SRI KOLLA APPALA NAIDU (Uttarapalli) AND SRI K. HARI BABU - Will the Hon'ble Chief Minister be pleased to state  
a) whether any Advisory Commission on People's Empowerment has been set up in the State; 
b) if so, the objective of such Commission;  
c) whether the Commission has any statutory power to achieve the objectives; and  
d) if so, the details thereof?

MINISTER FOR REVENUE (SRI P. ASHOK GAJAPATHI RAJU) (DEPUTISING THE CHIEF MINISTER)

a) Yes Madam.  
b) According to the orders issued in GO.Ms.No.507 GA (GPM & AR) Dept. dt. 11-12-2002 constituting the Advisory Commission on People's Empowerment (COPE), the Commission shall make recommendations for effective implementation of People - Centered Administrative Reforms.  
c) & d) No Madam. But as per the orders issued, the Advisory Commission will have independent Status and may have interface with Citizens, Business, Government Depts., etc., and receive complaints/obtain independent feed backs.
It was constituted in December. The focus is on various aspects viz., rendering services to citizens, controlling of corruption in service departments, increasing productivity of Government machinery, reducing cost in provision of services and time bound implementation of reforms concerned with the people. They have to oversee and advise on implementation of citizens' charters and empowerment of citizens, rendering cost-effective transparent and qualitative service, providing information to them and involving them in decision making process, effective disposal of public grievances and monitoring such disposal, simplification of systems, rules and procedure, to provide simple transparent and corruption free administration of the people, application of scientific methods in improving the Government process, application of e-Governance, to reduce interference between people and the Government departments etc., etc. The idea is to have a smart Government, simple, moral, accountable and transparent Government. We are seeking ideas from them. Already the Committee has visited three districts viz., Medak, Visakhapatnam and Srikakulam in a short span. It has already interacted with officials, non-officials, NGOs, Peoples' Representatives etc., It has already interacted with Revenue, Municipal Administration and Home Departments. We are looking forward to lot of changes in the functioning of this Committee.

It is our opinion.

Are you bringing any new legislation to make the officers accountable? Every Monday with the concerned officers, Head of Departments at the District level. There are so many institutions which are functioning. There are so many programmes being taken up, our main anxiety is - Are you bringing any new legislation to make the officers accountable? You always try to divert people's attention. It is our opinion.
I welcome any move for people’s empowerment. There are so many institutions which are functioning. Are you bringing any new legislation to make the officers accountable? Every Monday with the concerned officers, Head of Departments at the District level meet with the Officers, so they have been made accountable. People have also to be empowered. I don't think, this is contradictory in terms. There should not be any mis-conception.

We are open for that. It can come from any quarter and even if it comes from Congress. We are looking forward to ideas. Democratic institutions have to be strengthened. People have also to be empowered. I don't think, this is contradictory in terms. There should not be any mis-conception.

if the Hon’ble Member wants, he can put a separate question and I will definitely answer it.
SRI ASADUDDIN OWAISI: Madam Speaker, I would like to know from the Hon'ble Minister. What is the vacancy position in all the nine DIETs? As far as I know, there are 22 vacancies. Because of non-filling up of these vacancies, the students are suffering. Secondly, every-where especially in Hyderabad and other areas, SGBT posts are lying vacant and they are not being filled up. Thirdly, there is a DIET in Hyderabad. It is located in Neredmet. It is 40 kms. away from the city. Whether the Government is seriously considering to bring it back to Hyderabad ie., either Chanchalguda or Falaknuma or Nampally. How do they expect girls to travel 40 kms. every day? I want a specific reply on this. Lastly, the DSC 2002 has been conducted. But on account of stay and legal problems, in Hyderabad it has been stopped. I want to know what steps the Department is taking in this regard. There are a number of vacancies in many Government schools and because of the Government not taking any action, the schools are suffering.
SMT. R. SHOBHA (Madanapalli): Madam Speaker, the candidates who were undergoing the course in DIET colleges are definitely going to improve their efficiency. I would like to know from the Hon'ble Minister whether the Government is contemplating to set up DIET colleges in private sector.

SRI P. VARALAKSHMI: Madam Speaker, Krishna District is well-known for the production of mangoes which are being cultivated in about more than 1.06 lakh acres. In this connection, I would like to know from the Government, through you Madam Speaker, that what steps are proposed by this Government to take to improve the quality of mangoes being produced in that area. Secondly, whether there is any proposal with the Government to establish mango processing units and also to provide any solar related devices to the DWACRA groups so as to enable them to improve their economic position.

(MADAM SPEAKER)  

SRI P. VARALAKSHMI: Thirdly, whether this Government is contemplating to export mangoes to the Gulf countries, U.K. and other European countries?

(MADAM SPEAKER) If nobody is interested in this question, I will switch over to the next question.

People centered Governance Guiding Principles 5 "People are entitled to apology, explanation and remedial action, if the promised standards of service is not delivered".

You have to take the responsibility.
荇ಂದ, ಅತನ್ನು ಜ್ಞಾನ ಸಾಮುದ್ರಿಕವಾಗಿ ಪ್ರದರ್ಶಿಸಿಕೆಯು ಅನುಮಾನ ನಂತರ ಮಾಡಲಾಗುತ್ತದೆ. ಇದು ಮಾನಸಿಕ ಅಧ್ಯಯನಕ್ಕೆ ಅನುಗುಣವಾದ ಅನುಮಾನ ನಂತರ ಮಾಡಲಾಗುತ್ತದೆ. ಪವರ್ ಪ್ರತಿದಿನ ಸಲುವಾಗಿರುವ ಜನವರಿಯಾದರೂ, ವೈದ್ಯಶಾಸ್ತ್ರದಲ್ಲಿ ಬೆಳೆವಿಕೆಯನ್ನು ಕೆಲಸಲಾಗುತ್ತದೆ. ವಸ್ತುವಿನ ಪ್ರತಿದಿನ ಸಲುವಾಗಿರುವ ಜನವರಿಯಾದರೂ, ವೈದ್ಯಶಾಸ್ತ್ರದಲ್ಲಿ ಬೆಳೆವಿಕೆಯನ್ನು ಕೆಲಸಲಾಗುತ್ತದೆ. 2001 & 2004
The Central Revenue for the year 2001-02 was Rs.7376 crores which recorded a growth of 19.36% over the previous year.

The State Government received Rs.343 crores of grant under EFC which also contributes to a steep increase.

The total Central grants for the year 2001 are increased by 51%.
That is an economic norm. Just I want to clarify it.

This is a classic case to be studied by the Government as to how the red-tapism is going on and how the delay is occurring.

let us take up Private Members' business.
DR. Y. S. RAJASEKHARA REDDY: With your permission, I beg to move:

"That this House resolves to recommend to the Government to take immediate administrative steps for changing the name of Nellore District as 'Potti Sreeramulu District.'"

MR. DEPUTY SPEAKER: Motion moved. Discussion on this subject will be taken up on the next Friday.

MR. DEPUTY SPEAKER: I am to announce to the House that working lunch has been arranged in the Inner Lobby of the Assembly Hall at 1.00 p.m. today the 21st February, 2003 for the Members. Press is also invited for lunch.

Now let us continue discussion on Motion of thanks on Governor’s address.

