PREFACE 8-8-1953
THE ANDHRA LEGISLATIVE ASSEMBLY.

Wednesday, the 17th March 1954.

The House met in the Assembly Hall, Kurnool, at half past eight of the clock, Mr. Speaker (The Hon. Sri N. Venkataramaiye) in the Chair.

QUESTIONS AND ANSWERS

STARRED QUESTIONS.

Mr. SPEAKER:—Question Nos. 321 and 322 will be taken up next week as the Hon. Chief Minister and the Hon. Deputy Chief Minister are absent.

Sri T. NAGI REDDI:—Also, Sir, one question was not answered on the previous day.

Mr. SPEAKER:—That also will be taken up.

* 323. Q:—SRI G. SIVASANKARA REDDI:—Will the Hon. the Minister for Land Revenue be pleased to state whether there is any proposal to amend the Act of hereditary Village Officers in order to abolish the hereditary right of succession to the village officers?

The Hon. Sri K. KOTI REDDI:—The answer is in the negative.

Sri T. LAKSHMINARAYANA REDDI:—అందరు పయాల ప్రయోగం మరియు కోచైన్ ఇతర పరిస్థితులు ఇప్పుడు సాధ్యం లేదు కారణం. నమ్మత ఎవరింటి ఇప్పుడు సాధ్యం లేదని ఏమింది విషయం?

The Hon. Sri K. KOTI REDDI:—అందరు రెండవ ప్రయోగం ఇప్పుడు సాధ్యం లేదు కారణం. Hereditary system abolish ఇప్పుడు సాధ్యం లేదని ఏమింది విషయం?
Sri G. SIVASANKARA REDDI:—Are the Government aware of the fact that the hereditary village officers have become not only dictatorial but have also become a nuisance to the villagers and ryots (Sri T. Nagi Reddi: hear, hear) and hence will the Government think of abolishing the hereditary right?

The Hon. Sri K. KOTI REDDI,—Government are aware that the village munsif has become a nuisance.

Sri C. SUBBARAYUDU:—Government are aware that the village munsif has become a nuisance.

The Hon. Sri K. KOTI REDDI:—A question was asked regarding the hereditary system. The hereditary system has been operating for about 100 years, and it has become a nuisance. The system has its advantages and disadvantages. The hereditary system has disadvantages. The hereditary system has been operating for about 100 years, and it has become a nuisance.

Mr. SPEAKER:— Sri D. Seetharamaiah has given notice of an adjournment motion day before yesterday. It reads as follows:

'This House stands adjourned to discuss a definite matter of urgent public importance viz.,

The grave situation arising out of the utterly destituted and incapacitated peasants of Chittoor District being subjected to unusual and forcible collection in a lumpsum all the arrears of land tax and cesses which have accumulated during the famine period of 1361 and 1362 faslies.'

I am disallowing it, because it relates to the day to day administration of the Revenue Department.

DEMAND XI — DISTRICT ADMINISTRATION 650
AND MISCELLANEOUS

17th March 1954  
[Sri G. Joseph

In the Lee's of the District Administration, there are various matters that require immediate attention. Among them is the issue of the market in the cantonment area. The market is located in the vicinity of the railway station and is essential for the daily needs of the residents. The current market is in a state of disrepair and needs immediate attention.

The proposal is to construct a new market building with adequate facilities. The cost of the new market is estimated to be Rs. 80,000. The funds will be raised from the sale of land that is currently unused.

The proposal also includes the construction of a new road in the cantonment area. This road will be instrumental in improving the connectivity of the area.

The District Administration is seeking the support of the government to undertake these projects. The government is requested to provide the necessary funding and support to ensure the successful completion of the projects.

Signed,
Sri G. Joseph

Stream of consciousness and the nature of the document is quite challenging to translate. The text appears to be a formal letter or a report concerning matters related to district administration, possibly including matters such as uplift, public health, revenue department, Firka development, women welfare, etc., and mentions consideration and enquiry.

The document seems to address specific administrative tasks and concerns, possibly relating to the district's development and welfare. The language and structure suggest a formal tone, typical of official correspondence.

The specific details and context of the document are challenging to convey in a natural text format due to the nature of the raw text and the difficulty in accurately transcribing and interpreting the content.

DEMAND NO. XXXII – COMMUNITY DEVELOPMENT PROJECTS

17th March 1954] [Sri D. Sanjivayya

Vegetable cultivation 692 acres
Contour bunding 166 acres
Bull-dozer and tractor cultivation 729 acres
Pests treated 411 acres
Fertilisers distributed for an area of 1500 acres: 720 tons 5 lbs.
Green manure seeds sold for supplying green manure in respect of 1160 acres.
One irrigation work is completed and 15 irrigation pumpsets have been secured to ryots in the project area.
No reclamation work has been undertaken so far, though a few schemes are being worked out.

