MR. SPEAKER: Question No. 8768.

That is enough.

The issue is on the purchase of televisions. That is all.
Will you go back to your seats? The Minister says that they have advertised it before purchasing the televisions. Do you want to add anything else? After that I have to close it. The Minister said that they have given advertisement.

The Minister has gone on record and clarified it. If it is contrary then you establish the proof and come to the House.

The Minister has gone on record and clarified it.

Sri Devineni Rajasekhar, (KANUPPADU). - Will the Minister for School Education be pleased to state:

a) Whether it is a fact that publishers of text books are evading large amounts of royalties due to be paid to the Government;

b) Whether it is a fact that the officials are indifferent in the matter of testing the quality of text books; and

c) If so, the steps taken in the matter.
b) No Sir.

c) Does not arise.

During 2006-07 the private publishers to whom the printing of sale component of books was entrusted have paid an amount of Rs.17,72,600-00 in full. There are no dues to be paid by the private publishers for the year. During 2007-08 an amount of Rs.8,11,412-00 has been paid by the private publishers on account of royalty on sale component of books. An amount of Rs.7,10,180.00 which is due from the publishers by name Dachepalli Kistaiah & Sons is recovered from the EMD of the publishers available with the Department.

MR SPEAKER: Now the Court orders will be implemented. That is what, it is going on there. What is the problem?

That is what, it is going on there. What is the problem?
MR SPEAKER: You see, he has assured the House now. It is not good. He said all necessary action will be taken. Devendar Goud garu. So, definitely, that means that.

MR SPEAKER: It has been very clear on that now. The issue is closed. What did he reply? You wanted CCLA to be sent. He said that Government actions will be taken. Yes, That is what implies. The Minister has been very clear. He has said Government action will be taken. So that clearly implies. He has made it very clear to the House that action will be taken. You have to await the action. You can come back to the House again. Now, the matter is closed. I request the Members to kindly be seated. We have gone to the next question. You wait till tomorrow or the day-after and you come back to the House again.

MR SPEAKER: Kindly sit down. Now what is that you want? If you want to register your protest, please register. You see, the Minister has replied. The matter is closed. If you want to register your protest, please register.

Rest of the Questions are deemed to have been answered. All the Short Notice Questions are deemed to have been answered (अनावश्यक भाषण). Now Tea Break for 10 Minutes.

MR CHAIRMEN: Now the house is adjourned to meet again at 4.30 P.M today..
(The House then adjourned at 1:35 PM)
to start with we will take up L.A. Bill No 13, followed by L.A. Bill No.12. And if all of you agree, We will take up the other Bills in a routine manner. Since we have to complete almost nine Bills, I request the cooperation of the Hon’ble Members.

SRI DHARMANA PRASADA RAO: Sir, I beg to move:

"That the Andhra Pradesh Assigned Lands (Prohibition of Transfers) (Amendment) Bill, 2008 (L.A. Bill No.13 of 2008) be taken into consideration."

CHAIRMAN: Motion moved.

SRI DHARMANA PRASADA RAO: Sir, we have four Bills on the agenda, out of which two are new. Among these, we are introducing a Bill to amend the Andhra Pradesh Assigned Lands (Prohibition of Transfers) Act, 1977. The purpose of this Bill is to curtail the scope of transfers in the case of residential lands. Under the existing provisions of the Act, the disqualified persons are vested with a right to transfer the lands held by them to qualified persons. However, the disqualified persons are not entitled to sell or transfer the lands in any other manner. To rectify this anomaly, we have introduced this Bill, which seeks to enable the disqualified persons to transfer the lands in the manner prescribed in the Act. The Bill will provide for a more flexible approach in the matter of transfers, thereby enhancing the scope of utilization of the lands. It will also facilitate the disposal of the lands in a manner that is conducive to the public interest.

SRI AKBARUDDIN OWAISI (Chandrayangutta): Hon'ble Panel Speaker sir, this Bill says that it is a Bill to further amend the Andhra Pradesh Assigned Lands (Prohibition of Transfers) Act, 1977. Sir, what does the 1977 Assigned Lands (Prohibition of Transfers) Act say? I am asking this question because this Bill is totally against the spirit of the original Act. The original Act came into force on 21st January, 1977. The section 1 & 3 of the Act prohibits the transfer of assigned lands with retrospective effect. The original Act also provides for resumption and restoration of the assigned lands and also provides provision for punishment to the offenders.