SRI ASADUDDIN OWAISI: The Address, which has been given by the new Governor, had nothing substantive in it. It was basically a rehearse of what the Hon'ble Chief Minister has been talking about all these years. It read like a official pamphlet of Telugu Desam Party. The Governor’s address was neither short nor sweet and also does not seem to be a meaningful one. Usually the Governor's Address gives us a perspective as to how the Government is functioning, about its performance and what it intends to do in future. Unfortunately, it did not contain any of these things. As has been pointed out by the Leader of the Opposition and also by the leader of BJP, Andhra Pradesh is facing severe drought which has not been witnessed for the last 30 years, the worst affected areas being all the three regions of A.P. But it is surprising to find in second paragraph of the very first page the following lines “Water could not be supplied for a large ayacut under Kharif under Nagarjuna Sagar Irrigation System.” My question here is, why is the Government harping only on Nagarjuna Sagar, whereas this Government has allowed the farmers of Krishna delta to use and impound water. It is a known fact that under no circumstances, we are under 510 feet. Here, the impounded water is being used in the name of producing electricity.

This has really helped in stabilizing the delta region. What has happened to Tripartite agreement? If this impounded water was not given in the name of producing electricity, according to some experts more than Rs. 200 crores benefit would have been accrued to Nalgonda district. Regarding SRSP Stage I the work is not completed and still it is going on. Money is not a problem. It is coming from the World Bank and A.P. Irrigation III. In SRSP even after the season was over by the end of November and December there was 30 TMC of water and it was not released to irrigated dry crops. Because of non-release of water there is no sowing and there is no cultivation.

In his Address in Page 2 the Governor says that an amount of Rs. 342 crores is released for relief work, input subsidy and water supply in rural and urban areas. If you divide this Rs. 342 crores it comes to Rs. 30 lakhs for each mandal and for each village less than one lakh rupees only. It is
pittance in terms of relief when there is a catastrophe of such high magnitude. Input subsidy is totally inadequate. The agricultural experts are saying that due to various reasons the cost of production of all the crops is the highest and the productivity is the lowest. The farmers are investing a lot of money. If the conventional crops fail then they go in for alternate crops and therefore, the input subsidy should be increased substantially and it is our opinion.

There is a talk of fodder development. I would like the Hon'ble Chief Minister to say about the three places in Telangana at the time of his reply. It is mentioned as Mahabubnagar, Ranga Reddy and Nalgonda. Where are the places of fodder development? Where is fodder being developed by the Government? How many such places are there? You also claimed that fodder development in 6.5 lakh acres is being taken up. You please show this land. Where are water and land in Telangana?

The Government claims that pensions to four lakh people are given. But, why has the Government not given D.A to all the Pensioners from July, 2001? It has been causing a great financial hardship to the poor Pensioners. Their children cannot study and they cannot meet the expenditure under major medical bills. Why is the Government not coming forward to help these Pensioners? When you are willing to give pensions to four lakh and odd persons what about the retired employees? All the States are giving D.A to the retired employees. But, it is only the State of Andhra Prades, which is not giving D.A to the retired employees from July, 2001. Through you, I would like to request the Hon'ble Finance Minister and the Hon'ble Chief Minister that they must go to the rescue of the poor Pensioners who have worked for more than 30 to 35 years of their lives in serving the Government and in ensuring the administration went in a smooth way. Now, at the time of their old age when they are facing so many financial crises in their lives it is the responsibility of the Government to go to their rescue.

In the Governor's Address it is mentioned about the contingent plan of Rs. 300 crores for transportation of water and digging of bore-wells. If this money were really spent the people would not have been in a bad situation today. The people are migrating in hundreds to different areas and to different States for their livelihood. I am giving a specific example. The Minister from Mahabubnagar is there. There is one Appapuram Chenchu hamlet in Mahabooobnagar. This has appeared in 'Vaartha' on 17th February. The Hon'ble Chief Minister will not like referring to the name of 'Vaartha' here. Anyway, from Appapuram Chenchu hamlet more than 50 families have migrated. That hamlet is only 150 KM from here. As it has been rightly pointed out by the Leader of the Opposition during the course of his speech this is the state of affairs in adopting these places. But, what about other places? Why the Hon'ble Chief Minister has not adopted them? In the same Newspaper in one more hamlet viz., Vylani more than 70 families have left to other places. It is mentioned that in the last five years an amount of Rs. 200 crores has been spent under ITDA in this particular hamlet. Despite this, more than 300 people do not have drinking water. They are living in unhygienic conditions. They are suffering from Malaria and various other diseases. Day in and day out the Hon'ble Chief Minister is talking about accountability, transparency and performance. Where is the accountability for this amount of Rs. 200 crores which has been spent under ITDA? Who is going to be held responsible for this? Despite spending such a huge amount people do not have drinking water there.

The Government says that a quantity of 31.50 lakh M.T of Rice is distributed under Food For Work programme. If this Rice is distributed really then, why people are still migrating? I can tell this august House with full responsibility that in Telangana you will not find even 5% of youth. Because of drought they have migrated. They have gone to different States to escape from this drought and to escape from this non-performing Government which has failed to provide relief. Moreover, there has been no mention about it. When you are accepting that there is unprecedented drought in Andhra Pradesh you have not spelled out your plan. In coming weeks and in coming months there is going to be an out-break of various diseases, whether it is Malaria or Gastroenteritis. What do you plan to tackle these things? Not even a single word has been spoken about this. On the other hand, you very grandiosely talk about Vision 2020. You talk about tunnel, vision and foresight. But, the same thing is not reflected in the Governor's Speech. For this year the Central Government has given only three lakh M.T of Rice at a time when the drought is very severe this year. It has given a paltry sum of Rs. 175 crores. What was asked by the Hon'ble Chief Minister, the person on whose strong and high shoulders
the NDA Government at the Centre is surviving? The Hon'ble Chief Minister has asked for Rs. 1286 crores and 25 lakh M.T of Rice. The same Government which the Hon'ble Chief Minister is responsible for putting it in power at New Delhi has given that not to the State of Andhra Pradesh. It has not come to the rescue of the State at the time of the hour. If at the Centre there is a Government headed by the Congress - I am saying with all the responsibility - then all their Members of Parliament would have staged a dharna at the Parliament House. They would have been creating a ruckus in Lok Sabha and Rajya Sabha. Why are you quiet now? What is your support? You talk about issue-based support. What is the issue? You talk about condition-based support. What is the condition? When the people in Andhra Pradesh are suffering is it not an issue? What else condition do you want? When will you open your mouth? When will you show your real strength of 28 M.Ps? The Central Government has completely failed to come to the rescue of the State. At last, last before year we got 25 lakh M.T of Rice.

Okay. 40% I am accepting. There was fraud in it. At least, 60% people are benefited. Those 60% people belong to TDP. But, still people have something out of it. Nothing has come out of it. The Central Government says that only 50% of the below poverty line families can be covered for employment under Food For Work scheme. Only one person from each family can be provided work for a maximum of 12 days in a month and will be given 5 Kgs of Rice a day. This restricts the entitlement of the State for a maximum quantum of 8 lakh M.T of Rice under Food For Work till June. This shows that the Hon'ble Chief Minister has completely lost his grip over the NDA Government at the Centre. Why? Because the BJP has got a very shrewd policy. Mayawati has come nearer to it. The BJP has a clever policy. Of late, Jayalalithaa is very close to it. Now the BJP does not require TDP support. What is happening is that now, the BJP is pursuing the same policy as that of Sri N. Chandra Babu Naidu. Sri N. Chandra Babu Naidu's policy is use and throw and the BJP understood it. They are adopting his own tricks of the trade. They are copying him. Moreover, BJP is very clever. For the last 45 to 50 years these BJP people are committed people. Some people even did not enter into marital life. They are so committed. If you want to take on them then, be careful. Another important point is ..

(Interruption by Smt. K.Pushpaleela)

12.40

Madam, I will recommend you for Minister-ship. I will tell the Leader of the Opposition to please sign a memorandum, all of us will sign unanimously and we will give the memorandum to the Hon'ble Chief Minister. We are gentlemen and we will help you.

