SMT.R.SHOBA (Madanapalli): Madam Speaker, the Hon'ble Minister has told that genetic modification has not been done so far in paddy. I would like to know from the Hon'ble Minister as to whether any mutant variety of paddy is emerged or not.

Ultimately, it is the scientific community which has to clarify that.
SRI YOUNIS SULTAN: Madam Speaker, National River Conservation Programme was started by late Sri Rajiv Gandhi twenty years ago for cleaning of major rivers. Fortunately, the Minister had admitted that he has received letter. But in the answer he said 'does not arise'. Madam Speaker, Khammam town is depending on Munneru river for drinking water and particularly, three town area is suffering like anything during rainy season. I have personally requested the Hon’ble Minister for Environment and he has admitted. Five times, I have given letter to the Chief Minister but still they are pursuing. I request that at least this year they give consent letter so that this Scheme is taken up.
They cannot let go this opportunity because 70% of the funding is by the Central Government and only 30% funding is by the State Government. The cost of the scheme is Rs.10 crores. A Commitment Letter from the State Government is enough. More than one year back, the Central Minister has written a letter confirming the Scheme to be taken up for Khammam town. But the State Government is still trying to investigate. I request the Government to give a consent letter to the Central Government.

It is a very good organisation.

I totally support it as it is one of the best organisations in my department.
But, there is a very good demand for Special Protection Force (SPF). We need to appoint them as SPF constables.
They are regularly working. Right now I don't have any information, but I will definitely look into it and will take necessary action.

He is telling about the Court's judgment. There is a legal point in it.

```
section 40.246(6388)
```

Q1.  Explain the legal point of the judgment.

Q2.  Can you describe the main arguments in favor of the judgment?

Q3.  What is the significance of this judgment for the parties involved?

MR. DEPUTY SPEAKER: Now, I will take up the first 304.

304th Governor of Andhra Pradesh recommendation for consideration letter

The Government of Andhra Pradesh is taking the most stringent action against those attempting to cheat innocent people for monetary gain. It must be understood that there is a steep decrease in bodily crime in the last two decades which is a natural consequence of development of technology, where criminals find it easy to commit crime. There has been a study increase in economic offences.

There is an increase Non-Banking Financial Companies, Plantation Companies, Cyber Crimes, Money

Anyway

It is high time. You have to take action.
As an individual you cannot demand under this act. I was so happy about the activities of the Co-operative Department at that time. I was so happy about the activities of the Co-operative Department at that time.
That was the best Act throughout the country and all the States are adopting that Act.

There was absolutely no problem with any co-operative bank during those days.
Now, they can go for any action against any property for auctioning. Don’t waste your time by doing nothing. Concentrate on their activity.
it. But ours is different. He is like any other normal borrower. He is paying regularly without any default. He is paying regularly. Yes. He is my relative. He is like any other normal borrower. He is paying regularly without any default. But ours is different.

They are paying regularly. They are prepared to pay immediately.
I would like to invite the attention of the Hon'ble Minister for Home to the second paragraph of the Statement. It has been stated that "there has been a steady increase in economic offences in the last two decades in the country and Andhra Pradesh is no exception. It would be incorrect to view such a universal phenomenon purely in terms of the efficacy or otherwise of law enforcement agencies". I just fail to understand as to whether there is any legal justification for the Hon'ble Home Minister to put in such sentences over here. It is really absurd. Is this some kind of saving grace? Families' earnings have been completely wiped out and he is trying to divert the attention from the main problem. I would like to know from the Hon'ble Minister for Home as to the definition of White Collar Offence. Is there a definition? Let the Government introduce a Bill in this august House and define the white collar offences. When we were in the Chambers of the Hon'ble
Speaker, the Hon'ble Minister for Home stated that this issue covers wide range of topics. Then what is the definition of White Collar Offences? There is no definition of White Collar Offences? It has to be defined.

