The Hon. Sri N. Sanjeeva Reddi:— Will the Hon. the Deputy-Chief Minister be pleased to state—

(a) the total expenditure incurred by the Government in making bandobust arrangements for the tour of Prime Minister of India on October 1, at Kurnool; and

(b) the inauguration day expenditure incurred on October 1, at Kurnool and other Districts and Taluks?

The Hon. Sri N. Sanjeeva Reddi:— (a) A sum of Rs. 64,967-14-0 (Rupees sixty four thousand nine hundred and sixty seven and annas fourteen only) was spent on police bandobust in connection with the Inauguration Ceremony of Andhra State at Kurnool. It is very difficult to separate the amount spent towards the bandobust arrangements for the visit of the Prime Minister of India alone on 1-10-1953 at Kurnool.

(b) To call for details from Districts and Taluks will take considerable time and labour. Government consider that the time and labour involved to collect the information required is not commensurate with the public purpose served thereby.

irrigation, irrigation, irrigation. The Hon. Sri N. Sanjeeva Reddi asked:

**Question:** Whether the tank bed lands in Punur, Nellore taluk, were taken up for cultivation and were under cultivation for over nine years by the landless poor of the village under Grow More Food Scheme?

**Answer:**

The Hon. Sri N. Sanjeeva Reddi asked:

**Question:** Will the Hon. the Minister for Land Revenue be pleased to state—

(a) whether the tank bed lands in Punur, Nellore taluk, were taken up for cultivation and were under cultivation for over nine years by the landless poor of the village under Grow More Food Scheme;

(b) whether it is a fact that the cultivators of the lands in clause (a) were instructed by the Revenue authorities of the taluk not to cultivate them in this fasli; and
23rd February 1954]

(c) the reasons for asking those agricultural labourers not to cultivate them?

The Hon. Sri K. Koti Reddi:—(a) The tank bed lands in Punur have been under unauthorised cultivation since Fasli 1354 and it is reported that most of the encroachers own wet lands under the tank.

(b) & (c): As the encroachments were within the F. T. L of the tank, they were held objectionable and progressive penalties were being levied. The Public Works Department authorities have since investigated the question further and in consultation with them the Collector has instructed the Tahsildar, Nellore to evict all the objectionable encroachments within the F. T. L. of the tank.

(b) the steps taken in the matter?
The Hon. Sri D. Sanjivayya:—(a) Yes.

(b) The Government directed the lease of only such portion of the lands as would not be immediately necessary for the execution of the work. The lease was only temporary till the next harvest. The Executive Engineer, Vijayawada, had reserved 24 acres of the land for taking up immediately the execution of Part I of the scheme, out of the total extent of 100 acres acquired for the purpose. He had been instructed to pursue urgent action with regard to the execution of work. It was therefore considered that there was no force in the objection of the Kakinada Municipality against the leasing out of a portion of the lands in question and the Municipality was informed accordingly. Tenders for the formation of part of the bund have been called for and the work has since been entrusted to a contractor. Tenders for the balance of the work are being issued by the Executive Engineer (P. H.) Vijayawada.

(c) the number of rejected applications; and
(d) the number of Harijans who got land through Settlement Officers in the district of Nellore?

The Hon. Sri K. Koti Reddi:—(a) to (d). Settlement Officers have no powers to assign unoccupied lands in the estate villages taken over by the Government under the Estates Abolition Act.

II. MOTIONS

CENSURE MOTION RB: POLICY OF THE GOVERNMENT.

Mr. Speaker:—I said yesterday that I would consider the censure motion tabled by Sri Pillalararri Venkateswarlu. I will now give my ruling.

In form I find that the motion is in order, but in substance it offends against the rule of anticipation. On page 178 of Campion’s Introduction to the Procedure of the House of Commons, it is said:

“In applying the Anticipation rule, preference is given to the discussion which leads to the most effective result, and this has established a descending scale of values for discussions - bills, motions, amendments etc.”

I have therefore disallowed this censure motion.

Sri T. Nagi Reddi:—In anticipation of the censure motion tabled, I wish to state that, in my view, it is not in order. Amendment pass order are non-official discussions.

If a censure motion is not passed, the government is asked to resign.

(2) PRIVILEGE MOTION RE: USE OF ASSEMBLY HALL FOR COLLECTORS' CONFERENCE.

Mr. Speaker:—Then there is the privilege motion given notice of by Sri Vavilala Gopalakrishnaiah. It states that inasmuch as the Assembly Hall has been used for holding a Conference of the District Collectors, there is a breach of privilege of the House and that the motion should be sent to the Committee of Privileges.

I am unable to understand how there is any breach of privilege. I want to hear Sri Vavilala Gopalakrishnaiah for some time.

Privilege Motion re: Use of Assembly Hall

23rd February 1954] [Sri Vavilala Gopalakrishnaiah]

This privilege motion relates to the use of the Assembly Hall on the 23rd February 1954. The motion is presented by Sri Vavilala Gopalakrishnaiah. The motion discusses the usage of the Assembly Hall for meetings of the sub-committee and other executive workers. It mentions the functions of the Executive, Legislature, and Judiciary. The motion is relevant to the Public Works Department, policy, and absolute teneness. The motion concludes that privilege committee is essential for such occasions.

