REPRESENTATION FROM SRI SRINIVASA AND VENKATESWARA YARN MILLS, TIRUPATHI

*625 Q.—Sri K. Adikesavulu Naidu:— Will the Hon. the
Minister for Education and Industries be pleased to state whether
the Government have received any representation for financial aid
from Sri Srinivasa and Venkateswara Yarn Mills, Tirupathi?

The Hon. Sri S. B. P. Pattabhirama Rao:—

An application was received by Government for financial aid to
the extent of Rs. 6,00,000/- on behalf of the Venkatachalapathim Mills, Tirupathi, in order to enable them to run the Srinivasa Textile
Mills at the same place.
Sri K. Adikesavulu Naidu:— నామం ప్రతి ప్రతిపాదితం ఉండి తరువాతి సమయం చెందాలి? మనం ప్రతిపాదితం, మనం ప్రతిపాదితం ఎందుకు అనుభవించాలి ఈ అంశం విషయంలో?

The Hon. Sri S. B. P. Pattabhirama Rao:— ఈ రూపాయ రూపాయ దృశ్యం ఉండాలి.

The Hon. Sri S. B. P. Pattabhirama Rao:— The company under the name of Srivivasa Textiles was started in 1941 for running a spinning mill with six thousand spindles capacity and with a capital of four lakhs. This company took a loan of Rs. 75,000 from Messrs. Sri Venkatachalapathi Mills Ltd., Tirupathi (another mill started in 1943), for acquiring fifty acres of land on lease for a period of 99 years. The former company is reported to have spent the entire amount of Rs. 4,75,000 on the construction of a big well, a building and on the purchase of building materials. As the company could not secure further finance and run the mills, the company went into liquidation. Messrs. Sri Venkatachalapathi Mills Ltd., got a decree for about one lakh of rupees at the time of the liquidation of Srivivasa Textiles and the official liquidator appointed by the High Court has entrusted the entire properties of Srivivasa Textiles to Sri Venkatachalapathi Mills Ltd. It is reported that if the present building is completed with the available materials and six thousand spindles are installed with the necessary machinery and electrical fittings and a working capital of two lakhs is provided, the Srivivasa Textiles would be in a position to work satisfactorily. No mill is reported to be in a position to work. In this connection it may be said that an application was received from the company for a further loan. It was replied that under G. O. 2626 Development dated 23-8-1953 that the loan should be restricted

IRRIGATION SCHEMES

Sr. G. YeRampanda Reddi.—Will the Hon. the Deputy Chief Minister be pleased to state.

(a) the conditions prescribed for inclusion of irrigation schemes in the list of priorities proposed by Government; and

(b) whether the Government will consult the Legislators in this connection?

Sri G. Anjaneyulu.—

The Hon. Sri N. Sanjeeva Reddi.—The following broad principles laid down by the Planning Commission for inclusion of irrigation schemes are observed:

1. A project for inclusion in a plan must have been investigated in sufficient detail. It is imperative that before a project is administratively approved by a State Government, all preliminary investigations relating to the availability of water, the broad features of design, the approximate cost, the availability and suitability of land for irrigation, the ability of the land owners and cultivators to pay the proposed betterment contributions and water charges etc., have all been properly carried out and detailed financial statements worked out in accordance with the standard form prescribed for the purpose.

2. Projects which will add to the food production in the country must receive priority over projects relating to other uses of river waters.

3. Projects which are more remunerative in direct financial returns, in terms of cost of irrigation per acre per unit of power generated and in total benefit to the community, and those which would yield quick results should be given preference.
4. Region-wise requirements of food and power must receive due consideration, and also the need of backward areas.

(b) The necessity for this does not arise in view of the answer to clause (a)

PETITION REGARDING ASSIGNMENT OF SOME AREAS IN HINDUPUR

*629 Q.—Sri G. Sivasankara Reddi —Will the Hon. the Minister for Land Revenue be pleased to state:

(a) whether he received a petition at Hindupur in the month of October 1953 requesting him to assign the areas in town and taluk Survey Numbers 118 and 119 to such of those, who have already erected huts and dwelling houses, and

(b) if so, the action taken thereon?

