Mr. Deputy Speaker: We shall see afterwards.

Shri G. Sreeramulu (Mantlani): I am not getting a chance to speak. What is the use of our giving cut motions? There is no meaning in our giving cut motions. If the members on the other side also want to speak let them also give notice of cut motions, or we may be supplied with the number of Members desirous of participating from the other side.

Mr. Deputy Speaker: Shri M. Buchiah.

Shri M. Buchiah: Mr. Speaker, Sir, I have been keenly following the statements and arguments advanced by hon. Members belonging to both sides, and I have also heard the Finance Ministers’ speech in which he called these administrative pay sheets as a common man’s budget. I do not doubt the bona-fides and sincerity of the Finance Minister in calling this a common man’s budget. I have all the while tried to compare the practical side of it with the statements made by the Finance Minister. When I went through the Budget, I found that Hyderabad is a place of forest of Secretaries drawing thousands and thousands of rupees as salaries. Every man in Hyderabad knows that the Ministers in the popular Ministry are drawing only I.G. Rs. 1,250 as their salary and it is possible that the common man may feel that our Ministers are sacrificing a lot for him.

But when we practically go deep into the budget-pay-sheets—we find that it is not correct and if the common man is asked to believe, I think he will never believe that our ministers are drawing only Rs. 1,250.

At page 348 of the budget, the Chief Minister’s office alone cost us l s. 78,101 per year and this works out at the rate of Rs. 6,000 per month. Coming to the Finance Ministry, we find that we have to pay Rs. 58,488 per year and this also works out nearly to Rs. 5,000 a month. The minister is drawing inclusive of his personal staff an average Rs. 5,000. That...
being so, I fail to understand how it is right on the part of the ministers to say that they are drawing only Rs. 1,250 a month.

Leaving this to the judgement of the common man, I will now come to the general administration department. The Chief Secretariat consists of 115 persons. It is, in my opinion, overstaffed. In addition to these 115 persons, it has got a staff of 54 temporary persons. There is one Chief Secretary who is drawing Rs. 2,250 per month. I do not know if there is a difference between the last year's and the current year's budget: in the previous year's budget we find only Rs. 2,250 for the Chief Secretary, but this time a special amount has been shown as Rs. 13,250 to the Chief Secretary. Whether it is intended to be a substantial increment to the Chief Secretary or as an appreciation amount to him, we do not know. This amount works out at the rate of Rs. 1,100 per month. Thus, on the whole, the Chief Secretary is drawing Rs. 3,354 per month. Well, it is often said by the Treasury Benches that the Opposition is always repeating the same old arguments. It may be so. We have been repeating but we have been expressing the public voice, the common man's voice. But what is it they have done? Did they ever try at least to understand it? They did not even try to maintain the status quo. It is the demand of the day that there should be reduction in the salaries of these huge-paid secretaries. On the other hand, they have increased the amount by another sum of Rs. 1,100 per month to the Chief Secretary. Next, in this Chief Secretariat, we have got 2 Dy. Secretaries, 5 Asst. Secretaries, 1 Registrar, 1 Asst. Secretary, 8 more other Secretaries, 1 on deputation, 88 plus 29 clerks, 4 stenographers, 14 and 12 typists, one care-taker, 1 mechanic, 2 telephone operators, and so on. It is a huge factory. I have seen one factory at Bellampalli called the Hyderabad Chemicals and Fertilisers Factory which also has got the same number of persons working. It is a small working unit. Our Chief Secretariat is bigger than that, but the out-turn, when we see, is very little. I happened to visit the Chief Secretariat and I found people loitering in canteens and chit-chatting with some of their guests and visitors. There is practically no work turned out. The other day I have heard the Chief Minister's statement in the House that he has chalked out a certain programme to minimise the red-tapism that is existing. When I heard his statement, however much I tried to accept it, I could not help feeling that it did not convince me particularly of the fact that I myself have sent a letter to the Excise
Minister with a memorandum attached thereto and after a period of 20 days when I had a talk with him on the phone and have abruptly dropped into his house and asked him whether he has received my letter, he said he did not and then I went up to his personal secretary and he directed me to another clerk who, in his turn, began searching for the letter. I was surprised to find the covering letter somewhere in some file and the enclosed memorandum in some other corner. When such is the fate of the letter that has been addressed by the people's representative—If such is the condition, then what should be the fate of an application submitted by a common man? When I asked the Secretary he said that the Excise Minister who happened to be the President and also the Minister in charge of so many portfolios had all the while been on tour of the districts and had not therefore the time and that was why the letter was not put up before him. I am not worried about my letter—whether it was put up or not, but I would like to know how the red-tapism could be put down and how, when, in spite of all these clerks, secretaries, private secretaries, personal secretaries and others attending on these ministers, my letter remained in the most unsatisfactory condition that I have just now explained, the ministers could claim that there is no red-tapism in their secretariats. This is how the General Administration Department works. I have given only a few examples but I believe most of my colleagues here know that the Central Secretariat is overstaffed with a top-heavy expenditure which the common man cannot bear, nor does his financial position permit him to bear such huge white elephants.