Mr. Speaker:—Consistency must be observed during debate.

Sri. P. Pundarikakshacharyulu:—It is my pleasure to move a privilege motion that the Assembly Hall be used only for assembly purposes and not for other purposes. Mr. Speaker:—Consistency must be observed during debate.
Sri G. Nagabushanam:—Mr. Speaker, Sir, it is very surprising to see my friend, Sri Vavilala Gopalakrishnaiah, a democrat of democrats, bringing forward this motion of privilege, which is opposed to the principle of democracy. For, democracy implies equality of all people, equality before law. Now my hon. friend wants to claim privilege. That means that he wants to be an autocrat and not a democrat. He wants privilege for himself and that privilege, he claims sitting on the opposite benches. He is claiming things which are opposed to the creed which he professes.
23rd February 1954] [Sri G. Nagabhushanam]

Now we on this side stand for principles of democracy. We stand for principles of equality, for principles of liberty, for freedom of speech, in short for people's democracy. We believe in the general goodness of humanity. We do not believe in hatred. We do not believe in coercion. We stand for equality and we declare it from house tops. We do not want to speak with two voices as it is now being done by the opposite side.

Sri G. Baranayya:— అంతే ప్రత్యేకాన్ని, privilege motion కు ముందు నాను చెప్పాలి.

Sri G. Nagabhushanam:—There is relevancy in what I am speaking. I find that whenever I get up to speak there is heckling, because hon. Members on the other side do not want that they should be exposed. That intolerant attitude, that aggressive attitude must be put down. We stand for principles of equality, we stand for principles of liberty, we stand for freedom of speech and we are not afraid of any opposition.

The Hon. Sri N. Sanjeeva Reddi:—Is the point of order relevant?

Mr. Speaker:— Mr. Nagabhushanam will resume his speech. He may observe the rules of relevancy.

Sri G. Nagabhushanam:— I think that the utility of this hall should be open for all occasions. On the principle of utility we must make use of this hall. Particularly when a conference is held to promote the welfare of the Andhra State, a conference of Collectors who are our own men, there should be no objection for the use of this hall by them. It was for the good of the Andhra State and in the interest of the Andhra State. No procedure has been laid down by this House in this matter and there is no necessity to refer the matter to the Privileges Committee, because there is no question of privilege here. I feel that in a democratic country, we can use any building and any place for the benefit and advancement of the State.

Privilege Motion re: Use of Assembly Hall

Mr. Speaker:—The mere fact that there is no authority to show that any House or Assembly was used for such purposes, does not necessarily mean that the Assembly was never used for such purposes. It is possible that it might have been so used and nobody thought that it was a breach of privilege and therefore there was no occasion for any such ruling. If hon. Members so desire, I can give them some time. Otherwise I will give my ruling after considering the speeches made by hon. Members.

The Hon. Sri T. Viswanatham:— The point is that there is no authority to show that any House or Assembly was used for such purposes. If it was so used, nobody noticed it. If hon. Members so desire, I can give them some time. Otherwise I will give my ruling after considering the speeches made by hon. Members.
[Sri T. Viswanatham]

138 Privilege Motion re: Use of Assembly Hall

"... motion to withdraw the motion as a prima facie case of facts..."
Mr. Speaker:—I do not want that the motion should be withdrawn because I have given the permission. After going through May’s Parliamentary Practice and Campion and other books, I allowed this motion to be talked in this House to see if hon. Members would give me any authority which will be a precedent for the position they have taken up. If there are any authorities to show that the Assembly Hall should not be used for the holding of a Conference of the District Heads under the chairmanship of the Chief Minister or for a similar purpose, we can make it a question of privilege. So far as I am aware there is no such privilege involved in this. So far as I have seen the Parliamentary Procedure, there is what is called ‘access to His Majesty the King’. There is a privilege called ‘freedom of speech’, ‘freedom of person’, ‘freedom from arrest’, ‘contempt of the House’. These are the privileges which I have been able to come across on going through these books on Parliamentary practice and procedure. I did not find any authority for the point raised now. But if there is any, and if hon. Members can show it, we will certainly respect it and we
will make a similar convention. I will give them time for 2 or 3 days and they may show me any authority on the point.

The Hon. Sri T. Viswanatham:—ప్రతి మధ్యే వినియోగించేవారు. The Hon. Speaker cannot make any breach of privilege of the Members in this House.

Sri T. Nagi Reddi:—Probably there has been no breach of privilege of this kind in any other place.

Mr. Speaker:—Equally, it might not have been considered a breach of privilege. I will adjourn this motion till day after tomorrow.

Sri Vavilala Gopalakrishnaiah:—అనుభవించండి, మనం చేసాం చిన్న విధానసభ ఆధ్యాత్మికాలు. Collectors' Conference అనుంచా సందర్శించా సారి ఓర్ప్రమాన మాత్రమే, అరిచే వేలు సేవలు కొలువుగా చెప్పాలి తాను సాధనం.

