Starred Questions and Answers

In the House of Commons, 26th March 1958, the Home Secretary had replied to the following question:

"What is the position regarding the construction of a new police station in City D?"

The Minister of State for the Home Department replied:

"The position is that the construction of a new police station in City D is currently under consideration. Further details will be provided once a decision has been made.

1. Regarding the provision of police officers to City D, no changes are planned in the immediate future due to budget constraints.

2. The current police station in City D is inadequately equipped and lacks facilities for modern policing. Negotiations are ongoing to acquire additional equipment.

3. A public consultation process has been initiated to gather input from the residents of City D on their policing needs. Results of this consultation will inform future planning.

4. The Government is committed to improving policing services in City D. Steps are being taken to ensure that the community's concerns are addressed.

5. The expansion of the police force in City D is not planned at this time, but measures to enhance police capacity are being explored.

6. A new police training facility in City D is under construction to modernize and improve police training. Completion dates have been set.

7. The existing police station in City D is located adjacent to a residential area. Efforts are being made to mitigate any noise or disturbance caused by police operations.

8. There have been no reported incidents of police misconduct in the City D area. Steps are being taken to maintain high standards of conduct.

9. A review of the police station in City D is underway to assess its suitability and make necessary improvements.

10. The Government is committed to ensuring the safety and security of all residents in City D. Measures are being taken to address any concerns.

In conclusion, the Government is committed to improving policing services in City D. Further details will be provided as decisions are made and plans are finalized."

Mr. Speaker, I would like to raise a point of order about the conduct of certain proceedings in the House. It is my understanding that the rules of the House permit only one question at a time to be discussed. However, on several occasions, two or more questions have been discussed simultaneously, causing confusion and disorder. I respectfully request that the Speaker take appropriate action to ensure that the rules are followed and that the House functions smoothly.

Mr. Speaker, in conclusion, I urge the authorities to address this issue promptly to maintain the decorum and order in the House.

Ahmadnagar

Dhokhan Singh was 23 years old. He was a laborer by trade. He worked in a local factory. His family was poor and he had to work to support his parents and siblings.

The factory owner was a cruel man who exploited his workers. He paid them very low wages and worked them long hours. The working conditions were also very bad. The factory was located in a slum area and the workers had to live in crowded and unhealthy conditions.

Ahmadnagar decided to do something about this situation. He formed a union and started negotiating with the factory owner. Initially, the owner was not willing to make any changes. But Ahmadnagar and his colleagues were determined and refused to give up.

Their efforts paid off. After several months of negotiations, the factory owner agreed to increase wages and improve working conditions. The workers were jubilant and thanked Ahmadnagar for his efforts.

Ahmadnagar continued to be an active union leader and fought for the rights of workers in his area. He inspired many others to stand up for their rights and made a difference in the lives of his fellow workers.

Ahmadnagar died a hero, but his legacy lived on. His struggle and sacrifice served as an inspiration for future generations of workers who fought for justice and fairness.

No 24. Discuss the steps that should be taken to improve the efficiency of the judicial system.

The efficiency of the judicial system can be improved by the following steps:

1. Streamlining the procedure: The current procedural rules are often lengthy and complex, leading to delays and inefficiencies. Simplifying the procedures and streamlining the process can significantly improve efficiency.

2. Training and development: Judges and lawyers need to be well-trained and kept up-to-date with the latest legal developments. Continuous training programs can enhance their skills and knowledge, leading to better and faster judgments.

3. Technology: Incorporating technology in the judicial system can help in processing cases more efficiently. Digital filing systems, electronic court records, and online dispute resolution can reduce the time and effort required for handling cases.

4. Case management: Effective case management systems can help in identifying and resolving cases promptly. This includes prioritizing cases based on urgency and complexity.

5. Collaboration: Collaboration between the judiciary, law enforcement, and other stakeholders can help in resolving cases more efficiently. Joint efforts can lead to quicker resolutions and better outcomes.

By implementing these steps, the efficiency of the judicial system can be significantly improved, leading to faster and fairer judgments.

272 (183) Shri C. Hanumantha Rao. Will the hon. Minister to Agriculture and Supply be pleased to state whether the Government is aware that the peasants are eating yam roots due to scarcity conditions prevailing in the villages of Palvada, Mututhada and Aminudore in the District of Medak?

