to reply to our speeches, will please make us understand about this. Sir, after the annual fiscal framework was released there was lot of debate in various fora among the common men, at Collectorate offices, within the Government and outside the Government. Why is it that your figures are not matching with the figures given in annual fiscal framework?

Moreover, in this plan outlay SC, BC and ST scholarships have also been included thereby inflating the plan outlay. I just fail to understand this. I am not an economist. I am not a specialist. But as far as I know with my basic knowledge of economics, the scholarship is a recurring expenditure and it has been put in plan expenditure now thereby inflating the plan outlay. According to the annual fiscal framework last year subsidy to social welfare for scholarship was Rs. 112 crores. Your annual fiscal framework is Rs. 46 crores now. For tribal welfare it was Rs. 34 earlier. Your annual fiscal framework says it is Rs. 7 crores. B.C.welfare was Rs. 53 crores last year. Now it is only Rs. 3 crores. For all these three departments it was Rs. 199 crores earlier. Now it is only Rs. 56 crores. Why has this been decreased? You have included this in the plan outlay when you have inflated plan outlay and secondly you have decreased scholarship to SCs, STs and BCs from Rs. 199 crores to Rs. 56 crores.

Sir, another important point is that in the annual plan every time there used to be a section on externally aided projects. I have been a member of this august House for about 6 1/2 years and my good friend Sri Ashok Gajapathi Raju has about 20 years experience as a member of this House. We
know this. Why is it that this time it has been omitted? No doubt the figures are there. Departmental-wise you can go, but the whole section has been omitted. You talk of transparency day in and day out. You live and believe in transparency. Why is it that the section on externally aided projects for various departments has been taken out from the annual plan?

Sir, another thing is that I am quoting some figures on externally aided projects from your annual fiscal framework. Last year it was Rs. 2376 crores out of the plan outlay of Rs. 7956 crores. This is fiscal prudence. This is performing progressive State. For this financial year it is going to be Rs. 2552 crores for 2002-03. This is what the Government is practising.

Chairman Sir, another thing is that regarding implementation of phase-2 of public enterprise reforms from 2002-03. Rs. 81 crores have been earmarked for V.R.S. and this is given by the World Bank and DFID. In the first phase more than 10000 employees were retrenched. About 10000 families were destroyed. God only knows what is going to happen to them. For funding A. P. Economic Reform Credit Project, the World Bank has given ten commandments to the State Government. Some of them are to reduce fiscal deficit to 4.5% and revenue deficit to 17% of GSDP during the fiscal year 2002-03 and keep public guarantee except in the power sector at zero level. I am raising this issue once again. I have spoken on this earlier. But unfortunately the Hon'ble Chief Minister did not touch this subject and he was not prepared to listen to the words of wisdom. The other points are reducing state staff by 1.9% per year, bringing down salary GSDP ratio to 5.1% in 2002-03, increasing non-salary expenditure maintenance to 3.9%, eliminating bogus ration cards by October, 2002, increasing primary education, primary health to 2.3% and increasing the collection of irrigation water charges to 75% of the cost. Have you accepted this or is it a mere bluff? What is the exact position? People of Andhra Pradesh should know. What is the position of structural adjustment loan? What are the conditionalities that you accepted from the World Bank? How is it going to affect the people if you are going to collect 75% water charges? Already there are so many suicides going on. It will further increase the rate of suicides. What is the government position on that?

Sir, another point is that the Government claims that Central Government is relying on their support. Very proudly the Hon'ble Chief Minister says this. I am quoting from Economic Survey 2001-02. I am quoting from page 64 of Fiscal Reforms Programme for the State given by the Government of India. Page 64 says that subsequent to award of 11th Finance Commission, Government of India had drawn up a scheme called States Fiscal Reforms Facility 2001-02 to 2004-05. To this end the incentive fund of Rs. 10607 crores has been earmarked over a period of five years to encourage States to implement monitorable fiscal reforms. Sir, that particular programme is known as Middle Term Fiscal Reforms Programme i.e., MTFRP with the object of bringing down the consolidated fiscal deficit to a sustainable level by 2005. Second point is bringing down consolidated revenue deficit so that aggregate revenue deficit is eliminated by 2005 altogether. Third point is bringing down the debt or GSDP ratio including contingent liability to a sustainable level both in terms of stability and solvency. Under MTFRD a committee has been constituted comprising officials of the State Government, Ministry of Finance, Government of India, Planning Commission and outside experts. As regards the release of incentive fund, nine States have been identified by the Central Government for the MTFRD. They are Nagaland, Andhra Pradesh, Karnataka, Orissa, Kerala, Arunachal Pradesh, West Bengal, Himachal Pradesh and Manipur. It says that MoU has been signed with Governments of Orissa, Karnataka and Nagaland and MoUs with reference to six other States have been drawn up by the respective Governments. But the main point I am trying to make here is that you very vociferously claim that you are getting things done at the Centre and everything is happening as per your wish.
would like to request the Hon'ble Finance Minister to kindly go through the economic survey, which clearly says that an incentive fund of about Rs. 786 crores for the year 2000-01 has been released to 8 States during the current financial year. They are Nagaland, Orissa, Kerala, Karnataka, Arunachala Pradesh, West Bengal, Himachal Pradesh and Manipur. Sir, here the question is, what about Andhra Pradesh. How their " baby" had forgotten them? Sir, what I mean to say is that the BJP led NDA Government is of their making, their baby. Sir, why has this Government not taking up this issue with the Central Government?

Sir, I am sure, this is a news to the Finance Minister. May be his Department people have not informed him about this thing or the World Bank has not given this Government the necessary permission to sign an MOU with the Central Government. Sir, this is what is happening. Rs. 786 crores has been given as incentive to 8 States out of the total amount of Rs.10,607 crores, out of which the Andhra Pradesh State might also get a minimum allocation of Rs. 150 crores as its share of incentive. But it did not happen, because the Government did not pursue it. But my personal belief is that the World Bank has not given permission to do so, because everything has been mortgaged to World Bank. This incident clearly signifies the fact that this Government talks loud but when it comes to implementation, it has meek and weak voice. Sir, this fund would have been used for the development of our State. I hope, at least now the Hon'ble Finance Minister would pursue this thing.

