Post Graduate Courses in Government College, Anantapur.

* 296 Q.—Sri T. NAGI REDDI:—Will the Hon. the Minister for Education and Industries be pleased to state:

The Hon. Sri S. B. P. PATTABHIRAMA RAO:—

Sri T. NAGI REDDI:—
Sri T. N. VENKATASUBBA REDDI:— Sir, the Hon. Minister seems to have misunderstood me, that the Rayalaseema students will not be admitted in the Andhra University. That is not what I stated. There is a shortage of accommodation for students in the Honours Courses in the Madras University and the Andhra University, as only a very small number of seats is available to those who want to take Science Honours courses. Now, after the formation of the State, the Madras University will give preference only to Madras University students. So, I want the Hon. Minister to make efforts to start Honours Courses in our State, so that our students will have facility for taking Honours courses from this year.

The Hon. Sri S. B. P. PATTABHI RAMA’RAO:— I have just said the same thing. I am sorry the hon. Member did not understand me properly. For the starting of Honours Courses it is not Government alone that is responsible. The affiliated University also should be consulted. The present position regarding Honours Courses is quite unfortunate; I admit that is
15th March 1954

way the Venkatarama University is being started. Colleges will have to be affiliated to that University and the University has to decide whether these colleges can start Honours courses. All the same, we are starting Honours courses in Anantapur College. Therefore, there will not be difficulty for students, even admitting for the sake of argument the difficulty envisaged by Sri Venkatarama Reddi. So, from what I have said, not only Rayalaseema boys, but all boys will have facility to take up Honours Courses.

Sri T. NAGI REDDI:—

The Hon. Sri S. B. P. PATTABHIRAMA RAO:—
Sri K. VARADACHARI:—May I know whether the decision to start post-graduate courses in science in the proposed Venkateswara University means that you are going to give up the Courses in the humanities which are existing there?

The Hon. Sri S. B. P. PATTABHIRAMARAO:—Most certainly not. The point is, there is not much accommodation for running all classes. We want class rooms, we want equipment and so on. We have not equipment and accommodation for science classes to start with and therefore we are starting them. If it is possible to start humanities classes also, it is our anxiety to start them also. It all depends upon so many circumstances, the accommodation available, the staff, the equipment etc.

Is it possible to start humanities classes also? Does the C.R. Reddy Committee recommend such a proposal?

Reservation of Forests in Zamindari Areas.

*297 Q.—Sri G. YALLAMANDA REDDI:—Will the Hon. the Minister for Local Administration and Agriculture be pleased to state whether the Government propose to frame any rules to safeguard the interests of Zamindari ryots while finalising the reservation of forests in Zamindari areas?

The Hon. Sri P. THIMMA REDDI:—

No, Sir. Provision already exists under the Madras Forest Act 1882 itself for enquiry into the existing rights in Zamindari forests and their settlement before the areas are constituted into reserved forests under the Act. No special procedure need therefore be promulgated for this purpose.

The Hon. Sri P. THIMMA REDDI:—Forests & reserved forests are for the benefit of the public. The Forest Officers are responsible for preserving these valuable resources.

Sri K. VARADACHARI:— May I know whether there is a complaint that the timber traffic rules are not giving any scope for the Forest Officers to take action against people who violate the rules in other ways?

The Hon. Sri P. THIMMA REDDI:—Timber transit rules and reserved forests are inter-related. The rules apply to the transit and the area.

Sri K. KRISHNAM RAJA BAHADUR:— There is a Press note regarding the issue of 11-52 reporters. The Forest Officers need to be informed about the situation.

The Hon. Sri P. THIMMA REDDI:— Forest areas are not only for timber but also for dead fuel management. The Forest Officers are responsible for preventing forest fires.