Next, I would like to take up the Information and Public Relations Office. It is a fine department with a model name, but I must say it would be better if it had been called 'Non-Information and Non Public Relations Office', instead of calling it as 'Information and Public Relations Office'. It has no information practically and it has no public relations with any of the public who are in Hyderabad and this I would like to put before the House with a simple example. During the last Budget session it was brought to the notice of this House as well as the Chief Minister that the information leaflets which come out from this information department are sent to the individual members of the House to their individual addresses when we are here attending the sessions. These leaflets go usually to our individual addresses and again return with the endorsement
sent back to Hyderabad. I would ask if it is worthy of its name, has this Department not got the information that we are here in Hyderabad since one month. If it has got that information, it could have easily sent the whole information leaflets to the M.L.A. Quarters with a peon who is already there in the department and that would have certainly saved an expenditure of 15 to 20 rupees on postal expenses. This is how the information department gets information. With regard to the public relations—another part of it, I fail to understand what are the sources and the links that the office has got with the public. It is sheer waste of time to go into the details. But if I have to be frank I must tell the House that there is no relation with the public maintained by this department. That it is so is proved by the Chief Minister's announcement when he has appointed the Deputy Ministers that, in order to have more relations with the public, he has appointed them. That itself is an indication that his public relations office does not keep relations with the public. That is how, not relying on his own department, the Chief Minister had come forward with the appointment of 8 more Deputy Ministers. It is however left to be seen how these Deputy Ministers will prove themselves and how they will keep public relations.

Again, from the statement made in the question-hour day before yesterday or so, it was revealed that each minister has incurred a T.A. of Rs. 5,000 on an average during 1952-53. That was during a period when the State was having 18 ministers and that works out to nearly Rs. 65,000. But this time we have seen only Rs. 25,000 allotted for T.A. Now we have got 16 ministers at the above rate, the T.A. should come to Rs. 80,000. I do not know how they are going to keep up with Rs. 25,000. It may be that they come forward with a supplementary demand asking for the balance of Rs. 55,000. In the budget it is only shown as Rs. 25,000 but they have got a way to get it sanctioned and they come by way of supplementary demands.