Sir, I would also like to say something about financial crisis. Sir, in this State everyone is facing financial crisis, right from the common man to the State Government, due to the financial policies preached and followed by the State Government. This Government is habituated to saying one thing before the elections and doing quite opposite to that, once the elections are over. For example, before municipal elections, our Chief Minister had assured that there is not going to be any hike in electricity tariff. But the post-poll action of the Government clearly demonstrates that it has utter disregard for the promises made by it to the people. I would like to remind the Hon'ble Finance Minister through you, not to cheat people and make them vote for you. People will not forgive you for such sins and would throw you out of power. The so called popular Chief Ministers of Punjab and Utter Pradesh could not save their parties or their ideologies. There, the rulings parties witnessed an unprecedented defeat and writing on the wall is clear for these Governments to see. You can sail along with them, we do not mind, you can destroy yourself, we do not mind, but at least do not destroy the State. People are not going to forget or forgive this time. They are only waiting for an opportune time and definitely there is going to be a silent revolution.

Sir, When the people's anger in Andhra Pradesh outbursts, no power on earth can save the Telugu Desam Government. This anger is there among the people, because of the economic policy pursued by the present Telugu Desam Government. The people of this State are frightened about various taxes being imposed on them. They are worried about power tariff hike, they are even more worried about user charges and equally worried about irrigation and water cess enhancements.

Sir, I have to say something about user charges. Sir, with full responsibility I can say that user charges are there right from Government hospitals to Dobhi Ghats. Sir, these are the achievements for the last six and half years. During this period, the Government of the State had increased the debt burden from less than Rs12,000 crores to nearly Rs.50,000 crores and that is the achievement of this Government. Sir, the per capita debt burden has increased despite the fact that the population growth had lessened during the last 6 years. Sir, this Government has given the House the information with regard to per capita income and in turn, I want to give them the per capita debt burden figure. Sir, it is Rs.6,605 as against per capita income of Rs.9,982/-. Sir, every section of people were tired of Government policies and this is the achievement of this Government. This is the achievement of Hon'ble Chief Minister Sri Chandrababu Naidu. Every section of the people, including SCs, STs, BCs, minorities, farmers, middle class people and rural people got tired of Government policies. Yes, the entire credit with regard to the same should go to the Hon'ble Chief Minister. Sir,
some of the cinematic caricatures may seem to come true. In one of the pictures, the legendary Tenali Ramakrishna depicted as to how an unborn child was made to pay taxes. Now, such a stage has come in Andhra Pradesh under the leadership of great Sri Chandrababu Naidu, even unborn children are carrying debt burden on them. Sir, this is happening despite the fact that the Chief Minister has done postgraduation in economics. Sir, professional tax, sales tax, stamps and registration, luxury tax, betting tax and other taxes have been increased steeply during the last few years. Sir, with regard to power tariff hike and RTC fare hike, the Government had stated before elections that they are not going to effect any increase in rates and did quite opposite once the elections were over.

Sir, I am reading out from para-20 located on Page-8, which says that despite industrial slow down and widespread drought, the Government have managed to achieve this target due to better compliance and... Sir, here some important words are there. They are "additional resource mobilisation measures" in excise, motor vehicle tax, stamps and registration duties. Here, the point is, the Government do not want to call it tax increase. But call it at in a very polite language "additional resource mobilisation". Sir, the people are now understanding the true meaning of Government's language.

SRI K. VIJAYA RAMA RAO : Sir, I want to clarify something.

SRI ASADUDDIN OWAISI : Sir, I am not yielding. Sir, if you want, you can cut off my mike. That is left to you. But I am not yielding.

CHAIRMAN : Mr. Owaisi, I do not want to cut off your mike. It is an un-parliamentary practice. The Minister wants to tell something. Let him clarify.

SRI K. VIJAYA RAMA RAO : Sir, I only want to clarify but not contradict anybody. What I mean to say is, the words "additional resource mobilisation" do not mean "additional taxation". It only means rationalisation and what is stated in the budget document is that the Government are not increasing the taxes. So, what is meant by additional resource mobilisation is rationalisation. Some times, it may even result in reduction of taxes from certain percentage to lesser percentage, so that tax collection may increase. Sir, I just wanted to clarify that the term additional resource mobilisation would only mean rationalisation but not an increase in taxes. That is all I wanted to clarify.

SRI ASADUDDIN OWAISI : Sir, I would like to remind Hon'ble Sri Vijaya Rama Rao, who is a retired IPS Officer, that it is a fact that he had held positions such as Commissioner of Police, CBI Director etc. But, unfortunately, that old trade is still continuing here, because old habits die hard. Sir, here we are all politicians. What I would like to know from the Hon'ble Minister is, is it not fact that when the Annual Fiscal Framework was issued, he held a press conference and stated that there was not going to be any increase in excise duties. But the very next day, he had increased them. Let him now stand up and say that he had not increased the taxes. I will even get the press cuttings and send him through you, so that the Hon'ble Finance Minister while answering on Monday, would say something on that. But I would like to request the Hon'be Minister Sri Vijaya Rama Rao through you, not to behave like an IPS Officer, because he is no more an IPS Officer, but Minister for Commercial Taxes.

SRI K. VIJAYA RAMA RAO : Sir, again I want to clarify.
SRI ASADUDDIN OWAISI: Sir, I am not yielding. You have already given the Minister a chance. I do not want to sit down this time. He is disturbing me too often. It is not fair.

CHAIRMAN: Mr. Owaisi, it is a Parliamentary Practice to allow the Minister to clarify on something. Kindly allow him to speak.