Sir, when this Act was in existence, the Government has brought one amendment to the original Act on 29th January, 2007 and the amendment to the Act provided not only for restoration but also provided a provision for assignment of land to other landless poor persons. My question, through you to the Hon'ble Minister is that when the Government wanted to bring this Bill, why did the Government bring amendment to the original Act on 29-01-2007? Is this not further confusion? I would like to know from the Hon'ble Minister as to what purpose this Bill is going to serve. Because the Government on 29-01-2007 has issued clear guidelines. As you are aware that there are so many violators and the violators are not the poor people. The violators of this Act are all rich and influential people.

We had a very long debate on assigned lands in this House and the Government also gave Statement ensuring the safety of the assigned lands right from the inception of the Act. What has happened to that assurance? I would like to know whether the Government has the files of records of all these assigned lands from the inception? Did the Government complete this work? As per the second assurance of the Government, they have to create an electronic copy of all the files and keep it at a safe place. Has this also been done? The Government has also to carry out verification of all the cases to find out any violation of the Act. I would like to know from the Hon'ble Minister whether they have found out any violations and compiled all the information of violation village wise, mandal wise and district wise. The Government has given a categorical assurance that the whole operation would be carried out in a time bound manner by taking up a
special drive. Has it been completed? In my opinion, the amendment to the original Act will only benefit the rich and influential people. We all know very well that Mr. G.V. Krishna Reddy is holding huge extent of assigned lands. I would like to know from the Hon'ble Minister as to what action has been taken against such persons after bringing amendment to the Act on 29-01-2007 and how much land did the Government take back from the violators?

As far as the distribution of lands is concerned, the Muslim Minorities are most neglected. Only one percent of land was distributed to the Minorities. Why the Minorities do not get their due share in the distribution of lands? When the Inam Abolition Act came into force, when the Jagir Abolition Act came into force, when the Agriculture Land Ceiling Act came into force and when the Urban Land Ceiling Act came into force, the Government took lakhs of acres of lands belonging to Muslims. Sir, this House would be surprised to note that twelve lakh acres of land was taken away from the Muslims by the Government when the Inam Abolition Act came into force. When the Jagir Abolition Act came into force nine lakh acres of land was taken away from the Hindus and Muslims by the Government and when the Agriculture Land Ceiling Act came to force 7.50 lakhs acres of lands belonging to Muslim Minorities was taken away by the Government. And finally when the Urban Land Ceiling Act also came into force 4.50 lakhs acres of land belonging to Muslims was taken away by the Government. Why these lands were taken away from the Inamdaars and Jagirdaars? The Government has taken these lands to distribute it to the poor people but the same did not reach the poor people.

When so much of land in so many years was distributed to the poor people, where as that land gone disappeared. This is the question. This land has disappeared to the rich and the influential people holding the land Sir. How many cases have been booked? I would like to know from the Hon'ble Minister Sir. How much of land was again taken back by the Government and distributed to the poor people? I would like to have a clarification for the question which I have asked. I thank you very much Sir.

The Motion was adopted and the Bill was considered.
**Clauses 2-8, Clause 1, Enacting Formula and Long Title:**

CHAIRMAN: There are no amendments to the Clauses 2-8, Clause 1, Enacting Formula and Long Title and they are before the House. The question is:

"That Clauses 2 - 8, Clause 1, Enacting Formula and Long Title do stand part of the Bill."

(PAUSE)

The motion was adopted and Clauses 2 - 8, Clause 1, Enacting Formula and Long Title were added to the Bill.

**MINISTER FOR REVENUE:** (SRI DHARMANA PRASADA RAO) : Sir, I beg to move:

CHAIRMAN: Motion moved. The question is:

"That the Andhra Pradesh Assigned Lands (Prohibition of Transfers) (Amendment) Bill 2008 be passed."

(PAUSE)

The motion was adopted and the Bill was passed.

**MINISTER FOR LABOUR:** (SRI CH. RAJESHWAR RAO) : I am talking about the 3rd reading.
CHAIRMAN: There were certain amendments to Clauses which were given by the Members.

CHAIRMAN: You are a senior Member. You were given an opportunity.

SRI AKBARUDDIN OWAISI: Sir I respect the Hon'ble senior Member and what he spoke. I totally agree with him. But, my one clarification to the Chair is two wrongs cannot make one right. The Hon'ble Member is saying that when he rose upon and asked for a clarification, he was not given a chance. Yes, he was not given a chance. Absolutely right. I totally agree and support him for that. But, now the thing is when a Bill is passed, how can the Minister give again a reply to the clarification?