The Hon. Sri K. Koti Reddi.—

(a) Yes.

(b) The matter is under the consideration of the Government.

REPRESENTATION FROM THE HANDLOOM WEAVERS OF CHALLAPALLI OF KRISHNA DISTRICT FOR HOUSE SITES

*630 Q.—Sri Pragada Kotiah —Will the Hon. the Minister for Planning and Public Health be pleased to state:

(a) whether they have received any representation from the handloom weavers of Challapalli in Krishna District requesting the Government for acquisition of lands for their house-sites; and

(b) if so, the action taken thereon?

The Hon. Sri D. Sanjivayya :—

Clause (a):— Yes; Sir.

Clause (b):— The Government have issued orders on 26-4-1954 sanctioning the acquisition of 7-40 cents of land for providing house sites to the handloom weavers of Challapalli.
X-RAY PLANT AT THE DISTRICT HEADQUARTERS HOSPITAL AT ANANTAPUR

*631 Q.—Sri T. Nagi Reddi:—Will the Hon. the Minister for Planning and Public Health be pleased to state

(a) whether it is a fact that the X-Ray plant at the District Headquarters Hospital at Anantapur is out of order; and

(b) if so, for how long and for what reasons?

The Hon. Sri D. Sanjivayya —

(a) The X-Ray plant in the Government Headquarters Hospital was out of order but it has since been repaired and is now in working order.

(b) The X-Ray plant was out of order from 27th November'53 to 2nd February 1954. The reason for the delay is that the services of the Chief Radiographer, Barnard Institute of Radiology, Government General Hospital, Madras, who was, prior to partition, attending to repairs of re-servicing of X-Ray plants in the medical institutions, could not be obtained.

STARTING OF A VETERINARY COLLEGE IN ANDHRA

*632 Q.—Sri T. Lakshminarayana Reddi:—Will the Hon. the Minister for Local Administration and Agriculture be pleased to state:

(a) whether there is any proposal to start a Veterinary College in Andhra;

(b) the steps taken by the Government to improve cattle in Rayalaseema where mortality of cattle was more due to acute famine conditions,

(c) the number of existing Veterinary hospitals opened in Anantapur District; and

(d) the number of new hospitals opened in 1954 in Anantapur District?

The Hon. Sri P. Thumma Reddi:—

(a) The Director of Animal Husbandry, Andhra submitted proposals for starting a Veterinary College in Andhra. They had to be deferred on financial grounds.
(b) Before the partition, the Karukuppi Farm used to be the source of supply of Hallikar bulls and Bellary rams for upgrading the cattle and sheep in Rayalaseema. In addition to this, a number of ryots were encouraged by grant of premia to good breeding bulls to encourage livestock improvement. Several breeding bulls were also distributed in the Rayalaseema area under the Government livestock free distribution scheme. During famine conditions necessary steps were taken for the movement of fodder from the surplus districts into the Rayalaseema area to avert mortality of cattle.

(c) There are — one Veterinary hospital at Hindupur, two Veterinary dispensaries, one at Anantapur and another at Tadpatri and six minor Veterinary dispensaries at Gooty, Kalyandrug, Penukonda, Dharmavaram, Kadiri and Rayadrug.

(d) No new hospitals were opened in Anantapur District during 1954.
REQUISITION OF HOUSES AND BUNGALOWS IN KURNOOL AND NANDYAL

*633 Q.—Sri K. Krishna Rao —Will the Hon. the Deputy Chief Minister be pleased to state

(a) in the case of houses and bungalows of private persons requisitioned for use by the Government, either as offices or as residences of officers and Ministers in Kurnool and Nandyal,

whether it is a fact that in many cases, the rent has not been fixed and the rent has not been paid to the owners of buildings requisitioned and occupied by the Government even by 30-11-1953;

(b) in how many cases buildings were requisitioned and rent unfixed and or unpaid before 1-12-1953, to the owners thereof;

(c) whether it is a fact that the house tax demand notices have not been so far served by the local authorities in Kurnool and Nandyal for the half year beginning 1-10-53, due to the non-fixation of rent by the Government, in the case of requisitioned buildings, on the ratepayers, due to the delay of the Government in fixing fair rent, and

(d) if so, when the rent is likely to be fixed, and likely to be paid?