(Sri Asaduddin Owaisi resumed his seat)

SRI K VIJAYA RAMA RAO: Sir, as you know, I rarely rise up to speak. Sir, I only wanted to tell the Hon'le Member about the term "IPS Officer". Yes, now I am a representative of public but not an IPS officer. I am very well aware of that. That is the reason why I am telling him about taxes. I only said that "additional resource mobilisation" does not mean an increase in taxes.

(Thumping of desks from some of the Treasury Benches)

SRI ASADUDDIN OWAISI: Even for that also you want to thump the desks.

(pause)

Sir, back door entry methods are always there.

Sir, with regard to fiscal and revenue deficits, it is sheer waste to talk about them, because the present Government headed by the Hon'ble Chief Minister is unable to reduce these deficits, despite the assurances given by it to this august House and to their mentor, His Lordship the Vice-President of the World Bank. The Government have violated those guarantees. Sir, this is being done inspite of imposing huge burden on the people of Andhra Pradesh and getting huge borrowings from the Central Government and Foreign Agencies.

Sir, when we talk about borrowings from Central Government, I want to give one more example.

Sir, I am reading briefly from Budget Document, located on Page-1, which deals with the "Share of Central Taxes". The 2001 projection is 39793. There was an increase of 441. Now, if you go for 2001-02, it is 404. At the same time open market loans from Government of India 188948 in 2000-02. In 2001-02 is coming down. So, basically interest will increase. Because, the Government have to borrow open market loans for which it has to pay more interest. Is it also an example to show how powerful this Government is?

Sir, regarding user charges, I want to read two or three lines from the words quoted by Mr. Joseph Spiklets, Chief Economist and Vice-President of World Bank. But he is not the Vice-President of the World Bank who visited India a few days back. He says that there is an agenda behind imposing user charges. He also says that the Bank's Inspection consists of close inspection. Sir, the World Bank people are there to inspect country's five star hotels. Sir, then the meeting concludes with an agreement. The Finance Minister was handed over a restructuring agreement pre-drafted for his signature. That is what Mr. Joseph Spiklets has to say about User Charges.

Sir, I have with me a United Nations website, which says - in Zambia, a researcher witnessed a 14 year boy brought for admission into a hospital. Sir, I would like to have the attention of Hon'ble Health Minister to this incident. That boy was suffering with acute Malaria and his parents were
unable to pay the registration fees worth 33 cents in U.S. currency, with the result, the boy was taken away. The report further stated that after two hours, the boy was brought back to the hospital and was found to be dead. This is the way in which your user charges are going to work.

Sir, with regard to the Budgetary Proposals, the Hon'ble Finance Minister presented a Zero Based Budget. What was the effect of it? Zero Based Budgetting had fuelled the stagnation of industries. On the one hand, industries are not coming to the State and on the other existing industries are being systematically being closed down. The Government is getting money from World Bank and DIFD to pay for VRS, amounting to Rs.81.00 crores. Sir, unemployment among educated youth is growing. Agriculture is in doldrums, irrigation sector is not getting enough funds and once the World Bank and DIFD stop giving funds, everything will go dry. Hospitals will crumble, schools will crumble, irrigation projects will crumble, their (Government's) so called power sector reforms will crumble, savings will cumble, because the Government is relying too much on World Bank and DIFD.

Sir, regarding minorities, Rs.38.00 crores have been given. Similarly, last year also Rs.34.00 crores have been given and only Rs.22.00 crores has been released. The financial year is going to be finished. Sir, when would be the remaining amount be released? Nobody knows. Moreover, when this money is given, there is no check on it. There is rampant corruption going on in Minorities Welfare Department. Take for example, Minorities Welfare Corporation. The Managing Director of the Minorities Finance Corporation is there for the last 8 years. Why can't the Government transfer him? What are the net results of anti-poverty scheme and self-employment scheme? The Government have stated that there is turnover of Rs.70.00 crores. With all the command at my disposal, I can say that it is false and rubbish. Sir, let the Government give us the real figures. Please, let them do not say that I should raise the same in the forthcoming discussion over Minorities Demand.

Next Sir, so far, there is not a single integrated scheme for the development of old city. Last year, Rs.1.20 crores has been earmarked but not a single paisa has been released for the development of old city and for the unemployed youth residing in old city. Sir, for Urdu Academy, last year the allocation was Rs.8.00 crores but the same was brought down to Rs.85.00 lakhs. Sir, the Government have made Urdu the Second Official Language of our State. My question is, why can not they make sufficient budget allocation for the promotion of the same language? Yes, they (government) have made Urdu a second language in 16 districts, but what about the financial allocation? Unless and until the Government club Urdu with employment, I am sure that Urdu will not get its rightful status. Sir, is there any facility in the Hon'ble Chief Minister's Peshi or in the offices of various district collectors, to receive even an application in Urdu. For example, there is no Urdu Translator even in this august House. If the Hon'ble Chief Minister or the Finance Minister would stand up and speak, they would only do so in Telugu, because they are well versed in that language. But what about people like us, who know either English or Urdu but not Telugu language. Therefore, we necessarily need translation. So, let us start from this august House in promoting Urdu. By the way, my good friend Sri Prem Singh Rathore needs a Hindi Translator. Sir, even in police stations located in old city and places where only minority pockets are existing, Telugu knowing officers are being posted there. They do not know a single word in Urdu and it will pose a great inconvenience to the common people living over there. Sir, I am sure that the Government is not giving Urdu its rightful place and this stand needs to be rectified.