The next point on which I would like to throw light upon is the sum of Rs. 25,000 set apart for saloons and sidings. I do not know what these saloons and sidings are. If it refers to the saloons which are lying at Nampalli and Kachiguda—it must be so—I do not understand why we should spend Rs. 25,000 on these idle carriages.
Leaving these aside, I will come to the Harijans and Backward classes. This item is a farce. Last year a sum of Rs. 1,70,000 or so was allotted to the backward classes for scholarships and other betterments. Though the year is coming to an end, the scholarship business is not yet over. Whether it is going to be spent or whether the amount will lapse, one should wait and see. We have been hearing huge cries both inside and outside the House that so many things are being done for the Harijans. We are all aware that the harijans' main profession is— not exactly the main profession at least, a portion of their profession is that of tannery and foot-wear making. But from the past records we find that a large number of orders have been placed outside Hyderabad for purchasing shoes and leather goods and such other things. Not a single step by the Government of Hyderabad has been taken to better this industry or this tannery business or the shoe-making industry or in any other way to better the conditions of the Harijans. Even now, it is not too late that we must look into this matter. We have got so many industries. There is one industry in Musheerabad which was existing in the name of the Hyderabad Shoes and Tanneries and something like that. It has been wounded up : I am told. But we have got so many harijans, skilled and unskilled, who could prove better if proper arrangements and opportunities are made available. Why should not this Government move in this direction and try to employ these harijans who have got skill? We have got a huge number of these skilled and unskilled labourers unemployed not only in the cities but also in the district headquarters. I appeal to the Government that something substantial has to be done to these people; i.e. improve this industry in our country in order to better their condition.

With these few words, I take my seat.

The House then adjourned for recess till Half Past Five of the Clock.

The House re-assembled after recess at Half Past Five of the Clock.

[Mr. Speaker in the Chair]

R. Ramakrishna Rao and Shri V. D. Deshpande
Mr. Speaker: There now seems to be a competition between the Leader of the House and the Leader of the Opposition.

(Laughter)

Mr. Speaker: I hope the hon. Leader of the Opposition will end his speech in ten minutes, and thus give thus time to the Chief Minister to reply.

Mr. Speaker: Please try to finish the speech in ten minutes.

The page contains text in Hindi, discussing various topics. The text is not entirely legible due to the quality of the image, but it appears to cover economic and budgetary matters, possibly including discussions on grants and demands. The text mentions dates, demands, and possibly other important figures or data points related to the budgetary process. The overall context suggests a formal document, likely a part of a larger report or budgetary allocation plan.
General Budget—Demands for Grants.

Grants.

In the case of grants, which are not in the nature of a fixed annual grant, the demand is not for the whole of the grant. The demand is for the amount for the current or the previous year, and the amount is also shown in the table. The demand for the current or the previous year should be shown separately.

In the case of a grant to a public body, the demand should be shown in the form of a separate item in the table. In the case of a grant to a private body, the demand should be shown in the form of a separate item in the table.

हौरिजनों के बारे में हमदर्द है। मात्र नहीं सचमुच हमदर्द है या नहीं। कहा जाता है कि हौरिजनों के बारे में हम लग बयां भाग बनाकर बोलते हैं। एक भी युवा या बड़ाकर बतायाये। तब हम नहीं कि सच्चाई के लागू हौरिजनों के लिये वर्धन करने के लिये नेतृत्व, जो धूल हमदर्द है।

