Hon. Member, how you have mentioned on engineering institutions abolished the 10th class education. Since then the Engineering Institution within the city. But I am of the view that in Engineering Education there is a need for institutions and Polytechnic institutions. In the institutions there is a need for workshops and training. In the Engineering workshop apprentice undertakings.

Public Service Commission should enforce this. The Council should absorb the entire cost of the apprenticeship.

It seems there is some confusion in the text due to the use of non-English script. The content appears to be discussing the abolition of the 10th class education and the need for engineering institutions and polytechnics with workshops and training facilities. The Public Service Commission is suggested for enforcement of these measures, and the council should absorb the costs of apprenticeships.

SUPPLEMENTARY ESTIMATES OF EXPENDITURE
FOR 1955-56 (General Discussion)

Sir L. Lakshmana Das

[30th September 1955

Demands for civil works are
exceedingly high in the estimates for
1955-56. The total amount
required for civil works is
Rs. 17,930,000. Of this amount,
Rs. 17,030,000 is for famine
roads, Rs. 60,000 for
construction of roads,
Rs. 200,000 for
material, and Rs. 1,000 for
removal of material.

Famine roads involve a
considerable amount of
work, and it is likely that
the total amount required
for famine roads will be
considerably more than
what is estimated in the
budget. The amount
required for famine roads
is Rs. 17,930,000, of which
Rs. 17,030,000 is for
construction and Rs. 90,000 for
material. The amount
required for material is
Rs. 1,000, for which a
budget of Rs. 200,000 has
been provided.

[Sri L. Lakshmana Das

With regard to a number of small irrigation sources in the country, we have removed the
principle of the same as a single teacher schools. We have abolished the practice of having
a single teacher schools in the country. In place of single teacher schools, we have
introduced S. S. L. C. pass in the country. S. S. L. C. pass is a great improvement in
the education system of the country. It gives an opportunity to the student to
continue his education in a higher secondary school. However, the S. S. L. C. pass
is not a sufficient guarantee of higher education. We need to introduce a
system of single teacher schools to improve the education system.

In conclusion, I would like to say that the introduction of S. S. L. C. pass
is a step in the right direction. It will improve the education system of the country
and will provide an opportunity to the students to continue their education in a
college. We need to continue to work towards improving the education system
of the country.

intensive development & extensive development are two different types of development. Electricity is a major component of both intensive and extensive development. We have already implemented a rural electrification scheme and are planning to extend it further. Electricity is playing a crucial role in modernizing rural areas.

Electricity is being supplied to schools and other educational institutions. Single teacher schools are being equipped with necessary facilities. By extending the National Extension Schemes to rural areas, we are ensuring that village-level workers are well-trained and equipped to handle their duties.
SUPPLEMENTARY ESTIMATES OF EXPENDITURE

FOR 1955-56 (General Discussion)

30th September 1955

[Sri B. Gopala Reddi]

For the year 1955-56, the State of Andhra Pradesh has proposed an expenditure of Rs. 24,000 lakhs. This amount is expected to increase to Rs. 25,000 lakhs. The increase is mainly due to the construction of buildings and training schools.

In the previous year, 1954-55, the deficit was Rs. 25 lakhs. However, the Revised estimates show a deficit of Rs. 4.5 lakhs. The Accountant General has indicated that the deficit for 1954-55 was Rs. 25 lakhs. The deficit for 1955-56 is expected to be Rs. 4.5 lakhs.

The issue of elections is a serious matter. The elections will be held in Inter-State sales tax. The proposed additional taxation will be introduced in the budget.

The mill cloth has been proposed to be increased by 10%. The additional taxation is necessary to meet the deficit.

The Hon. Sri K. CHANDRAMOULI:—Sir, I move that The Madras Pawnbrokers (Andhra Amendment) Bill, 1955 be taken into consideration.
THE MADRAS PAWNBROKERS

(Andhra Amendment) Bill, 1955

[30th September 1955]

Mr. SPEAKER: Motion moved—

That the Madras Pawnbrokers (Andhra Amendment) Bill, 1955 be taken into consideration.

SRI S. VEMAYYA:—

In the House of the Madras Pawnbrokers, the House was asked to consider the Madras Pawnbrokers (Andhra Amendment) Bill, 1955. The Bill was moved by Mr. Vemayya. He stated that the Bill was necessary to provide for the conditions of the Pawnbrokers in Andhra. The Bill provided for the registration of Pawnbrokers, the fixing of rates of interest, and the conditions under which the Pawnbrokers would operate. The Bill also provided for the establishment of a Board to regulate the business of Pawnbrokers. The Bill was supported by all the Members of the House.

