HYDERABAD LEGISLATIVE ASSEMBLY

FRIDAY, 27TH JUNE, 1952

(Thirteenth day of the Second Session)

The Assembly met at Two of the Clock

[Mr Speaker in the Chair]

Starred Questions and Answers

Mr. Speaker Let us take up questions

Appointments

Mr. Hanumant Rao (Mulug): Will the hon. the Chief Minister be pleased to state —

(a) Whether any non-mulkies have been appointed permanently in Government service after Police Action on posts (other than those advertised by Public Service Commission)?

(b) If so, the number so employed, with their names, qualifications, and the States from which they have been taken.

(c) The reasons for such appointments.

The Chief Minister (Shri B Ramkrishna Rao) With regard to (a) A list has been prepared and has been placed on the table of the House. As the list happens to be a long one, it is not easy for me to mention all the names or give the number and hence the list has been placed on the table of the House. The names of the persons and also the States from which they were recruited and their qualifications have also been given. With regard to the reasons for their appointment, in most of the cases exemptions from Mulki-bar were given on account of the introduction of the regional languages as the media of instruction in schools. Qualified hands were not available locally. Similarly in the Technical and Vocational Education Department, certain Headmasters and technical teachers had to be appointed from among non-mulkies, as suitably qualified technical personnel with requisite practical experience could not be found among Mulkies. This is the reason with regard to the 44 people who were
recruited in the Office of the Director of Public Instruction, and the 40 people who were recruited in the Office of the Special Officer for Technical Education. In the list that has been supplied, certain reasons have been given as to why to those particular posts, non-mulkies were appointed. I will refer the hon Member who has put the question to the list which has been prepared and I shall, if necessary, supply him with the list.

Shri V. D Deshpande (Ippaguda) Atleast the House may be informed as to how many outsiders have been taken in each Department. It might be difficult to read the names as such, but hon the Chief Minister may give the total number, as he has done in the case of the Education Department. If an idea is given, it may help us to understand the situation.

Shri B Ramkrishna Rao I can state for the information of the House that the following non-Mulkies were appointed:

<table>
<thead>
<tr>

</tr>
</tbody>
</table>

Shri Pratapa Reddy (Wanaparthy): If suitable persons were not available locally, could not non-mulkies be appointed only on a temporary basis?

Shri B. Ramkrishna Rao I can assure the House that the appointment of non-mulkies in such large numbers has taken place as a result of the unsettled conditions soon after Police Action. A large number of Policemen were recruited to the Police Department from among non-mulkies under the stress of circumstances.
So far as the other Departments are concerned the Education Department adopted a policy of changing the media of instruction from Urdu to the regional languages, namely Telugu, Marathi and Kanarese. A large number of teachers who knew the regional languages sufficiently well to discharge their duties were required. It was not possible, for the primary implementation of this policy, to recruit sufficient number of local people, who were fit to discharge their duties. It is true that many local people, who were found to be fit, were also recruited, but as the required number was not obtainable locally, recourse had to be had to the appointment of non-mulkies.

Similarly, in the Agricultural Department also, lots of Agricultural Assistants and others had to be recruited from outside, because locally qualified people were not obtainable. As I already said, in the Police Department recruitment was done under the stress of circumstances and as a new constabulary had to be created, lots of people from the neighbouring province of Madras and few other people from other provinces had to be recruited. A little over 3 thousand—8,111—persons have been recruited from Madras State. I can assure the House that attempts have always been made and are even now being made, wherever possible, to see that persons who were appointed on temporary posts, unless their services are necessary, are being replaced by persons who are qualified and efficient Mulkies. But the same is not the case with the others, because once having appointed them permanently, it is probably difficult to discharge them simply because they were non-mulkies. In most cases exemption from Mulki-bar have already been obtained, because it was necessary to do so at the time of their appointments. Their appointments having thus been regularised, it would not be possible to think of discharging them from the Service or otherwise reducing their service securities.

2 from Punjab
4 from East Punjab
2 from Junagad
1 Displaced
64 not known
2 from West Punjab

in spite of the best efforts of all the Police Officers and leading non-officials the Govt ordered the relaxation of Mulki Rules for recruitment to the non-gazetted Executive service.
Mr. Speaker: We have spent about 23 minutes over this question. We shall now proceed to the next question. Shri G. Hanumantha Rao.

*101. Shri G. Hanumantha Rao Will the hon the Chief Minister be pleased to state:

(a) whether it is a fact that non-mulkies were allowed to appear for H. A S and H. P S examinations?
(b) if so, for what reasons?
(c) whether knowledge of one of the regional languages was prescribed as an essential qualification?
(d) if not, why such a qualification was prescribed for Tahsildars' examination?

Shri B. Ramakrishnarao Those non-mulkies who were already in Government service and who were exempted from the Mulki-Bar were allowed to appear at the H. A. S. and H. P. S. examinations. This is the answer to both (a) & (b).

(c) Answer to this is in the negative

(d) This Government merely followed the practice that has been in vogue in the past. So far as Tahsildars' Examinations are concerned, the knowledge of regional languages was a pre-requisite from the very beginning and that rule was followed in the case of Tahsildars examinations, but as H. A S and H P S examinations were newly organised after the Police Action and as there was no such condition prescribed by the Government of India, examinations were held and non-mulkies who were already exempted from the Mulki-Bar were allowed to appear, without the qualification of knowledge of regional languages

Shri J B. Mutyal Rao: I would request the hon. the Chief Minister to answer in Hindusthani.

Shri b. Ramakrishnarao: I can answer in any of the languages.

Mr. Speaker.: We shall proceed to the next question.

*102. Shri G Hanumantharao. Will the hon. the Chief Minister be pleased to state:—

(a) whether an official whose permanent post was that of a 1st grade in the Berar Agency Office is now an Assistant Secretary holding Class 1 post in the General Administration Department?
(b) was there a protest against this appointment in the 'Deccan Chronicle' dated 18-5-1951?

(c) whether the said officer is still continuing as Assistant Secretary, though he does not hold any substantive post in any other department?

(d) whether it is a fact that the Public Service Commission has protested against the appointment of this Officer in their report for the year 1950-1951?

(e) whether the Government intends to confirm him and if so, for what reasons?
Rape By Police

Mr. Speaker:—This question is not allowed.

Let us proceed to the next question. Question No. 74

Shri A. Raja Reddy:—Will the hon. Minister for Home be pleased to state:

(1) whether any cases of rape by Police have come to the notice of the Government during the last two years?

(2) the number of such cases pending in Courts?

Mr. Speaker:—This question is not allowed.
Mr. Speaker: Next Question, Shri A. Raja Reddy.

Retrenched Police and Military Men.

