Mr. Speaker: A question has been raised regarding item No. 57, for Rs. 1,64,57,000 demands to H.E.H., and Jagirdars. This item has been shown as a charged item, and could this be so? Can the hon. the Chief Minister clear this doubt?

Shri B. Ramakrishna Rao: I shall look into this question, Sir. I think an objection was raised before, perhaps, last year. So far as I can remember, I thought, it was a charged item. This question has been again raised now, and I shall examine it in detail. The Government has been examining it and we have been trying to get legal advise. I shall look into this and answer the question later.

Mr. Speaker: Now, we shall take up cut Motions.

Demand No. 2—Land Revenue—Rs. 1,35,14,000.

Famine Conditions in Telengana

Shri K. Venkat Ram Rao: I beg to move:

"That the grant under Demand No. 2 be reduced by Rs. 100."

Mr. Speaker: Motion moved:

"That the grant under Demand No. 2 be reduced by Rs. 100."

Working of Jamabandi

Shri K. Venkat Ram Rao: I beg to move:

"That the grant under Demand No. 2 be reduced by Rs. 100."

Mr. Speaker: Motion moved:

"That the grant under Demand No. 2 be reduced by Rs. 100,"
Shri K. Venkaiah (Madhira): I beg to move:

"That the grant under Demand No. 2 be reduced by
Rs. 100."

Shri B. Ramakrishna Rao: I want to make one observation, Sir. Some of the cut Motions are worded in so vague a manner that it is not possible for me to know what exactly hon. Members are going to discuss. For example, this cut Motion, No. 3, just now moved by the hon. Member from Madhira, to reduce the allotment of Rs. 1,35,14,000 to discuss the working of District Administration. This is so vague a subject, that under the head 'District Administration' there are a variety of subjects, everything that comes in the course of the administration of the district. I do not know whether this is quite in order, Sir.

Mr. Speaker: The motion would relate to Revenue.
Motion moved:

"That the grant under Demand No. 2 be reduced by
Rs. 100."

Forced Labour in Villages

Shri R. B. Gurumoorthy (Khammam-Reserved): I beg to move:

"That the grant under Demand No. 2 be reduced by
Rs. 100."

Mr. Speaker: What is exactly meant by 'forced labour' in villages?

Shri Gurumoorthy: Yetti and Begari.

Mr. Speaker: Motion moved:

"That the grant under Demand No. 2 be reduced by
Rs. 100."

Implementation of Laoni Rules

Shri K. Ram Reddy: (Nalgonda-General): I beg to move

"That the grant under Demand No. 2 be reduced by
Rs. 100."
Shri B. Ramakrishna Rao: Mr. Speaker, Sir, I again want a clarification. The hon. Member wants to discuss the implementation of Laoni Rules. I want to know whether he means the Special Laoni Rules.

Shri K. Ram Reddy: Special as well as ordinary Laoni Rules.

Shri B. Ramakrishna Rao: Under the Special Laoni Rules, certain orders have been passed for issuing lands to Harijans etc. I thought the Member would like to discuss this aspect.

Shri K. Ram Reddy: I want to discuss Special as well as Ordinary Laoni Rules.

Mr. Speaker: Perhaps he means Special Laoni Rules.

Motion moved:

“That the grant under Demand No. 2 be reduced by Rs. 100.”

RE-ASSESSMENT OF EX-JAGIR VILLAGES

Shri Gopal Rao (Pakhal): I beg to move:

RENT-CONTROL POLICY OF GOVERNMENT

Shri A. Raj Reddy: I beg to move:

“That the grant under Demand No. 2 be reduced by Rs. 100.”

Mr. Speaker: Motion moved:

“That the grant under Demand No. 2 be reduced by Rs. 100.”

FAMINE CONDITIONS IN HYDERABAD STATE

12th March, 1958. General Budget—Demands for Grants

Mr. Speaker: Motion moved:

“That the grant under Demand No. 2 be reduced by Rs. 100.”

LAND DISTRIBUTION POLICY

Shri Arutla Laxmi Narsimha Reddy (Wardhannapet): I beg to move:

“That the grant under Demand No. 2 be reduced by Rs. 100.”

Shri B. Ramakrishna Rao: Mr. Speaker, Sir, here again I would like to know from the hon. Member what he means by ‘Land Distribution Policy’. There is no policy, so far as I know, of land distribution as such. I would like to know whether he means the same Special Laoni Rules, reference to which has already been made by another hon. Member, or has he under contemplation any other land distribution policy?

