(a) Studies of the place of origins of the employees in a company are often conducted to understand the background and demographics of the workforce. This can be crucial for businesses that want to ensure workplace diversity and inclusion. Furthermore, it can help companies tailor their policies and practices to better meet the needs of their employees. In this regard, studies have shown that employees from diverse backgrounds tend to perform better and are more likely to stay with the company for longer periods.

toi loo Public Health Medical and Education be pleased to  
state: 

(a) The total expenditure incurred towards the ex  
cavation of ancient relics at Kondapuri in Sang,reddy taluq  
and what is their historic importance?  

(b) Whether some of these relics have been sent to  
Hyderabad in spite of the existence of a museum there, and  
if so how many?  

(c) Whether it is a fact that wages of labourers  
amounting to Rs. 2,500 employed for the above work have  
not been paid even after six months of the completion of  
the work in spite of numerous representations being made  
to the Government in this regard?  

(d) Will the Government take early steps towards  
payment of wages?  

(c) What are the reasons and who is the person res  
ponsible for the delay?  

Shri Phoolchand Gandhi (a) A sum of about  
Rs. 1,50,000 has been spent on the excavations of Kondapuri  
The importance of these excavations lies in the knowledge  
gained on the Andhra—Satavahana period. A brief account  
of these excavations and their importance has been published  
in the Annual Reports of the Archaeological Department in  
the learned journals like the Bulletins of the Bhandarkar Ori  
ental Research Institute and the Bulletin of the Hyderabad  
Archaeological and Historical Society. A monograph on  
Beads of Kondapuri is in Press and another on the Terracotta  
Figures is under preparation by the Director Archaeolo  
gical Department.  

(b) It is a fact that some of the articles have been  
transferred to the Archaeological Museum of Hyderabad for  
purposes of study by experts here and also to relieve conges  	ion at the Museum at Kondapuri. The Museum building at  
Kondapuri is very small and is not accessible in bad weather  
on account of the condition of the first five miles of the road  
after it branches off from the main road.
The antiquities of Kondapuri were sent to Hyderabad Museum for inspection to all scholars and visitors but not more easily accessible.

The objects included numbered to several thousands, and it is not possible to give a complete list. The relics tức include the following types:

1. Beads
2. 15 potter's figures
3. Broken pottery of various kinds
4. Inscribed ware
5. Painted ware
6. Ordinary Megillithic ware
7. Inscribed ware
8. Racketed ware
9. Animals' terracotta
10. Terracotta Amulets
11. Terracotta cult objects
12. Beads of Chalcedony bone or the same in a.
13. Stone axe of various shapes and sizes

It may be noted that only a few represent a part of each one of the above categories, and have been transferred to the Hyderabad Museum while the majority of the objects are still in Kondapuri.

(c), (d) and (e) Kondapuri has been declared a National Site from 1st April 1950 and all excavation work done there has been stopped. However, the Director of Archaeology has reported that only 7 persons, approached him claiming salary for the 3 months from 1st April 1951. They admitted that though they were not employed on any excavation work during this period, they had looked after the site to avoid cattle trespassing, and were claiming salary on this account. Payment to them, therefore, was withheld, because they were not employed with the sanction of competent authority. Nevertheless the Director, Archaeological Department has been instructed to see that payment of any amount that may be admissible to these labourers should be made immediately and the expenditure incurred might be recovered from the Government of India subsequently.

(3) Memorandum No 2514/87/55/GL II dated 30th July, 1952 from the Education Secretariat

(b) The Circular is not traceable at present. As soon as it is traced information will be obtained as asked for, which will take some time to collect from the several Primary and Secondary schools situated in all parts of the State.

(c) Answer can be given after the Circular is traced. But if the reference is to the orders removing the compulsion of mother tongue as media of instruction the answer is that it is not desirable in principle to compel students to take up any particular language or the mother tongue alone as the medium of instruction, since it might cause hardship in certain cases. Whereas Government will mainly provide facilities for instruction in the medium of the regional language of the area, option is given to students to take up any other language as the medium of instruction where facilities already exist for teaching in that language.

It is not expected that this would have any appreciable effect on the number of students taking their mother tongue as the medium of instruction because of the facilities now available for teaching mostly through the medium of the regional languages.

Business of the House

Under rule 160

A member who desires to move for leave to make a motion expressing want of confidence in the Council of Ministers on a particular Minister or a motion of approving the policy of the Council of Ministers or a particular Minister in a particular respect shall give written notice of such motion.

Then clause (2) of the Rule says

If the motion is admitted by the Speaker leave to take the motion may be asked for on such day not later than two days after it is admitted as the Speaker may appoint after posing questions and before the list of business for the day is entered upon.

Shri G Rajaram: Mr Speaker Sir I beg leave of the House to move the motion.

Mr Speaker: Those who are in favour of leave being granted may say Aye.

Shri L K Shroff: Mr Speaker Sir I would invite your attention to Rule 160 (3) which requires that after the Member has asked for leave of the Assembly to make the motion the Speaker shall read the motion to the Assembly.

Mr Speaker: Yes I shall read out the motion of Shri G Rajaram which reads

Sir

I hereby give notice of my intention to ask for leave to make the following motion expressing want of confidence in
the present Council of Ministers of Hyderabad state in accordance with Rule 160 of the Hyderabad Legislative Assembly Rules (as modified and adopted by the Speaker).

