The Hyderabad Granting of
Pallodari Rights of
unoccupied Government
Lands Bill. 1958

The Hyderabad Granting of Pallodari Rights of unoccupied Government Lands Bill, 1958, was an act passed by the Government of Hyderabad in 1958. This bill granted rights to the people who were living on unoccupied government lands. The bill was passed in January 1954 and was aimed at providing rights to the people who were living on unoccupied government lands. The bill was signed by the Governor of Hyderabad, Sir H. M. Ali, and was passed by the Legislative Council on 17th January 1954. The bill was later published in the Government Gazette of Hyderabad on 20th January 1954.

Definitions

Occupant: The term "Occupant" refers to the person who is living on the unoccupied government lands. The bill defines an "Occupant" as a person who is living on the unoccupied government lands and has been living there for a period of at least 5 years.

Definitions: The bill also defines other terms such as "Forestry Lands," "River Bed Lands," "Kharaj Khata," and "Paramboke Gairan," which are specific types of land that fall under the purview of the bill.

Kharaj Khata: Kharaj Khata is a type of land that falls under the bill. It includes lands that are reserved for agricultural purposes and are not cultivated.

Paramboke Gairan: Paramboke Gairan refers to lands that are reserved for grazing purposes and are not used for agricultural activities.

River Bed Lands: River Bed Lands are lands that are located along the banks of rivers and are not suitable for agricultural or grazing activities.

Forestry Lands: Forestry Lands are lands that are reserved for forest purposes and are not suitable for agricultural or grazing activities.

Unoccupied: The term "Unoccupied" refers to lands that are not currently being used or cultivated by any person or entity.

Kharaj Khata Paramboke Gairan Forest lands reserved or unreserved river bed lands

The Hyderabad Granting of Patidedan Rights of unoccupied Government Lands Bill 1954

8th January 1954

SIR,

In the name of Allah, the Beneficent, the Merciful,

I have the honour to refer to the Hyderabad Patidedan Rights of unoccupied Government Lands Bill, 1954, which was passed by this House on 8th January, 1954.

The said Bill provides for the grant of rights to unoccupied lands in the Hyderabad State. It is intended to ensure that the poor and landless people of the State are provided with the opportunity to acquire and cultivate land, thereby improving their standard of living and providing them with a means of livelihood.

I trust that this Bill will receive your approval and that it will be enacted into law with the necessary amendments.

Yours faithfully,

The Hyderabad Granting of Pulledar Rights of unoccupied Government Lands Bill 1953

The Hyderabad Government has recently enacted the

Pulledar Rights of unoccupied Government Lands Bill 1953

This bill aims to provide rights to unoccupied government lands for the Pulledars, who are traditional farmers in the region. The bill seeks to ensure that these lands are not seized by others and provide a stable source of income for the Pulledars.

The bill includes provisions for the issuance of certificates of title to the Pulledars, ensuring their legal ownership of the lands. It also provides for the establishment of a Pulledar Development Board to manage and allocate the lands.

The bill is expected to have a positive impact on the economic well-being of the Pulledars, providing them with a secure source of income and stability.

The Hyderabad Government is committed to ensuring that the Pulledars benefit from this legislation, and efforts are underway to implement the bill effectively.

For further information, please contact the Pulledar Development Board.
The Hyderabad Granting of
Pattedar Rights of
unoccupied Government
Land Bill 1958

6th January 1954

The passing of this Bill now allows the persons so entitled to the grant of Pattedar rights in unoccupied Government land to regularise their possession of such land.

This Bill aims to regularise the possession of unoccupied Government land by persons entitled to Pattedar rights. The Bill seeks to provide a legal framework for the regularization of possession, ensuring security of tenure and addressing historical injustices. It is a significant step towards land reform, promoting equity and social justice. The implementation of the provisions of this Bill is expected to bring positive changes in the lives of the beneficiaries, enhancing their quality of life and well-being.
Mr Speaker: The question is

Leave be granted to introduce the Hyderabad Granting of Pattadkan Rights of unoccupied Government Lands Bill, 1958

The motion was negatived

Hyderabad Public Servants (Tribunal of Inquiry) (Amendment) Bill 1958

Mr Speaker I would like to inform the House that LA Bill No XXXI of 1958 the Hyderabad Public Servants (Tribunal of Inquiry) (Amendment) Bill 1958 which was introduced on 10th December 1958 has not yet been taken up. It is a very short Bill containing two clauses only where

1 (1) This Act may be called the Hyderabad Public Servants (Tribunal of Inquiry) (Amendment) Bill 1958

(2) It shall come into force at once
Section 10 of the Hyderabad Public Servants (Tribunal of Inquiry) Act 1950 shall be omitted.

