6) వివిధ
SRI ASADUDDIN OWAISI: Madam Speaker, through you I would like to draw the attention of the Hon'ble Minister to the first report of the House Committee on Wakf Properties that was presented to this august House on 10-01-1997. At page 251 of the report, the House Committee has recommended to the Government to divide and decentralise the administration of the Wakf Board into three wings viz., Administration, Development and Welfare. The House Committee recommended that the Administration wing will look after the protection of wakf properties and other related matters, the Development wing will look after the development of wakf properties and the Welfare wing will look after the welfare of Muslim community in the wakf institutions.

The House Committee also recommended to the Government to set up regular Wakf Board offices in all the district headquarters of the State with supporting staff including Surveyor and Auditor and officer of the cadre of Deputy Secretary should be posted for the purpose of administration, supervision, control and management etc. As of now, only one Inspector and Auditor in each district are working. I submit that they are not at all sufficient to protect the wakf properties.

Will the Minister and the Government consider the recommendations given by the House Committee on Wakf Properties i.e., to have three separate wings in the district level that are to be headed by Deputy Secretary level officer so that protection, development of wakf properties and welfare measures can be taken up? I submit that this is a very good device wherein we can protect and increase the income of the wakf properties.

SRI N. MD. FAROOQ: Madam Speaker, it is a very good suggestion, to which I am also agreeing. But we have also to take the recommendation of the Wakf Board.

MINISTER FOR HEALTH AND MEDICAL (DR. N. JANARDHAN REDDY):

Sri N. Varada Rajula Reddy Will the Minister for Health, Medical and Family Welfare be pleased to state:

a) Whether it has come to the notice of Government that corruption is rampant in Gandhi and Osmania Hospitals mortuary;

b) Whether it is also a fact that attendants of deceased persons are being forced to pay huge sums to the officials of the said Hospitals for giving favourable report; and

c) If so, the number of persons punished in this regard and action taken to prevent such evil activities?
a)&b) No specific instance of corruption in Gandhi and Osmania General Hospital Mortuaries and of attendants being forced to pay huge sums to the officials of these Hospitals for giving favourable report has come to the notice of Government.

c) Keeping in view the general allegations against the staff working in Mortuaries, the Hospital authorities have made arrangements to hand over bodies after postmortem examination to the relatives of the deceased in the presence of the public, and no unauthorized person is allowed inside the mortuary.

SRI ASADUDDIN OWAISI(Charminar): Madam Speaker, according to the Hon’ble Supreme Court of India’s judgment, pension is the property of pensioners. Am I wrong that whenever the Central Government releases the Dearness Allowance, the State Government follows it? The Central Government has already released the Dearness Allowance pertaining to July, 2001 and January, 2002, to its employees both working and retired. Why is that the State Government not followed it. Previously, there were precedents wherein the State Government followed the procedure of the Central Government. Further, these pensioners are the retired people and they don’t have any other sources of income other than receiving pension and Dearness Allowance from time to time. Therefore, in the fitness of things, I request the Hon’ble Minister for Finance and Legislative Affairs to kindly do justice to these old-age retired people. Be considerate and liberal towards these senior citizens. I request the Government to respond in a positive manner as the lakhs of pensioners in the state are awaiting the decision of the State Government.
We are re-examining the whole issue.

We will take the views expressed by the Hon'ble Members into consideration. As I have already said, we are re-examining the whole issue.
SRI Y. RAMAKRISHUNDU: I request the Hon'ble Member not to mislead my statement. I have never said that I would consider the issue. I only said that we will re-examine the whole issue.

MADAM SPEAKER: Question No. 284(4660) is withdrawn by the Member.
Why the Government is not pursuing that matter to recover the money and punish the culprits?

1999–2000  15,000  4.5

so far no action has been taken.

Why the Government is not pursuing that matter to recover the money and punish the culprits?
action has been taken by this Government to punish the illegal encroachers? What action the Government is going to take?

Therefore, the Government has to assure to this august House that they would take suitable action against all these illegal encroachers.

SRI Y. RAMAKRISHNUDU: There are three issues involved in it. First one Venkateshwara Co-operative Society, second one Vijaya Co-operative Society and third one...
MADAM SPEAKER: It is 9.30 a.m. From now onwards, single supplementaries.

SRI Y.RAMAKRISHNADU: I request the Hon’ble Members not to insist on this issue. It belongs to the legislators.

SRI Y.RAMAKRISHNADU: I request the Hon’ble Members not to insist on this issue. It belongs to the legislators.

SRI Y.RAMAKRISHNADU: I request the Hon’ble Members not to insist on this issue. It belongs to the legislators.

The act was made two days ago. According to the act 5 copies of marriage registration documents are given. Out of which, one is given to the boy and one is given to the girl, one to the Waqf Board and one to the Archives Department. It is used and it is accepted all over the country as the registration document. I request through you the Government to please bring an official amendment and please exempt the Muslims from this act because we have already a form and the one which is given in this Bill is exactly similar to what we have been following for the last 100 years. I request the Government to come up with an amendment so that we are exempted from this act.

SRI YOUNIS SULTAN(Khammam): Madam Speaker, this matter relates to the Revenue Minister. In 27th Ward in Khammam Town for the last 50 years 100 S.T families have been living. In 1960 pattas have been issued to them. Recently a private person is claiming this land for acquisition. The District Collector is washing off his hands. Therefore, the Government should direct the Collector to safeguard the interests of the said S.T families. Unless and until the Government goes to their rescue protection will not be there for them.

there is a meaning. But this cannot be converted into a debate. Any way, we are going to have a debate on Appropriation Bill. He can speak at that time.

pumping of water from Ali Sagar Reservoir has become very difficult for the past one week.
CHAIRMAN: The statements to be made under Rule 74 and Rule 304 are deemed to have been made.
SRI Y. RAMAKRISHNUDU: Chairman sir, the 16th round of Janmabhoomi was held in the State from 2nd to 11th January, 2002. Large number of proposals for execution of community works has been received in the gramsabhas held during the 16th round. Guidelines have been issued to sanction such proposals under the normal schemes of the Government including SGRY, Decentralised Planning and Food for Work.

In addition to the funds available under the normal schemes and programmes implemented by various government departments and local bodies for execution of community works at the district level, government have decided to release funds under Decentralised Planning and Janmabhoomi.

Rs.75 crores in shape of cash and 1.99 lakh MT of food grain under Food for Work programme valued at Rs.112.50 crores have been allocated under Decentralised Planning to the districts. 40% of the cost of the works will be met in shape of cash and the balance 60% will be met in the shape of food grain giving preference to labour intensive and drought proofing works like checkdams, rock filling dams and water harvesting structures. 30% of the above funds will have to be compulsorily used for creation of assets in SC, ST localities without insisting on people’s contributions from them.

Rs.102.90 crore have been allocated at the rate of Rs.35 lakhs for each Assembly Constituency as cash component under Janmabhoomi, out of which Rs.12 lakhs will have to be compulsorily used for works in SC, ST localities without insisting on people’s contributions and Rs.23 lakhs will be utilized in non SC/ST localities along with people’s contributions of atleast 30% of the cost of the work. In addition to Rs.35 lakhs released in shape of cash, food grains allotted to the districts under Food for Work programme will be dovetailed towards the wage component for the works sanctioned under Janmabhoomi. Guidelines have been issued for receiving people’s contribution upto 15th March, 2002.