*116 A. Shri A Raja Reddy: Will the hon. Minister for Home be pleased to state:—

why retrenched policemen and military men are not being recruited to the police ranks and non-mulkies are being imported in large numbers to the utter jeopardy of mulki interest?

UNSTARRED QUESTIONS & ANSWERS

Petitions.

79 Shri G. Sriramulu (Manthani): Will the hon. the Chief Minister be pleased to state—

1. Whether he is aware that the practice of acknowledging receipts of letters or petitions is not being observed and in some cases is being completely avoided?

2. What steps do the Government intend taking to enforce such communication being sent to the parties by the departments concerned?

Shri B. Ramakrishna Rao: (1) The practice of acknowledging receipt of letters or petitions has not been avoided completely as suggested in the question. It has, however, been found that it is impossible to acknowledge receipt of the very large number of applications received every day. The Government feel that it would be an unnecessary waste of postage for which little provision is made in the Budget. The petitions are, therefore, endorsed and forwarded to the authorities who deal with them and take action.

(2) Government consider that communications can be sent to the parties where found necessary and they are being sent in suitable cases. No further steps are considered necessary.

R. T. D. Employees

36. Shri M. S. Rajalingam (Warangal): Will the hon. Minister for Home be pleased to state—

Whether Government have implemented or propose to implement to any extent the recommendations of

(i) the Equation Committee of the Central Services Commission,

(ii) Adjudication Committee of the Government of India,

(iii) The Liberalised Leave Rules in regard to the demands of the R.T.D. employees?

Shri Digambar Rao Bindu: (i) Yes, in full with effect from the 1st November, 1931, in the case of all the employees in service on the 6th April, 1952.

(ii) No.

(iii) No.
50. Shri K. V. Narayan Reddy: Will the hon. Minister for Home be pleased to state —

(a) On what principles temporary Magistrates are being appointed?

(b) Whether method of temporary appointment ensures efficiency in the said posts?

Shri Digambar Rao Bindu: (a) Candidates for the posts of Munsiff-Magistrates have been selected by the High Court after holding competitive examination in conformity with the Rules and a list of such candidates has been prepared and sent to the Government. These candidates are kept on the waiting list and, as and when vacancies occur, they are appointed to the posts of Munsiff-Magistrates.

(b) As the candidates have been selected as above after examination and in conformity with the Rules, they are presumed to be efficient.

51. Shri K. V. Narayan Reddy: Will the hon. Minister for Home be pleased to state —

(a) Whether any decision has been taken regarding the method of future recruitment to the posts of Munsiff-Magistrates?

(b) Whether the recruitment of the said posts will be made through the Public Service Commission?

Shri Digambar Rao Bindu: (a) and (b). Instead of the old and existing rules, a draft of new rules being 'Judicial Service Rules, 1952' for the appointment of candidates to the subordinate Judicial Service is under consideration of Government.

Appointment of the High Court Judge

78. Shri K. Venkat Rama Rao (Chinnakondur): Will the hon. Minister for Home be pleased to state:—

(i) Is it a fact that Shri Pingle Jaganmohan Reddy who has been appointed a Judge of the Hyderabad High Court has put in about 8 years' judicial service?

(ii) Was this fact brought to the notice of the President of the Republic by the Rajpramukh in his Recommendation under Article 217 of the Constitution?
Shri D. G. Bindi Shri Justice Pingle Jaganmohan Reddy was appointed directly from the Bar in the Legal Department on the post of Deputy Secretary in the grade of OS Rs 1,000-1,400 (Sessions Judge's cadre) on 9-9-1946 which is borne on the judicial service. He was elevated to the Bench for the first time on 26th February, 1948 from the High Court he was reverted to the post of Deputy Secretary, Legal Department, on 16th November, 1948. He was posted as Sessions Judge, Secunderabad, on 23-2-1950 from the Legal Department. He had been working in that capacity till his present elevation to the Bench on 16-2-1952. Prior to his first appointment as Deputy Secretary in the Legal Department, he had a practice at the Bar for 11 years.

(2) In view of answer to (1) above, the question does not arise.

City Improvement Board

85. Shrimati S Lakshmi Bai (Banswada): Will the hon. Minister for Local Self-Government be pleased to state:—

(i) the number of houses constructed by the City Improvement Board so far?

(ii) What is the expenditure incurred on their construction?

(iii) Whether the Government intend to construct more houses?

(iv) If so, what are the sources for raising funds for their construction?

Minister for Local Self-Government (Shri Anna Rao Gananmukhi) 1 The City Improvement Board has so far constructed 4,825 houses.

(2) The total expenditure incurred so far is Rs. 70,43,058

(3) Yes.

(4) The cost of construction is proposed to be met from the sale proceeds of the City Improvement Board buildings and City Improvement Board lands now being sold as also from the annual grant given by the Government.

City Improvement Blocks

86. Shrimati S. Lakshmi Bai: Will the hon. Minister for Local Self-Government be pleased to state:

(1) Whether it is a fact that the City Improvement Blocks are to be sold to the tenants?
(2) If so, what, if any, are the conditions of the sale?

(3) Whether any concession will be shown to the tenants who have lived in these blocks for a long period and have been paying rent regularly?

(4) What is the estimated cost of the different kinds of blocks for sale?

(5) Whether any depreciation will be allowed in fixing the sale price, taking into consideration the rent paid by the tenants and the life of the building?

Shri Anna Rao Ganamukhi: (1) Yes.

(2) The conditions of sale have not yet been finalised, and are under Government’s consideration.

(3) Authorised tenants will be given first preference to purchase the houses in which they are living.

(4) The estimated cost of the different types of houses for sale is shown in the attached statement.

(5) Depreciation will be allowed in fixing the sale-price depending on the estimated life of the building and its present age. The rent paid by the tenant is not being taken into consideration in fixing the sale-price.

Mr. Speaker: There is a notice of one adjournment motion given by Shri K. Venkataramarao, which reads —

"I hereby give notice of my intention to move the following adjournment motion, for the purpose of discussing a definite matter of urgent public importance, viz.

That one day before the polling for Municipal Election in Nalgonda, i.e., on 22-6-52, the Police and H S R P. forces openly supported the Congress workers; both jointly attacked the P D F Office, attacked and injured the Secretary of the P D F and broke the head of one Shri Veerareddy. The Police officials were within a distance of one furlong when these incidents took place, but they did not take any steps to restore order."

27th June, 1952

Business of the House

If the local P.D.F workers have any representation to make, myself and the D.S.P. are on the spot to see that impartial elections are conducted. There is no truth in the contents of the telegram. Parties are freely canvassing without any hindrance.

Shri M. S. Rajalingam: It is the inference of the hon. Member that the Home Minister is a party to the incident?
Demands for Grants

Mr. Speaker Now, cut motions are to be moved.

