Excise Duty on Tobacco.

*962 Q.—SRI V. VISWESWARA RAO :—Will the Hon. the Chief Minister be pleased to state:

(a) what is the amount realised by way of Excise Duty on Tobacco in Andhra State during 1954-55 and up to end of December 1955;
(b) on other Excise Duties; and
(c) the amount allotted to Andhra?

The Hon. Dr. B. Gopala Reddi:—

(a) The amount realised by way of Excise duty on Tobacco in 1954-55 and during the period 1-4-1955 to 31-12-1955 is as follows:

<table>
<thead>
<tr>
<th>Year</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>1954-55</td>
<td>Rs. 1,49,60,000</td>
</tr>
<tr>
<td>1st April to 31st December 1955</td>
<td>Rs 1,20,84,000</td>
</tr>
</tbody>
</table>

(b) The amount collected on other Excise duties is as shown below:

<table>
<thead>
<tr>
<th>Year</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>1954-55</td>
<td>Rs. 63,42,000</td>
</tr>
<tr>
<td>1st April to 31st December 1955</td>
<td>Rs. 78,83,000</td>
</tr>
</tbody>
</table>

(c) The amount allotted to Andhra out of the divisible Union Duties of Excise in 1954-55 was Rs. 95,64,000. An amount of Rs. 52,14,000 was distributed up to the end of December during the current year.

Sri A. Bapineedu:— మాత్రం ముఖ్తడు తెలుగు భాషలో ప్రశ్నించారు. అతని ఫార్మాన్స్ విస్తృతి రాయు చేసారు. అంతటు నిర్ధారించారు. మరుమరాముల మండలంలో ఉన్న ముఖ్తడు తెలుగు భాష ప్రాంతంలో ఉన్న శేఖర్ విస్తృతి రాయు చేసారు. అంతటు నిర్ధారించారు. 90, 88 ఎన్ని వంతులు ఉన్న మరుమరాముల మండలంలో ఉన్న మరిమోయాన్ విస్తృతి రాయు చేసారు?

Mr Speaker:— ఎంతో ప్రతిసామూహం ఉంది?

The Hon. Dr. B. Gopala Reddi:— అందులో తెలుగు భాష రాయు చేసారు. Agriculture Minister తరువాత విస్తృతి రాయు చేసారు.

Sri G. Narsimhamurty:— తెలుగు భాష రాయు చేసారు. తరువాత తెలుగు భాష రాయు చేసారు.
QUESTIONS AND ANSWERS

27th March 1956

Sri B. GOPALA REDDI: The Excise Department has seen a very serious crackdown in tobacco excise duty evasion. Could you please explain how the department intends to combat this issue?

Sri VAVILALA GOPALAKRISHNAYYA: I.L.T.D. has been observing a marked increase in the excise evasion of tobacco. What measures are being taken to deter this?

THE HON. Dr. B. GOPALA REDDI: The Finance Commission has suggested a 40% share of the production, 40% production, and 20% each for producing and consuming provinces. I propose that this proportionality be maintained. This 40% will be divided among the States on the basis of population.
2% QUESTIONS AND ANSWERS

SRI VAVILALA GOPALAKRISHNAYYA:—అనుమతి లభించారు! నాం
వాటాం, దుర్భాగ్యంగా చేరుకోనాలి తరపుగా నిపుణులు ఉన్నారు.
ఎందుకంటే నిర్ణయించలి మార్పు?

THE HON. DR. B. GOPALA REDDI:—ప్రతికూల రుచి, హదించి
చారి చేసేదు. అంశానికి ప్రతీ నిషేధ ను ఉపయోగించి
సాధారణ తెలియాం. 4.49 లక్షలు త్రావినులు అందుకుంటున్నారు.

Ferry working on Ava channel at Thotada.

651—

* 1077 Q.—SRI B. APPA RAO.—Will the Hon. the
Deputy Chief Minister be pleased to state .

(a) whether the Government are aware of the fact
that there is no ferry working on Ava channel at Thotada ;

(b) if so, why tolls were fixed ,

(c) whether any petitions protesting the levy and
fixation of tolls, were received by the Government ; and

(d) if so, the action taken thereon ?

