HYDERABAD LEGISLATIVE ASSEMBLY

Thursday, 26th June 1952

(Twelfth day of the Second Session)

The House met at Two of the Clock.

[Mr. Speaker in the Chair]

Starred Questions and Answers

Mr. Speaker. Let us proceed with questions. Shri G. Hanumantha Rao.

Finance Department Staff

1. Whether he will lay on the table of the House a statement showing the number and set-up of the Gazetted staff of the Finance Department?

2. Whether it is a fact that the Finance Department is overstaffed as compared with not only other Departments of the Government but also the neighbouring States whose revenues are much larger and work is more involved, leading to superfluity, redundancy and wastefulness?

3. Whether the Government intends taking immediate action to cut down the superfluous staff in the Finance Department and prevent unnecessary waste?

The Minister for Finance (Dr. G. S. Melkoie): (1) Yes. The set-up of the Gazetted staff in the Finance Department is as follows:

<table>
<thead>
<tr>
<th>Officers</th>
<th>Permanent</th>
<th>Temporary</th>
</tr>
</thead>
<tbody>
<tr>
<td>Secretary</td>
<td>1</td>
<td></td>
</tr>
<tr>
<td>Joint Secretary</td>
<td>1</td>
<td></td>
</tr>
<tr>
<td>Deputy Secretaries</td>
<td>3</td>
<td>1 (in-charge of Supply Fin.Br.)</td>
</tr>
<tr>
<td>Asst. Secretaries</td>
<td>9</td>
<td>2 (in-charge of Supply Fin.Br.)</td>
</tr>
<tr>
<td>Asst. Secretary in charge of the Central Accounts Section for all the Depts. of the Sect.</td>
<td>1</td>
<td></td>
</tr>
<tr>
<td>Registrar</td>
<td>1</td>
<td></td>
</tr>
</tbody>
</table>
The Gazetted staff is in accordance with the recommendations of Khan Saheb Joshi, who was specially invited by the Hyderabad Government after Police Action for examination, and advice regarding, the staff requirements of the various Departments of the Secretariat.

The Central Accounts Section is in charge of an Asst. Secretary, which is a recent creation after the Government had an occasion to consider the Economy Committee Report. In this Section, the accounts matters and disbursements relating to all the Departments of the Secretariat are dealt with. This has resulted in considerable economy.

There is also an officer of the status of an Asst. Secretary on deputation from the Bombay Government who has been placed in charge of the Codification Branch. This post is temporary and is tenable up to the end of March 1953.

(2) The apparent increase in the staff in the Finance Department here is due to the fact that there are several functions entrusted to the Finance Department here which are not ordinarily discharged by its counter-parts in other State Governments; for example, Administration of sales-tax, Agricultural Income-tax, Customs, District Treasuries, Stamps Manufacture, control of Accounts officers attached to various Departments of Government, Management of currency on behalf of the Government of India. In addition to this there is the special work relating to Cash Grants (Atiyat) and hereditary Nizam posts. This list is not exhaustive but is only illustrative. In view of this large list of extraneous work which is done by the Finance Department here, it would not be correct to compare the staff here with that of other State Governments.

(8) In the Estimates Committee, certain Members had expressed the view that the Finance Department was overstaffed. In order to satisfy myself, I had asked the Financial Councillor to advise us as to to what extent there was excess staff in the Finance Department. I have just received his comments and I am examining them.

Dr. G. S. Melkote: I require notice, Sir.

Dr. G. S. Melkote: I require notice, Sir.
Starred Questions and Answers

26th June, 1952.

Shri V D Deshpande (Ippaguda). Is the hon Finance Minister aware that in the Economy Committee Report, Shri Gorwalla had made an observation that the Departmental Heads or the Secretaries were working something like superheads and there is no proper distribution of work and that is the reason why there is excess staff?

Dr. G. S. Melkote. I am aware of it. I have requested the Financial Adviser to look into the matter and he has furnished me with his comments. I am examining them.

