CONDOLENCE

Reference: The death of Sri N. Satyanarayana.

Mr. SPEAKER: It is my painful duty to mention to the House that Sri N. Satyanarayana, an ex-Member of the Madras Legislative Council, a cooperator, a member and Secretary of the Bharath Sevak Sangh and a well-known gentleman of public activities passed away in the Bombay Hospital, while attending a board meeting of the State Bank. In memory of the departed soul we will observe one minute prayerful silence.

The House observed silence for a minute, all Members standing.

QUESTIONS AND ANSWERS.

Starred questions.

Fall of prices of agricultural products.

487—

* 41 Q.—SRI S. VEMAYYA :

SRI G. RAMASWAMI REDDI :

SRI B. APPA RAO :—

Will the Hon. the Chief Minister be pleased to state—

(a) whether the Government are aware of the fact that there is a fall of prices of agricultural products in the State;

(b) if so, the action taken thereon; and

(c) the quantity of agricultural products exported from this State to other States for the year ending 1954?
The Hon. Sri B. GOPALA REDDI:

(a) Yes.

(b) As the Honourable Member is aware, all restrictions on inter-State movements in regard to agricultural produce having been lifted, any measures for price regulation or stabilization will lie on the part of the Central Government only. In the case of Jowar, bajra, maize, the Central Government have offered to purchase from cultivators if the prices of these commodities should fall below Rs. 5-3-0 per maund in the case of jowar and maize and Rs. 6 per maund in the case of bajra. Also, as the Honourable Member is aware the Central Government had negotiated with the Government of the People’s Republic of China for the sale of our tobacco.

So far as the State Government is concerned they have endeavoured to secure:

(a) adequate supplies of wagons for movement from the producing to the consuming centres; and

(b) adequate quotas for export of our surplus produce,

(c) A total quantity of 1,94,643.21 tons of rice was moved to other States during 1954, including a quantity of 12,619.9 tons moved to Madras State by the private trade upto 10-7-1954. No particulars are available regarding the quantities of other agricultural commodities exported from this State.

Sri S. VEMAYYA:

Sri N. C. Seshadri:—Have you discussed the commercial crop aspect with the donor and to what extent the recipient countries are interested in the acreage and the crop?

The Hon. Sri B. Gopal Reddi:—Are you aware that the country is announcing the commercial crop acreage?

Sri P. Sreeramulu:—Commercial crop acreage has been announced but it is for the donor country's information. We are not interested in the acreage.

The Hon. Sri B. Gopal Reddi:—Announcement of the crop acreage is for information purposes only.

Sri B. V. Sivayya:—Why is the harvest announced?

Sri K. Vijayabhasa Reddi:—Is the harvest to be taken into consideration for the export quota?

Sri K. Vijayabhasa Reddi:—Is the harvest announced to affect the export quota?

QUESTIONS AND ANSWERS

3rd October 1955]

Sri S. VEMAYYA :—I am not aware of the exact figures of the stocks of paddy and rice held by the Government on 31st March 1955. However, it is understood that the Government has a considerable stock of paddy and rice.

Sri K. SUBBA RAO :—The Hon. the Chief Minister will be pleased to state——

(a) the stocks of paddy and rice at the disposal of the Government on 31st March 1955;

(b) the reasons for not releasing those stocks so far; and

(c) whether there is any proposal with the Government for the stabilization of the prices of paddy during the current year?

Mr. SPEAKER :—You are driving at a different question.

The Hon. Sri B. GOPALA REDDI :—I have no intention of driving at any question.

The Hon. Sri B. GOPALA REDDI :—The cut motion was moved by the Hon. the Chief Minister.

Sri K. SUBBA RAO :—The Hon. the Chief Minister will be pleased to state——

*769 Q.—SRI S. R. Y. SIVARAMA PRASAD BAHADUR: SRI M. RAJESWARA RAO :

Will the Hon. the Chief Minister be pleased to state——

(a) the stocks of paddy and rice at the disposal of the Government on 31st March 1955;

(b) the reasons for not releasing those stocks so far; and

(c) whether there is any proposal with the Government for the stabilization of the prices of paddy during the current year?
TRE HON. SRI B. GOPALA REDDI:

(a) A quantity of 38,089.94 tons of the rice was held by the procuring agents on behalf of the Government on 31-3-1953.