Mr. Ajit Singh, Union Minister for Agriculture has said. He has gone on record and said: "How can we accept the demand of Andhra Pradesh for Central assistance of Rs. 2387 crores when all the drought affected States, put together, are demanding Rs. 37000 crores under National Calamity Contingency Fund." What our Chief Minister says reminds me of Nero. When the whole Rome was burning Nero was playing violin. The Chief Minister says that drought is prevailing throughout the country. What steps you are taking to tackle it? What political steps you are taking to ensure that we get highest quantum of Rice and higher allocation of monetary assistance? The State requires now. There is drought throughout the country. We can sit back and relax, which is an old English saying - enjoy.

There has been mention in Page 3 of the Governor's Address that 5,000 minor irrigation tanks are being rehabilitated at a cost of Rs. 226 crores. Though I do not come from a rural background I know. How can you rehabilitate tanks? There are so many things. What is meant by rehabilitation of tanks, which have become dry belts? In the last ten years minor irrigation has not been given funds. Now, you say that Rs. 226 crores will be given.

Neeru-Meeru. I accept that this is the only indigenous idea of the Hon'ble Chief Minister. This Neeru-Meeru is the brainchild of the Hon'ble Chief Minister. I totally give credit to the Hon'ble Chief
Minister. Rs. 1650 crores have been spent on Neeru-Meeru. What has happened to the water table? It has gone down. The water table has gone down and your credibility has gone down. Where has the water table gone up? In Sri Chandrababu Naidu's laptop. Not in villages, not in Hyderabad and not in any district. I can give example. Four days ago a news item has appeared in Vaartha Daily The Velama Hostel is beneath Tank Bund. They have dug thousand feet but they did not get water. What do you call Vision 2020? They could not get water at a place below Tank Bund. You have spent Rs. 1650 crores on Neeru-Meeru. Where is the water table? We do not find water table. All water tables are going down. Moreover, during the month of April or May we, the residents of Hyderabad used to listen to the very good sound of digging bore-wells previously. But, this year from February onwards we are seeing from 6 o'Clock drilling is started. What is happening to bore-wells? People do not have water. We cannot argue now. We cannot go and stop them. About your Land, Water and Trees Act the people are not bothered. Now, we are listening to these sounds of drilling. About this whole watershed development under Neeru-Meeru in our Party opinion it is the greatest farce on earth. Moreover, the Hon'ble Chief Minister has got a secret survey done. In the secret survey it is stated that Neeru-Meeru programme is not upto the mark. It is not doing well. Hyderabad is also facing one of its worst water crises. The scarcity of drinking water in Hyderabad is man made. This Party has been in Power for the last seven and a half years. Nobody can stop you. Either Dr. Y.S. Rajasekhar Reddy or Mr. Raghavulu or my good friend, Mr. K. Chandrasekhar Rao did not go to your house and stage a dhama asking you not to bring Krishna Waters. During the last seven and a half years who stopped you? You should have taken it up. No. You did not do it. You have spent crores of rupees on National Games. This Government has spent Rs. 160 crores on National Games. You have spent crores of rupees on building High-Tec City at Madhapur. You wanted Apparel Park and you got Apparel Park. The Chief Minister wanted a Necklace Road and he got Necklace Road. But, for the people of Hyderabad the scarcity of water has become a big pain in the neck. Whatever you willed you have done. But, your priorities are wrong. Yesterday, in the Newspapers Rs. 25 to 30 lakh worth advertisements are given by the Water Works Department that Krishna Waters line work is started. Hyderabad and Hyderabad. You want people to come to Hyderabad. Water is the life and soul of Hyderabad. Who will come to Hyderabad and invest here? What is Hyderabad? I will tell you what is Hyderabad. There is a famous saying of Hyderabad. I am sure you also know about it.

"Hyderabad nagina ander metti upper choonna"

This is Hyderabad.

Yesterday, there was an advertisement that by next year March Krishna Water line will be brought to Hyderabad. There is a famous saying in Telangana.

" Zindagi mei tho doodh nahi pilaya margai to khabar par bhains bandiye "

The meaning of it is that when I am alive you do not give me milk to drink. But, when I have died you brought a buffalo and tied it to my grave. By the time you bring that water all of us will die. What is the point of laying Krishna Water line on my grave? This is what is happening here.

" wo kam nahee kar rahe hein, kam karne wale bat nahei karte "

(Interruptions)

Mr. Srihari, you have not understood what I have said. After understanding you should have said. You are prioritizing in a wrong way. You should have first gone for Krishna water. You should not have gone for High-Tec Madhapur. You should not have gone for Necklace Road. You should not have gone for National Games. First, you bring water for Hyderabad. Okay. You have done good things and we are not denying them. But, what about water? On the same thing he has a big challenge. I do not know why he is trying to interfering. He has a lot of pressure on his shoulders. Day in and day out the Congress people are taking dharnas and padayatras. Do you remember? Seven and a half-year have passed. Now, the need of the hour is that Telugu Desam should stop two things. Talk and talk.
You have to walk to talk now. Unless and until you do not do it what is the benefit? You are getting assured water supply in your colony. You come with me to the City and I will show. People are standing in queues for one hour and two hours for just one utensil of water. Women are fighting for one utensil of water. They are breaking their bangles there. There is a lot of problem every day. From 6 o clock in the morning till 10-o clock in the morning we have to stand up in various constituencies. This can be confirmed by my colleague, Mr. N. Indrasena Reddy also. Why don't you consult him and ask him as to what is the problem? You are getting assured water supply in your house but the people of Hyderabad are not getting. For seven years you have slept on the issue. You never take it up. Rs. 51 crores is the allocation required by HMWS & S.B. You have given only Rs. 5 crores and out of Rs. 5 crores you have sanctioned Rs. 2.5 crores. How will they provide water to more than 50 lakh people? With Rs. 2.5 crores can they supply water? Rs. 51 crores contingent plan has been made by the Water Works. Why don't you agree to it? You give it. We know there is scarcity of water. This Government must remember that day in and day out they talk about Osmansagar and Himayatsagar. No. Even if Osmansagar, Himayatsagar and Singoor Stages I, II, III are full still there will be scarcity for water in Hyderabad. Unless and until you bring Krishna Water the problem will not be solved. It is also going to last for 8 to 9 years. Giving advertisements and all these talks we have seen. We have also heard one Minister saying: "I will hold my ears".

In Page (3) of the Governor's Address there is a mention that 16 major projects are taken up with a view to create 7.5 lakh acres of ayacut. I want to know from the Hon'ble Chief Minister, when he stands up to reply on the Governor's Address, that under which projects you are contemplating? It is going to benefit which region? How are you simply going to provide water for the third crop?

12.50

This is not creation of new ayacut. Another thing you have mentioned is innovative projects. Everything is innovative with you. You are always stating new things. Innovative project has been conceived at a cost of Rs.1200 crores which is going to cover 2.5 lakh hectares in first phase. I want to know whether it is like Kuppam model. Hon'ble Chief Minister wants any model. The model should be such that it survives the crisis. Your Neeru Meemu water management could not survive one single drought. What is the innovation? You are going to spend Rs.1200 crores. You are talking about water sprinklers. Where is the water? Day in and day out the Hon'ble Chief Minister says that all expenditure must be made economically. Is it economical expenditure? The Hon'ble Chief Minister was targeted by the Leader of the Opposition yesterday that he did not observe economy. He has the honourable distinction of being the only Chief Minister in India who has borrowed more than anyone else in the history of independence. In the last 7 ½ years debt increased to about Rs.49000 crores.

