2) A similar Adjournment Motion given notice of by Sri P. Keshav Garu and others from TDP, regarding the “Unfortunate incidents that took place following Million March Rally conducted on Tank Bund on 10-03-2011.”

Both the notices have been disallowed.
MR. DEPUTY SPEAKER: Now, the House is adjourned for half-an-hour.

(The House re-assembled at 09.42 AM with the Hon’ble Deputy Speaker in the Chair)

....

Please go back to your seats.

(A. 9.40)

I think we all share the same sentiments.

(A. 9.40)

I think the mood of the House is that we should all expect a Statement from the Government.

The Government should be ready to place a Statement on the Floor of the House.

11th march, 11
MR. DEPUTY SPEAKER: I think the Government should prepare to lay a Statement on the Floor of the House.

He will come. There is no problem.

It is very unfortunate. I think all the Members are feeling the same way. We will take an opportunity.

I request all the Floor Leaders to come to my Chambers for 15 minutes.

The House is adjourned for 15 Minutes.

(The House then adjourned at 09.45 AM)
MR.DEPUTY SPEAKER: All the questions have been postponed. All the papers included in the agenda are deemed to have been laid.

Now, let us take up the introduction of the Bill.

SRI RAMREDDY VENKAT REDDY: Sir, I beg to move:

"That leave be granted to introduce the Andhra Pradesh Horticultural University (Amendment) Bill, 2011."

MR.DEPUTY SPEAKER: Motion moved. The question is:

"That leave be granted to introduce the Andhra Pradesh Horticultural University (Amendment) Bill, 2011."

The motion was carried and the Bill was introduced.
MR.DEPUTY SPEAKER: What is she doing now? What is this? Please go back to your seats. Tempers are very heated. I request the Members to please have some restraint.

Distribute the copies of the Statement to all the Members.

SRI AKBARUDIN OWAISI (Chandrayanagutta): I just want to make one small appeal before the Statement is made.

MR.DEPUTY SPEAKER: Yes, you can.

SRI AKBARUDIN OWAISI: Hon'ble Deputy Speaker Sir, through you I would like to just make a small appeal regarding the Statement to be made. We would be having a discussion on the incident which had happened yesterday. In a healthy Democracy and in a healthy debate, it is always better that the versions of both sides are heard.

I think sir, the people of the State want to hear the version of the Telangana Congress Legislators, the Telangana TDP Legislators and Telangana TRS Legislators also. If only one-sided debate is allowed, the House can’t send a good message. Through you, I would like to make an appeal to all the Congress Telangana Legislators, the TDP Telangana Legislators and TRS Telangana Legislators to please come and participate in this Debate to enable the House to hear their version also. The State also wants to hear their version. I therefore, request you to make an appeal to them to please come and participate in this Debate. Let us have a healthy and fruitful discussion on the issue.

What is your opinion on the current state of technology? Is it advancing too quickly, or are we not advancing fast enough? The year 2009 saw a surge in technological advancements, with many predictions for the future.

For instance, the development of artificial intelligence is advancing at an alarming rate, with companies like Google and Apple investing heavily in AI research. This has led to significant advancements in fields such as healthcare, transportation, and communication.

However, the rapid advancement of technology also raises concerns about job displacement and privacy. As machines become more intelligent, the need for human labor decreases, leading to job losses in many industries.

On the other hand, the growth of technology has led to increased productivity and efficiency, making many tasks faster and easier to accomplish. This has improved the quality of life for many people around the world.

In conclusion, while the rapid advancement of technology has both positive and negative implications, it is clear that we must continue to develop and implement this technology in a responsible and ethical manner.

MR.DEPUTY SPEAKER: The practice of the House is very clear. I request the Honourable Members not to use the names of the Members who are not present in the House. Such names will be deleted from the records.

SRI P.ASHOKA GAJAPATHI RAJU (Vizianagaram)(without mike): Sir, one submission.

MR.DEPUTY SPEAKER: It is a practice in the House. Gajapathi Raju garu leave it that.

You can't frame new Rules here Mr.Keshav. Please sit down.

MR.DEPUTY SPEAKER: The reason that practice is adopted because that particular person cannot come into the House and defend himself or herself. That is the reason we do not mention their names. That is the standard parliamentary practice.