Sri G. Nagabhushanam:—Mr. Speaker, the history of the District Boards, so far as my knowledge goes, commences from the year 1900. First, District Boards were managed with nominated members and subsequently they became all elected. It is unfair to construe the abolition of district boards as undemocratic. Not only in this State, but in Mysore and Madras States also, the Governments have come to the same conclusion. There also, similar situation has arisen and they have found that the present conditions of District Boards are not very satisfactory and they are thinking of other substitutes necessary to satisfy the needs of democracy. The Government in the Statement of Objects and Reasons has definitely stated why the District Boards should be abolished. But, Hon. Members on the opposite side are misconstruing the very objects in spite of their being clear and definite. In the present circumstances, we have to examine what steps should be taken to improve the administration of District Boards and how to arrange for the discharge of their liabilities, etc. Therefore the Government are considering how best to devise a suitable agency if District Boards are abolished and that is why the Government is really in need of time. My Hon. Friend, Mr. Pragada Kotaiah has said that six months time is sufficient. Any how he has conceded that some time is necessary. But I would go a step further and place all the relevant facts before the House to show how even one year is not sufficient. First of all there are a large number of Panchayats now existing and there is the Panchayat Act of 1950 which has given powers to the Panchayats to do several acts like supply of water, laying of roads, education, sanitation etc. So also is the case with the District Boards which have to deal with education, roads, sanitation, medical relief, etc. It is here there is considerable over-lapping and it is necessary that the Government should see that there is no overlapping in discharging their functions between district boards and panchayats. Besides, if they are to function, they must function well and also separately and independently since overlapping brings about frustration. There are subjects like education which can be dealt with by both the District Boards and the Panchayats. There is always the difficulty of finance. Therefore the question is whether the Panchayats and the District Boards should jointly manage education, roads, transport, medical, sanitation etc. or the Government. It is the duty of the Government to provide
sufficient finances at least hereafter to the District Boards. Panchayats also should undertake social work. At present District Boards have no good sources of income and they entirely depend upon the Government. The same is the condition of Panchayats. Therefore the Government are considering how far and to what extent they can provide progressive sources of income to both District Boards and Panchayats. After providing the sources of income, what is the other agency that we have to create? Is it by means of legislation? For all these things, it is necessary that we should examine the Panchayat Act of 1950, the District Board Act and also the District Municipalities Act. All these three Acts must be simultaneously examined and so the Government will do well to appoint an Experts Committee to consider how far and to what extent steps should be taken to provide an efficient administration in between the Panchayats and the Government. Now, the administration of District Boards in Southern India has proved futile. Therefore the Government feel that the time at their disposal is insufficient and they want one year time to consider all these aspects. They have to examine the Panchayat Act of 1950, the District Board Act and the District Municipalities Act and enact new legislation to provide for another democratic institution with modern administrative set up in the place of the present District Boards etc. These are all complicated matters and the demands now made by the people on the Government are increasing day to day, especially for roads and transport. Hence the machinery to be installed by the Govt. should be an efficient one taking the enormity of the work. Whether roads, medical relief, sanitation, etc. should vest in the District Boards or the Panchayats or the Taluk Boards or should be vested in the Government, these are all complicated questions to be solved. My friend Mr. Pragada Kotaiah has said that six months time is sufficient. I say that one year is necessary because the Government have to examine all the aspects of the question, whether they should pass a new legislation, etc., so as to provide a new democratic set-up to provide all the facilities not only to the people living in the villages, but also the people living in towns, and then come to a definite conclusion. For this purpose it is necessary that the Government should be given time to bring forward new legislation providing new institutions in the place of the present District Boards, Panchayats.
Boards etc., to carry on the democratic administration. The object is made clear in the Statement of Objects and Reasons. Their object is to replace the present District Boards etc., by another agency. The present District Boards in my opinion have no financial resources. From the very beginning and throughout the British regime, the British encroached on the local bodies and kept all power with them because they had no confidence in Indians. Therefore the Government are justified to drop the District Board Act and bring forward a comprehensive legislation providing perennial and progressive sources of income for the due discharge of duties imposed on the District Boards by another suitable agency in the new democratic set-up of the State. The objective of the Government is certainly democratic and the time required by them is really necessary because the job which they have undertaken requires the study of not only the present Panchayat Act 1950, but also the District Board Act and the District Municipalities Act, so as to evolve another Act which satisfies the needs of a democratic society. For these reasons, I feel the statement of Objects and Reasons given by the Government is just and reasonable. Because the problems that are involved in this are purely technical, it is necessary that people who have got wide experience in local administration and people who are erudite scholars in law may be appointed to evolve a new legislation. It is necessary, before the Cabinet comes to a conclusion, that the Government should appoint such a Committee to give their recommendations which will be helpful for the Cabinet to arrive at reasonable conclusions.

Thank you, Sir.

Mr. Speaker:—I now adjourn the House to meet again at 11 a.m. tomorrow.

The House then adjourned.