I would like to bring to your kind attention with regard to criminality rate. The National average is 166.6 whereas the criminality rate in Andhra Pradesh is 165.3. We are only one point less when compared to national average. About cheating cases, in Andhra Pradesh, in the year 2001, the number of cheating cases was 4,193. In the year 2002, it has gone up. It is 65,327. Deputy Speaker Sir, with regard to economic offences, there has been a whooping increase of 27.4%. In the year 2001, it was 4,123 and in the year it was 5,327. In Hyderabad city, the number of cheating cases registered is 1,264 and in Vijayawada the number of cheating cases is 545. In Ranga Reddy District, the number of cheating cases is 387. There has been an increase in the number of white collar offences. But the Hon'ble Minister is talking about the problems pertaining to land. This is the main crux of the problem. On Page 2 of the Statement, it has been stated that greater awareness among the people by way of sensitizing them through the Maitri Committees. Maitri Committees are full of anti social elements. Does it mean that they are going to control white collar offences through Maitri Committees. How can they control the white collar offences through Maitri Committees? In fact, the members of the Maitri Committees are aiding, abetting and conniving with these white collar offenders. Let the records be produced. The officers who are writing answers, may be they are living in an Eutopian land.

Another point I would like to mention is about the close liaison with the Reserve Bank of India. I would like to know from the Hon'ble Minister for Home that how many officials of Registrar, Cooperative Societies have been arrested so far. The Directors and Chairmen have been arrested. But we would like to know as to how many officials from RCS are arrested? How many officials of RBI have been arrested. Deputy Speaker Sir, in the collapse of Krushi Bank and Charminar Bank, I have been telling this day in and day out that there is a direct link between an IPS Officer and the officials. The IPS Officer has taken a loan for his son. Out of Rs.30 crores, Rs.12 crores was taken as a loan. But the amount has not been paid to Charminar Bank. We would like to know the opinion of the Hon'ble Minister for Home on this. We would also like to know the reasons as to why the Hon'ble Minister is trying to save his own officers. Yes, he can tell openly that the IPS Officer has taken a loan. There is a link between the collapse of Krushi Bank and Charminar Bank.

Lastly, regarding the Cooperative Societies, suo motu action could have been initiated by the Hon'ble Minister for Home because he will be getting reports regularly from the Intelligence Department and the S.B.Department. We would like to know as to what is stopping them from taking action. We request for immediate action against the officials of the Cooperative Societies. As has been rightly mentioned by the Member belonging to the Congress Party, we would like to know as to the number of cases registered. What about ASRA India? Pardesi has gone to Pardes. Asan Zubi has fled. Of course, a case has been filed. Whenever a fraud comes to light, the Government announces that they are establishing Special Courts to deal with economic offences. 250 cases have been handed over to C.I.D. We would like to know about the stage of the cases. We would also like to know that in how many cases charge sheets have been filed. Let the Hon'ble Minister for Home be specific in his reply.

Since it is the Registration Department who are concerned...

If anything goes wrong...

I don't think it is practically possible.

How to come out...

About the definition of the term white collar crime. It is almost used universally by everybody. Normally it is defined as white collar crime. But in Indian Penal Code there is nothing about it. It refers to a crime which does not lead to bodily injury—

It is only used in general terminology.
DR. M.V. MYSURA REDDY: You open a separate cell.

(it is a normal thing.)
You give it to me. If you can, you give the particulars. You give it to me. I am prepared to take action irrespective of whoever it may be.

There is something called character and reputation of a person. It directly reflects a person’s reputation. It is a white collar crime. It is a wide subject. Training is required. Even the police is not able to understand certain cases.
It was agreed to confirm
and execute sale in favour of Kishan Reddy and others. Ashok Goud was a successful bidder in the
bid. Kishan Reddy approached the bank with a request to give bank guarantee for a sum of Rs.3
crores. The Hon'ble Chief Minister says that Andhra Pradesh is first in every thing. So also the
Andhra Pradesh is first in white-collar offences. The Government has to define white-collar offences.
The Government should not rely on the police officers. They are not lawyers and they do not know the
intricacies of jurisprudence. The Government should better consult the Law Department and bring out
an Act that should define as to what is white-collar offence. This measure will really help the
Government in not only catching the offenders but also in ensuring that they will be convicted.

Secondly, I would like to know whether there is any connection between the collapse of Krushi
Bank and Charminar Bank. Who is that I.P.S. Officer, whose son has taken more than Rs.10-00 crores
from Krushi Bank while pressuring the then Chairman of the Charminar Bank to deposit Rs.30-00
crores? Why this Government has nominated that person as the Member of the Wakf Board? What is
your connection in that?

