FEE PAID ON APPEALS OR ORIGINAL PETITIONS PRESENTED BY RESIDENTS OF ANDHRA STATE BEFORE THE HIGH COURT AT MADRAS

683 Q.— Sri K. Krishna Rao:— Will the Hon. the Minister for Finance and Law be pleased to state:

(a) whether it is a fact that the Court fee paid on appeals, or original petitions, presented by persons who are residents of Andhra State, before the High Court at Madras, would go to the credit of the residuary Madras State and not to the credit of the Andhra State;

(b) if so, whether any steps have been taken by the Andhra Government to see that as from 1-10-1953 the court fee alluded would be credited to the revenues of the Andhra State; and

(c) if any steps have been taken, at what stage the matter stands?

The Hon. Sri T. Viswanatham:—

(a) Yes.

(b) No.

(c) Does not arise.

Sri C. V. K. Rao — The High Court is clearly residuary High Court and it is at the discretion of the Madras Government to decide how the court fees should be credited.

The Hon. Sri T. Viswanatham — Government has no powers to validate the court fees. The court fees should be credited to Andhra State. It is not for the Government to decide how the court fees should be credited.

Sri T. Nagi Reddy:— Is there any general rule for crediting court fees? The Government should decide how the court fees should be credited. The court fees should not be credited to Madras State. The Government has no power to validate court fees. The court fees should be credited to Andhra State.

The Hon. Sri T. Viswanatham:— The court fees should be credited to Andhra State.

POWER STATION AT KOVUR, NELLORE DISTRICT

*686 Q:*— Sri B. Ramakrishna Reddi:— Will the Hon. the Deputy Chief Minister be pleased to state:

(a) the capacity of power that may be generated from the Power Station at Kovur, Nellore District.

(b) how much power is now utilised; and

(c) the reasons for not utilising the full capacity?

The Hon. Sri N. Sanjeeva Reddi:—

(a) The generating capacity of the Power Station at Kovur is about 9 lakhs of units per month.

(b) About 3.49 lakhs of units of power were utilised on an average during the months of March' 1953 to June, 1953.

(c) The demand has been very poor on account of several factors such as slow development of distribution and transmission systems, owing to financial stringency and high cost of generation.
The Hon Sri N. Sanjeeva Reddi — Will the sanction accorded to the Karnataka Department in the past few years have any general instructions to the extent of any estimate accorded to the Central Government?

Sri K. Ramaiah Chowdary — We are producing 39 units of 6 lakhs of oilseed to meet the requirement of the Central Government. As per our estimate, the generating capacity is nine lakhs; we are producing only 3½ lakhs and we are distributing what we are producing.

The Hon Sri N. Sanjeeva Reddi — We are not producing nine lakhs and giving 3½ lakhs only, wasting the other things. The generating capacity is nine lakhs; we are producing only 3½ lakhs and we are distributing what we are producing.

Sri G. Sivarankara Reddi — Are 25 pumping sets to be installed in backward areas?

Sri G. Yellimandla Reddi — Will the Hon. the Chief Minister state whether the Government of Andhra are proposing to negotiate with that of Madras for allowing lorries legally permitted by any one of these States to enter into the other State without paying extra tax?

The Hon. Sri P. Thimma Reddi — The Governments of Madras and Andhra have entered into a purely temporary arrangement for the quarters ending 31-12-1953, 31-3-1954 and 30-6-1954, by which lorries of one State permitted to ply in the other State can do so without paying any extra tax.

RESOLUTIONS PASSED BY THE EX-RAYALASEEMA DEVELOPMENT BOARD

*690 Q:— Will the Hon. the Minister for Planning and Public Health be pleased to state:

(a) the number of resolutions passed by the Ex-Rayalaseema Development Board in its lifetime;
(b) the number out of them taken up by the Government and executed; and

(c) whether the Government intend to implement the remaining resolutions or drop them out?