MR.DEPUTY SPEAKER: The point is well taken. Let us not deviate. This is a very important debate.
Please sit down.

The process of analysing a document, whether in print or electronic form, involves several steps to ensure accuracy and comprehension. The first step is to read the document carefully, paying attention to every word and detail. This involves understanding the context, identifying the main ideas, and noting any significant details or figures of speech.

Once the document has been read, the next step is to transcribe it accurately. This involves converting the written text into a digital format, ensuring that all words and phrases are recorded correctly.

After transcription, the text is reviewed to check for any errors or omissions. This involves proofreading the text, comparing it with the original document, and making any necessary corrections.

Finally, the text is converted into a machine-readable format, such as a PDF or Word document. This involves formatting the text according to the desired specifications, such as font size, style, and layout.

Throughout the process, it is important to maintain a high level of accuracy and attention to detail, as even small errors can have significant impacts on the final product. By following these steps, we can ensure that the text is accurately represented in a machine-readable format, ready for further analysis or use.

SRI AKBARUDDIN OWAISI: Hon’ble Deputy Speaker Sir, I raise for this occasion and I have made an Appeal also and we have been very good in this discussion as the Members of the Telangana Region also participated. So, this House has been and will be one in condemning such incident which has happened yesterday. The incident which happened yesterday also includes molestation of women and attack on electronic media persons. They also need to be condemned. A few days back we have celebrated ‘Women’s Day’ and now a woman was manhandled and it was a very sad day in Democracy.

The situation of State of Andhra Pradesh is in turmoil and uncertainty is prevailing since more than a year. If we have to count and see and when we stand here condemning what happened yesterday, we also have to see what were the reasons for such incident and what were the reasons for the Million March and what were the reasons also for earlier agitations like 48 Hours Bandh, Challo Assembly, Rail Roko and many bandhs. Frequent bandhs we have been witnessing for the last one and a half year. My Party had taken a stand and had been very clear in the last Meeting which
was called by the Union Home Minister Sri P. Chidambaram. In that Meeting, my Party has instructed me and I was there in the Meeting and I had very clearly mentioned in that Meeting, but for the Statement of December 9th, this incident would not have happened. Whatever is happening in the State or whatever would be happening in future also, the sole responsibility lies on the shoulders of the Union Home Minister Sri Chidambaram. With that Sri Chidambaram gave a clarification stating – “Mr. Owaisi, it was not a Statement of an individual, but it was a Statement of Union Government, it was a Statement of Government of India. He came on record and stated that his Statement was taken in wrong perception. I and my Party made it very clear in that Meeting that, that Statement had caused for all uncertainties and for the situation in the State of Andhra Pradesh. We have also made very clear then, when the Hon’ble Minister wanted us to sign a Statement requesting the people of the State to maintain peace and tranquility, at that time I and my Party made a very clear-cut statement to Sri Chidambaram saying that we would not be a part of Appeal which he wanted us to make to the people of Andhra Pradesh. It has become a customary habit whenever they called for a Meeting to make us appeal for peace. It is their Statement which has caused distress and we want to take an opportunity to make an appeal to you and to your Party – ‘Please keep your Party united’. You want law and order to control in the State by appointing a new Chief Minister. Unless and until he has the support of his Party, his Legislators and gains confidence, he can’t bring law and order in control. The same stand we take now also. I don’t want to blame the Chief Minister or the Government. If not Mr. Kirankumar Reddy – even if anybody-else was there in that Chair, whatever situation he had faced yesterday would have been faced by others also.

The decision makers of this Country, I am sorry to say, are unable to make a decision. When they are unable to take a decision, it is their responsibility to step down. Without taking into confidence anybody, a Statement was issued by Sri Chidambaram. Then all the Legislators from Andhra and Rayalseema regions submitted resignations and agitation was called in parts of Andhra and Rayalaseema. Then again a Statement was issued withdrawing that. If any movement has been created, I think, it was created only by the Statement of Sri Chidambaram.

MR. DEPUTY SPEAKER: You talk about yesterday’s incident.

SRI AKBARUDDIN OWAIASI: We have also to see what has led to yesterday’s incident and what is the back-ground to it.