The Hon. Sri N. Sanjeeva Reddi —

(a) No private buildings were requisitioned under the Ordinance either in Kurnool or Nandyal prior to 30-11-1953.

(b) No buildings were requisitioned before 1-12-53.

(c) and (d) As no private buildings were requisitioned before 1-12-1953, the question does not arise. Six buildings have been requisitioned under the Requisitioning of Buildings (Andhra Area) Ordinance, 1953 during the period 28-12-1953 to 4-1-1954. The Special Executive Engineer has recommended rents in respect of the said requisitioned buildings and they have been adopted and accepted. Orders have been issued to pay rents accordingly.

ADJOURNMENT MOTIONS

26th May 1954]

ADJOURNMENT MOTIONS.

Mr. Speaker — the adjournment motion moved by the Hon. Sri y.Sanjeeva Reddy is adjournment motion numbered Adjournment Motion 20. Allow 20 minutes to allow the adjournment motion be examined. Allow the adjournment motion be examined, so that the members may be examined.

Adjournment Motion regarding the proposed anicut on the river Vegavathi in Bobbili Taluk.

Sri K. Venkata Kurmi Naidu — the Hon. Sri Venkata Kurmi Naidu made the following observations:

“The information furnished by the Hon. Sri y.Sanjeeva Reddy is wrong. The information correct as per the Hon. Sri N. Sanjeeva Reddy.”

Mr. Speaker:— I think the adjournment motion be adjourned.

Sri K. Venkata Kurmi Naidu.—...

The Hon. Sri N. Sanjeeva Reddy:— The information is totally wrong. The information correct as per the Hon. Sri N. Sanjeeva Reddy.”

Sri K. Venkata Kurmi Naidu:— The information correct as per the Hon. Sri N. Sanjeeva Reddy.”
Sr. K. Venkatanarayana Dora:—The question is this: 30 feet may be called as an anicut. But if it is a really deep reservoir, the water will submerge the fields. The Collector has to ensure that the area is not flooded.

Mr. Speaker—Why is it not correct?

The Hon. Sri N. Sanjeeva Reddi:—It is only an anicut. It cannot submerge anything. This is a simple point which anybody can understand.

Sr. G. Latchanna:—Mr. Speaker, according to the Engineering Department, the area affected will be over 30 feet. Irrigation, Engineering, Collector, and Central Government are all concerned with this matter.

Sri K. Venkata Kurmi Naidu:—The question is 10, 12, 10, 12. We are only seeking information whether the Collector has issued orders to the 10, 10, 15, and 10, 10, 12 for the construction of the reservoirs. If so, the Collector has to ensure that the area is not flooded.
26th May 1954]

The Hon Sri N. Sanjeeva Reddi — The information is definitely wrong.

Sri R. Lakshminarasimham Dora — The point raised is that there are certain lower riparian owners using a certain amount of water by custom and whether the scheme of the Government higher above will affect the rights of the existing lower riparian owners. The Government may state that the accustomed supply of water to the lower riparian owners will not in any way be affected. That will solve the whole matter.

The Hon. Sri N. Sanjeeva Reddi:— My friend has explained the correct position.

Sri K. Venkatanarayana Dora.— My friend has explained the correct position.

Mr. Speaker.— Adjournment motion allow. The adjournment motion is disallowed.

Sri G. Latchanna:— Should we disallow the adjournment motion?

Sri K. Krishna Rao:—Dissenting minute again, authorised document or unauthorised document are present. Mr. Speaker:—Sr. G. Latchanna will read his motion.
MOTION RE WANT OF CONFIDENCE IN THE MINISTRY

Sri G. Latchanna.—I hereby give notice of the following motion under Rule 48 disapproving the policy of the Ministry, more particularly, for their failure to fulfill the oft-repeated promise to bring forward the necessary legislation to protect thousands of tenant ryots from mass-scale evictions and court litigations before the sittings of the Assembly in Waltair conclude.