(Interruptions)

No problem, the opposition is wrong and you are right. You are the only stake-holder in Andhra Pradesh. Since you have 180 MLAs, you are the stake-holders. We are not stake-holders. We do not have any voice. Whatever you do is true. Whatever you know is right. We do not know anything. You know many things. How long this irregular approach will continue? How long this parochial mentality will continue? You talk about change of mind-set. Where is it?

Another point is on page-7. It is said that 6.3 lakh acres has been brought under cultivation for fodder. Please show at least six acres in Pargi, Hon'ble Deputy Speaker's Constituency. We will go and see. One bundle of dry grass is costing about Rs.30/-, Sir. Who will buy? People are selling cattle. Next year if rains are not there, there will be no cattle for agriculture. Everywhere people are selling cattle.

Sir, Governor's Address talks of Chaduvula Panduga. This reminds me of an yearly festival celebrated in Telangala called 'Peerla Panduga'. Every year a new scheme. Jashanathalim khatham hogaya. Peerla Panduga Khatham hogaya. It is like this.
Indiscriminate increase in Engineering colleges is there. Government claims that Andhra Pradesh is No.1 State with highest number of colleges. Sixty thousand engineers are coming out of colleges every year. But where is the employment? You are increasing the percentage of unemployment.

Sir, on page-9 Governor's Address speaks about HIV/AIDS. It says that awareness building is the best method of preventing and reducing prevalence of AIDS. How can you reduce a thing which exists? You mean to say you reduce AIDS. How can you reduce a thing which is already existing? May be Mr.Ashok Gajapathi Raju and Mr.Vijayarama Rao have not gone through the Governor's Address. It talks of reducing the prevalence. When AIDS exists it cannot be reduced. It can be prevented only. Still you go on talking about vision, this programme and that programme and that you will do everything under the Sun.

About Janmabhoomi and C.M.E.Y. This is employment scheme for T.D.P. workers. It is against the democratic interests. Through such schemes, the T.D.P. is creating shadow State. Through C.M.E.Y. groups and DWCRA groups they are creating a shadow State which goes against all the norms and conventions of Parliamentary democracy. About 18 rounds of Janmabhoomi have been conducted. Now it is a ritualistic mela. It benefits Telugu Desam activists, touts and contractors. We do not know what is the fate of Gramasabha. Even Hon'ble Chief Minister's survey says that Janmabhoomi has failed to solve the problems. It appeared in all the newspapers, i.e., Hindu, Vaartha, Times of India, Deccan Chronicle etc., C.M's own survey has said it. 'Clean and Green launched in September, 1998 ushers in cleaner and greener A.P. in three years by the end of 2000.' What about this? Schemes like this have not yielded substantial results. All these programmes are intended to make the State exchequer red with a view to building up the image of Hon'ble Chief Minister, Sri Nara Chandrababu Naidu. There is none among the bureaucrats or Telugu Desam party to say that these programmes have outlived the utility. No, that cannot be done. Now worse still, Sri Nara Chandrababu Naidu thinks that he was born to guide Andhra Pradesh till 2020. God save Andhra Pradesh.

Regarding Puttuswami Commission. The Commission was constituted in 1994. Three years time was given to it with a specific task. The Commission was to examine the requests for inclusion of castes and communities in the B.C.list. The Commission was asked to examine inclusion of Kapus, Muslims and other castes in the list of B.Cs. The Commission could not do it within the time given. It was given extension for another three years. On 31.3.2002 it was given six months extension. On 31st September, 2002 the Commission ceased to exist. Are you going to give further extension? Justice Puttuswamy has conveniently left for U.S. now. He has left voluminous incomplete data. What is going to happen to the Commission? This speaks about the performing Government.

Sir, about 32nd National Games. Yesterday it was very well said about it by the Leader of the Opposition. The National Games were held in Hyderabad. It was a great success. Yes, I agree that you have created great infrastructure. Credit has to go to Government for this. We have now got good stadiums. Fine. Despite it you have all the medals by the grace of 'Kiraye ke Thattu.' I would like to bring to the notice of the Government that the Rs.5.5 crore incentive awards have not been given to the athletes. Two months have passed. Rs.3 lakhs were announced for gold medal, Rs.2 lakhs for silver medal and Rs.1 lakh for bronze medal. At least for God grace, please protect Andhra Pradesh interests. Otherwise we will have no face to go to other States. If you go and meet one athlete from Delhi he will say 'I was promised Rs.10 lakh and your Chief Minister is not giving despite two months.' Please give Rs.5.5 crore incentive awards to them. I want to know when the Government is going to give. One newspaper item mentioned that they will be given on 1st April. That is going to be an All Fools Day for the athletes. All the opposition members have got the taste of our promises. By the grace of God even the athletes outside the State will be tasting Chief Minister's promises. The Hon'ble
Prime Minister has rightly mentioned. I agree that it is an elderly statement. What did he say? *'Khel Khatham; Paisa Hazam.'* The Chief Minister thinks 'It is the Prime Minister's statement. I should also do the same thing.' *'Khel Khatham; Paisa Hazam'* When are you going to give Rs.5.5 crores? That is to be answered.

Sir, now Sri Chandrababu Naidu wants Formula-1 in Hyderabad. The Government is going to give an extent of 1200 acres in Rangareddy district for pittance. Even erstwhile Nizam State did not give jagirs in this way. Our Hon'ble Chief Minister has even overtaken erstwhile Mir Osman Ali Khan Bahadur. He is a democratically elected ruler now. He is distributing lands at his will and desire. In Formula-1, land worth Rs.400 crores is given for pittance. What happened to housing problem? What about the poor people living in Telangana and other areas? You want to give land for car racing under Formula-1.

Another thing is that Government has issued a G.O. stating that people can buy land under urban land ceiling by paying prevalent market value. Once again a glaring example. An area of 125 acres is given to South Asia International Institute for establishing a college at Shamshabad. It was given for $2,50,000. It comes to $ 2000 per acre. You have given @ Rs 90000/- per acre. What is this? Are there no educational organizations in Andhra Pradesh who are doing great service? Why don't you give ten acres of land to them to establish a degree college or a junior college or a high school? Your programme is to achieve 95% literacy by the year 2005. You are selling land like your own private property. It is not your private property. It is the property of Andhra Pradesh. You have given land of 125 acres for 2,50,000 US dollars. This is not privatisation of education or gifting land to people coming from abroad at will. Maximum land abutting Hyderabad and Rangareddy district is given to all these foreign companies. What are their antecedents? What is their background? We have never heard about South Asia International Institute. What is this? What is happening over here?

Sir, the next thing is that Government wants to raise about Rs.250 crores by selling land under urban land ceiling. But there are no takers because they cannot buy the expensive land. Mr.Deputy Speaker Sir, this scheme has failed to take a shape and the target for 2003-2004 has been reduced from Rs.250 crores to Rs.150 crores.

Sir, page 19 of Governor's Address says 'one of most successful developments in infrastructure has been in the power sector' and 'during the year 1300 MW capacity has been added.' This is like taking credit for everything. N.T.P.C. has done that at Simhadri Power Plant. You are taking credit for that.

(Interruptions from Sri K.Vidyadhara Rao)

Because of non-implementation of Godavari Central Water Supply Project, N.T.P.C. said that it may not ensure power supply. In peak summer due to lack of water State will face severe power problem. Under First Partnership Summit, 2001, Rs.32000 crore worth M.O.Us. were signed and in the recent Second Partnership Summit, 41 M.O.Us. worth Rs.17000 crores investment outlay were signed. How many have been actually implemented from the First Partnership Summit? How many have been actually abandoned by the so-called promoters? This is a SMART Government. I can say my good friend Sri Vidyadhara Rao was looking very smart wearing suit and tie. It is amazing. But that should also be reflected in the investments coming to Andhra Pradesh.