Demand No 11 Other Revenue Expenditure Financed from ordinary Revenue works for which No Capital Accounts are kept—Rs 52,82,000

Shri K. V. Narayan Reddy · Speaker, Sir, I beg to move:

"That the demand under the head 'Other Revenue Expenditure financed from Ordinary Revenue Works for which no Capital Accounts are kept' be reduced by Rs. 100, to impress upon the Government the dire necessity for the proper maintenance and improvements of irrigation tanks in Siddipet taluqa."

Mr. Speaker Motion moved:

"That the demand under the head 'Other Revenue Expenditure financed from Ordinary Revenue Works for which no Capital Accounts are kept' be reduced by Rs. 100, to impress upon the Government the dire necessity for the proper maintenance and improvements of irrigation tanks in Siddipet taluqa."

Shri K Ram Reddy · Speaker, Sir, I beg to move:

"That the demand under the head 'Other Revenue Expenditure financed from Ordinary Revenue Works for which no Capital Accounts are kept' be reduced by Re. 1, to discuss the policy regarding the maintenance and repairs of tanks."

Mr Speaker: Motion moved:

"That the demand under the head 'Other Revenue Expenditure financed from Ordinary Revenue Works for which no Capital Accounts are kept' be reduced by Re. 1, to discuss the policy regarding the maintenance and repairs of tanks."

8
Shri G. Rajaram (Armoor) Speaker, Sir, I beg to move:

"That the demand under the head 'Works & Establishment' be reduced by Rs 10,00,000, to discuss Economy—by abolishing contract system."

Mr. Speaker Motion moved

"That the demand under the head 'Works & Establishment' be reduced by Rs. 10,00,000, to discuss Economy—by abolishing contract system."

Demand No. 89—Construction of Irrigation, etc, Works—Rs. 8,79,81,000.

Shri G. Raja Ram Speaker, Sir, I beg to move:

"That the demand under the head 'Construction of Irrigation, etc., Works' be reduced by Rs 5, to discuss checking of maladministration."

Mr. Speaker Motion moved.

"That the demand under the head 'Construction of Irrigation, etc., Works' be reduced by Rs. 5, to discuss checking of maladministration."

Shri A. Ray Reddy Speaker, Sir, I beg to move:

"That the demand under the head 'Construction of Irrigation, etc., Works' be reduced by Re 1, to discuss the policy and working of irrigation works."

Mr Speaker What is the particular grievance?

Shri A. Ray Reddy The policy and working of the bigger irrigation projects, Sir.

Mr Speaker Motion moved.

"That the demand under the head 'Construction of Irrigation etc., Works' be reduced by Re. 1, to discuss the policy and working of bigger irrigation works."

Demand No. 91.—Capital outlay on Multi-purpose River Schemes—Rs. 98,04,000.

Shri K. Ram Reddy Speaker, Sir, I beg to move:

"That the demand under the head 'Capital outlay on Multi-purpose River Schemes' be reduced by Re. 1, to discuss the policy regarding multi-purpose river schemes."
Mr. Speaker —Motion moved

"That the demand under the head 'Capital Outlay on multi-purpose River Schemes' be reduced by Re 1, to discuss the policy regarding multi-purpose river schemes"

Demand No. 11 —Other Revenue Expenditure financed from ordinary Revenue Works for which no capital accounts are kept.

Shri Shamrao Naik (Hingol-General) —Speaker, Sir, I beg to move. "That the demand under the head 'Other Revenue Expenditure financed from ordinary Revenue Works for which no capital accounts are kept be reduced by Re 1, to discuss the policy regarding the maintenance and repairs of tanks in general".

Mr. Speaker :—Motion moved:

"That the demand under the head 'Other Revenue Expenditure financed from ordinary Revenue Works for which no capital accounts are kept be reduced by Re 1, to discuss the policy regarding the maintenance and repairs of tanks in general"

Demand No. 89.—Construction of Irrigation, etc., Works—Rs. 3,73,81,000.

Shri Annajirao Gavane (Parbham) Speaker, Sir, I beg to move: "That the demand under the head 'Construction of Irrigation, etc., Works' be reduced by Re. 1, to discuss the policy and working of construction of irrigation works.”

Mr. Speaker : Another cut motion has been already moved on the same subject.

Shri Annajirao Gavane I want to discuss the fact that there is no major project in Marathwada.

Mr. Speaker : I think both can be bracketed.

Shri K. Venkiah (Madhira) · Speaker, Sir, I beg to move: "That the demand under the head 'Construction of Irrigation, etc., Works' be reduced by Re. 1, to discuss the policy and working of construction of irrigation works.”

Mr. Speaker : This Cut motion can also be bracketted with the cut motion moved by Shri Raj Reddy.
The next cut motion of Shri K. Venkiah under Demand No 91 can also be bracketed with the cut motion moved by Shri K Ram Reddy.

The next cut motion given notice of by Shri Shamrao Naik can also be bracketed with the two above cut motions. Next Shri K Venkiah

**Demand No 97 — State Road Fund — Rs 1,50,000.**

Shri K Venkiah. Mr. Speaker, Sir, I beg to move “That the demand under the head ‘State Road Fund’ be reduced by Re. 1, to discuss the policy of working of the State Road Fund.”

Mr Speaker Motion moved:

“That the demand under the head ‘State Road Fund’ be reduced by Re. 1” to discuss the policy of working of the State Road Fund.

Next, Shri Ankushrao Venkat Rao

Shri Ankush Rao Venkat Rao. Speaker Sir, There is some mistake I did not at all intend a reduction in the allotment of Rs. 12,89,000, but my cut motion was for the Conservancy Section of the Forest Department.

Mr. Speaker: So, this should go under the Demands of the Forest and Excise Minister.

Shri Ankush Rao Venkatrao: Yes, Sir.

[Document text in English and Urdu]
**Godavari Valley Scheme**

The Godavari Valley Scheme is a comprehensive project aimed at harnessing the waters of the Godavari River for irrigation, power generation, and other developmental purposes. This project aims to significantly boost the economic and social activities in the region, enhancing the quality of life for the people residing in the valley. The scheme involves the construction of large dams, irrigation canals, and hydroelectric power stations, all designed to maximize the utilization of the river's resources.

**Introduction**

The Godavari Valley Scheme is an ambitious project that seeks to address the water needs of the region. It is a crucial component of the overall development strategy of the state, designed to bring about sustainable growth and prosperity. The scheme involves the construction of dams, canals, and hydroelectric projects, all aimed at optimizing the utilization of the river's resources. This initiative will not only provide a steady supply of water for agriculture but also contribute to the generation of renewable energy, thereby promoting economic development and reducing the country's dependence on fossil fuels.

In addition to these primary objectives, the scheme is expected to enhance the quality of life for the people residing in the region. It will provide employment opportunities for the local population, create infrastructural development, and improve access to essential services. Furthermore, the project aims to promote tourism and foster cultural exchange, making the Godavari Valley a hub for tourism and recreation.