Thirdly, I had given all the figures of criminality. The national average is 166 and Andhra
Pradesh is standing at 165. Let the Government take pride about it. Let the Government call for the
meeting of any Mythri Committee. I will show as to how many of them are rowdysheeters and criminals.
In the state of banks' collapsing, how many of officials of Registrar of Cooperative Society and how

SRI ASADUDDIN OWAISI: Sir, there is a very famous Chinese saying that you have to
slaughter a chicken to teach the monkey a lesson. But unfortunately you are not taking the example of
any one here. The Hon'ble Chief Minister says that Andhra Pradesh is first in every thing. So also the
Andhra Pradesh is first in white-collar offences. The Government has to define white-collar offences.
The Government should not rely on the police officers. They are not lawyers and they do not know the
intricacies of jurisprudence. The Government should better consult the Law Department and bring out
an Act that should define as to what is white-collar offence. This measure will really help the
Government in not only catching the offenders but also in ensuring that they will be convicted.

Secondly, I would like to know whether there is any connection between the collapse of Krushi
Bank and Charminar Bank. Who is that I.P.S. Officer, whose son has taken more than Rs.10-00 crores
from Krushi Bank while pressuring the then Chairman of the Charminar Bank to deposit Rs.30-00
crores? Why this Government has nominated that person as the Member of the Wakf Board? What is
your connection in that?
many officials of R.B.I., were arrested? The Government has arrested only the Directors of the Banks. But what about these officials? Let the Minister for Home reply about it.

Lastly, I totally support the demand for the constitution of a House Committee. It will not demean the status of Hon'ble Home Minister or this Government. The Members of this august House will debate it in the Committee and true facts will come out and the Government can implement the recommendations of the House Committee.
It is under consideration.

It is under consideration.

It is under consideration.

It is under consideration.

It is under consideration.

It is under consideration.
It is a wide subject. I do not think that House Committee can do much about it.
It cannot be a void. But there is a decreasing trend comparatively in all India. 

I do not know what kind of contribution can a House Committee make.

1.10

63
Very effective action
SRI ASADUDDIN OWAISI: Sir, this august House had discussed these issues so many times. Many retired people have been duped by these financial institutions. Many Co-operative Banks have duped so many people, but it is unfortunate that not a single official of these banks has so far taken to task. No action has been initiated against them. My question is what is the use of having a mere discussion in this august House, when it is not supported by a concrete action. When so many people are duped of their hard-earned money, the Government is only confining its role as a mere spectator. Our party is dissatisfied with the attitude of the Government. Hence, we are registering our Protest and staging a walk out.

(The MIM Party Members then staged a Walk-Out from the House)
Mr. DEPUTY SPEAKER: The second 304 and Rule 74 posted in the agenda have been Postponed. Now, discussion on Demands.
670.1.30

I have no objection. We respect Gandhi Topi. We have provided. I have no objection. We respect Gandhi Topi. We have provided.

We can confine our discussion to that.
73
The legislation of the Central VAT will require Central legislation and administered by the Centre. It will replace both Excise and Sales Tax. The State VAT on the other hand envisages withdrawal of the Centre from the taxation leaving to the State to levy tax in the domestic trade in the form of VAT replacing both Central Excise and Sales Tax. Under dual VAT system both the Centre and the States have to levy VAT independently converting their respective excise and ST into VAT System. The State VAT on the other
When the Congress Party was in power in the State of Andhra Pradesh they have converted the turnover tax into multi-point turnover tax which had a tremendous cascading effect on prices. The multi-point turnover tax which was in our State was enforced from 1973 to 1994. The turnover tax was intended not only to harass the traders and take bribes from then but the turnover tax was in contravention of the provisions of the A.P. General Sales Tax Act which stipulated that commodities must be taxed either at the point of purchase or at the point of sale. The turnover tax was not only a burden on the traders and traders but it also increased the cost of goods and services. The turnover tax was enforced in the State of Andhra Pradesh from 1973 to 1994.
the debate shall be confined to the Bill. The President may adjourn the debate without resuming it. Mr. Patil praised the introduction of VAT throughout the country and felt that it would have beneficial effect on the economy of the country and the States. It is the intention of the Government to progressively extend the method of VAT on all commodities over a period of time. However, after the systems are established, when the trade adapts to the new tax the VAT will progressively replace turnover tax. Let them talk in whatever manner they like or criticise - I will hear.
Every dealer shall be liable to pay tax on the goods sold in the State at the rates that are specified in the schedules of the act. The input tax shall be allowed to the VAT dealer for the tax charged in respect of purchase of taxable goods made by that dealer during the tax period.
Every dealer shall be deemed to have been assessed to tax based on the returns filed by him; if no assessment is made within a period of four years from the date of filing of the return. Where the authority prescribed is not satisfied with a return filed by the VAT dealer or TOT dealer or the return appears to be incorrect or incomplete; he shall assess to the best of his judgement within four years of due date of the return or within four years of the date of filing of the return whichever is applicable. The authority prescribed may, based on any information available or on any other basis, conduct a detailed scrutiny of the accounts of any VAT dealer or TOT dealer and where any assessment as a result of such scrutiny becomes necessary, such assessment shall be made within a period of four years from the end of the period for which the assessment is to be made.