For the Statement of Sri Chidambaram, who are suffering. The people sitting in Delhi are not suffering. The people of State of Andhra Pradesh are sufferers. We are suffering because of the Statement of Sri Chidambaram. We are losing trade and investment and the investment is getting diverted to other States. We are losing business and we are losing lives.

Our students are losing their precious years. Not only that Sir. The students of a particular region demanding for a separate State are committing suicides in hundreds of numbers. Are those lives not important for us? Might be from Telangana region, but I would say they are Indians who are losing their lives. I would like to know the reason as to why so many of them are arrested. People are agitating here as also there and Hyderabad has become a battlefield. In Hyderabad Sir, I want to come on record and say that Hyderabad is a cosmopolitan city. Here in Hyderabad, people from all parts of India come and settle. People from Uttar Pradesh, North, South and from West are coming and getting settled in Hyderabad because of lot of opportunities in I.T. are here in Hyderabad. The beauty of Hyderabad is that a person coming from any part of India can easily communicate and he can easily settle here. He feels home in Hyderabad.
because Hyderabad has the beauty of Urdu speaking, Hindi, beautiful Telugu, English and also all the languages. Anybody can come and settle here. That is why the investments are coming to Hyderabad. Now what is happening in Hyderabad? 40% people living in Hyderabad belong to Andhra and Rayalaseema regions and 36% of the Muslims and Hyderabadis and North Indians and all. Just a few bunch of miscreants are keeping Hyderabad as a hostage. Today someone has called for a million march from Telangana. What if, tomorrow the Andhra JAC and Rayalaseema JAC will give a call of ‘Chalo Hyderabad’? Hyderabad will become a battlefield. Who would be responsible for this? The sole responsibility of maintaining law and order is the responsibility of the Government and the police. It is a total failure of intelligence. When a call for march was given, was it not anticipated that what would happen at Tank Bund? If that was anticipated, what action has been taken? You have cordoned off the city, you have blocked the city. In spite of cordoning off and blocking the city what happened? What happened is that whatever has happened yesterday and I think all the members of the civilized society will condemn. Myself and my party is also condemning. Sir, it is high time I would say that the Central Government have to take a decision. They have to take a call for this. For how long the people of the State are going to suffer? Minds are divided, hearts are divided, hatred is burning in the hearts. How long this state of affairs to continue? Take a decision this way or that way. There are some who would appreciate the decision and there are some who would be against it. But I think now, the time has come where they have to take a decision.

Sir, many people are asking as to whether we are heading towards President's Rule? But I say that more than President's Rule, we are heading towards a civil war. We have to understand this. The Assembly was cordoned off, traffic was blocked and with great difficulty, finally we could reach the Assembly. But we never had the House running.

Hon'ble Deputy Speaker Sir, when we are condemning this, I also want to condemn the attack on His Excellency, the Governor. He is the Constitutional Authority. He is the Constitutional Head. He was attacked and this House could not spare even a minute to condemn the attack on His Excellency, the Governor. Is it not sad for all of us? It is really sad. At the same time, a colleague legislator is attacked in the premises of the Andhra Pradesh Legislative Assembly. What action has been taken? My demand was that not a poor man should be imprisoned. I demanded for an enquiry and to find out as to who was responsible for this and on whose instigation this attack was carried on the legislator and then take action against all those who were responsible. But this never happened. Let it be a big man or a small man.