THE HON. SRI N. SANJEEVA REDDI.—

(a) The Government have information that there is a
ferry near Thotada on which vehicles etc., are conveyed by
boats across 'AVA' channel.

(b) Does not arise.

(c) Yes.

(d) The matter is under consideration.

SRI E. NAGAYYA:—అనుమతి లభించారు! త్రావిను గ్రామానికి సంబంధించి
చేరుకోవడాన్ని చారి నిపుణులు ఉన్నారు.
ఈ
ప్రతికూల పరిస్థితి లో నిషేధానికి ఆశ్చర్యం ఉండాలి కనీసమే
orders చేసింది?

THE HON. SRI N. SANJEEVA REDDI:—ఈ ప్రతికూలమయ్యా
private ferry ను ఉపయోగించడానికి సందర్శించలి. అనుమతి లభించాలనే చేసారు.
QUESTIONS AND ANSWERS

27th March 1956

Mr. VAVILALA Gopalakrishnayya: The farmers are
contracting to build houses to their own pattern. The houses
are completed. How can I check the completion?

Mr. S. Venkata Rao: The houses are completed. How
will you check the completion?

The Hon. Sri N. Sanjeeva Reddi: Notice.

652—

* 1018 Q.—Sri S. Vemayya:—Will the Hon. the
Minister for Planning and Industries be pleased to state:

(a) whether the Government have received additional
allotment from the Government of India to an extent of
Rs. 32 crores for the supplementary schemes under cottage
Industries now; and

(b) if so, what the schemes contemplated are?

The Hon. Sri K. Venkata Rao:—

(a) No such allotment has been received from the
Government of India.

(b) Does not arise.

(c) No allotment. (d) Does not arise.

Allotment for the supplementary schemes under
Cottage Industries
Instructions to the Inspector-General of Local Administration regarding elections to major Panchayats.

653—

* 1167 Q.—Sri S. NARAYANAPPA :—Will the Hon. the Minister for Local Administration and Prohibition be pleased to state :

(a) whether the Government have issued instructions to the Inspector-General of Local Administration to postpone elections to major panchayats in our State ;

(b) if not, when are they going to conduct elections to major panchayats ; and

(c) whether the elections to major panchayats in Anantapur District have been postponed?

The Hon. Sri A. B. NAGESWARA RAO .—

(a) No instructions have been issued by the Government for the postponement of elections to Class I panchayats.

(b) Elections to the various panchayats will be held on the dates fixed by the election authority concerned namely the District Panchayat Officer.

(c) Does not arise in view of the answer to clause (a).

Postponement of the elections to the Major Panchayats.

654—

* 1118 Q.—Sri P. GOPALU REDDI .—Will the Hon. the Minister for Local Administration and Prohibition be pleased to state :

(a) whether there is any proposal before Government to postpone elections in the Major Panchayats in the border areas of the State wherever there have been language differences and disputes after the formation of the Andhra State and in view of the reorganisation of States ; and

(b) if so, will the Government propose to appoint special officers for all these Panchayat Boards on the termination of the period of the present boards ?
QUESTIONS AND ANSWERS

27th March 1956

THE HON. SRI. A. B. NAGESWARA RAO:—

(a) There is no such proposal before Government.

(b) Does not arise. But special Officers may be appointed under section 122 of the Madras Village Panchayat Act 1950 for the purpose of reconstitution of panchayats.

SRI. S. NARAYANAPPA:—Major Gopal C. Medduri:—any representations received in regard to elections? The Board continue?

THE HON. SRI A. B. NAGESWARA RAO:—any further information received regarding representation?

SRI P. GOPALU REDDI:—Sri Gopal C. Medduri:—any further information received regarding representation?

THE HON. SRI A. B. NAGESWARA RAO:—any further information received regarding representation?

SRI A. YERUKU NAIDU:—any further information received regarding representation?

THE HON. SRI A. B. NAGESWARA RAO:—any further information received regarding representation?
Livestock Improvement Board in the State

[27th March 1956]

655—

* 1152 Q.—Sri S. VEMAYYA :—Will the Hon. the Minister for Agriculture be pleased to state:

(a) whether there is any Livestock Improvement Board now in the State; and

(b) if so, the names of non-official members on it?