The total government share required in municipal areas will be shared equally by the municipality/corporation out of the funds available with them with the government share in cash of Rs.35 lakhs allocated for each Assembly Constituency. Wherever municipal share is not forthcoming, the total government share in cash of Rs.35 lakhs allocated per Assembly Constituency will be utilized to match the people’s contributions received without linking to food grains under Food for Work programme.

There is no people’s contribution stipulated for works in SC, ST localities. However, people’s contributions forthcoming in SC, ST localities will be preferred giving priorities to those localities giving higher percentages of people’s contributions. Similarly, in non-SC/ST localities, priority will be given to such of the habitations/wards, wherever people’s contributions are received more than the prescribed percentage of 30% in the descending order for sanction of works.

2. ప్రాథమిక సంస్థలు, ప్రాథమిక విద్యాసభలు దివ్యార్థులకు సంబంధించిన 30 మాసం థేములు

DR. N. JANARDHAN REDDY: Chairman sir,

1. There is one Primary Health Centre functioning at Subulai Colony of Hiramandalam in Pathapatnam constituency. Presently it is in a rented building. The site for construction of
Primary Health Centre building was alienated and handed over to Medical and Health Department on 26.11.1991.

2. The Government has received proposal for construction of a new Primary Health Centre building at Hiramandalam in Srikakulam district at a cost of Rs.18.00 lakhs. The construction of Primary Health Centre will be taken up according to budget availability.

3. There is no proposal to upgrade the Primary Health Centre, Hiramandalam to a 30 bedded institution as a 30 bedded Community Health Centre at Pathapatnam is already functioning as a Referral Institution in Pathapatnam Assembly Constituency.

SMT. S. SARASWATHI: The Government has acted in a prompt and systematic manner since April, 2001 to streamline the procedure of adoption, duly protecting the child rights and ensuring her/his welfare and to penalise the guilty. As per the rules issued under A.P. Orphanages and other Charitable Homes (Supervision and Control Act, 1956) it has been made mandatory to register every abandoned child with the Project Director, DW & CDA, at the District. The department rescued 226 children. The Government has given paper notification in leading Newspapers including announcements in Doordharshan / Cable T.V. Network, beat of Tom Tom in Thanda areas in order to restore back these children to their biological parents. 18 children have been restored successfully. 15 Mentally Retorted and Physically Handicapped Children and 9 Grownup children are given to NGO's running recognized Orphanages, 177 children were found free for adoption. 38 are processed for Inter-country adoption. Out of balance 139, 117 children have been placed for in-country. For balance 22 children there are 211 pending applications which are being processed expeditiously.

As per the Supreme Court judgement in order to encourage the in-country adoptions Government decided to place rescued children for in-country adoption on priority. The selection of adoptive parents is done after proper Home Study. As per G.O.Ms.No.16 the Government will do the follow up of each and every child in adoption for six years till the child is admitted in primary school.

The State Government decided to process cases of 42 children for inter-country adoption through Guild of Service, Hyderabad. Since No Objection Certificate was already issued to them by Central Adoption Resource Agency. Subsequently, four cases were withdrawn. Cases of 36 children have been filed. As against these cases of 32 children the court has pronounced the court orders, the guardianship certificate has been issued for 29 children. 13 children have left the country. 16 children with guardianship certificates have not left the country. In five cases the department has filed revision petition in the Hon'ble High Court. One case was dismissed and other four cases are pending in High Court.

Procedure for adoption:

- Firstly, prospective adoptive parents should register themselves with Project Director, District Women and Child Development agency, Department of Women Development & Child Development. (These offices are located at all 23 District Head Quarters) or in Adoption Cell, Directorate of Women Development & Child Welfare Department, Amirpet, Hyderabad.
- The prospective adoptive parents should submit the original documents related to their health, financial and social status along with the application form.
- The concerned officer / Extension Officer, office of the Project Director, District Women Development and Child Welfare Agency, Women Development & Child Welfare Department, will conduct a home study of the prospective adoptive parents.
- Directorate of Women Development & Child Welfare Department will match the baby to the prospective adoptive parents meeting the description, if any desired by the parents.
After selection by prospective adoptive parents a child is shown.  
Once a successful matching has been done and if parents are willing to take the baby in Foster Care, on producing Rs.100/- bond agreement, baby will be given to the prospective adoptive parents immediately.  
Subsequently, the prospective adoptive parents file the petition in Family Court for obtaining the necessary orders under Hindu Adoption & Maintenance Act, 1956 or Guardian & Wards Act, 1890.

2. ස්‍රී මුණිති කරිකා නිර්මාණය විසින් විස්තරය

SRI B. GOPALA KRISHNA REDDY: The Government of Andhra Pradesh has taken up several key initiatives in the area of e-Governance with a view to take the benefit of Information Technology to the common man. E-Seva, one of the e-governance initiatives, offers a wide spectrum of citizen-friendly services to facilitate the citizen of getting several services of Government at a single point and thus avoid the botheration of running around various departments for such services. E-Seva ensures a one-stop venue for services of various state and central government departments in an efficient, reliable, transparent and integrated manner on a sustained basis through a chain of computerized Integrated Citizen Service Centres (ICSCs). These services to the citizen are available not only through ICSCs but also through Internet @ www.esevaonline.com.

e-Seva, a new paradigm in Citizen Services, provides online transaction processing of payments, issue of certificates, permits & licenses and many other services. It covers various departments like AP TRANSCO, BSNL, HMWS&SB, Regional Passport Office, MCH, APSRTC, Registration & Stamps, Commercial Taxes, Small Savings, Transport, Tourism and Medical & Health of both State Government and Central Government.

The Salient Features of e-Seva:

- Real time online transactions
- Operates from 9 AM to 7 PM on all working days and is open on Sundays and Second Saturdays also from 9 AM to 3 PM
- Electronic queuing system
- All services at any counter at any place in the city

Service Centres

There are 17 e-Seva centres spread across twin cities with 129 counters @ 8 to 10 for each centre. Twenty services pertaining to 8 departments are made available through e-Seva at present. As of now, 12,000 citizens approximately are utilizing the services of e-Seva everyday. Each transaction is taking approximately 1½ to 2 minutes and the maximum waiting time during peak hours is 20 to 25 minutes. Since inception (25.8.2001) upto 20.3.2002, 7,15,398 transactions have taken place and the revenue collected is Rs.85, 33,10,591-00. Thus, e-Seva collected 40% of the total demand of APCPDCL and 37% of total demand of HMWS&SB.

It is proposed to extend the e-Seva facilities to 3 more centres in the twin cities and 12 centres in Rangareddy District. Above Centres will be operational very soon.

Extension to Districts
For replication of e-Seva in all the Municipalities in the State, a draft Request for Proposal (RFP) was prepared and approved by the Government and the plan of action decided upon is to expand the e-Seva services to all the 117 Municipalities in the state in two phases over two financial years. In the first phase it is proposed to extend the e-Seva facility to 56 Municipalities including Municipal Corporations, Selection grade, Spl. Grade, First Grade Municipalities covering a population of more than 80% of the total municipal population.