CHAIRMAN: It is not reply to the clarification. The Chair has acceded to his request. May be you did not hear it correctly. He did say a suggestion or advice to the Government. That is what he has mentioned. The Chair considering how senior the Hon'ble Member is, gave the mike to him so that he can express his opinion or view to the Government on that particular point. It has got nothing to do with the Bill. Let your turn come. I will give you an opportunity.
SRI G. VINOD : Chairman sir, I beg to move:

"That the Industrial Disputes (Andhra Pradesh Amendment) Bill, 2008 be taken into consideration."

CHAIRMAN : Motion moved.

SRI G. VINOD : Sir, this is a Bill further to amend the Industrial Disputes Act, 1947, and for its application to the State of Andhra Pradesh.

Be it enacted by the Legislative Assembly of the State of Andhra Pradesh in the fifty-ninth year of the Republic of India as follows:

1. (1) This Act may be called the Industrial Disputes (Andhra Pradesh Amendment) Act, 2008..........

(interruptions)

SRI G. VINOD : For Members to understand just explain the statement of objects and reasons.

SRI G. VINOD : I request the Members of the House to pass the Bill.
SRI G. VINOD: It is a Sales Promotion Employees Bill. Actually, the amendment is for the definition of Workman U/s. 2 of the Industrial Disputes Act, 1947. It had not come into force in any other Government. It had come into force only in West Bengal. It is now coming in the State of Andhra Pradesh under the Hon’ble Chief Minister Sri Y.S. Rajasekhar Reddy’s Government. We have taken up this Act so that people get some freedom to express their needs. We have made this Act to see that persons who are working in Pharmaceutical industry get their due share of attention and they are given the opportunity to represent their grievance. For that purpose we have put this Bill.

We have made this Act to see that they are the real bridge between medical profession and Pharmaceutical industry. They are the basic pillars of basic pharmaceutical industry. We are just supporting this Bill.

...
Not only in pharmaceutical industry, even
in other IT based sectors health is a big
issue. Hence we need to support our
employees. The Hon’ble Minister’s
speech is very well supported by the
members. But I have a point to
emphasize, that the Bill seeks to
increase the ceiling for the payment of
Compensation from one thousand six
hundred to two thousand.

SRI KOMIREDDY RAMULU : Sir, I welcome the Bill introduced by the Hon’ble
Labour Minister. It is a good Bill and I am happy that everybody is supporting this Bill.

CHAIRMAN : The question is :

" That the Industrial Disputes (Andhra Pradesh Amendment) Bill, 2008 be taken
into consideration ".

(PAUSE)
The motion was adopted and the Bill was considered.

NON OFFICIAL AMENDMENT TO CLAUSE - 2:

SRI KOMIREDDY RAMULU : Sir, I beg to move:

" That in sub clause (iv) of Clause 2 for the words "one thousand six hundred"
Substitute "two thousand".

