Let me complete. I am told by the Hon'ble Speaker that the report of the House Committee was sent to the Government and the same is under consideration. Another important thing is that the said House Committee is still under job and that they only submitted their interim report. The Government will come back to the House with the Action Taken Report on the interim report of the Committee. This is the procedure. The Minister for Home has already stated that whatever the anomalies are there, they will be rectified and necessary justice will be done. Therefore, we will examine it and come back to the House with the ATR.
Government. Madam Speaker this is my personal request to you that as the interim report of the House Committee has already been sent to the Government for examination and implementation of the recommendations given by it, you please direct the Government to fix a time limit to implement the report.

SRI ASADUDDIN OWAISI(Charminar): Madam Speaker this is my personal request to you that as the interim report of the House Committee has already been sent to the Government for examination and implementation of the recommendations given by it, you please direct the Government to fix a time limit to implement the report.

I stand by this.

It is under process.
We are doing it.
This Government is committed for the development of the backward areas in the State.

This Government is ready to discuss very seriously.
Therefore, I request you to kindly allow our Adjournment Motion relating to the implementation of the report of the House Committee. Please see the mood of the House.
SRI ASADUDDIN OWAISI: Madam Speaker, I very much welcome the statement given by the Hon'ble Minister for Home that the Government is ready for a debate on the Telangana issue particularly injustice meted out to it. Let all the facts come out. You please allow a debate right now so that all the facts will come out. We are too ready for a debate on this issue. The Home Minister has very emotionally spoken. Nearly out of 563 Civil S.I. posts, 370 are non-locals. It is only in one department i.e. Home. That too in Hyderabad City itself.

It is not correct.

Rs.112 crores in the year 1995-96. Rs.74 Crores in the year 1998-99. The Corporation held back huge unspent balances.

Purchase of unsuitable land to S.C. beneficiaries. 

Expenditure on Horticulture Programmes Rs.26 lakhs wasted. Poultry complex constructed at the cost of Rs.2.78 crores wasted. The Scheme was largely a failure. Mini transport vehicles were not used for the intended purpose.

About Diversion of SCA funds. SCA Funds were diverted for CMEY Programme which was not a programme covered under the SCA. Is it a fact?

As for other departments are concerned including the S.C. Finance Corporation, it is the most successful scheme. It is the most successful scheme.
Serious malpractices in purchases cannot be ruled out. C.A.G.

SRI ASADUDDIN OWAISI: Madam Speaker, the Hon'ble Minister in answer to questions 'a' and 'b' said 'no'. Does that mean that not even a single amount has been earmarked to Minorities Finance Corporation? Last year, an amount of Rs.14 crores has been earmarked to Minorities Finance Corporation. Annual Target that was fixed for Economic Assistance (Bankable) was Rs.17,120 crores. Under Tatkal, it was Rs.528 crores. Financial target for the year 2002-2003 is Rs.14 crores and under Tatkal, it is Rs.26.40 lakhs. Fiscal target was brought down to Rs.11,000/- crores. Financial target was brought down from Rs.14 crores to Rs.11 crores. Tatkal was increased from 528, fiscal Rs.4,000/- crores and financial Rs.3 crores. Fiscal target achieved out of Rs.11,000 crores was Rs.7,500 crores. Funds utilised under economic assistance for anti poverty and self employment was only Rs.6.96 crores. Under Tatkal, it was only Rs.2 crores. Out of Rs.14 crores, only an amount of Rs.9 crores have been spent. In this year, we would like to know as to the steps being taken by the Government to ensure that the full amount is utilised. During the last December when the Minister was on a pilgrimage, the Hon'ble Minister for Home while replying to a 304 Motion had accepted to our request with regard to removing of Managing Director, Minorities Finance Corporation because he is an inefficient person. He is not at all taking interest, especially at the district level, the Minority Development Officer (MDO) has no control over the Minorities Finance Corporation officer. There is no coordination at all. All anti poverty and self employment schemes have been thrown to winds.
Another point I would like to mention is about the integrated development of old city. We would like to know as to what is their financial target. What is their fiscal target? What is their achievement so far? We would also like to know the reasons as to why they could not spend more than Rs.7 crores. Finally, we would like to know as to when the present Managing Director, Minorities Finance Corporation will be changed.