Sir, I strongly recommend that Muslims be given a B.C. status. If not services, let the Government provide them reservation in educational institutions. Sir, everybody knows about the employment position both in Government and Organised Sectors. The Government can at least do us justice by providing us employment even in educational institutions. I had raised this issue in this august House many a time. Sir, when will this Government submit Puttuswamy Commission's Report to this august House. For the last six years, the Commission's period has been extended. When the Commission's Final Report is going to be place in this august House?
What is the Government doing in this regard? because the Government is making financial allocations to the Puttu Swamy Commission. The need of the hour is that Muslims should be given Backward Class status. We do not want fish. You teach us as to how to catch a fish. That is what we want so that we will survive on our own. I am not asking for reservation in organised sector, I am not asking for reservation in Government Departments. This is the least that you can do. It has been done in Karnataka and Kerala. What is stopping this Government from picking up this issue? Let the Government be serious. No doubt, very proud words come out from the mouth of Hon’ble Minister for Finance that they are doing something for the minorities. Let the Government give us backward class status, which is the need of the hour.

Regarding Quli Qutub Shah UDA, I accept that there is an increase of Rs.50-00 lakhs. But to meet the annual salary requirements of Quli Qutub Shah, they will be requiring Rs.1.75 crores. So only Rs.25 lakhs will be left for the development works for an area which comprises half of Malakpet constituency, whole of Charminar, Yakutpura, Chandrayangutta, Karwan and part of Asif Nagar constituencies. What will Rs.25 lakhs do? It is a very small amount. We cannot even lay one road in our respective constituencies in Old City. You should increase it to atleast minimum of Rs.5 crores so that real development takes place in the Old City.

Regarding urban development, I am really sick and tired of talking about bringing Krishna waters to Hyderabad City. Every year some new scheme is formulated or they say that some study is going on or some body is coming from Malasia or it is being posed to the World Bank. The Hon’ble Union Minister who is a Member of Parliament from Secunderabad has gone on record numerous times that HUDCO is ready to fund the scheme. Why don’t you take up his offer? Please take up his offer. The Central Minister who represents Secunderabad is openly claiming that HUDCO is ready to fund the scheme. The HUDCO falls in his ministry. Let us see his sincerity.

**DR. K. LAKSHMAN:** HUDCO has already sanctioned Rs.300 crores loan.

**SRI ASADUDDIN OWAISI:** O.k., sir. But what is the stage of the scheme? We have to know it.

Now, the Chairman of G.A.I.L. issued a statement that they are ready to take up this project. So we do not really know who is going to fund the scheme and how long this drama will continue.

Hon’ble Finance Minister Garu, the Deepam Scheme is finished with yesterday’s budget presentation by Yashwant Sinha. Unless and until you twist the arms of B.J.P. Government your scheme will be finished. The Hon’ble Union Finance Minister has increased the gas price by Rs.40-00 per cylinder. It is a huge amount for a poor man even though it may not be for the Minister.

(Interruptions)

It may be less than dollar for a Minister. Do you mean to say that they speak in terms of dollars of World Bank but not in rupees?

Coming to Clean and Green, Janma Bhoomi, earlier we used to have loan melas. Now, those loan melas have been converted into Janma Bhoomi melas. So many representations have been received at various Gram Sabhas. Please give us atleast fifty applications that you have received in Gram Sabhas on which you have acted positively. Don’t say that work has been done. I challenge this. In Hyderabad City, your good friends are representing the Malakpet and Musheerabad constituencies. We are your ex-friends. You show us the results.

Regarding I.T., Mr. Yashwant Sinha has not touched the toys of Chief Minister yesterday. He has kept the toys of Chief Minister in tact. In fact, he has made it more lucrative. Recently, GITEX Exhibition was held. I would like to know from the Hon’ble Minister for Finance as to what is the real benefit. As far as we are concerned, it is a flop show. If you disagree with my contention, please give us
facts and figures. How much business did you get? How much investment was made? Further, the way this Government is sanctioning engineering colleges with so many I.T., seats, we may soon have jobless I.T., professionals than income tax assessees.

In regard to Shamshabad International Airport, so many times we have raised the issue. The Government is going to acquire 5000 acres of land. What is the exact extent of land that is required? I have heard with my own ears Hon'ble Member from Chevella raising the issue several times. Injustice is done to the farmers of Shamshabad. It is a fertile land and it is a known fact that in Telangana not many areas are fertile. However, the Government wants to acquire the fertile land for the purpose of Airport. We are not against the construction of Airport. But what is the exact extent of land that is required? What is the land that has been acquired by the Government of Andhra pradesh for constructing international Airport over there?

More over, I would like to know from the Hon'ble Minister for Finance the details of concessions given to the private consortium viz., G.M.R. Vasavi Group. You give us all those details. When you talk about bringing Right to Information Bill, we do not doubt your intentions. You place all those details on the Floor of the House so that we will know as to what sort of concessions you have given to them.

Regarding distribution of Government lands, even the erst while Nizam did not distribute the Government properties like the democratically elected Government, which is distributing now. Every one, who comes from Unites States or Malaysia, goes with the paper that he is going to open one industry. Right now, the biggest hype is BioTechnology. Any one, who goes with an application to open BioTechnology Park, this Government is giving 50 acres of land or 100 acres of land. Sir, Hyderabad and its surrounding areas, especially Telangana has the highest number of Government lands in the whole of India. But this Government is distributing these Government lands to Tom, Dickky and Harry, who have no relation whatsoever to this region. Why don't they distribute the same lands to the people who are homeless in Telangana region? You give it to them. You cannot construct houses for them, atleast give them land so that they will construct in whatever way they want. They will build huts and live in them. Who are the beneficiaries of Government land in this region? Is it the people of Telangana? No, they are not from Telangana. Let the Government issue a white paper on it. We want to know to what extent really Andhra Pradesh has achieved.

Regarding governance of the Government, one foreign expert who had come to study the working of Anti Corruption Bureau found the staff with more corrupt people. He has claimed that there are more corrupt people in A.C.B. He also found that there are too many agencies chasing only handful of people with large number of corrupt officials going scot-free. He also said that there is lot of corruption in various Government Departments.