The Bill was passed without any amendments.

Sri Vavilala Gopalakrishnayya] [30th September 1955

...THE Hon. Sri B.GOPALA REDDI:... Mr. Speaker, Sir,
I have no objection to the Revenue Inspector being empowered under this Act to examine the accounts of the pawnbroker. But the Revenue Inspector is one of the most hard-worked servants of the Revenue Department and he is the camel on whose back everything is placed and if the police officers do not find time to devote their attention to this part of the work, the Revenue Inspector will not be able to do anything.

Sri S. RANGANATHA MUDALIAR:—...
THE MADRAS PAWN BROKERS
(Andhra Amendment) Bill, 1955.

30th September 1955]

Mr. SPEAKER: Deputy Tahsildar, not Revenue Inspector.

SRI S. RANGANATHA MUDALIAR:—Deputy Tahsildar would be all right. Another objection to officers of such low grade as Revenue Inspectors being appointed is this. These merchants are not ordinary merchants. They are Jews of the medieval times and they are persons who would even tempt God himself if it is possible and it is desirable while dealing with them that officers of superior grade are empowered to check the accounts. I would suggest to the Hon. Minister that officers of the Commercial Department, not less than the grade of A. C. T. O., may be added to the list of officers empowered. The difficulties that are experienced by debtors at the hands of these people as far as they are being related by my friends are not exaggerated and are all true and it is therefore desirable that this Hon. Government should bring in a measure to control these money-lenders. The Madras Legislative Assembly recently passed the Money-Lenders Bill. A Bill analogous to that may be thought of and introduced as early as possible by this Government also.

Mr. SPEAKER: The question before the House is—

"that the Madras Pawnbrokers (Andhra Amendment) Bill, 1955" be taken into consideration.

The motion was carried.

Mr. SPEAKER: Now we shall proceed with the clauses. For clause 2, there is an amendment by Sri Vavilala Gopalkrishnayya. I would like to know how the amendment is admissible under the rules. It is not an amendment to the amendment now before the House. The motion before the House is:

"Add the words 'or by any Revenue Officer not below the rank of a Deputy Tahsildar."

You are now bringing an amendment not to this motion but to the clause itself.
Sri VAVILALA GOPALAKRISHNAYYA:—My submission is this Sir. They want to give powers to...

Mr. SPEAKER: It is not an amendment to this amendment. It is a fresh amendment to the Act itself. As such, under Rule 64 (1) it is not admissible. Show me how it is admissible.
30th September 1955] [Sri P. Sundarayya

Mr. SPEAKER: But how do you interpret our rule? It may be the Parliamentary procedure. I do not object to what you say. An amendment must be relevant to and within the scope of the subject-matter of the Bill or motion to which it relates.

SRI P. SUNDARAYYA:—subject matter bill

Mr. SPEAKER: So you want me to take that the whole section is now before the House as the subject-matter of this Bill.
Sri P. Sundarayya:—Yes Sir, whatever sub-section that may be, the whole section has to be taken into consideration.

Mr. SPEAKER. Perhaps you want to say that in view of another machinery provided for the inspection of these records, the original measure contemplated may be dispensed with as a consequential amendment. I will put it like that.

Sri P. Sundarayya:—In view of another machinery provided for the inspection of these records, the original measure contemplated may be dispensed with as a consequential amendment.

Mr. SPEAKER: Sri Gopalakrishnayya may move his amendment.

Sri Vavilala Gopalakrishnayya:—In sub-clause (2) the words ‘by any police officer not below the rank of Sub-Inspector or by any Head Constable authorised in writing by such a Police Officer or’ shall be omitted and the words ‘or by any Revenue Officer not below the rank of a Tahsildar’ shall be added to sub-section (2).”

The amendment was duly seconded.

Mr. SPEAKER:—In view of another machinery provided for checking it.
Mr. SPEAKER: Amendment moved.

“In sub-clause (2) the words ‘by any Police Officer not below the rank of Sub-Inspector or by any Head Constable authorised in writing by such a Police Officer or’ shall be omitted and the words ‘or by any Revenue Officer not below the rank of a Deputy Tahsildar’ shall be added to sub-section (2)”

The Hon. Sri K. CHANDRAMOULI: —effective police inspection shall be done. License by Police Department inspection shall be done by the Police Department, and it assist the effective department. The clause ‘Revenue Inspector’ shall be added. And every complaint shall be inspected. And it be effective.

Mr. SPEAKER: Is Sri Vavilala Gopalakrishnayya withdrawing his amendment?