Shri B. Ramakrishna Rao: I would like the hon. Member to be more specific. If he has in mind tenancy problems, let him say so, so that I can be prepared to answer; otherwise I will be at sea.

Shri Arutla Laxmi Narsimha Reddy: I want to discuss the tenancy problems.

Mr. Speaker: Instead of land distribution policy, let us put it as ‘tenancy policy’.

Motion moved:

“That the grant under demand No. 2 be reduced by Rs. 100.”

PAY OF OFFICERS

Shri Uddhava Rao Patil: I beg to move:

“That the grant under Demand No. 2 be reduced by Rs. 100.”
Shri B. Ramakrishna Rao: Mr. Speaker, Sir, here also just a little clarification is needed so that we may be able to discuss the subject well. Perhaps the hon. Member has in view the pay of Revenue Officers right from down below to the highest cadre or is there any limitation.

Mr. Speaker: The Member probably wants to discuss the pay of village officers!

Shri Uddhava Rao Patil: I want to discuss the pay of all officers of the Revenue Department.

Mr. Speaker: Let us now regulate the time. Today, instead of adjourning at 1-0 p.m., we shall adjourn at 1-30 p.m. after finishing the work.

Shri V. D. Deshpande: As I have already suggested, in view of the fact that the Chief Minister’s demands are many and that they require much discussion we may meet again in the evening and work from 5 p.m. to 8 p.m.

Shri B. Ramakrishna Rao: My demands are not many; but the motions for reduction of grants are many. I counted them. They are 75 in number. Out of them 2 or 3 were not moved by the courtesy of the hon. Members. There are,
therefore, 72 or 73 motions. I have absolutely no objection to the entire forenoon being given for the discussion on the motions and the afternoon sitting as the hon. Leader of the Opposition suggested may be given to me for reply.

Mr. Speaker: If we are to meet again in the afternoon, suggested from 5 to 8 p.m., better we close by 1 p.m., instead of at 1-30 p.m., and then again work from 5 to 8 p.m. We, shall take up all the motions together and there will be a general discussion on all. As on previous occasions there will be no separate discussion on motions for reduction of grants on each demand. Then regarding time for each individual, I think it must be curtailed as there are many motions and we cannot have the same latitude as before. We have already had discussion on the Budget in general. Probably, general policies of the Government will now be discussed, like General Administration etc. It is now nearly 10 O’clock and with half an hour recess, we have got only 2½ hours at our disposal before we rise at 1 O’clock. In order to give opportunity to as many members as possible, I like to fix the time, say 5 minutes or 10 minutes. I would request the hon. Members not to take more time than is absolutely necessary.

Shri V.D. Deshpande: I suggest that the Chief Minister need not take 3 hours for reply. He may be given 1½ hours, say from 6-30 p.m. to 8 p.m. and the members be given time till 6-30 p.m. I am agreeable to 10 minutes being fixed as the time-limit. If any hon. Member has to speak on more than one motion, he may be given a few minutes more, if he needs. Then, instead of a general discussion in which very few members can take part, I suggest that opportunity be given to each mover of the motion so that he may speak on his own motion and also on other matters that he may like. But I insist that all members who have moved the motions should get a chance to speak. I suggest that the members may be called in the serial order in which the motions stand and they will have to speak keeping the time-limit in view.

Shri B. Ramakrishna Rao: I think it is rather impracticable. There are 72 motions and 10 minutes for each comes to 720 minutes and so much of time is not at our disposal. Necessarily some members will have to forego their chance. For example, there are 6 cut-motions on famine conditions and one member, I suggest, may take the responsibility of speaking on all the cut motions. Thus time could be saved.
Shri V. D. Deshpande: Sir, I have already expressed the view that the time-limit should be borne in mind and that each individual mover should be given a chance.

Mr. Speaker: I do not think it is possible that each one of the members should be given a chance. The Chief Minister wants 3 hours for reply. He may be given 2 hours only. Those who are able to catch the Speaker's eye will speak and there will be a general discussion in that way.

Shri V.D. Deshpande: Again, I request you, Sir, that every Member be given a chance. Even if you reduce the time-limit to 5 minutes, I have no objection; but I am particular that every member should get a chance. What I suggest is that some members may be given 5 minutes, and some, 10 minutes, according to the number of motions they have moved.