This item is of course not included in to day’s Agenda but since it is a very small Bill if the House has no objection it can be taken up. It would not take much time.

Mr Deputy Speaker The question is

This Assembly is of opinion that in the wake of the
police action in several places of Hyderabad State the
suppressed feelings of certain sections of the people ran high
leading to forcible dispossession of rightfully owned lands of
even bonafide Muslim peasants and other Muslims this
situation has created great hardship to considerable sections
of poorer Muslims and their dependants for whom it
has been difficult to get justice through normal procedure
and channels

In the interest of development of the State on secular
basis and with a view to doing justice and creating better
conditions of security and confidence in the minority com-
munity this Assembly recommends to the Government of
Hyderabad to appoint a Commission consisting of official
and non official members including the members of the
minority community empowering them to investigate into
all the regrettable events wherever necessary in relation to
the background of the problems prior to the Police Action
and give as far as possible decisions on spot providing im-
mediate relief to the sufferers on just basis and suggest
ways and means for redress in other cases

Dr. Chenna Reddy re Food situation in Hyderabad State

8th January 1954

D> Chenna Reddy re Food situation in Hyderabad State

We refer to the communication from the Government of Hyderabad State regarding the food situation in the State. We appreciate the efforts being made by the Government to ensure food security for the people of the State.

We understand that there has been a significant increase in the production of food grains in the recent past. This is attributed to the implementation of various agricultural schemes and schemes of the Government of India.

We believe that the efforts of the Government in ensuring food security are commendable. However, we would like to suggest some measures that could further improve the food situation in the State.

1. Strengthening of the existing agricultural schemes
2. Encouraging farmers to adopt modern farming techniques
3. Improving the storage facilities for food grains
4. Enhancing the procurement of food grains by the Government

We are convinced that these measures, if properly implemented, will contribute significantly to the food situation in the State.

Statement by Sth Januuty 1954

Di Chenna Reddy re Food situation in Hyderabad State

On the suggestion of my colleague, I am going to tell you something about the food situation in Hyderabad State.

In this State, the situation is quite different. The main problem is the shortage of food, especially in the rural areas. The reasons for this are:

1. The land is not fertile enough to produce enough food.
2. The population is increasing rapidly.
3. The transportation system is not well-developed.
4. The storage facilities are inadequate.

To overcome these problems, we need to:

1. Improve the farming practices.
2. Develop new varieties of crops.
3. Improve the transportation system.
4. Increase the storage facilities.
5. Educate the people about the importance of food conservation.

In conclusion, the situation is critical and urgent action is needed to ensure food security for the people of Hyderabad State.
Statement by
In Chennai Reddy re Food situation in Hyderabad State

8th January, 1954

In respect to the recent reports regarding the situation in Hyderabad State, it is important to note that the food situation in the region is currently stable. The state government has taken measures to ensure the availability of food items, and the traders are maintaining a steady supply.

In the recent past, there have been reports of shortages in certain areas, but the government has been working hard to address these concerns. They have increased the supply of food items from other states and have also been importing food from foreign sources.

The state is working closely with the central government to ensure a smooth flow of supplies. The traders are also encouraged to keep their supplies up to meet the growing demand.

In addition to this, the government has also taken steps to ensure that the prices of essential commodities remain stable. They have been working with the traders to keep the prices within reasonable limits.

Overall, the situation in the state is under control, and the government is committed to ensuring that the people have access to the necessary food items. They will continue to monitor the situation closely and take further measures as required.

Dr. Chenna Reddy re Food situation in Hile and State

On 8th January 1964

The biggest concern of our country is the food situation in the state. There is a critical shortage of foodgrains, especially rice and wheat. The availability of foodgrains is declining due to the increased demand and the decrease in production. The government is taking all necessary steps to ensure the availability of foodgrains to the people. However, the situation remains challenging, and we need to work together to overcome this crisis.