SRI AKBARUDDIN OWAISI: Speaker Sir, this Bill, which has been brought, I would say that this Bill is acting as a Super power for the locally elected body like the Municipal Corporation. Why only, the Authority give democratically to the elected Members is being indirectly snatched away by this authority. What is the necessity? When there is a Greater Hyderabad and when the Greater Hyderabad Municipal Corporation came into emergence, at that time, the reason given for making a Greater Hyderabad Municipal Corporation to have total and complete and proper planning for Hyderabad. Why only Hyderabad Sir? Why not for Visakhapatnam, why not for Kadapa, why not for Nizamabad, why not for Anantapur. Why only for Hyderabad? Whatever mentioned in this Bill, it is nothing, but just the same what was previously powers given to HUDA. Some new changes have been made in that. What has HUDA done? HUDA had Hyderabad Traffic Management Cell. It had controlling authority body, road management, traffic management cell. Everything was there, but only thing that HUDA doing was that making Government allot the lands, selling those lands and after selling, utilizing the money of the precious lands of Hyderabad and Telangana Region for welfare of Andhra and Rayalaseema. Now, the same thing is going to happen. I have details of the total lands which has been auctioned by the HUDA and acres and acres of land has been auctioned and that auction money has been spent only on the welfare of not Hyderabad or any improvement of Hyderabad, but for but improvement for other projects, irrigation projects and not on Irrigation projects of Telangana. Again, it had gone and under Right to Information Act, I sought the information and got the same. The most important thing Sir, is that, the Hon'ble Minister for Municipal Administration is moving this Bill. The Apex Committee do not have him as a Member in that. The Minister (Municipal Administration) is not a Member in that. Sir, he is the Chairman of the Executive Committee not in the Apex Committee. The Apex Committee is headed by the Hon'ble Chief Minister and one more question is that, the Greater Hyderabad after delimitation of Assembly Constituencies, would have been 24 Assembly Constituencies and when if we see the area as the Hon'ble Minister spoken and also my learned friend Mr Devender Goud had spoken, the total area would be 6856.12 square kilo meter and the jurisdiction would go to not only Hyderabad, Cyberabad, Secunderabad, but 10 Mandals of Medak, 22 Mandals of Rangareddy, 2 Mandals of Mahaboobnagar and 4 Mandals of Nalgonda. With Sir, this Metropolitan Board would have almost I think if I am wrong, I may be corrected to 35 to 40 Members of Legislature. 40 MLA's Constituencies would be covered and in the Apex Body, only 4 Members of Legislative Assembly are there. What about the Members from the elected Body? What about the Municipal elected Members Sir, the Municipal Corporator or Mayor and these Mandals are coming, Sarpanch would be there and Zilla Parishad Chairman would be there. What about these people? They would not have representation in this? Why all this? Will four members could do justice for this? What about the elected Mayor of the Greater Hyderabad Municipal Corporation. He is not a Member. The Apex authority will have the Apex Board under the Chairmanship of the Hon'ble Chief Minister. He functions as Chief with supporting Departments Principal Secretaries of R & B, Finance, Environment, Forest Department, Panchayat Raj and Metro Planning Committee, Vice Chairman, AP Transco, APIIC, APSRTC, Commissioner, Greater Hyderabad Municipal Corporation, 4 members from A.P. Legislative Assembly or Council, local authority in metro region viz, General Manager, South Central Railway, Chief General Manager, BSNL. Not even the Principal Secretary of Municipal Administration is there in this. How and What for is this? This is for nothing, but just to take lands, sell the lands and generate the revenue. How is Hyderabad getting benefited of this? My friend Mr Devender Goud talked about the trafficking problems. What HUDA has done. HUDA started fly-overs, express way, P.V. Narsimha Rao Fly over. 50% of Pillars erected and rest 50% are hanging in the air. When that would be completed? International Airport had been started. What about the connectivity? What about Srisailam Road? Is that

26th march, 08 108
done. Has it been completed? No. Metro Train – Work started? No. Mono Train started? No. What about traffic system to be started. Not yet started. As such, nothing has been mentioned and in it. Not only traffic problem, but, Hyderabad is facing sound and air pollution problem. Why not the Pollution Department be made as a Member in this? Who is going to address Pollution problems and also the sound pollution. What are the decibels of sound pollution and what are the decibels of air pollution? I would like the Hon'ble Minister to...

MR CHAIRMAN: Please conclude Owaisi Saab.

SRI AKBARUDDIN OWAISI: Sir, it is such a bulky bill. How can I complete it so early? This is so big Sir, in this, the Greater Hyderabad Municipal Corporation recently issued a notification of regularizing. Sir, the powers have been overlapped. Who would have the power? The Greater Hyderabad Municipal Corporation issued notification for regularization of buildings. Regularization of unauthorized lay out buildings will be developed by the Metropolitan Development Board and the fees, charges and penalty to be levied. The question is, who is going to regularize? The Greater Hyderabad Municipal Corporation would regularize or the Metropolitan Development Board would regularize?

Maintaining MDL Banks, handing over ML Banking to the Government, regularization of lands for acquisition every year by the Metropolitan Development Authority. All these overlapping powers which is given to democratically elected body of the Municipal Corporation, you are just taking it away. You see again the provision facilitating public transport including mass transportation by rail or road, the question is rail or road? Who is going to make – APSRTC, Greater Hyderabad Municipal Corporation or Metropolitan Development Authority? Again they have provision even for slotter houses, burial ground, cremation ground. Burial ground and slotter house, the Hon'ble Minister spoke that Municipal Corporation would be making the slotter. Did you make slotter houses? There is confusion about burial and cremation grounds who would do it? Whether the Greater Hyderabad Municipal Corporation or the Metropolitan Development Authority and that there are so many other requirements and so many things and on behalf of my Party, we say the Bill should be referred to a select Committee. Let the Select Committee study this and after studying that, we can do. Also one clarification – I was hearing Hon'ble Minister he was saying about abolishment of Quali Qutub Shah. But, nothing has been mentioned in this. The Hon'ble Minister said that Quali Qutub Shah would be abolished. I would like to have specific clarification. Are you going to abolish Quali Qutub Shah or not? Also when again I say that what about Old City development? In this, Old City package was also given. Up till now, no development activity taken place. HUDA has not spent single money. What is the financial allocation which would be made to Metro body? Nothing has been mentioned. Only this, that power has been given.