Sri VAVILALA GOPALAKRISHNAYYA: —Yes Sir.

The amendment was, by leave of the House, withdrawn.

Mr. SPEAKER: There is an amendment of Sri S. Vemayya to substitute the words ‘Revenue Inspector’ for the words ‘Deputy Tahsildar’.

Sri S. VEMAYYA: —

“Substitute the words Revenue Inspector for the words Deputy Tahsildar.”

Revenue Inspector is effective in the department. In a complaint, the complaint shall be effective. And revenue officer shall be effective. The department effective. And it be done.

"That the Madras Hindu Religious and Charitable Endowments (Andhra Amendment) Bill, 1955 be taken into consideration."
SRI B. SANKARAYYA:—The endowment accounts are to be found in the third section of the original section 78. The second section 79 (a) refers to the levy of contributions at the time of the first assessment. The third section 79 (b) is not amended.

THE HON SRI K. CHANDRAMOULI:—The contributions are assessed at the time of the first assessment.

SRI PILLALAMARRI VENKATESWARLU:—The endowment accounts are simple. The original sections 78 and 79 refer to the levy of contributions at the time of the first assessment. The third section 79 (a) refers to the levy of contributions at the time of the first assessment. The original sections 78 and 79 (a) are not amended. Urgency motions are not required in this case.
Mr. SPEAKER: While amending the Act, bringing 59 (a), we defined Common Good Fund, and also provided for the constitution of the Common Good Fund and also for
the application of the Common Good Fund for certain purposes.

Sri PILLALAMARRI VENKATESWARLU:—

Mr. SPEAKER: After the charges for the Government are defrayed the surplus will go to the Common Good Fund.

Sri PILLALAMARRI VENKATESWARLU:—

Sri S. VEMAYYA:—

If the surplus is to be used for hospitals, orphanages, and schools, it should be done under the original sections. If the surplus is to be used for protest or demonstration, it should be done under the original sections.

SRI S. RANGANATHA MUDALIAR:—Original Section 79 reads like this:

"It shall not be competent for the Commissioner to levy any contribution for more than 3 faslis immediately preceding the fasli in which a notice is issued under Section 78."

It is to obviate what is contained in Section 79 this additional Section 79-A has been provided for. "Notwithstanding anything contained in sub-section (1) of Section 79, where any religious institution is assessed for the first time in fasli 1361 or fasli 1362 or fasli 1363, it shall be competent for the Commissioner to levy any contribution for the three faslis immediately preceding the fasli in which such institution is assessed as aforesaid, irrespective of the fasli in which a notice of assessment is issued under Section 78."
Now the question is whether this new clause does not over-ride the sections of the Limitation Act and if it does not, I would like the Hon. Minister to clarify on the point.

MR. SPEAKER : Your point is that it is inconsistent

THE HON. SRI K. CHANDRAMOULI : — Whether it is competent for a local Legislature to over-ride the provisions of the Limitation Act, that is my doubt. Whether it is competent by bringing in a measure like this to over-ride the sections of the Indian Limitation Act.

MR. SPEAKER : Limitations are created by this Act, and not by the Limitation Act. Apart from that, the limitation is created not by the Indian Limitation Act. The limitation is here created by Section 79, that for three years prior to the issue of a notice, we can demand. Not more than that.
SRI S. RANGANATHA MUDALIAR:—But that is consistent with the Limitation Act. Original Section 79 embodies the principles contained in the Limitation Act.

MR. SPEAKER: Mr. Mudaliar, you remember there is a special law fixing limitation. It over-rides the general law. This is a special law under which the limitation is fixed for collection of arrears and Government now seek an exception to that rule 79.

SRI V. VISVESWARA RAO:—The controversy centres round a point. High Court decided on a point which is a general point. High Court decided in 1951. Hindu Religious and Charitable Endowment Administration report says so. Whatever be the be case, the archakas in Telugu Districts appear to be more interested in enjoying the income over the lands of temples than understanding their duties to deities.

“Religious side of the temples is wholly neglected. Only administration side is being looked after. As a result, most of the archakas do not know the rudiments of worship and in very many cases the observance of daily rituals is short circuited. The archakas in Telugu Districts appear to be more interested in enjoying the income over the lands of temples than understanding their duties to deities.”