(a) Whether it is a fact that the Government have sanctioned Rs.12 crores to Minorities Finance Corporation for the development of anti poverty and self employment schemes. We have spent Rs.9.59 crores. No problem in conducting the meeting with the MLAs.

Only yesterday, we have received another Rs.14 crores. All put together Rs.19 crores. We will spend that amount also. Regarding shifting of Managing Director, Minorities Finance Corporation, again I will examine. We have spent Rs.9.59 crores. No problem in conducting the meeting with the MLAs.

SRI ASADUDDIN OWAISI: I am quoting this figure from Performance Budget. Rs.9 crores have been spent on anti poverty and self employment schemes. Rs.14 crores has been earmarked. We would like to know the reasons as to why only an amount of Rs.9 crores has been spent.

With regard to Integrated Development of Old city, Rs.1.10 crores was given last year. But the entire amount has not been spent. We would like to know the reasons for the same. It clearly shows the inefficiency of the Minorities Finance Corporation. Recovery officer is on leave. Recoveries are not being effected. I request the Hon'ble Minister to call for a meeting of MLAs belonging to the Minorities including the nominated MLA.

SRI ASADUDDIN OWAISI: Can Rs.4 crores be spent in just 24 hours?
I think that it is not correct.

Sri G.Sayanna (Secunderabad Contonement)- Will the Minister for Revenue be pleased to state:

a) whether the Government is contemplating the matter of constructing houses for the people displaced from Rasoolpura slum area by Airport Authority of India, and
b) if so, the stage at which it stands at present.

MINISTER FOR REVENUE (SRI P.ASHOK GAJAPTHI RAJU):

a) Yes Madam.
b) A comprehensive layout has been prepared and proposals formulated for taking up Housing schemes at Kukatpally and Lothukunta for 4542 houses with the financial assistance of Airport Authority of India. Framed structures have been completed for 1823 houses as against 2958 at Kukatpally. Airport Authority of India released only Rs.125.00 lakhs. Further construction of houses was stopped in the middle since the proposal of construction of International Airport has been changed from Begumpet to Shamshabad. Hence further amount has not been released by Airport Authority of India. Though the work has been taken up by the District Manager, Housing Cell, the beneficiaries have not been rehabilitated. Further, regarding rehabilitation of 1584 beneficiaries at Lothukunta, A.P.Wakf Board has filed O.S.No.121/98 in Wakf Tribunal and the Tribunal have passed status-quo orders due to which taking up of housing scheme has been held up.

SRI P.ASHOK GAJAPATHI RAJU: Madam Speaker, a view has to be still arrived at as to what is to be done on this because proposals have been changed.
Sarvasri T.Jeevan Reddy, M.V.Mysura Reddy and P.Ramachandra Reddy - Will the Minister for Endowments be pleased to state:

a) whether it is a fact that the maintenance of the cottages of Tirumala Tirupathi Devasthanams at Tirumala Hills has been entrusted to private contractors;
b) if so, the reasons therefor;
c) whether any rules and regulations have been framed in this regard; and

d) if so, the details thereof?

MINISTER FOR ENDOWMENTS (SRI DANDI SIVARAMA RAJU):

a) Yes Madam. The maintenance of the cottages of T.T.Ds. at Tirumala Hills has been entrusted partly to private contractors.
b) To ensure better quality of maintenance.
c) Yes Madam.
d) A copy of the terms and conditions are laid on the Table of the House.

As a preparation for VAT, the Central Government is committed to the tax reforms. They do not want this kind of competition between different States and that too unhealthy competition between the different States.
It is not included in the VAT. It is part of overall fiscal reforms of the Government of India and the State Governments. Since VAT is a destination based tax, it is a consumption tax, whereas C.S.T. is origin based tax. It is not consumable article. We do not use it for any other purpose. In our country gold is an investment for a poor man or for middle class man or for rich man also. Everything has been brought down only to two rates. If he is an intermediary manufacturer--

It is more or less like currency. It cannot be treated as a consumable article. It is more or less like buying. It is an investment. It is an asset. And whatever is not in the 4%, goes to 12.5%.

4 types of taxes, Special additional tax and also 1% on gold, zero tax exemption, 4 and 12.5%. It is available with you in the schedule. It is more or less like currency. It cannot be treated as a consumable article.

don't have to take recourse to this VAT Act. We have IPC which is much more severe.

