MR.SPEAKER: Minister Garu, reply is given. Since reply is already there, I will ask the member to raise any supplementaries.

SRI AKBARUDDIN OWAISI: Sir, I have a few questions to be asked to Hon'ble Minister. The first question which I want to ask is that in the reply for B, it has been given here that the quantum of water required for twin cities of Hyderabad and Secunderabad is approximately 230 MGD against the present availability of 140 MGD. Through you I would like to once again ask whether this answer is right or wrong because this needs to be corrected.

MR.SPEAKER: If you feel it is wrong, you must be having the right answer. If you have any information, you can pass it on.

SRI AKBARUDDIN OWAISI: If the Government says it is right, then I will give the information, Sir.

The second question which I would like to ask through you is this. Does the Government have any specific date or a decision has been taken that water supply for 24 hours would be made for Hyderabad and Secunderabad? I would also like to know as to what is the budget of Hyderabad Metro Water Supply and Sewerage Board? What is the income and expenditure and what is the deficiency of the Board? I would also like to know if 24 hours supply has been decided or would be decided, what would be the total requirement of water for the twin cities? I would also like to know as of now how much water is being drawn and how much storage capacity do we have for the twin cities? I would also like to know what are the requirements for 24 hours supply? The next question is whether there is any proposal with the Government to supply free water to the poor with the consumption of less than 5000 kiloliters. The next question is how many connections are there in Hyderabad? Out of that number how many are legal and how many are illegal? How much percentage of water is given to Hyderabad as per records and also per capita per day in Hyderabad? What is the percentage of water that is going waste and what is the percentage of water that is going unaccounted for? Lastly I would like to know as to whether there is any proposal given to Central Government in JNUR for infrastructure or any other requirement for Hyderabad Metro Water Supply and Sewerage Board?

MR. SPEAKER: basically he was questioning about the information given by you as to whether it is right or wrong.
Earlier similar question was answered and lot of issues relating to water being given free to people below the poverty line and the same was already announced in the House by the Hon’ble Minister.

SRI AKBARUDDIN OWAISI: For the City it was not decided Sir.

SRI AKBARUDDIN OWAISI: Speaker Sir, I would like the Hon’ble Minister to correct the figures that are given. Total water required for the twin cities is 260 mgd. Present supply made is 215 mgd. From Krishna river we get 60 mgd, from Singoor and Manjeera 128 mgd, from Himayath Sagar 11 mgd and from Osman Sagar 16 mgd. Total shortfall is 45 mgd. The basic thing which needs to be attended is that in the first phase of Krishna water supply scheme it was proposed to get 90 mgd of water, but only 60 mgd water is being drawn and 30 mgd water is not received because the Hyderabad Metro Water Works Department do not have infrastructure or the storage capacity. Now in the second phase that is going to be completed we get 90 mgd. With this the total would be 120 mgd (30 mgd+ 90 mgd). So, we do not have storage capacity for 120 mgd of water. What is the Government doing for the storage capacity? Recently Hon’ble Chief Minister had sanctioned Rs.67 crores for building up of 13 overhead tanks and reservoirs in Hyderabad City. That work has not yet started. I want to know whether these overhead tanks would be sufficient to store 120 mgd of water.

In Hyderabad and Secunderabad cities the total unserved areas are 320. Out of them 100 areas are in Old City. So, to make it possible to supply the water in unserved areas what is the additional allocation of funds required? Sir, the Hon’ble Minister stated that the requirement is Rs.2500 crores. What is the assistance provided? Most important thing which is not addressed is that when we talk about supplying water for 24 hours a day, do we have the system for free flow of water after it is used? Is the sewerage system strong enough to take that much of water in the system?

Sir, it is so sad and unfortunate that we do not have such a system, which could have an easy flow of waste water. I want to know whether is there any specific plan with the Government to meet the situation?

MR. SPEAKER: The Minister has already said that there is a long-term plan to improve the situation.

SRI AKBARUDDIN OWAISSI: Sir, the Hyderabad Metro Water Works is totally in losses because 30-40% of water is wasted and unaccounted for. If I am wrong, I may be corrected. What is the Government doing for this unaccounted water?

MR. SPEAKER: Owaisi saheb, you kindly understand the limitations because the Minister has already said about it.