Lastly, I would like to give one example and conclude. Quali Qutub Shah it was formed year and years back. So many Chief Ministers have gone. In 15 years, the Chairman of Quali Qutub Shah is the Chief Minister. Only one Chief Ministered chaired the meeting as Chairman, only once that was Dr Y.S. Rajsekh Reddy after we told him that Quali Qutub Shah is there Sir and you are the Chairman. So we can imagine, what could be the fate of this. This overlapping the powers and super powers are for nothing, but just to take lands, sell the lands and spend the money for other purposes. HUDA has failed and now they want to come in this way. Greater Hyderabad Municipal Corporation, any way next bill is there and let them take up in it.

CHAIRMAN: The Minister has clarified all the points raised by you. Do you want to register your protest?

CHAIRMAN: They can always register their protest.

CHAIRMAN: They can register their protest only by asking for the division.
We have to respect the norms; we have to respect the customs and usages. If they still persist for division, we will abide by your orders.

We have to respect the norms; we have to respect the customs and usages.
SRI AKBARUDDIN OWAISI: Sir, once again I would like to request the Government to please send this Bill to Select Committee. There are so many doubts, which need clarification. There is overlapping of powers. The powers which are given by the people to the local bodies would be violated by this Hyderabad Metropolitan Development Authority Bill, 2008. I will just give an example. Previously HUDA has taken up fly-over construction. Municipality was not supposed to take it up. Later on Municipal Corporation of Hyderabad was given permission to take up the construction of fly-overs. This is what happened. We were in the House Committee on I-Max. It was said that Municipal Corporation never gave any permission, but the Budhapoornima and HUDA gave permission. This is how the confusion comes. There are many confusions as to who would take up housing for poor people etc., My request is that the Bill may be sent to the Select Committee. This is not going to be a failure of the Government. I request the Government to take into confidence all the political parties.
CHAIRMAN: I shall now request the Minister for Municipal Administration to move the motion for passing the Bill.

SRI KONERU RANGA RAO: Sir, I beg to move:

"That the Hyderabad Metropolitan Development Authority Bill, 2008 be passed."

CHAIRMAN: Motion moved. The question is:

SRI T.DEVENDER GOUD: We don't want to be a party.

CHAIRMAN: We will take voice vote.

The question is:

"That the Hyderabad Metropolitan Development Authority Bill, 2008 be passed."

The motion was carried and the Bill was passed.

SRI KONERU RANGA RAO: Sir, with your permission, I beg to move:

"That the Hyderabad Municipal Corporations (Amendment) Bill, 2008 be taken into consideration."

CHAIRMAN: Motion moved.
Minister Garu, can you make a brief statement on this Bill? Please explain about the objects and reasons.

SRI T.DEVENDER GOUD: There are precedents where protest was registered at the time of passing the Bill.

CHAIRMAN: I had given you opportunity to register your protest. You have not availed of it. Then the Hon'ble Members requested for division. Division is a means of protest. Later, voice vote was carried out and the Bill was passed.