Mr. Speaker:—The other day, at a conference with the leaders of parties it has been decided that the consent of 28 members, constituting one-sixth of the total membership of the Assembly, would be sufficient for giving the leave under clause (2) of Rule 48.

Sri Pillalamarri Venkateswarlu:—What about Rule 47?

Sri T. Nagi Reddi:—The consent under Rule 47 would be the unanimous consent. If the motion says: ‘in the opinion of this House...’, the consent of 1/5 of the total membership of the Assembly would be sufficient for giving the leave under clause (2) of Rule 48. If the motion says: ‘in the opinion of the Assembly...’, the consent of 1/5 of the members present would be sufficient.

Mr. Speaker:—When that question comes we shall see what is to be done. I will put it to the House and take the view of the majority of the House.

28 members should be in favour of the motion and leave being granted.

Now I want to know whether the Hon. Member Sri Latchanna has the leave of the House for moving his motion. That means that 28 members should be in favour of leave being granted. Members who are in favour of leave being granted may raise their hands.
The motion is to disapprove of the policy of the Ministry more particularly for their failure to fulfill the oft-repeated promise to bring forward the necessary legislation to protect thousands of mam ryots from mass scale evictions and court litigations, before the sittings of the Assembly in Waltair conclude.

(Several hon. Members raised their hands in favour of the motion)

Mr. Speaker.—The necessary leave is granted as more than 28 members have raised their hands. The motion will be taken up on a date which will be announced shortly.

The Hon Sri N. Sanjeeva Reddi.—We can have it on the 28th (Hon. Members—"Why 28th?") The Government will be free to proceed with the other business. There is no purpose in having this question hanging over us for a long time. If this question is decided, Government will be in a stronger position either to proceed with the business or not.

Sri M. Hanumantha Rao.—The necessary leave is granted as more than 28 members have raised their hands. The motion will be taken up on a date which will be announced shortly.

The Hon Sri N Sanjeeva Reddi.—Censure Motion 28th. (Hon. Members—"Why 28th?") The Government will be free to proceed with the other business. There is no purpose in having this question hanging over us for a long time. If this question is decided, Government will be in a stronger position either to proceed with the business or not.

Mr. Speaker.—I am putting this motion for the 28th.

Sri Pillalamarri Venkateswarulu.—That cannot be said now. That will be decided on 28th.

[The Sri Venkateswara University Bill, 1954]

[The Hon. Sri S. B. P. Pattabhirama Rao] [26th May 1954]

...
Dr. Rao read out extracts from paragraph 8 of the Report of the Expert Committee. He pointed out that the Committee has examined the question with an absolutely open mind in all aspects purely from an academic point and came to the ultimate conclusion that from a practical point of view, it would be best that the New University should be of a Residential teaching and affiliating type. He stated that a purely Residential University will not be a feasible proposition in this State, as such a University has to contend with the following three major difficulties—

(i) The initial cost of establishment would be very great and the working expenses of a Residential University would be quite enormous and out of all proportion to the income derived,

(ii) For a Residential University to be successful, proper atmosphere and teaching personnel of very high calibre are absolutely essential which is very difficult to secure in the present day conditions to start with,

(iii) There should also be sufficient student strength in the University for its successful working.”
"Sri T. Nagi Reddi — Our main problem is whether in the light of the previous history of the Andhra University, it would be desirable in the interests of Andhra education and Andhra nation to have another affiliating University other than the Andhra University itself and whether we would be able to develop two affiliating Universities simultaneously."

Chairman (Sri R. Lakshminarasimham Dora):— The Minister is referring to the report to make out his point. There is nothing wrong in making use of that report.

Sri C. V. K. Rao:— The Minister is reading word for word.

Sri K. Rajagopala Rao:— We should be given a chance to express our doubts on this report.

The Hon. Sri N. Sanjeeva Reddi:— They can express their doubts when they make their speeches. They are entitled to it and nobody can stand in their way.