Mr. Speaker Next question, Shri G. Hanumanth Rao.

Financial Sanctions

*127 Shri G Hanumantha Rao Will the hon Minister for Finance be pleased to state—

(1) Whether there is any system by which all orders passed by the Finance Department in his name involving financial sanctions are brought to his notice?

(2) If not, whether he intends to institute such system to rectify the defect to ensure close check of all the Financial commitments sanctioned by the Finance Department?

Dr. G. S. Melkote. (1) Yes.

(2) Does not arise.

Unstarred Questions and Answers

Permits for Iron and Steel

74. Shri L. R. Ganerwal (Ramayanpeth). Will the hon. Minister for Public Works be pleased to state—

(1) Whether any applications for permits for iron and steel were pending when the January quota was released?

(2) If so, the number of such applications?

(3) Whether it is a fact that the stock of iron and steel released was not issued to the applicants whose applications were pending?

(4) Who was responsible for the release order?

(5) Whether the list of pending applications and stock position of iron and steel with the merchants were submitted to the hon. Minister or the Secretary of the Department before the release order was issued?
(6) If not, for what reasons?

(7) Whether it is a fact that stocks of iron and steel were accumulated with the stockists in spite of the fact that many applications for permit were pending?

(8) If so, whether the Government made an attempt to enquire the reasons for the same?

(9) Whether it is a fact that the stockists refused to sell the stock before the issue of the release order?

(10) If so, what action has been taken against them?

(11) What steps do the Government intend taking to prevent such occurrences in future?

(The Minister for Public Works Shri Mehdi Nawaz Jung): (1) The question is based on a misapprehension. It was not the January Quota which was released for free sale. It was the stock belonging to the period prior to 1-1-1952 and lying with the stockists that was released for free sale by the Government of India.

(2) 478 applications were pending in Public Section (as per statement 'A' attached) when the pre-January stock was released.

(3) No applications were pending for the iron and steel of the sizes and categories available in the pre-January stock released for the free sale.

(5) This question does not arise as the Free Sale Order was issued by the Government of India.

(6) This question does not arise for the reason stated in reply to part (5) of the question.

(7) The accumulated stocks with the stockists mainly consisted of categories and sizes for which either there was no demand by public and other indentors or those that were lapsed and were lying with the stockists from uncashed permits.

(8) There was no necessity in view of the reply to part (7) of the question.

(9) There were no such refusals.

(10) and (11) In view of the answer to part 9 of the question, no need for any action arises.

Demands for Grants

26th June, 1952

Bhutanese Government has been advised to submit demands for grants to the Government of India for the financial year 1952-53. In this regard, the Public Health Officers have been instructed to prepare detailed estimates of the costs involved in implementing various public health schemes. The estimates will be submitted to the Public Health Department for final approval.

The following schemes have been identified for funding:

1. Improvement of Water Supply System
2. Construction of Sanitation Facilities
3. Expansion of Medical Services
4. Training of Health Workers

The estimated costs for each scheme are as follows:

1. Water Supply Improvement: Rs. 50,000
2. Sanitation Construction: Rs. 30,000
3. Medical Services Expansion: Rs. 40,000
4. Health Worker Training: Rs. 20,000

Total Estimated Cost: Rs. 140,000

The Government of India is requested to consider these demands and provide the necessary funding to ensure the implementation of these schemes.

Demands for Grants

Inefficiency in various departments of the revenue department is a concern. The process of collecting revenue is slow and cumbersome, leading to delays in payments. This inefficiency results in lost revenues and increases in administrative costs.

The need for grants is urgent. The funds are required to address the inefficiencies and improve the revenue collection process. The government is seeking a grant to cover the costs associated with these improvements.

Revenue Receipts

- Contingencies
- Poor Box
- Other grants

A detailed proposal will be submitted outlining the specific needs and the expected outcomes of the grant. The government is committed to utilizing these funds effectively to enhance revenue collection and improve overall efficiency.