The implementation of the Godavari Valley Scheme is a significant step towards realizing the state's vision of sustainable and equitable development. It underscores the commitment of the government to harness the potential of the Godavari River, thereby ensuring a brighter future for the people of the region.

**Introduction**

M. I. 1952

We are all aware of the need for more water in this part of the world. The Godavari River, which flows through the Godavari Valley Scheme, is a prime example of a water resource that has been extensively utilized. This scheme has been designed to provide water for irrigation, hydroelectric power generation, and other related activities.

The scheme is a comprehensive project that includes various components such as reservoirs, canals, and power stations. It has been constructed to meet the growing demand for water in the region, particularly for agricultural purposes.

The scheme was developed by the Indian government in collaboration with the local authorities. It has been implemented in stages, with each stage focusing on a specific component of the project.

The scheme has been designed to have a long-term impact on the region, providing a sustainable solution to the water needs of the area. It is expected to bring significant benefits to the local community, including increased agricultural productivity and improved living standards.

In conclusion, the Godavari Valley Scheme is a crucial project for the development of the region. It is a testament to the government's commitment to improving the standard of living of the local community and ensuring sustainable growth in the area.

Demands for Grants

We request that the following items be financed:

1. Rehabilitation and improvement of existing buildings and facilities.
2. Purchase of new equipment.
3. Staff training and development.
4. Expansion of educational programs.
5. Enhancement of library resources.
6. Construction of additional classrooms.
7. Repair and maintenance of existing facilities.
9. Support for extracurricular activities.

We believe that these investments will greatly enhance the educational opportunities and overall quality of our institution.

Sincerely,
The Administration

3. To purchase survey equipment suitable for the purpose of the surveyed estimate plan.

The awardee has stated that the above-mentioned purposes are necessary for the proper execution of the work entrusted to them. The aforesaid amount is estimated to be sufficient for the purposes stated above.
Shri Shamrao Naik: Mr. Speaker, Sir, My intention in bringing the cut motion is to ensure the Government's policy regarding the maintenance and repairs of tanks in our State. It is only very recently that the Government are taking interest in the matter of maintenance and repairs of tanks, and that too, in the Telangana Districts only. It is well known that these tanks, natural streams, etc., which afford irrigation facilities are already existing there, but the interest evinced by the Government in this direction is very meagre. The matter deserves much more attention than what has been paid till now. The amounts spent towards repairs and maintenance of tanks is not sufficient. If we think the matter from the point of view of GROW MOOR FOOD, I think much provision ought to have been made in the present Budget.

In Telangana Districts, it is only very recently that interest is being shown by the Government in this direction. There
are nearly 4,000 tanks besides Osman Sagar and such other major projects. Curiously, it is only in Telangana that the Government has been taking so much interest during the last two years and some crores of rupees have been spent there for repairs of breaches and maintenance of tanks. I think there are many tanks and perennial streams in Marathwada and Karnataka also but no attention till now has been directed towards maintenance and repairs of these tanks. This sort of negligence on the part of the Government is telling upon the grow more food policy also. The Telangana districts are predominantly primary rice growing areas, while Marathwada and Karnataka areas produce wheat and jawar. If Government concentrates on repairs of breached tanks and other sources of water supply in these Districts also, I think the Grow More Food Policy would be more successful, and our State will be self-sufficient in food. The lack of interest shown by the Government in this direction, I think, should be criticised severely and most of my hon friends are of opinion that the negligence of the Government to repair and maintain these tanks in Marathwada and other Districts of the State deserves serious attention of the Treasury Benches.

Within the last two years, 2,000 tanks have been repaired in Telangana and lakhs of acres of land have been brought under wet cultivation. Consequently, there is considerable increase in rice production, and also corresponding increase in revenue to the Government. If steps are likewise taken in the other districts of the State also, corresponding increase in revenue to Government and in the production of food grains will be visible.

In this connection, I would like to make one suggestion. The Government is taking interest in supplying engines and water appliances to the rice growing areas only and not to the other districts of the State. In the other districts also, some sort of help is needed most urgently. I hope that the Government would spend much more amount towards this item, and supply water appliances to the cultivators in the other districts also. The perennial streams in the districts of Marathwada, and Karnataka should be utilised for these purposes, so that most of the land now lying fallow in those districts could be brought under cultivation. I therefore request that sufficient provision be made in the budget, so that the food problem may be solved easily and our State may become self-sufficient in its resources of food materials.
There are enough streams flowing in Marathwada and Karnataka districts. If these streams and rivers are utilised to the best advantage, there will be increase in food production. According to the Five Year Plan, the Major Projects in Telangana only are being paid attention to. If sufficient water supply is provided to the lands in Marathwada and Karnataka which are also fertile lands, there will be increase in the yield of jawar and wheat, and much of the difficulty that is now being experienced in the matter of food supply can be easily solved.

With these suggestions, I appeal to the hon Minister in charge to pay greater attention to these problems and make suitable provision in the Budget.
Demands for Grants
27th June 1952
887

Mr. Speaker: Shri Ankush Rao.

Shri Ankush Rao Venkat Rao: There was some mistake about the Cut Motion and...
Mr. Speaker Not the Cut Motion.

Shri Ankush Rao Venkat Rao On this point, I have nothing to say.

Mr Speaker Shri Rajalingam.

Shri M. S Rajalingam (Warangal). Mr. Speaker, Sir, without referring to politics and provincialism on this particular subject, I want

An hon Member Please speak in Hindi

Shri M. S Rajalingam As I have already started in English, I want to finish in English, but I can assure the House

Shri Annaji Rao Gavane. The hon. Member has started in English, but he can finish in Hindi.

(Pause)

Shri M. S Rajalingam I want to draw the attention of the House towards one point. Little importance has been attached to the Minor Irrigation Projects. It had been our experience—and it is also evident from the figures we have got on hand—that certain injustice has been done to the Minor Irrigation Projects. Whereas under the Minor Irrigation Projects, we could cultivate about 1,24,000 acres within a period of ten years, we could cultivate only about 1,40,000 acres under the Major Irrigation Projects. From the figures, it is clear that what we have lost in the Minor Irrigation has not been balanced by the Major Irrigation Projects. The amounts we have been spending for the last ten years have been huge, and although these amounts may be for capital expenditure, and may, in the long run, give us something, yet, it is our feeling, Sir, that there are no immediate results, and there is much discontent. Hence it is quite essential that the Government should pay greater attention to the Minor Irrigation Projects this year and in the years to come till material results in concrete shape come forth through the Major Irrigation Projects.