SRI AKBARUDDIN OWAISSI: Sir, it is very important question and I will finish it within couple of minutes.

The Metro Water Works' budget for 2005-2006 is Rs.49.30 crores, the income is Rs.29.50 crores, whereas the expenditure incurred is Rs.378.80 crores. When the Metro Water Works Board is in a loss, instead of giving subsidy to the Board for drawing water from the Krishna River the Government is charging Rs.3.20 per litre of water. Further, the Government has issued an order to give 15% subsidy to the Fabcity, I.B.M. School and to some other multi national companies. Why do they need subsidies, sir? If the Government wants the Metro Water Works management to extend subsidies to some corporate bodies, then the Government should also give subsidy to the Metro Water Works for drawing water from the Krishna River. Sir, what is the per capita water consumption of the people of Hyderabad City? It is only 160 litres per day. Further, in Old City, the water pipe lines, which were laid during the period of Nizam have not yet been changed, due to which polluted water is being supplied to the residents of Old City. This is causing Gastroenterities and Jaundice diseases to the people of old city and they are forming long queues to the Niloufer Hospital for treatment. Due to non-availability of funds, the Metro Water Works is unable to take up new pipe lines in the Old City and let the Government give subsidy to it.

MR. SPEAKER: He has put forward lot of demands.

Mrs. CHRISTINE LAZARUS (Nominated): Mr. Speaker, Sir, this pertains to the Revenue Minister. In connection with the certification for everything today we need MRO/RDO certificate of community. The Anglo Indian Community in particular are being ignored and are not given certificates and many of our people are really upset. Recently, in the Newspapers also two or three or our members have written exhibiting their anger and I request that the RDO/MRO should know that our Anglo Indian Community can get the certification under our article. The Christian Community, particularly, the Christians with SC origin are also not being given certificates hence their inability to get houses or Minority Finance Corporation loans and other things. It is really an agony because so many different issues are coming up. We request the Revenue Minister to please ratify this immediately.

Though I am not an expert in it, I do not know as to why you are proposing that road nearby that area. This is how they are bringing it. Compulsorily, you have to go to some other junction.

(There is no clear context to the conversation, but the speaker is acknowledging the submission.)

MR. SPEAKER: Leave it there.

MR. SPEAKER: Ramakrishna Reddy garu, what is that you want to say?

MR. SPEAKER: Ramakrishna Reddy garu, what is that you want to say? Please conclude.

(There is no clear context to the conversation, but the speaker is acknowledging the submission.)
because you are taking their land. because you are taking their land.

because you are taking their land.

we are not going to yield.

SRI N. KIRAN KUMAR REDDY: Sir, through you I request Devender Goud garu to withdraw the words. I request him to withdraw the words. It cannot go on like this. He has to withdraw the words.

MR. SPEAKER: No personal allegations please. There cannot be any personal allegations. If at all any personal allegations are to be made then proper notice has to be given.

Devender Goud garu. Please take your seats. I have set the records straight now.

You have made your point. Now, he will make his point. He will make his view on that. Yes, Devender Goud garu.
MR. SPEAKER: Your intention was not to cast personal aspersions on him. That was the intention. You leave it there. He will make it clear. Devender Goud garu, I have set the records straight. He will explain it. That is what he is going to say.

(Addresses)

The issue is... he has made it very clear. During the course of the debate he has clarified his viewpoint. The other thing what he meant was... Apart from that I have no other intention. He has made it very clear. The same thing you may kindly make your version also.

(Addresses)

We will leave it there.

...he has to withdraw the words and apologize. He cannot pass personal remarks. Either he should apologize or withdraw his words.

(Addresses)

MR. SPEAKER: All of you please take your seats. There are two issues which are coming up. There are... he has clarified his viewpoint. Then it was okay. You said about him holding certain extent of land. I am setting the record straight. This is duly elected democratic House.

Let us not get into such issues.
I request the Members to withdraw so that we will go along with the agenda. From both sides personal aspersions have to be withdrawn. If any personal aspersions are there I have to set the record straight. Ramakrishna Reddy garu, while speaking if there is any personal allegation it can be withdrawn. You meant that you have not made any personal allegation. I will set the record straight. I have to set the records straight.

Mr. Speaker: It is only personal explanation. I do not need any assistance in this matter. I will leave it there. I do not need any opinion on this. It is personal issue which I leave to both the Members. Kindly co-operate.