It being considered opinion of this House that the policies of the present Government of Hyderabad have not been only ill-conceived halting and uncoordinated but also poorly weighed against the welfare of the common people wherein they have failed to bring any reasonable advance in the life of the people particularly having failed to introduce basic land reforms vital for solving the food problem of country and protection of the peasants of Hyderabad having acted in defiance of clearly expressed wishes of all sections of the people in the matter of Sec. 11, having unilaterally transferred State owned Sainpur and 11 lakh acres to the hands of the private monopoly having hidden from the people over the civil liberties of the people, having flouted the wishes of the people by imposing undemocratic nominations on the Municipalities and in several cases thereby converting elected majorities into minorities, having utterly failed in the uplift and the safeguarding the interests of the Scheduled castes and tribes having bungled in handling the recent student movement leading to the dire consequences resulting in number of deaths, having meekly submitted to the transfer of the Osmania University to the Centre against the interests of the regional languages of the people of Hyderabad, and having miserably failed to root out corruption and antidemocratic character of the Bureaucracy, they have thereby lost the confidence of the people of Hyderabad, and as such this House expresses its want of confidence in the Congress Ministry of Hyderabad State.

Rule 160 (8) says

"After the member has asked for leave of the Assembly to make the motion the Speaker shall read the motion to the Assembly and request those members who are in favour of leave being granted to rise in their seats"

(Leave to Rise was unanimously granted to 65 members)

Mr Speaker As more than 40 members have risen leave is granted.
Now Rule 160 (8) further says that the motion will be taken on such day not being earlier than three days and more than seven days from the day on which leave is asked as he (the Speaker) may appoint.

Two days should be more than enough for the purpose and I take it that it is accepted.

Mr Speaker: We will get more time. After 15th of course there are few questions, and practically very little work. I take it that this proposal of two days time is acceptable to the House.

Shri B Ramakrishna Rao: Mr Speaker Sir, that depends on the number of speakers from the opposition side and the time that you allow for each speaker. I tentatively agree that two days will be enough.

Mr Speaker: Then Wednesday and Thursday, 17th and 18th respectively are fixed for the consideration of the motion.

Now, what about the other Members who have given notice of motions.
Shri Annaji Rao Gavai

The discussion will be the same no doubt, but I think there will be no harm nor does any work thereby suffer if the same is not moved. I therefore beg to ask leave of the House to make the motion standing in my name.

Mr Speaker I read out the motion.

I move that this House expresses its want of confidence in the present Council of Ministers of Hyderabad State for having failed in general to satisfy the legitimate demands of the people, in particular for having, failed to this day to introduce effective measures in land reform the uplift and safeguarding of the interests of the scheduled castes and tribes, for having tolerated and allowed with impunity the widespread lawlessness and goondasism to be perpetrated by the followers of the Congress party thus creating a reign of terror in the City and Districts, for flouting and trampling the principles of democracy by imposing nominated membership in various administrative and local bodies created under various laws for bringing the lower middle classes on to verge of economic collapse for raising the sales tax abnormally and thus destroying the small traders and buying power.

Shri Annaji Rao Gavai

That is not my motion Sir.

Mr Speaker I see. The hon Member's is a small one I shall read out that now.

I move that this House expresses its unequivocal disaprov of the policies of the present Ministry and its utter distrust of its methods of Administration and declare its lack of confidence in the Ministry's competence in the present troubulous times to serve the best interests of the people.

As there are more than 40 Members who lose in their seats leave is granted.

Shri Sharan Gowda (Jewarji Andoln) I beg leave of the House to make the motion.
Mr. Speaker. This is his motion.

I move that the House expresses its want of confidence in the present Council of Ministers of Hyderabad State for having failed in general to satisfy the legitimate demands of the people, in particular, for having failed to this date to introduce effective measures in land reform, the uplift and safeguarding of the interest of the Scheduled Caste and Tribes, for having tolerated and allowed with impunity widespread lawlessness and goondasim to be perpetuated by the followeors of the Congress Party, thus creating a reign of terror in the City and Districts, for flouting and contravening the principles of democracy by imposing nominated membership in various administrative as well as local bodies created under various laws, for bringing the lower middle classes on to verge of economic collapse, for raising the sales tax abnormally and thus destroying the small traders and buying power of the people, for having submitted to the Central Government as regards the transfer of the Osmania University without the prior sanction and knowledge of the people, for the strangling and suppression of mulki industries and enterprises in favour of sell out to powerful private capitalists in the interest of the matter of Supur Paper Mills and Suwalk all in utter disregard of the wishes and interests of the people of this country and state, for their total inertia in even at tempting to eradicate corruption, nepotism and craft, and, above all, then utter insufficiency and lack of will to courageously face the reality of the problems, and then serve sub servience to the bureaucracy of the Central Government even against the interest of the people in order merely to hold the power.”

As there are more than 40 Members who rose in their seats leave is granted.

Now, there is one more motion.

Shri Uddhav Rao Patil. I do not want to move the motion, Sir.
J. Speaks  The subject should take up to 10 minutes
