SUPPLY OF ELECTRICITY

*56 Shri L.R. Ganeriwal Will the hon Minister for P.W.D be pleased to state:

(1) Whether Government propose to extend the supply of electricity in the district areas which are not so far covered

(2) If so, what the details of the scheme are?

(3) Whether the Government propose to entrust the work to private companies or undertake the same themselves?

The Minister for Public Works (Shri Mehdi Nawaz Jung)

Government have proposals under consideration to expand supply of electricity in the district areas which are not so far covered. Some schemes are under execution, and some are proposed to be taken up when funds permit.

(a) Tungabhadra Hydro Electric Project The proposal is to install a capacity of 23,000 k.w. The transmission lines will be taken to Raichur, Gulberga and Hyderabad. Distribution lines will radiate for supply to various towns and villages. Work on this scheme is not yet started.

(b) Ramagundam Thermal Station The Ramagundam Thermal Station is under erection at present. The work is well under progress. The installed capacity will be 37,500 k.w. The transmission lines from this Station will radiate to supply power to various towns and villages in the districts of Karimnagar, Warangal and Adilabad.

(c) Nizamsagar Hydro-Electric Station Work on this station is well under progress. The capacity installed will be 15,000 k.w. The transmission will radiate from Nizamsagar to Hyderabad. No towns or villages along the transmission line will be supplied with power.

According to the Electricity Act, the electrical undertaking being a public utility service and consisting of inter-connected systems forming a grid, should as far possible, be State owned and controlled. The Dept. is giving due consideration to the local bodies or private enterprises, whenever they come forward for taking up the electrification of some of the district towns. Such private enterprises will, however, be taken by the Government when the necessity of doing arises.

(4) What number of applications for electric connections are pending before the Department now?

Shri Mehdi Nawaz Jung (1) Applications for giving electrical connections to houses are registered in chronological order. (2) In the case of ordinary claims for house connections, there is no priority and the applications are disposed in the chronological order of registration. In cases where the applicant claims priority, owing to special reasons, the cases are referred to the Special Services Committee, constituted by the Government. The Secretary, Special Services Committee puts up such cases to the Committee for decision. The Committee meets periodically. The Special Services Committee has three representatives of the public with two official members and the Secretary, P.W.D. is the President of the Committee.

(3) The order of priority is decided by the Special Services Committee and is governed by rules.

(2) If it is so, will the hon. Minister be pleased to place on the table of this House the terms and conditions of such agencies?

Shri Vinayak Rao Vidyalankar (1) As already stated in respect of Starred Question No. 8, it is the intention to transfer the managing agency of Sirpur Paper Mills Ltd and Sirsilk Ltd, to a suitable firm of industrialists. The matter has been under negotiation for some time in consultation with the Government of India. It is, however, the intention to retain over 50% shares in these two industries and an effective voice in the management.

(2) It would not be in the public interest to disclose at this stage the terms on which the transfer of the managing agency are contemplated.

REPORTS ON INDUSTRIES

45 Shri L R Ganerwal Will the hon. Minister for Commerce and Industries be pleased to state

Whether the reports of Shri K.C. Wadia and Shri Kasturbhai on Hyderabad Industries will be placed on the table of the House?

Shri Vinayak Rao Vidyalankar Shri K.C. Wadia was appointed as a Special Officer to investigate the working of the concerns in which Government had large interests by way of shares of loans. The reports submitted by him dealt with certain irregularities found by internal audit. These have since been placed before the respective Board of Directors and necessary action taken. It would not be in the public interest to place this report on the table of the House.
As regards Shri Kasturbhai Lalbhai's Report, this Report was submitted not to the Hyderabad Government but to the Government of India. With the concurrence of the Government of India, certain general recommendations made by Shri Kasturbhai Lalbhai were released for publication some time ago and are now placed on the table.

SUMMARY

At the instance of the Ministry of States Shri Kasturbhai Lalbhai, a prominent Indian industrialist, visited Hyderabad last November and undertook a survey of the industrial concerns in Hyderabad in which the Government have a substantial financial interest with a view to the formulation of a co-ordinated policy and plan with regard to the management and development of these industries. Shri G. Swaminathan, Officer on Special Duty, Ministry of States, was associated with Shri Kasturbhai Lalbhai in this enquiry.

2. Shri Kasturbhai Lalbhai acquainted himself fully with the data collected and furnished to him by the States Ministry with the assistance of the Hyderabad Government, and accompanied by the Officers of the Hyderabad Government and representatives of the respective managements he then visited most of these factories between 17th and 29th November, 1950. He was greatly impressed by the number of industries which had sprung up in Hyderabad during the last 10 years and by the very wide field of industrial production they covered. While noting that unduly large amounts had been spent on some of the concerns he has expressed the opinion that these industries are likely to contribute very substantially to the overall economy of the State and are likely to serve as key industries in future.

3. The following are the more important general observations made by him on the industries in question and the assistance rendered by the State:

   (1) No definite principles seem to have been laid down by the State Government to determine the quantum and the manner of State assistance.