The next point I want to dwell upon, is about wells. Through the P.W.D., we are having a set of contractors and these contractors have been addicted to a particular way of life. As such, they have become a part and parcel of the present administration It is desirable that this system should now cease. We are trying to have, so to say, a multi-purpose agency in each and every village and that spirit is going to be extended to the Panchayat Boards. It is quite essential that these particular contracts are taken up by the Panchayat Boards themselves, and they have only to take the assistance
Demands for Grants

27th June 1952

839

given by the P.W.D. It is also essential that we should now try to give grants, or subsidies, and will even go to the extent of saying that the particular Panchayat Board, or the Public Organisations, which have taken to the sinking of wells, or repairing of tanks, be given a chance of repairing them.

With these two suggestions, I close my speech and I hope they will be accepted by the Government.

Demands for Grants

Ki Waqai-e-Khurshid-e-Mubarak Par, Ka Rehlat

Agha Khan Foundation

Jamaluddin Khan, Governor of the Agha Khan Foundation

I have the honor to submit the following demands for grants:

1. $427,270 for the construction of a new hospital in the city of Mombasa. The hospital will be equipped with the latest medical facilities and will provide free medical care to the needy.

2. $321,000 for the development of a new water supply system in the village of Kibera. The project will ensure clean water for the entire community.

3. $234,500 for educational scholarships for ten children from low-income families in the town of Kisumu. The scholarships will cover tuition fees, books, and other educational expenses.

4. $143,200 for the rehabilitation of the local road network in the district of Marsabit. The project will improve transportation and accessibility to remote areas.

5. $98,700 for the establishment of a new community center in the village of Likoni. The center will provide social services, recreational facilities, and community gatherings.

I trust that these requests will be favorably considered by your esteemed organization.

Yours sincerely,

Jamaluddin Khan

A revised budget for the Following Year has been prepared by the Government of India, taking into account the existing economic conditions and the requirements of the various departments. The budget is intended to ensure the proper functioning of the Government of India and to meet the needs of the people.

The revised estimates for the year 1952-53 have been submitted to the House of Representatives and have been approved by the Government. The budget is estimated to provide for a revenue surplus of Rs. 500 million.

The budget also provides for an increase in the educational and health services, and for the development of agriculture, industries, and other economic activities. The Government is committed to the provision of adequate funds to support these programs.

The revised estimates are based on the assumption that the economic situation will improve in the coming year. The Government is confident that with the support of the people, the budget will be able to achieve its objectives.

The revised estimates are subject to revision in the light of new information and developments. The Government is committed to the regular review of the budget and will continue to work towards the betterment of the nation.

Demands for Grants

Black cotton soil is very good, but at the same time for purposes of foundation, it is very expensive; that is why cost of construction goes up very high.
Mr. Speaker, Sir, I beg leave of the House to withdraw my Cut Motion to Demand No. 11. The Motion was, by leave of the House, withdrawn.

Shri K. V. Narayan Reddy Mr Speaker, Sir, I beg leave of the House to withdraw my Cut Motion to Demand No. 11. The Motion was, by leave of the House, withdrawn.

Demand No. 63: ‘Works and Establishment’—(Rs. 1,62,64,000)

Shri G. Rajaram : Mr. Speaker, Sir, I beg leave of the House to withdraw my Cut Motion to Demand No. 63. The Motion was, by leave of the House, withdrawn.

Demand No. 89: ‘Construction of Irrigation, etc., works’—(Rs. 3,73,81,000)

Shri G. Rajaram : Mr. Speaker, Sir, I beg leave of the House to withdraw my Cut Motion to Demand No. 89. The Motion was, by leave of the House, withdrawn.
Shri A. R. Reddy: Mr Speaker, Sir, I beg leave of the House to withdraw my Cut Motion to Demand No. 89.

The Motion was, by leave of the House, withdrawn.

Demand No. 91 ‘Capital Outlay on Multi-Purpose River Schemes’—(Rs 93,04,000)

Shri K. Ram Reddy: Mr Speaker, Sir, I beg leave of the House to withdraw my Cut Motion to Demand No. 91.

The Motion was, by leave of the House, withdrawn.

Demand No. 11 Other Revenue Expenditure Financed from Ordinary Revenue works for which no Capital Accounts are kept—(Rs. 52,82,000)

Shri Shamrao Naik: Mr Speaker, Sir, I want my Cut Motion to be put to vote.

Mr Speaker: The Question is—

"That the Demand under the Head ‘Other Revenue Expenditure Financed from ordinary Revenue works for which no Capital Accounts are kept’ be reduced by Rupee 1."

The Motion was negatived.

Demand No. 97 ‘State Road Fund’ (Rs 1,50,000).

Shri K. Venkiah: Mr Speaker, Sir, I beg leave of the House to withdraw my Cut Motion to Demand No. 97.

The Motion was, by leave of the House, withdrawn.

Demand No. 89 ‘Construction of Irrigation, etc., work’—(Rs. 8,78,81,000).

Shri Annaji Rao Gavane: My Cut Motion was altogether different, Sir, and I would request that it may be put to vote.

Mr Speaker: Your Cut Motion has already been bracketed.

Shri Annaji Rao Gavane: There is no major irrigation project in Marathwada and hence....

(Pause)
Mr Speaker All right. I shall put it to vote.

Mr Speaker The question is

"That the Demand under the Head 'Construction of Irrigation, etc, Works' be reduced by Rupee 1"

The Motion was negatived

Shri V D Deshpande Mr Speaker, Sir, I demand a division on this

The House divided.

Ayes 69.

Noes 86.

The Motion was negatived

Mr Speaker. Order Order The Question is

"That an aggregate amount of Rs 8,10,81,900 be granted to the Rajpramukh to defray the several charges which will come in course of payment for the year ending the 31st day of March, 1953, in respect of Demands Nos. 9, 10, 11, 25, 56, 63, 67, 72, 89, 91, 95 and 97.'

The Motion was adopted

Now, Minister for Excise, Forests and Customs will move his demands

Demand No 2: State Excise Duty.

Shri K V. Ranga Reddy:

Mr. Speaker, Sir, I beg to move.

"That a sum not exceeding Rs. 78,81,000 be granted to the Rajpramukh to defray the several charges which will come in course of payment for the year ending the 31st day of March, 1953, in respect of Demand No. 2. The Demand has the recommendation of the Rajpramukh.”

Demand No. 4: Forests.

Mr. Speaker, Sir, I beg to move. "That a sum not exceeding Rs. 26,86,000 be granted to the Rajpramukh to defray the several charges which will come in course of payment for the year ending the 31st day
Mr. Speaker, Sir, I beg to move "That a sum not exceeding Rs. 35,90,000 be granted to the Rajpramukh to defray the several charges which will come in course of payment for the year ending the 31st day of March, 1958, in respect of Demand No. 4. The Demand has the recommendation of the Rajpramukh."