(b) The above stocks were earmarked for supply to the Central Reserve and as the Government of India could not make arrangements for lifting them, they could not be released till recently. All the stocks have since been released, except a quantity of 218.54 tons held in Nellore district, which is covered by the stay orders issued by the High Court.

(c) The attention of the Honourable Member is invited to the answer to the starred question No. 41, given notice of by Sri. S. Vemayya.

QUESTIONs AND ANSWERS

[3rd October 1955]

SRI P. SUNDARAYYA: — The high court has sanctioned the acquisition of land at the rate of Rs. 200 per acre. The Collector has fixed the rate at Rs. 2000 per acre. As such, Rs. 0,000 has been paid to the owner. Is the rate fixed at Rs. 2000 too high?

THE HON. SRI G. LATCHANNA: — The rates of compensation should be market rates. So Rs. 2000 is not too high.

Sri T. JIYYAR DAS: — House-sites are being acquired under the Compulsory Acquisition Act. The Act provides for acquiring 10 acres of land, of which 20 per cent is to be 60 feet in width. The Act also provides for the Acquisition of Land (Compulsory Acquisition) Act, 1949. Is this compensation adequate?

Sri N. Ramulu: Will the Hon. the Minister for Co-operation and Commercial Taxes be pleased to state—

(a) whether it is a fact that the Rural Co-operative Housing Society, Palasa, since its inception could not grant more than one loan in spite of having a Senior Inspector of the Department as its paid secretary at the cost of Government for a period of two years; and

(b) if so, the reasons therefor?

The Hon. Sri G. Latchanna: In 1953-54 the Rural Co-operative Society, Palasa, applied for a total of 10 loans, of which only 7 were sanctioned, one was returned to the society as the applicant was reported to have died, and one was rejected as the repaying capacity of the applicant was found to be inadequate. In the remaining application further documents to prove the legal title of the applicant to the site have been called for from the society and they are still awaited.

The Hon. Sri D. Sanjivayya:

(a) No, Sir. Out of ten loan applications sent so far by the society to the Registrar of Co-operative Societies, seven loan applications have been sanctioned; one application was returned to the society as the applicant was reported to have died; and one was rejected as the repaying capacity of the applicant was found to be inadequate. In the remaining application further documents to prove the legal title of the applicant to the site have been called for from the society and they are still awaited.

(b) Does not arise.

Sri N. Ramulu: As Cooperative Inspector the Rural Co-operative Housing Society, Palasa, was granted Rs. 3000 to construct a block of 12 houses and Rs. 5000 to construct a block of 15 houses. Will the department write to the Inspector to regularise these loans?

*871 Q.— Sri Pragada Kotaiah: Will the Hon. the Minister for Planning and Industries please to state*
the action taken on the resolutions passed by the Kothapet Panchayat Area Development Committee at its meeting on 12th May last at Chirala requesting that certain area in their panchayat be included in the National Extension Service Scheme, for provision of irrigation facilities and for development of ‘Vadarevu’ into a minor port?

**THE HON. SRI K. VENKATA RAO:**

A copy of the resolution requesting that the Kothapet Panchayat area be included in the National Extension Service Scheme was communicated to the Collector of Guntur. The Collector had already been asked to submit proposals regarding the demarcating of the entire district into National Extension Service Blocks. The Collector’s proposals have been received and are under examination.

The request made in resolution for provision of irrigation facilities was passed on to the Chief Engineer (Irrigation) for necessary action.

As regards the request for the development of Vadarevu into a minor port, the Government have, after examination, decided that there is no case for reopening a minor port at Vadarevu in view of the poor trade offering at the place.

**THE HON. SRI K. VENKATA RAO:**

The Chief Engineer (Irrigation) has reported that the Vadarevu port is not suitable for re-opening due to its poor trade offering.

The Minister of Health (Mr. N. Venkaiah) said:

The medical services of the country are carried out by the Government of India and the States. The Government of India is responsible for the central medical services, while the States are responsible for the medical services within their respective territories. The budget for medical services is drawn up by the Ministry of Health and submitted to the Finance Ministry, which then allocates the funds as per the approved estimates. The Minister of Health ensures that the funds are used efficiently and effectively.

The Ministry of Health is responsible for the formulation of policies and programmes related to health care, public health, and disease prevention. It is also responsible for the establishment and maintenance of a network of hospitals and health centers throughout the country. The Ministry of Health is also responsible for the training of medical professionals and the development of medical research.