Sri P. VENKATA SUBBAYYA:— Forest areas are not only for timber but also for the benefit of the public.
The Hon. Sri P. THIMMA REDDI:— Will the Hon. the Minister for Planning and Public Health be pleased to state:

(a) with reference to the programme for 1950-51, for Nellore District in the matter of providing house sites to Harijans why only 2 cases involving an expenditure to the Government of Rs. 1,412-7-1 were taken up while 10 cases involving an expenditure of Rs. 68,689-8-0 was programmed for;

(b) with reference to the programme for 1951-52, in Nellore district, in the matter of providing house sites for Harijans, why only 11 cases involving an expenditure of Rs. 16,153-15-6 were taken up while 30 cases involving an expenditure of Rs. 50,534-0-0 were programmed for?

The Hon. Sri D. SANJIVAYYA:—

(a) All the 40 cases selected in 1950-51 have been investigated. In the two cases of Velagalavagu and Vemaguntapalem taken up, lands were acquired for providing house sites and an expenditure of Rs. 1796-7-1 was incurred. In 14 cases the proposals to acquire land were dropped. As the connected dispositions have been destroyed due to efflux of time the reasons for dropping the proposals are not available. In the remaining 24 cases, the enquiries were pushed through in 1951-52 to complete them. The delay in disposing of all the remaining cases in 1950-51 is due to elaborate procedure to be observed in acquisition proceedings under the Land Acquisition Act and the unwillingness of the Harijans in some cases to take up the sites selected by the Government.
15th March 1954]

(o) Out of the 50 cases selected for 1951-52 awards have been passed for 11 cases and lands taken possession of. Out of the remaining 19 cases awards were passed in 3 cases in 1952-53 and in one case in 1953-54. Draft notification and Draft Declaration have been approved in 3 other cases and the notifications are under preparation in 4 cases. Proposals were dropped in respect of the four cases as house sites required for the Harijans were provided otherwise without resorting to acquisition. The reasons in respect of the four other cases are not available as the connected records have been destroyed by efflux of time. The reasons for not disposing of all the 30 cases in 1951-52 are the same as those furnished in answer to (a) above.

Mr. SPEAKER. At 6 p.m.

Sri T. NAGIREDDI:—Obviously the Hon. Minister does not want to say that he is leaving Kurnool this evening by train. So, I suggest that we may re-assemble at 2-30 p.m. instead of at 3 p.m. and rise for the day at 5-30 p.m. so that the Hon. Minister may have time to catch the train.

The Hon. Sri N. SANJEEVA REDDI:—I do not want to inconvenience the House. I shall make arrangements to catch the train at Nandyal.

Mr. SPEAKER:—Instead of all that, the House will rise at ten minutes to six in the evening, so that the Minister may have 20 minutes at his disposal.

Hydro-electrical investigations in the sub-divisions must be carried out. Investigations pursuance is imperative. The investigations pursued so far indicate that, with the existing basins, 20 water surveys of survey stations would be possible. Thus, 1977 rainfall and the other rainfall analysis would be possible. Pursuing Pykara, Metur and other water projects, rainfall surveys for 20 water basins investigation would be possible. Hence dual purpose projects are feasible. The sub-divisions 1947-49 report indicate that Deputy Collector office should ban red tapism and industries should canvass 100% electricity. Department

Sri Gopalakrishnaiah points out the importance of the electricity department in meeting the current demand. The department has requested an increase in funding to meet the growing demand for electricity. The proposed increase is necessary to ensure adequate supply and to meet the increasing consumption needs. The department has prepared a detailed plan to utilize the additional funds effectively.

The department has also highlighted the need for modernization of the existing infrastructure to improve efficiency and reduce costs. The proposed increase in funding will enable the department to carry out a comprehensive modernization program, which will result in significant savings in the long run.

The department has also requested funds for the purchase of new equipment and the installation of additional generators to meet the rising demand for electricity. The department's projects are expected to bring substantial benefits to the country, including increased productivity and enhanced economic growth.

In conclusion, the department strongly advocates for the proposed increase in funding to ensure the smooth functioning of the electricity department and to meet the increasing demand for electricity. The department is confident that the additional funds will be utilized efficiently and will result in significant benefits to the country.