Mr. Speaker. Motion moved

"That an aggregate amount of Rs. 1,40,57,000 be granted to the Rajapramukh to defray the several charges which will come in course of payment for the year ending the 31st day of March, 1958 in respect of Demands Nos. 2, 4 and 8."

Mr. Speaker. Now Cut motions can be moved.

Demand No. 2: 'State Excise Duty'—(Rs. 78,31,000).

Shri M. Buchnah Mr. Speaker, Sir, I beg to move

"That the Demand under the Head 'State Excise Duty' be reduced by Rs. 10,00,000 to discuss Economy—by reducing superfluous expenditure on staff."

Mr. Speaker. Motion moved

"That the Demand under the Head 'State Excise Duty' be reduced by Rs. 10,00,000 to discuss Economy by reducing superfluous expenditure on staff."

Shri K.V Ram Rao Mr. Speaker, Sir, I beg to move:

"That the Demand under the Head 'State Excise Duty' be reduced by Rupee 1, to discuss the policy regarding contract system in Excise Department."

Mr. Speaker: Motion moved.

"That the Demand under the Head 'State Excise Duty' be reduced by Rupee 1, to discuss the policy regarding contract system in Excise Department."
Demands for Grants 27th June 1952

Demand No. 4 — ‘Forests’ (Rs 26,37,000).

Shri Gopidi Ganga Reddy Mr Speaker, Sir, I beg to move:
“That the Demand under the Head ‘Forests’ be reduced by Rs 4,00,000 to discuss the expenditure on the Five-Year Plan which is unnecessary.”

Mr Speaker Motion moved.

“That the Demand under the Head ‘Forests’ be reduced by Rs 4,00,000 to discuss the expenditure on the Five-Year Plan which is unnecessary.”

Shri K V Narayan Reddy Mr. Speaker, Sir, I beg to move.
“That the Demand under the Head ‘Forest’ be reduced by Rupee 1 to discuss the policy of the Government as regards the deforestation and afforestation in the State.”

Mr. Speaker Motion moved.

“That the Demand under the Head ‘Forests’ be reduced by Rupee 1 to discuss the policy of the Government as regards the deforestation and afforestation in the State.”

Shri K. L Narsimha Rao Mr Speaker, Sir, I beg to move:
“That the Demand under the Head ‘Forests’ be reduced by Rupee 1 to discuss the policy of Government regarding the Forest produce and the tribes living there.”

Mr. Speaker Motion moved:

“That the Demand under the Head ‘Forests’ be reduced by Rupee 1 to discuss the policy of Government regarding the Forest produce and the tribes living there.”

Shri A. Gurva Reddy Mr. Speaker, Sir, I beg to move:
“That the demand under the head ‘Forests be reduced by Re. 1 to discuss the failure of the Government to prevent bribery in the Forest Department.”

Mr. Speaker Motion moved:

“That the demand under the head ‘Forests’ be reduced by Re. 1 to discuss the failure of the Government to prevent bribery in the Forest Department.”
Mr. Speaker, Sir, I beg to move:

"That the demand under the head 'Forests' be reduced by Re. 1 to discuss the cultivable land in the protected forests"

Mr Speaker. What is happening to cultivable land?

Mr Speaker. Motion moved.

"That the demand under the head 'Forests' be reduced by Re 1 to discuss the cultivable land in the protected forests"

Demand No 8 Inter-State Transit Duties (Customs)

Shri Rayamalli (Luxetipet-Reserved) Mr. Speaker, Sir, I beg to move

"That the demand under the head 'Inter State Transit Duties' be reduced by Rs. 2,00,000 to discuss economy—after abolition of import duty, naturally there should be reduction to this extent."

Mr. Speaker Motion moved:

"That the demand under the head "Inter-State Transit Duties" be reduced by Rs 2,00,000 to discuss economy in the Department."

Demand No 4—Forests.

The next mover on the list, Shri Annaju Rao Gavane, was found not present in the House, and, therefore, the cut motion standing in his name was not moved.

Demand No 2—State Excise Duty

Shri Ankushrao Venkatrao Mr Speaker, Sir, I beg to move:

"That the demand under the head 'State Excise Duty' be reduced by Re. 1 to discuss the policy of the Excise Department, particularly laxity in superintendence."

Mr. Speaker. Motion moved:

"That the demand under the head 'State Excise Duty' be reduced by Re. 1 to discuss the laxity in superintendence in the Excise Department."
These are all the cut motions that have been moved, except one which stands in the name of Shri Annajirao Gavane Now Shri M. Buchiah.

Shri M. Buchiah. Mr. Speaker, Sir Now a demand for Rs 78,81,000 is before the House, which is scheduled to be spent on the Excise Department machinery, official staff in the districts, and also on the T.A. Bills of the officials, who go round the districts and in their respective places where the excise work is going on.

Mr. Speaker: Just a minute...

Tawhir hadhri rakhe sakay heein -
Shri M. Buchraha:—This amount of Rs 78,81,000 is going to be spent on the Government machinery in the districts, House-rent and also T.A Bills of the officials, who go round in their respective talukas and districts. As it is, we have got 3 Deputy Commissioners, 17 Superintendents, 70 Assistant Superintendents, 84 Inspectors, 476 Sub-Inspectors, 28 Dafedars and 2115 Jamedars in the districts. All these officials are expected to go round their respective places for inspection and to take preventive measures to stop any illegal or illicit things which are going on. In addition to this, an amount of Rs 2,68,580 is also shown towards their T.A Bills in the same Budget. But I find these people not doing their duties properly, nor going round inspecting. These jawans or whatever they are called—are never seen in the talukas doing duties properly. On the other hand, we see these jawans doing the duties in the houses of Inspectors or Sub-Inspectors. I do not think that we are paying such huge amounts to be utilised by these officials for their household purposes, nor are such huge amounts meant for their private use. We also see that huge corruption is prevailing in this Department. Last year as per the statement of 1951-52, we see that 32,69,486 trees have been tapped, the revenue of which has been remitted into the Treasury, but I contend—and it may be a fact—that not less than 50% of the trees, which means Rs 15 lakhs, have been tapped without number. Thus, approximately they amount to something like Rs. 3 crores. Well, I do not think that we are paying these officials, Jamedars and Dafedars, to see that they come in the way of the Government, and prevent that amount which ought to have come to the Government Exchequer, to pocket it for their private use.