In all 146 centres having 1460 counters will be established in the first phase of 56 Municipalities. The Joint Collectors will be the nodal officers at the District level and at the Municipal level the Commissioner, Municipal Corporation / Municipal Council will be directly responsible for the establishment and smooth functioning of the e-Seva centres. Following are the District wise number of Municipalities and households proposed to be covered along with the number of proposed centres:

Whether we are sitting in Opposition or in Ruling, it does not make any difference. Education must be provided to everybody so as to make them courageous and self-reliant.

health for the Child and health Projects. Round the clock Health Centres for Women

That is the beautiful description given by the technical authorities.

Round the clock Health Centres for Women 61
The cruel treatment of animals is a serious issue. The law mandates that no animal shall be subjected to cruelty or other forms of abuse. The penalties for violating these laws are steep, with fines ranging from Rs. 150 up to Rs. 500. In cases of severe cruelty, the punishment can include imprisonment for up to one year. The government has been proactive in enforcing these laws, with regular inspections and investigations. As a result, the reported incidents of animal cruelty have decreased significantly.

The year 2020 marked a positive trend in the number of animal cruelty cases. In fact, the number of incidents dropped by 20% compared to the previous year. This is a testament to the hard work of the enforcement agencies in ensuring that the laws are enforced.

As of 12.20...

However, despite these efforts, the problem of animal cruelty is far from solved. It is crucial that we continue to work towards a future where animals are treated with respect and kindness.
preference must be given.

71
SRI ASADUDDIN OWAISI : Mr. Deputy Speaker Sir, first of all, I would like to thank you for giving me this opportunity.
Sir, the Hon'ble Finance Minister during his last three Budget Speechs and the Hon'ble Chief Minister at various fora have repeatedly promised the people that they are bent upon providing overall economic prosperity to the State. Observing the recent course of events, one can easily come to a conclusion that the said promise had not only become an "unreality" but also a "teasing illusion". I think these are the words which rightly describe this Government's performance during the last few years.

Sir, the opposition, always used to claim that this Government during the last few years had increased the taxes and thereby burdened the people of Andhra Pradesh. Sir, our claim is an absolute truth and can be corroborated or substantiated by the figures presented to this august House, by none other than the Government itself.

Sir, I would like to draw the attention of this august House, through you, to page No.40 of Budget in Brief, which contains information on Stamps and Registration. Sir, one can observe that during the year 1994-95, the collection was Rs.313,60,000 lakhs and in the year 2002-03 it has increased to Rs.821,00,950 lakhs. Sir, similar is the case with Excise. From 187,00,00 lakhs it has increased to 443,71,50 lakhs. Sir, there is a two fold increase in State Excise. Sir, taxes on Sales have increased from Rs. 2827,24,250 lakhs to Rs. 8754,40,000 lakhs. Here, the increase is not only two fold but even trebled. Sir, 1994-95, taxes on vehicles is Rs.355,20,86 lakhs and now it had increased to Rs.1032,75,79 lakhs, thus registering a two fold increase. Sir, taxes on goods and passengers, in the same year was Rs.11.71 lakhs and in 2002-03, it had increased to Rs.70.40 lakhs. Sir, now comes taxes on duties of electricity. It was Rs.84,12 lakhs and it has now increased to Rs.499 lakhs now. Sir, it had more than doubled. Sir, all this clearly shows that this Government is doing quite opposite to what it says.

Next Sir, I want to say something about APSRTC. Sir, in page-28 of Budget in brief, a mention was made with regard to increase in revenue. The passengers carried in the year 1994-95 were 119.40 lakhs. It has come down to 105.64 lakhs. In 2001-02, the occupancy ratio was 76% and now, it came down to 61%. Sir, what does this performance show? It clearly shows that the bus-fares have been increased, motor vehicle taxation has been increased, but the number of passengers being carried daily, has been reduced. The occupancy ratio has come down.

Sir, for the people of Andhra Pradesh, there are alternative means of transport. They can use autos, seven seaters, private buses etc. But what about power? The people of Andhra Pradesh have left with no other alternative but to buy it from AP Transco. Sir, the Hon'ble Chief Minister, day-in and day-out talk about the success of power sector reforms. He talked about Uniter Kingdom. Sir, many companies are there. Power Grid is there, Power Zen is there and Nuclear power is also there. Sir, why do not the Hon'ble Chief Minister always talks about other countries? He can give examples like Australia and Aragentina. What has happened over there.? He can also talk about New Zealand. Sir, right now, in United Kingdom, a huge outcry is taking place due higher power tariff rates. People are resenting over there. From the day, the present Chief Minister had assumed power, the rates of A.P. Transco have increased by 200%. Sir, despite that, it is still in doldrums. But Sir, the people are left with no other alternative but to buy power from AP Transco. Sir, AP Transco is a bottomless pit. I do not whether I would live to see that day when AP Transco would earn profits.

Sir, I would like to say something about jumbling system. Sir, the Hon'ble Chief Minister had juggled with the examinations and playing havoc with intermediate students. The Chief Minister's dream of making Andhra Pradesh a total literacy State may not come true if one can see the allotment of Intermediate Examination Centres. In rural areas, the examination centres were allotted 35 Kms,
away from the colleges. Due to this, the students have to travel nearly 35 Kms from their places, daily, to attend to their examinations. Sir, the worst hit is Mahaboobnagar District, where the distance found to be more than 35 Kms. Sir, our Chief Minister had a Tuglaq mind. Tuglaq had also changed his capital, so had the Chief Minister changed the examination centres, putting students to lot of hardships. Sir, instead, he might have changed the invigilators, for the simple reason that few thousand invigilators would be there. But we got more than 20 lakh students. Sir, is it the prudence that they are talking about?

Sir, on March 5th, the Comptroller and Auditor General had send his report. But today being the last day, this Government had tabled it, assuming that the opposition parties will not go through it and cannot expose their misdeeds. Sir, their misdeeds were not exposed by Wartha, DC or Hindu, but by the reports given by CAG.

Sir, take for example, CAG's report on Commercial. It is very clear here. The CAG writes " in violation of the rules made by the President of India, the State Government booked an expenditure of Rs.553.71 crores grant-in-aid to local bodies, under Capital Section instead of Revenue Section of the accounts. " Sir, he further goes on to say " This lead to constitute a revenue deficit in the financial accounts for the year 2000/01". Sir, the report also say that " Further, a subsidy of Rs.1667 crores, out of a total Rs.2228 crores to energy sector was classified under Plan Expenditure." Sir, on that day, when this expenditure was presented to this august House, I had opposed the move of the Government stating that they can not show subsidy under plan, as planned expenditure. The remarks made by CAG now, corroborates my statement made on that day. Sir, it has been rightly stated by CAG that one can not show a subsidy as planned expenditure. Sir, the report says " these misclassifications created serious distortions in the financial audit of the Government." Sir, this is a stricture passed none other than the CAG on this Government. It is a clear-cut stricture on this Government. Sir, again on the second page, it was written that " during the year, the Government was heavily dependent on ways and means advances and overdraft for bridging the gap in ways and means position." Sir, what more proof does anybody need to judge the performance of this Government? The CAG is praising the performance of this Government. Sir, the CAG further went on to say that " This extraordinary increase in revenue deposit during the year has shown a 236% increase. From Rs.1254 crores in it went to Rs.4149 crores in 1999. The fiscal deficit had increased significantly from Rs.4976 crores in 1999 to Rs.7306 in 2001." All these were shown under the heading " Indicators of the performance of the State Government. Sir, these indicators were not given by Sri Y.S. Rajasekhar Reddy, but by the CAG himself.

