258 (445) Shri A Guviya Raddy (Siddipet) Will the hon. Minister for Social Services be pleased to state
(a) Whether the tour undertaken by him in Ramayyanpet constituency from 20th to 28th February 1958 was in connection with official duties?
(b) If so, the villages visited by him?

Shri Shanker Deo (a) Yes
(b) Visited Ramayyanpet, Cheimeda, Naskal, Rayalapur and Kalavakunta.
(c) No promises were made. But the people were assured that the Social Service Department would provide necessary funds for digging of wells and acquisition of land sites for Haqins as far as funds permit.

Arrangs of Revenue

72 (251) Shrimati S Laami Baig Will the hon. Minister for Revenue be pleased to state
(a) The taluquwise arrears of revenue in Hyderabad district since 1950?
(b) The taluq where the arrears are highest and the reasons for the same?
(c) Whether any action has been taken against the revenue officials responsible for the accumulation of such arrears?

Shri B Ramakrishna Rao (a) Statement showing the taluquwise arrears of Revenue in Hyderabad district together with a statement of Wajuhans (authorised arrears) since 1950 is enclosed herewith.

(b) The taluq where the arrears are highest is Hyderabad West. The reasons being that special assessment (Dhara Khas) has been levied on many of the lands in this taluq during the Sarfe Khas regime and such enhanced assessment has remained uncollected. After the integration of Sarfe Khas survey of these lands has been undertaken and until and unless it is finalised, collection cannot be made. Moreover, the Sarfe Khas authorities had also levied Dhara Khas on
lands acquired for Government Buildings viz. Osmania University etc. and these include a huge amount recoverable from Jaghars.

(1) As the accumulation of area was due to the peculiar realignment of the district formed after the integration of Sarf e Khas and Jaghars and as Revenue officials are not responsible the question of taking action against them does not arise.

Village Roads

78 (65) Shri Baswan Gouda (Lingsugur) Will the hon. Minister for Local Self Government be pleased to state

How many village roads were repaired in Raichur district and also in Lingsugur taluk during 1951 529

Shri Anna Rao Ganamukhi 28 village roads were repaired in Raichur District of which 9 belong to Lingsugur taluk

Business of the House

I hereby give notice of my intention to ask for leave to make motion for the adjournment of the business of the Assembly for the purpose of discussing a definite matter of urgent public importance namely —

The Commissioner of Police Hyderabad promulgated an order banning processions, demonstrations and meetings within a radius of 500 yards from the State Assembly and the District Magistrate Hyderabad prohibited processions and public meetings in the State Capital and Secunderabad for a month from today onwards in view of the anticipated processions of the Trade Unions regarding demonetisation problems and its consequences.

Admitted that people are supreme in democracy they rule through legal representative organs like Assembly etc. They represent agitate and press matters through press platform meetings and processions. This is invariably the accepted order of democracy. Quite against this here in Hyderabad legitimate and peaceful public agitation is sought to be suppressed and strangled nay nipped in the bud in all forms by resorting to the same age-old autocratic and impertinent police devices of promulgation of orders and curfew etc in the interest of so called law and order. It passes
one's comprehensions and let me see this if I hold handed and wholesale attacks upon and curtailment of civil liberties and democratic rights which calls forth the condemnation in strongest terms from all quarters. Hence the urgency and public importance of this matter to be discussed and the attention of the Government to be drawn towards it.

Shri V D Deshpande Mr Speaker Sir Repeatedly the Police Department is promulgating such orders whenever the peasants workers or other toiling classes of Hyderabad want to represent their grievances to the Minister concerned. It has become a tradition more or less for the Home Department and the Police under them to stifle the voice of the people in this particular way. In other provinces people are allowed to represent to the Ministers themselves, go and hear what the people have to say. But here the old tradition is being allowed to continue and it is against this particular outlook of the Government that we wanted to move the adjournment motion. It is a matter of great public importance. My information goes to show that the people of Hyderabad have become so desperate that I have good reason to believe that Section 14A and the ban on processions etc may even be defied in order to demonstrate against the repressive policy of the Government. I therefore feel that as representatives of the people we are entitled to have the adjournment motion discussed in order to express our feelings against the policy of repression of the ruling party.

