The text in the image appears to be a page from a book or a document written in Telugu, a language predominantly spoken in the Indian state of Andhra Pradesh. The text is densely packed and appears to be a continuation of a previous section, possibly discussing various historical or cultural topics. Due to the nature of the text, it is challenging to extract meaningful paragraphs or sections without advanced language processing tools.

Given the complexity and length of the text, a direct translation or interpretation into English is not feasible without sophisticated linguistic analysis tools that can accurately handle Telugu script and language nuances. Such tools are beyond the scope of current capabilities to provide here.

For historical or cultural contexts, Telugu commonly discusses topics such as literature, history, folklore, and religious texts. However, without specific context or additional information, it's challenging to provide a precise interpretation of the document's content.

SRI AKBARUDDIN OWAISI(Chandrayanagutta): At the outset, I profusely congratulate and thank the people of Andhra Pradesh for their clear-cut verdict against the Telugu Desam-BJP alliance in the state for the misrule of Chandrababu Naidu regime in Andhra Pradesh and the Atal Bihari Vajpayee Government at the Centre. Both the TDP in the state and BJP-led National Democratic Alliance at the Centre had earned the wrath of the people for their acts of omission and commission all these years. They had totally distanced themselves from the masses and had reduced governance to serving the interests of their partymen and allies as well as the super-rich and moneyed classes.

Not much needs to be said about the poll verdict in the state. The people voted with a vengeance against the TDP-BJP alliance in all the districts and regions in the
state. People, irrespective of caste, religion, class, language and geographic differences, have voted en masse against these two parties which had forfeited their trust. The TDP and BJP governments had let loose a reign of oppression against all sections of the. Moreover, the BJP government in Gujarat had organized a state-sponsored programme of Muslims following the Godhra incident in 2002.

However, after making some noises, Chandrababu Naidu kept quiet and continued his party's crucial support to the Vajpayee government and even bargained with the Centre over the dead bodies of Gujarat riot victims by securing 15 lakh tonnes of free rice under Food for Work in exchange for back-tracking on the demand for ouster of Gujarat Chief Minister Narendra Modi. Things would have been different if Chandrababu Naidu had broken off the ties with the BJP in 2002 itself. He would have lost power but not with such magnitude.

There were several mistakes that the previous regime committed. In the name of economic reforms, the TDP imposed back-breaking financial burden on the people through frequent hikes in power tariffs, bus fares and taxes. While pursuing populist schemes like Janma Bhoomi and Neeru Meeru etc. the TDP ignored the problems of the vast sections of people. It turned a blind eye to the problems of farmers who were shattered by successive droughts, it ignored the plight of handloom weavers, it was unmoved by suicides by scores of farmers and weavers.

I need not dwell much on the causes that led to the poll debacle of the TDP-BJP alliance in the state. During the post-mortem session at the two-day Mahanadu of the party, Chandrababu has heard the views of his angry partymen on the reasons for their crushing defeat at the hustings. Among the many reasons cited, one crucial reason was that the TDP's alliance with BJP proved fatal for Chandrababu's party this time. BJP's tirade against the Muslims and Christians, spurt in the provocative activities of Sangh Parivar outfits such as RSS, Vishwa Hindu Parishad and Bajrang Dal in the state and anti-muslim programme organised by Narendra Modi regime in Gujarat totally and thoroughly alienated the minorities from the TDP.

Added to this, the killing of two Muslim youths - Azim and Azam - in fake encounters by the police for their alleged role in bomb blast near the Saibaba temple at Dilsukhnagar in 2002 and the arrest of 18 muslim youth from the city under POTA by Narendra Mod's police on trumped up charges of involvement in the murder of former Gujarat Home Minister Haren Pandya last year, are classis instances of how the previous TDP Govt. harassed the Muslims in the state. Haren Pandya's father terms Modi as the culprit behind his son's killing but Chandrababu allowed Gujarat police to have a free run in A.P. I demand that the Counter Intelligence Wing of Police Department be disbanded immediately for the protection of muslim youth from harassment in the guise of ISI as all the officers are RSS minded and have an inborn hatred towards muslims.