The Hon. Sri S. B. P. Pattabhirama Rao:— I am reading from the report and I will explain why I am reading from it. The report is placed on the table of the House and I am going to make out a case on the strength of it, why there should be an affiliating University.

"Dr. V. S. Krishna:— I take it that the idea of Sri Nagi Reddi is to have one Residential University and another Affiliating University for the whole of Andhra. But a purely Affiliating University is not favoured by any educationist. The Madras and the Calcutta
Universities, which started as Affiliating Universities, have been condemned by all the educationists. I find from the Bill prepared by the Government that they are not for having a purely Affiliating University. The Andhra University, though it functioned for some time as an Affiliating University on the model of the London University, yet it soon became a residential-cum-affiliating University. In our country, purely Residential Universities are at Benares, Annamalainagar etc. The Allahabad University was a residential-cum-affiliating University to start with, but was later converted into a unitary type. The ideal of these Universities is to have a purely unitary type from the Intermediate onwards. Under the conditions prevailing in this country, this ideal can be attained only by having a mixed University to start with. Then, after one of the centres develops sufficiently, it should be constituted into a separate University. Dr. Radhakrishnan's Commission states that where there is a student strength of more than 1,500 in a college, it would be better to have a separate University. In small and rich countries like England, Switzerland and Austria, it has been possible to have several unitary Universities. In Switzerland, which has a population of only 6 millions, there are seven unitary Universities, though these are not of the residential type in the English sense, because the students and professors do not reside in the same campus. In a country like India with its vast extent, it would take a long time before we can think of having such ideal Residential Universities. If we are to have a University, for say 3,000 students, then every district should have a University. This is, of course, not possible in the present economic conditions. It is, therefore, better to begin with a mixed University, though the ideal is to have both teachers and students living together in the same campus. Further, it is very expensive to have a purely Residential type of University. It is very difficult to realise any substantial portion of the expenditure from the students especially in a poor country like India, where the majority of students come from the lower income groups. Large external assistance is necessary for the maintenance of a Residential university. From past experience, I could say that it is difficult to depend on financial assistance from the State to such magnitude. The Andhra University has been getting only Rs. 32 lakhs per annum from the State Government towards its total expenditure of Rs. 20 lakhs per annum. Nowhere in the country is the State Government able to pay entirely for the maintenance of a Residential University.
To another question asked, Dr. Krishna stated that one of the important sources of revenue in the University is the examination fees collected from the students. Substantial income is derived from the examination fees by Affiliating Universities only. In the case of the Andhra University, it might be computed roughly at Rs. 4 lakhs per annum on the average. In addition to this, the affiliating University gets income from other miscellaneous sources. The income derived from the grant of exemptions to students is of the order of Rs. 2 lakhs per annum in the case of Andhra University. There is also the income derived from the supply of marks and certificates to candidates which roughly comes to Rs. 1 lakh and this amount would be sufficient to meet the expenditure on the University office. On the whole, the Andhra University is getting about Rs. 7 lakhs per annum from these sources.

In reply to another question put by Sri T. Nagi Reddi; Dr. Krishna stated that the introduction of higher courses of study like M. Sc., etc., would always be a huge liability to the University and that substantial surplus income would be got only from Arts subjects, Intermediate and in Matriculation Examinations.

Sri T. Nagi Reddi.—Is it a fact that the strength of students in College is on the decrease as is evidenced from the decrease of the number of applications received in the Anantapur College?

Dr. Krishna:—The proposition is not correct. The receipt of applications would, to some extent, depend on the percentage of passes in the S. S. L. C. and the Matriculation Examinations. With the increase in the number of colleges, it is possible that the pressure in each college may get reduced. But the present position actually is the total number of students is either the same or on the increase.

Sri T. Nagi Reddi.—Was not the Andhra University getting only a small income from examination etc. fees from the affiliated colleges till 1941, and if so, would it not be risky for the proposed University to bank on examination fees for its maintenance?