The Hon. Sri D. Sanjivayya —

(a) The Rayalaseema Development Board passed 140 resolutions during its life time,

(b) Twenty resolutions have been implemented,

(c) The question of implementation of the resolutions other than those dropped by the Composite State Government is under consideration.

Sri T. Nagi Reddi — the Rayalaseema Development Board passed 140 resolutions during its life time? Out of how many resolutions were 20 implemented, or was the implementation dropped?

The Hon Sri D Sanjivayya — out of the resolutions passed by the Rayalaseema Development Board, which have been implemented?

The Rayalaseema Development Board was constituted in August 1949.

Sri G. Nagabhushanam:— The Rayalaseema Development Board was constituted for the economic development of Rayalaseema. I want to know, is it in existence now, if not, when it was abolished?

The Hon. Sri D. Sanjivayya.— It was abolished on 14-1-1954, the reason is there are several recommendations yet to be implemented. From the answer I gave you, you will find that out of 140 resolutions only 20 have been implemented, and it is quite enough if we are able to implement the other resolutions.

Sri R. Siddanna Gowd.— It is not certain! I want to know whether the Rayalaseema Development Board has been abolished?

Deputy Speaker:— It is not certain. When the recommendations have been implemented?

Sri N. Sivarami Reddi:— 140 resolutions were passed. Out of these 120 have been implemented.
The Hon. Sri D. Sanjivayya:—A similar question was put in the Legislative Assembly of the composite State of Madras by Sri C. V. K. Rao on 16-7-1953 asking for the particulars of the work done by the Rayalaseema Development Board and their recommendations and the decisions implemented, and a statement regarding it was placed on the table of the House. REMOVAL OF HANUMANTHAPPA FROM ANANTAPUR DISTRICT BOARD SERVICE

* 691 Q:—Sri T. Lakshminarayana Reddi:—Will the Hon. the Minister for Local Administration and Agriculture, be pleased to
state the reasons for removing Sri R. Hanumanthappa, Secretary, District Federation from District Board Service?

The Hon. Sri P. Thimma Reddi —

R. Hanumanthappa, Ex-teacher Board Elementary School, was removed from service by the President, District Board, Anantapur for good and sufficient reason after an enquiry as prescribed by the Rules.

Sri T. Nagi Reddi — I protest against the way in which the question is being answered. He is trying to evade the answer. Disciplinary rules ^6^ Disciplinary rules clear-cut answer.

The Hon. Sri P. Thimma Reddi: — Reasons clear-cut answer R. Hanumanthappa removed from service as per Disciplinary rules.

The Hon Sri P Thimma Reddi — There is an information charge sheet regarding him which was brought to the House. There were several charges of dereliction of duty, charges of disobedience, etc. and he was removed. Why half-hour debate?

Sri T Nagi Reddi — I was the then President, District Board and I am responsible for the removal of Hanumantha Rao. He was removed not because he was the Secretary of the District Federation, but because there were several charges of dereliction of duty, charges of disobedience and so on and those charges were inquired into in a most impartial manner and he was removed from service. So he was removed not because he was the Secretary of the District Federation. I do not know why my learned friend, Sri Nagi Reddi is keen about the removal of one teacher. Perhaps he thinks it is because he was associated with the District Federation that he was removed. May I tell him once again there are so many charges and they are so grave from the administrative point of view that they cannot be divulged.
Sri K. Varadachari.—No appeal can be made to the Chair to compel any Minister to say more than what he chooses to say, and it is absolutely very wrong for any member to indented upon the help of the Chair to force a Minister to say what he cannot say or what he does not wish to say.

Sri K. Rajagopala Rao — I am coming to the point, Sir. Disciplinary rules are not for the purpose of forcing principles.

Deputy Speaker.—What is your point?

Sri K. Rajagopala Rao — I am coming to the point, Sir.