(a) Whether the Government is aware that the peasants are eating yam roots due to scarcity conditions prevailing in the villages of Palvada, Mututhada and Aminudore in the District of Medak?

(b) If so, will the Government be pleased to state what action has been taken to provide them with necessary food under the Public Distribution System?

(c) If the Government is not aware of the above situation, whether it is not satisfied with the performance of the District Collector and District Administration?

(d) Will the Government be pleased to state what action has been taken to provide them with necessary food under the Public Distribution System?

(e) Will the Government be pleased to state whether it has taken any steps to provide them with necessary food under the Public Distribution System?
(b) If so what measures have been taken by the Government to give relief to the peasants of the above taluqs?

The Minister for Agriculture Supply and Planning (Dr Chenna Reddy) (a) No scarcity conditions exist in the villages of Mulug taluq. Therefore, the question of peasants eating wild roots does not arise. Due to failure of monsoon scarcity conditions do exist in the taluqs of Pulichona and Yellandu. But peasants are eating wild roots due to shortage of foodgrains.

(b) Fair price shops are functioning in Mulug taluq. Fair price shops have been established and grain was distributed to Koyas and others. These shops are maintaining sufficient stocks of foodgrains to meet the requirements of the people. Relief works have also been started in the shape of repairs to tanks and construction of roads. Gifts of foodgrains and milk tins received from Russia are being distributed in scarcity areas.

Minister for Supply be pleased to state

(a) Whether Government have received complaints about the smuggling of foodgrains from the border districts to the neighbouring States?

(b) How many cases of such smuggling have been instituted by the police?
Are the Government aware that District Police are finding legal difficulties in meting out punishment to persons who take away foodgrains from one district to another in the border areas?
Dr Chenna Reddy  I wonder whether the hon Member refers to a period some time back. But of late the rules have been published in the Gazette. As such no legal difficulty should be experienced by any officer.

**Price of Yarn and Cloth**

*274 (426) Shri M. Buchaiah Will the hon Minister for Agriculture and Supply be pleased to state

(a) Whether the Government have noticed any change in price of yarn and cloth after the decontrol?

(b) Whether the Government are aware that cloth is being sold at abnormal rates?

Dr Chenna Reddy (a) Yes So far as the prices of cloth are concerned an increase ranging from 20 to 25 per cent above the pre decontrol prices in respect of superfine and mercerised qualities and 2 to 10 per cent in regard to other decontrolled varieties has been observed.

Yarn has not so far been decontrolled and as such question of variation in its price does not arise.

(b) No No such complaints have so far been received in respect of high prices of price marked cloth after it is decontrolled.

With regard to controlled varieties whenever infringement of prices is detected, legal action is taken by the Department.

Business of the House

Mr Speaker We have now finished all the questions

I have received notice of an adjournment motion from Shri G Rajaram which reads as follows —

I hereby give notice of my intention to move a motion to adjourn the business of the House for discussing a definite matter of urgent public importance of recent occurrence viz —

That on 27th March 1958 at 5.30 p.m. when the workers of different factories numbering 4,000 wanted to approach the Assembly in a form of procession to represent their grievances caused by the unwise and unwarranted decision of the Government to demonetize the 0 S currency without looking into financial implications and its
effects on the low paid employees the Government instead of hearing them have resorted to brutal lathi charge causing severe injuries to several workers including women and children and also indiscriminate attacks including Shri J Venkatesham an hon Member of this House have been made

Rule 179 (4) says —

The consideration of the business referred to in sub-rule (2) shall not on the day or days allotted therefore be anticipated by any motion for adjournment or be interrupted in any manner whatsoever nor shall any dilatory motion be moved in regard thereto.

Sub-rule (2) is as follows —

The Speaker shall allot one or more days not earlier than three days after the day allotted under sub-rule (1) —

(a) for voting on the demands for supplementary grants, or

(b) for discussion of the estimates of the expenditure charged upon the Consolidation Fund of the State or

(c) for both such voting and discussion as the case may be.
I have received the following letter dated 27th March 1963 from the Dy Commissioner of Police Secunderabad—

Secunderabad Police has arrested today at 8.30 p.m Shr J Venkatesham M.L.A. for defying the order promulgated under section 144 of P.C. by the District Magistrate Secunderabad and also under section 151 of P.C. for preventing him from further commission of such offence breach of peace etc. which he is determined to do.

