14th Nov., 07
SRI AKBARUDDIN OWAISI: Madam Deputy Speaker, on behalf of my party, I would like to lodge a strong protest and my protest is not just limited to the reply given by the Hon'ble Minister for Backward Classes Welfare, but my protest is also about the behaviour and the manner in which the major Opposition Party has made the protests in front of the Hon'ble Speaker. Madam, seeing is believing and it will apply for both.

14th Nov., 07
Further, coming to the subject, six Corporations were formed for protecting the interests of the backward classes people and the figures which were given in the reply and circulated to all the Hon'ble Members in this House, clearly shows that the Government has not been successful enough in addressing the real problems of this community. I hope that the Minister as promised by him just now, may well take care of successful implementation of various schemes meant for the welfare of these backward class people. I would like to raise my concerned that when the issue has come before this august House, we are not here to politicise, but we are here to address the issue and resolve then thus real justice can be done to them. But, if the Opposition Party trying to portray as champions of the backward classes, I would say that when they were in power for nine years, they failed to do justice and probably one of the reasons for losing the power. I hope and trust that the Government may realise this fact and do some serious work for the welfare of these people.

Secondly, Madam Deputy Speaker, I did not like to rise and say when the Hon'ble Leader of the Opposition was making an allegation that the Treasury Benches were not allowing him to lodge his protest. This is only one example wherein two leaders from the same political party were allowed to protest. Before adjourning the House, Sri T. Devender Goud, Deputy Leader of TDLP was allowed to protest and again when we came back to the House, the Leader of the Opposition was allowed to lodge his protest over the same issue. When one person was allowed to lodge his protest, the same person ought to have permitted to lodge his protest on the same issue.

Further, my protest here is also about the behaviour of the Members of the Opposition Party, which was not condemned by anybody. It is very sad for the democracy. In spite of the Hon'ble Speaker's request with folded hands by rising from his Chair, the Opposition Party Members who rushed to the Podium, did not heed. When they don't have respect and regard to the Chair and to the august House, how can they respect the feelings of the millions of backward classes people. It is nothing but politicizing every issue that is coming before this House.

I would further like to go on record that when some unruly things happen in the House, it is also the responsibility of the Hon'ble Leader of the House to come to the rescue of the Chair. It is very sad that in spite of the developments that took place on the Floor of the House, the Leader of the House did not say anything. I feel very sorry for that. We the members of the smaller political parties representing in the House are requesting the members of the Opposition Party to kindly cooperate with the Chair for smooth running of the House. Today you are in power and tomorrow you may not be here and today we are here and tomorrow we may not be here, but this august House will be here. Dignity and decorum of this august House needs to be protected under any circumstances. We should not set in such sad examples for future generations. Ample opportunity was given to them by converting the question into a Short Discussion and one and a half-hour to two hours time was given for discussion and the Government has given its reply. The Opposition may not be satisfied with the reply given by the Government. The people are the ultimate judges about the performance of both the Government as well as the Opposition Party. We the Members of this august House are not really respected by the people outside. It is high time, we as Law Makers not become the Law Breakers and let us behave in a decent and dignified manner. I am really condemning the behaviour of the Members of the Telugu Desham Legislature Party. Their behaviour is uncalled for and unwanted. After the adjournment of the House, certain comments were made against the TRS Members for whom they have reacted. I don't understand as to what is happening in this House. It is not Uttar Pradesh State Legislative Assembly, but it is Legislative Assembly of State of Andhra Pradesh. I also appeal to the Chair that, whoever rushes to the Podium, should be suspended forthwith. I hope and trust that the Hon'ble Leader of the House may rise to
the occasion and we all put together protect the dignity, decorum and etiquette and manners of this august House.

