MINISTER FOR MAJOR & MEDIUM IRRIGATION

d) Yes Sir. Agreements pertaining to the spillway and Earth Cum Rockfill dam had been preclosed in the interest of the works and the larger public interest
e) The main reasons for pre-closure of contracts are—

1. Abnormal change in the scope of work as per approved designs of CWC.
2. Delay in finalisation and approval of designs by CWC for want of Technical Advisory Committee clearance from CWC.
3. Delay in implementation of R & R and land acquisition.
4. Stoppage of work by the Government, on the suggestion of Central Empowered Committee appointed by Hon'ble Supreme Court.
5. To execute the Dam, Spillway and Hydro Power House through Single agency for better coordination in execution of works

No liquidated damages were imposed in view of the preclosure of these two

All of you. Yesterday, you have read the rules and said “you are extending the Question Hour” Why should I extend the Question Hour?. You are here. You are a senior Member.
What are the options before the Government?

There is a clause already agreed.
MR. SPEAKER: Please sit down. I will give it to you later.

DR. N AGAM JANARDHAN REDDY: I want another chance.

MR. SPEAKER: Then, please sit down. So many Members are there.

MR. SPEAKER: You have finished all the questions. Do you want another chance?

DR. N AGAM JANARDHAN REDDY: I want another chance.

MR. SPEAKER: You are asking the same questions. Usually, the policy we are following here is ..........
I cannot change the policy.

That is the policy I am adopting.
It can be done by notice. It can be done by consent. It can be done by pre-closure. That is the discretion of the Government as and when it is required.

DR.NAGAM JANARDHAN REDDY: Please mention the Rule.
I can give you all the details in writing also. If you have patience, I will tell you.

SRI PONNALA LAKSHMAIAH: If you have patience, I will tell you. 

If you have patience, I will tell you. 

If you have patience, I will tell you.
The stoppage of work by the Government on the suggestion of the Central Government Empowered Committee appointed by the Honourable Supreme Court. 05.05.2006 to 26.04.2007 within India.

It is a good question; there is no doubt about that. If you fail to understand that is your problem but the problem of this Government is to expedite it faster without any problem.

SRI AKBARUDDIN OWAISI (CHANDRAYANAGUTTA): Hon'ble Deputy Speaker, Sir, on paper this Bill seems to be very good and very nice. As far as my knowledge goes this has been a very successful thing, which has been implemented in many countries. But, a few countries are facing difficulties also. I was going through and seeing in other countries like United Kingdom etc. First, the most important thing is that - yes, Sir, I agree that in respect of less than one year imprisonment for any person who has been convicted by the Court he can render some community service. In the United Kingdom, only the first time offenders are eligible for this community service. This is an important point, which needs to be taken care by the Government. For example if I commit offence and I have been imprisoned for less than one year I go and take community service. Again, if I commit any crime for which the Court prosecutes me and gives me less than one year imprisonment I am not entitled for the community service. This is what is there in the United Kingdom and other countries. This should not be taken for granted here. I hope that this matter would be taken care and the Hon'ble Minister would clarify when she gives reply. I was just searching in this Bill as to what is the exact definition of community service. That has to be specifically mentioned here. I was listening to my learned friend, Mr. Jayaprakash Narayan and other friends of PRP saying that walking in a garden is also community service. But, nothing has been mentioned here. What all mentioned here is: "If the community service is rendered by the offender in institutions like home for the aged and homes for the handicapped children and hospitals the community at large will be benefited. " Only these three are mentioned. I request the Government and the Hon'ble Minister to please give proper definition of community services which are going to fall under that category. The most important thing is after giving definition of community service what has to be mentioned here is that this service which would be rendered in what NGOs or private organization or organizations which should be run by the Government. It is very important. Community service centres are a very few which are run by the Government. What a person who has been given imprisonment for less than a year can have community service to render in any private organization like home for the old-age? This is a very important aspect, which has to be taken care by the Government and I hope that the Government will give reply in this regard.

As far as my Party is concerned I would say that we welcome this Bill. It is a very good Bill. But, at the same time when we see in the prisons in the State small and small
Bail has been granted. But, financially they are so weak that they cannot pay one thousand or two thousand rupees to avail the bail facility.