A number of instances have been reported in the last few years of the spread of various diseases in different parts of the country. These include cholera, smallpox, malaria, and several other infectious diseases. The government has taken several measures to control these diseases and has requested grants for the implementation of these measures.

Cholera

- The government has initiated various measures to control cholera, including the provision of clean water and proper sanitation facilities.
- Grants are requested for the construction of water purification plants and the improvement of sewage treatment systems.

Anti-Malaria

- The government has launched a campaign to control malaria, with a focus on the distribution of mosquito nets and the provision of insecticides.
- Grants are requested for the construction of malaria treatment centers and the provision of medical supplies.

Anti-SmallPox

- The government has initiated a vaccination program to control smallpox, with a focus on the provision of vaccines and the training of health workers.
- Grants are requested for the purchase of vaccines and the provision of training materials.

Positive

- The government has initiated a program to promote positive thinking and healthy lifestyles, with a focus on the provision of health education materials and the training of health workers.
- Grants are requested for the purchase of health education materials and the provision of training materials.

Kabir University

- The university has requested grants for the construction of new facilities and the provision of educational resources.
- Grants are requested for the purchase of educational materials and the provision of training materials.

In summary, the government has requested grants for the implementation of various measures to control various diseases and promote healthy lifestyles. These grants are essential for the success of these programs and will help to improve the health of the population.
Demands for Grants 26th June, 1952.

As of late, issues of grants have come to the forefront in the political arena. It is believed that such funds could serve as a catalyst for various projects and infrastructural developments. However, the allocation of these resources often faces opposition from multiple quarters, including those who are opposed to the concept of granting aid.

The political discourse surrounding grants has sparked debates about the merits of such funds. While proponents argue that grants are essential for economic growth and development, critics highlight the potential for mismanagement and corruption. It is crucial for policymakers to balance these concerns and ensure that grant funds are used effectively to benefit the public.

In conclusion, the demand for grants continues to be a significant topic in contemporary politics. It remains to be seen how these funds will be allocated and utilized in the future.

Mr Speaker: I looked for the hon. Member in his usual place, but did not find him there. I looked at the place where he is now sitting and he was not to be found there also. Of course, he is entitled to speak, but he was not to be found.

Mr. Hanumantha Rao: No, Sir. I stood up three times.

Mr Speaker: Hon. Minister for Education.

107 students were sent to Europe, America and other Places. Out of these, 45 were sent to England, 55 to America and the rest to other countries. 83 scholars have returned out of whom, 8 have not been provided with suitable posts, although 3 lakhs of rupees had been spent on them. 9 failed in the examinations there.

39 persons were sent on deputation to England, America and Egypt. 2 lakhs were spent on them. 18 deputationists have since migrated from Hyderabad. 8 lakhs of rupees were spent on them.
My figures regarding the State Scholarships were based on a report furnished to us by the Government.

I would still submit that the figures are wrong. The Member has perhaps quoted figures pertaining to some other year and not to the present one, on which the Budget is based.

That is not my contention. I only said that it was a major language.

Shri Phoolchand Gandhi: It is not even a minor language of the State. I wish to say that.

(Laughter from Treasury Benches)

Shri V D. Deshpande: The hon. Minister can say that.

Shri Phoolchand Gandhi: I am saying that with conviction.

The control of Government over the University, which is an autonomous body, consists mainly in the following directions:

1. The Budget of the University is approved by the Government in its final stages when it is scrutinised by the University.

2. The Vice-Chancellor is appointed by the Government.
Three members are nominated by the Government on the Academic Council of the University

The Treasurer is appointed by the Finance Department of the Government of Hyderabad

Will the hon Minister clarify whether he means to say that the Government of Hyderabad is helpless in introducing any education policy in the Hyderabad University?