Dr. Krishna:—The fee income from the students in the Andhra University was, no doubt, not considerable, till 1941, but it increased considerably afterwards, when more colleges began to be affiliated and the student strength increased and also when practical examinations were introduced in Intermediate.
26th May 1954]

[Sri T. Nagi Reddi—If the Rayalaseema Colleges are affiliated to the proposed new University, will there not be difference in the standards of Andhra and the Venkateswara Universities and will not the students of the two Universities suffer on this account?

Dr. Krishna—I do not think so. The Colleges in the Rayalaseema are now affiliated to the Madras University Standards in the Madras and the Andhra Universities may be considered to be practically the same, as the basic courses like B.A. and Intermediate are common to all Universities. The difference is while the Andhra University gives a bias to Part III Group of subjects, the Madras University gives a bias for Parts I and II Groups of subjects. As the Andhra and the Venkateswara Universities would be in the same State, it is easy to arrange that the students in either of the two Universities are in no way handicapped. It is our idea to establish co-operation in the academic level like having common eligibility rules and Moderation Board, etc.

Sri T. Nagi Reddi:—If the object of the proposed University is to start new subjects not provided for in the Andhra University, would it not be better to start the experiment in a small way in a Residential University and if the experiment proves successful, it may then be extended to other areas around?

Dr. Krishna—I do not agree. In the first place, the experiment would be in respect of a few specialities only. Secondly, if the experiment is to have any reasonable chances of success, it should be given at least a fair chance. Such a chance will not be available if a purely unitary University is started which does not have a direct control over the Intermediate course which should be suitably adjusted to the new higher courses. It would be but proper that courses leading to these special ones are made available to a large field of students in the affiliated colleges.”

Sri P. Koteswara—A point of information. Are the details of the report confidential or will the report be made public property?

The Hon. Sri T. Viswanatham—Confidential details will be furnished. The Hon. B. Pattabhirama Rao.
Mr. Chairman (Sri R. Lakshmnarasimham Dora):—After it is placed on the table of the House, the confidential nature is lost and it may be made use of.

The Hon. Sri S. B. P. Pattabhirama Rao.—

"Sri T. Nagi Reddi:— If all the Colleges in the Andhra State are affiliated to Andhra University and a purely Residential University is started at Tirupati, would it not be possible, with a unitary body between the two, to distribute half the income derived from the examination and other fees between the two?"

"Sri P. Pundanikakshacharyulu:— report is not confidential"

"Dr. Krishna:— Such a procedure is unheard of and it is not fair to do so. No University would agree to part with the income derived by the conduct of examinations etc."
[26th May 1954] [The Hon. Sri S. B. P. Pattabhirama Rao]

Sri E. Rajagopala Rao — Point of order. Sir — "The rules (92) are in order.

Rule 92 lays down: "The report, the minutes of the proceedings of the Committee as approved by the person presiding and, if the Bill has been amended, the Bill as amended by the Committee, shall be printed and copies furnished to each member of the Assembly" etc.

Mr. Chairman:—Now the dissenting minute is before the House.

Sri K. Krishna Rao.—I want to know whether it is before the House because it has not been authenticated by the Chairman or by the Secretary.

The Hon. Sri T. Viswanatham:—One of the signatories might rise and say that it is their dissenting minute.

Sri T. Nagi Reddi:—The member wants to know whether it is sent by the Assembly staff or by the dissenting members. It is given to the office. They have cyclostyled it and circulated to the members.

Sri C. V. K. Rao:— The member rise and say that it is their dissenting minute. Chairman said they do not want to the dissenting note circulated. Chairman asked the members to the Secretary to send the dissenting note to the members and circulate them.
Mr. Chairman (Sri R. Lakshminarasimham Dora)—It is placed on the table for the use of the members and is deemed to have been placed there under the authority of the Speaker. That it does not bear the signature of the Secretary or some other officer, that doubt has been cleared. It was handed over by some members for being placed on the table of the House and it is deemed to have been placed on the table under due authority, and members can make full use of it.

The Hon. Sri S. B. P. Pattabhirama Rao—A dissenting minute अजी, अजी permission अजी e file माणे कोण्यासारखे.