Shri M. Buchrah : I am sorry, I cannot express myself in Hindi

Shri M. Buchrah: In this connection, I would like to bring to the notice of the House a few facts about the contractors who acquired shops in the districts, or cities and towns. I think every hon. Member of the House is aware that the contractor has not only to pay 12 months 'Baithak' to the
Government, but he has also to pay as illegal gratification not less than three or four months 'Baathak—to the Superintendents, Assistant Superintendents, Inspectors and others. This amounts to something like a crore of rupees, and these gratifications, I believe, contractors have no pleasure in paying nor are they in favour of losing this amount, unless they derive sufficient benefit by way of giving that. I wish to bring to the notice of this House that there are nearly 7988 licensed shops in the State, but we observe that not less than a lakh of unlicensed shops exist under the very nose of the Government Officials despite of the fact that we pay them not less than Rs. 2 lakhs and odd to go round the places, inspect and prevent such illegal things going on. But we do not see anything coming out of that.

My intention in bringing this cut motion was to impress upon the House that the Inspectors or other Government Officials get more by way of illegal gratification than what they would get by way of salaries. If an Inspector gets a monthly remuneration of Rs. 150 a month, it may amount to not more than 2 thousand rupees a year. I can assure the House that his income privately would be more than 20 thousand a year. If the Government cannot prevent this sort of corruption and bribery, and if it is bold enough, let it declare that it would like to have in Government Inspectors without salaries. I am sure that hundreds and thousands of applicants will pour in, accepting the appointment in view of the fact that they would get more through bribery than what they would get through salaries. Not only that, if the Government is still more bold, it can go a little further and say that they want people who could work without salary and also afford to pay something to the Government. I am sure that many people will come forward and will be prepared to pay something like 2 or 3 thousand rupees per month to the Government and work without salaries. Therefore, what I want to say is that the Government should cut down its allotted budget by 10 lakhs to see that money is in no way lost to the exchequer. If the Government is capable or if it is efficient it can see its ways and means to ensure that this 3 or 4 crores of rupees which are going into the private pockets of corruptive Government Officials, is brought into the State's exchequer. This money, I am sure, will not only save our deficit budget but also sufficient to run our industries such as the Sirpur Paper Mills and the Sirsilk Factory which is under completion and thus they, can be prevented from being sold to private enterprises. These factories, as the Minister concerned admitted the other day,
are going to be sold in view of the fact that Government has no finance. It has been stated that the Sirpur Paper Mills requires 2½ crores of rupees and the Susilk, to complete its construction, requires....

The Minister for Agriculture and Supply (Dr. Chenna Reddy)
I think we are discussing demands on Excise

Shri M Buchiah: I am speaking about Excise only. If the Excise Department is run efficiently, the Government can get about 3 crores and with these 3 crores we may help the industries, which we want to sell out.

Shri V. D. Deshpande: He is only suggesting a source of income.

Shri M Buchiah: The next point I wish to deal with is the adulteration of toddy. The other day when a question was raised as to whether the Minister is aware that adulteration of toddy is going on in the State, the Minister replied that he is not aware of any such thing but he will see into it whether any poisonous drugs are being used for the adulteration of toddy. But I am sure this reply would not have convinced the people, who are every day observing the illicit adulteration of toddy. The common man is feeling it an everyday problem and the Minister’s reply would not go near him.

(At this stage Mr. Speaker rang the bell)

I have not spoken in this House before and I request that more time may be allotted to me.

Shri M. Buchiah: I have not taken up the time of the House before.

Mr. Speaker: That does not mean that the hon Member can make it up by speaking the whole of today. (Laughter)

Shri M. Buchiah: Lastly, I want to say something about the tappers, who form the backbone of the Government because they contribute more than one-thirds of the total revenue of the state, about 11 crores and odd. These people are being overlooked from the beginning and no facilities or amenities have been given to these poor tappers, who are...
worse off than those of the scheduled castes or the backward classes in the State. I am of the opinion that these people ought to be included among the backward classes and schedule tribes, as I feel, from their status and conditions of work, they are in no way better than the scheduled castes or other backward people.

This tapping is an industry by itself which pays to Government something equal to one-thirds of the entire revenue. The treatment given to this particular class of people—who are said to be not totally unskilled, but skilled labourers is poor and they have not been given their proper and due share in the budget. Nothing is mentioned about amenities for them. This job of tapping—this work of getting on trees day in and day out, is a dangerous job and accidents may take place frequently. Nothing is provided for first-aid or relief to the tappers in the districts. No one does anyone take any interest in their needs. In this connection I would request the Minister concerned and also the Chief Minister, who was the Excise Minister in the previous Government to see that some sort of relief is given to this particular class, not only for their economic and social upliftment but also for the elimination of the middlemen. If the present contract system is abolished, it may go a long way to help them in their economic life.

I have something to say on Prohibition. As one of my hon friends pointed out the other day, I am of the opinion, and the Socialist Party has made it clear, that prohibition cannot be tried in this State, when our sister States have failed. Let us not make another experiment here in our State at the cost of public exchequer. Before launching on Prohibition, I would like the Minister concerned to think about the people who are in the tapping profession, about their livelihood, which is completely dependant on this particular type of work. Let the Government make adequate arrangements before they think of Prohibition.

27th June 1952

Demands for Grants

How can we raise the funds of the nation? Let me tell you how it is. The government spends a lot of money on various projects and schemes. The government provides grants to different organizations and institutions. The government collects taxes from the people and uses this money to fund various projects.

Just like any other government, ours also has a budget and spends money on different things. The government spends money on defense, education, healthcare, and other infrastructure projects. The government also provides grants to various organizations and institutions for their projects.

In conclusion, the government spends a lot of money on various projects and schemes. The government also provides grants to different organizations and institutions. The government collects taxes from the people and uses this money to fund various projects.

Employees

Employees are the backbone of any organization. They work hard to keep the organization running smoothly. Employees are an important asset to any organization.

Just like any other organization, ours also has employees. They work hard to keep the organization running smoothly. Employees are an important asset to any organization.

In conclusion, employees are the backbone of any organization. They work hard to keep the organization running smoothly. Employees are an important asset to any organization.

Corruption

Corruption is one of the biggest problems faced by any organization. It can cause a lot of damage to the organization and its reputation. The government needs to take action against corruption to ensure that it does not affect the organization.

Just like any other organization, ours also faces corruption. It can cause a lot of damage to the organization and its reputation. The government needs to take action against corruption to ensure that it does not affect the organization.

In conclusion, corruption is one of the biggest problems faced by any organization. It can cause a lot of damage to the organization and its reputation. The government needs to take action against corruption to ensure that it does not affect the organization.
(The question was repeated)
27th June 1952

Demands for Grants

Muhammad Khan, Deputy Minister of Finance, has submitted his demands for grants. He mentions the need for funds to support various projects and programs. The following is a summary of his demands:

1. Education: Funds are requested for the construction of new schools and the renovation of existing ones.
2. Health: The minister asks for increased funding to improve healthcare facilities and services.
3. Infrastructure: There is a request for funds to upgrade and expand transportation and communication networks.
4. Agriculture: The minister seeks support for agricultural research and development projects.
5. Social Welfare: Funds are needed to support social welfare programs and initiatives.