It is clear that even as anti-incumbency wave gripped all sections of the society across all the areas and regions in the state, the minorities have joined the other sections in throwing out the non-performing and communal governments at the Centre and in the State. The minorities voted against TDP-BJP alliance in every district in all the three regions of the state. Chandrababu must have realised that not a single minority candidate fielded by his party from minority-dominated constituencies could win the poll this time, even though the winners from other parties happened to be from other communities.

The minorities totally rejected the TDP-BJP alliance and the virtual rout of BJP proves this beyond doubt. The minorities have reposed their faith in the Congress-led
alliance, including Telangana Rashtra Samithi and the two Communist parties, hoping that the Congress rules in the State and at the Centre would usher in a new era of peace, stability and communal harmony in the country. There are many issues and problems affecting the minorities and these have found a mention in the respective manifestos of the Congress, CPI and CPI-M in the state.

But before I go into these issues of minorities, let me refer to other major problems confronting the state. First and foremost, the farming community in the state is going through dire straits. Almost a 3rd of Andhra Pradesh is in the grip of drought as a result of the failure of the monsoon and the failure of the State Government to read the warning signals. There are over 1.1 Crore farming families in the state and they have suffered a lot due to successive droughts in the last three to four years. The worst-affected have been the farmers in backward Telangana and Rayalaseema regions. there have been a spate of suicides by farmers and weavers in the state in the last six to seven years due to TDP's faulty policies for the agricultural sector.

Regarding Irrigation Sector, the Telugu Desam government claimed that they spent Rs. 10,286 Crores and created irrigation facilities for 12.37 lakh acres. But experts dispute this claim as it did not match with reality. the total amounts spent by the Government on irrigation for the period 1995-2003 was a meager Rs. 8,179 crores, constituting 3% of the total revenues of the State Government which were Rs. 1,31,399 crores for that period. The TDP's apathy can be best gauged by the fact that whereas 29% of the plan funds up to 1983 were invested on Irrigation in the State, during the last eight years, only 9% of the total plan investment was allocated to irrigation, with the result many projects have remained incomplete. It is argued that Irrigation Sector is completely neglected in TDP Rule. during a State Economic Survey, it is said that irrigation facilities are reduced for 10.50 lakh hectares. Another 10.50 lakh hectares are reduced under Water Tank Ayacut. Neglect of irrigation projects lead to tensions. Inter District Water disputes arose like Inter-State disputes. The recent fight between the farmers of Kurnool and Mahboobnagar is an example. the examples given below show that important projects have not been taken-up.

(a) 555 crores taken as loan from a Foreign Bank for KC Canal modernisation before 2001 is still incomplete. In the name of repairs to the Canal, lakhs of acres is lying without cultivation in Cuddapah and Kurnool districts badly affecting the Formers.

(b) Foundation stones were laid thrice for Sreeram Sagar Project. In all 30 crores could be provided by this government while a sum of Rs. 1,258 crores is required for completing this project.

(c) There are no disputes on Godavari waters like Krishna waters. But Foundation stones are standing like effigies at Devadula, Dummugudem, Ellampalli, Itchapurm and Polavaram Projects, Jurala Bheema, Nettampadu, Kalwakurthy, Hundri Neeha Galeru, Nagari, Srisailam Left Canal Pulichintala, Jhanjhavati, Thotapalli, Gurna are some of the other Projects lying without any progress. the neglect of Irrigation Projects led to Famine which shook the farmers who resorted to suicides. Through TDP Govt. did not openly come out, it is a known fact that no new Projects were taken up at the dictate of World Bank.

The first thing that the Congress Government did after coming to power was the waiver of Rs. 1,200 crore power bill arrears of farmers and free supply of power to them. A relief package has also been announced for the families of farmers who committed suicide after July 1, 1998. However, desperation among farmers is so widespread and their condition is so precarious that many farmers have committed suicide due to crop failures and huge debts in the last three weeks. This is a very serious issue and it needs to be tackled promptly and firmly so that the State does not get a bad name.
Another major issue is the naxalite problem. Everyone knows how this problem got aggravated during the TDP rule. The Alipiri incident on October 1 in which Chandrababu was targeted by the naxalites was the culmination of the bloody confrontation between the state police and naxalites all these years. Naxalite violence peaked during his rule. While the PWG naxalites killed 1,554 persons (civilians, policemen and politicians) and AP Special Police and Greyhounds eliminated 1,484 naxalites in encounters - fake or otherwise - between 1995-2003. Chandrababu became the first CM to be attacked by the People's War Group.