लेकिन आज हमारे सामने यह कहने के लिये कोई चीज नहीं है। इसलिये मैं कहता हूँ कि यह रकम बढ़ते कम है। हमारे यहाँ भेंट बेडिंग बिल (TEMPLE ENTRY BILL) आचारित्व ब्योंवन-टेबलिनटो बिल (ABOLITION OF UNTouchABILITY BILL) विस्तार तरह-तरह से बहुत से विकस्म में पाल किया है। लेकिन भाषा व्यवसाय में बुनारपर कोई आधुन कही नहीं की गयी जा रहा है। मैं बीक मिनिस्टर साहु से पूछता हूँ कि हौरिजनों की मंज़िर में नहीं बनाए दिया, या टेबलिनटो की तरह से बन-टेबलिनटो को माना गया, विस्तारित किये गये जिन्हें लोगों को बांधना किया गया, जैसे कितने कैसे वव तक हुई है बुनारपर बदलाव। शायद के यह कह दें कि हमारे यहाँ के अवसंस्परित की पूरी तरह से बुनारपर हो गयी है, विस्तारित कोई बिल से हो नहीं हुआ, और विस्तारित कोई केसिट भी नहीं हुई है। जागरण और इस तरह हमें तीन ज्ञान का बाहर बाहर बाहर है। शायद कि इस कारण से नहीं हो सकती। बुनारपर विस्तारित पहले आपकी बुनारपर वाच्य करने की कौशल बनाना वह नहीं हो रहा है। यह चीज़ इस नतीजे से नहीं हो सकती। बुनारपर विस्तारित पहले आपकी बुनारपर वाच्य करने की कौशल बनाना वह नहीं हो रहा है। यह चीज़ इस नतीजे से नहीं हो सकती। बुनारपर विस्तारित पहले आपकी बुनारपर वाच्य करने की कौशल बनाना वह नहीं हो रहा है।
रखी गयी है। युक्ति का दावा किया जाय तो बिजन रकम से युक्ति का विमान हो सकता है? मुझे आया गया है कि बैंकवर्च क्षेत्र में कुल १२६ क्षेत्र हैं। विजयनी कोटी रकम से युक्ति के समान घर होने का नहीं है। बैंकों के लिये हर साल दिवंगत होने के कारण है। युक्ति के अभी तक नहीं है कि यह बिजन सारे लागू गया है। बाया दान सारे बाया हो है और लागू तीन सारे गया है। ये सब चीजें हास्य के सामने सारे की जानी चाहिए। क्यों कि जो रकम रखी गयी है वह बहुत मद्दूम है, बैंकों के लिये तत्कालीन रूप से।

मेरे कठोरण से और खूब मेरे सामने रखना या लेफ्ट वर्ग न होने के बजह से नहीं रख सकता। जो दो कीता आर्थिक (Items) हैं बैंकों से खूब फायदे के बारे में कहना है न कि वे दीनी बैंक और बंडों में हृदयवाद हास्यकेसर है, आंदोलन यो. डेल्चिय, डी. मिस्ट्री और फायनस्ट्री विनियम्न जो कुर्ता जमाने में ये बुझाते कहा था कि युक्ति का अंक दर्ज करते थे। अपने यह चीज जतन दिज्नक्स्जन (General discussion) के बजत हास्य के सामने रखी थी। लेकिन फायनस्ट्री विनियम्न ने अपनी बीती में किसे बारे में ऐसी क्या हो रहा है युक्ति की रिश्तेदार (Reveal) नहीं किया। जिन हास्यकेसर के हितक्षेत्र के हितक्षेत्र की तरह से काफे रकम चर्च की जाती है, और युक्ति की जाती है।

युक्ति बाया चर्च करने वाले अपने बीती बुजुर्ग हो हो जह चर्च करते हैं। लेकिन मैं यह अपनी कल्पना कि पूरा प्रोटेस्ट के लिये युक्ति को चर्च किया जाता चाहिए। ये चंद चीज थी जो मुलाकात में हास्य के सामने रखना चाहिए था।

आशिर में मैं यह कहा कि जो निकटसिस्म (Criticisms) हास्य के सामने रखी हैं, दो बिंदुओं वेल्पीस्टर (Top heavy expenditure) को खतम करने के बारे में कस्ट कर जो कहा गया है, वह शायद फायनस्ट्री विभाग नहीं है। ज्ञानी कहा कि उच्च केलेक्शन और ऑटीमिनिट्सट्रीट्स्म मशीनियर पर जुमला 46 पीस्ट्रेक चर्च हो रहा है तो कोन्सी बाहर गया है? लेकिन ये मेरी सवाल में नहीं जवाब हामिनी का 46 पीस्ट्रेक जीती के बुखार चर्च करने के बाद नेवसन वीलिंग हिपर्प्रेव के लिये हास्य पर सिंग चर्च किया गया है। और बैंकों में हृदय सिंग कहा एक प्रकार कर चक्कर है?