As far as my sources tell me, after the posting of new Director General to A.C.B. viz., Mohanty, right now the officers want the transfers. They do not want to face the wrath of Mohanty and hence they are asking for transfers. because they think that the misdeeds committed by them will be exposed. I am hoping that under the new Director General, more misdeeds will be exposed and more skeletons will come out. That is what the people want. We want that the criminals should be exposed, especially in bureaucracy and IPS officials. Even the recent promotions and appointments once again demonstrated that criteria is not the merit. What is the criterion? The criteria is that you should be more corrupt and you should abide by whatever the Government says. You should not have your own self-esteem but you should lose your self-esteem and wag your tale infront of the Government and then you will be given promotions.

Then you will be given most coveted post in various departments.

SRI K.E. PRABHAKAR: Naturally.
SRI ASADUDDIN OWAISI: Mr. Prabhakar says that it is natural. He is going on record. Please record it. It is a shame on the part of the Minister. Thank you because you spoke on behalf of the entire cabinet. They have collective responsibility. The truth has come out.

(INTERRUPTIONS FROM SRI K.E. PRABHAKAR)

No, sir. I am not yielding. What is this sir? The interruptions are not good.

CHAIRMAN: No, it is a good parliamentary practice.

SRI ASADUDDIN OWAISI: Chairman sir, I am sure you understand what I am saying, if not others. When there is a slip of tongue, people say that it is a slip. Even though his interest was not to say 'naturally', this is a slip. May be after my speech he can speak unofficially and be more elaborate so that I can come in another form.

Sir, this is really a transparent Government. I totally agree. This is a transparent Government in terms of inefficiency and this Government is transparent in terms of thriving of people right from child traffickers to scamsters. They are all thriving in Andhra Pradesh. Most of these Hon’ble Gentlemen enjoy the patronage of ruling party till their misdeeds are surfaced. When their misdeeds are surfaced then they will say that we have not done it or we have not appointed him. They say that so and so community has told me and we have not done it on our own.

What is happening here?

The explanatory memorandum is a very important document. I am sure, the Hon’ble Finance Minister will really throw light on it. During 2001-2002 the taxes on consumption and sale of electricity were Rs.86-87 crores. According to page 14 of explanatory memorandum the figure shown for the coming financial year is Rs.497 crores. The Hon’ble C.L.P., Leader yesterday stood up and categorically stated that there is going to be power tariff increase from 1st April onwards. We are all categorically saying that the Government is going to increase power tariff from 1st April onwards. What is this? The Government is going to increase this from Rs.86 crores to Rs.497 crores under the head "Taxes on sale of consumption of electricity ". Is it not a clear proof that the Government is going to increase power tariff? What else do you want? If you do not substantiate on what I am saying over here, you rebut my allegation. Even though the figures are not shown, it is clearly written. I am sure, it is not a printing error. This is a fact, which the Government does not want to accept it.

For the first time, we noticed that so many books were missing along with the budgetary documents. I had to approach the Hon’ble Minister for Industries, who had to go around and tell the I.A.S. officers. They sent me one copy of it. The budgetary documents contain full of errors.

Last year, through sale of land our Government had got Rs.2.50 crores. Now, you are going to realise Rs.252 crores from sale of Government land. What is that land? Where is that land? In which
region it is going to be sold? Who is going to purchase it? It is a massive rise from Rs.2.50 to Rs.252 crores.

(INTERRUPTIONS)

SRI KADIUM SRIHARI: No, it is not a printing mistake. You are correct.

SRI ASADUDDIN OWAISI: We would like to know from which property the Government is going to realise this Rs.252 crores. We are totally against this move. You cannot sell the Government lands in telangana region. We will not allow it. You cannot give it to Tom, Dickky and Harry, who have no connection with this region. There is a High Court judgement. You have made merry on our lands. We will not allow it. You give it to the poor people of telangana. The biggest problem in telangana is homelessness. More than 60% of the people are living in rented houses. You give it to these people. If the Government is thinking that they are going to realise Rs.252 crores by way of selling our lands, I can say that they are dreaming. We will not allow you to do it because right lies with the poor people.

Regarding law and order, Rs.59 crores is given for the modernization of police force. What can I say about that modernization? There was a debate on Charminar Cooperative Urban Bank. There was a debate on the people going to Ayodhya. There was a mention made by my good friend from C.P.I. (M) about the Telugu actress. Yesterday, two different press notes were given i.e., one by the D.G.P., and the other by the Commissioner of Police, Hyderabad City. The D.G.P. says that the death of Telugu actress is a suicide. The C.P., says that it is a rape. What is this? The two officials belonging to the same department are speaking in different language.

Secondly, a press release was issued in the newspapers yesterday stating that the police have called all those big people who have taken loans and they have assured the police that they are going to repay the loans. Is there going to be some sort of internal dealing? Is there going to be a match fixing now? How can a person holding highest police authority say that we have spoken to these borrowers? In fact, I call them thieves rather than borrowers. How can a person commit a murder and say that I am going to police department and will accept every thing.

(INTERRUPTIONS)

No, sir I am not yielding. I will go and take away Rs.200 crores. I will pay it back. Is this your idealogy? Your idealogy is reflected in the functioning of your own department i.e., large-scale corruption is prevailing.

Thirdly, a press release was issued by the Hon’ble D.G.P. stating that the people should not go to Ayodhya because the whole town is jammed. He says that the whole town is jammed. I simply fail to understand. I request the Hon’ble Finance Minister that you please don’t give Rs.59 crores. You give them Rs.200 crores but you make them understand that this language should not be used. What is meant by ‘don’t go to Ayodhya because the whole town is jammed’? Can I go after 15th March? What sort of message did it send out?

More over, as far as law and order is concerned, last year Rs.1200 crores were given to the Home Minister for his Home Department. More than ten days have elapsed regarding holding of talks with naxalites. Have you worked out any modality so far? Atlest tell me one modality. What steps they are going to take?

