Starred Questions and Answers 24th July 1952

Shri M S Rajalingam: May I know Sir whether the Government will try to use its good offices with the Managing authorities of these concerns and see that they are liberal in considering the bonus issue in view of the large capital that is not used?

Shri M S Rajalingam: It is not a question regarding bonus. It is a question of the Managing Agents being influenced in the good offices of the Government being used for utilising this capital for the benefit of the workers.

Shri Venayak Rao Vidyalanka: I don’t follow.

Shri M S Rajalingam: Material worth Rs 85 lakhs has been purchased and it has not been put into use.

Shri Venayak Rao: The hon Member so means that it should be sold and then used for bonus.

(Laughter)

Shri M S Rajalingam: That is not my question Sir.

Cement Quota for Kauranagar District

*440 Shri Ch Venkatharam Rao Will the hon Minister for PWD be pleased to state —

1. Whether it is a fact that the cement quota has not been allotted to the Kauranagar District for the last six months?

2. If so for what reasons?

Shri Mehta Nanaa Jung (1) The fact is that from 1st May the control on the distribution of cement to the public of city (Hyderabad & Secunderabad as well as of districts has been relaxed. As per arrangements M/S Cement Marketing Co of India Secunderabad, have made their own arrangements to supply the cement to City Stockists and Dist Stockists as and when supply was available for distribution. The supply position during February and up to middle of March 1952 was serious due to labour strike at the factory and for the period following it. This Company has now informed that they were able to supply only three wagons to the Stockists of Kauranagar district for sale to public, during the period from 1st January 1952 to end of June 1952. There is scarcity of cement at present due to small allocation by the Government of India on Shahabad Factory. Government Department demands and essential industries demand is high at

**News Agencies**

**129 A**: Shri Ch Venkatam Rao Will the hon Minister for Labour, Rehabilitation, Information and Planning be pleased to state—

(i) What are the news agencies, both foreign and Indian receiving Government aid?

(ii) Whether it is a fact that the Government aided news agencies are prohibited from accepting publications of others except those of the party in power?
Shri V. B. Raja (1) Government subscribe to the news services of the Press Trust of India Limited, Press of India and the Associated News Service of Hyderabad?

(2) No

Survey of Unemployment

*181 Shri Ch. Venkatram Rao Will the hon. Minister for Labour, Rehabilitation Information and Planning be pleased to state —

1 Whether any survey of unemployment and under employment in the State has been made by the Government after the Police Action?

2 If so what are its results?

3 What steps have been taken to relieve unemployment?

Shri V. B. Raja (1) No survey has been made of unemployment and under employment problems after Police Action

2 A fairly correct idea in the trends of unemployment before and after Police Action can be had from the statistics available with the Employment Service Organisation

3 Steps taken consist of

(1) Regularising unemployment by registration and placement through Employment Exchanges

(2) Reheving unemployment by organising them into industrial and agricultural co-operatives with State assistance

Labour Strikes

*482 Shri Ch. Venkatram Rao Will the hon. Minister for Labour, Rehabilitation Information and Planning be pleased to state —

1 The total number of labour strikes in Hyderabad State since the present Government took up office?
Supplementary Demands for Grants

24th July 1952

2 In how many cases have the Government intervened?

Shri V B Raju (1) 12 cases were affected by strikes since the present Government took charge

The Government intervened in all these strikes. Of the 12 cases of strikes mentioned above, 4 were settled amicably by the Labour Officers of the Labour Department. 3 were taken up for conciliation and five referred to the Industrial Tribunal for adjudication as provided under the Industrial Disputes Act, 1947.

Five Year Plan for Hyderabad State

Shri Syed Akhtar Hussain Will the Hon. Minister for Labour Rehabilitation Information and Planning be pleased to state—

1 Who prepared the five-year plan of Hyderabad State?

2 Whether public opinion was consulted in framing and drafting the said plan?

3 Whether any industrialists were consulted in the matter?

Shri V B Raju (1) The Government of Hyderabad prepared the five-year plan for the State.

2 The plan has been examined by the Planning Board consisting of 20 non-officials representing public opinion and its three Sub-Committees consisting of persons with special knowledge on the items in the Plan.

3 Yes.

Supplementary Demands for Grants

Mr. Speaker Now we shall take up cut motions.

Demand No 1—Land Revenue—Rs. 1,08,000

Shri A Ray Reddy (Sultanabad) Mr. Speaker Sir I beg to move.