अन्य आप समझते हैं कि विनियम चर्च हास्य किया जाता है, और यही होता जवाब कि वहीं बेच बेचने वीलिंग हिपर्प्रेव है, तो फिर तमाम चर्च जीती पर बौन न किया जाय? अंतर साम को संबंध रख कर तो वह टॉप हैं चर्च करने का कम नहीं हो सकता। बैंकों की कहा कि बायी प्रबंधन में भी खतम ही होता है तो हास्य के बस्तों का हो बौन नहीं है?

हमें कम्बव कम्ब नहीं कहा कि बायी प्रांतों में कम होता है। हास्य के हृदय कहा है कि सारे हिडस्ट्रांग बिंदुओं में कोमन बैंकर राज्य की वीस भी यहाँ तालिका जाती है वीसों के बाद आप बाहर हो, ब्यूजेट का तरीका नहीं है। जो बाहर हृदय कहा है कि कोमन मैं (Common man) का होता चाहिए यूनियन विस्तर देश में टॉप केलेक्शन और ऑटीमिनिट्सट्रीट्स्म मशीनियर पर 45 पीस्ट्रेक चर्च करने की मुकाबला नहीं है। बैंकों के बारे में आपके सामने चाप्ता की मिसाल ही मात्र। बैंक के हृदय कहा है कि कोमन में हवा किया जाता है। किस तरह से यह किया जाता है यूनियन के हमें बताया है। यही कीता आपको यहाँ कस्ट करनी

In view of the existing demand for more resources to meet the needs of the country, it is proposed to increase the grants-in-aid for the following purposes:

1. Increase in grants to local authorities for the maintenance of public works.
2. Additional funds for agricultural research and development.
3. Expansion of healthcare facilities in rural areas.
4. Assistance to educational institutions for the improvement of teaching standards.

Further retrenchment

A tight financial position calls for drastic retrenchment – for instance, cutting down on recruitment, reducing expenditure on travel, and generally reducing all expenditure. The Governor feels that a strict financial discipline is necessary, and that every effort should be made to reduce expenditure to the minimum.

Shri V. D. Deshpande: Is this not self-contradictory?

Shri B. Ramkrishna Rao: Self-contradictory arguments are the arguments of the Members of the other side. They want the Government to be efficient and perfect so efficient that it must top the list of other Governments and at the same time they do not want a single man from outside to be brought who could introduce certain fresh methods and a different outlook. That is the contradiction inherent in the criticism of the Members of the Opposition. My arguments are not self-contradictory.

Abolition of Mansabs and Mahawats

Mr. Speaker: The question is:

"That the grant under Demand No. 62 be reduced by Rs. 10,00,000".

The motion was negatived.
Shri Annajirao Gavane: I demand a division.

Shri B. Ramakrishna Rao: Mr. Speaker, Sir, I just want to know as a matter of information whether a demand for division is granted as a matter of course in order to satisfy the desire of the Member......

Mr. Speaker: When I say I think the motion is lost, any member can challenge it.

Shri B. Ramakrishna Rao: If I understand the conventions correctly, it is only when there is a reasonable doubt about the decision a Member should ask for division.

Mr. Speaker: But the matter is left to the choice of the Member. I decide the result only on the volume of the voice.

Shri B. Ramakrishna Rao: It is not exactly a matter of choice. I am asking for exposition of a convention. Whether anybody can ask for a division at any time he likes, even when there are no reasonable apprehensions of a mistake in judging the volume of the voice, on the part of the Speaker.

Shri V. D. Deshpande: Members have got a right to know the volume of opinion in the House i.e., for and against a motion.

Mr. Speaker: There need not be much discussion about this.

Shri B. Ramakrishna Rao: It is not the convention if I understand it correctly.

The House then divided.

Ayes .... 46
Noes .... 75.

The motion was negatived.