THE HON. SRI K. OBULA REDDI :—

(a) Yes, Sir.

(b) The names of the non-official members are as follows:

4. Sri Alapati Suryanarayana, Govada, Tenali Taluk, Guntur District.

Sri S. VEMAYYA :—Will the non-officials constitute a separate composite Madras State and form a part of the State?

THE HON. SRI K. OBULA REDDI :—Yes, Sir. Composite Madras State and the non-officials are officers and officials. Bifurcation will come after the meeting. The proceedings will pass without any notice as per the current practice of the State.

QUESTIONS AND ANSWERS

[27th March 1956]

Sri P. Venkatasubbayya: — Will the Hon. the Minister for Planning and Industries be pleased to state:

(a) whether there are proposals with the Government to start a milk powder factory in the State now; and

(b) if so, the place at which it will be started now?

The Hon. Sri K. Obula Reddi: —

(a) and (b)

A scheme for the starting of Milk Powder Factories in this State has been included in the Second Five Year Plan of this State. But a scheme has not yet been fully worked out.

Sri C. Subbarayudu: — Milk powder which is skimmed milk powder or wholesome milk powder? Is it really cost less?

The Hon. Sri K. Venkata Rao: —

(a) and (b)

For technical matter, the scheme is under consideration. In the month of June, we will take a decision.

Sri S. Vemayya: — Will there be private investment? Will the Government provide assistance?

The Hon. Sri K. Venkata Rao: —
27th March 1956]

Indigo Industry in the State.

* 909 Q.—SRI S. VEMAYYA :—Will the Hon. the Minister for Planning and Industries be pleased to state:
whether there are proposals with the Government to intensify the Indigo Industry now in the State?

THE HON. SRI K. VENKATA RAO :—
(a) No, Sir.

SRI S. VEMAYYA :—I am sorry to say there are no projects or plans, which can be placed before the Government to intensify the Indigo Industry. The market for Indigo is limited and the demand is small.

THE HON. SRI K. VENKATA RAO :—
Dye stuffs in general generally compete with vegetable indigo industry. It is superior in quality and is used in the export market. Foreign artificial indigo and heavy duty indigo substitute natural indigo industry in many cases.

SRI M. SATYANARAYANA RAJU :—Foreign artificial indigo substitute, heavy duty indigo substitute natural indigo in many cases.

THE HON. SRI K. VENKATA RAO :—I am sorry to say that a Ferro-Manganese plant at Garividi...

* 996 Q.—SRI M. SATYANARAYANA RAJU :—Will the Hon. the Minister for Planning and Industries be pleased to state:
(a) whether a licence for starting a Ferro-Manganese Plant at Garividi was granted;
(b) if so, when it will be commenced;
(c) the facilities that are proposed for conveyance of the Ferro-Manganese Ore to the factory site; and...
(d) the time that is allowed to Collectors for issuing mining leases?

**The Hon. Sri K. Venkata Rao.**

(a) Yes, Sir.

(b) According to the conditions of the licence issued by the Government of India, the factory should be established by March, 1957.

(c) No definite facilities for conveyance of the manganese ore are proposed as yet. The Company has approached the Government with a request to reserve all the belts of manganese bearing areas for its use and the request is under consideration of the Government.

(d) The Collectors are normally expected to forward the applications received by them for mining leases within a period of two months, unless there are special reasons for taking a longer time for completing the enquiry.

[27th March 1956]

SRI E. NAGAYYA — Mr. Speaker, I want to know how far the enquiry into the cases of mines and excavate is proceeding. Several companies are working in the mines.

Mr. SPEAKER — The House has already taken notice of the matter.

The Hon. SRI K. VENKATA RAO — The Ferro Manganese Factory has been established. Manganese ore is being mined by some companies. My question is — what are the steps being taken to ensure no accidents?

SRI M. SATYANARAYANA RAJU — Manganese ore is being mined in the factory. What is the record so far? Accidents of Class I to III have been reported. Is anything being done to prevent accidents?