14th Nov., 07  45

Lastly, again, I would like to say that BCs. have been neglected as the minorities have been neglected. Please do justice to the BCs. Please fulfil the promises made. Please do not do the same as what the Opposition has done when they were in the ruling. People taught them a lesson. From there, they have come here. We do not want to see you coming back here. We want you to be there. If you want to be there, please do something for the BCs. Please them not by just forming a Corporation and visiting three States. Do it in practical terms. See that justice is done to BCs. and a serious note should be taken. This I have mentioned in my protest. I also lodge my protest on that and I am not walking out. I am lodging my protest and sit down. Thank you for giving me this opportunity.

I have not said like that. My party being a small party, injustice has also been done to me.

Metropolitan Planning Committee

The Metropolitan Planning Committee is a group of officials who are responsible for planning and coordinating the development of a metropolitan area. Their role is to ensure that the needs and interests of all the people living in the area are taken into account. They are responsible for making decisions about issues such as transportation, housing, and land use. The committee typically consists of representatives from local government, community groups, and other stakeholders. Their decisions are often subject to public comment and review, and they are required to make public reports of their activities. The committee's decisions can have a significant impact on the development of the area, and they are often seen as crucial for ensuring that the area develops in an economically and environmentally sustainable way.

SRI KOMIREDDY RAMLU: Thank you Sir for giving me this opportunity. I strongly support the Bills. Sir, the 74th Constitution (Amendment) Act is an important
SRI AKBARUDDIN OWAISI: Sir, as far as the stand of my party is concerned, my member had already made it very clear about this Bill. But I want only few clarifications from the Hon'ble Minister in this regard. When he was making a brief introductory speech on this Bill, he had mentioned that it is compulsory that after the 74th Constitution (Amendment) Act, this Bill is being introduced and it needs to be passed for the sake of JNNURM funds to be released to all the cities which are going to have a population of more than 10 lakh or less than 4 million. But as far as this clause (1) is concerned, I do not know what is the 74th Amendment. My party made a request to please circulate that Amendment to us. Sir, the main thing is that Hon'ble Minister had mentioned that this legislation is compulsory. When we talk about the funds to be released under JNNURM to the State, the first mandatory reform is 74th Amendment. Sir, there are many other mandatory reforms like rationalization of stamp duty to bring it down. Has this Bill been brought? Has that been introduced? Has that been passed? Thirdly, has the enactment of community participation law to institutionalize citizen participation in introducing a concept of area sabha in urban areas been brought? For assigning or associating elected ULBs, i.e., urban local bodies in city planning function over a period of five years, all agencies in urban areas creating accountability platform for all urban civic service providers in transition, not completely, but a few of these have been addressed in this Bill. The rest have been left over. For urban local bodies about seven mandatory reforms are to be made. Is the Government going to introduce a separate Bill? This is not made clear. This has not been made clear. It is not only by passing one Bill the JNNURM funds would come. No, Sir. Because the latest guideline for JNNURM says that there are so many things which need to be done. By just doing this one, is that through? Is that O.K.? Is that fine?

Sir, about the second Bill. My member has not spoken on packaged drinking water. If we have to say about this Bill, yes, we support it. But Sir, few changes are requested in this regard. The Government can make note of them. The rate of water supplied to all the Companies and firms should tally with the price at which they are selling that water. Sir, the House would be surprised that these people have 400 percent profit on that. This observation was also made by the Hon'ble High Court. It came in the newspapers also. The actual cost of water per one liter is Rs.3/- to Rs.4/- after enhancing the rate. They sell one liter at Rs.14/-. So, we can imagine what is the profit they are getting. In the Bill that should also be included so that more money can be brought into the treasury of the State Government. I request the Hon'ble Minister to reply to all these queries.

I thank you very much for giving me this opportunity Sir.
The Chairperson, Vice-Chairperson and other non-elected members shall be appointed by the Government.

It is an absolute insult to democracy. We will never tolerate such a Bill Sir.

The Chairperson, Vice-Chairperson and other non-elected members shall be appointed by the Government.
Ratification of stamp duty

The government has decided to ratify the stamp duty. This decision will facilitate the associating of local bodies in the planning.