Under Veterinary, activity has been confined up to now to treating sick animals of villages and fighting contagious diseases. The following are some figures of work done:

- Number of castrations done is 371;
- Number of contagious diseases treated is 141;
- Number of non-contagious diseases treated is 3,588;
- Number of preventive inoculations performed is:
  - Rinderpest 3507
  - Halmorrasic septicaemia 3211
  - Ranikat vaccinating 1287
  - Sheep pox vaccination 600

Total inoculations 8605

Anti-rabic treatment has been given to 5 animals
Number of sheep dewormed is 5505

Under Health and Sanitation, I have to say that one primary Health Centre has been started and is functioning from 4—1—53
The building for this Centre is being constructed and is expected to be completed before 31-3-1954. The Health Centre's record of work in brief is as follows:

- Number of patients attended: 46,444
- Number of maternity cases attended: 18
- Minor operations done: 158
- Drinking water supply has been attended to in 22 villages.

Out of the 26 wells sanctioned, 11 wells have been completed and others are in progress. Ten latrines have been constructed. Estimates for over 100 of them have already been prepared.

**Communications.** Roads representing total milage of ten miles are under construction, one of them has been completed and six more are nearing completion.

**Education.** Elementary school buildings are nearing completion.

**Social Education.** Social education by way of training adults is in progress. Six centres are functioning. A dozen organised recreation clubs are being assisted for games materials on a contribution basis. In two villages dramatic troupes have been started and it is expected that as many as a dozen will be functioning very soon. Over 20 Harikatna Kalakshepams (Laughter) attended by thousands of people have been actually organised and put through. There are six youth leagues organised now for cleaning campaigns in villages.

**Co-operation.** Four new multi-purpose societies have been started afresh in addition to the sixty already functioning in the project areas. Dormant societies are being revived.
Rural Arts and Crafts. There was no progress under this programme pending formulation of the schemes.

East Godavari District.

Agriculture. Improved methods of cultivation were much in evidence in the project area. Distribution of improved strains of seeds, use of green manures and chemical fertilisers, vegetables and fruit cultivation was also perceptible. Plant protection work was undertaken in the area. The factual presentation is given below.

Area under improved strains of paddy: 1,13,423 acres.
- Compost pits laid: 134
- Demonstration plots: 355
- Plant protection work: 2452
- Fertilisers distributed: 1010 tons.
- Green manure seeds: 9720 acres.

Irrigation. The Thulyabhaga Lift Irrigation Scheme has been completed. The scheme makes provision for utilising the surplus drain water flowing in the Thulyabhaga drain by pumping it with the aid of electricity. The scheme provides irrigation facilities to one thousand acres of land besides providing water for the early raising of seed beds for about 1400 acres. The Community Projects Administration have advanced a loan of Rs. 1 lakh to the Electricity Department for supplying power to the pumping installation. The ryots to be benefitted by the scheme have formed themselves into a co-operative society and have borne the entire cost of the equipment and installation charges amounting to Rs. 72,000. During the second crop of fasting 1363 paddy in an extent of 326 acres and sugarcane in 200 acres were raised, with the help of the two out of the pumpsets installed in March 1953. 3,260 bags of paddy valued at Rs. 75,200 was grown.
The scheme is designed to pump water from Samalkota canal to the Longala Tank for being stored and used for irrigation. The scheme is expected to stabilise first crop irrigation of 500 acres and to afford irrigation facilities to about 250 acres during the second crop season. The Co-operative Society formed for the purpose have invested Rs. 20,000 and purchased the pump-sets and raised a pucca pump house. No funds were granted from the Community Projects Administration.

Animal Husbandry. One Veterinary Dispensary at Rayavaram (located in a gifted building) and three veterinary aid centres at Kapileswaram, Mandapeta and Anaparthi have been started. The work done in these institutions is given below.

Number of cases treated is 4250
Number of castrations made is 704
Number of cattle treated is 5342

Health and Sanitation. Three primary health centres at Karapa, Kirlampudi and Mandapeta and nine maternity centres at Tapeswaram, Teki, Kotipalli, Jagannadhagiri, Samalkot, G. Medapadu Geddanapalli, Kandrakota and Pulimeru have been started in the project. The work turned out in these institutions is as given under.

Primary Health Centres.
Number of cases treated is 1,42,388
Number of operations made 239

Maternity Centres.
Antinatal cases treated 4,514
Number of labour cases attended 590
Post-natal cases attended 3,527
Sanitation

69 tanks and 415 wells were cleaned. 51 tanks and 443 wells were chlorinated. 61,470 inoculations for cholera were performed. Besides control measures against filaria and guinea worm are also reported to have been undertaken.