10.50

Sir, the Chief Minister does not want to say anything in this august House. He addresses the training camps and says: ‘yes, we are working out the modalities’. More than 12 days have passed since he has called for the meeting of all parties wherein unconditionally we have told him to hold talks. We want this mindless and the cycle of violence should end. But, at the same time, I would like to reiterate our party's stand that we will not be a member on that committee. The ball is in your court. It is a poisonous thing, which you have to drink. You are the ruling party. Time and again, you say that
we are politicalising. Now, I am making my party’s stand clear once again. We are giving a blank cheque and you hold talks. At the same time, you ensure that the cycle of violence ends and that there is peace and prosperity in the whole State of Andhra Pradesh including the Telangana region.

As far as law and order is concerned just now, our Hon’ble Member has mentioned that a resolution has to be moved. With regard to what happened to Sabarmathi Express Train I condemn that incident because violence breeds violence. It is not an end. It is not the way to solve a problem. It is not a way to construct a mosque over there. Two wrongs do not make a right. I totally agree and I would like this Government to know about it. The senior Hon’ble Member has said that during NDA tenure no communal riots were there. In two days the police sponsored destruction took place. Yesterday, an ex-MP belonging to the Congress Party along with his family was burnt to death. I have condemned that incident. I am not hurting his ideological feelings. I am not hurting his sentiments. What I would like to know is where will this end. You say that you are supporting this Government. This is your baby. NDA is your baby. But, your baby is doing something else. I am not blaming the BJP or Sangh Pariwar for what happened the other day. I will blame the Hon’ble Chief Minister, Sri N. Chandra Babu Naidu. He is accused No.1 for what happened over there. He is accused No.1. I am not blaming you because we know for what they stand. It is the Hon’ble Chief Minister, who is accused No.1 because of his unstinted and unconditional support to the Government over there. Wanton destruction has taken place. People have been killed over there. Hundreds of people were killed yesterday.

SRI ASADUDDIN OWAISI: Sir, we do not want his Government to fall. Please continue. You complete your term. We are waiting. You continue. We do not want you to fall. We want you to reap the full fruits of your power. Make hay while Sun shines. You continue. The other day, you made a very tall claim. But, yesterday, the whole claim has been destroyed. Am I in Gujarat? Am I Narendra Modi? No. I am not. Who is next to Karseva? It is your party. You are supporting.

(Interruptions)

I am not blaming you. I am not blaming you. Why are you getting angry? You should be happy. I am not blaming you. In fact, I am not saying that you have killed. Mr. Jaffer is there. You have killed as a family.

(Interruptions)
No. You have not done it. People know who have done it. How can you do it? How can I do it? You have made allegations. How can I be a friend of Bin Laden? I have not seen him even on a wider screen. Why do I want to see him? I am an Indian. I am proud to be Indian. Tomorrow, if there is a situation, which demands that I have to give life, I categorically say that for this great nation I will definitely give my life. I will sacrifice the whole of my family. In fact, I am the first person and if you have competition between Indrasena Reddy and Asaduddin Owaisi then Asaduddin Owaisi will win the competition to safeguard the country's integrity.

(Interruptions)

Sir, it is not a laughing matter. It is a serious thing. I am very serious about it.

Sri N. Indrasena Reddy: He should speak in the same language.

SRI ASADUDDIN OWAISI: Sir, I think he has a hearing problem. I am speaking in the same language in audible language. He can understand and all the people can understand.

I request the Hon'ble Chief Minister and the ruling party to think at least now. I am pleading with you think twice before you do anything. This cycle of violence should end. Our army is posted at the borders and we are facing a bigger threat from our neighbour. This violence will help whom now? Who is ISI agent? You tell me. Okay. That incident took place on the Express Train. I have condemned and I am condemning it again. But, why do you always think about action and reaction? Action is the cause of reaction. Even the American Congress has told President Bush not to go in for killing the terrorists but look at the cause of it. What are the causes of it? I am saying with full responsibility that one of the causes is the vociferous claim made by VHP. On the first day of the Assembly Session when there was a Short Discussion with regard to the attacks on minorities, SCs, STs and B.Cs I have mentioned in this august House that people were going from Nampally and Secunderabad Railway Stations. But, the Hon'ble Chief Minister had gone on record and said: "You are making a big thing out of nothing'. Sir, what is happening now? Why did not you stop then and there? What are the consequences of it? You please end. Please end. I would like to mention one thing. There is going to be an acid test for all of us. I would like to make a fervent appeal from this august House through you that we have to maintain peace in our State, in our Hyderabad City. We should not allow these lumpen elements to play havoc with the lives of the people or their properties. On this score, we are one with you. We will throw in our weight to help you ensure peace in Andhra Pradesh. But, at the same time, you have to re-examine your stand. For the first time, after two years because of your unstinted and unconditional support that violence took place in Gujarat. More than 100 people died from both the communities. It is not the Muslim community alone. Both communities are there. It is the innocent people who have lost their lives. It is the loss of human beings. Our democracy is being thrown to winds.

You talk about Mulayam Singh Yadav and V.P. Singh. They are great people because they have given up their power. Do not succumb to the wishes of Sangh Pariwar.