Failure to get registered under Section 17 or cancellation under Section 19.

Failure of a VAT dealer to issue a tax invoice under Section 14 or a credit or debit note under Section 15 if such invoice or credit note is not issued as required by Section 14 or Section 15 in any other case.

Failure to comply with recovery provision under Section 29 (Third party)
(ಪ್ರಕ್ಷೆ)
Why the Government has introduced this Target 2000 Scheme? There is no meaning in this. You are cheating the industrialists. 1999 is a fool. Why the Government has extended up to 2002? From 1999 to 1999, the pipeline was extended up to 2002. Where a registered person was enjoying the benefit of exemption and deferral of tax under the Panjab General Sales Tax Act, 1948, immediately before the appointed day and who would have continued to be so eligible on such appointed day, may be allowed such a benefit under this Act for the balance of unexpired period such percentage of gross value of fixed assets as may have been allowed to such person.

The Governments of Maharashtra, Punjab and Gujarat have proposed to continue the benefits of sales tax exemption even after the introduction of V.A.T., which is clear from the following extracts of the budget speeches and also from the proposed draft V.A.T. Act.

The Sales Tax Holiday units shall be eligible to claim credit for tax paid on the purchases for business use and the same shall be deducted from the amount of sales tax exemption utilized.

Section 97 (k)--

"Where a registered person was enjoying the benefit of exemption or deferment of tax under the Punjab General Sales Act, 1948 immediately before the appointed day and who would continue to be so eligible on such appointed day, may be allowed such benefit under this Act for the balance unexpired period or such percentage of gross value of the fixed assets as may have been allowed to such person under the Act.".

If we modify like this, it will be useful for industry.

Section 13(1) (a), if we modify like this, it will be useful for industry.

(a) -- "provided that in the case of purchases from tax holiday units under various state incentives schemes, the V.A.T. Dealer shall be allowed input tax credit for the amount calculated at the same rate of tax as may be applicable on the said goods as though it is deemed to have been paid ".

Para 2 -- Package Scheme of Incentives -- " As decided in the Chief Ministers’ conference, no sales tax based incentives are being granted to industrial units after 2000. There are however units that have been granted these benefits earlier and they presently enjoy the benefits either in exemption mode or deferral mode, I propose to continue the sales tax based incentives presently available to units under the Package Scheme of Incentives. These units which are in exemption mode will continue to enjoy benefits. However, these goods when sold through trading channels will continue to pay tax on value added at that level ".

With a view to honouring the commitment made under the old incentives schemes, the State Government has decided to allow eligible units to avail of the benefits of incentives sanctioned to them. Value additions will be liable to tax at the stage of resale of the goods sold by such eligible units. The dealer purchasing from the tax holiday units has to pay the tax only on his value additions.

" The Punjab Value Added Tax Act, 2002, Chapter VIII, Section 97 (k) --

" Where a registered person was enjoying the benefit of exemption or deferment of tax under the Punjab General Sales Act, 1948 immediately before the appointed day and who would continue to be so eligible on such appointed day, may be allowed such benefit under this Act for the balance unexpired period or such percentage of gross value of the fixed assets as may have been allowed to such person under the Act ".

If we modify like this, it will be useful for industry.

" The sales tax holiday units shall be eligible to claim credit for tax paid on the purchases for business use and the same shall be deducted from the amount of sales tax exemption utilized."