Sir, the CAG further says " the sustainability, flexibility and vulnerability of this Government with regard to financial strength as assessed with reference to certain ratios during the financial year period 1996-97 to 2000-01.. Sir, it says " that the financial condition of the State Government during 2001 continued to show extraordinary increase in revenue deposit over the previous years, despite increase in revenue receipts including the State's share in Union Taxes and Duties. Due to poor ways and means position, the Government have to resort to high volume of ways and means advances." Sir, previously, the Government used to have overdraft for 291 days, but this has increased to 295 days now. Sir, that means only 74 days were left without overdraft, which includes with it Sundays and other public holidays. Sir, this is the position of the Government. But surprisingly, they preach as if they are following fiscal prudence and this is an example for their fiscal prudence.

Sir, I want to quote another page, i.e. page-17, which says " that the Government during 2000-01 was heavily dependent on ways and means advances and overdraft for bridging the gap. It obtained ways and means advances for 295 days amounting to Rs.9925 crores as against Rs.7756 crores during 1999-2000. " Sir, this is in addition to pending balance of Rs.317 crores. The amount actually repaid was Rs.9837 crores, thus leaving a total balance of Rs.405 crores at the close of the year.
Sir, one more point. In the Civil Report the CAG says "that the GSDP ratio has also increased substantially over the years. Sir, in the last para again the CAG had stated that "there is a serious distortion in the accounts due to mis-classification of the grant-in-aid to local bodies and the subsidy to the energy sector. It is clear that the Government had no control over its mounting revenue deposits and it is forced to borrow to improve its financial condition." Sir, this is the hallmark of this Government.

Sir, the hallmark of the party is to beg, borrow or steal. This Government is begging left and right, borrowing left and right. But what assets have they created? They have created nothing.

When we come to “Revenue” in C.A.G. report, an overview of the second paragraph says that at the end of March, 2001 the uncollected revenue in sales tax, state excise duties, motor vehicle taxes, stamp duties and registration fee and taxes on duties on electricity amounted to Rs.2666.46 crores. Out of that an amount of Rs.1469.55 crores is pending for more than five years.

The Hon'ble Minister for Finance is looking very smart today by wearing very bright shirt. But what about the economy of our State? The economy of our State is very dull.

SRI Y. RAMAKRISHNUDU: What Mr. Asaduddin Owaisi is telling is not correct. Our State’s economy is bright. There is no doubt about it.

SRI ASADUDDIN OWAISI: Whether our State’s economy is dark or bright, it has been observed in the C.A.G. report. The ways and means advances have been increased to 294-295 days. If you still call it as bright then I leave it to your wisdom.

(SRI M.V. KRISHNA RAO IN THE CHAIR)

SRI Y. RAMAKRISHNUDU: I should blame Mr. Owaisi because he has sanctioned ways and means for about Rs.3000 crores during last year.

SRI ASADUDDIN OWAISI: We have sanctioned you the amount but that does not mean that like a small child you go on spending it. The small children always want to have toys. You are Finance Minister of Andhra Pradesh and you cannot behave like a small child.

The other day, the Hon'ble Member Sri M.V.Mysoora Reddy had asked for T & D losses. When you have not collected revenues to the tune of Rs.2644 crores, who is responsible? Did Mysoora Reddy and Asaduddin Owaisi stop you from collecting these taxes? Did we come and tell you that don’t collect taxes, don’t collect dues? Who is responsible for this? It is nothing but inefficiency of the Government and the Finance Minister.

The test check on the records of sales tax, state excise duties, stamp duties, registration fees and other departmental offices conducted during the year 2001 revealed under assessment, thereby causing loss of revenue amounting to Rs.666.74 crores in about 2447 cases. This is what you have done. But the Chief Minister says that in Charminar constituency there is 56% T & D losses. He always states that there are huge losses in the constituencies represented by opposition parties.

The Hon’ble Minister for Transport is also present here. I will quote one example. At page six of the Revenue Receipts, it was reported that there are arrears to a tune of Rs.7.81 crores. The Revenue Minister is not here. Since the passing of the Bill on ban on smoking, he has become quiet. After passing of this enactment one good thing has happened, he has become quiet. The arrears towards stamp duties and registration fee amounts to Rs.33.87 crores, the arrears towards the taxes on duties on electricity amounts to Rs.640.18 crores and arrears in sales tax department are to a tune of Rs.1737.91 crores. This is the record furnished in C.A.G. Report.
Coming to “Commercial”, the C.A.G. Report at Page 44 says that the dependence of APTRANSCO on State Government for budgetary support has increased after restructuring and increase of tariff. Instead of decreasing over the previous years, it is increasing, thereby defeating the objectives of reforms. Does it not substantiate what my party and Narsimhaiah has been saying? What has been our contention? We have been clearly telling in our speeches that it is defeating the objectives of reforms. At page 45 the C.A.G. says that reforms should aim at providing functional autonomy to power utilities and the budgetary assistance should be removed by the Government.

At page 59 the C.A.G. Report says that neither improve efficiency nor reduce dependence on Government for budgetary support. In conclusion what it says is that APTRANSCO is required to concentrate and achieve operational efficiency on priority basis and reduce dependency on the Government. Sir, the C.A.G. Report has clearly outlined all the misdeeds, financial mismanagement practiced by this Government.

We could not debate on various demands during this current year. During 1995 when Ashok Gajapathi Raju was the Minister for Legislative Affairs all the demands were passed only after discussing them. He holds that credit. Since many of the demands are not been discussed properly, I would like to bring to the notice of this august House that this Government has promised that they will achieve 95% literacy rate by the year 2005. I want to state that it is a very tall order. Nearly 7.3 crores people have to be made literate. I would like to know from the Government whether they want to have literate society or a knowledge society? What do they want? They want to achieve education based knowledge society or do they want to achieve literate society that is basically enables the people to read and write. I think that it is not going to help. In my view, the knowledge without creating wisdom will not help the people. If you do not have knowledge without clear wisdom then you will not understand the meaning of it and you cannot apply it also. Merely having literacy is not going to help. We should have knowledge based education society. We are in the year 2002 and in another three years time the Government have to achieve the target of 95%. As of now, the literacy rate is only 64% that mean we have to achieve another 31% literacy rate. More than 70% of the primary education’s budget goes towards wages, salaries and not even single paise has been earmarked for the maintenance. But still this Government claims that by the year 2005 they will achieve 95% literacy rate.

It is a known fact that man’s life is so sacrosanct and no one can say that investment on education is a mere waste. The investment on education yields good results than any other type of investment.

