giving the Hall Tickets to the students. The main reason is that, they are telling that we are not getting the fees reimbursement from the Government.

Sir, there is an agency for fees reimbursement in respect of S.C., S.T., and B.C. students. The same agency can arrange the fees reimbursement for the Minorities students also. I don’t know why is this discrimination. The A.P. Minorities Finance Corporation does not have funds. Hundreds and thousands of people are coming to our Office and complaining daily. The Schools and Colleges are not allowing the Minorities students to appear for the examinations. There is a minimum of one year delay in arranging the fees reimbursement. Kindly come to our rescue Sir. This is the time of examinations. The parents are crying. The students are also crying. The Minorities students are suffering a lot. There is an agency..........

No, no, Minister Sir should tell this........

There is an agency, which reimburses........

MR. SPEAKER: Demands are also there. We can have an elaboration discussion during that time.

SRI AKBARUDDIN OWAISI: My party member has raised it. Let the Minister reciprocate on that. Sir, the Minority Finance Corporation was unable to do the reimbursement due to lack of staff. Either the staff should be increased or reimbursement should be entrusted to the agency as suggested by the Hon'ble Member. Sir, that is our request.

MR. SPEAKER: (Addressing the Minister) Please examine as to what the Member had suggested. Here in this case, two ministers are involved and Minister for Minority Welfare should also be consulted on this.

SRI AKBARUDDIN OWAISI (CHANDRAYANAGUTTA): Sir, Mr. Virasath Rasool Khan had raised about the reimbursement of fees for minority students. We hope the Minister will answer that.

MR. SPEAKER: I think we have closed the subject. You are re-opening the issue.

Since you have given me Mike, let me clarify. I would like to draw your attention to para 14 of page 38 Sir. “Any transfer of land in scheduled areas by way of lease for mining purpose in favour of non tribals stands prohibited by para 5-2-B of the 5th Schedule r/w Section 3 of the Andhra Pradesh State Land (Transfer) Regulation 1959. The transfer of Government land in favour of its instrumentalities is not a transfer in the eye of law, but one of
entrustment of its properties for public purpose. A Public Corporation acts in the public interest and not for private gain and therefore, such a transfer stands excluded from prohibition under the para. So, this is a scheduled transfer of lease and therefore shall be upheld. It means that the APMDC has taken over the lease and it is upheld. And what they are doing? It is a selling to private properties mining lease with permission from National High Power Committee. Permission is to be taken out for mining lease. If there is nothing wrong in that.  

MR. SPEAKER: It will not go on record.

**Expunged as order by the Chair.**
This is nothing but crash crony capitalism. The situation is not just an anomaly but the hallmark of this government's policies. It is clear that the government is not interested in fair competition but in ensuring that only certain companies have access to these opportunities. The government's action is in violation of legal and ethical norms. Mr. Ramesh has now demanded why the U.K.-based Vedanta Resources was allowed to work...

MR. SPEAKER: - Are you on a protest?

SRI NARA CHANDRA BABU NAIDU : - No. I am not here to file a complaint.

Mr. Ramesh has now demanded why the U.K.-based Vedanta Resources was allotted to work on in violation of the MOU & F. Guidelines. Vedanta floats rules in Orissa, Central Government wants 'no' why? The Union Government is asking why private firm Vedanta had been allowed to start work in violation of the ministry guidelines.

MR. SPEAKER: Mr. Chandra Babu Naidu Garu, what is that letter you are reading?

Mr. Jairam Ramesh has written a letter to all the State Governments. You have violated.

MR. SPEAKER: - Are you on a protest on this subject?

SMT. CHRISTINE LAZAROUS (NOMINATED): Mr. Speaker sir, through you, I would like to congratulate all the Lady Members in this House, in other Houses and also in the Parliament on this historic occasion, the occasion being the International Women's Day. Sir, this occasion coincides with the efforts being made at the Central Level to bring in 33% of reservation for Women in various Legislative Bodies.
Sir, I very well remember that for the last 15 years various women organizations used to go to Delhi umteen times and used to come back disappointed because the much publicized Bill meant for reservation for women in legislative bodies was never transformed into an act. But Sir, today we sincerely feel that it would certainly find a place under the sun. I am sure the credit for this goes to everyone, particularly the women activists, who put every ounce of energy behind this. Sir, I sincerely hope and trust that the young women legislators would conveniently take this opportunity and get elected to the Legislatures and effectively voice the concerns of women in the present day society.

Sir, Late Sri Rajiv Gandhi's vision, which transformed in the shape of 73rd and 74th amendments to the Constitution had greatly helped women in getting elected to different panchayats and other local bodies. His vision had brought the women to the forefront of society. Sir, the proposed Bill would not only make the assemblies colourful but also contribute to more meaningful debates and would greatly help to remove the gender bias.

Sir, I also would like to appreciate the views put forward by Sri Akbaruddin Owaisi recently for the reservation for BCs and Minorities within the said reservation for Women, because their representation is very much required in this august House for a more inclusive development in the society. The success would depend upon all the political parties coming together supporting The Bill so that the women from different sections would come and represent in this august House.

Sir, we are all contributing our efforts for a beautiful change, which I certainly think would result in a great future tomorrow.

Sir, I thank you for giving me this opportunity.