Now about the pet talk of Hon'ble Chief Minister of Andhra Pradesh. I.T., B.T., C.T. and T.T. I.T. is information technology, B.T. is bio-technology, C.T.is Cellular Technology and T.T. is talk and
talk. But for hardware part, no promoters are coming forward to the State. What is Vidayadhara Rao doing, I do not know. No promoters are coming forward. No doubt you are looking very smart. What are your software exports? They are stagnated. They are finished. Software exports might be there on your paper, but not in reality.

Then about reforms in public enterprises. There is talk in A.P.S.R.T.C. that compulsory retirement scheme will be introduced for employees as they are presumed to be reforms. Hon'ble Chief Minister should understand, if he is going in for compulsory retirement scheme, that this was done once in the history of Andhra Pradesh. When Sri Jalagam Vengala Rao was the Chief Minister about 11000 employees were given compulsory retirement. But the then Chief Minister had emergency throughout the country to back him. What will you do here? People are not going to keep quiet. You talk about phase-2 reforms. About 81859 employees will be given V.R.S. in phase-2 which will result in financial commitment of Rs.2097 crores. What about the pride of Asia, Nizam Sugar Factory? Seven units of sugar factory were sold for only Rs.182 crores and you have given more than Rs.400 crores only in voluntary retirement. It did not cover your V.R.S. scheme. You are selling out for a song whatever our ancestors had as a credit for Telangana. Our heritage is being sold.

Another point is you talked about your Vision. The Vision should be like that of Nizam. For eighty years Nizam Sagar and Himayat Sagar served the people. With one drought, your Vision is finished now. Now Chief Minister's Vision is confined to sports and games only. He wants Asian Games, 2003. He wants Commonwealth Games, 2006. He wants Olympics, 2020. Sir, Hyderabad requires forty star hotels for Commonwealth Games. The Hon'ble Chief Minister should focus all his energies on promoting Hyderabad hotel industry.

Regarding mention about control of corruption. Since the Hon'ble Chief Minister has fancy for interfering in all the administration, from September, 1995, several commissions were appointed. One is Girgliani Commission. The other is Subrahmanyam Commission. Yet another is Task Force on Good Governance and there are successive Cabinet Sub-Committees. How can you prevent corruption when right under the Hon'ble Chief Minister's nose in his own office, Rs.45 lakh worth fraud was committed? C.M. Relief Fund has been siphoned off. We have given so many letters from opposition side, but not a single letter has been honoured. But an amount of Rs.45 lakhs was taken away by one Clerk working in C.M.'s office. Chief Minister on several occasions stated 'I will suspend the corrupt officials.' Many dialogues were delivered. You have to act now. Sir, the corruption is increasing. Moreover, since the last 7 ½ years not even a corrupt official from I.A.S., I.F.S. and I.A.S. cadres, who are like trinity, was suspended. Why don't you give permission to A.C.B. and Commission of Inquiries to prosecute and arrest the corrupt officials or to enquire into the cases? You are catching only small fish. Even though small fish, it has Rs.10 crore worth of assets. We can very well imagine how many crores of rupees would be unearthed if bigger fish are caught. I don't understand the philosophy of the Government. It can drop even the Ministers if only allegations of corruption are made. You want to drop your own members. What about corrupt I.A.S., I.P.S. and I.F.S. officials? Where is your loyalty? Lies with your own members or lies with I.A.S., I.P.S. or I.F.S. officials? This is the point which the Government should consider.

Moreover, you have the habit of having Cabinet Sub-Committees, Expert Committees and Committees on Cabinet Committees. I heard a story just now that Sri Chandrababu Naidu's ideal is Bill Gates or Bill Clinton. Someone was saying outside that C.M. is very much impressed by Bill Gates and Bill Clinton for various reasons. Now my request to the Hon'ble Chief Minister is that he should become like George Bush, who says 'I will do this, no matter what may come, I will go and bombard Iraq. I want to do this and I will do this.' In the interest of world, George Bush should become Chandrababu Naidu. Cabinet Sub-Committees, Expert Committees and Committees on Cabinet Sub-Committees. If George Bush adopts Chandrababu Naidu's approach,
world will be at peace. If Chandrababu Naidu adopts George Bush's approach, Andhra Pradesh will surely become Swarnandhra Pradesh.

Sir, releasing performance budget is commendable. But what about the rise in revenue deficit, fiscal deficit? Non-plan expenditure is rising steadily. Taxes are increasing making Andhra Pradesh the most heavily taxed State in the country. What I am saying is a proof. The Central taxes are growing at a much lower rate than the State taxes. Even our State taxes are much higher compared to any other State.

The Government talks of strengthening of local bodies. What Gram Panchayats become would finally show. It is like a guided democracy. Officials are telling the people what they want not what people want and that is why there is a need to appoint one more Cabinet Sub-Committee.

Lastly on Panchayat Raj. The Committee, headed by late Minister for Panchayat Raj, Sri Madhava Reddy on strengthening of local bodies gave a complete report. Why do you want to appoint one more Cabinet Sub-Committee?

Sir, moreover, these local bodies are being deliberately weakened in a systematic way, during the tenure of Telugu Desam Party Government. They have created parallel power structures like Water Management Committee, Education Committees, CMEY, DWCRA Groups, with the result, the local bodies have become just like empty shells.

Sir, I have to say something about the Finance Commissions. The Government have not even implemented the Second Finance Commission's recommendations, but surprisingly, it thought of constituting the Third Finance Commission. Sir, is there any justification in appointing the same person on all the Finance Commissions? Sir, here, I am mentioning the name of a Member, Sri Pitchaiah. He was a Member of First Finance Commission, Second Finance Commission and is going to be appointed as Member of Third Finance Commission. Sir, such a practice is against all the established norms and principles, which says that a person who was appointed to one Commission should not be appointed for the same purpose, in the next Commission.

Sir, similar is the case with Sri Venkata Ramanaiah. Sir, these persons were handpicked for appointments, so that they are not brave enough or dare enough to give a report which would strengthen the local bodies.

Sir, I want to make note of another point here. The 11th Finance Commission stated that "only agriculturists, sociologists and public administration experts would be appointed to these posts. Sir, I want to mention few remarks made by the former Governor of Andhra Pradesh, Sri C. Rangarajan, in a seminar conducted at Centre for Economic and Social Studies. The former Governor broke his self-imposed silence briefly and stated " Look at the performance of Andhra Pradesh. It has improved in many indicators, while worsened in some. Comparison with other major States shows that the rank of Andhra Pradesh is somewhere in the middle in both economic growth and human development. The performance in general has been closer or marginally below the All India Average."

Sir, this is the profound comment of the former Governor of Andhra Pradesh. I sincerely hope that the Hon'ble Chief Minister cannot argue with an economist of such high repute. His word should be taken like writing on the wall. Sir, he further went on to say "it was obvious that the growth rate of Andhra Pradesh has fallen short of 7%, which I believe is essential for bringing delimitation of poverty in the next 15 years." Sir, on the issue of poverty reduction, the former Governor pointed out that the official poverty rate for A.P. was estimated at 11.5% for 1999-2000 as against the All India Average of 27.9%. However, the urban poverty ratio of Andhra Pradesh stands at 26.63%, which is higher than the All India average of 23.63%. At the same time, with regard to regional disparities in economic growth, Sri C. Rangarajan had stated that "regional disparities and human development are high in Andhra Pradesh." Sir, whenever we talk about regional disparities, the Government do not accept that.
Sir, Sri C. Rangarajan further went on to say that "this imposes special responsibility on the Government to invest relatively in backward regions."

Sir, these were the comments made by our former Governor, while speaking at the seminar, at Centre for Economic and Social Studies.