1.40

I would like to know from the Government as to why the Government is not giving permission to the private sector to open Teacher Training Institutes other than B.Ed. colleges, TTC and DIETs. In our opinion, it will be right for the Government to encourage private sector. We want to tell that we are also one with them as far as achieving that 95% literacy rate is concerned. Let the Government give tax exemption in the form of property tax. For example, more than 60% of the Government Schools in Hyderabad City are run in rented buildings. The landlords of these buildings are forcing them to vacate. If the Government gives the exemption in property tax these institutions may likely to continue in the same premises. These institutions should have separate power tariff because if these institutions are removed from those localities then hundreds of students will be made schoolless and they will not be able to get their education.

Dr. Gopal Singh Commission has laid down National Education Policy in the years 1986 and 1992. He has identified that the people belonging to Muslim community are educationally backward. The biggest minority of the land is deprived of education and it will become a liability on our nation and may become retarding factor for the development of our great nation. In the case of Scheduled Castes, Scheduled Tribes and Backward Classes this Government has been earmarking nearly Rs.800 crores every year. Our party has been demanding that for the educational upliftment of the minorities, there is a minimum need to also create such a kind of budgetary support. What has the Government given for the upliftment of minorities’ in respect of education? It is only Rs.1.50 crores earmarked for them. I am
not against the Government giving budgetary support of Rs.800 crores to SCs, STs., and BCs. Yes, you have to give it. It is their right. But an effort should be made by the Government to ensure that the literacy rate amongst Muslim community, especially in the female section should come up. And unless and until you give the budgetary support of atleast Rs.50 crores, the Government cannot do it. Let them start with Rs.50 crores this year and increase it year after year. But please do it. The Government has to give budgetary support of Rs.50 crores for educational upliftment of Muslim minorities.

Last year, the Government has earmarked Rs.32 crores to the Andhra Pradesh State Minorities Finance Corporation. But out of Rs.32 crores only Rs.12 crores have been released so far. Will the Finance Minister be kind enough to release the balance before the end of this financial year? Due to non-release of the money the scholarships have not been given to the poor minority students. In Nandyal constituency that is represented by the Minister for Municipal Administration not even a single post-matric scholarship has been given. The same is the case in Rangareddy, Hyderabad, Nizamabad and Khammam districts. This has happened due to non-release of budget. As the financial year is not finished, I request the Finance Minister to ensure that amount that has been promised may be released at the earliest.

Sir, this Government has made the Urdu language as second official language in seventeen districts. What is the budgetary support that this Government is giving? Not even a single Urdu post has been created. If I send a representation in Urdu language to Finance Minister's peshi, I am pretty sure that there is no one in his office to translate that application. It is same in the case in various district collectorate offices and it is same in respect of Chief Minister’s office. Mere announcement of making Urdu as second official language will not help. You have to ensure that budgetary support is given, you have to ensure employment opportunities are created for the Urdu knowing youth. Then only the Urdu language will survive.

As far as the construction of Shadi Khanas are concerned, the Hyderabad City being the capital of Andhra Pradesh not even a single Shadi Khana has been constructed. Please show me atleast one Shadi Khana which you have constructed. Not even a single Shadi Khana has come up in Hyderabad City. Despite making grandeur announcements that so many Shadi Khanas have been constructed, so many have been half constructed and so many number will be constructed in the near future, not even a single Shadi Khana has come up in the capital city.

Regarding Haj House, it is a known fact that the present Haj House has come up beautifully with eleven storeys. This building has been constructed on wakf land. The previous Wakf Board under the Chairmanship of Yousuf Ali, Member of Kamareddy had passed a resolution stating that this property will always vest with the Wakf Board because it is the owner of it. The Government has accepted the resolution. More than Rs.9 crores has been spent for the construction of the building. Out of Rs.9 crores an amount of Rs.4.5 crores has been given by this Government. But where from they gave it? The Supreme Court has given a judgement that more than five thousand acres of land at Devuda village in Visakhapatnam belonged to Darga Ishaq Madani. According to the judgement of the Supreme Court the Government has given the amount towards compensation of the wakf land. Now, the Government falsely claims that they have given Rs.4.5 crores of their own. But it is not Government’s money. Based on the claim of the Government, Haj Committee has been formed and the Minister was made as head and the Chairman of the Wakf Board was made as the vice-chairman. Legally, it is wrong. The Government has no right over it. Normally, the Chairman of the Wakf Board will head the Haj House Committee. The Haj House has been constructed on the wakf property. I request the Government to kindly withdraw the G.O., which states that the Minister is the Chairman and Chairman, Wakf Board is the Vice-Chairman. This will send wrong message that the Government itself is encroaching the wakf properties.

I thank the Finance Minister for increasing Rs.50 lakhs for the Quli Qutubsha Urban Development Authority. But is it sufficient, sir? This authority covers an area of more than five Assembly constituencies. Out of Rs.2.5 crores nearly Rs.1.30 crores will go towards the salaries. Then what will be left for the development activities? What will be left for the road widening works? The drainage system in the Old City has been created more than hundred years ago. The drinking water
pipelines in the Old City have become very old and leaking in many areas, with the result many people are taken to hospitals. Many water bound diseases are reported daily. I request the Hon'ble Finance Minister to increase the budgetary allocations to atleast Rs.8 crores, which he can do. Since the Government wants to develop the Old City, they have to allocate sufficient amounts for taking up development works. The Government has to create employment opportunities for the unemployed youth in the Old City. I submit that the promises made by this Government are not backed by financial allocations.

Coming to engineering colleges, it is a known fact that the number of schools are more than the junior colleges, the number of junior colleges are more than degree colleges and the number of degree colleges are more than the post graduate colleges.

The situation seems to be reverse now. Now we have 174 Engineering Colleges. In some Mandals even where there are no Fire Stations, we have Engineering Colleges. Today the Hon'ble Home Minister was replying on a LAQ. He was laying down norms on having a Fire Station. Mandals which have no Fire Station have Engineering Colleges. These 174 Engineering Colleges require 10,000 ME or M.Tech. qualified staff and 3500 Ph.Ds. The Government is providing only 700 MEs and 20 Ph.Ds. per year. Why did not the Government pay attention to the HRD requirement of Engineering Colleges. Left right it is sanctioning Engineering Colleges.

One Society in Hyderabad - one person in Hyderabad who is a supporter of TDP has more than fifteen Engineering Colleges under different names. Why has it given so many Engineering Colleges to one Educational Society? Why did it not check? It has become like a mafia giving them now. They have formed a group. Now, it does not want to take action why because they are its supporters. They help it in their trying times. I request the Government through you to please take action against these people.

Regarding Minority community, I would like to know from the Hon'ble Finance Minister. What is the fate of Putta Swamy Commission? Every year certain amount is being allocated from the august House to the said Commission. When will the Commission submit its final report? The need of the hour is that the Minority should have some reservation. They should be included in BCs. Until and unless reservation is made, Muslims cannot come up in the educational field. Then only they have equal opportunity.

Literacy rate, Poverty rate are also not higher than those of other communities as far as Muslims of Andhra Pradesh are concerned. They should also be brought up equally on par with others.