VOTING OF DEMANDS FOR GRANTS FOR 1954-55. Demand XXVII-Electricity.

Sri Vavilala Gopalakrishnaiah, Hon'ble State 4th Minister of Electricity, moved a demand for grants for the State electricity department for the year 1954-55. He emphasized the importance of electricity in the development of the State, and stressed the need for continued support for the electricity department. He pointed out the importance of high power electricity in the rural welfare area. The reservation area, National rural welfare area, continue to receive support for electricity. The demand was seconded by Sri E. Varadachari.

* Sri K. Varadachari:— We have a party in power in the State. The electricity department has been functioning efficiently. The reservation area, National rural welfare area, continue to receive support for electricity.

VOTING OF DEMANDS FOR GRANTS FOR 1954-55. Demand XXVII—Electricity.

1950-51 administration report indicates that, in the year 1950, 83 Ceded districts, electric supply was provided.

Ceded districts have experienced a steady growth in electricity consumption, as the Ceded districts have increased their industrial and agricultural activities. This has led to an increased demand for electricity.

Ceded districts have increased their demand for Concessional rates, which is an indication of their growing industrial and agricultural activities. This has led to an increased demand for electricity.

Hydroelectric power supply is being provided to the Ceded districts. The supply is being increased to meet the growing demand.

The demand for electricity in the Ceded districts is expected to increase further in the coming years.

[Sri N. Sanjeeva Reddi]

High Court of Andhra Pradesh on the

matter of continuation of excise tax

on motor vehicles under Section 130 of

the Motor Vehicles Act, 1939.

R. T. O., Motor Vehicle Inspectors, Assistant

Motor Vehicle Inspectors are hereby

notified.

First Aid and Taxation are discussed

subsequently.

Advocate-General
Mr. SPEAKER:— Motion moved:

"That the Government be granted a sum not exceeding Rs. 5,08,600 under Demand VI - Motor Vehicles Acts."

Sri S. VEMIAH:— Sir, I move:

"That the allotment of Rs. 5,08,600 under Demand VI - Motor Vehicles Acts, be reduced by Rs. 100/-"

Mr. SPEAKER:— Motion moved:

"That the allotment of Rs. 5,08,600 under Demand VI - Motor Vehicles Acts, be reduced by Rs. 100/-"

All the other cut motions given notice of by members would be deemed to have been moved.

*Sri M. VEERABHADRAM:— A cut motion in the name of Sri N. Sanjeeva Reddi in the Bengaluru Assembly has been moved on 1952. The move has been against the demand of Rs. 508,600 for the year 1947-48. The move seeks a reduction of Rs. 100 on the amount. The move also seeks the return of Rs. 100 as a reduction on the demand. The move has been supported by the move's supporters.

Co-operative Societies' report traffic board's approach: The Transport Cooperative Societies approached the traffic board on matters regarding their 8, 9, 10, and 11 societies. The demand is for an amendment of the 1954 Act to allow them to increase their fees for overloading. Transport Cooperative Societies have 20 societies. The amendment would provide for an increase of 30%, 50%, and 100% for the societies.

Sri B. KRISHNAMURTHI RAO:— The fleet owners of 400, 500, and 250 societies have submitted objections. They believe the amendment is unjustified. The objections are against the increase in fees. The amendment has been proposed to allow fleet owners to increase their fees for overloading. The objections state that the amendment is unjustified.