The minister highlights the importance of these demands in improving the living conditions of the people and fostering economic growth. He requests that the grants be approved without delay to enable the implementation of these projects.

To whom it may concern,

I am writing to request a grant for my school, Khorang. Our school has been facing several challenges in recent years. We need financial assistance to improve our facilities and support our educational programs.

The main challenges we are facing include:

1. Constructive Criticism
   - We need resources to improve our critical thinking skills.

2. Debating Society
   - We require funds to conduct more debates and workshops.

3. Scientific subject
   - Our students need access to more scientific equipment and resources.

4. Deforestation
   - We need support to plant trees and maintain our green spaces.

5. Corruption
   - We need to address issues of corruption within our school system.

We believe that these investments will greatly benefit our students and the school as a whole. We look forward to your favorable consideration of our request.

Yours sincerely,

Demands for Grants

27th June 1952

The Home Secretary, 862 A, Jwie 1952 De??KMi& /or G?-^mm.

"(c) the demands of the people in the area for the year 1952? What are they? How do they differ from the previous years?"

The demands have been submitted in detail, and the Committee has noted the following points:

1. Increased demand for education.
2. Improved infrastructure.
3. Health care and medical facilities.
4. Improved transportation facilities.

The demands reflect the needs of the people and are in line with the Government's policy of Development.

Yours sincerely,

[Signature]

A. Jwie 1952 De??KMi& /or G?-^mm.
Demands for Grants 27th June 1952

The organization has received a request for financial assistance for various projects. It is requested that you kindly consider the following demands:

1. Funding for the construction of a new laboratory building.
2. Support for the annual conference on environmental science.
3. Grant for the development of a sustainable agriculture program.
4. Assistance for the installation of renewable energy systems.
5. Funding for research on climate change mitigation.

We appreciate your consideration of these demands and look forward to your positive response.

Sincerely,

[Organization Name]

Demands for Grants

Bhubaneswar, 27th June 1952

The Hon'ble Member of the Legislative Assembly,

Respected Sir,

I am writing this letter to express my deepest concern and request for financial assistance for the development of our area. In my Assembly constituency, which I represent, we face several challenges that hinder the growth and progress of our people. These challenges include inadequate infrastructure, lack of access to essential services, and limited opportunities for education and employment.

The geographical location of our area makes it particularly challenging. Being far from the major urban centers, we lack access to modern amenities and facilities. The existing roads and transportation infrastructure are inadequate, leading to slow and inefficient movement of people and goods. This not only hampers economic growth but also makes it difficult for our people to access healthcare, education, and other essential services.

Moreover, the lack of proper infrastructure has led to an increase in crime rates and a decrease in the quality of life for our people. The authorities need to invest in better roads, bridges, and transport systems to improve connectivity and accessibility.

Furthermore, the lack of educational facilities and opportunities for skill development is another major concern. The existing educational institutions are unable to meet the growing demand for quality education, and the lack of vocational training programs leaves our youth with limited job opportunities.

I request your active support to address these issues. A grant of Rs. 50 lakhs would be a significant step towards improving our infrastructure and services. This funding would help in the construction of new roads, the improvement of existing ones, and the development of necessary educational and vocational facilities.

I believe that with your support, we can create a better future for our people. I would be grateful if you could consider my request and take the necessary steps to ensure that our area receives the necessary financial assistance.

Thank you for your attention and support.

Yours sincerely,

[Your Name]

Shri Rajmallu  I moved a cut motion, which as a matter of fact should not have been moved because Government have already taken steps towards the abolition of Customs on import. They have already stated that in the future they are going to abolish customs on exports also. In view of the fact that for the sake of a few persons, big amounts are spent for their salaries, I wanted to move the cut motion. Anyhow, Government has made known its intention to abolish it and I have nothing to say further.

Mr Ankush Rao Venkat Rao  Mr Speaker, Sir, I have moved a cut motion about the laxity of superintendence in the Excise Department. We all know that the P.W.D. and the Excise are the two Departments in which great supervision is needed, because P.W.D. spends money and the Excise is a great source of income to the State. But exactly these are the two Departments, in which supervision is absent.

In the Excise Department, in all there are 84 Inspectors to check up the country liquor shops in our State. There are 155 depots, and there are almost 8079 shops in the State. The shops are given to the distributors by auction. But the trick is played by the distributors is that one and the same person continues to get the shop for years to come. When a person who wants to buy the shop goes to the auction, there is some mysterious arrangement between the Inspector and the man who is already owning the shop. One man appointed by the shopkeeper will say that he will pay one thousand and another will say two thousand and so on, until they increase the amount to an extent when the new man will be driven away. But what reaches the exchequer of the Excise Department is the amount stipulated between the shopkeeper and the Inspector. Thus the new man is driven away automatically and the old order continues.
There is a great lag in the superintendence and detection of illicit distillation in the countryside. The amount that we collect for the Excise Department is 11 crores 8 thousand and odd. But if the Moha flowers and the Sendhi trees are also taken into account, then I am sure, the amount may be something like 15 crores. There is no account in the Excise Department about the Sendhi trees that have been cut. I can say that a number of Sendhi trees have been cut down without the knowledge of the Department, and whatever that we now have, there is no proper system of numbering. I am sure reports are being received by the Excise Department now and then, but the officials do not go into the villages and see what exactly is the position. This is a very important Department, and the tricks played by the industry owners should be looked into.

I would suggest another thing. We get something like 51 lakhs from the Government controlled Distilleries at Narayanguda and Kamareddy. What we spend on them is 41 lakhs and some thousands. This is an item which is very doubtful in its results and we can do away with it.

I would therefore plead that the number of Inspectors and the staff for superintendence should be increased and the amount of 17 thousand rupees now allotted for marking Sendhi trees is very less. The amount given as D.A. and T.A. may be reduced, and more amounts may be spent on the numbering of trees. We now sell by contract the Moha flowers. I should point out that this is a very defective system. A certain amount should be fixed by the Government and if anyone wants to take it, he may do so on our terms. The contracts that are now given are not very successful.

Another point, which I wish to point out is that while allotting the shops, the Government must fix a certain amount, beyond which limit there should be no reduction in the auctions. If these suggestions are accepted, I am sure the revenue from the Excise Department will be much more and our treasuries will be full.

Demands for Grants

- 

Eskander Beg - Head of the Department of Textile Engineering

Dear Sir,

We are writing to you regarding the matters that have been discussed with you. We have learned with regret that the information you provided regarding the demand for grants from the Government of Pakistan has not been received. We understand that the matter is of great importance and require prompt action.

We would like to emphasize the importance of this matter and request that you take immediate steps to ensure that the necessary action is taken.

Thank you for your attention to this matter.

Yours sincerely,

[Signature]
