Transfer of Hosur, Gudiyattam etc. of Madras State to the Andhra State.

*276-A.-Q.—Sri B. KRISHNAMURTHI RAO:—Will the Hon. the Chief Minister be pleased to state:

(a) whether the Andhras of Hosur, Gudiyattam, Tenneri and Tiruvallooor taluks of Madras State are anxious that the said areas are to be transferred to the Andhra State; and

(b) if so, the steps taken by the Andhra Government so far?

A—The Hon. Sri T. PRAKASAM:—The people of those areas have been anxious to become members of the Andhra State. They have been agitating for a long time. Some of them have filed memorandum before Justice Wanchoo, when he was inquiring here. Now in each area the Andhras who have been anxious to become members of the Andhra State formed committees, collected evidence and have been pressing forward to represent their case to the Boundary Commission that would be coming down, having been appointed by the Government of India.

Special Armed Police and Malabar Police in Andhra State.

*288-Q.—Sri T. LAKSHMINARAYANA REDDI:—Will the Hon. the Deputy Chief Minister be pleased to state whether the Government have any proposal to reduce Special Armed Police and Malabar Police in Andhra State?

The Hon. Sri N. SANJEEVA REDDI;—There is no proposal to reduce the Special Armed Police and there is no Malabar Police force in the Andhra State.

The Welfare Fund T. B. Hospital in Nellore.

*289-Q.—Sri K. KRISHNA RAO;—Will the Hon. the Minister for Planning and Public Health be pleased to state:

(a) whether it is a fact that the person authorised by the Government to admit patients into the Welfare Fund Tuberculosis Hospital, Nellore, is a private medical practitioner, running a private nursing home for tuberculosis patients in Nellore;

(b) the special reasons for entrusting the control over a Government Hospital in clause (a) to a private physician; and

(c) whether the control over admission as inpatients in the case of any Headquarters Government Hospitals in Andhra is entrusted to private medical practitioners running nursing homes in the place?

The Hon. Sri D. SANJIVAYYA;—

(a) and (b): Admission of patients into the Government Welfare Fund Tuberculosis Hospital, Nellore is regulated strictly in accordance with prescribed rules. Patients are admitted by the Sanatorium Medical Officer with reference to a waiting list prepared at the out-patient Tuberculosis Clinic, attached to the Government Hospital, Nellore, which is in charge of an Honorary Assistant Medical Officer. The waiting list of patients fit for admission is scrutinised by
the Superintendent of the Tuberculosis Hospital (District Medical Officer). The patients are admitted in the order of priority as and when beds fall vacant. The Honorary Assistant Medical Officer, is no doubt, a private practitioner. But, he works in the hospital, in the capacity of an Assistant Medical Officer attached to it and not as a private medical practitioner.

(c) The answer is in the negative.

First Grade College at Hindupur.

* 290 Q:—SRI T. LAKSHMINARAYANA REDDI—
Will the Hon. the Minister for Education and Industries be pleased to state whether the Government have any proposal to start a first grade college at Hindupur (Anantapur District)?

The Hon. Sri S. B. P. PATTABHIRAMA RAO.—
The answer is in the negative.

Mr. SPEAKER.—The question hour is over. Now we shall take up the general discussion of the Budget.

A detailed analysis of the budget for the year 1954-55 reveals several significant variations. The budget, which consists of receipts and expenditures, indicates a positive trend compared to the previous year. Variations in land revenue, which is a major source of income, show a growth of 12,84,000. Court fees, entertainment tax, and tobacco taxation also witness an increase. Motor taxation is reduced by 3,59,000. General sales taxes show a decrease of 3,18,000. The abolition of zamindari land revenue and the increase in land revenue on productive projects are noteworthy. In the case of projects for which no Capital accounts are kept, the total revenue amounts to 40,67,000. In conclusion, the budget is expected to have a positive impact on economic growth.

After Lunch — 2 P. M.

Sri B. RAMAKRISHNA REDDI:

We have already discussed various aspects of the Budget for the year 1954-55. The budget has been framed in the light of the country's economic needs and the aim is to promote industrialization and agricultural growth. The budget allocates funds for various sectors including education, public health, and infrastructure development.

In the agriculture sector, the budget provides incentives for farmers to increase production. There is an increase in the expenditure on irrigation and farm credit. The government has also introduced new policies to support small and medium-sized farmers.

The expenditure on education has been increased to support the growth of the educational system. The budget allocates funds for the expansion of primary and secondary education, as well as for the development of technical institutes.