The Hon'ble Chief Minister has given two statements yesterday. One is that after listening the Union Budget speech he has gone to the TDP Office and said. But, what he has said? What he said has come in the "The Hindu" Newspaper. They have put it nicely. 'The CM raps the Centre on LPG hike'. It is in Page (5) of the Newspaper. 'The CM says he criticized the Centre for the hike in the prices of Cooking Gas, Kerosene and cutting subsidy on fertilizers. The Telugu Desam Party would oppose the hike'. It says Mr. Naidu was peeved with the steep hike in the price effected in the name of reforms. The interests of the vulnerable sections could not be ignored. Sir, please let him tell as to what is the difference between what the CLP leader is saying and what I am saying and what he is saying and as a matter of fact, what my friend, Mr. Narasimhaiah has been saying over here. Sir, I would like to assure the Hon'ble Chief Minister that we are not against reforms. But, we are objecting the way in which the reforms are being effected. Because of the way in which the reforms are being introduced and because of the conditions imposed by the World Bank the people are suffering quite a lot. This is what we are claiming. When you see at the face of reform it is fine. What is sass for cakes
is sass for candies. Again in page (3) it is like this: ‘The budget fails to focus.’ While welcoming the Union Budget as reform oriented. Sir, why this double policy? Why this hypocrisy? The TDP Office says one thing and the C.M's Office says another thing. The Chief Minister says that he has spoken something as the President of the Telugu Desam Party. Again, he says that he has spoken something as the Chief Executive Officer of the State. There should be a continuation and comparison in what you preach and what you practise. In such circumstances, how can we accept it? Consistency is not being there. All these things are there. There is a big confusion. Two in one. I do not know how many ones and how many twos are there. May God knows and those people know it. There is a split personality over here.

I hope that the Finance Minister will not make us to fall deep in the debt trap. In fact, already, we are in debt trap. I request him.

SRI Y. RAMAKRISHNUDU: Sir,

SRI ASADUDDIN OWAISI: I am not yielding. I am not yielding.

SRI Y. RAMAKRISHNUDU: Mr. Owaisi, I never requested you to yield. I requested the Hon'ble Chairman to give me permission. I never asked you to yield. You can take your time. I am requesting the Hon'ble Chairman to give me permission. If he gives permission I speak.

CHAIRMAN: Mr. Owaisi, you have to yield.

Dr. Y.S. RAJASEKHARA REDDY: Unless there is a Point of Order he is not obliged to yield.

CHAIRMAN: The thing is if a Member wants to intervene then the Member who is speaking can yield. It is a good parliamentary practice.

Dr. Y.S. RAJASEKHARA REDDY: It is not a rule.

CHAIRMAN: It is a convention.

11.00

When the Minister wants to intervene he can yield.

You must ask the member first.

CHAIRMAN: Rajasekhara Reddygaru,..........

No, no, you cannot do it. It is not correct. It is against Parliamentary practices. You cannot do it. How can you do it?

SRI ASADUDDIN OWAISI: How can you allow?

(INTERRUPTIONS)

(విప్పనీయాలు ప్రయోగం మాత్రము కాగా ఇక్కడ రాజషేఖర రద్దీగా)
What is this? You cannot dictate. No. You cannot dictate.

CHAIRMAN: Please resume your seats. I am going to speak. Please resume your seats.

Dr. Y.S. RAJASEKHARA REDDY: It is not correct.

CHAIRMAN: Let me complete. We are giving. We are allowing. It is a good convention and a good practice.

SRI P. ASHOK GAJAPATHI RAJU: I have a submission Sir.

SRI ASADUDDIN OWAISI: I too have a submission Sir.

Dr. Y.S. RAJASEKHARA REDDY: You cannot force him. It is not correct.

CHAIRMAN: I do not know why you are objecting it. It is a convention.

We are very much aware of Parliamentary conventions. It is not that we are new to the job. We can ask. Through you he can ask to yield. If the Member who is speaking yields then he can rise and talk. Otherwise, he has no business to talk. Unless the Member yields he cannot do it.
It is not correct. Unless the Member yields you cannot give permission. You cannot do it. It is not correct.

Please resume your seats. I know it.

SRI ASADUDDIN OWAISI: Let me complete.

The speech of Sri Asaduddin Owaisi is very much impressive. When the Minister for Legislative Affairs desired to intervene, he sat down.

SRI Y.S. RAJASHEKHAR REDDY: No, Sri Asaduddin did not yield to him.

SRI ASADUDDIN OWAISI: Let me complete my speech Sir.
SRI P. ASHOKGAJAPATHI RAJU: The Leader of the Opposition has cast certain aspersions on the Chair.

Dr. Y. S. RAJASHEKHAR REYDDY: Yes.

SRI P. ASHOKGAJAPATHI RAJU: We are in a parliamentary democracy. We have a Constitution that governs us. In fact, we are all being created by the Constitution. To promote civilised
debate and not uncivilised debate, certain guidelines and rules of procedure were framed and accordingly we are going ahead. The Leader of the Opposition is openly asserting it in this House. This is totally in violation of Rules 277 and 280 and it also amounts to breach of privilege. It is a reflection on the entire House and also the Hon'ble Speaker. It is in fact dictation to the Chair. It is our duty to protect you and vice versa. You have got your duty to protect us. Therefore, what I request the Chair is to please suo motu refer the issue to the Committee of Privileges. Also in order to promote healthy democratic debate on the Floor of the House, this is not a dictation from any source and it should never degenerate to that level, I request the Chair to kindly request the Leader of the Opposition to behave like a parliamentarian. If he decides on his own, it is well and good. Otherwise, the people are there to decide him. His behaviour is totally incorrect, unwarranted and undemocratic. It is nothing but demonstration of fascist thinking which is absolutely unfortunate.

11.20

SRI ASADUDDIN OWAISI: Is it the way the Minister addressing the Leader of the Opposition? The Minister is addressing him as Fascist. What kind of language is he using? How can you use that language against the Leader of the Opposition? Mr. Chairman, Sir, how are you allowing him to speak like that?

CHAIRMAN: What is your objection?

SRI ASADUDDIN OWAISI: The Minister is using quite unparliamentary language against the Hon'ble Leader of the Opposition.

CHAIRMAN: I will verify the records and if there is any unparliamentary language used by the Minister concerned against the Leader of the Opposition, I will expunge it from the records.

(INTERRUPTIONS)

The Chair cannot please anybody and the Chair has the discretion to give mike to anybody as it feels right and necessary.
Under Rule 283 of the Rules of Procedure and Conduct of business in the House, the Government is entitled to clarify the position when an irrelevant matter raises by any Member in the House.

let us not go into the yesterday's issues.

let us not go into the yesterday's issues
CHAIRMAN: The whole thing was going on very smoothly and very happily. Anyway, it is unfortunate. Mr. Owaisi, please continue.