276 SRI VENKATESWARA UNIVERSITY BILL, 1954

[29th May 1954]

Sri K. Adikesavalu Naidu — Sir, the members of the Venkateswara University Bill 1954 Select Committee report that the report of Select Committee of 29th May 1954, as Select Committee report of the Governor, having been passed by the Speaker, the Select Committee concerned Minister for the Chairman and the Governor consequent upon their ruling on the Select Committee minority opinion, concerned Minister for the Chairman and the Speaker for the Clerk.
“It is not possible to disown responsibility for these students since Sri Venkateswara College has been satisfying the local need. Also any new University that starts may be required to conform to the University Commission’s proposal to have a three-year Degree course without the Intermediate Course. This proposal to have a three-year Degree course has also been endorsed by the Secondary Education Commission and recently by the Central Advisory Board of Education. It is therefore necessary to make an interim arrangement for the Intermediate students without bringing them into the University. An additional complication at Tirupati is that the Devasthanam has started a separate Women’s Intermediate College. This is institution No. 2 in the list above. The only alternative is for Government to assume responsibility for these two Intermediate Colleges during the period that may be necessary to run them. Any equipment that is provided for these institutions can be transferred later to other Government institutions or aided institutions in lieu of equipment and furniture grant. There will be plenty of time for the new University to decide the future of these two Intermediate Colleges.”

Sri V. Chidanandam — To the Opposition Leader!
29th May 1954 [Sri V. Chidanandam]

Mr. Deputy Speaker, Sir,

I do not propose to add any argument to the numerous arguments advanced from either side of the House on this Bill for the last two days. I just want to think aloud as a common man with no expert knowledge or special ability to discuss a subject of this nature. I should have thought that the desire on the part of anybody to establish an institution like a University would have received the approbation of all. But what do we see here? A discussion, which has been fairly acrimonious! We have had arguments from both points of view, and we have had arguments which are midway between both points of view. All this leads a man who has no special knowledge (I mean one like myself) to a little confusion, and so I am attempting to do nothing more than think aloud the trend of that confusion.

The sponsors of the University have told us that it is being undertaken to supplement existing educational facilities in our State. On the other hand, we have come across the Opposition with arguments charging the Government that this Bill will result in the accentuation of the existing differences of regionalism in the State. Both sides have argued their viewpoint with the help of expert opinion. I would start on the premise that there is no such thing as any suspicion between regions in this State. So I would like to ask myself what really is the trouble. It is said that we are in need of a second University in this State. As far as I have been able to understand the many reasons put forward for this necessity, the one thing that seems to hold little water is that the situation in the existing University is far remote and that it will be very hard to the people living in the other extreme of the State to come here for their education.
This seems to be not a reasonable argument why a second University should be started. For, just weigh against it the expenditure involved in such a course being adopted. Consider what the expert committee report says with regard to the necessary finance required, both initial and recurring running to lakhs and lakhs. So I think it would be much simpler if the Tirupathi Devasthanam comes forward with a lakh of rupees every year, distribute it among the several Rayalaseema colleges as so many scholarships to poor and deserving pupils willing to proceed to Waltair to study in the research courses. I think such a thing would have satisfied the poor deserving students. On the other hand, arguments have been advanced to start new course of study, in the new University to be set up, which do not exist in the existing Andhra University. To me, it does not appear to be a good reason for starting a new university. All this, has put me in a state of confusion and I am not able to get out of it, and so I content myself with the hope that only good will come out of this new University and that no harm will come. I cannot say anything more than that and I wish that hope will be realised.