Shri Phoolchand Gandhi: I do not understand these vague words. The educational policy conducted by the University is never accepted by the Education Minister of the Government of Hyderabad.

Who guides the language policy of the University?

Shri Phoolchand Gandhi: Is it necessary to answer this? Did not the four points mentioned by me clarify this?

Mr Speaker: The hon. Minister need not answer all these questions

Shri Phoolchand Gandhi: The hon. Member should be asked not to interrupt me

Dr. [Name]

Dear Sir,

I am writing to express my concern regarding the current funding situation. The recent developments in the field of [specific field] have highlighted the need for increased financial support. As you are aware, the [name of institution] has been at the forefront of [specific activities] and has made significant contributions to [specific areas].

However, the current funding levels are insufficient to meet the demands of the research community. The recent [name of conference] emphasized the critical need for additional funding to support [specific programs]. I am confident that [name of institution] can play a leading role in addressing these challenges.

I would be grateful if you could consider increasing the funding allocation for [specific areas]. This would enable us to continue our [specific activities] and further our research efforts. I would be happy to discuss this matter in more detail at your earliest convenience.

Thank you for your time and consideration.

Sincerely,

[Your Name]

Dr. [Name]

Mr. Speaker: No story please.

The Colonial Policy is an insatiable devourer. It is time that we demanded a budget that is not self-sufficient (Self-Sufficient) but also self-sustaining. We need a policy that is not only efficient but also effective. The Colonial Policy is a burden on the taxpayer, and it is time that we demanded a policy that is not just self-sufficient but also self-sustaining.
Shri Vinayak Rao Vidyalankar His Cut-Motion is only for maladministration, I think.

Shri S. J. Vidyarthi, etc., etc.—Mr. Scudder has not been a member of the Council.

Demands for Grants

In the light of the submission by Mr. A. B. G.所做的，the Department of Education has received a request for financial assistance to undertake a new project for improving the educational facilities in the region. The project includes the construction of new classrooms, the purchase of educational materials, and the training of teachers.

The Department of Education is in agreement with the proposal and has approved the project. However, due to the current financial situation, the Department is unable to provide the full amount requested. Therefore, it is requested that the government consider providing a partial funding to support this important initiative.

Sincerely,

Nationalisation

The vitiated atmosphere of nationalisation has been a major factor in the recent economic crisis. While the government has been working hard to ensure the顺利ness of the transition, there are still some concerns about the impact on the economy. Despite the challenges, the government remains committed to the goal of nationalisation.

The government has been working with various stakeholders to ensure a smooth transition. This includes working with the banks to ensure that they are well-prepared for the changes. Additionally, the government has been working with the private sector to ensure that they are also prepared for the changes.

Overall, the government remains committed to the goal of nationalisation and is working hard to ensure a successful transition.
अगर आप किसी विक्रेता मालिक हो और मजबूर रखकर काम करते हो तो मालूम होंगा कि आप दी लें (Loan देता) है। लेकिन अगर यही हो तो बाजार में बाजा आये और बाजार का समय काफी अधिक है।

बैंक और बॉर्डरी जैसे विक्रेता को पॉशियल के मुकाबले यह कम अथूनिटिक विश्वास करता है। अन्यथा अगर बाजार में मालूम होता है कि कई विक्रेता अर्थात नया बीमा लेते हैं और जब तक कि दोषी हैं तब तक वे अपने मुकाबले का आदेश नहीं करते हैं।

बौद्धिक की दृष्टि से यह पुरस्कार जाता है कि अनेक मजबूती के सबसे सूक्ष्म मुद्दों से सम्बन्धित होता है। इसकी बजाय विश्वास करना उसके लिए भी फायदेमंद है।

बैंक ही के हिस्से में आपके बिमा सम्बन्धी के योजना की लघुत्व नहीं है। इसी के बजाय उन्हें अन्य विक्रेता के साथ अपनी भूमिका निभाने का प्रयास करना है।