SRI AKBARUDDIN OWAISI: Sir, before speaking on this Bill, I would like to go into the history. Earlier there was only Hyderabad Municipal Corporation and later on Secunderabad was merged into Hyderabad and Hyderabad and Secunderabad became Municipal Corporation of Hyderabad. The reason behind that was when it was only Hyderabad the MIM party was majority party and to stop MIM party, Secunderabad was merged into Hyderabad and though Secunderabad being merged into Hyderabad still the MIM emerged as a single largest party. Now again to stop MIM from being the single largest party, Greater Hyderabad Municipal Corporation came into existence. My party has opposed the emergence of Greater Hyderabad Municipal Corporation for so many reasons like Presidential Order, Merger Agreement, Gentleman's Agreement, etc. Anyhow, the matter was sub-judice. It has gone to the Court and from their it went to the Supreme Court. The Supreme Court asked us to file our objections with the State Government. The State Government without going into the details of the objections filed by the MIM and also ignoring the resolutions, which were passed in the Municipal Corporation of Hyderabad not agreeing upon the merger of Municipal Corporation of Hyderabad and Greater Hyderabad Municipal Corporation coming into existence, is coming forward with a Bill about the backward regions. I am just giving one example. Why is it necessary to introduce that Bill or why has the demand come for separate Telangana. It has become necessary because of the injustice and the negligence caused to that region and the backwardness has forced the people. When we see the surrounding municipalities of L.B. Nagar we find there were no funds in L.B. Nagar. There were no developmental activities taken up at Gaddiannaram. The same with Sherlingampalli. Uppal, Kapra, Rajendra Nagar, all these municipalities were surviving only on MLA fund. The State Government's assistance was not provided. The only surplus I would say the Corporation with lot of funds was, the Municipal Corporation of Hyderabad. Now what is
happening is the taxes received, the revenues collected in Hyderabad are being getting used for the development of L.B Nagar, Gaddiannaram, Uppal, Kapra, Malkajigiri and the real Hyderabad is getting neglected. If this is the state of affairs then what about the original Hyderabadis? What about the real Hyderabad? What is the state of Hyderabad, the real Hyderabad where Kohinoor was found? The Hyderabad on the banks of Moosi. That is the real Hyderabad. The Hyderabad, which is called Pearl city, the Hyderabad which is famous for bangles, the Hyderabad, which is famous for culture is being neglected. What is happening Sir. In the name of Musi project so much of funds were given but till today Musi project is not yet completed. The Hon'ble C.M. came on record and said that the Musi project would be taken up, Star Hotels would be coming at Musi project, Play grounds would be coming at Musi project, big Convention Centre would be coming at State Library Tourism Centre would come. What has happened about all those? What happened about Charminar Pedestrilization? When would that be completed? Old city package was announced. In this August House so much was said about development of Old City. Big answer was given to me in the 9th session. I would like to know about the ROB at Kandigal gate. I would like to know about the ROB at Uppuguda I would like to know about the Dabeerpura major nala improvement . What happened to that? In 2002 when we had floods in Hyderabad at that time, Kirloskar Committee was constituted. The Kirloskar Committee recommended that Na? should be widened. How much of Kirloskar Committee's recommendations have been implemented? You see 3 days before, we had un-seasonal rains and Hyderabad city was just like a temporary Lake City. Each and every cross road had water stagnation and traffic jams. Storm water drain has totally collapsed because of non implementation of Kirloskar Committee's recommendations. I would like to bring to your notice that Hyderabad city has become a dark city. My city colleague MLA MR. Kishan Reddy would agree upon this. There is no maintenance of street lights. What is happening to connectivity and road widening? I have raised a question and a reply was given in this August House. So far 140 roads have been approved by the Government as per the Zonal Master Plan Development. About 72 roads are proposed in Ex MCH area to be developed in phased manner. But all these roads were not been widened. I asked one more question. How many properties are getting affected in road widening? The answer is 6000 properties need to be acquired but only 3211 properties have been acquired till now. About connectivity to the International Airport, has anybody thought how would a passenger travelling from Secunderabad reach to International Airport? I have raised this issue in this House. See, what is the state of Ratibowli. I would request the Hon'ble Minister and political parties let us go to Aramgad Junction. The traffic is getting jammed over there. It has become worse than Punjagutta Cross road. Who is responsible for this? Sound pollution is increasing. The traffic jams are there. Does this House know how many cars are there in Hyderabad? There are around 24 lakh cars in Hyderabad city. In Bombay, it is 18.5% cars and the percentage of roads in Hyderabad is 7.5% only. What is advisable percentage of roads for free moving traffic? They say atleast 17% and 21% is very good. Hyderabad has 7 ½ % and Old city has 4 ½ %. 7.30

Where is the road widening? Where is the connectivity? I would like to ask to you Sir, what about the bus rapid transit system Sir? Nothing has been happened Sir. What about the Metro Train Sir? Nothing has happened Sir. What about Mono Train? Nothing has yet happened Sir. What about the Flyovers' completion Sir? Nothing has happened Sir. The Greater Hyderabad they gave a name Sir. But, it is not the Great Hyderabad any more Sir. It has become a very traffic congested Hyderabad Sir. On behalf of our party we would like to come on record and say that today, in urban areas, the people are not happy. They are very unhappy because they never got houses. The House construction was given to the Greater Hyderabad Municipal Corporation Sir. I would like to know from the Hon'ble Minister that how many houses have been constructed in the Hyderabad. It is alright. Today there is neither any house for them to live in, nor any road to walk safely, nor there is electricity and water. What is the