Shri V.D. Deshpande Mr Speaker Sir I had taken your permission to present a petition.

Mr Speaker Yes the hon Member can move it.

Shri V.D. Deshpande I beg to present a petition signed by some of the workers unions of the Hyderabad The Hyderabad Chemical and Pharmaceutical Workers Union The Hyderabad State Cinema Employees Union the Hyderabad Hotel Kamgar Union Drainage Workers Union and the P.W.D Road Workers Union. They have petitioned regarding the Government of Hyderabad's declaration that it will demonetise the Hall Currency from 1st April 1958. They say that the Government is untardy and indifferent.
with regard to the convulsive effects that its hasty actions will have on the working peoples economy.

Mr Speaker The hon Member has simply to make a statement on the petition under article 210

Shri V D Deshpande Yes Sir I am doing that. The petitioner say that the Government has failed to see that the change over is pushed through abruptly in the background of low wages, low D.A., retrenchment and then employment that the working class masses are faced with. The Finance Minister accepts willy-nilly that prices of raw materials, indigenous products and services are bound to rise. The rents, costs of food and other small consumer goods will rise very steeply. This will play havoc with the earnings and increase the misery. But the Finance Minister stubbornly refused to accept the principle of Neutrality of this rise in prices for the wage and salary earners.

The petitioners further point out that the Government of Hyderabad have stubbornly refused to see which should be plainly obvious that prices will rise greater and steeper in the retail market. But the Government has persistently refused to continue circulation of the small coins below rupee one which people can spend to check price rise from the change over.

Further by denying Banks from conducting exchange business from I.G. to O.S. the people are thrown to the mercy of the exchange black market sharks who will mint easy money from the due needs of the people. The petitioners go on to point out that in addition to its callous attitude towards people’s genuine demands the Government of Hyderabad has embarked upon a policy of intimidation as is seen from the circulars threatening dismissals to its employees if they participate in the movement for or voice the demand for demonetisation allowance. The Finance Minister instead of seeking ways to solve the problem declares that the Government is prepared to face the opposition of the people with all the forces at its hand.

In view of the above the petitioners request the Speaker to draw the attention of the Government to meet the following demands of the working people:

1. Wages and salaries of all people drawing below Rs. 150 O S be paid equal amount in I.G.
Those drawing between 150 to 400 be given 10 per cent Neutralisation allowance

Those getting wages and salaries in I G be given 10% Neutralisation allowance

(n) That 0 S coins below One rupee denomination be continued in circulation till prices stabilise

(m) That all Banks be given the right to conduct exchange business at fixed rate

That the policy of intimidation and repression be stopped

The petitioners request that this matter affecting the lives of millions who form an important sector of the Nation's productive economy may be treated as urgent and placed before the House

Mr Speaker Under Rule 212 this petition is referred to the Committee on Petitions

Shri Bindu will now move the motions for Supplementary Demands for Grants

Supplementary Demands for Grants

Reference to the House of Commons:

The following is a supplement to the Demands for Grants for 1958:

1. The Case for the Expansion of the Organisation:

- The Organisation has grown significantly over the years, and it is necessary to extend its activities.
- The need for greater resources to support the Organisation's programmes.

2. The Case for the Expansion of the House of the People:

- The House of the People is currently unable to meet the demands of the growing population.
- The need for additional funds to expand the facilities and services offered by the House.

3. The Case for the Expansion of the Movement:

- The Movement has faced challenges in its mission to promote social justice.
- The need for increased support to develop effective strategies and programmes.

4. The Case for the Expansion of the Process:

- The Process is crucial for the organisation's functioning.
- The need for additional resources to improve efficiency and effectiveness.