   (2) Disproportionately large amounts have been spent on buildings of industrial concerns with the result that many of the concerns are over-capitalised and suffering from shortage of further funds.

   (3) The stake of the Managing Agents has been small and they have not also been able to raise reasonable amounts to establish the concerns and run them.
4 Most of the concerns carried a considerable amount of redundant labour.

(4) His main recommendations on matters of policy are:

(1) With a view to regulating the financial assistance to industries properly, a State Industrial Finance Corporation should be set up as soon as the Government of India passes the necessary legislation for floating such Corporations. When that comes into being it will take over much of the financial interest in industries now vesting in the Industrial Trust Fund and State Government.

(2) The Industrial Trust Fund will be retained in a revised and truncated form to deal with the residuary functions.

(3) It would not be desirable for the Industrial Trust Fund to continue having direct responsibility for the Management of a large number of industrial concerns and that except in regard to public utility concerns, e.g., the Collieries, the general policy should be to transfer the managing agency to industrial firms of repute which are prepared to acquire a reasonable financial interest and can be relied upon to manage these industries successfully as also to arrange the gradual repayment of the amounts invested by the Government. However, as the Government may not be able to secure the services of the desired type of firms very easily within the near future they should endeavour to find competent men to attend to the business aspect of these concerns.

(4) In order to secure the advice on important projects and schemes the Government should appoint a consultative committee of top ranking industrialists and businessmen with the required experience in the industrial field.

(5) In regard to other concerns in which Government have an appreciable stake the Government should take steps to see that the managing agents are persons of competence who have adequate resources to raise requisite funds and who will also arrange for the gradual repayment of loans over a period of 5 to 10 years.

(6) In regard to the industries mentioned above in which the Government has a substantial financial interest but no direct control they should—

(a) have one or more nominees, but not more than three, serving on the Board of Directors of the Company;

(b) reserve to themselves the right to veto proposals of capital expenditure exceeding Rs. one lakh;
(c) require their prior approval for any proposal to borrow money from outside sources,
(d) have the right of conducting financial investigations and technical inspection, and
(e) in the case of concerns where their investment is large require that the key posts should be filled only with their concurrence.

5. Shri Kasturbhai Lalbhai's recommendations are under the consideration of Hyderabad Government.

SINGARENI COLLIERIES

46 Shri L R Ganeriwal Will the hon Minister for Commerce and Industries be pleased to state —

(1) the present daily production of the Singareni Collieries?
(2) The number of Managing Agents operating the Collieries, their terms and conditions?

Shri Vinayak Rao Vidyalkar (1) The present daily production of the three collieries belonging to the Singareni Collieries Co Ltd, is about 3,800 to 4,000 tons.

(2) There are no managing agents as such. The Industrial Trust Fund in its capacity as Secretaries to the Company manages the Collieries. The Industrial Trust Fund received 7/8th percent commission on the net profits of coal sold to Railway and other Government concerns and 1 1/2 percent on the net profit of all coal sold to the public plus a monthly allowance of 1.5 Rs. 4,500.

MONEY HELD BY THE LONDON BANK

12. Shri Virupakshappa (Shahpur) Will the hon Minister for Finance be pleased to state —

(1) Whether a sum of Rs. 2 crores and 29 lakhs belonging to the Hyderabad Government is being held by a London Bank?
(2) If so, for what purposes, the said sum is being so held?

Dr G S Melkote (1) A sum of Rs. 2 crores 29 lakhs belonging to the Hyderabad Government is held by some banks in London.

(2) This sum was originally transferred to London for meeting the capital and other requirements of Hyderabad Government. Later, however, Nawab Moin Nawaz Jung, the ex-Finance
Minister got the amounts transferred in his name. Appropriate legal action is being taken to recover the amount from him.

**FIVE YEAR PLAN**

13 Shri Virupakshappa Will the hon. Minister for Finance be pleased to state —

What amount is the Government of India contributing towards Five Year Development Plan for Agriculture vis-a-vis Hyderabad State?

Dr G S Melkote: The Government of India have not fixed any amount specifically as their contribution towards the five year Development Plan of Hyderabad State for agriculture. For the year 1952-53 however they have sanctioned a grant of I G Rs. 15,35,756 to meet 50% of the cost of approved Grow More Food Schemes. They have also sanctioned a loan of I.G. Rs. 35 lakhs in connection with the repairs of breached tanks during 1952-53 and have also expressed their willingness to grant a further loan of I G Rs. 15 lakhs provided Hyderabad Government also allot a sum of Rs 25 lakhs for this purpose.

18 Shri M. Buchiah Will the hon. Minister for Finance be pleased to state —

(2) If so, what is the total amount involved?

Dr G.S. Melkote: (1) No expenditure was incurred by the Hyderabad Government in connection with the Rajpramukh’s recent visit to Delhi.

(2) The question does not arise.

**CIVIL & MILITARY OFFICERS ON DEPUTATION**

22. Shri G. Sriramulu: Will the hon. Minister for Finance be pleased to state:

(1) What is the total number of Civil and Military Officers deputed from outside the State after Police Action?