Sir, regarding minorities, only five lines have been mentioned. I am thankful for that, because, even five lines have been mentioned. Sir, the Government only talks about Shadikhanas, thinking that Shadikhanas will only develop minorities. They are feeling that only through Shadikhanas minorities will be benefitted and their economic prosperity will be improved. Sir, who has asked them to build Shadikhanas? We ask the Government to extend BC status to Muslims, so that they can come up not only in education, but also in all spheres of life.

Secondly Sir, recently Haj Camps were conducted to perform the sacred Haj. Two Government employees were also appointed to serve the Hajis on their pilgrimage. Sir, look at the efficiency of the Government, even the Minister could not ensure that these two Government servants who were appointed to serve the Hajis, would go with them. Why, because, it was due to the attitude of an Assistant Secretary. In this august House, Mr. Farooq had assured that he will remove that Assistant Secretary. But off the record, he would tell "You tell it to Mr. Asaduddin Owaisi and ask him to speak to the Commissioner, who happens to be the Chairman of Haj Committee."

Sir, incompetent persons have been appointed in offices and even the Minister can not remove them. Unfortunately, both the Government employees have incurred big monetary losses. They have spent so much of money for making necessary arrangements for their travel.

Sir, with regard to minorities, just now my friend from BJP Party has described his Party's philosophy and ideology, which were engraved in his mind. Sir, through you, I would request that this Government should maintain law and order and communal harmony at all costs. They cannot have two things about it. We know for a fact that VHP is bent upon creating a problem and destroy the secular fabric of this great nation. Sir, through you, I would request the Hon'ble Chief Minister to continue his alliance with BJP Party. I am not asking him to break the alliance, because we know that he can not live without them. So, he can continue the alliance. But for God's sake, I will ask him not to give an impression that Telugu Desam is a weaker ally whereas BJP is a stronger ally. Sir, through you, I want to ask the Government a very simple question. Is the TDP support to BJP on TDPs terms or onBJPs terms? Let the Chief Minister continue the alliance. We have no objection. He can hold their hands and walk with them. But, let him protect the interests of Andhra Pradesh. Support to them (BJP) should be extended on his terms but not on BJP's terms.

An Hon.Member: (from treasury bench) It is an issued based support.

SRI ASADUDDIN OWAISI: Yes, I too agree with that. But here the point is, what is the issue and what is the base? Sir, there is another point here. Sir, I want a clarifications from the Chief Minister whether his friends want to repeat Godra carnage here also. I will ask him to check it with his friends. Because, five or six days ago, in Deccan Chronicle newspaper, a news item has appeared, quoting a RSS clipping saying that Chandrababu Naidu is creating conducive atmosphere in Andhra Pradesh to go in for another Godra. Sir, it has appeared in Deccan Chronicle. For Gods Sake, do not take these utterances as mock utterances. The Government has to take these things very seriously. The Government should act very strictly on this front. But if the Government is indecisive and disown their responsibility, then they are sure to have this problem.

Sir, Sri Chandrababu Naidu is riding on a tiger. He has created a tiger and he cannot dismount from it now. We know for a fact that these people are very committed people. They have left their homes and hearths and sacrificed their lives for their ideology. Sir, the Chief Minister stands nowhere before the experience of these people. Their philosophy, their ideology and their way of functioning are much ahead of him. If the Chief Minister thinks that he can control them and beat them in their own
Sir, the Chief Minister has created a Frankenstein. This Frankenstein, in due course of time, would eat its own creator. Sir, I request the Hon’ble Chief Minister to mark my words.

Sir, what is happening in coastal Andhra Pradesh. If not today, tomorrow it will come in the newspapers. All these Sangh Parivar elements are getting stronger day by day. In coastal Andhra region, yesterday in West Godavari district, construction of a church has been stopped. Two priests have been thrown out of that village. These activities have been going on a very large scale.

Sir, the Central Government understands the psyche of Sri Chandrababu Naidu. They know what he wants. They are not giving us monetary assistance for drought but what they are doing is, whenever a foreign dignitary comes to India, they are sending him to Hyderabad. Our people are interested to have photographs with them. Sir, foreign dignitaries were made to visit High Tech City and Shivaramam. These two words sound good. Sir, any foreign dignitary who comes here speaks in a diplomatic language. How can he say controversial things? So, the Central Government understood the psyche of our Chief Minister. For God’s sake, I would like to ask the Chief Minister to come out of that. We know for a fact that it is difficult for him to break the alliance. We also know for a fact that we are stronger enough to overtake both of you. It is going to happen. It is only a matter of time.

Sir, when the Chief Minister stands up for presenting his reply, I would expect him to make one point very clear. I want to know his stand with regard to the statement made by the Hon’ble Prime Minister that Muslims are responsible for Gujarat carnage, because they did not express their apologies, at the time when Godra took place. I want to know whether the Chief Minister agrees with that or not. Does the Chief Minister see justification behind that statement? Nearly 7,000 minorities were butchered and were burnt alive. Did he agrees with the statement by the Prime Minister? Let him make his stand clear.

(Interruptions from Treasury Benches)

Sir, my second point is..
SRI ASADUDDIN OWAISI : Sir, I am very thankful to my colleague Sri Indrasena Reddy. He had corroborated my statement. He had totally corroborated. Sir, I also want to know the view of Hon'ble Chief Minister with regard to Central Government's stand on asking for vacation of stay on 66 acres of disputed land, located adjacent to the main structure? Sir, why don't the Chief Minister spell out his opinion on that? Does the nation is not important to him? It is only his narrow political vested interests that are important to him? Don't he accept his responsibility towards this great nation? What will happen? How long can be keep silent, thinking only about his friends, his party and meri fayeda...

(Interruptions)

SRI ASADUDDIN OWAISI : Sir, I want to say a few things about both these things. As far as Sha Banu's case is concerned, that was between two parties and both of them were Muslims. Therefore, it related to interpretation of our Muslim Personal Law. It was between two muslim individual families.

SRI N. INDRASENA REDDY : No...No...

CHAIRMAN : Kindly let us not go into that.

SRI ASADUDDIN OWAISI : Sir, regarding Sha Banu's case, our stand is very clear. Whatever may be judgement delivered by Lucknow High Court, we will abide by it. Secondly, in the year 1994, Justice Verma has given a judgement about which all of us are aware here. Let me tell you, we will abide by the Court's judgement and we will never go against it.

With regard to having a Uniform Civil Code, my good friend forget the fact that in Goa there is a different culture, in Nagaland there is a different culture. Similar is the case with Mizoram. He does not know the historical aspect behind Goa. He also does not know what is happening in Nagaland. There are different constitutional provisions laid down to deal with such cases. My good friend should understood these things.

Sir, I am very sad that the Telugu Desam Party is keeping silent. That means they are agreeing with what my Hon'ble friend had stated. Neither I entertain grudge against him or the Telugu Desam Party, because we very well know what they stand for. What they have already done and what are their future plans ....we are aware of such things. The Telugu Desam Party is maintaining golden silence, which is nothing but according acceptance to what the other party is saying. But can not keep silence like this. They are bound to answer to this great nation and its people. That is my point Sir.

Sir, there is a famous Hyderabadi saying... " Samp ke mou mey chichonder " Sir, it means, what happens if a snake catches a rat. If the snake eats it, it will get blind and the rate will also get killed. So, the snake thinks, let me keep the rat in my mouth." Sir, we also want to see as to how long this love affair will continue. But one thing I want to be quite clear. As far as we are concerned, we love this country. I also want to request my Hon'ble friend from BJP " for God's sake, do not always harp about India. India does not belong to you only. It belongs to me also. As a matter of fact, it belongs to allof us."