The Minister of Health further stated that the Ministry of Health is committed to providing quality health care services to the people of the country. The Ministry is working towards improving the accessibility and affordability of health care services, especially in the rural areas.

The Minister of Health also expressed the wish to work closely with the States and the private sector to ensure the provision of quality health care services to the people of the country.

The Minister of Health concluded by stating that the Ministry of Health is committed to ensuring the well-being of the people of the country through the provision of quality health care services.

Emotions are quite right. Single teachers schools have been stopped. Compulsory elementary education has been reintroduced in primary education. I am for compulsory elementary education even in village schools. I am against those who oppose primary education. 

The Secular State is for the protection of all, in the religious respect, we cannot accept any religious parties. It is because of the protection of all. In the education matter, for example, we cannot accept any religious party. 

After the Fundamental Rights, the Free and Secular State were the two prominent points in our Constitution. 

I do not agree with out views. We should not exclude any religion from the education of the children.

But a difficulty comes in as far as their practical training is concerned. The boys are supposed to have practical training but there are no facilities for such practical training anywhere. So much so, most of these boys who pass out are unable to get practical training in any factory of heavy machinery. I would therefore suggest to the Hon. Minister to take some interest and see that big concerns, where there is heavy machinery, are compelled to give practical training to the boys that come out of this school.

Besides, the demand of every village is also to start High schools. And the difficulty is that we have all sorts of schools springing up with no good education being imparted there. I would request the Hon. minister to examine this question and concentrate on one school where transport facilities and mid-day meals could be provided to the boys, and thus make it an ideal school. 3rd October 1955] [Sri Pillalamarri Venkateswariu

The honorable Finance Minister has kindly consented to the inclusion of a few supplementary estimates of expenditure for the years 1955-1956. In particular, the following items have been included in the estimates:

1. Bottle neck in small scale industries. The project has been approved for Rs. 50,000.
2. Glass factory. The project has been approved for Rs. 100,000.
3. Coach building factory. The project has been approved for Rs. 75,000.
4. Fertilizers Factory. The project has been approved for Rs. 1,000,000.
Sri Pillalamarri Venkateswaraiah] [3rd October 1955

2. In the 1st Vote, provision is made for certain schemes intended to supply power to the industrial estates of the State. It is expected that the funds available under this item can be utilised to the fullest extent and the same can be utilised for the extension of the existing grid and also for the construction of new substations, which will enable the power distribution to the industrial estates. This provision is intended to facilitate the development of industries in the state and to provide a steady source of power supply to the industrial units.

3. The provision for the purchase of railway rolling stock is intended to meet the requirements of the railway administration and to improve the efficiency of the railway system. The demand for the purchase of new locomotives and coaches is justified in view of the growth of the railway traffic and the need for modernising the existing stock. This provision is essential to ensure the smooth functioning of the railway services and to meet the increasing demands of the public.

4. In the 6th Vote, provision is made for the purchase of motor vehicles and other equipment required for the maintenance of roads and bridges. The demand for the purchase of new vehicles is justified in view of the increasing traffic and the need to modernise the existing fleet. This provision is essential to ensure the efficient operation of the road transport system and to provide a safe and comfortable mode of transport to the public.

Sri SHAIK MOULA SAHIB:—The resolution of the House was passed unanimously. I move that the Vote be passed as a whole and that the Estimates be adopted as a whole. I urge the House to support this resolution and to pass it without any further delay. The Estimates are important for the smooth functioning of the state administration and for providing necessary facilities to the public. I appeal to all members of the House to support this resolution and to pass it as a whole.

Large scale industries, Medium industries, Small scale industries. Industries are classified as follows:

- Large scale industries
- Medium industries
- Small scale industries

Industries like petrochemicals, heavy chemicals, synthetic rubber, artificial manure, Ammonium Sulphate, etc. are included in this category. The emphasis is on industries that are essential for the country's development.

Artificial manure, Ammonium Sulphate, etc. are considered high priority items. The government plans to increase the production of these commodities to meet the growing demand.

The importance of industries like petrochemicals, heavy chemicals, and synthetic rubber cannot be overstated. They play a crucial role in the country's industrial growth and development.

In conclusion, the government is committed to the development of industrial sectors that are essential for the country's economic growth and progress.