I want to emphasise that the dealer holds the money of the people and that the Government is the custodian.

This is not my view. I am quoting the opinion of a person who is the first person and who wrote 'what is Economics?' 

This is not my view. I am quoting the opinion of a person who is the first person and who wrote 'what is Economics?' the whole picture would have been cleared.
kindly understand the enormous trust which this Act is going to place on dealers - dealers could be anybody petty or big. Should we not ensure that the trust is not betrayed? Should we not recover if there is some mistake? Should we allow the public money to be withheld for any reason? Therefore, punishments have been provided.

So, I want to assure through you Madam the public, the consumers and the dealers particularly that you are fully trusted by us and there is no question of asking you why you have done this and why you have not done that. We have got risk parameters. Today is the age of Information Technology. We have evolved certain risk parameters depending on the amount that we paid. We have not brought it. We have provided TOT to reduce the tax burden and calculation burden. For small traders there is no question of TOT about Rs.20.00 lakhs. It is going to cost Rs.8.00 crores to the Government. 1 1/2 lakhs irrespective of the commodity they sell, that too - taxable turnover.

We have not brought it. We have provided TOT to reduce the tax burden and calculation burden. For small traders there is no question of TOT about Rs.20.00 lakhs. We are going to show just now.
TOT is not our intention, but we have provided for the facility of accounting.

As a principle we have allowed it. But VAT is allowed even for a person who is above Rs. 3.00 lakhs. It is advantageous to him which I will show.

Our system is VAT only between Rs.3.00 - 20.00 lakhs if they want.
I want to make it very clear. Between Rs.3.00 and Rs. 20.00 lakhs turnover - taxable turnover

SRI K. VIJAYA RAMA RAO: There is no question about books. There is no question about books.

He has to maintain. Every dealer has to maintain. He has to file return. What I am telling is that one and a half per cent calculation is very simple. Every three months he has to submit records.

In simple in between Rs.3 lakhs and Rs.20 lakhs a dealer can pay at the rate of 1 1/2% and be happy with it.
SRI K.VIJAYA RAMA RAO: Madam, I would like to clarify that T.O.T. depends upon the commodities. A T.O.T. dealer can go to VAT only after declaration. He cannot be both. That is all simple calculation. I hope that I have made myself clear. Where there are advantages in VAT...

We cannot say that cement is a rich man's building material alone. We cannot say that cement is a rich man's building material alone. The consumer will buy wherver it is cheaper. I won't go where it is costlier. The consumer will buy wherver it is cheaper. I won't go where it is costlier.
Poultry feed was attracting C.S.T. It has been reduced. For example, coffee and tea. I admit for example coffee and tea.

We were not keeping this list again. For example, 550 Mø for 550 Mø and 100 Mø for 100 Mø and 200 Mø for 200 Mø. This requires a great deal of expertise in implementation and a great deal of expertise to prevent leakage of revenue, because, it will take two to three years. The Government of India itself is aware that it will take two to three years to stabilise.

Our Department is fully geared to meet the situation. For example, hundreds of training courses have been held. Computerisation is taking place in the entire Department. Several packages have been completed, Networking is taking place and Tax Payers Identity numbers are going to be given. I agree. This requires a great deal of expertise in implementation and a great deal of expertise to prevent leakage of revenue, because, it will take two to three years. The Government of India itself is aware that it will take two to three years to stabilise.

But that is not over. It is a continuing process and this process will be continued. Perhaps with the experience of implementation, we will be in a position to overcome the difficulties and if any difficulty arises, figures will show that much burden is reduced on the common man.

We want to protect the self-employed persons and those who come under the category of DWCRA,  we do not expect that more than 3 lakhs--...
And we have made it liberal. Value addition input credit has been made liberal.

It is not possible to accommodate all the opinions. But, I have tried my level best to dispel those misgivings.

It is not possible to accommodate all the opinions. But, I have tried my level best to dispel those misgivings.

SRI N. UTTAM KUMAR REDDY: Madam Speaker, I wish to seek clarifications from the Hon’ble Minister regarding building activity and contract related works. In VAT a rate of 12.5% has been imposed on materials such as sand etc. Usually, no bills will be issued in rural areas for sand and other input materials such as bricks etc. How do the contractor get input tax paid on such things? Inspite of 12.5% I would request the Government, through you to reduce it to 4%, so that we can put the sand and material dealers under VAT Registration.