SRI ASADUDDIN OWAISI: Sir, if such is the reaction for 45 minutes of my speech, then what would happen when Sri Narasimhaiah and Sri Chandrasekhar Rao speak. Winding up speech will be there on Monday. They must not be so impatient. This behaviour is not good.

The Hon'ble Chief Minister has made a statement wherein he has said that he was peeved with the steep hike in LPG prices and stated that in the name of pursuing reforms, the interests of vulnerable sections could not be ignored. This double talk, this split personality and this Jackal and Hide personality is destroying our State.

DR. N. SUDHAKARA RAO: He cannot use such words.

SRI ASADUDDIN OWAISI: Sir, in conclusion, I would like to state that the State is already in a debt trap. When loans were taken from the World Bank, this Government has claimed that it was for capital expenditure. Now, things have come to such a stage that loans are being taken to pay back the principal amount that was taken by this Government. Moreover, there has been no asset creation. Only funds have been utilised. Sir, the conditionalities of the World Bank are destroying our State. Our future generations have to pay for the misdeeds or the wrong economic policies that are being pursued. I request the Hon'ble Finance Minister, at least realise now it is the time for them to stop meekly accepting the conditionalities of the World Bank. Sir, the Telugu Desam Party has a major role to play at the Centre. There is enough money in our Nationalised Banks. The Hon'ble Chief Minister can put forward a proposal in the National Development Council and have a policy wherein all the States can get loans at low rates of interest. Financial allocations from the Nationalised Banks could be utilised for developmental activities. The conditionalities of the World Bank are the worst. The Government might ask us to get loans at a lower rate of interest. Or they might ask us to get 30% grant and 70% loan. But what about the conditions? What is the net result? What happened to the Zero Based Budgeting and Mid Term Fiscal Framework? These are the issues the Government has to understand.

Sir, I have come to know just now that Sri M.A. Gafoor, an Ex-M.L.A. has been arrested in Kurnool. We would like to know the reasons as to why he has been arrested? Sir, he was mis-handled and he was physically abused. For whatever reasons, he might have been arrested, it is really a shameful thing.
Lastly, I request this Government to please ensure that peace is maintained not only in our State but also at the ‘disputed site’ at Ayodhya. The Government has a vicarious liability. It is also their responsibility because they are supporting the Government at the Centre. They cannot run away from their responsibility. They should ensure that of the Ac.67 of land, not even a single inch of land is given to the V.H.P. which they are demanding. God forbids, if **Status quo** is changed, then I can say with full responsibility that we will have one more turmoil. Muslims will not keep quiet as in the year 1992. We were deceived then. But we will not be deceived now. It is high time that the Courts of law, the Judiciary comes to our rescue. Sir, we are being tested from time to time. All serious issues can be decided. But this particular issue cannot be decided. We request that **Status quo** of the land should not be changed. We will accept the judgment of the Supreme Court. But if anybody, based on their majority, based on their numerical strength and cadre would go and try to alter the land, we are not going to keep quiet. It is high time that we come together and ensure that these ★★ elements, these ★★ elements of our society restopped from taking law into their own hands. What has been done in Gujarat yesterday. Thank you Sir.

DR.K.LAXMAN: How can he talk like that?...

SRI P.ASHOKGAJAPATHI RAJU: I am on a Point of Order?

CHAIRMAN: You will get the chance to speak. Let it be on record. You can always deny that.

SRI P.ASHOKGAJAPATHI RAJU: Sir, I wanted to raise a Point of Order. We have in our rules, a rule which prevents a tedious repetition. We also have a convention wherein it does not allow a second speech. Third and subsequent time, it is definitely a tedious repetition. Similarly, if it is 10th time or 15th time, it becomes more so. So, I want the Chair to his point of view clearly, if the Chair agrees with me and request all Members to discontinue tedious repetition including especially the Leader of the Opposition. This is my point of order.

** Expunged as ordered by the Chair
CHAIRMAN: I will see the records and expunge.

SRI ASADUDDIN OWAISI: Ac.67 of land is a disputed land. I still categorically say that. All Opposition Parties.....

(INTERRUPTIONS)

CHAIRMAN: Why do you want to go into it?

SRI ASADUDDIN OWAISI: Ac.67 of land is a disputed land. I still categorically say that. All Opposition Parties.....

(INTERRUPTIONS)

CHAIRMAN: This is all irrelevant. This has nothing to do with the Budget.

Speaker Sir, I am only substantiating your point of view. Let us not go further into this. Let us not continue this. At any cost, as on today, let us put a stop to this.

I am requesting the Government to come forward with a Resolution.
I am requesting the Government to come forward with a Resolution along with this. There should not be any problem at all.

We will discuss with our Party Leader. Regarding the proposed legislation also, we will also have a discussion within ourselves and then we will come forward to the House.

Innocence of law is inexcusable.

Leader of the Opposition has pleaded with the Chair to request the Government.

We have registered our protest and we are well within our limits. I do not know why the Hon'ble Minister should take an objection to it.

We have just done our duty.

Centre for monitoring the Indian economy

1.30

In its 9th Assessment the Centre for Monitoring the Indian Economy (CMIE) has presented its findings on the recent economic scenario in India. The CMIE's latest report covers the period from April 2000 to March 2001. The report highlights the performance of various sectors of the economy, including agriculture, manufacturing, and services. It also provides an overview of the macroeconomic indicators such as inflation, unemployment, and growth.

The report concludes that the Indian economy has shown signs of recovery in recent months. The growth rate has picked up, and inflation has come down. However, the report also notes that there are some concerns regarding the sustainability of the recovery.

The report recommends that the government should focus on improving infrastructure, increasing investment, and supporting small and medium enterprises. It also suggests that the government should take measures to reduce poverty and inequality.

The full report can be downloaded from the CMIE's website.