That the demand under the head Land Revenue be reduced by Rs. 5,000 to discuss the working of the Committee set up by Shri Bhave.
Mr Speaker: Motion moved

That the demand under the Head Land Revenue be reduced by Rs 5000

Mr Speaker: The hon Member wants to discuss the implementation of the Tenancy Law in Maultwada. But the Tenancy Bill has not been introduced yet. Does he want to discuss the former Tenancy Law?

Mr V D Deshpande: Poshkars have been appointed. He wants to discuss how the services of these Poshkars will be implemented.

Mr Speaker: Motion moved

That the demand under the Head Land Revenue be reduced by Re 1

Mr Speaker: The next amendment of Shri J Anand Rao goes along with the 1st, because the purpose is the same.

Shri J Anand Rao (Small General): That is to discuss the working of Shri Bhave's scheme. But this is to discuss the Bhudhan Scheme.

Mr Speaker: It is merely a difference of wording. It can be discussed along with the list.

The next cut motion of Shri Venkateshama Rao is also the same as Cut Motion No 1, 16 to discuss the Bhudhan scheme.

Shri Ch Venkateshama Rao: This is to discuss land distribution scheme.
Supplementary Demands for Grants
24th July, 1952

Mr. Speaker: Yes, but it is the same scheme. It may be discussed together.

Mr. Speaker: Motion moved

Mr. Speaker: The next cut motion of Shri Ch. Venkatram, Rao is again about Shri Vinoba Bhave’s scheme. It can be bracketed.
Shri Ch Venkatesh Rao: Yes Sir

Shri Bhayang Rao (Unm): Mr Speaker, Sir, I beg to move that the demand under the head 'Land and Revenue' be reduced by Re 1 to discuss the implementation of the Tenancy Act.

Mr Speaker: Yes

Mr Speaker: Motion moved

Shri B D Deshmukh: Mr Speaker, Sir, I beg to move that the demand under the head 'Land and Revenue' be reduced by Re 1.

The next amendment by Shri Anant Reddy is the same as No 6. Is it not?

Shri Ananth Reddy: Yes Sir

Mr Speaker: Then it can be bracketed. Now, there are practically two questions. One with regard to Shri Vinobha Bhave's scheme or the Bhave Scheme or the Land Donations Scheme or whatever it is called and the other is about the implementation of the Tenancy Act, whether particularly in Mauathwada or generally. I think there was sufficient discussion yesterday on Shri Bhave's scheme. According to the rules I allowed it because that discussion came under those cut motions.

Shri A Ray Reddy: I am not going into the details of those arguments. I want to speak just for five minutes.

Mr Speaker: But the hon Member already spoke about it yesterday. What I want is to save a little time.
Supplementary Demands for Grants

24th July 1952

Shri A. R. Reddy

Certainly Sir, I also want to do the same thing. That is why I do not wish to repeat all that I said yesterday.

Mr. Speaker, The Member is supplementing yesterday's arguments.

Shri A. R. Reddy

No, Sir, this is relevant.

Mr. Speaker, The thing is this; the hon. Member is speaking on the cut motion, but he has already taken much time yesterday on the general principles. These arguments will have to be again answered, and the discussion will unnecessarily prolong.

Shri V B Bagu (Intervening) Speaker Sir this is an expenditure that is being incurred in the establishment there and it does not relate to rehabilitation. Rehabilitation expenditure is quite distinct and separate. I wish to point out that the hon. Member is now discussing the implication etc. of Rehabilitation but not in the cut metre proposal which relates to the expenditure on establishment.
The same thing I am explaining.

A post of the expenditure, a sub-divisional demand. A posting in separate on which the whole expenditure is held. The item in which the expenditure can be divided into some expenditure in the Collector's Office.

Explanatory Memorandum

I am pleased to take this opportunity of putting before the House a new proposal that I have had in my mind for some time. The proposal is that we should adopt a new system of economy measures.

The basic idea is to reduce the amount of waste in all departments of the Government. This can be achieved by tightening up the control over expenditure and by introducing a system of cost accounting. The details of this proposal are as follows:

1. A new department of economy should be set up in each ministry.
2. A central economy committee should be established to oversee the work of the new departments.
3. All departments should be required to submit annual economy reports to the central committee.

I am confident that if this proposal is adopted, we will be able to bring down the cost of government and thus save a considerable amount of money.

