Now, Question Hour. Q. No. 5423

MR. SPEAKER: Social Welfare, Tribal Welfare and B.C Welfare demands are listed on the agenda today.

MR. SPEAKER: As far as agenda is concerned provision is there. You see the agenda. What is there in the agenda?

MR. SPEAKER: What? You didn’t see the agenda.
MR. SPEAKER: Do not waste the time. Let us go to the Question hour.

You come under a different rule. Now, question hour

Sir, before going to the Question, as you have said, that can be taken up. That is number one. Second, the discussion regarding the Bill is not relevant. It has been clarified.
MR. SPEAKER: Gafoor sahib and Chada Venkata Reddy garu as far as the issue relating to Justice Punnaiah Commission Social Welfare demands are listed and you can take up them.

Chada Venkata Reddy garu and Gafoor garu, you meet me in my chambers and I will call the Minister and sort out the issue.
Now, the question from the Member is very clear. 2004–05 was the highest in the State. That was 162 lakh M.T.

But the foodgrains as a whole, 2000-01 was the highest in the State. That was 162 lakh M.T.

Minister was very clear as far as 610 GO and the Presidential Order are concerned.
That is enough. We have decided thus? You have decided that definitely we will abide by it. Is it correct? It is very clearly stated by the Hon’ble Chief Minister. So, we leave it there now. If there is a recommendation, it will be considered.
Sri M. Chandrasekhar Reddy - Will the Minister for Rural Development, Rural Water Supply, Employment Generation be pleased to state:

a) the steps being taken to purify the water in the fluoride affected areas in the State;

b) whether there are any proposals with the Government for purification of water in the fluoride affected areas in Udayagiri Constituency; and

c) If so, the stage at which they stand at present and whether any funds have been allocated?

MINISTER FOR RURAL DEVELOPMENT(SRI D. SRINIVAS):

a) Three pronged strategy to purify water in the fluoride affected areas is being followed.

1. Providing surface water source.
2. Domestic defluoridation filters.
3. Roof Top rain water harvesting structures.

So far 90,000 Domestic Defluoridation plants have been sanctioned in 8 districts.

The Government has also sanctioned 1193 Roof top harvesting Structures for BPL and APL families in Anantapur, Nalgonda and Prakasam for mitigation of fluoride problem.

b) & c). A Comprehensive proposal with surface source is prepared covering 17 Habs. with population of 1,41,436 (2001 Census) covering 7 Mandals with a Project cost of about Rs. 67.00 crores for supply of safe drinking water supply. It is under examination.

SRI AKBARUDDIN OWAISI (Chandrayanagutta): Speaker Sir, this issue is about Nizamia Tibbi College and Hospital. This issue has been raised several times in this House. This is regarding shifting of Ayurveda College from the premises of Nizamia Tibbi College and education was being imparted since the year 1992. A GO was issued for shifting of Ayurveda College. A new college building at Erragadda was constructed for Ayurveda College and it should be shifted as per the said GO. In spite of the fact that the building was constructed and the possession was taken by the Ayurveda College, the premises in Nizamia Tibbi College has not been vacated. Last year the students went on hunger strike and agitated for one month. The Minority Welfare Committee visited the Nizamia Tibbi College and in that Committee, the Members had called all the departmental Heads and discussed and in spite of giving repeated assurances still the premises of Nizamia Tibbi College has not been vacated by the Ayurveda College.

Moreover the seats in PG Courses have been reduced because of space which has fallen short according to the norms prescribed by the Council at New Delhi and PG seats are now getting allotted and if sufficient accommodation is shown for Unani College ie., in the place of the existing Ayurveda College in the premises of Nizamia Tibbi College, all the PG seats would be allowed to be filled up. This is only College of Unani Medicine which imparts in Urdu medium and the Lecturers who are getting appointed in this College do not know even a single word of Urdu. All these irregularities are going on.

I request the Government through you to take immediate action about shifting of Ayurveda College, appointment of staff etc.,
SRI K. ROSAIYAH: About shifting of the College I have noted down. I will take action about the seats. As regards other things I will discuss with the Ayush Commissioner and other officers concerned.

The image contains a page of text in a non-Latin script, which appears to be Telugu. The content is dense and written in a traditional script style. Due to the complexity and script style, a direct transcription into English is not possible without advanced linguistic tools and expertise in Telugu script. The page seems to contain a block of text that might be a passage from a larger document or book. Without accurate transcription, no meaningful interpretation can be provided.

Given the nature of the text, it is not possible to accurately transcribe or interpret the content in English. For a proper understanding, a native speaker or a professional in Telugu language would be required.
I want to make it very clear that though all parties are the signatories of Rule 304, each party will get an opportunity proportionately. Likewise, all parties will be covered. In order to avoid repetition, after the Minister's reply is over, you will be given an opportunity to seek the clarifications. This is the procedure and practice. There is no ambiguity.