Sri K. V. Ramesam — Mr. Deputy Speaker, Sir, I am afraid that any views expressed by any member in this House contrary to the provisions of the Bill are understood to be accentuated by motives other than legitimate. This is an unfortunate state of things which I regret very much. Coming to the point under consideration, I would ask, "What are the needs of the students of Rayalaseema colleges, or to be more correct, of that area?" They require more educational facilities. I agree. With that, nobody in the House is in disagreement. We have to provide them with more educational facilities, it is true. And it is true also that Waltair is far away from Rayalaseema. So, what is the remedy? In the present tempo of things, any expression contrary to the general trend will be certainly disapproved by the public. So in order to obviate the difficulty, it is suggested that a new University should be started in Tirupati for Rayalaseema area. On that point there is a general agreement. But on the question, whether it should be a residential University or an affiliating University, there is a very sharp difference of opinion; and I am sure, that in the end, even Government will find its way to accept the position that for the present Rayalaseema should have only a residential University. It is said that affiliation of only some of
29th May 1954] [Sri K. V. Ramesam]

the colleges in Andhra Desa, namely, Rayalaseema, including Nellore, would lead to disunity and different standards of education. There is some force in that argument, and so, I hope, after mature consideration, Government will accept the suggestion that for some time to come from now, when the new University starts functioning, it should be treated as a residential University only, and that after examining the functioning of the University, the question of affiliation may be considered.

Turning to the other question, whether it would be possible in the present state of things to start the University on 1st July 1954, I have to state, that it is said that our State is lacking in finance, that we are having a deficit budget, and that it is not able for lack of funds to start several schemes. That being the case, how can a new University be started now. The new University will require magnificent buildings, good laboratories to start science courses and so on. So, how can these be had without lot of funds? It is a well known fact that the Andhra University grew up only slowly. It has grown up in the course of a period of quarter of a centuary. Yet, even now, it has not been able to satisfy the needs of the students here. So, it is better we start with a few courses in Tirupati, develop it slowly, so that in course of time it may be made into a full fledged University. Here I have to utter a word of caution to Government. When we are lacking in funds, we should see that the available funds are not unnecessarily wasted. For, I am reminded of the reply of the Hon. Deputy Chief Minister made on the floor of the House the other day, how in the Institute of Oil Technology, Anantapur, only seven students are there for the whole institution, when the working expenses of the Institute was running to one lakh and odd. That is not a satisfactory way of spending finance. That gives the idea, how far students from Rayalaseema are able to take advantage of the facilities afforded to them. Therefore my first appeal to Government is, let not State funds be wasted. My second appeal to Government is, instead of opening all courses in Tirupathi, open only such courses as are necessary for the present, and then after a time, just as the Andhra University has grown up, open a University at Tirupathi. So my third appeal to Government is not to open the new University in July next, that is, in July 1954. The expert committee itself has also said that it is not possible to do so, for it is not possible to secure the necessary staff, nor the necessary strength of students nor other facilities. Above all, there is no guarantee of funds. That being so, it will not be possible to start the new University before
1st July 1955. In the meantime necessary steps may be taken in that behalf by way of buildings, staff and laboratory. It is said also that there is lack of water facilities; and over and above all these things, there is the fact that the Union Government will not give grant until the scheme is perfected. For all these reasons I appeal to the Government that this Bill may not be given effect to till 1st July 1955.

Sri T. Nagi Reddi — On a point of personal explanation.

Sri S Narayanappa — On a point of personal explanation.

Sri T Nagi Reddi — 1935 to 1945 was the time when the University was established. During this period, the University was affiliated to the Madras University. The Postgraduate course was initiated under the Chairperson. The same was approved by the Central Financial Commission. The same was also approved by the Affiliating University.

Sri S. Narayanappa:—This is a matter of principle. Affiliating University is responsible to the Central Financial Commission. The same is also responsible to the Affiliating University. The matter is important. Affiliating University shall be held responsible for the matter.

SRI VEKATESWARA UNIVERSITY BILL, 1954

Sri Pillalamari Venkateswarulu — Sir! As you know, Affiliating University is 20 km away, while Residential University is 40 km away. There are two universities in the same area, and students have to travel. Therefore, it is suggested to start a Residential University at a place midway between these two universities. A special meeting was called to start the institution of a Special Residential University.