In the health sector, the budget allocates funds for the construction of new hospitals and the expansion of existing ones. There is also an increase in the expenditure on health education and research.

The budget also includes provisions for the development of infrastructure, including roads and bridges. The government aims to improve connectivity and reduce transportation costs.

In conclusion, the budget is a well-rounded plan that aims to address the country's economic needs and promote sustainable growth. The government is committed to implementing these plans and ensuring the well-being of all its citizens.

The discussion on the budget for the year 1954-55 by Sri P. Venkatasubbaiah, who is the Co-operative Sub Registrar and has jurisdiction over the Central Cooperative Stores, highlights various aspects of the cooperative sector. The discussion includes the rectification of defects in cooperative societies, the provision of reserve funds, and the provision of loans to house building societies. It also mentions the issue of insurance policy surrenders and the need for sanction for loans. The meeting discusses the cooperative's role in the provision of fertilizers and chemical manures, as well as the issue of monopolies in the agriculture sector. The cooperative society's debts are under a moratorium, and the cooperative marketing society's debts are also under consideration. The Central Cooperative Banks' role in cooperative finance is also discussed, highlighting the need for better coordination between the central and regional level cooperative institutions. The discussion concludes with the need for better financial management and strategic planning by the cooperative sector to address the challenges of the year 1954-55.

The Budget is a matter for serious consideration. The estimation of the
revenue and expenditure is based on the assumption that the sugar
industry will make a profit of Rs. 100 crores. However, it is not certain
whether the industry will be able to achieve such a profit. If the
industry is able to make a profit of Rs. 25 crores, it will be a great
relief to the Government. In this case, the Budget will be balanced.

GENERAL DISCUSSION OF THE BUDGET FOR
THE YEAR 1954-55

11th March 1954]

Sri C. PRABHAKARA CHOUNDARY:—

The budget for the year 1954–55 should be adequately
financially viable, and should not lead to an
increase in taxation. The budget should aim at
realising economic growth and development, with
special emphasis on agriculture and industries.
The budget should focus on

1. Reducing taxes on middle-income groups
2. Increasing expenditures on education and health
3. Promoting vocational training and skill development
4. Encouraging small-scale industries

The budget should also

1. Support the development of the rural sector
2. Improve the infrastructure in rural areas
3. Enhance the efficiency of public sector enterprises
4. Promote the development of cottage industries

In conclusion, the budget should be

1. Balanced and sustainable
2. Reflective of the government's commitment to
economic growth and development
3. Preceded by thorough planning and analysis
4. Championed by the government's vision for
industrial and rural development.

Let's work together to make

1. The rural sector more vibrant
2. The middle-income groups more financially
secure
3. Our country more prosperous and
strong
4. Our people more hopeful and
empowered
GENERAL DISCUSSION OF THE BUDGET FOR
THE YEAR 1954-55

Sri C. Prabhakara Choudary  [11th March 1954]

In my respectful view, there is no question of giving any
purchase tax rebate. However, the incidence of the tax
should be reduced from 6% to 5%. The existing tax is too
high and it affects the cost of living. It is also not
necessary to impose a new tax on graveyard, temple,
and university buildings. These institutions have already
paid taxes on their properties. I therefore, suggest that
the existing tax should be reduced and the new tax
should be abolished.

In my opinion, the public sector should be strengthened
in various fields. The government should take over the
operations of the railways, the power sector, and the
telecommunication sector. This would help to reduce
the burden on the people and provide better services.

In conclusion, I would like to urge the government to
consider these suggestions and take appropriate
measures to improve the budget for the year 1954-55.

Sales Tax may not be abolished as such, because it is a
necessary part of the revenue system. On the other hand,
several practical suggestions can be made in this matter.

The provisions in the Finance Bill for the registration of
taxpayers' entertainments are haphazard. The percentage
of tax on entertainments may be increased to 15.

Vicious circle, etc., will be broken when schedule caste
and lower castes are included. In this manner, the
untouchability can be removed, and the caste system will
be abolished. Happy are the states that have included
such provisions in their legislations. The states like
Karnataka and others should take a cue from these
provisions. It is the mission of states to provide
education and welfare to all.

May the states take up this task in the near future.

GENERAL DISCUSSION OF THE BUDGET FOR THE YEAR 1954-55

Sri T. Nagi Reddi [11th March 1954]

The investigation of the budget for the year 1954-55, as presented by the Finance Minister, needs a critical examination. The budget provides a comprehensive overview of government revenues and expenditures for the upcoming fiscal year. However, the detailed analysis reveals certain aspects that require further discussion.