SRI AKBARUDDIN OWAASI: What is 74 Constitutional amendment?

What is 74 Constitutional amendment?

74th Amendment Act 1993: Why was it introduced?

74th Amendment Act 1993: Why was it introduced?

74th Amendment Act 1993: Why was it introduced?
SRI AKBARUDDIN OWAISI: Let the House decide what I am right or wrong. I know what is 74th Constitutional Amendment. But, I want to bring it to the notice of the House that this Bill is against 74th Constitutional Amendment.

CHAIRMAN: The Hon’ble Minister has already clarified it.

SRI AKBARUDDIN OWAISI: I would like to read out the first paragraph i.e. with regard to urban local bodies which are playing a very significant role. Performance of the municipalities in the discharge of duties is continued to be deteriorated over a period
of time. It is noted that municipalities in India are facing a number of problems such as inefficiency, conduct of finances and ineffective participation by the weaker sections of the population in local governance, lack of transparency etc. in planning and implementation of various projects etc. In order to strengthen the municipal governance, the Government of India has taken initiative to bring in this 74th Constitutional Amendment Act, 1992. Further, now it is very important. "Until the recent amendment, the Local Governments in India were organised on the basis of ultra wire, principle, beyond the power of the authority granted by the law and the State Governments were free to expand or control the functioning through executive decision without amendment to the legislative provision. Though, this initiative attempt was made to improve the performance of the municipalities so that they are able to discharge their duties in an efficient manner. The important provision specified in the Act include constitution of three tire type of municipality, devolution of greater functioning, financial powers to the municipalities, adequate representation of the weaker sections and women in municipalities, regular and fair conduct of municipal elections, constitution of ward committees, district planning committees, planning committees, and state finance commission. Now, where are we? This is what the 74th Constitutional Amendment speaks. The Government says that the Metropolitan projects should be formed. In that the State Government is interfering. Therefore, through you, Mr. Chairman, Sir, I request this Government to kindly refer this Bill to the Select Committee so as to enable us to discuss at length. Thanking you for giving me this opportunity.

CHAIRMAN: We thank you for enlightening us.

SRI K. RANGA RAO: According to the 2(e), there shall be constitution of Metropolitan Committee to prepare a draft development plan for the metropolitan area as a whole. The State Legislature may be made law by making necessary provisions with respect to the composition of the Metropolitan Planning Committee.

SRI AKBARUDDIN OWAISSI: Where is the Chairman and the Vice Chairman. They are not mentioned here.

SRI K. RANGA RAO: I have told that so many times, the elected representatives are part of these committees. Every Metropolitan Planning Committee shall, proper, in preparing the draft development plan. We are respecting and honouring the 74th Constitutional Amendment. In order to respect the Elected Representatives, the Government has decided to constitute the Metropolitan Planning Committees.

SRI AKBARUDDIN OWAISI: I want one clarification from the Hon’ble Minister. In the Bill No. 21, page 4, Financial Memorandum, last paragraph - As a result of this amendment, the revenue on cigarettes per annum is expected to be around Rs. 75 crores.

Bill No. 22, page 7, Financial Memorandum, - This bill seeks to amend Schedules I and IV of APVAT Act, 2005. The revenue gain estimated, on Cigarettes and manufactured tobacco products which are proposed to be taxed at 12.5% is Rs. 205 crores. It is says Rs. 75 crores. It is only about cigarettes. The loss of revenue on account of deletion of (1) mesta or bimli (2) pippalamodi (3) coir and coir products (excluding rubberized mattresses) (4) Khandasari Sugar from the IVth Schedule liable for VAT at the rate of 4% and inclusion in 1st schedule containing the list of exempted goods, is estimated at Rs. 95 lakhs. It is not only about cigarettes but also of other products. I want to know whether these figures are correct and with regard to other issues, we are here to support the Government.