MR. SPEAKER: I am trying to enlighten you. This is the procedure to be followed.
MR. SPEAKER: Kindly understand.

Unfortunately, 304 is being followed. That is the decision taken in the BAC. We have taken a decision in BAC. We will send those details.

MR. SPEAKER: That is the procedure being followed.

MR. SPEAKER: Once for all I want to refresh your memory. We have taken a decision in BAC. We will send those details.

MR. SPEAKER: Please look into the records. Kindly understand.

MR. SPEAKER: Venkata Reddy garu, I will send those details.
How do I enlighten you? I will tell to the Secretary to give a copy of the decisions taken in BAC and also the information concerning the earlier 304.

What I want to enlighten to the members is definitely it is an important issue. Definitely I will allow you to ask for clarifications.

What is the custom?
MR. SPEAKER: What is the custom that is the decision taken in the BAC. That is different. It is a decision taken in the BAC. If you want me to convert it into a Short Discussion, I will convert it. If you want you can convert it. If you want to convert into a short discussion we can convert it. That is different. If you want to convert into a short discussion we can convert it. SLBC of the poor

The phrase 'poorest of the poor' has been translated to "SLBC of the poor". This group refers to those individuals who are most vulnerable and disadvantaged in society. They are often characterized by extreme poverty, lack of access to basic necessities, and limited opportunities for social and economic mobility. The term highlights the need for targeted interventions and support to address the unique challenges faced by this segment of the population.

White Revolution is a term that was coined to denote the period of rapid development and modernization of the Indian dairy sector from the 1950s to the 1980s. It was characterized by the introduction of high-yielding dairy breeds, the establishment of integrated milk projects, and the expansion of dairy processing industries. The Integrated Milk Project was initiated in 1972 and aimed at modernizing the Indian dairy sector by integrating various stages of dairy production, from the farm to the consumer. It was a response to the White Revolution, which sought to increase milk production and improve its quality. The project focused on developing efficient dairy cooperatives, improving breeding practices, and modernizing milk processing technologies. Through these efforts, the milk sector in India underwent a significant transformation, leading to increased milk production and the establishment of a modern dairy industry. The project was considered a success, and it laid the foundation for the continued development of the dairy sector in India.
concerned, I am opposing the system of election in this Act.

1974 So far as MACS Act is concerned, I am opposing the system of election in this Act.

1987 So far as MACS Act is concerned, I am opposing the system of election in this Act.

So far as MACS Act is concerned, I am opposing the system of election in this Act.
Several financial irregularities and irregularities in appointments, as far as accounts are concerned, no question of audit......

Whether the Ordinance can be issued with retrospective effect and so on. I am not attributing any motives. Already established Legislation is there, so far. A.P. MACS Act, 1995, That is the main recommendation made by the House Committee. For that purpose only, the cooperative arrears be exempted from the purview of A.P. MACS Act, 1995, That is the main recommendation made by the House Committee. For that purpose only.

This is the fact I am telling you. But, I am not attributing any motives. How far it is justified to alienate 10 acres of land to trust? This is the main allegation against him and he has to necessarily come forward with an explanation. But, I am not attributing any motives to you. But, this is very, very illegal.
The Government land of ten acres has been registered in favour of D.V. Memorial Trust as per the details noted below. I will give survey numbers also, Sir. I am giving survey numbers also. 30/1 and 30/2 - extent 1.73 acres. 31/2 and 31/3 - 2.01 acres. 32/2 and 35/2 - 70 cents and 26/3 and 28/1 - 28 cents.

(Interruptions)

No. No. He said. No permission was accorded by the Milk Commissioner on the proposal to donate the Government land. He got the bye-laws registered under A.P. MACS Act, 1985 and got registered ten acres of Government land in favour of D.V Memorial Trust on 24.2.2000 and 19.4.2000. He has to necessarily explain. As per GO Ms. No. 505 the transfer of ten acres of land of the Union to the Trust is irregular.

The Union has been illegally selling milk and the milk producers under the brand name of Vijaya. This is the most important aspect on which necessarily action has to be taken by the Government. In the aims and objectives it is written without any authorization the milk was sold at lower rates and causing huge loss. This is another major mistake committed. The Chairman, Krishna District Dairy has caused turn over loss of Rs. 1.70 crores to A.P.D.D.C.F issuing a misleading letter to Eternal Naval Command, Vizag in favour of Visakhapatnam Milk Union. The financial allegations levelled against Janakiramaih were proved prima facie by Lok Ayukta and further action was not taken. These are the irregularities that have been said to be committed by the Union and they are using these properties and this Union as their own property. I am coming.