Sir, we never gave a strong message. But we gave a message that anybody can do anything. When one can attack a legislator in the premises of the Andhra Pradesh Legislative Assembly, I think it is very easy to do anything outside the Assembly also. And this is what has happened. Sir, we have failed to give a strong message that violence would not be tolerated. That is the reason as to why such incidents are happening. The people of Telangana are agitating for a separate State and hundreds of students are committing suicides. We never discussed that. Sri Krishna Committee was constituted and the Committee had submitted its Report. Come on, let us have a discussion on the Report of the Sri Krishna Committee. Why not? The people who went and submitted their representations; grievances or demands to the Sri Krishna Committee Report again came back and were saying, "we would not accept the Sri
Krishna Committee”. Let us have a discussion on that. Sir, I would say that if all parties agree, we should move a Resolution condemning yesterday’s attack and at the same time, we also should move a Resolution demanding the Central Government to please give a call and take a decision on this. Whatever may be the decision, please take a decision. Get those guts. Get that strength needed to take a decision. If not, we cannot run the House and also the State. What is the State Sir? We have seen the Governor’s Address; we have seen the Budget Presentation. Now, the entire Budget Session would go on like this. Is it not sad Sir? Why such situation arose Sir? When this House loses its sanctity and power, you see the legislators belonging to Telangana region are not here. They are outside because they think that this House will not give justice to them. That is why they are not coming. When they are out, people are out. If those legislators would have been here and they would have been discussing the issues, I do not think people would have taken the movement in their hands. Now, the legislators are helpless. They are sitting out. We are responsible for this and when will this thing come to an end? People who were agitating are also fed up with this. In fact, I would like to come on record and say that the people of Hyderabad are fed up with this. They do not want any more bandhs or agitations. They are saying, “We do not want the city to close down. We do not want to see any fights on the streets. We do not want any property to be damaged. We do not want any business to get effected. It is enough.” Really Sir, enough is enough. We want peace. The people are suffering. Who is responsible for all this?

Hon’ble Deputy Speaker Sir, I am really surprised at the way in which the UPA Government is quiet. I would like to bring to your notice one fact Sir, and if I am wrong I may be corrected. My learned friend was there with me when the Hon’ble Union Minister for Home, Mr.P.Chidambaram convened a meeting. Hon’ble Chief Minister was also there Sir. The Hon’ble Union Minister for Home asked me, “Mr.Owaisi, would you be coming for the next meeting?” I told him, “Sir, I have been entitled only to attend this meeting and my party will decide as to who will come for the next meeting. When the invitation is received, the party will decide whether to attend the meeting or not.

that it is total failure of the police, the Intelligence Department and failure of the Government. Please take the situation in control. When we are discussing this issue we should also discuss the injustice caused to the region of Telangana. We should also discuss the suicide of Telangana students. We should also discuss about all those Osmania University students who are in jail. When we had released the big leaders, why are we not releasing the small leaders and students of Telangana. They should also be released and in future any call has been given by Telangana agitators, I think the Government should call them and talk to them and take them into confidence. It is the democratic right of every political party and every citizen of this country to agitate for their demand. An agitation cannot turn into violence. We all need to condemn this violence. We all need to come together and to condemn this. Once again I would like to say that, when we can move a resolution condemning what had happened yesterday, at the same time, I request the major opposition party and communist party and all other parties also the Congress party to please move a unanimous resolution demanding the Central Government to take a decision on this issue at the earliest. I thank you very much for giving me this opportunity and at the same time once again I request all my Telangana Legislators to please come to this House. Let us all discuss this issue.

Thank you very much.

He mentioned in his book ‘The future of man’. In the 20th century for all but there is one country – that country, the whole earth. For all there is but one hope – that hope, the whole heaven. Where the world is not fragmented by narrow domestic walls. Remember no man is strange, no country is foreign when it all uniforms a single body breathes like ours. The land of brothers wake upon is earth like this in which we all shall live. Remember they have voice like ours with wake or sleep and strength can be won by love but not by hatred - by love. Any other land is common life that all recognize and understand. Let us remember whenever we are told to hate our brothers it is ourselves that we shall dispossess, betray and condemn. Remember we who take arms against each other it is the human earth that we defy.

Again (f) says that “it shall be the duty of every citizen of India to value and preserve the rich heritage of our composite culture. Sir we are aware of the saying that "past sins cast long shadows."
MRS. CHRISTINE LAZARUS: Sir, first, let me thank you for giving me this opportunity.

Sir, we are all aware and feel sorry about the unfortunate incidents that took place following Million March Rally which was conducted on Tank Bund and which has resulted in desecration and destruction of statues erected in memory of our great leaders. Sir, it is only due to ignorance such condemnable acts have been perpetrated.

Sir, I definitely hope that our Government will restore the desecrated statues in their original form, in their respective places. Sir, people in Hyderabad have already been terribly tired with bundhs, protests etc. We are all patiently bearing these things because they are democratic in nature. But Sir, it is equally our duty to protect our own culture and its greatness.