When we get arrested in political cases and go to Jail I have seen so many times many prisoners who are given bail by the Court are unable to avail that bail because they are financially weak. They do not have one thousand or two thousand rupees to give the surety and get released. If this kind of people are also considered for inclusion in this Bill, and if a chance is also given to them, then we can take them out of that atmosphere where hard core criminals are there. These innocent people are also there in the jails and because of financial constraint they are not able to get the bail. I hope that the Government would take care of this. I also hope that the Hon'ble Minister will give reply to my questions.

I welcome this Bill as far as my Party is concerned.

[Document content not provided]
SRI AKBARUDDIN OWAISI: Mr. Deputy Speaker Sir, I would like to offer a few comments on this Housing Board Bill. Sir, what was the basic aim in constituting the Housing Board? The basic aim is to provide houses to the houseless people, means, providing shelter to the poor people who do not have shelter. I think this is the basic aim behind the constitution of the Housing Board, rather I would say the preamble of the Board.

But Sir, what is actually taking place now? Instead of fulfilling its basic aim the Housing Board is now selling, in fact already sold, some of its lands. Now, it is unfortunate that the Board is now taking up ventures on PPP basis. Sir, when the construction is being taken up on Public Private Partnership basis, does any one expect that such a venture is going to provide houses for the poor people or for the middle class people. The firm or the individual who enters into an agreement with the Board will not perform community service but concentrate on getting profits out of his venture. They will enter into an agreement with the Board so as to get benefit out of it but certainly won't serve poor people by providing them houses. So Sir, if we realize this fact, it sounds very sad.

Secondly Sir, through you, I would like to know from the Minister the extent of land under the Board’s possession in both Hyderabad and Raga Reddy Districts. I would also like to know the information about the extent of land that was auctioned and sold in both these areas and thirdly the extent of amount realized from that. Sir, through you, I would also like to know the purpose for which such auctioned land had been utilized. Sir, I need the particulars with regard to the above information from 2002 onwards.

Sir, it is observed that the Board could enter into PPPs or sell its lands only in urban areas, because the parties who are ready to come forward are the parties who are
interested only in urban areas but not in rural areas. Those people would only construct dwellings for upper middle class or rich people but not for the poorest of the poor. Sir, I would also like to know the purpose for which the realized amount by way of auctioning has been utilized so far.

Sir, I am representing this august House from three consecutive times from my constituency. I am sorry to say that during this time not a single house has been constructed by the Housing Board in my constituency. Now, the construction of houses for poor people has been handed over to GHMC. But availability of land is not there. Sir, there is a vacant land to the extent of 12 acres in my constituency. During my second term as MLA, I had requested the then Chief Minister Dr. YS Rajasekhar Reddy to hand over those 12 acres of vacant land to the Housing Board for construction of houses to the poor people. We expected that to take place. But that was not the thing actually happened. Recently, a notification was issued by the Housing Board to auction the said land. Sir, whenever, the subject of construction of houses for poor people came up for discussion, the reply given by the Revenue Minister and the Housing Minister was that we do not have the land available in Hyderabad and Ranga Reddy Districts and that is the reason why we are unable to construct houses for the poor people. Here, we have 12 acres of land on which we can construct houses for the poor people. Then why was the auction was called for by the Housing Board? Sir, through you, my plea to the Government is that all the land available with the Housing Board may kindly be handed over to GHMC for construction of houses to the poor people, for homeless people, the people for whom shelter is the dire necessity. Then only the Board is said to be fulfilling its slated objective.

Sir, therefore, I strongly object to this bill with an appeal to the Government that the Housing Board should function in tune with its preamble and provide houses to the poor people, instead concentrating more on PPPs and auctioning, thus providing houses to upper middle class and rich people. Sir, I hope that the Hon’ble Minister will comprehensively answer to my questions.

SRI AKBARUDDIN OWAISI: Hon’ble Deputy Speaker Sir, I can understand that to get some tax benefit to the extent of Rs.900 crores, this legislative proposal in the form of Bill has been initiated. It was also described by the Hon’ble Minister in his speech. I can understand that.

Sir, the Hon’ble Minister in his reply had made a mention about the Malaysian Township situated at Kukatpally, which has been taken up and completed under PPP basis. Sir, I can certainly say that it has not benefited the poorest of the poor people. It has not even benefited the middle class people. It had benefited only the higher middle class and rich people.