(Interruptions from BJP Party Benches)

Sir, in the year 1857, when the first Independence Movement was started, it was started by Muslim Scholars hailing from Madarsaas. More than three thousand scholars killed over there by the
Britishers. Why do my good friend forget all these things? Wherever we go we will find such type of incidents.

Sir, whenever there is threat to this great nation of ours, I will be first person to drop my blood, and there are no two questions about it. But, what we are against is, the actions of some people, who are bent upon destroying the secular fabric of this great nation, which is being jealously guarded for the past so many years. All of us will have to take a definite stand against them. If Sri Chandrababu Naidu wants to become a statesman, he should stand up against the Hindutva Forces, by spelling out his stand clearly. Otherwise, this nation would go to dogs.

Sir, I thank you for giving me this opportunity.

ಪ್ರತ್ಯೇಕಿತವಾಗಿ, ಪ್ರತಿ ರೋಚಕವಾಗುತ್ತದೆ. ಪ್ರತಿ ಪ್ರಶ್ನೆಯು ಹೇಗುದ್ದೆಯಾದರೂ, ಒಬ್ಬದಲ್ಲಿ ಹೇಗುದ್ದೆಯಾದ ರೋಚಕತೆಯಾದರೂ? ಒಬ್ಬದಲ್ಲಿ ಆಜುದಿಯೇ ಒಬ್ಬ ಆಳುದಿಯೇ? ಪ್ರತಿ ರೋಚಕವಾಗಿದ್ದರೂ, ಪ್ರತಿ ರೋಚಕವಾಗಿದ್ದು ಪ್ರತಿ ರೋಚಕವಾಗಿದ್ದು? ಪ್ರತಿ ರೋಚಕವಾಗಿದ್ದರೂ, ಪ್ರತಿ ರೋಚಕವಾಗಿದ್ದು ಪ್ರತಿ ರೋಚಕವಾಗಿದ್ದು? ಪ್ರತಿ ರೋಚಕವಾಗಿದ್ದರೂ, ಪ್ರತಿ ರೋಚಕವಾಗಿದ್ದು ಪ್ರತಿ ರೋಚಕವಾಗಿದ್ದು? ಪ್ರತಿ ರೋಚಕವಾಗಿದ್ದರೂ, ಪ್ರತಿ ರೋಚಕವಾಗಿದ್ದು ಪ್ರತಿ ರೋಚಕವಾಗಿದ್ದು? ಪ್ರತಿ ರೋಚಕವಾಗಿದ್ದರೂ, ಪ್ರತಿ ರೋಚಕವಾಗಿದ್ದು ಪ್ರತಿ ರೋಚಕವಾಗಿದ್ದು?
Let us be honest. All barriers entire House mood reflect. Today's situation is very grave. This is not the situation. Today's situation is very grave. This is a fact.
What is the situation he was discussing and how they are reacting and how the responsible Chief Minister can pass lighter comments like that.

The ground. The Congress in Telangana is at 50, 60 and it is reacting... This is a fact. This is definitely a national calamity.

Come on let us pass a unanimous Resolution here.

This is what exactly is the situation on the ground. The Telangana Congress has 50, 60 and it is reacting. The Congress in Telangana is at 50, 60 and it is reacting.
You prove your sincerity. Otherwise, you will be taken to task by the people. Ultimately, people's court will give the verdict. My humble submission to the Government is to establish a new ground of jurisdiction. My point is to establish a new ground of jurisdiction.
The State of Andhra Pradesh feels proud to announce that we are surplus in power. This is a fact on record.

You yourself say that the economy of the State is dependable by 70% on our agricultural sector and you are neglecting the agricultural sector. My humble suggestion to the Government is to try to improve the performance matching with the situation. Otherwise, you will be doing a historical mistake.
We need to have Mills.
It is a silent and successive community. It is a reality.
What is wrong with this? I am born in it and I feel proud of it. I am not a shamed of it.

Is anything wrong with this? Nothing wrong.

He should apologize. He should say in the open House.

CHAIRMAN: He is not given mike. It is not on record.
It is not on record.

either deliberately or otherwise...

Is it the way of talking?

I stand by it.

I am right in my spirit.

Joint Collector is the Drought Commissioner in the district.

Assured water is assured water in the sense of assured water is assured water. There are two categories of irrigation: medium irrigation and lift irrigation. Medium irrigation involves the use of water supplies that are not controlled or limited by the availability of water resources. Lift irrigation involves the use of water supplies that are controlled or limited by the availability of water resources. In this context, water conservation is a strategy to ensure that water resources are used efficiently and sustainably. Water conservation is achieved through various methods such as irrigation scheduling, crop rotation, and soil management. The benefits of water conservation include improved crop yields, reduced water usage, and increased water availability for other uses. Water conservation practices are essential for sustainable agriculture and the conservation of water resources.

(112)
I can definitely say, it is hitting below the belt.
On 19th November, my mother-in-law's birth anniversary, Rajiv and I drafted together identical and separately signed instructions for our children.

Rajiv said 'in the event of my death as well as that of my wife, Sonia at or about the same time, at the same place or at different places, within or outside India, our bodies should be brought to Delhi and cremated together in accordance with Hindu rites in an open ground. In no circumstances should our bodies be burnt in a crematorium. According to our custom, our eldest son Rahul should light the pyre. It is my wish that our ashes should be immersed into the Ganga at Triveni, Allahabad, where my ancestors' ashes have been immersed.'

( C …r Ææÿç³ Û¯ŒþÞ )

CHAIRMAN: Please wait. I am going to make a ruling. I have a right to interfere. What do you mean? That Sonia Gandhi is the leader of Indian National Congress is not in dispute. Why are you going into it? My humble request to you is let us not unnecessarily get angry with each and everything. My humble request is that it is all unnecessary. She is accepted as the leader by your party and everybody knows it. Where is the dispute on that?
CHAIRMAN: I am not allowing Sri Rajasekara Reddy to speak.

CHAIRMAN: There is no reason to be emotional.

MADAM SPEAKER: Rajasekhar Reddy Garu, you are deviating from the subject.

MADAM SPEAKER: Rajasekhar Reddy Garu, kindly speak on.

MADAM SPEAKER: Rajasekhar Reddy Garu, you are deviating from the subject.
MADAM SPEAKER : No, I will not allow anything. How much time do you want to take? What is this? This is not proper.

SHRI Y. RAMAKRISHNUNDU : It is not at all sarcastic. It is not at all true. It is not a fact.
I request personally, Rajasekhar Reddy Garu to withdraw that word.

MADAM SPEAKER: I am expunging it from the record.

What is this? I will adjourn the House.

I will not allow anybody. I will not agree. I will go to the agenda.
In my view, it was a compliment to the Chief Minister. I take it as a very big compliment to the Chief Minister.
SRI P. ASHOK GAJAPATHI RAJU: Madam Speaker, I want to make a submission to you. My friend's understanding is something slightly different from my understanding. No doubt, the Leader of the Opposition said that if the Chief Minister becomes the Chairman of B.C.C.I. (Board of Cricket Control of India) we will get the World Cup. But he has also mentioned another thing. He mentioned that the Chief Minister will get two Pakistanis, one fellow from another country and probably he will get two Indians and all that. And then we will win the World Cup. This is what he said.

In the Constitution of India, we have two types of citizenships viz., one under Article 5 and another Article 11. I will read the same so that you will not misunderstand it.

"The citizenship at the commencement of the Constitution, at the commencement of the Constitution, every person who has his domicile in the territory of India and;

(a) who was born in the territory of India, or;
(b) either of whose parents were born in the territory of India; one or both, or;
(c) who has been ordinarily residents in the territory of India for not less than five years immediately preceding such commencement shall be a citizen of India. " This is about Article 5.

MADAM SPEAKER: The Legislative Affairs Minister has already told about the same.