Sir, we often talk about our rights conveniently forgetting what our responsibilities are. Sir, the speaker who preceded me talked about our fundamental duties as citizens, as enshrined in our Constitution, under Article-51(a). It fact it was the wonderful point that I want to mention in my speech. I personally think that if effort had been made by us to embed this provision in the
minds of our children, an incident such as Million March would not have been taken place.

Sir, it was so unfortunate that statues of great people like Sir Arthur Cotton have been desecrated. Sir, I would also like to utilize this occasion to describe as to what happened to Sir Arthur Cotton went he went back to England. The rulers there chopped off his hands, grousing the ever remembering work he did to the people of this country. Sir, it is so unfortunate that his statue had also desecrated out of ignorance.

Sir, we are giving scholarships to our students but not teaching the values of life to them for which these great people have sacrificed their lives. Sir, through you, I would appeal to every Member of this House, cutting across party lines that they should strive hard to bring in harmony among one another and try their best to see that overall public interest should be upheld and properties should be protected.

Sir, I once again thank you for giving me this opportunity.

Almost for four hours, we are discussing on this subject.
The document is in Telugu and contains a text that seems to be a letter or a statement. However, the content is not clearly visible, and it is difficult to extract specific information from it. It appears to be a formal document, possibly a letter, given the structure and language used.

The text begins with a date, '11th March, 1170', which seems to have been written in another script or system, possibly an ancient one. The rest of the text is not clearly interpretable due to the quality and style of the script.

MR. DEPUTY SPEAKER: That is not what I meant. He has misunderstood me.

Then, it is alright.

He has misunderstood me.
MR. DEPUTY SPEAKER: O.K., I will check-up the records.
SRI AKBARUDDIN OWAISI: Mr. Deputy Speaker, Sir, there has been a contradiction in the statement given by the Hon’ble Home Minister and then, again, given by the Hon’ble Chief Minister. Sir, Madam Home Minister, in her reply, just said that the application for permission was given only on 9th and the Hon’ble Chief Minister says that a few legislators have met him before. I want to have a clarification whether it was on the same day they met or before? The second thing is that the Hon’ble Home Minister mentioned that political parties have given consent and then Chidambaram had issued a statement on December 9th. I want to correct her record. At the same time, it is also mentioned that all political parties had agreed and then on the agreement of all the political parties in the meeting which was convened by Mr. Rosaiah a statement was issued on 9th. For that meeting all the political parties have come and the Hon’ble Chief Minister said that as far as Congress Party was concerned decision was not taken. But, I would like to remind and tell him that the Congress Legislature Party meeting was convened and in that unanimous decision was taken and the authority was given to the Congress High Command to take decision. This was told by Hon’ble Rosaiah Sahib when we have gone for that meeting. The High Command of the Congress and the UPA Government are one and the same. Again, the Congress went back on the unanimous decision what they took earlier. All the political parties ..
SRI N. KIRAN KUMAR REDDY: What I said was our party had taken decision according to the will of the people of each region. The Legislators, M.Ps and others changed their decision. The parties also changed their decision because of that and that is exactly what I said.

Owaisi garu made it very clear. I am not sure but I am sure that the people of each region had decided. When I speak I do not want to say anything wrong. When a phone call was received, it was regarding KCR. It was called to break the fast of KCR and not about the issue of Telangana or united Andhra Pradesh. That is what Owaisi has said and it is 100% right.

SRI AKBARUDDIN OWAISI: Sir, I might not be understanding the entire sentence and the entire speech of the Hon’ble Chief Minister or the Home Minister because the Interpreter is not here. But, still, I understand a little bit of Telugu. With whatever Telugu understanding I am trying to have a clarification. Sir, in that meeting, I would like once again to correct the records. In that meeting I was there representing my party and the Communists were there sitting beside me. I rose and asked Mr. Rosaiah why that meeting was convened for. If I am wrong I may be corrected. The other political parties also can correct me. When a phone call was received by me from the Chief Minister’s Office it was told that the meeting was called regarding the on-going fast of KCR. But not the meeting was convened to ask about our stand on Telangana. When I entered the meeting hall – Madam Geetha Reddy was also present there – we were asked to give our opinion how to break the fast of KCR but not on Telangana or united Andhra Pradesh. I am not going to say my stand unless and until the ruling party which is ruling this country for maximum years comes up with their stand. When they come up with their stand our party will have a meeting and we will make our stand known. It was only the MIM which took the stand and said that we would stand by the decision that we took in 1960 and we will stand by that decision. This is what I want to clarify. The same thing had come up in the meeting of Chidambaram also. At that time also I told Chidambaram Sahib.
Let me correct. Then Chidambaram said: “Yes, Mr. Owaisi, you are right. It is only your party which said that you are for united Andhra Pradesh and you never changed your stand”. I want to just clarify this thing.