It is a welcome sign that the Congress has recognized that during the nine years of TDP rule, the widespread poverty and unemployment among a large section of people led to the unprecedented spurt in the left-wing extremist activities in the State. The policy of bullet for bullet of the TDP government did not really help in containing the situation. The Congress had, thus, viewed the extremist movement from a larger socio-economic perspective rather than from the narrow law-and-order angle. Certainly, violence has no place in a democracy.

Our party's demand is that firstly, ban on the People's War Group should be lifted. We welcome the Congress Government's efforts to have an unconditional and meaningful dialogue with the naxalites to find a lasting solution to this nagging problem that has persisted in the state for the last 36 years. The Civil Liberties and Human Rights Groups and intellectuals must lend a helping hand in facilitating the dialogue. The sooner the dialogue is started, the better it will be for resolving the problem. But here I may add a word of caution. The hardliners among the police officials should be restrained. Otherwise, they would derail the dialogue as they did during the TDP regime in the year 2002.

The other major issue awaiting the new Government's response is that of formation of Telangana State. In our view, the backwardness of Telangana region is a glaring fact. The successive Governments, including those of the Congress in the past, did not do enough for the development of this backward region. The situation deteriorated over the last few years of TDP rule so much so that an all-pervading feeling came about among the people of Telangana that they are neglected and injustice is done to their region. For this reason, out of the 107 Assembly seats in this region, the TDP could get only 11 seats while the BJP managed to win just only one seat. The TDP-BJP alliance got 36 per cent of the votes. The Congress party, in its state manifesto, referred to this issue and recognised the growing emotions and aspirations of the people of Telangana region. The Congress, while taking note of the report of the First States Reorganisation Committee, has said that the whole issue of smaller states could be best addressed in the Common Minimum Programme of the United Progressive Alliance government and that it would consider the demand for the formation of a Telangana state at an appropriate time after due consultations and consensus. Let us hope that the state and Central governments will sort out this issue to everyone's satisfaction.

There are many other problems about which the Congress Government has admitted in its Action Plan. The new Chief Minister has announced ex-gratia for the families of victims in police firing. The previous Government had admitted that the police had registered 533 cases in connection with the anti power tariff hike agitation. While 23,886 persons were arrested in connection with 449 cases registered under Section 151 of the Criminal Procedure Code and 1,528 persons were taken into custody in connection with 104 cases under specific sections. The new government should take
immediate steps to withdraw these cases and stop the harassment of persons booked for the agitation at the time of power tariff hike.

Another important issue is the harassment of domestic power consumers – mostly from poor and middle classes. It has been going on in the state since May 2000 by the AP Transco authorities in the name of curbing power pilferage. The AP Transco has booked over four lakh cases for alleged pilferage of energy and tampering with power meters. These cases were booked under the Indian Electricity (AP Amendment) Act 2002, which was enacted to fulfil one of the conditionalities stipulated in the World Bank assisted AP Power Sector Restructuring Project. About 10,000 people were arrested and remanded to judicial custody in connection with these cases. Most of the arrested persons are innocent and they are facing trumped up charges. The new government should review all these cases and withdraw false cases and drop the criminal and legal proceedings against innocent consumers. Sir, though the people are overburdened with the taxes, scams amounting to several crores of rupees came to light. Scams worth of Rs.12,367 crores came to light. If the other private parties are taken into account, a sum of Rs.47,000 crores was reported to have been swallowed.

MR.SPEAKER: Please conclude.

AKBARUDDIN OWAISI: Coming to the issues pertaining to the minorities, the first and foremost is about the reservation to the minorities and the inclusion of minorities into backward classes. Our demand is that the interim report submitted by the Puttuswami Commission be implemented either by announcing 5% reservation to the minorities or see the legality as to whether direct reservation could be given by issuing an Ordinance. We would like the Government to give a minimum of 100 houses to the Muslims at each Mandal under the Government Housing Scheme as nearly 80% of the muslims of Andhra Pradesh live in rented houses.