Shri B. Ramakrishna Rao: It is not only the movers of motions that can speak. But members on this side also will like to speak on the motions. How many minutes or how many hours are at our disposal, is the factor that we have to take into consideration. In view of that, it is not possible that every member should have an opportunity ville nili.

Shri V. D. Deshpande: It is not a question of ville nili. When a member has tabled a motion, he must be given an opportunity. Time-limit should be there; if necessary, it can be reduced; but the member should be given a chance to speak on his motion.

Mr. Speaker: If the time is not sufficient they will not get any chance.

Shri Anikush Rao Venkat Rao Ghare: I plead that every member who has moved a motion must get a chance. That will give him an idea to speak precisely and the time-limit may even be reduced to 3 minutes.
598 12th March, 1953. General Budget—Demands for Grants

Mr. Speaker: Time-limit is suggested to be from 10 minutes to 5 minutes and from 5 minutes to 3 minutes. We shall see. I shall try to give as much time to as many members as possible. Now let us have a general discussion. Now Shri V. D. Deshpande.

Shri V. D. Deshpande: I am suggesting that the members be called in the serial number of the cut-motions moved.

Mr. Speaker: I want to give more time to you. But that is all right. I cannot call the Members in order. Now, Shri K. Venkat Rama Rao, will speak on his motion.

Dehaze and wholesale business in the large towns and cities of the country. The government has stepped up its efforts to control prices, particularly in the urban areas. The prices of essential commodities have been stabilized, and the government has taken steps to ensure a fair distribution of these goods.

Juxtaposition of national and international interests. The government has been actively engaged in negotiations with foreign countries to achieve its goals. It has been successful in obtaining favorable terms for trade agreements and has also been able to secure foreign aid for development projects.

Defacto

Fiscal policies and financial measures have been introduced to stimulate economic growth. The government has increased taxes on luxury goods and raised interest rates on savings. This has led to a decrease in the money supply and a rise in interest rates on loans.

Check Up

Economic indicators show signs of improvement. The gross national product has increased, and the inflation rate has been brought under control. The government has introduced measures to increase the supply of goods and services, and these have had a positive impact on the economy.

Tendency

On the whole, the country is moving in the right direction. However, there are still some areas where improvement is needed. The government is working to address these issues and expects to see further progress in the future.

Corruption

The government has made efforts to combat corruption. Several high-profile cases have been investigated and prosecuted, and a number of officials have been expelled from the service. However, more needs to be done to root out corruption at all levels of government.

General Budget—Demands for Grants

Top-heavy Administration (Head)

The Top-heavy Administration is a clear example of a system where the administration is heavy-handed and inefficient. It is a system where the administration is so cumbersome that it hinders the smooth functioning of the organization.

Simplify

Simplify is the key to improving efficiency. It involves reducing unnecessary bureaucracy and streamlining processes to make things easier and more efficient.

Charity

Charity is a system where a portion of the budget is allocated to organizations that work towards social welfare and public good. It is a way of giving back to society.

3 Mr. President, I will now move that the Estimate for the Department of Home Affairs, amounting to Rs. 164,000,000 be passed. This includes a reduction of Rs. 40,000,000 on the estimates of the police force. The reduction is necessitated by the fact that the number of police personnel has been reduced considerably in the past year. The police force is now operating at about 80% of its maximum capacity. The reduction is, therefore, expected to result in a saving of Rs. 164,000,000.

In addition to the police force, the Department of Home Affairs is responsible for the administration of the local self-government institutions. The estimates for this purpose amount to Rs. 100,000,000. These funds are required for the payment of salaries and allowances to the local government officials.

The Department of Home Affairs also deals with the matter of floating loans to the States. The estimated amount for this purpose is Rs. 30,000,000. These loans are given to the States to meet the cost of development projects.

I would also like to mention that the Department of Home Affairs has been allocated Rs. 50,000,000 for the maintenance of the national parks.

In conclusion, I would like to say that the estimates for the Department of Home Affairs are in line with the overall budgetary policy of the Government. They are designed to ensure the efficient administration of the local government institutions and the maintenance of law and order.

Mr. President, I move that the Estimate for the Department of Home Affairs be passed as presented.