During the first year of registration of the Union under A.P. MACS Act they sustained loss of Rs. 3.36 crores. As far as advances pending in respect of the Union are concerned there are several advances pending without adjustment for months together. The amount of Rs. 31,73,519.53 pending advance as on 31.3.2000 from 1993-94 to 2002-03 The funds extended by the district administration for various developmental programmes were misused by awarding contract to the kith and kin of the Board of Directors of the Union and resorted to mis-appropriation of public funds. The Nellore Union has extended the service of the Chief Executive beyond the period of retirement to continue to cover up the irregularities inspite of the direction from the Government and the House Committee.
I congratulate the Government to bring this Legislation...

Not with any bad intention--

It is a fact that ten acres of land has been donated illegally to the trust, which he cannot deny.

SRI NOMULA NARASIMHAIAH: Sir, I beg to move:

"That this House disapproves the Andhra Pradesh Fire Service (Amendment) Ordinance, 2006 (A.P. Ordinance No.3 of 2006) promulgated by the Governor on 1st February, 2006."

CHAIRMAN: Statutory Resolution moved.
SRI K. JANA REDDY: Sir, I beg to move:

"That the Andhra Pradesh Fire Service (Amendment) Bill, 2006 be taken into consideration."

CHAIRMAN: Motion moved.
What is your mechanism? How to verify all these things?

SRI AKBARUDDIN OWAISI: Chairman sir, the Hon’ble Minister for Home has introduced a Bill on Fire Services. I fail to understand two issues in the Bill brought forward by the Hon’ble Minister. It says that it shall be deemed to have come into force from 1st February, 2001. When it is going to come into force from 1st February, 2001, did the Municipal Corporations in the State agree for this? Or are they going to charge extra fee for regularization? Because we could have collected some fee for regularization.

Secondly, the Government has introduced this Bill exempting 18 metres height from obtaining No Objection Certificate by duly enhancing the limit from 15 metres to 18 metres. But according to National Building Code, it says that 15 metres height as "MSB" and over and above fire safety clearance is required. This is what the National Building Code says. But now, a Bill is introduced for exempting 18 metres height. The Hon’ble Minister for Home may reply to this.
Again, I would like to bring to the notice of this august House about the pathetic state of the Fire Department. We have so many high-rised buildings in the city. As per the norms, the following requirements are necessary for the fire stations:

i) One fire station per 50 kms., in a village - Do we have them?
ii) One fire station per 10 kms., in a town - Do we have them?
iii) One fire station per 5 kms., in the city. - Do we have them?
iv) One fire engine should be available for every fifty thousand people.

Sir, do we abide by all these? Surprisingly, in Hyderabad City at present we have fourteen fire stations and fourteen fire engines. But as per the ratio of population and the number of available high-rised buildings in Hyderabad City, twenty more fire stations and forty more engines are required. If I am wrong, I may be corrected. Further, as per the norms fifteen numbers of staff should be available for each fire station. But what is our position?

CHAIRMAN: The discussion now is not on demands. We are discussing on a Bill.

SRI AKBARUDDIN OWAISI: I am just getting it to the notice of this august House. If I am wrong, let the Minister correct me in his reply. Since we are passing this Bill, we got to address these issues also. This is very important. In view of this exemption, who is responsible for any fire mishap? That is the reason why I am bringing it to the notice of this august House.

Sir, the total number of posts available in Fire Department in the state are only 4753 and out of which 2618 number of posts are vacant, which means that only 45% posts are filled up. In such circumstances, I fail to understand the need to give exemption. From the year 1993, no recruitment has taken place in the Fire Department. A notification was issued for 23 nos. of Fire Officers, 120 nos. of Drivers and 210 nos. of Firemen but recruitment has not taken place so far. The sanctioned posts of firemen are 170, whereas the required strength is 250 but in reality only 95 firemen are working. With such a meagre strength, how can they tackle the fire accidents?

In regard to Drivers also, only twenty Drivers are recruited and if any body goes on leave, it will pose a great difficulty. Sir, only one hydraulic fire engine is available in Secunderabad for tackling fire accidents in high-rised buildings. Further, according to the rules and regulations the speed of the fire engine has to be 100 kms., per hour but in our city the speed is only 10 kms., per hour. Sir, if any fire accident takes place in Hitech City
or in Uppal, it will take at least one hour to reach the site. I would like to state that with this pathetic state of affairs, the Government wants to give exemption.

The most important thing, which is needed in our Fire Service Department is that the rescue team services has to be provided with latest equipment, which at present they do not have viz., fire proof jackets, oxygen masks. Even the present staff is not given perfect training and most of them are on the verge of retirement. Lastly, the water pipeline system has to be set up on the main roads for refilling the water by the fire engines but that is not available in Hyderabad City. As per the details available with me, the total number of fire accidents happened in 2001 are 15684.