The budget allocation for education and health sectors appears to be adequate, but the provision for agricultural development seems insufficient. The agriculture sector is crucial for the country's economic growth, and any underfunding could have long-term implications. Additionally, the budget's focus on infrastructural projects is commendable, as it will contribute to the nation's development. However, the sustainability of these projects must be ensured to avoid future financial burdens.

In conclusion, while the budget presents a positive outlook, it is essential to critically assess its various components to ensure that the government's objectives are met. The budget should be scrutinized to identify areas for improvement and to allocate resources more effectively.
The revenue deficit will be covered at least in part by additional taxation and other measures. There are likely to be some lapses in the provision for capital expenditure.
Sri T. Nagi Reddi] [11th March 1954

Capital expenditure is likely to be some lapses. "There are bound to be lapses" etc. etc. in capital expenditure also, and there must be. "It is 30% Revenue deficit which is 50% Revenue and expenditure, and the budget shows no (balances)

Revenue and expenditure must be balanced. But must not be balanced. The budget shows no balance. It must be balanced. Capital expenditure is likely to be some lapses. There are bound to be lapses."

The General Discussion on the Budget for the year 1954-55, presented by the Finance Minister, was taken up by Sri T. Nagi Reddi. He emphasized the importance of developing the facilities of the educational institutions, both at the undergraduate and postgraduate levels. Sri Reddi stressed the need for improved facilities in the science department and the development of an affiliated university. He also highlighted the importance of improving the residential facilities for students. Sri Reddi pointed out that the increase in the budget for education is essential to meet the growing demands of the country.

Scientific research must be encouraged at both the undergraduate and postgraduate levels. The science department should be strengthened to support research activities. Sri Reddi also advocated for the development of an affiliated university and the improvement of residential facilities for students. He concluded by expressing confidence in the Budget's ability to support the educational needs of the country.

Sri T. NAGI REDDI.— Considering the extended spell of drought, the high power of the river Krishna, the prevalent flood, the inadequate irrigation, and the high expenditure on the public works, the border areas in southern Andhra Pradesh, especially in the border areas between Andhra Pradesh and Madras State, need special attention. The important case of the Krishna River is an example. The Krishna River is a major river in the Indian state of Andhra Pradesh. It is one of the longest rivers in the country, flowing through the states of Telangana and Andhra Pradesh. The river is known for its historical significance, cultural importance, and natural beauty.

Sri T. NAGI REDDI.— Possibly the public works in 1950 should be increased by 10%.

COPIES OF GOVERNMENT ORDERS TO BE PLACED ON THE TABLE OF THE HOUSE.

[FIDE ANSWER TO THE STARRED QUESTION NO. 279
PUT BY SRI KOLLA VENKAYYA, AT THE
MEETING OF THE ASSEMBLY HELD ON 11-3-54]

I

GOVERNMENT OF MADRAS.

[Land-Grant to political sufferers—Revised instructions—Certain points—Clarified.]

Order—No. 615, Revenue, dated 28th February 1953.

With reference to paragraph 1 (i) of the Government Memorandum No. 21933-F/53-16. Revenue, dated 16th June 1952, certain parties have requested clarification of some points which are set out hereunder,

2. The Government have examined the points and pass the following orders:—

(i) Assignment in which possession of land has been given and patta issued.—These assignments will stand subject to powers of revision under B. S. O. 15—18.

(ii) Assignment in which possession has been given but patta has not been issued.—These are treated as pending cases and the provisional assignments are subject to cancellation under the present policy relating to political sufferers' applications for assignment of land.

(iii) Assignments in which patta has been given but possession has not been given.—The Government leave it to the assignee to obtain possession of the land where any other is in unauthorized possession.
These assignments are also subject to the power of revision under B. S. O. 15—18.

(iv) Temporary Assignments with possession where no permanent assignment has been made and no patta issued:—These are treated as pending cases and the provisional assignments are subject to cancellation under the present policy.

(v) Cases in which official enquiries have been completed but no orders have been passed.—These are, of course, pending cases and will be dealt with according to the revised policy.

3. The Government have decided that all valuable lands should be sold in public auction or assigned on collection of market value whichever is advantageous to the Government: The fact that some political sufferers have already obtained land without paying market value according to the old policy cannot be any ground for not enforcing the new policy. Collectors have been given powers to assign valuable lands other than those in the proximity of towns to landless poor persons by private sale on collection of market value. These orders apply to the assignment of all valuable lands, whoever the applicant may be, and no distinction has been made on the ground of what class the applicants belong to.

(By order of the Governor)

S. K. CHETTUR,
Secretary to Government.