The Hon. Sri N. Sanjeeva Reddi — Sir! I am in favor of the above suggestions. I am in favor of starting a Residential University midway between these two universities. The All-India Congress Working Committee has decided to start a Special Residential University. I am with Sri C. R. Pillalamari Venkateswarulu. I have written to Sri C. R. Pillalamari Venkateswarulu regarding the matter. I am in favor of starting a Special Residential University. It is in the interest of the students. It is in the interest of the students. It is in the interest of the students. It is in the interest of the students. It is in the interest of the students. It is in the interest of the students.

The question with an absolutely open mind in all aspects purely from an academic point and came to the ultimate conclusion that from a practical point of view, it would be best that the new University should be of a residential, teaching and affiliating type.

Sri Pillalamari Venkateswarlu — the question with an absolutely open mind in all aspects purely from an academic point and came to the ultimate conclusion that from a practical point of view, it would be best that the new University should be of a residential, teaching and affiliating type.

If we were free to suggest proceeding at a pace that would be academically sound, we would suggest starting an Honours College at Tirupathi and building it up for three or four years before we convert it into a teaching University.

The Hon. Sri N. Raghava Reddi — Elementary School A, B, C, D.

Sri T. Nagi Reddi — if we were free to suggest proceeding at a pace that would be academically sound, we would suggest starting an Honours College at Tirupathi and building it up for three or four years before we convert it into a teaching University.
The Hon. Sri N. Sanjiva Reddi — The amendment is in order. As a Residencial University as well as colleges, it is necessary to have a Residential University as well as residential colleges.

Sri Pillalamarri Venkateswarulu: — The Hon. Residential University is well, but it is necessary to have colleges and disaffiliate them, and the Residential University as well as technical colleges.

Residential University is well, but it is necessary to have a residential college and disaffiliate it. And it is necessary to have the University in a technical college.

Dr. Krishna Reddy: — The Hon. Sir, I will agree with the Hon. Sri N. Sanjiva Reddi.
The Hon Sri T Prakasam —

The amendment proposed by P S P Mohan Hari may be amended to include residential University. Degree Courses at colleges are suggested and a suggestion is made for residential University. The amendment may also include residential University. Degree Courses at colleges are also suggested. Residential University is also suggested. The Hon Sri T Prakasam —

The Hon. Sri T. Prakasam in 1954 presented a bill to establish a residential university in Srikakulam district. The bill was passed by the then legislative assembly. The bill was presented in the context of the need for an urban residential university in the region. The Hon. Sri T. Prakasam emphasized the importance of providing higher education facilities in the area.

The bill aimed to establish a residential university in Srikakulam district, which would provide education and research facilities for students and faculty. The bill was passed unanimously by the legislative assembly, and the residential university was established.

The residential university was named Sri Venkateswara University, in honor of the famous temple located in the area. The university would provide education and research facilities for students and faculty. The Hon. Sri T. Prakasam expressed his hope that the university would contribute significantly to the development of the region.

After Lunch 3–30 p. m.

The Hon. Sri S. B. P. Pattabhi Ramana Rao — Having heard the learned Member, I have to say that, I have endorsed this view of the learned Member.

I have had the experience of having two expert committees. One was the expert committee on freedom of expression and the other was the expert committee on freedom of movement. I have endorsed both these views. Therefore, I am in favour of the amendment. Thank you.
Our conclusion therefore is that the new University should have its seat at Tirupati, it should have teaching and research and it should also affiliate colleges in the Rayalaseema area.

Andhra University should be University No. 2 and Maharaja University No. 3. During the second year of Maharaja University it should be Andhra University in all respects. Examinations of students in affiliated colleges in this area must continue to be conducted by the Madras University.

It may however, be noted that for two years to come, the examinations of students in affiliated colleges in this area must continue to be conducted by the Madras University.
(a) Since then a purely residential University may have been a success in other countries, but their success in ours remains to be demonstrated,

(b) The difficulty of lack of endowments, limited fee-income and consequent dependence on the State for the bulk of their resources;

(c) Lack of well-established tradition in the professorial staff for managing the University;

Sri T. Nagi Redi said that the statement itself is in favour of a residential type of University. His argument is, that for the Andhra University the fee income was small or negligible till 1951. It was only after 1941 that the Andhra University could count upon the substantial fee income in view of the large number of additional colleges started in the Andhra University area.