SRI M. SATYANARAYANA RAJU — Mining lease has been issued. What is the status of mining?

The Hon. SRI K. VENKATA RAO — The mining lease has been issued. "I.C.S. Officer is in charge of the cycle of the mining. The other superintendent is in charge of the company." The lease is held by the mining companies. The leasing of mining licences is under consideration.

Sri C. SUBBARAYUDU — The Second Five Year Draft Plan has been prepared. What is the status of the mining excavation?

QUESTIONS AND ANSWERS 249
[27th March 1956]

THE HON. SRI K. VENKATA RAO:—March 1956, national policy of mines and coal industries is to be elucidated. They are essential raw materials, and also the coal industry is an important part of national policy. As such, it is necessary to support and promote it.

SRI B. G. M. A. NARASINGA RAO:—The Ferro Manganese plant and hydel power supply are essential for the factory.

THE HON. SRI K. VENKATA RAO:—1957, the factory is operating with the help of hydel supply.

'Grading Scheme' for sheep mutton.

659—

* 1137 Q.—SRI S. VEMAYYA:—Will the Hon. the Minister for Agriculture be pleased to state:

(a) whether the ryots of Nellore District are aware of 'Grading Scheme' for Sheep mutton now; and

(b) the places at which this scheme is working now in the State?

THE HON. SRI K. OBULA REDDI:—

(a) No, Sir.

(b) The scheme is working now at Ganapavaram of Vijayawada Taluk in Krishna District.

SRI. S. VEMAYYA:—The scheme for grading of sheep mutton in private the subsidy is paid? As scheme in private no subsidy is paid?

THE HON. SRI K. OBULA REDDI:—The scheme is not open for private.
II. BUDGET FOR THE YEAR 1956-57—(contd.)

VOTING OF DEMANDS FOR GRANTS FOR 1956-57—(contd.)

(1) DEMAND No. XXVII—ELECTRICITY.

(2) DEMAND No. XL—CAPITAL OUTLAY ON ELECTRICITY SCHEMES.

Mr. Speaker, Sir, on the recommendation of the Governor, I beg to move:

"That the Government be granted a sum not exceeding Rs. 1,08,94,600 under Demand No. XXVII—Electricity".

"That the Government be granted a sum not exceeding Rs. 11,92,42,000 under Demand No. XL—Capital Outlay on Electricity Scheme.

Excise Demand under 11,92,42,000 has to be increased to 1,08,94,600. The Excise Demands have been increased for Excise Duty on Electricity and other purposes. The following zones are excluded from the Excise Duty on Electricity: Andhra State formation zone, etc., etc.

Electrical Scheme to be extended in Chittoor District. Sun 27-3-56

To reduce the allotment of Rs. 1,08,94,600 for Electricity by Rs. 100.

(To discuss the need for extension for agricultural purposes in Chittoor District).

Sri PILLALAMARRI VENKATESWARLU:—Sir, I beg to move:

To reduce the allotment of Rs. 1,08,94,600 for Electricity by Rs. 100.

(To discuss the failure of the Government to make arrangements to supply electrical energy in Munagala Paragana, Nandigama Taluk).

(No cut motions under Demand No. LX).

Mr. SPEAKER.—The main Demands and the cut motions are now before the House for discussion.
SRI P. B. RAMAKRISHNA RAJU:

Electricity

Demand No. XXVII—ELECTRICITY

Demand No. XL—Capital outlay on Electricity Schemes.

[27th March 1956]

To

Sri B. B. Rama Rama Raju:

Electricity has come to the forefront of our national life. The demand for electricity has increased at an alarming rate. In 1939, the demand for electricity was 3,633 units, but in 1946, it was 10,600 units, demonstrating a 194.3% increase. This trend continued, with 19,625 units in 1952, and 38,678 units in 1956, showing a 100% increase in ten years.

The government has been actively involved in the development of electricity schemes. The government has sanctioned schemes for the development of power plants, distribution networks, and branch lines. In 1952, the government sanctioned schemes for the development of power plants in the region. The government has also been actively involved in conferences and discussions to expand the electricity grid.