15th March 1954] [Sri S. Narayanappa

As a member of the composite Madras State, I was one of those who advocated for the increased tax on motor vehicles. But now conditions have changed thoroughly. Most of the proprietors, so far as I know, are undergoing great hardships and it is becoming impossible for them to maintain the regular services. Particularly in my Anantapur district, many of the vehicles often go empty. No doubt, there are certain routes which always carry a large number of passengers and which are profitable, but there are certain routes where most of the passenger vehicles go empty, because the purchasing power of the people has gone down and as a result of it they are not moving about as before. Besides, there is a slump, not only in India, but throughout the world. Therefore, on account of the present economic slump and on account of acute unemployment, it has affected this business of motor vehicles. The present condition of the proprietors of motor vehicles is really pitiable. I would request the Government to take note of this and see that the proprietors get some relief. I congratulate the Hon. Sri N. Sanjeeva Reddi that he has decided to take steps to mitigate the hardships by appointing a committee to investigate and find out how far and to what extent the tax could be reduced to afford reasonable relief. The suggestion made by the Hon. Deputy Chief Minister is very reasonable and acceptable in the present existing circumstances.

It is a very good suggestion to give training to the drivers and conductors in first aid and nobody can oppose
it. But the Government have not provided the means for these poor people to undergo the necessary training. The Government must come forward with a practical scheme by which the poor people can undergo this first-aid training. It is really beneficial to them during times of emergency. I would therefore suggest that the Government should first provide means before they think of first-aid training to be given to the drivers and conductors.

With these words, Sir, I support the Demand moved by the Hon. Sri N. Sanjeeva Reddi.

Dear Sir,

The matter regarding the allotment of 10 acres of land for the construction of a civil work is still pending. The Head of the Department has informed me that the application has been rejected due to non-payment of the required amount. I request you to kindly reconsider the matter and grant the allotment.

Yours sincerely,

Sri P. Rama Rao]  [15th March 1954

Two acres of land near the village of Srikakulam is required for a public work. The
land is under cultivation and the owner, in possession of it, has been requested to
cede it. The owner, however, has refused to cede the land, alleging that he has
already given it to another person as an allotment. The owner has also informed
that the land has been allotted to a construction company for a direct road.

The demand for the land is hereby made, and the owner is requested to
cede it without delay.

SIDDANNA GOWD:— జీత్తం, అందుకే నేడు national highways ముఖ్యమైన, provincial highways ముఖ్యమైన, మరొకటే major roads ముఖ్యమైన, అందుకే కాకపోయాం మంట మార్గాలు మధ్యంతో ప్రపంచానికి మంటం, కాని సంస్థాపించే ఏ మంటం వచ్చే స్థానం తెలుసు లేదు. అంగధి నేడు విషయం ప్రపంచానికి మంటం మార్గాలు మధ్యంతో ప్రపంచానికి మంటం. మార్గాల మధ్యంతో ప్రపంచానికి మంటం 47 ప్రాంతాల మంటం తెలుసు. ఈ highest traffic మంటం ప్రపంచానికి మంటం. మార్గాలు మంటం highest traffic ప్రపంచానికి ఎలా హారించాం వేయించండి, అందుకే ఫిచర్ విషయం మంటం traffic, అందుకే మంటం major roads ప్రపంచానికి ఇతర తెలియాలి. మంటం ఎలా ప్రపంచానికి highest traffic మంటం ప్రపంచానికి ఇతర తెలియాలి. మంటం ఎలా ప్రపంచానికి highest traffic మంటం ప్రపంచానికి ఇతర తెలియాలి. మంటం ఎలా ప్రపంచానికి highest traffic మంటం ప్రపంచానికి ఇతర తెలియాలి. మంటం ఎలా ప్రపంచానికి highest traffic మంటం ప్రపంచానికి ఇతర తెలియాలి. మంటం ఎలా ప్రపంచానికి highest traffic మంటం ప్రపంచానికి ఇతర తెలియాలి. 

The Hon. Sri N. SANJEEVA REDDI:— మంటం తెలియాలి.
Sri R. SIDDANNA GOWD:— If that is so, I stand corrected. Now you see what has happened. The built-up area has increased. The pressure of bus traffic has increased. The black tap road has been built up. The traffic is now on the black tap road and not in the village roads. The traffic has increased. The demand for pucca roads has increased. The road has been expanded. The demand for traffic roads has increased. The demand for pucca roads has increased. The demand for traffic roads has increased. The demand for pucca roads has increased.
