Business of the House

Mr. Speaker: Now let us proceed with the other business on the Agenda.

There is an adjournment motion given notice of by Shri Syed Hasan. It is addressed to the Secretary, Legislative Assembly. It ought to have been addressed to the Speaker. It reads as follows:

“In view of the continuous communal disturbances which were started by unsocial elements in the taluq of Kalyani, Bidar District, on the 21st June, 1952 and are still raging and as a result of which the demolition of a mosque took place on the same date and two more mosques were looted and are threatened to be demolished any time and the local inhabitants of the minority community are faced with extreme and imminent danger to their persons and properties and particularly in view of the fact that the local Police and other authorities are not only conniving at such activities but in deliberate under estimation of the gravity of the situation, are refusing to render necessary assistance to the persons and inhabitants thus endangered, an emergency of definite and great public importance has arisen.

I, therefore, move this House to adjourn to discuss this matter of definite public importance and urgency.”

“After handing over my adjournment motion (which is attached herewith) to the clerk concerned in time, I am told that Secretary had asked the clerk to return it again to me and that it should be addressed to you. So, I am sending it to you with a request to include in today’s agenda.
An emergency of definite and great public importance has arisen

The fact that the grievance is continuing is not sufficient. If it is not of recent occurrence and if the matter is not raised at the earliest opportunity, it fails in urgency.

The Member indicated his mind by brandishing his hand against the neck

For the moment

Mr. Speaker: No reference to party meetings.
Dr. G S Melkote · Mr. Speaker, Sir, I should frankly admit that it would have taken me by pleasant surprise if this opportunity had not been utilised by the Leader of the P.D.F. Party. Before I took charge of the Finance, I had been in the medical profession and as such I am a practical psychologist. I began to analyse the strategy behind the speech to-day. No new facts were brought in. The Treasury Benches have already made a name in the public for vigorous action. By his speech to-day, the Leader of the P.D.F wanted to snatch away all the credit we have earned. I can see his strategy very clearly; and that is why I said, it would have taken me by pleasant surprise if he had not spoken on this occasion. But, the different matters that he has referred to most of them if not all have been answered point by point. His vehement speech would be reported in the Press and without a reply from this end; it would look as if we have conceded his points. I am not prepared to accept this .... (Interruption). But the point is thus: The Leader of the P.D.F has made a speech and the Leader
of the House has repudiated Culling out a point here and a point there from the Speeches of the Members of this side he has tried to present a bouquet. He can be paid in the same coin, but that is not our aim. One swallow here and there does not a summer make, but one fact I must mention here and that is this: To-day the Leader of the P D F has been vehemently speaking of democracy as if he and his party have taken a monopoly of it I would have congratulated the party but for the fact that they still lacked faith. When it would be forthcoming, I will congratulate them very warmly. I am awaiting that day.

The other point is this: During the Speeches, several of the Opposition Members have said that the Congress cannot move in the right direction and that they are held back by tradition, etc., and they have levelled criticism against the Congress. They alleged that 'we have become dictators'. If congressmen in spite of their tradition could become dictators, it would have served as a compliment. This only shows to what extent and with what vigour we have been moving for the past three months. I accept that compliment, Sir.

Thank you very much. (Cheers).

Mr. Speaker: The question is.

"That L.A. Bill No. XIV of 1952, 'the Hyderabad State Appropriation Bill, 1952' be read a first time."

The Motion was adopted.

Dr. G. S. Melkote: Mr. Speaker, Sir, I beg to move "that the Legislative Assembly Bill No XIV of 1952, 'The Hyderabad State Appropriation Bill, 1952' be read a second time at once."

Mr. Speaker: The question is:

"That L.A. Bill No. XIV of 1952, 'The Hyderabad State Appropriation Bill, 1952' be read a second time."

The Motion was adopted.

Mr. Speaker: Now, we shall take up the bill clause by clause. But I do not think there is any necessity of taking them clause by clause. Does the House want that I should take clauses, schedule, the enacting formula and the title separately?"
Mr Speaker: What particular items?

Shri V D Deshpande: Items Nos 14, 26 and 29

Mr Speaker. The question is:

"That the Bill to authorise payment and appropriation of certain sums from and out of the Consolidated Fund of the State of Hyderabad for the service of the year ending the 31st day of March, 1953, be read second time."

The Motion was adopted.

Mr Speaker The question is:

"The cls 2 and 3 stand part of the Bill"

The Motion was adopted.

Clauses 2 and 3 were added to the Bill.

Mr Speaker The general convention is that the whole schedule will be put to vote and not separately item by item.

Shri V. D. Deshpande Is it a convention? If it is a convention, we are not conventionists as such.

Mr. Speaker. There is nothing special.

(Pause)

Mr. Speaker: The question is

"That the schedule and cl 1 stand part of the Bill".

The Motion was adopted

The Schedule and clause 1 were added to the Bill.

Mr. Speaker. The question is:

"That short title and preamble stand part of the Bill".

The Motion was adopted.

The short title and preamble were added to the Bill,
30th June 1952  L A. Bill No XIV, the Hyderabad State Appropriation Bill, 1952

Dr. G. S. Melkote: Mr. Speaker, Sir, I beg to move

"That L.A. Bill No XIV of 1952, the Hyderabad State Appropriation Bill, 1952, be read a third time at once and passed".

Mr. Speaker. The question is

"That L.A. Bill No. XIV of 1952—the Hyderabad State Appropriation Bill, 1952, be read a third time and passed ".

The Motion was adopted.

The House then adjourned till Two of the Clock on Tuesday the 1st July, 1952.