9.20

I would say the higher middle class people. I am standing here and talking about the poorest of the poor; the homeless who do not have shelter and who are living in rented houses for years and years together. I am talking about those poor people.
Secondly, I had also mentioned about an extent of Ac.12 of land in Bandlaguda Village in my Constituency which was handed over to the Housing Board four years' back for the construction of houses for the poorest of the poor. That land has not been handed over to GHMC, which is the implementing authority for the construction of houses in Hyderabad city. I request the Minister to kindly transfer that land to GHMC for construction of houses to the poorest of the poor. Sir, the tragedy is that JNNURM has sanctioned an amount of Rs.1200 crore. Out of that, Rs.250 crore has already been released to GHMC for construction of houses. But the GHMC is not able to take up this work and spend this amount because there is no land available with the GHMC. That is the reason as to why I am saying this. In the old city also Sir, there is no land available. Sir, when a legislator and some leaders came forward and fought with the land grabbers and brought back the land and that land if the Government wants to auction; is it not a sad state Sir?

I request that the land should be handed over to GHMC and small small pieces of land that are available in the limits of GHMC where housing activity cannot be taken up by the GHMC or the Housing Board, such small small pieces of land should be handed over either to Education Department or Health Department for construction of Primary Health Centres or to have some schools or for taking up for some other purposes like community service, etc. because in the city, we do not have space for the playgrounds and parks. We do not have land for schools also. Such small small pieces of land vested with the Housing Board can be handed over for the purpose of parks, playgrounds, schools and other community services. This is important sir.

Thirdly, an important issue in my Constituency is that a case had been pending since 1972. One person had donated a land to Housing Board that never belonged to him. In fact, he sold the land to Housing Board. The Housing Board took that land and paid money also. Finally, when the matter was taken to court, it was found that the person who sold the land to Housing Board was not at all the owner of that land. The Hon'ble Minister knows about that case. Sir, poor people have purchased that land and constructed houses. It is a declared slum way back in 1970. Rate was fixed. They have been requesting that all those houses should be regularized. From 1970 to till date, those people are suffering and their houses have not yet been regularized. I request you to kindly look into that. They are the poorest of the poor people. They have purchased that land. I have been pursuing time and again for the last seven years with the Housing Minister. Sir, the Hon'ble Minister for Minorities Welfare is well aware of this.

Another issue Sir. Late Dr.Y.S.Rajasekhar Reddy had given an extent of Ac.50 of land to Wakf Board. It was a historic occasion and a historic decision I would say. Actually, the total extent of land was Ac.100. Out of that, Ac.50 of land was given to Housing Board. The Housing Board officials went to Delhi and got a sanction for SEZ, just nearer the International Airport. They have spent crores of rupees on that SEZ. Sir, always we see that wakf land gets encroached by the land grabbers. Ac.50 of land which has been given by late Dr.Y.S.Rajasekhar Reddy, one fine day, it will also get encroached. To prevent the same Sir, I have put forward a proposal to the Minister for Housing and the Minister for Minorities Welfare. Accordingly, we can have an agreement with the Wakf Board and the Housing Board that the Housing Board can take this Ac.50 of land also and the existing SEZ on this Ac.100 of land can be made operational that whatever revenue generated from this SEZ out of this Ac.100 of land could be equally shared by the Housing Board and the Wakf Board. At least, we can protect the land and we can get money out of it and that money could be used for the welfare of the minorities. But that is still pending.
Sir, of the Ac.50 of land which has been given to Wakf Board, it was decided to construct a Haj House when late Dr.Y.S.Rajasekhar Reddy was there. Sir, I went and spoke to him. When I told that we will have an SEZ operational here and we will share the amount, he said “very good, Akbar”. Again I said that we need a piece of land because out of Ac.80 of land, only Ac.50 of land was given and Ac.30 of land has to be given to Wakf Board. I requested to allot Ac.10 of land at the Outer Ring Road where the Housing Board has an extent of Ac.25 of land. We will construct a Haj House there near the International Airport and near the Outer Ring Road. People coming from Rayalaseema and Andhra can have an easy access for the Haj House. I request the Hon’ble Minister for Housing and the Hon’ble Minister for Minorities Welfare to kindly look into this and take steps to please handover that land for the construction of Haj House and regularize those houses. I thank you very much for giving me this opportunity.