Madam, secondly, I would like to draw the attention of the Minister to Sub-Clause 7 of Section 4, which states that “Subject to such conditions as may be prescribed, a dealer executing works contract may opt to pay tax by way of composition, a tax at the rate of 12.5% on such portion of value of the consideration received or receivable as may be prescribed.”

It is not clear. What is the meaning of such proportion of consideration? This is not defined. I request the Hon’ble Minister to give clarification on this. Earlier, under the composition scheme, the builders used to pay Rs.4/- per square feet. However, in V.A.T., it is totally silent. I request the Hon’ble Minister to also clarify this.

It is a fact. No body will be straight away sent to jail. I do not stand on prestige. Almost all the offences are compoundable with fine or penalty or taxes.
We hope that eventually C.S.T. may be removed. Our effort will be towards that end. As far as V.A.T. is concerned, the people of this state do not want any additional tax. They are taxable as per the rate applicable. Whatever is going outside either directly or indirectly they will get tax input. In some areas they are more liberal and in some areas they are stringent than us.

There is no sales tax. As of now, the Government of India has not yet withdrawn the Additional Excise Duty of 11% or 12% on textiles. We are awaiting the decision of the Government of India. As of now, there is no sales tax. As of now, the Government of India has not yet withdrawn the Additional Excise Duty of 11% or 12% on textiles. Earlier the T.D.S. was 4% and under V.A.T., the T.D.S., is only 1%. In case of apartments and building constructions Rs.6-00 per square feet in corporation areas and in case of constructions in other areas, it is Rs.4-00 per square feet.

No dealer will pay V.A.T., and T.O.T. The dealer will pay V.A.T., on value addition portions only. Since the court language is English, the English version is more correct. It would not apply to our state. It is not there and there is no question of applying it to our state.
There is no doubt that CST has to go.

Ultimately, there will be zero tax on CST.

I request the whole House to have a consensus on passing of the Bill.

I am subject to correction.

1950 onwards the population of the country grew, national income per capita increased, and the people started to live better. The government's main goal was to improve the country's economy. The government focused on developing key industries such as agriculture, industry, and infrastructure. The government also implemented various social welfare programs to improve the living standards of the people. The government invested heavily in education and healthcare, and as a result, the literacy rate and life expectancy increased significantly. The government also made efforts to improve the infrastructure of the country, such as building roads and bridges. As a result, the country's transportation network improved, and trade and commerce flourished.

The government also focused on improving the country's agricultural sector. The government implemented various policies to support farmers, such as providing them with seeds, fertilizers, and agricultural credit. The government also introduced various technologies and agricultural practices to improve crop yields. As a result, the country's food production increased significantly, and the country became self-sufficient in food.

The government also focused on improving the country's infrastructure. The government built roads, bridges, and ports, which helped in the development of the country's trade and commerce. The government also implemented various policies to improve the country's education and healthcare systems. As a result, the country's literacy rate and life expectancy increased significantly.

The government also focused on improving the country's economy. The government implemented various policies to promote foreign investment, and as a result, the country's economy flourished. The government also focused on improving the country's tourism sector, and as a result, the country became a popular tourist destination.

In conclusion, the government's focus on improving the country's economy, agriculture, infrastructure, education, and healthcare led to significant improvements in the country's living standards. The government's efforts were successful in improving the country's economic and social indicators. The government's focus on improving the country's economy, agriculture, infrastructure, education, and healthcare is expected to continue in the future, and as a result, the country's future is bright.

SRI P. ASHOKA GAJAPATHI RAJU : Sir, the Hon'ble Member has chosen this occasion to level charges of total dishonesty against this Government. He is also aware of the fact that he can not do this without giving an advanced notice.

Is this a Parliamentary Democracy? There should be an element of fairness in what we do. Is this fair...

It is highly objectionable.

What is it? Is it correct? He is very eloquent speaker and he can make the point. But should he bring such a huge thing? What is that he is trying to prove? I request you to kindly order him to take away and hand it over to the security staff outside.

I know all this. I am a prudent man. I wanted to show the gravity, which is going on in the market.
