Retrenchment of Additional Collectors

88. Shri A. Raja Reddy Will the hon. Minister for Revenue be pleased to state:

Whether the Government intend to retrench immediately the posts of Additional Collectors in the districts?

Shri. B Ramakrishan Rao There are only four Additional Collectors at present, working at Warangal, Khammameth, Karimnagar and Raichur. The post of Additional Collector, Khammameth has been created specially, because, otherwise the work would have been very heavy for one Collector to manage. The other three posts of Additional Collectors will be retrenched as soon as the Civil Team Officers are repatriated to their parent states. The posts of Additional Collectors will continue or expected to continue at least till the end of March, 1953.
Mr Speaker This question relates to Additional Collectors and not to Secretaries.

Shri Phoolchand Gandhi These recommendations, submitted by the Board of three members were revised in May 1952. As a result of the decision of the Government, grants to some of the institutions were totally stopped, to others they were continued at reduced figures and in some cases the previous grants were continued in full. Grants-in-aid to 180 institutions consisting mainly of institutions and individuals outside Hyderabad were stopped resulting in a saving of 1 lakh Rs 2,03,182 and O.S. Rs. 5,87,396, per annum. Grants to 9 institutions were continued at reduced figures resulting in a saving of 1 lakh Rs 25,500 and O.S. Rs 51,200 per annum. The total savings to the public exchequer on account of this revision, is 4 lakhs per annum.

Shri Phoolchand Gandhi A questionnaire has been framed to find out the history and working of all these institutions. The questionnaire has been sent to all the Collectors as well as to the institutions that are receiving the grants. 41 institutions have so far furnished the necessary data and 28 institutions have still to furnish the required information. The received data is being scrutinized and compiled and a further review of these grants will be taken up by the Board.
Mr. Speaker: We have only three minutes left for questions. Let us proceed to the next question, Shri G. Hanumantha Rao.

Shri V. D. Deshpande: Our eyes are dazzled.

Our eyes are dazzled by the figures presented by the Government. In spite of the fact that we are told that there is a deficit, there is an increase in expenditure which is not balanced by a corresponding increase in revenue. The gap between expenditure and revenue has widened. This was not the case in the past. The deficit has increased. This is evident from the figures presented.

The proposal to make up the deficit by increasing the sales tax and theexcise duties is not acceptable to us. We believe in financial integrity, and we do not believe in borrowing to finance the deficit. We believe in balancing the budget by increasing revenue and cutting down expenditure.

We are, therefore, opposed to the proposal to increase the taxes. We suggest that the Government should look for other sources of revenue. They could, for example, look at the possibility of increasing the taxes on luxury goods.

In conclusion, we believe that the Government should be more careful in presenting the budget figures. They should not present figures that do not correspond to the实际情况.

Corruption is the order of the day

"Corruption is the order of the day"

The situation described in the text appears to be about the state of corruption in society. The text uses examples and quotations to emphasize the prevalence of corruption.

"I have no sceptre but I have a pen"

This phrase is attributed to Voltaire, reflecting a romantic notion that writers can wield their pens as a form of authority and influence.