Sri V. Visweswara Rao

[30th September 1955]

The need to amend certain provisions of the Madras Hindu Religious and Charitable Endowments (Andhra Amendment) Act, 1955, arises from the fact that the Common Good Fund S3 to S38 has been in existence since 1938. However, the Common Good Fund S3 to S38 has not been effectively utilized for charitable purposes. Therefore, it is proposed to increase the amount of the Common Good Fund S3 to S38 from 5% to 10% of the total income of the endowment. This will provide a source of income for charitable purposes. Additionally, it is proposed to create a separate fund for the maintenance of temples and religious institutions. This will ensure that the funds are used for their intended purposes. It is hoped that these amendments will benefit the beneficiaries and the endowment as a whole.
Nothing has so far been done in regard to administration of charitable endowments which are innumerably spread all over the State. In a few cases, after enquiry by this Department on cases being brought to its notice, recommendations were made to Government for notifying such endowments for bringing them under the provisions of the Act. The Department is handicapped in not having a complete list of charitable endowments as in the case of religious institutions. If such lists along with copies of Inam B. Registers are made available by the Revenue Department, earnest attempts can be made to enquire into their working."

Mr. SPEAKER :—You are reading from the Administration Report.

Sri RAJA V. V. KRISHNAMRAJU BAHADUR :

The Madras Hindu Religious and Charitable Endowments Act, 1955, provides for the establishment of a Common Good Fund to be administered for the benefit of the public.

In this context, the object of the proposed amendment is to ensure that the Common Good Fund is administered in a manner that is in line with the public interest.

The amendment seeks to clarify the scope and purpose of the Common Good Fund, ensuring that it is not misused for personal gain or for the benefit of any particular individual.

The amendment also seeks to provide for the appointment of a Committee of Management to administer the Common Good Fund, ensuring that it is managed in a transparent and accountable manner.

In conclusion, the amendment is a crucial step in ensuring that the Common Good Fund is administered in a manner that is in line with the public interest and in accordance with the provisions of the Madras Hindu Religious and Charitable Endowments Act, 1955.
Sri Raja V. V. Krishnamraju Bahadur] [30th September 1955

Mr. Speaker, I have the honour to present, on behalf of the Government of the State of Andhra, the Amendment Bill, 1955, which was passed by the Assembly of Andhra on the 16th September, 1955, for the purpose of providing a legal basis for a portion of the Trustee Funds of the Madras Hindu Religious and Charitable Endowments, and for enabling the Government to act as approver and to make rules for the administration of the Trustee Funds.

It is a well-known fact that the Madras Hindu Religious and Charitable Endowments are administered by a Board of Trustees, consisting of the Chief Justice of the High Court, the Advocate-General, and six other persons appointed by the Governor, one of whom is nominated by the Governor from amongst the members of the Bench of the High Court.

It is proposed to provide, in the Amendment Bill, that the Government of Andhra may, from time to time, appoint a presiding Trustee, in such manner as it may think fit, who shall be the ex-officio Chairman of the Board of Trustees of the Madras Hindu Religious and Charitable Endowments.

It is also proposed to provide that the Governor may, by notification in the Official Gazette, appoint a Second Presiding Trustee, who shall be the ex-officio Vice-Chairman of the Board of Trustees of the Madras Hindu Religious and Charitable Endowments.

In order to give effect to these provisions, it is proposed to insert a new section, namely, Section 10-A, in the Madras Hindu Religious and Charitable Endowments Act, 1955, to provide that the Government of Andhra may, from time to time, appoint a presiding Trustee, and the Governor of Andhra may, by notification in the Official Gazette, appoint a Second Presiding Trustee.

Mr. Speaker, I have the honour to submit this Bill for your approval.

Sri B. Sanitarayya] [30th September 1955

The Madras Hindu Religious and Charitable Endowments (Andhra Amendment) Bill, 1955 is a legislative proposal aimed at modifying the existing laws regarding the administration and management of charitable endowments in Andhra. The Bill seeks to empower the Head of the department to allocate necessary powers to the departmental officers. It also aims to provide a framework for the administration of charitable endowments, ensuring their effective utilization for charitable purposes. The Bill seeks to address issues related to the management and administration of these endowments, ensuring transparency and accountability. It proposes to enhance the role of the departmental officers in the administration of these endowments, thereby streamlining the process and ensuring that the funds are utilized as intended. The Bill is expected to bring about a positive change in the way charitable endowments are administered and managed in Andhra.

Statement on the discussions with the Planning Commission regarding the Second Five Year Plan of the Andhra State.

The draft Second Five Year Plan of the State came up for discussion with the Planning Commission on the 31st August and 1st September 1955. The Chief Minister, the Deputy Chief Minister, Ministers for Planning and Industries and for Electricity represented the State at these discussions. The Development Commissioner and some Secretaries and Heads of Departments also participated in the discussions.