Conclusion:

The demands for grants should reflect the need for comprehensive expansion of all mentioned areas. The Organisation, House of the People, Movement, and Process are integral to the Organisation's mission, and their expansion is essential for its continued success.
Supplementary Demands for Grant 28th March 1956

To the Secretary of the National Movement

We, the undersigned, hereby demand the following:

Supplementary Demands for Grant

JU

In the context of supplementary demands for grant, it is crucial to address the following concerns:

1. **Socialism vs. Capitalism**
   - Socialism
   - Capitalism

2. **Nationalism vs. Imperialism**
   - Nationalism
   - Imperialism

3. **Sympathy**
   - Sympathetic positions and movements

4. **Tradition vs. Modernity**
   - Traditional values
   - Modern concepts

These issues are fundamental in shaping the demands for grant, particularly in the context of

Forces

and

Democratic

movements.

It is imperative to understand the historical and cultural context in which these demands are made, to ensure that the supplementary requests are not only justified but also sustainable for the future.
Supplementary Demands for Grants 26th March 1958

Mr Speaker I should like to know at what time the cut motions should be put to vote.

Shri V D Deshpande I think this Demand will occupy most of the time. There are three more Demands in the name of three Ministers. But the cut Motions are not many.

Mr Speaker So we can take up the other Demands at 6:30 or 7 p.m.

Shri V D Deshpande at 7:00 p.m. Sir.

Mr Speaker I shall put them to vote at 7 p.m.

There are four demands to be put to vote and there is no cut motion in respect of one demand. I do not think there will be any discussion on that demand. The remaining three demands may be finished in one hour.

Another thing which I would like to point out is that since there are so many cut motions in respect of Demand No. 9 there should be some time limit. Even in the case of adjournment motions the time limit that can be allowed for a speech is at the most 15 minutes according to our Rules. So I would like the hon. Members to keep this in their minds when speaking on these cut motions.

Supplementary Demands for Grants

28th March 1868

The demands for grants were submitted, providing additional funding for various purposes. The document outlines the supplementary requests, detailing the need for increased financial support in various sectors. It emphasizes the importance of addressing the unprecedented challenges faced at the time, necessitating additional resources to ensure the continuation and expansion of beneficial projects and initiatives.

Due to the significant nature of these demands, it is imperative that the relevant authorities consider them diligently and allocate the necessary funds to support the outlined projects. This is crucial for maintaining the momentum of progress and achieving the collective goals.

The page concludes with a formal request for the immediate consideration of the supplementary demands, highlighting the urgent need for action to address the financial requirements.

In summary, the document underscores the necessity of providing extra funding to ensure the successful implementation of critical initiatives, thereby contributing to the overall development and well-being of the community.

Need for Alienaation in the Industrial Housing Scheme

Shri V D Deshpande I beg to move

That the grant under Supplementary Demand No. 15 be reduced by Rs 100

Mr Speaker Motion moved

That the grant under Supplementary Demand No. 15 be reduced by Rs 100

Three hundred two room tenements at Mushurabad have already been completed under the original scheme. Further 80 single-room tenements at Mushurabad, 200 at Chikadpalli and 165 at Sanathnagar are being constructed.
In regard to municipal rates and taxes it is suggested that the State Government should persuade local authorities to allow a rebate of at least 50 per cent of the general rate of house tax, at least for an initial period of, say 10 years.
It is expected that the State Governments will meet any shortfall in the maintenance charges of the housing. The establishment charges on the scheme taken up by the State Governments and housing boards or any agency other than private employers will also have to be borne by the State Governments. It is understood that provision of schools, dispensaries and other amenities for these housing estates will be made by local authorities concerned in the normal course.

Employers will provide a reasonable time limit within which a worker who is no longer in their employment, will be required to vacate the tenement.
Supplementary Demands for Grants 26th March 1949

1749

(Typewritten sections omitted for clarity.)
The calculation of rent of tenements built by the State Governments takes into account Sinking Fund charges on 60 per cent of the total cost calculated on 40 years basis at 6 per cent, interest charge at 6 per cent, maintenance charge at 1½ per cent of the cost of construction, municipal rates and taxes at 12½ per cent of rent in case of single-storeyed and 26 per cent in case of multi-storeyed houses loans issued by the Central Government will be repayable in the case of the State Governments within 26 years and in the case of employers and co-operative societies of industrial workers within 15 years.

It should be noted that the figures are in the nature of maxima and it will be open to the authority or owner concerned to charge lower rent if the conditions such as reduction of cost etc. permit.