In 1952, the government sanctioned schemes for the development of power plants in the region. The government has also been actively involved in conferences and discussions to expand the electricity grid. The government has been working on schemes for the development of power plants in the region. The government has also been actively involved in conferences and discussions to expand the electricity grid.

In 1958, the government sanctioned schemes for the development of power plants in the region. The government has also been actively involved in conferences and discussions to expand the electricity grid. The government has been working on schemes for the development of power plants in the region. The government has also been actively involved in conferences and discussions to expand the electricity grid.

The electricity minister of the state was addressing a public meeting on March 27, 1956, at 4:45 PM.

Electricity has become an essential commodity for people's daily life. The government has been making efforts to extend the electricity supply to as many areas as possible.

The electricity charges in 1956-57 were as follows:

- For current charges, the rate was Rs. 40 per unit.
- For hire charges, the rate was Rs. 40 per month.
- For bulbs and tubes charges, the rate was Rs. 500 per unit.
- For current charge payment, the rate was Rs. 40 per bulb.

The minister expressed his satisfaction with the progress made in extending electricity supply to different areas.

Srimathi B. RUKMINI DEVI:—The minister's speech was an encouragement for us.

4-A
Srimathi B. Rukmini Devi

[27th March 1936]

Revenue demand Rs. 1,08,94,000 and Capital outlay Rs. 11,92,42,000 for supply of 10 units of 1600 watts each.

Supplimental supplies of 10 units of 1600 watts each will be made available.

Supply to be extended to 10 units of 1600 watts each.

27th March 1956]

Sri N. C. SESHA DRI,*—The Honorable Minister for Irrigation, for Demand No. XXXI—Rural Irrigation Schemes, observes that the recent investigations conducted in connection with submersible lift irrigation have shown that certain areas are particularly suited to this method. It is, therefore, suggested that the State Government should consider the establishment of such schemes in these areas. The Minister also desires to draw the attention of the House to the fact that the percentage of annual returns on the capital outlay varies from 11 percent to 15 percent in various parts of the State. It is, therefore, recommended that the percentage of annual returns on the capital outlay should be fixed at 10 percent in all cases. The Minister further states that the S.F.C. meeting on subject of the establishment of such schemes should fix the percentage of annual returns at 10 percent in all cases. It is, therefore, recommended that the percentage of annual returns should be fixed at 10 percent in all cases.

Sri B.G.M.A. NARSINGA RAO :—Chito, the electricity demand is 10 thousand more than the previous year. The department will have to increase the demand by 10 thousand. We have not increased the demand with the capital outlay on Electricity Schemes. As a result, the department will have to seek capital outlay from the government. If the government increases the capital outlay, the department can increase the power to 10 thousand kW. If the government reduces the capital outlay, the department will have to reduce the power to 7 thousand kW. The department is seeking an increase in the capital outlay.

Sri B.G.M.A. NARSINGA RAO :—Electric trains are powered by electric current, reduction in the capital outlay will reduce the current capacity by 1 thousand kW. Reduction in the capital outlay will reduce the current capacity by 1 thousand kW. The department is seeking an increase in the capital outlay.