Mr. Chairman (Sri R. Lakshminarasimham Dora)—There is a reference to the minute of dissent in the report of the Select Committee and it has been brought to the notice of the House and the dissenting minute is placed before you.

Sri C. V. K. Rao—The point is, it does not form part and parcel of the report. It has been severed from the main report and no authentication is here. That is all our complaint.

Mr. Chairman:—I do not think there can be any doubts, when there is a reference in the committee report itself, to the dissenting minute, as to its being part of the Select Committee's Report.

Sri C. V. K. Rao:—Can a member of the Select Committee prepare a report and circulate it to the members here?

The Hon. Sri S. B. P. Pattabhirama Rao:—It has been submitted to the committee that I approved it and as a special case I have allowed it to be circulated, though the rules do not provide for its circulation.

Sri V. Sri Krishna:—Can circulate जी, अजी अजी अजी circulate अजी अजी अजी अजी अजी अजी अजी अजी authorised copy अजी अजी अजी अजी अजी अजी typist mistake अजी कोण्यासारखे.

The Hon. Sri S. B. P. Pattabhirama Rao:—I think the democratic principle must be translated into practice.
26th May 1954]

The Hon. Sri S. B. P. Pattabhirama Rao — I would like to put forward a new point of view. The principle of election is central to the functioning of any democratic system. The principle of election ensures that the candidates who are elected are those who have the support of the people. It is through this process that the people have a say in who represents them. The principle of election is also a test of the candidates' ability to gain the support of the people. It is through this process that the people have a say in who represents them.

Sri M. Venkatasubba Reddi — Point of information, Sir, I would like to move a motion to amend the Act.

The Hon. Sri S. B. P. Pattabhirama Rao — I would like to move an amendment to the Act. There are several issues that need to be addressed in the Act. One of the major issues is the principle of election. The principle of election is central to the functioning of any democratic system. The principle of election ensures that the candidates who are elected are those who have the support of the people. It is through this process that the people have a say in who represents them. The principle of election is also a test of the candidates' ability to gain the support of the people. It is through this process that the people have a say in who represents them.
Mr. Chairman:—The motion is:—

"That the Sri Venkateswara University Bill, 1954, (L. A. Bill No. 11 of 1955), as amended by the Select Committee be taken into consideration."

Sri T. Nagi Reddi:—The motion is:—

"That the Sri Venkateswara University Bill, 1954, (L. A. Bill No. 11 of 1955), as amended by the Select Committee be taken into consideration."

Mr. Rangadhama Rao's Report says:—“In estimating the recurring expenditure we have not taken into account the examination charges. At present the Madras University gets an examination fee-income of Rs. 1,12,000 from the Colleges in the Rayalaseema area and the Andhra University gets Rs. 89,000 from the Colleges in Nellore district. Even if we include both these items of income the examination charges in the beginning are likely to be at least equal to it. We have, therefore, not taken the income and the expenditure on the examinations into account."
It is only in the fifth year that we are counting on a balance of Rs 2 lakhs in the examination account. Examination accounts as a method of earning income has been adopted. Basic courses are all common, the difference is while the Andhra University gives a bias to part III groups of subjects, the Madras University gives a bias for parts I and II Groups of subjects. As the Andhra and the Venkateswara Universities would be in the same State, it is easy to arrange that the students in either of the two Universities are in no way handicapped. It is our idea to establish co-operation in the academic level like having common eligibility Rules and Moderation Board etc.
made no provision for Geography, Politics, Statistics and Commerce The last three subjects are adequately provided for in the Andhra University and it is expected that students from this area would have a fair chance of getting the benefit of these courses at Waltair affilating colleges. Ratnagiri, sufficient grants 2 University Commission Report the difference recommendations.

The University Commission Report also states that the University shall be a cosmopolitan University and an affiliating University shall be a residential University.
U.P. aff. Residential University and the standard of Residential University shall be as high as the Affiliating University. The Residental University shall be a degree-conferring University, and the Affiliating University shall be a University that is not a degree-conferring University. The Residental University shall comply with the standard of U.P. and shall be affiliated to U.P. University as an Affiliating University. The Residental University shall comply with the standard of U.P. and shall be affiliated to U.P. University as an Affiliating University.