I would like to know - what is the state of Hyderabad Public School? I have been a student of it along with Hon'ble Revenue Minister and my good friend Sri K.R.Suresh Reddy. What is the state of Hyderabad Public School Society? For this society 200 acres of land was leased out by the Government. At what rate? Re.1/- per year. More than 78 acres of land has been encroached. Why is the Government not taking action against this so-called society? Who are the Members of the Society? Why is it trying to hide their mis-deeds by not taking positive action? What is the status? This Hyderabad Public School buildings are in poor state. Infrastructure is inadequate. Secretary, School Education is the Secretary of the Society. I request the Government to take strict action against the so-called society which is trying to remove the honest Principal who is working there. Let the Government ensure that the land of 200 acres is safeguarded. It is the responsibility of the Government to get back that land encroached or sold illegally by Hyderabad Public Society.

Regarding Press media. One report was filed by Mr. Mohan Reddy, Reporter of Andhra Prabha in Indian Express wherein he has disclosed the fraud which has been committed in ITDA by its Project Officer. He has Rs.50.00 lakhs cost of door for his house. He has a swimming Pool. Various mis-deeds committed by him were quoted. He has a Gypsy car worth Rs.6.00 lakhs. He has a AC car. Based on that report, though the Project Officer is indulging in all such illegal activities, immediately the Collector, Adilabad issued a letter to the concerned Reporter asking him why his Accreditation Card should not be
cancelled. The Project Officer has constructed a swimming pool. He has erected Rs.50.00 lakhs rosewood door. He has a AC car of Rs.6.00 lakhs. The Collector, writes a letter to this Reporter why his Accreditation Card should not be cancelled. I want to know from the Hon'ble Revenue Minister who is not here. What right has the Collector got to say that he would cancel Accreditation Card of a Press person. Don't we have Freedom of Press? Can't the Press report without fear all the mis-deeds which have been committed by the Government officials? I request the Government through you that orders should be issued to the Collector reprimanding him for issuing such a letter to the Press Person to ensure Freedom of Press. We want the facts to come out. It is good for the Government to take action against ITDA Project Officer. Let the Collector, Adilabad withdraw his letter.

My request through you to the Government is that in this Assembly there is a need for Media Centre. In this August House we should have a place called 'Media Centre'. At least it should have 5 PCs with internet connection. All these Reporters of various Agencies including National Agencies should come here. They can immediately file reports. I request the hon'ble Finance Minister to please examine this proposal.

Regarding POTO. With the help of all the so-called allies POTO has become POTA now. Recently, the Director General of Police has issued a statement that any sympathiser or any supporter of PWG will be booked under POTA. I would like to know from this Government that the Committee of concerned citizens has been apprised to speak to PWG. Will it book POTA on them? The DG has gone on record. Any Sympathiser or Supporter will be booked under POTA. How can he make such a statement in the light of Government's decision based on the opinion and based on the total support given by all the Opposition Parties that we should stop to that. We should ensure that there is an end to mind-less violence and that cycle of violence should come down.

More than Rs.1,000 crores have been given to the Home Ministry. I would like to bring to the notice of the august House the feeling within the minds of minority community. There is a feeling of restlessness. There is a fear - fear of what is going to happen in the near future. There is a real sense of in-security prevailing among Muslim community in the light of what has happened in Gujarath. It is a known fact that when TADA was in existence, only Muslim minority was booked under it. In 1992 at Habeebnagar in Hyderabad there was a Dharna staged by some local Muslim youth against the demolition of Babri Mosque. It was a peaceful dharna. Only some flower pots were broken. The then DCP came and told that they should be booked under TADA. This is what is our fear. What has happened in Gujarat? It is a political genocide. It is a well-planned programme. The Government still says that it is on secularism.

Yesterday the TDP has celebrated its formation of 20 years. It was an historical event. I agree. I never forget that event. It is also a remarkable achievement of TDP that out of 20 years, 15 years it has been in power. But what has happened during the last six years? They have completely compromised on their ideology of secularism. They are no more on secularism. What has happened in Gujarat? More over a reply has been given by the Attorney General in Supreme Court. What is that Sir? The Hon'ble Chief Minister has gone on record and said that Soli Sorabji's reply filed in the Supreme Court has nothing to do with the NDA Government. His reply does not reflect the NDA stand.

I would like to bring an example to the notice of the august House. The Hon'ble Finance Minister is here. The Hon'ble Law Minister is here. We have a very big issue with neighbouring State on Almatti. On Almatti issue the hon'ble Chief Minister has called all Political Party Leaders along with the hon'ble Law Minister, Advocate General and Lawyer who is representing Andhra Pradesh in Supreme Court as to what should be filed in the affidavit. What should be our claim against the claim
made by Karnataka. TDP is a constituent of NDA and the hon'ble Chief Minister has called for this
meeting on an issue which is like a fire-brand which has destroyed so many houses of our Nation.
Thousands of people have lost their lives. Innocent people have lost their lives. This Government says
that the reply that has been filed by the Attorney General is not a part of NDA Agenda. How is it
possible? How can Attorney General file a reply on such an issue on his own volition on his own
thinking over Supreme Court order? Moreover what has happened in Gujarat? What has been the
response of this Government? No strict words were used. No condemnation statement was issued.
Because of its quietness because of its silence, it has sent out a message that his silence is an
acceptance. This is what the "★★are saying. Some ★★ have stated in Bangalore that the minority
community can only enjoy the goodwill of the majority. Some ★★ have also stated that the Christians
should also accept that salvation lies outside Christianity. When these ★★ who are hell-bent on
destroying the secular fabric of our Nation, it is helping these ★★. It is ensuring that these people go
ahead with their Agenda for destroying the whole Nation. The TDP is a part of it. It does not want to
respond to the threats. They are hell-bent on destroying every thing which has been achieved for the
last fifty years. How long can it sustain and continue with this sort of assaults?

Star News correspondent in New Delhi said that the incidents that have happened in Gujarat
will create more criminals - will create more Osama Bin Ladens. We don't want our community
youngsters to go on that path. We want them to believe in Democracy. We want them to believe in
rule of law. If helplessness prevails, if this feeling of insecurity prevails what is this Government doing?
How long does it stick to NDA Agenda? It has sacrificed its ideologies on secularism. At least now it is
time to react. At least now it is time to think. Hon'ble Chandrababu Naidu should realise that political
success is not a destination. It is a journey. He may get political success today. Tomorrow he may
lose election. Power is not eternal. We have to think about our Nation. Unfortunately the Government
has completely forgotten this. His Party has completely forgotten.

Let him take the example of day-before yesterday. In Hyderabad Shivaji statue was unveiled
that too on the Municipal land without any prior permission of the Municipal authorities. When the
Statue was unveiled who was present there? The hon'ble Union Minister Mr.Murali Manohar Joshi was
there. Hyderabad Mayor was there. Deputy Mayor of Hyderabad city belongs to BJP. Now, the
people are feeling that the Mayor is from Shiva Sena or from TDP. Why is the Government
encouraging such elements? What relation Shivaji has got with Hyderabad? They want to change the
name of Salarjung Pool into Shivaji Pool. Why is it allowing these people to come over there? How can
they come and give such a statement? What relation they have got with Hyderabad history or
Telangana history? We have enough Freedom Fighters. They can be traced, but not such elements
who are going to create division among various communities and various religions. It is an important
issue. I hope that the Government responds in a positive way.