Do not get into that.

(MR. SPEAKER: Janardhana Reddy garu, you leave it there. You are deviating from the main subject. Leave it there. I have to get the House into order.)
MR. SPEAKER(Contd..): Devender Goud Garu, he made it very clear. I request you not to create further controversy.

In what way Ramakrishna Reddy Garu is concerned?
the country.

MR.SPEAKER: The issue should not get diverted. Please go back to the subject. This is not the point. Let me set the House to order.

SRI T.DEVENDER GOUD: You ask him to control himself. Let me set the House to order.

MR.SPEAKER: One minute. We are on a very specific subject, not on social issue. I have very categorically stated. I am making this appeal to everybody and to all the sides and all sections.

Nobody can take advantage of a situation.

Let him apologize first and then talk.
MR. SPEAKER: Let me set the record straight. Certain sentiments have come. Whatever you wanted to express, you have expressed. But in the process there were certain personal issues that came up and certain allegations also came up. That should not be the intention of anyone. Please get into the subject. We will leave it there. I don't want to convert it into a different debate.

MR. SPEAKER: I will examine it. Repeatedly I have been making an appeal.

I am only trying to set the record straight.
have been telling that this is not the occasion. I am not telling you to say that.
Mr. Speaker: This is the last opportunity given to express your views Ramakrishna Reddy Garu.

MR. SPEAKER: Leave it there.

MR. SPEAKER: I will go through the records and set it straight. Now no more on this. I will set it straight. Now leave it here. Mr. Ramesh Reddy.

MR. SPEAKER: I will verify the record and set it straight.
MR. SPEAKER: It is not proper. I am prepared for that. Nothing of these will go on record. Please take your seat.

Where are you leading? Where are you heading? Is this the way? All are responsible members.

MR. SPEAKER: Janardana Reddy Garu, what is your intention? It is not proper.
I stand by it, in the course of....

very magnanimously withdrew or apologized.

I feel that this is a black day in democracy. 

I urge upon Devender Goud Garu for heaven's sake and in the best interests of democracy--
MR. SPEAKER: As the Leader of the House, Hon'ble Chief Minister has made an appeal. In the larger interests, you have to react.

A Urge upon Devender Goud Garu. Please withdraw all the way request please. Inceter please withdraw please.
MR. SPEAKER: Chief Minister has made an appeal.

SRI N. CHANDRABABU NAIDU: I am also appealing, Sir.

MR. SPEAKER: I only hope and pray that good sense will prevail.

SRI N. CHANDRABABU NAIDU: I am also appealing, Sir.
MR.SPEAKER: The records are very clear.
repeatedly saying... I am just only appealing. You have to have patience Ramakrishnudu Garu. I have been repeatedly saying that this House is truly and democratically elected House. It has to be reciprocated from all sides and amongst all the Members. It is the responsibility of the senior leaders of this House to advise the Members. passions flair up if everybody sticks to his own guns, then passions flair up...............

I want to make an appeal and I want to speak.

(Interruptions from Sri R. Damodhar Reddy)

MR. SPEAKER: It is very unfortunate. I am sorry, this is not good.

SRI AKBARUDDIN OWAISI (Chandrayanagutta): Mr. Chairman, Sir, it seems that the Hon'ble Minister has introduced this Bill in a very hasty manner. SRI AKBARUDDIN OWAISI: Mr. Chairman, Sir, a large number of wine shops in Hyderabad Twin Cities are violating the rule provision of establishing wine shops fifty and hundred meters of distance from educational institutions and religious places. I request the Government to kindly direct the authorities concerned to identify these shops which are violating the rule provision and initiate immediate necessary action against them. Further, the belt shops which are increasing day in and day out should be brought down. The entire House, I hope and believe, might have surprised to know the fact that from starting to ending of the recent Panchayat Election process, more than Rs. 100 crores was spent over the illicit liquor by various political parties. During the said process, the Excise and Revenue Departments have generated nearly an amount of Rs. 220 crores. I am really surprised. The Hon'ble Minister has just now stated that the percentage of linquor drinkers has considerable come down in the State. "Peene wale cum haito sharab ke dhukane kaise budrahe hai"? I am at a very loss to understand as to how the turnover is being increased when the percentage of drinkers is coming down. How is it possible?