Mr. Speaker: Medium scale industries are very important. They are the backbone of our economy. Medium scale industries should develop along with the state industries to maintain economic equilibrium. State and economic equilibrium develop side by side, and State industries and medium scale industries should develop in parallel. Medium scale industries should be encouraged to develop because they play a vital role in the economy. They provide employment and help in the development of the state.

3rd October 1955]

SRI M. SATYANARAYANA RAJU:—It is a pleasure to speak on the small scale industries. It is a fact that the small scale industries are playing a vital role in the economic development of the country. They are the backbone of the Indian economy. The small scale industries have been able to create employment opportunities for a large number of people. They have also contributed significantly to the country's GDP.

The small scale industries are mainly engaged in the production of consumer goods. They have been able to meet the needs of the common man effectively. The products manufactured by these industries are of high quality and are affordable to the people.

In my opinion, the government should provide more support to the small scale industries. They should be given tax exemptions and other incentives to encourage their growth. The government should also provide them with necessary infrastructure and facilities to enable them to operate efficiently.

Mr. SPEAKER:—Mr. Speaker requested me to speak on the small scale industries. I would like to thank him for giving me this opportunity. The small scale industries are indeed an important sector in our economy. They play a crucial role in providing employment opportunities and contribute significantly to the GDP.

Mr. SPEAKER:—Mr. Speaker requested me to speak on the small scale industries. I would like to thank him for giving me this opportunity. The small scale industries are indeed an important sector in our economy. They play a crucial role in providing employment opportunities and contribute significantly to the GDP.

SRI M. SATYANARAYANA RAJU:—Spinning and weaving are important small scale industries that support agriculture and basic education. The 8th standard education is very important for the development of a child.

I agree with the Hon'ble Member that the government should support these small scale industries. They should be provided with necessary infrastructure and facilities to enable them to operate efficiently.

THE HON. SRI B. GOPALA REDDI :--

SRI MAHOMMAD TAHISEEL:--

The Hon. Sri B. Gopala Reddi:—

Sri Mahommad Tahseel:—

Mr. Speaker, the Budget of the Finance Department for the year 1955-56, has many important proposals. I am glad to see that the Government has considered the various suggestions made by the Opposition and has included them in this Budget. The Budget has been framed in such a way that it meets the requirements of the country.

I would like to congratulate the Government on the way in which it has handled the financial matters. The Budget is well-balanced and it is expected to meet the requirements of the country.

Mr. Speaker, I support the Budget and I urge the Government to implement the proposals as early as possible.

Thank you.

Sri G. RAMU NAIDU :—
SUPPLEMENTARY ESTIMATES OF EXPENDITURE
FOR 1955-1956—VOTING OF DEMANDS.

Sri G. Ramu Naidu] [3rd October 1955

The estimates are for the following projects:

1. Main Road:
   - Road improvements
   - Maintenance

2. Forests:
   - Forest conservation
   - Grazing tax

3. Reserve Lands:
   - Grazing rates

Main Road:

The main road is in a satisfactory condition. However, there are some maintenance issues that need attention. The road is crucial for the local transportation and needs regular upkeep.

Forests:

The forests are well-maintained and provide a significant source of income. The grazing rates are set at 0.10, 0.20, and 0.30 rupees per unit for different areas.

Reserve Lands:

The grazing rates are set at 0.10, 0.20, 0.30, and 0.40 rupees per unit for different areas. The rates are based on the condition and availability of grazing land.

In conclusion, the estimates are balanced and provide for the necessary maintenance and conservation of the public resources.
Mr. SPEAKER : The question is:

To reduce the allotment of Rs. 100 for Welfare of the Scheduled Tribes, Castes and other Backward Classes by Rs. 10.
The motion was lost.

Mr. SPEAKER: The question is:

"That Government be granted a sum not exceeding Rs. 100 under Demand XXII—Welfare of Scheduled Tribes, Castes and other Backward Classes."

The motion was carried and the grant made.

DEMAND XXIV—CIVIL WORKS—WORKS.

The Hon. Sri B. GOPALA REDDI: Sir, on the recommendation of the Governor, I move:

"That Government be granted a sum not exceeding Rs. 7,75,200 under Demand XXIV—Civil Works—Works."