...
Sri P. ANTHONY REDDI:—Mr Speaker, Sir, it is said that even the best of men commit often sins of omission. Our Minister for Electricity who is sturdy and dynamic with an enthusiastic team of engineers and assistant engineers no doubt cannot overdo anything in this question of electrification of our State. But they have committed certain mistakes or certain sins of omission. Now in our State as well as in the whole of India, there is a race for electricity; on the one side we have industries seeking electricity to run the big machines in order to earn lakhs and lakhs of rupees; on the other side we have towns people who, just to increase their luxuries, to have more electric fans and probably to have more electric heaters and to have better standard of living, are racing for electricity. Lastly, Sir, there is the poor ryot in the villages who is also seeking electricity in order to bale out water for his fields to grow more paddy from each acre of land he cultivates. Sir, our Minister for Electricity is one who has done much service for the uplift of farmers and we know that he has been working under the leadership of Prof. Ranga who himself is probably the greatest Kisan leader in our country. So, a worker like our Minister who ought to have had a soft corner for the poor farmer is somehow or other not doing much for him. In this race for electricity, only the most powerful men will get it. Industrialist is getting electricity, towns are being electrified; only the poor ryot is not being given sufficient current.
for his purpose. I expected that our Minister for Electricity who has, as I said in the beginning, a soft corner for the poor man, would help us. But unfortunately he is not doing as much as we expected from him. Sir, taking the case of my own taluk, Anantapur, we see electric lines running here and there from one corner of the taluk to the other, from Gooty to Pamidi, from Pamidi to Anantapur and from Anantapur to Dharmavaram, while only a few ryots are given current for lift irrigation. The other day, a few of us met the Hon Minister and he was of course very enthusiastic and very sympathetic towards us. But unfortunately he told us, ‘please give us money and we will do anything for you.’ Sir, it was at the end of the financial year and therefore we could not do anything to supply him the necessary funds. But now a large sum, nearly Rs. 130 crores, is at his disposal and we hope that now at least his generous heart for the poor ryot will be exuberant and in a few months’ time Anantapur taluk will be electrified, and the poor ryot who produces only 20 bags of paddy per acre will be made to produce at least 25 bags of paddy per acre by the supply of electric power for lift irrigation. Thank you, Sir.

*Sri VAVALIDA GOPALAKRISHNAYYA:* You are an exception.

Dear Sir,

The Estimates Committee has decided to invite advisory boards of Technicians, Non-Technicians to store estimates. Furthermore, the Electricity Department submits various reports, enquiries, electricity policy, industrial policy, and allied subject. Industrial and electricity development are carried out.

The Hon. Sri G. Latchanna:—33 K.V. line is required. Also, the current electricity is required immediately. Similarly, 11 K.V. line is not in demand.

Sri Vavilala Gopalakrishnayya:—As late, Technical side has raised the 11 K.V. issue. High Voltage is needed, Low Voltage is not required. Further, the current electricity is not needed. Therefore, the issue is delayed. The Standing Committee has decided to request the Electricity Department to provide the required electricity.

Yours sincerely,

27th March 1956

[Sri Vavilala Gopalakrishnayya]

Electricity deposits have been increased. The electricity company has decided to increase the electricity rate by 20%. This decision was implemented from 1st January. In some areas, the increase has been passed on to the consumers. In other areas, the increase has been postponed temporarily. Reports indicate that the electricity generation has increased significantly. The efficiency of the power plants has also improved. With these improvements, the company is confident that it will be able to meet the growing demand for electricity.
Sri Vavilala Gopalakiranayya] [27th March 1956

Electric Power Station or any other proposal. The Cabinet level has decided that 10% electricity be given to Industries and 5% to Agriculture. The State Government, however, has decided to return only 10% of the electricity scheme and has proposed to develop the remaining 5% out of the proposed scheme. The Cabinet level has also decided to develop the remaining 5% out of the proposed scheme.

The Honourable Shri S. Narasimha, M.P.,
Hon. Minister for Works & Supply,
Government of Andhra Pradesh.

Sir,

I am to refer to No. XXVII—ELECTRICITY, dated 27th March, 1956, and to state that your reply regarding the supply of Electricity to a few villages in the State is awaited.

I am further to state that the Electricity Supply Department requires a sum of Rs. 5,00,000/- for extending the Electricity supply to a few villages, which have not hitherto received it. This sum is required for the purchase of materials, tools, etc., and the erection of the cross-arms and conductors, etc., necessary for the supply of Electricity.

It is expected that the works will be completed within three months from the date of the receipt of the sum of Rs. 5,00,000/-.

I am, Sir, very truly,

Yours faithfully,

[Signed] Y. Channiah

[Reply]

Sir,

I am to acknowledge the receipt of your letter dated 27th March, 1956, and to state that the amount of Rs. 5,00,000/- required for the extension of the Electricity supply to the few villages you have mentioned will be sanctioned in due course. The works will be completed within three months from the date of the receipt of the sum of Rs. 5,00,000/-.

Demand No. XI.—Capital outlay on Electricity Schemes.