कुछ स्वाभाविक कहलाते हालात हैं। लेकिन कहते हैं के मुकाम पर काम करने वाले अफसरों की राय मे यह स्केवरसिटी आर्थियाज (Sarcity Areas) है। हुमायुद म की राय मैं और लोगों की राय मे आबोलफ है। जिससे विविध से मैंने अफसरों के पास रिप्रेजेंट (Represent) कि या था। मैंने कहा कि वहां तुम्हारे हो चुकी है। तुम्हारे हो के नियम जो बीजा का खर्च किया गया बुखारी रकम भी किसान का कभी मिल सकी तुम्हारे हो के नियम खर्च किया गया बुखारी भी बुझे न मिला तो बहुत चाहते मे रहाए है। चारे के बारे मे भी रिप्रेजेंटैशन कि गया गया तो कहा गया कि हम चारा नहीं लाएते। अगर कोई प्राइवेट बीजसी (Private Agency) बुझे लाये तो हम बुझे नहीं निभाये कर सकते हैं। अनाज के साथ साथ चारे की भी बुखारी भी बहुमत होती है। यद्यपि किसान की जिविती का सारा दारोगमदर बुझे के जानवरों पर होता है। अगर आपको पाच साला मोजना का कामयाब बनाना है, तो जानवरों का कभी न होने देने की तरफ आपको ख्याल रखना होगा।

अन्यां के समस्त हैं कि जिस फैमिन अर्थिया (Famine Area) मे करीब 50 परसेंट जानवर या तो किसानों मे मुख मे बांट दिये हैं या वो मर गये हैं। अगले पाच साल तक अगर किसान ये जानवर सहित नहीं कर सका तो बेस्कुलमेंट प्लान (Development Plan) मे जो स्वाभाविक अनाज झुगाओ स्कीम है वहां कामयाब नहीं हो सकेगी हैं। यह जिस फैमिन कोड (Famine Code) है वह 111 की सबी मे बना हुआ है। अगर घुटबी कोड की हम 20 की सबी मे बेकर बदले, और कहें कि घुटबी कोड के मुताबिक यहां फैमिन नहीं है, तो बड़ी मुसीबत होनेवाली है। बाज घुमामट के अफसर जिसे कोड का रुपाहरा देते हुए कहते हैं कि यह यहां फैमिन है लेकिन कानून के मुताबिक हम तो जिसे स्कारिटी अर्थिया (Scarcity Area) ही कहेंगे। जिसकविया जिस फैमिन कोड मे जब तक तबड़ी की काटी तबतत रिप्रेजेंटैशन (Representations) होमेवाले हैं हर तीन साल मे खालकर मराठवाड़े मे कभी बारिश की कभी होने की वजह से या कभी फसल की कभी होने की वजह से लोगों की तरफ से प्रतिम निमो की कारण आती रहती है और जैसा कि जिससे बताया गया है हर साल 31 करोड टोन्ने लघट खर्च किया जाता है। विवादके बावजूद वित्तविद्वेश मे अगर कोई बेकर ठोस स्कीम तैयार की जाय और बुझे मुताबिक नाम किया जाय, तो वित्त तरह से करोडों दूरे हर तारल खर्च करने की जरूरत नहीं पड़ती, और हुमीद और अभ्यास दोनों को हृदयते के चिप्पे हिस्रोणाम का बांट से छुटकारा मिलेगा।

दूसरी बीज यह है कि लेड रेस्र्स्टुटिव टेनेंसी अंडर (Land Revenue Tenancy Act) के माध्यम जो विभिन्न आपने काम की है यह टेनेंस के चिप्पे बाबदेश्वर नहीं है। आपकी गलती टेनेंस को बहुत बिना करने करती है। अचेक बॉबिनस्स आप निकाला जो चार दिन के बंदर अचेक गलती निकलती है। साल मे तो बार गलती आती है तो बुझे की वजह से केसेस पेंडिंग (Pending) पड़े रहते हैं, और बुझे विपोज्ज (Disposal) मे देरी होती है। जिसकी वजह से स्किटियाम (Litigation) बढ़ता है, और अभ्यास मे बेचेष्टी मौत लै।।। कभी कभी वैसा होता है कि उसी कलक्टर के बेकर बाबदर से जमीनार्थ अचेक टेनेंस को दे दी जाती है। लेकिन कुछ चिप्पे से अचेक गलती से आ जाती है और यह बुझे निकाला से टेनेंस से वह सारी जमीन वापस की जाती है। विस्तृत वजहें है लोगों मे धुमनी भी पैदा होती है। जापकोजे सर्कूर्स्स (Circulars) हैं बुझे मार्ग निर्देशितेशन (Interpretation) अफसरों ने किया है। विस्तृत निर्देशिते मे बेकर वित्तविद्वेश के मे अपनी तकदीर खत्म करना।

Narayan Tathiselladkar: The demand for grants is now under discussion. The Civil Procedure Code (CPC) was amended in 1958. It has been proposed to amend the code to provide for the protection of tenants. The amendment is to be made in consultation with the law officers of the state. The protection of tenants is important as it affects the social fabric of the state.