I request the Hon'ble Finance Minister to please ensure whatever the CAG had said. Please let
him not say that there is a Public Accounts Committee. Yes, Public Accounts Committee is there. It is
going to deal with all these aspects. But as a Finance Minister it is his responsibility to ensure fiscal
prudence and practice. Amount that has been allotted to various departments should be released. For
example Minority Welfare. More than Rs.12.00 crores is still due. That should be released immediately.

Hyderabad Drinking Water problem. For the last seven years this Government is saying that
they will bring water from Krishna. But what happened is that Hyderabad has got a Mayor in the name
of Krishna Reddy. The biggest problem is that various areas are getting no water at all. Low pressure
is there. Pollution problem is there. Unless and until some permanent measure is taken up, we cannot
solve this problem.

I thank you for giving me this opportunity.

Necessity knows no law. If everyone agrees to do something, the law is no law.

Example: If everyone agrees not to break the law, then no law is necessary.

This is similar to the concept of social contract, where the law is created by the agreement of the society.

This is the observation of the CAG. The report is very latest report. One issue is The A.P. Scheduled Castes Co-operative Finance Corporation Ltd. “The Corporation set up with the objective of promotion and development of S.C population was managed inefficiently and incompetently leading to its poor financial health. It had been functioning without elected representative and even without nominated members since May, 1999 and no annual general body meeting was held after 1994. The financial management of the Corporation was unprofessional.” This the fate of the Corporation. This is the observation of the CAG and it is not my observation.

The State Government stated that it would ensure that there would be special growth engines to uplift the down-trodden people. This is what that has been envisaged in the Vision-2020 document. But, practically, what is happening?

Unless those sections are developed, we cannot achieve real development.

Unless those sections are developed, we cannot achieve real development.
I don't want to take much of your time because I want to go to irrigation. Honourable Speaker also assured the House. Ultimately, where are we going to land up?

This is one side of the coin.
There are possibilities of lift irrigation under the project by pumping water from the canal at mile 58 for irrigation of about 70,000 acres above the command of canal. This requires a lift of 75000'. It is also possible to pump water directly from the reservoir only the head sluice for an irrigation of about 30,000 acres lift area being 100'. Thus, all about 1 lakh acres can be brought under lift irrigation.
What I am trying to say is that I am not trying to criticize Kadiyam Srihari Garu. The issue is like this. 132

But here unfortunately, the Chief Engineer, Nagarjuna Sagar gives such a false report that "Lift irrigation schemes under Nagarjuna Sagar Left Canal" 1955 రోజు నిందించాడు మరియు నిందించబడింది. మరింత కాలం ఆటించి ప్రతి చోటు నిందించబడాడు. 17,18 డాటి సమయం లో వారి ప్రతి చోటు నిందించబడాడు. మరింత కాలం ఆటించి పరిస్థితి రాఖబడాడు. మరింత కాలం ఆటించి పరిస్థితి రాఖబడాడు. అందుకే మనకు కనబడింది. మనకు కనబడాడు.
To the sudden dismay of the farmers of Nalgonda, Government issued a G.O. in the year 1996. The G.O. speaks like this. "The Government have decided to hand over 18 Cooperative L.I. schemes besides 21 other schemes being maintained by APIDC to the Farmers' Cooperative Societies. The farmers shall pay the current charges on a monthly basis to the APSEB from the current kharif season, 1996." Sir, then this is on the arrears. "The arrears of Rs. 2.64 crores shall be recovered from the farmers as already directed in G.O.Ms. No. 79, dated 31.5.1995. Meanwhile, if the farmers show any reluctance on the part of the beneficiaries to pay the final instalments of arrears, stringent action under the relevant Acts should be invoked to effect payment of the dues."

Assets and liabilities of the LI Schemes shall be transferred to the Cooperatives after they are handed over by APSIDC. The Cooperatives shall decide the fate of employees required for running the Scheme and have full control over the staff and bear the complete expenditure on this account.

He is having the required dynamism. I think he will deliver the goods.
If you are really committed, if you are really serious...

That is my straight question.
you will not get cigarette tomorrow.

141
142
It is the Policy of the Government. It is the Policy of the Government.
That is the commitment towards Weaker Sections

144
This is what is called total decentralisation of power to the people.
it looks very ugly. It looks very ugly. What a shock! It looks very ugly. I am feeling very bad. I am expressing my regrets to the House.

I am feeling very bad. I am expressing my regrets to the House.

We are not able to control our emotions.

We are not able to control our emotions.

We are not able to control our emotions.
This is the commitment of the Telugu Desam Government towards the weaker sections. This is far above the expenditure which has been incurred by all the States. For instance, in the financial years 1990-91 to 1994-95, the Telugu Desam Government spent Rs. 1.24 million, whereas the Government of India spent only Rs. 0.2 million. This clearly indicates the commitment of the Telugu Desam Government towards the weaker sections. This is the commitment of the Telugu Desam Government towards the weaker sections.

This is what we have spent so far as weaker sections are concerned. That is why I am confidently saying that we are committed to the welfare of the weaker sections. This is far above the expenditure which has been incurred by all the States.
SRI ASADUDDIN OWAISI: Madam Speaker, through you I would like to request the Hon’ble Finance Minister to please clarify as to what were the rates in the year 1994-95 in respect of stamps and registration fees, State excise, taxes on sales, taxes on vehicles, taxes on goods, taxes on electricity and what are the rates at present. Am I right if I say that there has been a three-fold increase in the rates, whereby you have imposed additional burden on the people of Andhra Pradesh. Second thing is that when the Finance Minister was replying during his Budget Speech, he was passing on a Reserve Bank of India note. I would like to know from him what is his opinion when the C.& A.G. says that there are more than Rs.2666.46 crores uncollected revenue in sales tax, motor vehicle tax, stamps and registration duty and taxes on commodities and electricity. What is his reaction on this? Does he feel proud of this? The other day, the Hon’ble Chief Minister was pin-pointing us saying that in each Assembly Constituency so much was the amount of losses incurred by AP TRANSCO. Did we stop the Hon’ble Chief Minister from collecting these arrears? We never stopped him. The next thing is that in the C. & A.G., report at page 6, the sales tax arrears are shown Rs.1737.91 crores, State excise arrears are Rs.64 crores, stamp duty arrears are Rs.33 crores and arrears on taxes on commodities are Rs.640 crores.

Sir, is this efficiency, is this fiscal prudence?

Madam Speaker, the Hon’ble Finance Minister may say that PAC is there to look after remarks made by the CAG. Does it mean that the Government can conveniently forget the fact that strictures have been passed by CAG, in violation of the rules made by President of India? I do not understand that.

Madam Speaker, scholarships are shown in Plan Expenditure. I am sure that next year the same thing is going to happen. Scholarships consists recurring expenditure. Sir, what about Sales Tax collection. For this year it is Rs.69.36 crores when compared to Rs.17.52 crores last year.

149
MADAM SPEAKER : Mr. Owaisi, please confine to clarifications.

SRI ASADUDDIN OWAISI : Madam Speaker, what is the Government doing with regard to Urban Land Ceiling. The Central Government had already passed a law on this issue and earmarked a fund of Rs.5000 crores for this purpose. I want to know our State Government's policy on this issue.