The property loss was Rs. 111.8 crores. I will go to 2004-05. 16000 incidents occurred and 16339 incidents took place. The property loss was Rs. 117.34 crores and the deaths were 195. For the last ten years only one building was constructed. What action the Government is taking in respect of Fire Department?

About the school buildings you will be shocked to know. When a Committee visited and inspected it found that 20067 high rise buildings, 1561 cinema halls and 7600 school buildings did not follow the fire safety norms. Small children are there. In Chennai what happened? What action is being taken? We are introducing a Bill. But are we taking precautionary measures? I am just showing these figures and requesting the Government. I am supporting this Bill. But the question is we have to have the equipment. What are we doing to save the property? What are we doing to save the life of the people? I have so many details. For the last twenty years, in Hyderabad the Department needs to more Fire Stations, but not even a single Fire Station has been sanctioned. What I wanted to submit is that modern equipment should be purchased. Delhi has purchased. Chennai has purchased. Mumbai has purchased. When are we going to purchase? In old city we had one Fire Station at Mugalpura. It is for the whole of the Old City Mugalpura Fire Station is in my Constituency. Even that was wound up. The Members of this House would be shocked to know that 68 Assembly Constituency Headquarters in Andhra Pradesh did not have any Fire Stations. If I am wrong, I may be corrected.

Thank you.
SRI AKBARUDDIN OWAISSI: We should collect and give money to the Fire Service Department. That is better.
CHAIRMAN: Now the question is:

"That this House disapproves the Andhra Pradesh Fire Service (Amendment) Ordinance, 2006 (A.P. Ordinance No.3 of 2006) promulgated by the Governor on 1st February, 2006."

SRI PINNAMANENI VENKATESHWARA RAO: Mr. Chairman, Sir, I beg to move:

"That the Andhra Pradesh Universities (Amendment) Bill, 2006 be take into consideration"

CHAIRMAN: Motion moved. Now the salient features of the Bill.
SRI AKBARUDDIN OWAISI: Mr. Chairman, Sir, before coming to the subject, I would like to bring to your kind notice that we are the Members of this august House and we are also the law makers and for this purpose only the public are electing us and sending us here. As the law makers, you are compelling us to finish off of speeches fast and fast. In stead of discussing and debating at length on the bills and other important public issues, all the political parties are leveling allegations and counter-allegations thus wasting days and days and hours and hours. Let us be serious about these bills as they are very important. We are answerable to the people while making laws and in this process, we have to play a very important role.

As regards the Universities, the Government has been thinking of establishing three more universities in three regions of the State for the purpose of decentralisation and also for the purpose of smoother functioning. But, I would like to know from the Government that what is the present stage of the existing universities. Are they running in a smoother way? Lots of problems are being faced by them. There is no sufficient staff. I have a detailed list of these Universities which are lacking the necessary infrastructural facilities. So many posts of various categories are still vacant. What measures are being taken-up by the Government to fill them up.
Sir, what does the High Power Committee's recommendation say? I will give you an example of Andhra University. The total sanctioned posts of teachers are 950, out of which 302 are vacant. In Kakatiya University 358 posts are sanctioned, but 130 are vacant. In Nagarjuna University there are 212 posts sanctioned while 99 are vacant. In Osmania University 1206 posts are sanctioned, but 423 are vacant. In Sri Krishna Devaraya University 242 posts are sanctioned and 82 posts are vacant. In SriVenkateswara University, 615 are sanctioned posts and 238 are vacant. Without going into details of ten universities, 4343 are sanctioned posts, out of which 1512 posts are vacant. What does the High Power recommendation say? They say that there should be 3835 posts. Sir, what I would like to know from the Hon'ble Minister is that three universities have been given. But what are the budgetary allocations made in this Budget for these three universities? Nothing has been mentioned. The staff pattern committee for 2005-2006 have made recommendations for teaching and non-teaching staff of universities for their salaries and the total amount needed is Rs.260 crores and for other expenses Rs.570 crores. These are recommended by staff pattern committee. But what are the budget allocations sanctioned for the universities in this year? It is only Rs.250 crores. So, we are having a shortfall. The question which needs to be clarified now is for the existing universities we do not have enough funds which have been allocated in the Budget.

Sir, out of three universities at least one should have been given for Urdu speaking people. Fine, for Telangana a university has been given. We welcome it. For Rayalaseema a university is given. It is also a welcome thing. For Andhra also one has been given. We welcome it. But why Urdu has been neglected? There is only one Urdu university. One more should have been given. I request the Government please to look into it and give one Urdu university for the Urdu speaking people of Andhra Pradesh State.