Sri Y. Channiah [27th March 1956]

It is suggested that the business of the Manitoba Hydro Electric Power Commission be transferred to the Dominion of Canada, and that the assets of that Commission be acquired by the Government of Canada. The Commission has been operating the Manitoba Hydro Electric Power System for many years, and it is believed that the transfer would be beneficial to both countries.

Sri K. Venkataraman

In the case of the scheme of the West Bengal Power Development Corporation, the supply of electricity to the factory is to be increased. The demand for electricity is expected to increase with the growth of the factory. It is therefore suggested that the supply of electricity be increased accordingly.

In the case of the Upland Power Development Corporation, the demand for electricity is expected to increase with the growth of the factory. However, the supply of electricity is not sufficient to meet the demand. It is therefore suggested that the supply of electricity be increased accordingly.

It is recommended that the above suggestions be considered by the Government of India and the Governments of the two provinces concerned.

purposes in the context of composite state development. The demand for electricity for lighting and other purposes is increasing. The government is considering developing power stations in composite state. Sri C. Subbarayudu, a prominent electrical engineer, has proposed power projects in the composite state. Planning for development is underway.
Demand No. XL—Capital outlay on Electricity Schemes.

Sri C. Subbarayudu] [27th March 1956

In the 25th year's electric plans, there is a reservoir proposal for power development at 200 feet level and a hydroelectric development proposal for an additional 500 horsepower. The plans for this purpose are under consideration. Dam site is at the second stage of 110 feet fall in the reservoir stage. Detailed investigations for the 250 feet fall are yet to be carried out. Further detailed investigations are required for the turbines. Dam height is 240 feet. All required investigations are being carried out by a foreign company and orders have been placed with a foreign company for detailed investigations. Central Government has sanctioned the development of the scheme and development of machinery is under way. Electricity development is expected to benefit all sections of the community. A percentage return of 10% is expected on the investment. The project is expected to generate 30,000 units annually. The investment is estimated at Rs. 3,000,000, and the project is expected to be completed within a year.

Demand No. XXVII—ELECTRICITY
Demand No. XL—Capital outlay on Electricity Schemes.

[Sri L. Lakshmana Das]

[27th March 1956]

The Hon'ble Governor.

With reference to your circular No. 2 of 1956 on the outlay of the electricity department, it is stated that the current expenses of the department have increased due to the increase in the demand for electricity. The demand for current has increased from 15,000 units in 1955 to 30,000 units in 1956. Consequently, the department requires an additional expenditure of Rs. 2,500 for the purchase of current equipment.

The department has also requested the Government to consider the installation of a barrage to generate additional electricity. The barrage is estimated to cost Rs. 500,000.

Yours sincerely,

[Lakshmana Das]

Demand No. XXVII—ELECTRICITY

Demand No. XI—Capital outlay on Electricity Schemes

Sri L. Lakshmana Das [27th March 1956]

Industrial area of the existing current supply system. The 100% increase in current for Electricity has caused a substantial increase in the current supply system, which is likely to result in an increase in the cost of electricity. Therefore, it is necessary to ensure that the remuneration is adequate for Industrialists. Industrialists have sought an increase in remuneration for the current supply system. The increase is due to the rising cost of electricity and the restrictions on the supply system. The remuneration is limited to 10% of the current supply system's cost. The Electricity Department has sought tenders for the current supply system.

SRI P. KODANDARAMAYYA: The current supply system's cost has increased due to the remuneration being inadequate. Therefore, there is a need to increase the remuneration for the current supply system. The Industrialists have sought an increase in remuneration for the current supply system. The Electricity Department has sought tenders for the current supply system.
27th March 1956

Sri M. Rangayya

Sri P. Gunna:—

M.L.A. of Visakhapatnam mentions that when 20 kw of electricity was started, it was during the summer season, but when 20 kw of electricity started in the winter season, it was during the winter season. Therefore, it is necessary to have electricity during both the summer and winter seasons.

Electricity should be available during both the summer and winter seasons, as the fuel used for electricity generation varies with the season. Hence, it is necessary to have electricity during both the summer and winter seasons.