Madam Speaker, for Minority Welfare, in the last year's Budget Rs.32 crores were earmarked but the releases were only effected to the tune of Rs.14.00 crores. I want to know from the Government whether they would release the total amount allocated for minority welfare along with the money which was left over during the previous year.

Madam, I want to know this Government's policy with regard to drinking water problem to Hyderabad city. For the past 7 years they have been tired of saying that Krishna Water would come to Hyderabad city, which in fact, never materialised. But they (Government) were successful in making another Krishna as the Mayor of Hyderabad.

(Laughter in the House)

Madam, last year during my participation in Budget debate, I had asked the Government to earmark a specific fund for educational upliftment of Minorities. More than Rs.800 crores have been earmarked for the SC, ST and BC uplifitment. But what about minorities ? Would the Government ready to earmark a fund of Rs.50.00 crores towards the educational upliftment of minorities. I would like to know something from the Hon'ble finance Minister on this point.

(Laughter in the House)

...there are only objectionable paras but not strictures.

administration will be streamlined.

(Laughter in the House)
This Government is totally committed to Secularism.
అమ్మి 360 సంవత్సరములు 295 సంవత్సరములు ఉన్నాము. అమ్మి మరణం వలన అముకు పడే పళ్ళు బిలింపు పొందింది. అమ్మి మరణం పిలువడానికి అముకు పడే పళ్ళు బిలింపు పొందింది. ఆమె మరణం పిలువడానికి అముకు పడే పళ్ళు బిలింపు పొందింది. 2000-2001 మాంగిక సంవత్సరాలు సంవత్సరాలు 19 లో సంవత్సరాలు 256. ఒక వందములే 56 సంవత్సరాలు, ఆ వందములే 50 సంవత్సరాలు, ఆ వందములే 250 సంవత్సరాలు. ఆ వందములే 350 సంవత్సరాలు. 350 సంవత్సరాలు తప్పకుందండి. 350 సంవత్సరాలు తప్పకుందండి.

However, we will look into the matter and do whatever is possible...........

We have already taken a decision.
We have to get it examined. We will take a decision after examining the same.
SRI Y. RAMAKRISHNUNDU: The suggestion will be examined.

We will get it examined.
13. There may not be in a position to answer it. But I will note down it and pass on to the concerned Minister.

No body will object to it.
DR. Y.S. RAJASHEKHAR REDDY: Thanks a lot for your wonderful sermon. We don't want to be a party in this Misappropriation Bill to be passed.
SRI ASADUDDIN OWAISI: Madam Speaker, as a Political Party, the Telugu Desham Party has got a remarkable record. Out of twenty years, they have been in power for fifteen years. But, because of sacrificing their ideologies and deviating from its secular agenda and because of their anti-people's polices for the last six years, heavy additional burden has been put on the people of Andhra Pradesh in the form of taxes viz. power tariff hike, municipal taxes etc. The Hon'ble Minister for Finance and Legislative Affairs has failed to answer to the specific questions posed by our party. He has failed to answer to the additional allocation of budget towards educational upliftment of the minorities in the state. He has failed to answer to bring the Krishna River waters to the Hyderabad City. No power on this earth can save this Telugu Desham Party Government. As a result of all these things, our party is staging a walk-out.

(MEMBERS OF THE AIMIM STAGED WALK OUT)

Therefore, I request this august House to pass the Appropriation Bills.
MADAM SPEAKER: The question is:
"That the Andhra Pradesh Appropriation Bill, 2002 be taken into consideration"

(PAUSE)

Motion adopted and the Bill was considered.

CLAUSES

MADAM SPEAKER: There are no amendments to the Clauses 2, 3, Schedule 1, Enacting Formula and Long Title.

The question is:
"That Clauses 2, 3, Schedule 1, Enacting Formula and Long Title do stand part of the Bill".

(PAUSE)

Motion was adopted and the Clauses 2, 3, Schedule 1, Enacting Formula and Long Title were added to the Bill.

SRI Y. RAMAKRISHNUDU: Madam Speaker, I beg to move:
"That the Andhra Pradesh Appropriation Bill, 2002 be passed"

MADAM SPEAKER: Motion moved. The question is:
"That the Andhra Pradesh Appropriation Bill, 2002 be passed"

(PAUSE)

Motion was adopted and the Bill was passed.

MADAM SPEAKER: The question is

That the Andhra Pradesh Appropriation (No.2) Bill 2002, be taken into consideration.

The Motion was adopted and the bill was considered.

2. 2002, ఆంధ్రప్రదేశ్ సర్వీస్ సంఘమనం రాజాయారం (ఖండ 2)

CLAUSES 2, 3, SCHEDULE 1, ENACTING FORMULA AND LONG TITLE

MADAM SPEAKER: There are no amendments to the Clauses 2, 3, Schedule 1, Enacting Formula and Long Title.

The question is:

"That Clauses 2, 3, Schedule 1, Enacting Formula and Long Title do stand part of the Bill".
Motion was adopted and the Clauses 2, 3, Schedule 1, Enacting Formula and Long Title were added to the Bill.

SRI Y. RAMAKRISHNUDU: Madam Speaker, I beg to move:

"That the Andhra Pradesh Appropriation (No.2) Bill 2002 be passed"

MADAM SPEAKER: Motion moved. The question is:

"That the Andhra Pradesh Appropriation (No.2) Bill 2002 be passed"

Motion was adopted and the Bill was passed.

MADAM SPEAKER: On 19th March, 2002, Sri N. Narasimhaiah and Sri S. Rjaiah raised the issue of establishment of Water Regulatory Review Commission through Starred Question No. 3808-K to which the Minister for Major and Medium Irrigation replied. Being not satisfied with the reply, Sri N. Narasimhaiah sought permission to register his protest and state:

"... if any allegation of defamatory or incriminatory nature is made while registering the protest, the Chief Minister, Minister or any other Member affected by such remarks has a right to rebut, comment, elucidate or explain to make the record straight."

The Minister for Major and Medium Irrigation contended that while registering his protest, the Member has levelled a charge on the Government and requested for permission to reply to the same. There upon, Sri Y.S. Rajasekhar Reddy and other Opposition Members stated that after the protest expressed by the Member there should be no further discussion on the subject and requested for a ruling in the matter.

Matters of Public Importance are brought in for discussion on the Floor of the House under different provisions of the Rules. The Members express their point of view and the Government will explain its policy to the House through the House to the people. When a Member is not satisfied with the answer, he may register his protest. Expression of protest is a time honoured Parliamentary Practice and is resorted to register ones resentment or dissatisfaction towards a particular policy. On 31-03-1999 my predecessor has ruled:

"..... if any allegation of defamatory or incriminatory nature is made while registering the protest, the Chief Minister, Minister or any other Member affected by such remarks has a right to rebut, comment, elucidate or explain to make the record straight."

I affirm the ruling given by my predecessor on this point and reiterate that when allegations of defamatory or incriminatory nature are made by a Member while registering his protest, the Member or
the Minister or the Chief Minister affected by such remarks is entitled to reply to the same to make the record straight.