(c) Clause -- a new provision to be added in the V.A.T. Act. " The balance period of sales tax holiday shall be proportionately increased in order to utilize the balance amount of sales tax exemption in proportion to the deduction in the rate of sales tax after introduction of V.A.T., as compared to the rate prevailing before V.A.T.".
SRI ASADUDDIN OWAISI: Chairman sir, this V.A.T., Act has been introduced and it is successfully working in 120 countries. The two countries, which have not, yet implemented V.A.T., are India and Ghana. We are having so many countries in our country. Recently, I was told that commercial tax officials have gone to England on a study tour and I do not know what they have learned from there. But whatever they have learned is not being practised or it does not says any thing of their experience in England in the Bill that has been introduced in this august House.

First of all, our objection to this Bill is that there is going to be different rules in the different states. There is going to be disparity of taxes also. This V.A.T., has been successful in Canada for the last 24 years and the reason for it is that the taxes are uniform in all the states of Canada. If we see the statement and objectives of this Bill, at page 94, para two and fifth line, which states that " rate of 4% is proposed on all food grains, other essential items and goods of special importance and standard revenue neutral rate of 12.5% on all other goods ". Sir, all over India, it is only 10% but we have 12.5% here. What is the reason for it?

Secondly, the biggest contribution to sales taxes is coming from the sale of liquor, petrol and diesel. In the financial memorandum of the Bill, at page 96, it says, " the financial implication involved with the introduction of Value Added Sales Tax are estimated to the extent of loss of Rs.550 crores approximately. The Government of India have assured that compensation during the first three years will be provided to make up 100% loss in the first year, 75% loss in the second year and 50% loss in the third year respectively on the basis of suitable mechanism or methodology agreed upon. What is the status of this? What are the modalities? As the Government is saying that there is a loss of Rs.550 crores, when will the Government of India give this amount?

In budget estimates for 2003-2004, second volume -- Taxes on Sales and Trade -- for accounts of 2001-2002, it was 774088.86,000. But when it came to the budget estimates it was 8754. Now, for the revised estimates of 2002-2003, it is going to be 84434900 and for budget estimates of 2003-2004, it is going to be 97412600. How can it go up to Rs.1300 crores? This is very important. I would like to have clarification from the Hon'ble Minister on this point. The state of Andhra Pradesh has highest rates of petrol and diesel. At page 91 of the Bill, Schedule VI, Goods subjected to taxes at special rates -- for liquor -- at the point of first sale in the state -- 70%.

Fine. No problem because the policy of the Government is that. On prohibition you went back. The second point is petrol other than aviation motor spirit, aviation turbine fuel and diesel is 32.55% and the existing rate, if I am not wrong for petrol is 21%. For diesel it is 19%. How much burden you are going to put on common man? Already, the prices of petrol and diesel are the highest in Andhra Pradesh.

SRI K. VIJAYARAMA RAO: Not to interrupt. Petrol and diesel and also aviation turbine fuel and liquor, these present rates only are to be there. There is no increase. They are present rates only. Just for clarification. They are not under VAT. The existing rates only are repeated.

SRI ASADUDDIN OWAISI: Is there any reason for excluding them? Why have you not brought them under VAT? Moreover, I want to know from the Hon'ble Minister that how much income you are expecting during this year from liquor, petrol and diesel? What are your expectations for the next year? Apart from this, as far as our Party opinion is concerned this Bill requires lot of time and detailed study should be done. There are so many things, which should be dealt with, threadbare. It will be in the fitness of things if the Bill is referred to select committee so that grey points, if any and suggestions that
can be given can be given. The Government is proceeding in a haste manner, which is not good. The reason is Tamil Nadu and Kerala have yet to implement this VAT. If I am not wrong the Delhi Chief Minister had gone on record in T.V that if she would receive representations she might not implement VAT. Another point is that this Bill does not cover inter-State sale transactions. Though it is claimed in the Note that in other federal countries like Canada all inter-State transactions are covered by VAT the tax paid in one State is given credit in the other if the goods move from one State to another. Even in the European Union the tax paid in one country is given credit in the other country if the goods is moved from the latter. Zero rating of tax on inter-State sales while charging CST fully cannot be covering all inter-State sales by VAT and giving input tax credit. Our recommendation is the State Government should move the Central Government to tally scrap the CST act and remove tax on inter-State sales or provide for giving input tax credit on all inter-State purchases which have suffered tax under CST act in the preceding State.