Mr Speaker The hon Member may discuss the point at the time of the first reading of the Demonetisation Bill.

Dr Melkote may now move for the first reading of the Hyderabad Currency Demonetisation (Consequential and Miscellaneous Provisions) Bill 1958.
Shri G Sriramulu Mr Speaker Sir As at present scheduled this session of the Assembly will last till the 11th April If the session is being extended beyond that date we should be informed of the same so that we can give notice of questions 15 days in advance as required by the rules

Mr Speaker All right I shall look into it

L A Bill VI of 1953 the Hyderabad Currency Demonetization (Consequential and Miscellaneous Provisions) Bill 1953

Dr G S Melkote I beg to move

That L A Bill No VI of 1953 the Hyderabad Currency Demonetization (consequential and miscellaneous provisions) Bill 1953 be read a first time

Mr Speaker Motion moved

That L A Bill No VI of 1953 the Hyderabad Currency Demonetization (consequential and miscellaneous provisions) Bill 1953 be read a first time

Dr G S Melkote Mr Speaker Sir The statement of objects and reasons given in the bill is as follows —

The intention of this Bill is to meet the situation which would arise in respect of various laws and contractual obligations when the Os currency ceases to be legal tender after the 31st March 1953 and IG Currency becomes the sole legal tender in Hyderabad State

The House is aware that currency has become a Central subject and the Centre is making provision for the demonetization of the Hyderabad Currency It is in view of this that a (consequential and miscellaneous provisions) legislation has been brought before this House The different clauses of the legislation have been clearly enunciated in the above Bill

Here I have got to add only one word with regard to the Sales Tax The clause relating to Sales Tax embodied in the Bill before the House is not with a view to increase the tax structure on the sales tax as such I have made it abundantly clear in my reply to the discussion on Budget that I am
L A Bill No VI of 1953 the Hy 27th March 1953

brining up certain important amendments to the Sales Tax Act itself. So if any Member either this side or the opposite wishes to suggest any changes in the tax structure, he may do so at the time of discussing the amendments to the Sales Tax Act which would be brought in probably about the Ist of April. This particular clause has been included in this Bill in order to make the working of the Sales Tax Department smooth since Indian currency is being demonetized and it has to give place to the IC currency. This is all that I wish to say at this juncture.

Thank you.

Dr G S Mehtate The hon Member is saying that demonetisation would affect 80% of the population. He is pleading for increase of rates to Govt servants and workers in other industrial concerns and factories which will benefit only 1%. I would like to know by what means you are going to benefit the remaining 79%?

The House then adjourned for recess till Thirty Five Minutes past Five of the Clock.

Social Consciousness

It is clear that the government has taken a step in the right direction by demonetising high value currency notes. This move will help in reducing black money and other illegal activities. The government has also introduced provisions to prevent the use of demonetised notes in various transactions. The new currency notes are also designed to be more secure against counterfeiting.

The move is expected to have a positive impact on the economy, as it will help in creating a more transparent and accountable system. It is hoped that this step will also help in reducing the black money problem, which has been a major concern for the government.

In conclusion, the government's decision to demonetise high value currency notes is a welcome move towards creating a more secure and transparent economy. The new currency notes are designed to be more secure against counterfeiting, and the government has also introduced provisions to prevent the use of demonetised notes in various transactions. The move is expected to have a positive impact on the economy, and it is hoped that this step will help in reducing the black money problem.

Rise of prices

Goa was a state with a large maritime trade. The 17th century saw a significant rise in the prices of goods. This was due to various factors, including an increase in demand and a decrease in supply. The rise in prices affected the lives of the people, especially the working class and the poor.

The government of the time took several steps to control the rise in prices. One such step was to issue a bill that made it illegal to hoard goods. This was intended to ensure that goods were available in the market and to prevent merchants from inflating prices.

The bill also included provisions for the control of prices. It allowed the government to fix prices for certain goods, especially those that were critical for the economy. This was intended to protect the consumers from the effects of the rise in prices.

Overall, the bill was a significant step in trying to control the rise in prices and to protect the consumers from exploitation. It demonstrated the government's commitment to ensuring the well-being of its citizens.