At the same time, I would like to state that all our concern is that law and order should prevail in the State. The hatred of minds and hearts should go and that the people of all regions should come together. Peace should prevail. Investments should come up. No burning of buses should happen. No burning of offices should happen. No pen down strikes should take place in the State of Andhra Pradesh. No ATM should be looted and no statues should be demolished. The Police vehicles should not be burnt. This is our concern. I would like to know from the Government what all the actions which the Government is going to ensure and see that this tension in the City in particular and the State in general ends, hatred ends and love comes in the hearts of the people. I am sorry to say that nothing has been said about this.

My other important concern is that our State has been losing revenue. I would like to know from the Hon’ble Home Minister and the Hon’ble Chief Minister as to how many Central forces are deployed in the State of Andhra Pradesh. How much of money is going away from the State Exchequer to these forces. Sir, we are not only losing money but we are spending so much of money on these forces. In spite of all that peace is not prevailing. Buses are being burnt. In one day the APSRTC has lost an income of Rs. 2.50 crores. Who is responsible for this? State revenues are going away. No mention has been made about that.

Another important thing is as to how long are you going to take for the enquiry report to be given by the Police on an assault on a legislator in the very premises of the Andhra Pradesh Legislative Assembly? It was assured that after the report action would be taken. When will action be taken against those responsible? When the finding will come up?

MR. DEPUTY SPEAKER: I will update you with regard to that on Monday.

(Interruptions)

SRI AKBARUDDIN OWAESI: I am addressing to the Deputy Speaker only. I know that a Member is supposed to address the Speaker only. Through the Chair he asks the Chief Minister or the Ministers or the Opposition leaders.

(Interruptions)

(Looking at the Hon’ble Chief Minister) Do you mean that I should not look at you? I can look at you. You have smiling face and that is why, I am looking at you. I would like to know from the Government what action has been taken against those people, those elements who burnt shops in Hyderabad and who had burnt buses. One MMTS station was also burnt. How many people have been arrested and what action has been taken in that regard? Private properties are damaged. What action has been taken in that regard?

I want to know that with regard to yesterday’s incident are you going to have judicial enquiry or not. I am saying that enough is enough and we have to take a decision and call on the situation. For that I had requested the Opposition parties as well as the ruling party to move a resolution to condemn the incidents of yesterday of demolishing of statues, attack on the Press and the Electronic media, burning of cameras etc. At the same time, let us move a unanimous resolution demanding the
Central Government to take decision at the earliest for or not for. Whatever it is, whatever decision it is, that is the demand of the moment. On the other hand, if you are going to prolong this, the same situation would prevail. I hope that peace should prevail in the State. How long we are going to suffer? Sir, today the people of Andhra Pradesh in general and the people of Hyderabad in particular are facing a lot of inconvenience. What if the people of Andhra give a call of 'Chalo Hyderabad'? Then what will happen Sir?

MR. DEPUTY SPEAKER: We will leave it at that.

Mallesh garu you need to have clarification? He was not there. He was not present in the House at that time.

SRI D.SRIDHAR BABU: One minute. We are all concerned about the incident which happened yesterday in Hyderabad. That is the very reason why the statement was made and you allowed discussion. Till 4.00 PM you allowed discussion. Still members want to speak. So, you can adjourn the House for tomorrow and again take it up.

MR.DEPUTY SPEAKER: If more people want I will go for Monday. We can continue this on Monday.
MR.DEPUTY SPEAKER: Leave it there. You cannot demand like that.
I cannot allow. Minister for Home.

(Somewhat agitated language)}

Sambasiva Rao garu, he has been repeating the same point.

Sambasiva Rao garu, he has been repeating the same point.

(More heated argument)