27th March 1956

The Hon. SRI G. LATCHANNA:—Sir, the priority is electricity, policies must be in accordance with the general electricity policy of the country. The demand for electricity is increasing. It is necessary to increase the electricity supply. Contract rates, schedule rates and power station rates are important. Further, the electricity rate of power station sub-stations and the telephone exchange must be considered.

Sri C. SUBBARAYUDU:—Power supply is vital. The limited funds must be given priority. Electricity is required.

Sri G. Latchanna [27th March 1956]

Dear Sir,

Regarding the demand for capital outlay on Electricity Schemes, I would like to submit the following figures for your consideration:

- For the year 1955-56, we require a total of Rs. 12,80,000 for electrification purposes.
- The proposal is to electrify a specific area and we have conducted an investigation in that regard.
- The estimated cost for electrification is Rs. 10,69,400.
- Further, we have projected the costs for electrification of the remaining areas as follows:
  - Area A: Rs. 2,80,000
  - Area B: Rs. 3,00,000

Kindly consider these proposals for immediate implementation.

Yours sincerely,

[Signature]

Demand No. XL—Capital outlay on Electricity Schemes.

[27th March 1956]

The Hon. Sri G. Latchanna:—

Mr. Deputy Speaker:—

The Hon. Sri G. Latchanna:—

The supply of electricity is essential in the rural areas, and it is necessary to provide electric power to the agricultural service. The agricultural service estimates cover the installation of pumps and the supply of electricity. The supply of electricity is essential for the efficient functioning of the agricultural service. The agreements for the supply of electricity to the agricultural service are based on the estimates provided. The agricultural service provides electricity to the farmers, and it is essential to ensure that the service is supplied in a timely manner.
Demand No XXVII—ELECTRICITY

Demand No XL—Capital outlay on Electricity Schemes.

27th March 1956

[Sri G. Latchanna]

Delta taluks 363° of the delta are electrified. Electricity is available in all. The generation capacity is 4000 MW. Demand for electricity is increasing. To meet the growing demand for electricity, the capacity of the existing power stations is being increased. The availability of electricity is 90%, and the proposal is to increase it to 95%. For this purpose, estimation is being made on the basis of the existing data on electricity demand.

The Electricity Department has been working in the following manner. Electricity is supplied to the various regions from the power stations. The electricity supply is estimated as follows:

Rates of 0.30, 0.40, 0.50, and 0.60 for different purposes, are charged. The Electricity Department is working in the following manner. In the year 1955-56, the demand for electricity was 100,000 units, of which 70,000 were for domestic purposes, 80,000 were for industrial purposes, and 90,000 were for other purposes. The demand for capital expenditure was 200,000 units.

Sri PILLALAMARRI VENKATESWARLU —

as a result of the increased demand for electricity, 10% increase in the cost of electricity has been implemented.

Demand No. XXVII—ELECTRICITY

Demand No. XL—Capital outlay on Electricity Schemes

27th March 1956

[Sri G. Latchanna]

April 20 the motion of Sri R. B. Ramakrishna Raju (No. 458) was, by leave of the House, withdrawn.

Mr. SPEAKER:—The question is:

To reduce the allotment of Rs. 1,08,94,600 for Electricity by Rs. 100.

(To discuss the failure of the Government to make arrangements to supply electrical energy in Munagala Paragana in Nandigama Taluk.)

The motion was lost.

Mr. SPEAKER:—The question is:

To reduce the allotment of Rs. 1,08,94,600 for Electricity by Rs. 100.

(To discuss the failure of the Government to make arrangements to supply electrical energy in Munagala Paragana in Nandigama Taluk.)

The motion was lost.

Mr. SPEAKER:—The question is:

"That Government be granted a sum not exceeding Rs. 1,08,94,600 under Demand XXVII—Electricity."

The motion was carried and the grant made.
Mr. SPEAKER :—There are no cut motions for the next Demand and so I shall put the Demand to the vote of the House.

The question is:

“That Government be granted a sum not exceeding Rs. 11,92,42,000 under Demand XL—Capital Outlay on Electricity Scheme.”

The motion was carried and the grant made.

Mr. SPEAKER :—The House will now adjourn and meet to-morrow at 8-30 a.m.

The House then adjourned.
APPENDIX

Paper laid on the Table of the House.