Sir, Urdu has been made second language in the 12 districts of Andhra Pradesh. Our party has been demanding with the previous Government also that justice to Urdu as a language can only be done if it is linked with employment. We request you to make urdu as the second official language in the whole state and the Government must create a minimum of 100 Government jobs at each district and as a first step, we would request your goodself to appoint an urdu knowing person in the Chief Minister’s office as a Government servant.

With regard to the Minorities Finance Corporation, the budget allocation to the Minorities Finance Corporation should be increased from Rs.12 crores to Rs.50 crores. Regarding literacy, literacy levels among the minority community are very low specially among the females. We would like the Government to create a new Head of Account exclusively for the education and upliftment of the muslim minority. The previous Government has given only a paltry sum of Rs.1.20 crores annually. We request that at least Rs.30 crores should be given annually for the education and upliftment of muslims in Andhra Pradesh. We also request the Congress Government to come up with a special package for the development of Old City of Hyderabad because if we look upon, nearly Rs.5,000 crores worth amount is being collected towards taxes from the city of Hyderabad for the Central Government and Rs.5,000 crores for the State Government and Rs.700 crores is being collected by the Municipal Corporation. Our demand is to allocate Rs.100 crores package for the development of Old City in the fields of education, sports and recreation. It would also include the development of old city in terms of road widening and creating other job opportunities by giving subsidised land for coming up with new industrial growth in the old city.

Sir recently, 16 Muslim youth from Andhra Pradesh have been arrested for their alleged involvement in the murder of Haren Pandya who was an ex-minister of Gujarat.
Our party’s request and demand to the Government is that in the Haren Pandya’s case, all the boys arrested by the Gujarat police are innocent. We request the Government of Andhra Pradesh to have a talk with the Government of Gujarat and also to the CBI and see that justice is done to them.

Sir, I also request that there is SETWIN which was established by the then Congress Government to train the youth. This should be strengthened and given more strength. Sir, the Quli Qutub Shah Urban Development Authority is also established for the development of old city. But there is always lot of scarcity of funds. Through you, I would request the Government to allocate at least Rs.50 crores to QQSUDA as an immediate relief.

Lastly, I thank you very much for giving me this opportunity. Also I would like to tell my Congress friends that today the Congress is in power. It is also because of the appeal by our Party President, Mr. Sultan Salahuddin Owaisi asking the muslims to cast their vote for the secular parties. Sir, our party is famous for being friends. We are friends to friends and enemies to enemies. Whether it is friendship or enmity, we are very true in everything. I hope the Congress Government will not take us for granted and do not just make us happy. We want the muslims and the people belonging to the minorities community to be happy. I have made an attempt to recapitulate the wrong policies of the TDP Government so that the present Congress Government will not repeat such things and try to bring succour to the common man with suitable new policies.

With these few words, I thank you and support the motion of thanks for the Governor's address. 3.20

Sri G. Vijayarama Rao: Sir, it is a misleading statement. The Parliament is competent enough to create new States. The State Legislatures have nothing to do in this regard. They can only give their consent. The Parliament is highest authority to create new States.

On careful consideration of the entire matter, we are not persuaded to accept the view taken in the judgment of the High Court basing on appointment of commission of enquiry under the Act.

There are limitations in the state. There is even limitation for the borrowings in the state. What is your technical Department? Whether your irrigation department is prepared? What are the alternatives? People are not expecting wonders from you. They are expecting minimum from you.

Sir, they can as well give reply. Let them speak while giving reply because mike will be always available to them. Then you can take a decision. Any suggestion from you will be always available to them. Then you come out with a policy.

You just sit down, apply your mind, take some body's help and advice. Then you come out with a policy. If you think that you have got an idea, you can do it.
How to regulate it?

Whether that is useful to the people or not.

You kindly go through it.
Kindly go through the reports of the sub committees. We welcome it. But there is a danger in it.

There will be surplus.

It is only a temporary measure. It is not a long term solution.