SRI P. ASHOK GAJAPATHI RAJU: In respect of Article 11 -- " any foreign born person can apply and acquire citizenship of India. " They are citizens with equal rights but definitely not born in India and neither of their parents born in India.

They also took objection to people who are born under Article 5 and winning National Games on behalf of Andhra Pradesh. If you look at the whole thing, their concept of citizenship itself is very, very meddled. Through you, I want to bring this to the notice of this august House.

6.20
She is an Italian, she is born in Italy. Everybody knows it.

SRI D. SRINIVAS: How are you allowing him, Madam?

(At this juncture, the Hon'ble Members belonging to the congress party rushed in to the Well of the House.)
He is liable to be penalised.
MADAM SPEAKER: Under what rule?

Rules 17, 18 and 19 of our Rules are very clear.

The issue was closed. Constitution the only one thing that matters, BCCI's charter from people, BCCI's charter is the only constitutional issue. 

Issue was closed with that. Issue was closed.

... all of a sudden....
“ ತಂಡ ಬದಲಾಯಿಸಿ ಬೆಂಬಲನ್ನು ಬಿಡಬಿಡ…..” ಒಮ್ಮೆ ನಿರೀಂದರಾಗಿ ನೀಡಲಾಗುತ್ತಾ.
MADAM SPEAKER: The House is adjourned for ten minutes.

(Then the House adjourned at 6.49 P.M.)
I appeal to all the Hon'ble Members to maintain dignity.
Therefore, through you, I would like to appeal to Sri Rajasekhar Reddy Garu, to kindly react on this issue. Let him express his opinion.

( Congress Party Members, who were standing at the podium raised the slogan "Let him apologize first. Then only we can discuss other things")

If that is the stand taken by the Members of the Congress Party, then I want to appeal to them to react on this issue, to express their opinion.

---

Congress Party Members, who were standing at the podium raised the slogan "Let him apologize first. Then only we can discuss other things"

---

**Expunged as ordered by the Chair**
We have no objection for that.

MADAM SPEAKER: I will verify the records.

I have no objection. Anything unparliamentary or any word uttered by me which has hurt any individual, you can remove them from the records. We have no objection for that.
DR. M.V. MYSURA REDDY : Tell me, if that is the case, whom have you mentioned as our captain?

Therefore, I would like to request all the Members, through you, to kindly raise upto the occasion and allow the proceedings to go on.

MADAM SPEAKER : First of all, I would like to verify the records and now I am adjourning the House for the same for ten minutes.

( The House then adjourned at 8-05 PM for ten minutes.)
(Again I will expunge from the records.....)

I will expunge from the records.....

Till such time, there is no question of going on with the proceedings of the House. Till such time, there is no question of going on with the proceedings of the House.
The whole world has heard it. Everybody has seen it on T.V.

That has been expunged and it is announced by the Hon'ble Speaker. After the issue is closed something has cropped up unnecessarily. Therefore, we demand apology. After that only the proceedings of the House will go on.

I do not want to hurt anybody.
I am withdrawing and I have no intention of hurting anyone.

(Applause)

SRI Y. RAMAKRISHNUNDU: Let Mysoora Reddy ask other Members to sit.

(Interruptions)

What more do you want?

(Applause)

A servant of the people should never fear or give way to bitterness if he finds himself a victim of misunderstanding whether unintentional or wilful. The acts of men who have come out to serve or lead have, always, been misunderstood since the beginning of the world and none can help it. To put up with this mis-representation and to stick to ones guns come what might. This is the essence of the gift of the leadership.
MADAM SPEAKER: There are 21 amendments given notice by the Members to the motion of the thanks on Governor's Address. I put them to vote Now, the question is:

"Add the following at the end:

"It is regretted that no specific mention is made in the Governor's Address about drought relief."

"Add the following at the end:

"It is regretted that no mention is made in the Governor's Address about growing unemployment and concrete steps to be taken."

"Add the following at the end:

"It is regretted that no mention is made in the Governor's Address about the measures for development of backward regions and on pending irrigation projects."

"Add the following at the end:

"It is regretted that no mention is made in the Governor's Address about specific steps to contain corruption."

"Add the following at the end:

"It is regretted that no mention is made in the Governor's Address about the Government assets sale."

"Add the following at the end:

"It is, however, regretted that no mention has been made in the Address about specific measures taken for drought relief, supply of drinking water and fodder, steps to prevent migration of rural people under distress, issue of white and non-white ration cards to eligible people, and opening of gruel centres in the worst drought affected areas to save the lives of helpless people."

"Add the following at the end:

"It is however regretted that no mention has been made in the Address about
continuing suicides of farmers and handloom workers and the steps taken to prevent their recurrence."

"Add the following at the end"

"It is however regretted that no mention has been made in the Address about leasing or franchising of 33 KV sub-stations and other sub-stations of Transco, which is imposing heavy burdens on the consumers."

"Add the following at the end:

"It is, however, regretted that no mention has been made in the Address about the steps taken to help rural artisans facing very severe crisis due to structural adjustment policies and recurrent drought situation during the last 3 to 4 years."

"Add the following at the end:

"It is, however, regretted that no mention has been made in the Address about shift of the Government policy to raise revenue through collection of user charges by various Government departments, autonomous bodies and public sector undertakings of the State Government."

"Add the following at the end:

"It is, however, regretted that no mention has been made about Government inability to actually implement any food for work programme and showing earlier completed works as new programmes during the last 3 months despite suffering of the people for lacks of work in the worst drought affected areas."

"Add the following at the end:

"It is, however, regretted that no mention has been made in the Address about the action on recommendations of Justice Punnaiah Commission on atrocities and caste discrimination of daliths in the State."

"Add the following at the end:

"It is, however, regretted that no mention has been made in the Address about constitution of special machinery for effective implementation of mid-day meal scheme for school children on a permanent basis as in Tamil Nadu."

"Add the following at the end:

"It is however regretted that no mention has been made in the Address about the reduction of price of milk procured and G.O issued for collection of user charges for even drawing water from the bore-wells."

"Add the following at the end:

"It is, however, regretted that no mention has been made in the Address about special package for development of backward regions and steps contemplated."

"Add the following at the end:
"It is, however, regretted that no mention has been made in the Address about the passage of comprehensive legislation for the welfare of agricultural workers."

"Add the following at the end"

"It is, however, regretted that no mention has been made in the Address about the steps proposed to improve the conditions of workers in the unorganized sector and those under contract employment."

"Add the following at the end:

"It is, however, regretted that no mention has been made in the Address about filling up of vacant posts including backlog posts reserved for SCs, STs and B.Cs in various Government departments, local bodies and State autonomous institutions.

"Add the following at the end:

"It is, however, regretted that policy of the Government regarding social reservations in private enterprises and steps taken to implement have not been spelled in the Address."

"Add the following at the end:

"It is, however, regretted that no mention has been made in the Address about conduct of elections to various cooperative institutions, which have been pending since a long time.

"Add the following at the end:

"It is, however, regretted that no mention has been made in the Address about increase of police atrocities and torture against various sections, white-collar crimes and law and order problems and steps taken to curb the same."

(Pause)

The amendments were negatived.

MADAM SPEAKER: The question is:

"That an Address be presented to the Governor as follows:

'That the Members of the Andhra Pradesh Legislative Assembly assembled in this X Session are deeply grateful to the Governor for the Address which he has been pleased to deliver to the Legislative Assembly on 17.2.2003.'"

(Pause)

The motion was adopted.

MADAM SPEAKER: The House is adjourned to meet again at 8.30 A.M tomorrow ie., 22.2.2003.

(The House then adjourned at 9.25 P.M to meet again at 8.30 A.M on Saturday, the 22nd February, 2003.)