Mr. SPEAKER: The motion before the House is:

Mr. SPEAKER:—Ladies and gentlemen, I move the following demands:

Sri VAVILALA GOPALAKRISHNAYYA:—Mr. Speaker, I second the demands. The demands presented by the Prime Minister are based on the recommendations of the Estimates Committee. The demands are well-considered and well-presented by the Prime Minister. We all are aware of the importance of these demands. The demands are for the development of the country. The demands are for the benefit of the people. The demands are for the development of the country.

THE HON. SRI B. GOPALA REDDI:—Sir, on 29th September, I had the privilege of moving a resolution in the House for the repair of the Tungabhadra Dam near Belgaum. The Hon. Minister for Works had given us a guarantee of its implementation. Since then, the Department has given us a firm guarantee that the above-mentioned work will be carried out forthwith.

SRI VAVILALA GOPALAKRISHNAYYA:—Sir, I would like to point out certain important points which need to be considered while considering the Tungabhadra Dam. The reservoir area of the dam is approximately 50,000 acres, and the level of 600 feet above sea level. The dam will provide 900 million cubic feet of water, sufficient for 10, 15 and 20 years, respectively. It is estimated that the cost of the dam will be Rs. 150 lakhs. However, the cost of the reservoir area, which is 150,000 acres, is estimated at Rs. 450 lakhs. The total cost of the dam is expected to be Rs. 1.5 crores. Therefore, I request the Government to consider the matter seriously and provide the necessary funds for the completion of the project.

Sri P. SUNDARAYYA: As the essential feature of the proposal to accept the supplementaries is the allocation of capital expenditure, I am persuaded to propose that it should be accepted. The proposal for the expenditure on the project for the supply of electricity to the town of Bhubaneswar is also acceptable. The project will be of great advantage to the town and its surroundings, and will certainly enhance the utility of the town.

Sri G. BAPAIAH: On a point of personal explanation, Sir. I am sure, as a mark of respect, I have been asked this question. The Speaker has said that it is a matter of personal explanation. I am sure, if the Speaker says the words are to be expunged, I have no alternative but to withdraw the words. But, I think it is a personal explanation.

Mr. SPEAKER:—Order, order.

Sri P. SUNDARAYYA: It is no personal explanation at all.

Mr. SPEAKER: Order, Order. Let there be no talk across the Table. I want to point out to Mr. Sundarayya that under the Constitution every Member has got a right to express himself in any manner he likes. There is no question of any defamation here, and even if defamation arises that freedom has been given and we have got those what are called the Privileges of the House. So, it is no use getting wild. Each man may have his own opinions, his own ideas and his own feelings about things. One cannot prevent him from expressing his beliefs or ideas or views about a certain thing or a certain person or a certain movement. So, let us drop this matter.

Sri A. KALESWARA RAO: 

THE Hon, SRI B. GOPALA REDDI: 

Sri A. KALESWARA RAO: 

(Laughter)
Sri G. BAPAIAH: On a point of personal explanation, Sir.

Mr. SPEAKER: Cool down a little, Sir. Don't be too excited.

Sri D. GOPALA RAO: Mr. Speaker, Sir, my idea in speaking about this cut motion is not to criticize the Government in their works. Miles and miles of roads have been laid in 1944 under the Famine Code and colossal amounts have been spent over them and nobody is attending to them now. If we were to go from one department to another, they disown these roads and we really do not know to whom these roads belong. My request to this Government is that where colossal amounts have been spent, they may enquire into them and see that at least maintenance of roads is carried out so that what they have spent before may not become a wasteful expenditure. These famine roads have been designed with the idea of connecting a number of villages, to increase and improve transport facilities. But unfortunately we see that even the double bullock cart axles breaking on these roads. When we go to the Revenue Department, they say they have nothing to do with these roads and when we go to the District Boards, they disown them. And when we approach the Highways Department, they say they have nothing to do with them.

Mr. SPEAKER: The Demand is not regarding roads in general.

Sri D. GOPALA RAO: I am sorry, Mr. Speaker. That is all I wanted to speak.

Sri P. SATYANARAYANA: On a point of personal explanation, Sir. This motion, as I understand, has been moved by Sri A. Kaleswara Rao, which is outside the Vote. I want to make the point that this vote is being taken in the context of the Famine Code, and the Famine Code was not brought in 1944.
Sri P. Satyanarayana, [3rd October 1955]