"Excepting Bombay and Madras no other State has more than one affiliating type of University. Nagpur, Madhya Bharat and Saugar are of a unitary type."

So says the Leader of the Opposition in a slip handed over to me. May I tell him, it is grossly incorrect. Those Universities are intended for the whole area of the respective States.

"Baroda and Ahmedabad Universities serve the needs of Gujarat; Poona University serves Maharashtra; Kannada serves the needs of Kanarese area, while Bombay serves the great cosmopolitan centre. Such regions often overlap provincial lines."

Sri T Nagi Reddi.— University Headquarters restrict University activity so that it is confined to the respective States. For instance, Bhopal Headquarters restrict Bhopal University activity so that it is confined to the respective States. Such arrangements are confined to the respective States.

Sri T. Nagi Reddi — Bombay University Act creates University Colleges to serve different linguistic areas. The purpose is to serve the needs of Gujerat; Poona University serves Maharashtra.

The Hon. Sri N. Sanjeeva Reddi:— From which report are you reading?

Sri T. Nagi Reddi:— From Dr. Radhakrishna's Report... "Kannada serves the needs of the Kanarese area; and the Bombay serves the great cosmopolitan centre."

The Hon. Sri S. B. P. Pattabhirama Rao:— What about other Universities?

Sri T. Nagi Reddi:— A region like Madhya Bharat will require a University. Mithila has a linguistic heritage. U. P. has six Universities. Madras has three, each to serve the needs of a fairly distinct area.

The Hon. Sri S. B. P. Pattabhirama Rao:—

I would like to ask the Hon. the Leader of the Opposition one point. Is it stated that one linguistic area should have only one University?

Sri T. Nagi Reddi:— Yes, Sir. If you want, I will read that too. (Interruption: It is not unanimous.) I do not say that whole of the
report is unanimous. "In establishing new Universities, consideration should be given to regional needs, whether the region be linguistic, cultural, or economical." 

The Hon. Sri S. B. P. Pattabhirama Rao — Please read the whole sentence.

Sri T. Nagi Reddi:— I shall read it. "This mention of the problem of regional location of urban universities, even where only political and linguistic regions are involved, indicates the complexity of the issues. In establishing new universities consideration should be given to regional needs, whether the region be linguistic, cultural or economic." May I ask the Hon. Minister what is the linguistic regional need, what is the cultural need, or what is the economic need for the new university?

Sri G. C Kondaiah — On a point of information, Sir. The Education Minister has already said, at what time would a residential University be established? The colleges would have to be affiliated. Perhaps the Hon. Minister can clarify what is the need for regional location of urban universities, even where only political and linguistic regions are involved. May I ask what is the need for the new university?

The Hon. Sri S B P. Pattabhirama Rao — The Madras Act, 1923 (Madras Act VII of 1923) and the Andhra University Act, 1925 (Madras Act VII of 1925) shall not, after the commencement of this Act, apply in areas to which the provisions of this Act apply."

I want clarification on this provision.

The Hon. Sri S B P. Pattabhirama Rao — On a point of information, Sir. The amendment has been made to accept consequential amendments. Andhra University courses follow Madras University examination and appear. Therefore, Madras University examination is applicable and Andhra University courses follow that syllabus. The amendment states that consequential amendments shall be accepted.
The Hon. Sri S. B. P. Pattabhirama Rao — sir, the Sri Venkateswara University Bill, 1954 (L. A. Bill II of 1954) as amended by the Select Committee be taken into consideration.

Deputy Speaker:—Now the question before the House is “that the Sri Venkateswara University Bill, 1954 (L. A. Bill II of 1954) as amended by the Select Committee be taken into consideration.”

The Hon. Sri S. B. P. Pattabhirama Rao:—madam, I move the House consider the amendment.

