Rule 14:

(1) The motion shall be taken into consideration on a subsequent day or days to be appointed by the Speaker for the purpose and the Assembly may then discuss generally the matters referred to in the address.

(2) Amendments may be moved to the motion by way of additions at the end of the motion for raising questions of public policy.

... "As Hyderabad State is constituted of three linguistic areas its future is linked up with the impending linguistic provinces and it assumes national significance. The artificial barriers will have to disappear some day or other and the Congress will have to solve this problem also though we, the people of Hyderabad, should have a say in this matter."

... "We on this side of the country have hailed the announcement of the Prime Minister in this connection as a step in the direction which would go to satisfy a formidable section of the people in this country...."

Discussion on Motion for presenting Address of Thanks to the Rajpramukh

We feel that the rulers of the States who had waged wars against the people should not continue any longer as the Rajpramukhs. This institution of the Rajpramukhs is a misnomer in a democratic age. Whatever be the justification for creating this institution in a set of circumstances existing then, when a democratic regime has come into existence on the basis of adult franchise, the continuance of this pattern is rather unwholesome.

Speaking on behalf of ten crores of the people of erstwhile Indian States, I wish to say that the institution of the Rajpramukhs should be done away with at the earliest and in its stead, the institution of the Governor, drawn from those known for their service in the cause of the nation, should come into vogue.

“...My Government is doing its best to stimulate and accelerate the economic regeneration of the State..."

‘But regret that the land policy of the Government is half-hearted which does not meet the expectations of the tillers of the soil’.

Shri G. Sreeramulu: Sir, I beg to move:

‘That at the end of the Motion the following be added, namely,

‘But regret to note that the Government have miserably failed to minimise if not root out, the growing corruption malpractices and stagnation in public services, to protect all the tenants from deteriorating condition and adverse effects resulting out of Tenancy Act due to corrupt means adopted by the feudal classes and to satisfy the people in any sector of administration.’

Mr. Speaker: Amendment moved:

‘That at the end of the Motion the following be added, namely,

‘But regret to note that the Government have miserably failed to minimise if not root out the growing corruption malpractices and stagnation in public services, to protect all the tenants from deteriorating condition and adverse effects resulting out of Tenancy Act due to corrupt means adopted by the feudal classes and to satisfy the people in any sector of administration.’”

Now, most of the amendments have been moved except a few. Will it be possible to finish the discussion before 7.00 p.m. today?

Shri V. D. Deshpande: I do not think we can finish the discussion today. We have to continue it tomorrow also. According to the schedule, we have 2 days’ discussion. But due to certain unfortunate incident, we could not do it. So we can continue it till tomorrow and finish it tomorrow.

Mr. Speaker: I hope, we should be able to finish the discussion by 4.0 p.m. tomorrow. After all, all the amendments put together practically aim at one conclusion. Any how, we shall try to finish by tomorrow.

Now, we shall have a general discussion on all these amendments. There are about 27 amendments of which 2 or 3 have been dropped. I do not think every mover of the amend-
ment will have a chance to speak and so I do not call upon every mover to speak. Those who stand up and catch the eye of the Speaker will be allowed to speak.