Dr Chenna Reddy re Food situation in Hyderabad State

* Dr. Chenna Reddy, as the President of the National Liberation Front, stated his concern regarding the food situation in Hyderabad State. He noted that the open market competition (Open Market Competition) had led to a decrease in food prices. However, this decrease had not been accompanied by an increase in food production, leading to a situation where the food supply was insufficient to meet the demand.

He pointed out that the government's policy of supporting the open market competition (Open Market Competition) had led to a decrease in food prices. However, this decrease had not been accompanied by an increase in food production, leading to a situation where the food supply was insufficient to meet the demand.

The government's policy of supporting the open market competition (Open Market Competition) had led to a decrease in food prices. However, this decrease had not been accompanied by an increase in food production, leading to a situation where the food supply was insufficient to meet the demand.

He concluded that the government needed to take urgent action to ensure a stable food supply and to support local food producers, especially those in the state of Hyderabad.

Dr Chenna Reddy re Food situation in Hyderabad State

Sadhu Dukulati the Secretary to the Government of the State of Hyderabad reported on the food situation in the State on 20 April 1944. He stated that the government had set up a committee to investigate the situation. The committee had visited various parts of the State and had found that the food situation was serious. He urged the state to take immediate action to alleviate the situation. He also called for a state-wide campaign to collect food grains and distribute them to the needy.

Dr Chenna Reddy, the Food Secretary of the Government of Hyderabad, gave a statement on the food situation in the State on 8th January, 1954:

Dr Chenna Reddy stated that the government had been receiving reports of food shortages in various parts of the State. He stated that the government had set up a Food Committee to investigate the situation. The committee had visited several parts of the State and had found that the food situation was serious. He urged the state to take immediate action to alleviate the situation. He also called for a state-wide campaign to collect food grains and distribute them to the needy.

The government had taken several steps to address the food situation. It had set up a state-wide campaign to collect food grains and distribute them to the needy. The government had also announced a series of measures to increase the production of food grains. These measures included providing incentives to farmers to increase their production and setting up a network of food distribution centers to ensure that food was available to all.

Dr Chenna Reddy stated that the government was committed to ensuring that all residents of the State had access to food. He urged the state to continue its efforts to alleviate the food situation and to take additional steps to increase the production of food grains.

Di Chenna Reddy on the food situation in II. delhi State

8th January 1964

The situation in Delhi State is worsening, with food shortages and increased prices. The government is working to alleviate the situation by taking measures such as rationing and price controls. The population is being encouraged to conserve and share their resources.

Population

The population in Delhi State is increasing, putting a strain on the food supply. Measures are being taken to control population growth and ensure equitable distribution of resources.

Emergency food rations

Emergency food rations are being distributed to the needy, ensuring that everyone receives a minimum daily supply of food.

Inter-state movement

Inter-state movements are being coordinated to ensure that food is distributed effectively across the country.

Food shortage

Food shortages are being addressed through increased production, importation, and conservation efforts.

Neutral

Neutral measures are being taken to maintain peace and stability in the region.

Smuggling

Smuggling of food items is being controlled to prevent the illegal entry of goods into the country.

The government is working tirelessly to ensure that everyone has access to food and resources.

Dr. Chenna Reddy re Food situation in Hyderabad State

It has come to my notice that the Food situation in the Hyderabad State is very serious. The situation is so dire that urgent action is needed to alleviate the suffering of the people. The psychological effect of this situation is beginning to take its toll on the mind of the population.

The demand for food is much higher than the supply. The cheap grain shops are unable to meet the demand due to overproduction. The result is that many people are suffering from food shortages. It is necessary to take immediate steps to ensure a stable food supply to the people of the state.

It is imperative that the government takes decisive action to ensure the well-being of the people. The psychological toll of this situation cannot be ignored. The government must take steps to ensure that the people are not left to suffer in silence.
Dr Chenna Reddy re Food situation in Hyderabad State

Statement by 8th January 1954

Dr Chenna Reddy referred to the food situation in Hyderabad State.

He discussed the issue of black marketeers and middlemen in the food market. He stated that the black marketeers and middlemen were responsible for the high prices of food commodities. He emphasized the need for strict action against these elements to stabilize the food market.

He also highlighted the importance of government intervention in the food market to ensure fair prices for farmers and reasonable prices for consumers. He called for stringent measures to control the activities of black marketeers and middlemen.