One more point is that this exemption limit of three lakh rupees turnover is still very low. All India I believe it is ten lakh rupees. That can be followed here. In fact, it will be in the fitness of things if dealers having twenty lakh rupees turnover should be exempted totally from the tax. The reason is that this will save the department from unnecessary botheration of running after lakhs of petty dealers having a little return. Instead the attention of tax collecting machinery of Sales Tax Department can be focussed on tackling big dealers which will compensate the loss of revenue on account of exemption of small dealers. In any case, whatever may be the exemption limit there should not be two types of dealers ie., VAT dealer and non-VAT dealer and there should not be parallel administration because it will create a lot of administrative and fiscal complications. A lot of departmental machinery will be unnecessarily engaged in administering lakhs of petty non-VAT dealers to get a little revenue to commensurate with the efforts that they will be putting in. It will create fiscal problems for genuine dealers. They will not get credit on input tax paid on their purchase from non-VAT dealers. Though the tax would have gone to the State they will be in disadvantageous position when compared with other dealers. As far as provision of impressing in the Bill it is totally unnecessary and it is draconian. They will only have unscrupulous officers to threaten and harass the dealers for their own benefit and I suggest that it should be removed. Obtaining of registration certificates should be made more simple, easy and transparent. The traders' association voluntarily coming forward for such certificates should, also, be entrusted with collection of returns and tax by cheques. With regard to assessments only in rare cases and on valid and genuine grounds there should be reopening of assessments. Appeal against assessments should be made easy. There should be no pre-conditions for payment of any part of disputed tax for preferring appeal. The condition of pre-payment of tax for appeal has become strong weapon in the hands of unscrupulous officers to harass the dealers. These are important points and moreover, I request the Hon'ble Minister to please enlighten us that why is it petrol and diesel are not included in the VAT. In the budget estimates how is it that from Rs. 8433 crores you are expecting Rs. 9741 crores? This is very important point and in our Party's opinion it is good if implementation of this Bill is postponed. Let it be referred to a Select Committee so that important suggestions can come up.

Thank you.
He is not our Chairman. He is Minister in West Bengal. We are having our own views.

let me say. It will enable you to give me good suggestions. Everybody is saying that we have put in very stringent provisions and punishments in this bill. They are not police people. They are tax collectors.

This is an imported bill, this is imported by the British Government.
ಕ್ಷಾಲನದ, ಎರಡನೇ ಮತ್ತು ತಮ್ಮ ಕ್ರಮಾಂಕದ ತರ, ಹಾಗು ಹೆಚ್ಚಾಗಿ, ಮೂಲ ಹಾಗ್ಗೆ ಮೇಲೆ ಮಾಡುವ ಒಂದು ಸೇರಿ ಬಾರಿಷ್ಟ ಎರಡನೇ ಮತ್ತು ಮೂಲ ಹಾಗು ಹೆಚ್ಚಾಗಿ. ಮೂಲ ಹಾಗು ಹೆಚ್ಚಾಗಿ, ಮೂಲ ಹಾಗ್ಗೆ ಮೇಲೆ ಮಾಡುವ ಒಂದು ಸೇರಿ ಬಾರಿಷ್ಟ. ಈ ವಿಧಾನ ಮೂಲ ಹಾಗು ಹೆಚ್ಚಾಗಿ. ಮೂಲ ಹಾಗ್ಗೆ ಮೇಲೆ ಮಾಡುವ ಒಂದು ಸೇರಿ ಬಾರಿಷ್ಟ.
It is my doubt. My question is: Who has been the most influential person in the past? Why? It is difficult to determine who has been the most influential person in the past. There have been many influential people throughout history, and it is impossible to say who the most influential person was. Some people argue that the most influential person was a particular leader, while others believe that the most influential person was a particular thinker or thinker. However, it is clear that there have been many important people throughout history who have had a significant impact on the world. It is important to understand the role of influential people in shaping the course of history.

It is also important to consider the influence of non-human entities, such as technology and the environment, on human history. The development of technology has had a significant impact on the course of history, as it has allowed humans to develop new tools and techniques that have enabled them to overcome various challenges. The development of the internet, for example, has had a significant impact on the way that people communicate and exchange information.

Similarly, the impact of the environment on human history cannot be ignored. The rise and fall of civilizations, for example, has been closely tied to the availability of resources such as food and water. The impact of climate change on human history is also significant, as it has led to significant changes in the environment, such as the rise and fall of sea levels, which have had a significant impact on human history.

It is clear that the influence of influential people and non-human entities on human history is significant. It is important to understand the role of these entities in shaping the course of history, as it can help us to better understand the world we live in today.