26th march, 08
requirement of water Sir? If we get the third phase of water also, the water would not be enough Sir. What is the total requirement? Still there is no water Sir. There is so much of area which is unserved Sir, previously also we had told that there is no need for Greater Hyderabad, let the Municipal Corporation of Hyderabad remain and it should be developed. You had said “Clean and Green”. Where is that Sir? Machines are swabbing the roads. How many machines are there Sir? When we have stagnation of water, the Hon'ble Chief Minister had told in this House Sir that each Assembly Constituency of Hyderabad City would get one machine and one motor for removing the silt. Coming to Hyderabad Metro Water Works Sir, Air Tech Machine that has also not been provided till now. For the entire Old City there are 2 vehicles. The old city means Malakpet also Sir. If I want for one locality that vehicle I have to wait for 4 days. This is how the State has become. If the Government wants to see whether I am right or wrong., everything will come in front. We have elections of Khairatabad, Secunderabad and Musheerabad. The people are here and you will know how happy the people are. Today, on behalf of my party I would say that we oppose this bill and we say that we should have only hundred constituencies and elections should be conducted on the old Municipal Corporation of Hyderabad. And if the Government thinks that by bringing Greater Hyderabad Municipal Corporation, they can stop M.I.M. from being the single party. No sir, M.I.M. will only be the single largest party Sir. We are there prepared for the elections and we would face the elections and the people would put their confidence and trust again and once again only on M.I.M., and the M.I.M. would win Sir through you. I request the Government to please not to make it the Greater Hyderabad, and cancel these 150 seats in the bill which you have got and make it 100 and let us have an election Sir.
It is a common practice in the elections.
when our officers are going to work there, the respected Members are co-operating for acquiring the lands and for doing the work there.

Hyderabad Hub is decided to reduce the rate of tax.
AKBARUDDIN OWAISI: Sir, about L.A. Bill No.15, one point I would like to bring to the notice of the Government through you is that, tax on aviation for turbine fuel has been decreased from 33% to 4%. One question is that, what is the benefit for a common man and poor man by reduction of this Turbine Fuel tax? Who travel in Aeroplane? It is not a common man or a poor man. I would like to request through you Sir that the State Government is losing net revenue loss of Rs. 90 Crores. But, what in return the State Government would be getting for the poor man? Nothing Sir. I would like to request the Government to please note, on the HSD which is sold to the APSRTC, on that 29.3% of tax is collected. Why not the Government can reduce the same and make it 4% on HSD, which is being sold to the APSRTC. This would bring a good name to the Government and it would be helpful to common man and poor man.

Sir, I beg to move:

"That the Commission for Development of Backward Areas of Andhra Pradesh Bill, 2008 (L.A. Bill No.18 of 2008) be taken into consideration."

CHAIRMAN: Motion moved. Minister Garu! Can you just explain the statement of objects and reasons?
As the XI Plan commenced, widespread perception all over the country is that disparities among the states and regions within the state, between the urban and rural areas and between the various sections of the community have been steadily increasing in the past few years. And the gains of the rapid growth witnessed in this period have not reached all parts of our country and all sections of the people in an equitable manner.

However, the widening income differences between the more developed and relatively poor states is a matter of serious concern. The XI Plan has witnessed faster and more inclusive growth.
public standing. Two eminent persons from the disciplines of economics, sociology and public administration would be nominated. The Member Secretary shall be the officer of the Government, not below the rank of Secretary to the Government, supervised by the Secretary to the Government.

"The Commission shall study and analyze so as to assess the socio-economic disparities among the districts in the states. The Commission shall make recommendations to correct the disparities and steps to be taken for equitable development of all the areas in the state. The Commission is empowered to recommend budgetary allocations to be earmarked to redress the challenge of equitable development and for achieving the planned development of the entire state. The Commission shall submit their report and recommendations to the Government every year before the end of October. It would help the Government to take a decision for providing necessary budgetary provisions during the ensuing financial year and for taking up various developmental schemes."

In 1985, the same process was repeated with the selection of the new monarch taking place. In conclusion, the selection of the new monarch has been a contentious issue in the country, with various factions having their own preferences and objections.