2. A preliminary review was made by the Planning Commission and a ceiling of Rs. 110 crores for the draft Second Five Year Plan of Andhra was indicated as a basis for examination, taking into consideration the following factors:

1. Out of the Plan frame total of Rs. 4,300 Crores for the country, the total of all the State Plans might have to be limited to only Rs. 2,250 crores:

2. Area and population of the State;

3. Financial resources of the State for the Plan;

4. Performance in the First Five Year Plan;

5. Relative priorities indicated in the Draft Second Plan;

6. Availability of administrative and technical personnel.
3. At the first Plenary meeting with the Planning Commission held on the 31st morning, the Chief Minister, the Deputy Chief Minister and the Minister for Planning and Industries put forward our case with particular reference to the broad principles to be borne in mind in fixing the size of the Andhra State Plan and the need for including certain specific projects in the Plan. The Chief Minister observed that the distribution of provision should be equitable and that the backwardness of the newly formed Andhra State, its vast unused water resources, lack of industries, liability of parts of the State to famine conditions, shortfall of about Rs. 10 crores in the First Plan due to unsettled conditions as a result of partition and the infancy of the State, and the need to duplicate several institutions should be taken into consideration besides the aspects like population and area mentioned by the Planning Commission. Special emphasis was laid on the need for adequate provision in the Plan particularly for the following:

Village plans: Buildings for State Capital; Tungabhadra High Level Canal and Vamsadhara Projects; Sileru Project; Medium and Minor Irrigation Schemes; Agriculture and Electricity Schemes; Exploitation of Mineral Resources; Development of Industries including Handloom Industry; Unemployment relief and Water Supply Schemes.

4. After the Plenary Session, the following eleven Working Groups set up by the Planning Commission to consider the different sectors of the Andhra State Plan had discussions with the official representatives of the State:

- Agriculture and Community Development
- Irrigation and Power
- Village and Small Industries and Industries and minerals
- Roads
- Education
- Health
- Housing
- Welfare of backward classes and Social Welfare
- Labour Welfare
- Publicity and Information
- Miscellaneous
On the basis of the comments of the Working Groups the Adviser, Programme Administration Planning Commission revised his original ceiling of Rs. 110 crores to Rs. 118.1 crores.

5. On 1—9—1955 the reports of the Working Groups and the recommendations of the Adviser were considered at the Second Plenary Session with the Planning Commission. The Ministers of Andhra State reiterated the need for increasing the revised ceiling proposed by the Adviser further and stressed in particular the importance of including essential projects like Vamsadhara and Sileru in the Plan—these have now been included—and of making adequate provision for sectors like Irrigation, Village Plans, Buildings for Capital, Industries, etc. Taking these representations into account a revised ceiling of Rs. 125.1 crores for the State Plan has been fixed by the Planning Commission and Communicated to the State Government for undertaking a revision of the Plan on the basis of this ceiling. The revision is under way.

6. The statement below shows the details of the provision in the First Plan, original ceilings proposed, revised ceilings indicated at the Plenary Sessions on the 1st September and the further revised ceilings fixed by the Planning Commission.

The ceiling of Rs. 125.1 crores is still provisional. The final ceilings will be fixed by the Planning Commission after discussion with all the States have been completed and an idea formed of the over-all magnitude of planned expenditure, the State's resources on Revenue and Capital Account and the resultant commitments of the Centre.

7. The ceiling now indicated does not include provision for flood protection work for which an allocation of Rs. 12.79 crores has been separately suggested, keeping in view the programme for the country as a whole. No allotment for Minor Ports and Inland Water Transport has been included in the above ceiling as these schemes will be included in the Ministry of Transport's Plan. the provisions made under these two heads are respectively Rs. 50.00 and Rs. 70.00 lakhs. It is also expected that an additional provision of Rs. 5.16 crores for Community Development will be made.

8. It has been stated by the Planning Commission that allotments within the provisional ceiling indicated for the
following fields of development would be reviewed in the light of the eventual all-India allocations for these programmes:

- Housing;
- Urban Water Supply and Sanitation;
- Welfare of Backward Classes; and
- Social Welfare and Panchayats.

As regards education, the Planning Commission has stated that if, on further review, the State Government can show additional revenue resources, the provision now made will be re-examined.

9. It has been estimated that the Plan for Rs. 125.10 crores would involve a revenue expenditure on the part of the State of Rs. 19 crores during the Plan period for which additional resources will have to be found from new taxation. The measure of progress in raising additional resources will finally determine the size of the State Plan and will also be the measure of progress of plan—implementation.