The Residental University shall comply with the standard of U.P. and shall be affiliated to U.P. University as an Affiliating University.
We are however not quite clear why it has been suggested that Nellore which from the very beginning had been affiliated to Andhra University should now be asked to be affiliated to Sri Venkateswara University.
THE SRI VENKATESWARA UNIVERSITY BILL, 1954

26th May 1954] [Sri T. Nagi Reddi]

If we were free to suggest proceeding at a pace that would be academically sound, we would
suggest starting an Honours College at Tirupati, and building it up for three or four years before we convert it into a teaching University”

“If we were free to suggest afterwards freedom of action.

“It is a polite way of saying” it is not possible to start the University in 1954.

“it will take some time to collect a staff of the calibre that is necessary for a University and to establish laboratories of University standard.”

standards are to be maintained 1954 onwards we are going to open a University and to establish laboratories of University standard.”

building the necessary research apparatus etc.
26th May 1954]

Unless we are able to take immediate steps to start work it will not be possible to function from July 1955.

We may also state it will be possible for the University to function from July only if decisions are taken immediately and work started to implement them.

The Hon. Sri T. Viswanatham—I remember, I put the question to the members of the Select Committee to decide first whether there should be a second University in the State or not.

A further disadvantage may be that two neighboring affiliating Universities in a State may vary in standards and this may lead to unhealthy competition.” There is a danger signal already given here.

There is no very great merit in dividing the duties of affiliation and external examination between two or more Universities and duplicating the mechanical functions of examinations.”

Sri L Lakshmanadas —

Mr. Chairman (Sri R. Lakshminarasimham Dora) — The Hon. member will please confine himself to the subject now under discussion.
Sri C. V. K. Rao:—Sir, I tabled an amendment that the Bill may be considered six months hence.

Mr. Chairman:—When did the hon. Member send in the amendment?
26th May 1951]

Sri C. V. K. Rao.—I sent it this morning, Sir. It has already been cyclostyled and distributed. I have got a copy in my hands.

Mr. Chairman—It is not yet placed on the table of the House. The hon Member may move it.

Sri N V L Narasimha Rao.—General discussion on Amendments. Agenda Item 2.

Chairman (Sri R Lakshminarasimham Dora) —These amendments relate to the clauses and they will come up when the clauses come up for consideration. Meanwhile the discussion can proceed.

Sri C. V. K. Rao —I take it that you give me permission to move my amendment.

Mr. Chairman—Mr. C. V. K. Rao can move his amendments when they come to the table. I have already told him about this.

Sri M. V. Subba Reddi will now speak. The matter before the House is Sri Venkateswara University.

Mr. C. V. K. Rao raised the point whether he can move his amendment. Perhaps he may be under the impression that he can do and he has had the permission of the Chair to move it. The matter will be decided when the actual time of moving them comes, and when the clauses are taken up. I only want to clear any misapprehension that might have arisen and he may not think that he has the permission to move his amendment.

Sri M Venkata Subba Reddi —if we are given the freedom, if we are allowed to move any amendments, we will welcome the freedom, but we need time to consider. Now, if I move it, I may not think, but the freedom is what we need.

Sri C. Pulla Reddi.— Order, Order! The manifesto at the back of the booklet entitled ‘Residential University’ and ‘Affiliated University’ mentions that the University will be a Residential and Teaching University. It states that it will develop special standards to develop the institutions. Hence, I would like to know what special standards will be developed for the Affiliated University?

Mr. Chairman.— (R. L. N. Dora.) Order, Order.
26th May 1954]

Sri C. Pulla Reddi rose up.

Sri M. Venkatamasbha Reddi:—I am not yielding

Sri C. Pulla Reddi:—Hon'ble Member, elections are going on. The elections have been conducted by the Election Department. The elections have been conducted under the direction of the P.S.P. party. The P.S.P. party has directed the elections. The party has directed the elections in a fair manner. The party has conducted the elections in a fair manner.