It is also important to consider the role of the individual in shaping the course of history. Sometimes, it is the individual who has had the most significant influence on human history. This can be seen in the example of a single person who has made a significant contribution to the world, such as a leader, a thinker, or a scientist. The influence of the individual on human history can be significant, and it is important to understand the role of the individual in shaping the course of history.

In conclusion, it is clear that the influence of influential people and non-human entities has had a significant impact on human history. It is important to understand the role of these entities in shaping the course of history, as it can help us to better understand the world we live in today. It is also important to consider the role of the individual in shaping the course of history, as it can help us to better understand the impact of human actions on the world.
MADAM SPEAKER: I will take the opinion of all the Floor Leaders.

I was a Police Officer. They are very well behaved. They are a very disciplined force. They have a very important duty of law and order to discharge.

Here, I only said that tax collection is the main duty of the Commercial Taxes Officer.
SRI K. VIJAYARAMA RAO: There are bad heads everywhere, in every branch of our society. I do not want to hurt anybody. In every branch of our society I am proud that there are excellent Officers in Commercial Taxes and Police Departments.

5 or 6 officer, see the head, see the heart. Police, Commercial Taxes officers, etc. are all excellent. But there are bad heads everywhere. I do not want to hurt anybody. I am proud in every branch of our society.
DR. K.REVATHIPATHI(Tekkali): Respected Madam Speaker, thank you very much for giving me this opportunity. It is nothing but the tax on the consumption, collected at all the stages of production and distribution. It is nothing but self-policing system and self-assessment system. Total tax to be taken into consideration. They are totally exempted from the A.P.G.S.T.

Very much useful for the common man and poor man. Once in a quarter if submitted, it is deemed to have been assessed. It is nothing but self-policing system and self-assessment system.

Some 'X' is there.

Input tax will be credited into the account of 'X'.

It is called output tax.

Some 'X' is there.
SRI N. UTTAM KUMAR REDDY (Kodad): Madam Speaker, the Bill introduced by the Hon'ble Minister, in its objects and reasons says that all the Chief Ministers have endorsed the view and that Sales Tax based incentives extended to industries should be withdrawn.

Madam Speaker, first of all, I want to know from the Government about the policy to be adopted with regard to industries which have been already granted Sales Tax Incentives. Other States which are going to implement VAT have decided that sales tax incentives which have been extended to their industrial units would continue even after the implementation of VAT. In this connection, I wish to bring to the notice of the Hon'ble Minister that the survival of industries located in Nalgonda and Kurnool districts are based on sales tax exemptions. The tax with regard to the cement industries was used to be 4%, but as per the new bill introduced, it would going to be around 12.5%, which amounts to nearly a three fold increase. With the incentives being withdrawn and the tax being charged at 12.5%, there would be no way left for these cement industries except to close down. Not only this, earlier many goods used to get sales tax exemption, but they have been included now in the 4% tax structure or higher than that, with the result, their prices are certainly going to be increased.

Madam Speaker, the Minister says that the tax policy was reorganized or reoriented to have a simpler procedure. But, unfortunately, the bill does not reflect that. The Government have given imprisonment as a punitive measure? Why are such discriminatory powers given to the tax officer? There is every reason that such a power was going to be misused. The bill says that a penalty should be imposed upto five times, which is quite unreasonable. These are all nothing but draconian provisions. In addition to that, earlier turnover tax used to be 1% above Rs.10 lakhs. Now, with the
introduction of this bill it was thought of increasing it to 1.5%. Is it true, if so, I need a clarification on this from the Government.

I also wish to know from the Government that whether it is true that Central Sales Tax Registration will not be given till one should obtain VAT Registration. Is this true? Through you, I seek a clarification from this from the Government.

Madam Speaker, the bill is filled with so many draconian provisions, which need to be considered in detail. Therefore, I strongly urge the Government not to pass this bill in a hurry, but refer the same to the Select Committee for a detailed review, so as to give it a more acceptable shape.

Madam Speaker, with these few words I would conclude my speech offering you my thanks for giving me this opportunity.

MADAM SPEAKER : The House will continue the discussion on VAT tomorrow. Now, the House is adjourned to meet again at 8-30 AM tomorrow.

(The House then adjourned at 7-46 PM to meet again at 8-30 AM on Wednesday, the 26th of March 2003)