Meir's Approach Rests on a Logical Fallacy. The concept of a new logic is being developed, and it is based on the idea that logic is not a set of rules but a process of thought. This new logic is called creative logic, and it is being developed by a group of philosophers who believe that logic is not a fixed system but a dynamic process that can be used to solve problems.

In this approach, logic is not seen as a set of rules that must be followed, but as a tool that can be used to explore different possibilities. The goal is not to find a single correct answer, but to explore a range of possibilities and see which ones are the most promising.

This approach is being applied to a wide range of problems, from science and technology to politics and economics. It is being used to develop new technologies, to solve complex problems, and to make decisions in a more informed way.

Supplementary Demands for Grants

24th July, 1953

Ladies and Gentlemen,

We have been informed that the Government has decided to grant an additional amount of Rs. 500,000 to the XYZ Company for the construction of a new factory. This grant is in addition to the Rs. 1,000,000 grant already given to the company in 1952.

The purpose of this grant is to enable the company to expand its production capacity and to meet the growing demand for its products. The company has assured us that it will use this grant for the intended purpose and will comply with all the conditions stipulated in the grant agreement.

We are confident that this grant will bring about a significant improvement in the company's performance and will contribute to the economic development of the country.

Yours sincerely,

*Dr G S Melkote Mr Speaker Su Dhurjati, the course of discussion, certain points were raised by some of the hon members. One was with regard to retrenchment. It has, already been answered by the hon the Chief Minister but I would like to assure the Member who raised this point that it has already been laid down as a policy that such of those staff as are to be retrenched in the Customs Department.

*Confirmation not received.
would be absorbed in the sales tax Department to the extent possible but in spite of that a few hands here and there who understand the technical nature of the Department have to be taken from outside. We are now expanding the Sales tax Department and it is in view of this fact that a small sum of Rs. 10,000 has been asked for in the supplementary demand.

With regard to the second point namely debt, the Hyderabad Government had taken loans in the past two or three years and the monies that have got be be earmarked for debt redemption was not being done. In addition to the loans that have already been taken there has been a further loan added on to that. I felt that according to the canons of finance it would be advisable from now onwards to earmark certain sums so that we may not be faced with a huge amount at the end of four or five years. It is in view of this that I have earmarked Rs. 50 lakhs as debt redemption fund.

With regard to sales tax, it was said that Members of the Opposition as well as the merchants in general are opposed to it and that the Finance Department should bear this in mind. I have certainly considered the whole situation. I would like to make things very clear to this House. Let it not be understood that the merchants are opposed to the sales tax. They are opposed only to the multiple point. They know and they have come and represented to me that the custom duty was abolished and that the State Budget has got to be so arranged that the Government could run. They are not averse to paying sales tax. All that they demand is a single point tax. During discussion of taxation proposals some of the hon. Members have raised this point and I pointedly asked them whether they want single point tax such as the hon. Members of the Opposition who supported the recent strike were opposed to the single point tax but wanted a multiple point tax. So the opposition that staged a demonstration recently are opposed against each other. One group does not want the tax and the other does not want multiple point tax. That is the point and I do not know how a group of people who are opposed to the tax could join hands with the other group who want the tax. But any way every opportunity is taken to create dissatisfaction. The sales tax also has been accepted by the Opposition and I do not know whether they want single point tax to be imposed. That is the whole situation and these are the three points that were raised during the discussion.
Apart from this there is the question of payment of Rs 2 lakhs. The fact is that the Reserve Bank of India agreed to lend Rs 4 lakhs to the Government of India in order to purchase our state shares by Rs 2.5 lakhs. This is an advantage accruing to the Government of India and hence we have earmarked Rs 2 lakhs for this purpose.

The Hindu Manthan want machinery in order that we may manufacture out of this gold and in order to purchase that machinery Rs 2 lakhs is wanted. That is why this provision has been made.

This is all the explanation that I want to place before the house now.

Demand No 3 Other Taxes & Duties

Mr Speaker I now take up cut motions to Demand No 3.

Shri V D Deshpande Mr Speaker Sir I beg to move

That the demand under the head Other Taxes & Duties be reduced by Rs 1/4.

Mr Speaker Motion moved.

That the demand under the head Other Taxes & Duties be reduced by Rs 1/4.

(The cut motion given notice of by Shri G. Subramani was not moved.)

Shri V D Deshpande Mr Speaker Sir We have received the cut motions to different demands but the amount which was put before us by the Honble Finance Minister is Rs 550,000. Then all the cut motions ought to have been brought together.