Mr. B. N. Desai: Mr. B. N. Desai, the member from the Vidarbha region, moved a motion to demand grants for a specific purpose. The motion was seconded by Mr. A. K. Shah, the member from the eastern region. The motion was passed unanimously with the support of all the members present.

Shri K. Papi Reddy (Ibrahimpatan-General): I moved a motion to demand grants for the protection of wild animals. People in cities and towns may consider this minor problem, but to a cultivator and a villager, it is a major problem. Since the Police Action and before the pretext of Law and Order—I am not here to discuss the success or otherwise of the Government’s Policy relating to the protection of wild animals.
possible and thus reduce their number. In Australia, they have made a provision of nearly 3 crores under this head; but that may not be possible in a State like ours. But if the same rate of growth of wild animals is kept unchecked, the trouble will be greater; and if necessary help of the Police, H.S.R.P. or Indian army should be taken in this regard.

Of course as far as our budget is concerned, there may not be any provision like that, but I fear if the same conditions prevail, Government will have to spend heavy amounts on Police Camps and even call the armed forces. I, therefore, request the Hon'ble Minister concerned to take constructive steps and advise or instruct the district officials to attend to the needs of the cultivators and help them wherever possible. Small prizes may be issued in deserving cases; even a certificate will do. Government must see that this menace is put an end to and less trouble is caused to the cultivators. This will result in peace in our villages and also the yield from crops would be better.

I have given only a few instances. There are other areas and jungles infested with these wild animals, and I feel, as a cultivator myself, something must be done at once. Not only in Telengana, I am informed, in several other places, this menace is causing havoc—they have different kinds of wild animals in different places. If the Government continues to be negligent and lethargic, and if the Government does not grant lethal weapons to the cultivators, within a year or two, the situation will get serious. Hon'ble the Home Minister must not be afraid that the cultivators will misuse the weapons. We must have some faith in them. The cultivators must be granted licences—atleast for two or three muzzle loaders which are being dumped in the Amberpet dump and the dumps in district headquarters. These arms could be easily issued with benefit to cultivators who are interested and who show sufficient stamina to bring down this menace. The district officers going in jeeps and wasting even ten dozen rounds will not solve the problem. It should be tackled as it should be tackled. We should patronize these games and encourage the cultivators. The Government knows the difficulties the cultivators are having in getting licences for arms. They go to the Collector’s Office with a rupee stamp and with an application. They go to the Collector’s office several times. If the Sub-Inspector agrees, the Circle Inspector does not agree, the D.S.P. does not agree and finally the Collector does not agree and the matter is
indefinitely delayed. If the Governmental machinery is satisfied about the bonafides of the person, then licences should be granted and arms and ammunition should be supplied. Government should not be too stringent in granting licences, but patronise this game, which increases the spirit of the public and also protects our crop.

Revenue Board

and the Government.

The Government should not be too stringent in granting licences, but patronise this game, which increases the spirit of the public and also protects our crop.

Land Revenue

Taxation
(1) to examine the manner in which the burden of taxation is distributed at present between the different classes of the population;

(2) to consider whether the whole scheme of taxation—Central, Provincial and Local—is equitable and in accordance with economic principles and if not in what respects it is defective;

(3) to report on the suitability of alternative sources of taxation.

Land Tax.—This tax is one of the oldest of taxes and the principle basis of assessment in different countries is (1) capital value, (2) Unimproved or public value, (3) net produce (4) annual, and (5) the net income of the farmer.

The defects of the present system of the land revenue assessment are (1) want of definiteness, (2) the land revenue is not only not progressive but actually tends in the opposite direction; at one end the largest land-lords pay a comparatively small part of their surplus while at the other end of the scale comes the cultivator of the uneconomic holding who has been led to extravagant expenditure by an improvident clause in good years followed by indebtedness and transfer of lands to money-lenders in the lean years.