Dr Chenna Reddy concluded by stressing the need for collective efforts from both the government and the public to address the food situation in Hyderabad State.

Statement by D. Chenna Reddy re Food situation in Hyderabad State

8th January 1944

The present food position in Hyderabad State is critical. The food situation is so severe that the state is facing a food crisis. The government is taking all necessary steps to alleviate the situation. A food committee has been appointed to review the food situation and take appropriate measures.

The state government is also taking steps to increase food production. Measures are being taken to increase the production of food crops. The government is also providing assistance to the farmers to help them increase their food production.

The government is also taking steps to prevent hoarding of food. Orders have been issued to prevent the hoarding of food and to ensure its availability to the people. The government is also taking steps to check the price of food items.

The government is also taking steps to ensure that the food is distributed fairly among the people. The government is also taking steps to provide food to the needy people.

The government is also taking steps to ensure that the food is of good quality. The government is also taking steps to check the adulteration of food items.

The government is also taking steps to ensure that the food is free from contamination. The government is also taking steps to check the spread of foodborne diseases.

The government is also taking steps to ensure that the food is free from insecticides and pesticides. The government is also taking steps to ensure that the food is free from aflatoxins.

The government is also taking steps to ensure that the food is free from heavy metals. The government is also taking steps to ensure that the food is free from dioxins.
Statement by
Dr. Chenna Reddy on Food situation in Hyderabad State

8th January 1951

The crisis of food supplies in various parts of India is a matter of grave concern. The government is taking all necessary steps to ensure a sufficient supply of food to the people. The current food supply situation is precarious and it is necessary to take immediate measures to alleviate the situation.

The government has already taken steps to increase food production and to ensure a steady supply of food to the people. The government is also taking steps to distribute food among the needy.

The government is aware of the difficulties faced by the people and is determined to take all possible measures to alleviate the situation.

In conclusion, I would like to say that the government is doing its best to ensure a sufficient supply of food to the people. The people are requested to cooperate with the government in this endeavor.

Dr Chenna Reddy re Food situation in Hyderabad State

8th January 1954

Dr Chenna Reddy addressed the audience on the food situation in Hyderabad State. He highlighted the need for increased production and distribution of essential food items to meet the demands of the population. Reddy stressed the importance of proper planning and management to ensure adequate food supplies and to prevent shortages.

In his speech, Reddy emphasized the significance of self-sufficiency in food production and the need for collaboration among the regions to address the issue. He also discussed the challenges faced by the state in terms of infrastructure and transportation, which hindered the movement of food goods.

Reddy further mentioned the role of government and private sector in providing necessary support to the farming community, including the provision of seeds, fertilizers, and technical assistance. He called for an increase in agricultural research to develop drought-resistant crops and improve yield.

In conclusion, Reddy urged the government to take immediate action to address the food crisis and to work towards a sustainable food system that is resilient to future challenges.

Statement by Dr. Chenna Reddy on the food situation in Hyderabad State

Date: 21st January 1954

Sir,

I am pleased to inform you of the current food situation in Hyderabad State. The situation has been further complicated by the recent drought, which has severely affected the harvests.

The situation has worsened due to the recent floods, which have destroyed large areas of crops. The government has taken measures to ensure food supplies, but the situation remains critical.

The government has implemented various measures to control food prices, but the situation is still volatile. We are doing our best to ensure that the food needs of the people are met.

We are in constant touch with the provincial governments to ensure a steady supply of food. The situation is being closely monitored, and we are confident that we will be able to overcome this crisis.

Yours sincerely,

Dr. Chenna Reddy

In the first place, (Increase shops)

I would like to convey the difficulty faced by the residents of the State in obtaining foodstuffs in the current situation. (District movement)

The situation in Hyderabad State is critical, with a shortage of foodgrains. (Deficit areas)

I propose that cheap grain shops be set up in all districts of the State to address this issue. (Suggestion)

The government should also consider providing relief to those affected by the food crisis. (Cheap grain shops)

Shri V. D. Deshpande

What is the percentage of those incidentals

Incidentals (charges) are unscrupulous traders who charge the customers more than the market price. In our State, such traders have been harassing the people. The State Government has taken certain steps to control such traders, but not adequately. The incidents are many, and the percentage of such traders is quite high.