(2) What is the expenditure incurred on them since Police Action?

Dr. G.S. Melkote

(1) The total number of Civil Gazetted Officers including police deputed from outside the State after Police Action was 271. No information is available regarding the Military Officers.

(2) The figures of expenditure incurred on them since the Police Action up to the end of March 1952 are not readily available.

(3) The expenditure on these officers during the year 1952-53 is estimated to be Rs 5.76 lakhs.

ROADS IN PARBHANI DISTRICT

29. Shri Shamrao Madhao Rao Naik (Hingoli-General)
Will the hon Minister for Public Works be pleased to state:

(1) Whether the Government are aware that the construction of roads from Hingoli to Aundha Naganath, from Lavy to Gangakhed and from Mantha to Jalna in Parbhani district started three years back has not been completed?

(2) If so, what are the reasons for such an inordinate delay in the execution of small road works?

Shri Mehdia Nawaz Jung

(1) Yes.

(2) Reasons for the delay incompletion of these road works are as below.

(a) Hingoli to Aundha Naganath Road, Parbhani District: This road was started in August 1947. Progress was hampered in the initial stages due to standing crop along the alignment and dispute about the alignment towards Aundh end. The unsettled conditions during 1948-49 and virulent outbreak of small-pox around the area during April and May 1949 resulted in the dislocation of work. There were also difficulties in procuring foodgrain for the labour in sufficient quantity at controlled rates.

(b) Gangakhed-Palam-Loha Road, Parbhani District: The work was started in January 1947. Unsettled conditions during 1948-49, local disturbance by unsocial elements which went to the extent of even looting the camp of the contractor and difficulty in procurement of foodgrains for
the labour in sufficient quantity at controlled rate contributed towards slow progress. The contractor demanded higher rates, which was rejected. Consequently the contract was cancelled. The work has now been resumed and in good progress.

(c) Jaina-Mantha Road, Parbhani District The work is situated in difficult area and there was no response to the call for tenders. Consequently the work was split up into two sections of six miles each. The progress in first section not being satisfactory, action is being taken for the termination of the contract and to call for fresh tenders. In the second section, progress is fairly good.

(5) The number of sources of irrigation that are still to be repaired or constructed.

Sir,

We have personally explained to you that the elections to the Railway Local Advisory Committee and the Senate of the Osmania University should be by proportional representation. The Constitution under which we are working makes this provision for various committees, and generally the rules are also on that basis. We are of opinion that that is the spirit of the Constitution, and we should be guided by that.

It is accepted on all hands that for proper functioning of democracy, and for representation to all views, parties and groups, proportional representation is the best method. Moreover, we have tried it with success.

We, therefore, request you to have the elections by proportional representation.

Your faithfully,

Dated 12-6-1952.

Mr Speaker The Question is : That L.A Bill No VIII of 1952 : A Bill to amend the Hyderabad City Police Act, IX of 1948 F. be read a first time

The motion was adopted.

Mr Speaker The question is:

That L.A Bill No. VIII of 1952 : A Bill to amend the Hyderabad City Police Act, IX of 1948 F. be read a second time.

Shri D G Bindu Mr Speaker, Sir, I beg to move that L.A Bill No VIII of 1952 : A Bill to amend the Hyderabad City Police Act, IX of 1948 F. be read a second time.

Shri B. D Deshmukh Mr Speaker, Sir, I want to move amendments to the L. A Bill No. VIII of 1952. My first amendment is to omit clause 2 and my second amendment is to re-number clause 3 as clause 2.

Amendment No 2 is to omit the words 'public place or'

I think all the amendments can be taken up and discussed at the same time.

Shri V. D. Deshpande Amendment No 2 is not moved.
Sir Ananth Reddy  I am moving the amendment.

Mr Speaker, Sir, I beg to move

"That in line 4 of clause 2, omit the words 'public place or'."

Mr Speaker  All the three amendments are moved

Shri Ray Reddy Point of Order, Sir According to Section 96 of the Provisional Rules of the Hyderabad Legislative Assembly, after a motion has been agreed to by the Assembly that a Bill be read a second time, the Speaker shall submit the Bill to the Assembly clause by clause According to this rule, when the motion for the second reading of the Bill is moved by the Member in charge, before we proceed to discuss clause by clause or before any amendment is moved, I think the motion has to be agreed to by the Assembly That is what Section 96 says

Mr Speaker  I said the motion for the second reading of the Bill is moved

Shri Ray Reddy  "After the motion has been agreed to by the Assembly," What does it mean?

Mr Speaker  I do not follow your point.

Shri Ray Reddy  The motion was moved for a second Reading. After that, without asking the House whether it agrees to the motion or not, the amendments were moved What I want to know is whether that can be done in view of Section 96.

Mr Speaker  After the first reading, I put that motion to the House Similarly, the motion for second reading was put. But in fact what happened was that amendments were immediately moved. So I took that the House has agreed to the motion. Now, there shall be general discussion Of course, general discussion means discussion regarding amendments.