SRI AKBARUDDIN OWAISI: Hon’ble Chairman Sir, I would like to remind to this House, in the first budget speech in the year 2004, our party has demanded a special allocation to be made for the backward areas of the State, in particular Telangana. Our Party had also right from the year 2004, in this House, has been demanding revival of Regional Development Board and the Hon’ble Finance Minister Sri Rosaiah Saab had given assurance in this House that the Regional Development Board would be revived. It took time and in the year 2007, it was revived. But reply was given about revision in the year 2005, it took 3 years to revive the Regional Development Board, by which time, the situation aggravated with the pressures from Telangana region all the leaders from all political parties, whether the TDP or the Congress felt that after resignation of TRS members that Telangana is backward and it needs to be uplifted. But Sir, the question, which I would like to put to Hon’ble K. Rosaiah Saab, the first thing is that in the statement of objections, reasons: In that, first paragraph, the Government recognized need to identify the backward districts in a systematic and scientific manner for comprehensive development and balanced economic well-being of the entire State on equitable basis, based on the recommendations of the Committee established for the purpose. Sir in this paragraph, District has been mentioned. Sir, if we have to see, I just want to give one example – out of the total receipts of the State of Rs.25,069 Crores, from Andhra Region, the total receipts are Rs.3,690 Crores i.e. 14.71% share, from Rayalaseema Region it is Rs. 987 Crores i.e. 3.9%, from Telangana Region it is Rs.6,093 Crores i.e. 24.3% and from Hyderabad and Rangareddy the State Capital, it is Rs.9,313 Crores i.e. 37.17%. Now the question which arises is that, when we talk about the District, Hyderabad District might not be backward. But, in a District, some mandals might be backward. So, backwardness should not be judged District-wise, it should be judged by Mandal-wise and when Hon’ble Rosaiah Saab was also giving reference of Planning Commission’s observation was reading that, there is no second though about backward region of the State is Telangana, injustice has been done to Telangana. Telangana was a surplus State. After it was merged and Andhra Pradesh was formed, a surplus region was forced to become a backward region. Whether it was the water or whether it was the employment, whether it was the economic development or whether it was the job opportunity. Sir, all were lost in spite of having so many agreements before me wherein, the Members have agiven reference made mention about whether Gentlemen’s Agreement or 6 point formula or 610 G.p.O all has been mentioned. But, the Hon’ble Finance Minister refers to the XI Planning Commission.

I would like to give one reference and that reference is about Sachar Committee Report, which says socially, educationally, economically the most backward is ‘Muslim’. Sir, when you are constituting a Commission, I would say that why I mentioned about six mandals is that, the injustice has been caused to Telangana and there is no second thought on that. But, injustice which has been caused more is towards Muslims. It was Muslims who lost and the minority community in particular. The minority communities who lost their lands, who lost their status, who lost everything and if we have to see Inaam Abolition Act, we lost the lands.

MR CHAIRMAN: Owaisi Saab, can I just interrupt here. You are talking about backward areas, I think you are going off point.

SRI AKBARUDDIN OWAISI: That is what I am saying ‘backward areas’. Muslim dominated areas are most backward. This is what I am coming through. This is
what I am trying to make explain, make this House understand. It was muslims, who lost lands in Inaam Abolition Act, Jagir Abolition Act, Agriculture Ceiling act and Urban Lands Ceiling Act. If we have to see before merger of Hyderabad State in to Andhra Pradesh Stagte coming into emergence, employment ratio of Muslim IAS and IPS officers was 11%. Now, it has come to less than 1%. So, most backward region is Muslim dominated area and in all walks, the muslims have been neglected. Now situation come so, where separate State demand is coming-up and now, it is too late that Commission is being getting formed.

When would this Commission make recommendation and when would we have an equal distribution. The time for this Commission, if the Government was very sincere and true and committed towards upliftment of backward regions, this Commission could have been formed three years before. One more question which arises is that is this not overlapping Regional Development Board? The Regional Development Board was formed. Recently I received letter from the Regional Development Board for development of Telangana Region and the MLA is requested Rs. 5 Lakh for development of area. For Rs. 5 Lakhs, what can I have development in my constituency? The thing is that, what would be the real powers of this Commission. October if they gave, we do not know, whether this is the last budget session or another budget session, the political situations are so, we are facing right now this introduction of the Bill to be very frank and open, let us accept first that, just to counter Telangana sentiments, we are introducing. It is a fact. That is why, I said:

Sir, The need of the moment is that, if the Government feel that there are some areas which are backward, the region is backward, they need to announce special development package instead of Bill. On behalf of my Party, I would say that Rs.20,000 Crores package should be announced for Telangana, for backwardness of Telangna and also G.O. 610 should be implemented and lastly, I request the Government to please refer this bill to the Select Committee. Let us have consensus about this and all parties and then, again, we can come back so that in realistic way, we really do something for backward Mandals.