Under Communications, one road work out of the four sanctioned is in progress. Under Education, improvement to 26 school buildings are reported to be under way.

Adult and Social Education. 61 adult schools, 31 recreation centres have been opened. 49 film shows, 36 social dramas and burrakatias have been given. 22 youth organisations are reported to have been formed. 201 meetings and group discussions are reported to have been conducted. 4 libraries and 11 reading rooms have been opened.

Under Co-operation, two lift irrigation societies have been organised. Registration of about 11 more societies is pending.

Under Rural Arts and Crafts, the detailed programme has not been finalised. Pending this, however, one Poultry demonstration unit and one apiary scheme have been started. The total expenditure incurred upto 30-11-1953 is Rs. 6,70,036-3-11.

Information regarding the expenditure is not available. Figures regarding the expenditure Rs. 98 lakhs. The total budgetary expenditure Rs. 115 lakhs.

Sri R. Sidnanna Gowd

The District Administration has suggested certain social welfare projects. [Some individuals] have raised objections against these, claiming that they are not socially acceptable. Consequently, the District Administration has been forced to withdraw these projects. However, it is evident that there is a need to undertake such social welfare projects in backward areas of the non-deltaic region. Therefore, community projects are essential in developing backward areas and non-deltaic areas as well.

Sri K. V. RAMESAM:— The demand for community projects in areas selection needs to be emphasized. Community projects are significant in backward areas and non-deltaic areas.
Sri K. V. Ramesam] [17th March 1954

Demand No. XXXII - Community Development Projects

In the backward areas of production, it is necessary to develop irrigation sources and irrigation sources should be developed in backward areas. Therefore, the backward areas require irrigation sources. The backward areas are rich in water because of the natural water sources. Therefore, it is necessary to develop irrigation sources in the backward areas. Community development should be developed in these backward areas. Therefore, it is necessary to develop irrigation sources in these backward areas.

DEVELOPMENT PROJECTS

Sri T. Laksmi Narayana Reddi [17th March 1954]

The undersigned have observed with concern the socio-economic situation prevailing in the
rural areas and note that technical knowledge, experience and cooperation for the
development of community projects are essential. The Government of India, in view of
the need for technical experts, has requested the assistance of technical experts
from abroad. It is necessary to extend technical cooperation in technical
education, research, and development in the fields of agriculture, industry,
and engineering.

The undersigned therefore wish to contribute their knowledge, experience and
co-operation in technical aid to the Government of India.

The undersigned have, therefore, the honour to request the Government of India
to consider their application for technical cooperation in the fields of
agriculture, industry, and engineering.

The undersigned hereby request the Government of India to consider their
application for technical cooperation in the fields of agriculture, industry,
and engineering.

(Placed on the table of the House on 17-3-1954)

* 298 (Answered on 15-3-54.)

Will the Hon'ble the Minister for Planning and Public Health be pleased to state:-

(a) With reference to the programme for 1950-51, for Nellore District in the matter of providing house sites to Harijans why only 2 cases involving an expenditure to the Government of Rs. 1,412-7-1 were taken up while 40 cases involving an expenditure of Rs. 63,689-8-0 was programmed for:

(b) With reference to the programme for 1951-52, in Nellore district in the matter of providing house sites for Harijans, why only 11 cases involving an expenditure of Rs. 16,153-15-6 were taken up while 30 cases involving an expenditure of Rs. 50,534-0-0 were programmed for:

Answer.

(e) All the 40 cases selected in 1950-51 have been investigated. In the two cases of Velagalavagu and Vemuguntapalem taken up lands were acquired for providing house sites and an expenditure of Rs. 1,796-7-1 was incurred. In the 14-cases the proposals to acquire land were dropped. As the connected disposals have been destroyed due to efflux of time the reasons for dropping the proposals are not available. In the remaining 24 cases, the enquiries were pushed
through in 1951-52 to complete them. The delay in disposing of all the remaining cases in 1950-51 is due to elaborate procedure to be observed in acquisition proceedings under the Land Acquisition Act and the unwillingness of the-Harjans in some cases to take up the sites selected by the Government.

(b) Out of the 30 cases selected for 1951-52 awards have been passed for 11 cases and lands taken possession of. Out of the remaining 19 cases awards were passed in 3 cases in 1952-53 and in one case in 1953-54. Draft notification and Draft Declaration have been approved in 3 others cases and the notifications are under preparation in 4 cases. Proposals were dropped in respect of the four cases as house sites required for the Harjans were provided otherwise without resorting to acquisition. The reasons in respect of the four other cases are not available as the connected records have been destroyed by efflux of time. The reasons for not disposing of all the 30 cases in 1951-52 are the same as those furnished in answer to (a) above.