Mr Speaker let us take Demand No 3 first.

Shri V D Deshpande Mr Speaker Sir I have not got much to say on this.

Relief to consumers

I am a consumer (Constitute R. H. Roylance). I have written to you:

Towards the end of last month, I had a letter from the Consumer's Association, which informed me that the Bombay Consumers' Association had written to you asking for a reduction in the price of petrol. I am also a member of the Churna Consumers' Association, and I have been told that you have increased the price of petrol by 25%.

Dr. G. S. Melkote

Relief to whom?

Please explain and clarify this misunderstanding. Even before the imposition of the sales tax, we have decided to open sales tax department in six other centres and that was not the result of the increase in the tax from 2% to 4%.

I was already informed that this increase in tax would come in

Mr. SPEAKER: The hon. Dr. G. S. Malik has

Dr. G. S. Malik: Mr. Speaker, actually there is nothing for me to reply except the only question I used by some hon. Members with regard to the sales tax. They have already agreed to the motion in the sale tax and such the cut motion is unnecessary.

As I said on a previous occasion, the single point tax and the multiple point tax are there. If by single point tax it was possible to give the consumer the necessary relief, I would certainly have accepted that proposition. It is not thus a question of single point or multiple point tax. Keeping in view the consumer’s point of view and keeping also in view the administrative point of view and at the same time without allowing the merchants to make profit for themselves, I introduced the multiple point tax and this I made very clear already.

The other point, I used is the increase from 1 rupee to 2 rupees. I have given sufficient relief to the consumers already by abolishing the customs import duty. The relief is to the extent of 2 rupees of rupees which means loss to the exchequer to that extent. I want to get these 2 rupees from the sale tax department that would at least take 2 to 4 years or even more. It cannot be made good so soon in the very nature of things as this sale tax department organisation is still not fully strengthened. Thus on one hand the customs has gone and on the other, the sale tax will not be operative so soon and relief to the middle man is already there. I have already made these points quite clear and I do not think I have much to say at this stage.

Thank you.

Mr. SPEAKER: Now I will put the cut motion to vote.

Shri V. D. Deshpande: Speaker sa, I beg leave of the House to withdraw my cut motion.

Shri V. D. Deshpande: Speaker sa, I beg leave of the House to withdraw my cut motion.

That the demand under the Head 10 Other Taxes and Duties be reduced by Rs.

The motion was, by leave of the House withdrawn.

Supplementary Demands for Grants

Mr Speaker: The question is

That a sum not exceeding Rs 40,000 be granted to the Rajpiyamukh to defray the several charges which will come in course of payment for the year ending the 31st day of March, 1958 in respect of Supplementary Demand No. 3.

The Motion was adopted.

Mr Speaker: Now, to the other Demands no cut motions were moved in them. I shall put them in vote. Demand No. 5 for Rs 50,000,000 need not be put to vote as it is charged to the Consolidating Fund, and I shall put the remaining three Demands to vote.

The question is

That an aggregate sum not exceeding Rs 1,63,000 be granted to the Rajpiyamukh to defray the several charges which will come in course of payment for the year ending the 31st day of March, 1958 in respect of Supplementary Demands Nos. 16 (G 8), 17 and 18 (2).

The Motion was adopted.

We shall now take up Demand No. 2.

Shri V. D. Deshpande: There is one common cut motion of mine under Demand No. 12. I think it has been wrongly put there.

Shri V. B. Ray: The cut motion relates to the Demands of the Finance Minister for Rural Reconstruction which are going to be taken up later on.

Mr Speaker: I do not think there is any discrepancy or doubt. Let us take up Demand No. 2 in the name of Shri K. Venkat Ranga Reddy, Minister for Excise, Customs and Ic ests.

Mr Speaker Motion moved

That the Demand under the Head 18 other revenue expenditure financed from ordinary revenue be reduced by Rupee 1 to discuss the negligence of minor irrigation works

Mr Speaker Shri G. Rajapur

(Shri G. Rajapur in whose name the next cut motion was standing as per the list was not present in the House)

Shri Indira Bose in her statement had said that 18 Rupees 13 12 were not related to minor irrigation. Why the Government gave a demand for this amount? It seems a small sum of money. Why did the Government increase the demand? The Minister said that the amount was for irrigation work. The work in the area was not done properly. The irrigation work was not done properly. Why did the Government say that the work was done properly?

Shri Mehdin Naikas Junj Sir, I cannot very closely follow what the hon Member says.