Deputy Speaker:—The question is:

Madras University and the Colleges in it, Aditya University, and some other courses like commerce, law, arts, and science. The Tirupati University was the only one with a similar mission. However, the courses offered by Madras University, which included arts, science, commerce, and law, were quite diverse. The Madras University was the residential university, and the Tirupati University was the affiliating university.

Mr. R. Lakshminarasimham Dora.—Mr. Speaker, Sir, I would like to speak for just two or three minutes, because in the Select Committee stage I was keeping rather neutral on this very important question of affiliation or no affiliation. I think I owe an explanation to the House as to why I took such an attitude then. At the time when the original Bill was under our consideration, I felt that the Bill was creating a separate unit or a Pakistan out of the Andhra University for the Rayalaseema people, because constitutionally the senate, the syndicate, and other bodies of the University were entirely kept exclusively for the Rayalaseema people. So at that stage I could not make up my mind. Subsequently certain amendments were carried in the Select Committee by which other districts were also coming into that University and I felt that what was considered
was for the whole of Andhra and not exclusively for the Rayalaseema. So I have taken a definite opinion about it and am giving my vote.

Now the point that I am addressing myself to is whether this question of affiliation after two years is a thing really worth considering. It is unnecessary to go into the question now whether it should be affiliating or residential University because, after two long days' debate, Mr. Subba Reddi's amendment comes in as a golden mean. For two years the University can devote itself for the development of various courses without being bothered by such questions as affiliation and laying out various courses and examinations in the different colleges. It can devote all its attention towards the one single purpose of developing courses for these two years which go to make a good University. It is not the number of colleges or the Vice-Chancellor or the Registrar or such things that make a University useful. What is wanted is good courses for these Universities. Government can devote some money for this and Venkateswara Devasthanam money also is there. With all this money they can develop the courses and afterwards think of affiliating the colleges in the Rayalaseema area and making a full-fledged University. There may be bickerings and heart burning here and there, but in course of time all these things will vanish. In these two years' time Government can do much useful work in the matter of research and other aspects. I therefore support the amendment of Mr. Subba Reddi.

The Hon Sri S. B. P. Pattabhirama Rao —

Residential University or Affiliating University are both useful. Government can devote some money for developing courses which go to make a good University. Residential University can do much useful work in the matter of research and other aspects. I therefore support the amendment of Mr. Subba Reddi.

[29th May 1954]

Sri T. Nagi Reddi: — The Madras University Act 1923 and the Andhra University Act 1925 shall not, after the commencement of this Act, apply in areas to which the provisions of this Act apply? If you accept this and the provisions of this Act apply to Mr. Subba Reddi’s amendment is not inconsistent with clause 1 (4) and I think it is also the view of the Government.

Sri G. L. Channna: — The Madras University Act 1923 and the Andhra University Act 1925 shall not, after the commencement of this Act, apply in areas to which the provisions of this Act apply. Affiliation commences only after 2 years and till then the status quo will be maintained and Mr. Subba Reddi’s amendment is not inconsistent with clause 1 (4) and I think it is also the view of the Government.

The Hon. Sri T. Prakasam: — Is the Opposition entitled to rise at each stage and question?

Sri T. Nagi Reddi: — Yes. When there is fundamental difference it is necessary that we understand each other. What is the position immediately this clause is accepted? The Madras University Act and the Andhra University Act shall not after the commencement of this Act, apply to areas to which the provisions of this Act apply. Do those Colleges remain with the Madras University or come to the Andhra University or they will not get affiliated to any University?

The Hon. Sri S. B. P. Pattabhirama Rao: — The Act which is in 1956 will be applied in the future.

Sri C. Pulla Reddi: — As per the Act of 1956 certain Colleges will be affiliated to the Madras University in 1956. 1956 is an affiliating University and if the Act is accepted in future you can be affiliated. If you are affiliated you can get the benefit of the Act. If not you will suffer.
