THE ANDHRA LEGISLATIVE ASSEMBLY

Wednesday, the 28th March 1956.

The House met in the Assembly Hall, Kurnool, at half past eight of the clock, Mr. Speaker (The Hon. Sri R. Lakshminarasimham Dora) in the Chair.

I. QUESTION AND ANSWERS.

SHORT NOTICE STARRED QUESTIONS.

Delimitation of Constituencies in the State.

659-C.—

S. N. Q. No 1308-D. Q.—Sri P. PARTHASARATHI:— Will the Hon. the Chief Minister be pleased to state:

(a) the circumstances under which the Delimitation Commission which recently met, recommended for less number of reserved seats for Andhra;

(b) if so, the number of members belonging to Reserved Classes to be reduced from the total allotted to Andhra;

(c) if so, the Constituencies affected; and

(d) if the reduction of the number of Reserved Seats is a certainty, will the Government take up the question with the Election Commission or Commissioner and see that the number of seats reserved may be least affected?

THE HON. DR. B. GOPALA REDDI:—

(a) By virtue of the Delimitation Commission Act, 1952 as amended by the Delimitation Commission (Amendment) Act, 1954, the Chief Election Commissioner by a statutory order re-determined the number of seats to be reserved for Scheduled castes in the House of people and in the Legislative Assembly for the State of Andhra on the basis of the corrected figures of Census population of Scheduled Castes by a competent Census authority. The corrected Census
figures showed a reduction of 1,57,316 in the population of Scheduled Castes in Andhra and hence the number of seats reserved was correspondingly reduced following the formula prescribed under the provisions of the Constitution.

(b) 1. Member for the House of the people;

2. Two Members for the State Legislative Assembly.

(c) The proposals are still under the consideration of the Election Commission.

(d) As the total number of seats for scheduled Castes have been reserved according to the provisions of the Constitution, there can be no re-opening of the question of the number of seats allotted to them.

Sri PILLALAMARRI VENKATESWARLU:—Can we reopen the question of re-opening? How to reduce? Constitution Assembly allot seat or is it the number of seats?

THE HON. DR. B. GOPALA REDDI:—Assembly seats are fixed by the Election Commission and the State Legislative Assembly. The proposals are still under consideration.

Sri P. RANGA REDDI:— Census population is based on the 1951 census. Have we approached the 1951 census? Which Community belongs to Backward Classes?

THE HON. DR. B. GOPALA REDDI:—According to the 1951 census, Backward Classes, Communities, Harijan Communities. If there is a mistake in Harijan Communities and Backward Classes, the number of seats is 1,50,000, not 25,000.
QUESTIONS AND ANSWERS

28th March 1956

Sri S. VEMAYYA:—1951 Census shows 4 seats as Scheduled Castes. But 10 more seats are correctly shown as Scheduled Castes in 1951 Census. Is this a correct census?

The Hon. Dr. B. GOPALA REDDI: Communities wrongly included in the list. Any member will deduct backward classes as Scheduled Castes Harijans as such. Such an item in the definition is only a definition in the definition. If a member of the minority community, backward classes will be deducted.

Sri N. C. SESHADRI: A question as "Does Constituency effect constitute?" If so, why change the definition? Does Constituency effect constitute?

The Hon. Dr. B. GOPALA REDDI: The proposals are still under consideration of the Election Commission.

Sri PRAGADA KOTAIAH: Scheduled Castes allotted are scheduled castes. As such Scheduled Castes allotted are scheduled castes. Why are Scheduled Castes allotted?

The Hon. Dr. B. GOPALA REDDI: Scheduled Castes allotted. Election Commission allotted Scheduled Castes.

definition of Scheduled Castes and Scheduled Tribes communities and the untouchables. The Scheduled Castes and Scheduled Tribes are the Scheduled Castes and Scheduled Tribes.

Sri A. KALESWARA RAO:—Scheduled Castes are not 
untouchables but Scheduled Tribes are untouchables. Backward Communities differ from Scheduled Castes and Scheduled Tribes.

The Hon. Dr. B. GOPALA REDDI:—Scheduled Castes are not untouchables but Scheduled Tribes are untouchables. Backward Communities differ from Scheduled Castes and Scheduled Tribes.

Sri G. YELLAMANNA REDDI:—In general, Scheduled Castes are not untouchables but Scheduled Tribes are untouchables. The Scheduled Castes and Scheduled Tribes are different.

The Hon. Dr. B. GOPALA REDDI:—Scheduled Castes are not untouchables but Scheduled Tribes are untouchables. The Scheduled Castes and Scheduled Tribes are different.

Sri VIJAYABHASKARA REDDI:—Commission meeting in T.N. should discuss proposals with the Government and the proposals of the Government should be discussed. Discuss the proposals with the Government?

The Hon. Dr. B. GOPALA REDDI:—The Government should discuss the proposals. The Assembly should

IV BUDGET FOR THE YEAR 1956–57.

VOTING OF DEMANDS FOR GRANTS—(contd).

DEMAND XX—CO-OPERATION.

The Hon. SRI D SANJIVAYYA:—Mr. Speaker, Sir, on the recommendation of the Governor I beg to move:—

“That Government be granted a sum not exceeding Rs. 77,25,300 under Demand XX—Co operation”
28th March 1956

[Sri D. Sanjivayya]

Demand No XX—CO-OPERATION.

The undersigned, D. Sanjivayya, Architect, request the Reserve Bank to consider the following:

1. Request for Rural Credit Survey Report

The Rural Credit Survey Report of the Reserve Bank, as per the Indian Rural Credit Survey report, appears to be a comprehensive study that would be beneficial for the development of rural credit. The report is expected to cover all aspects of rural credit, including the effectiveness of existing schemes, the needs of farmers, and the potential for further expansion.

2. Proposal for Pilot Scheme

The proposal for the West Godavari block is particularly important. The block has been identified as having potential for the development of large-scale credit societies. The block has a population of approximately 78,000, with a large number of small and medium farmers.

3. National Cooperative Development Board

The National Cooperative Development Board has been approached for the establishment of a marketing society in the West Godavari block. The board has been requested to consider the proposal for the establishment of a marketing society in the block.

4. Housing Corporation

The State Housing Corporation has been approached for the establishment of a housing society in the West Godavari block. The corporation has been requested to consider the proposal for the establishment of a housing society in the block.

5. Share Capital

The share capital of the proposed marketing society is estimated to be Rs. 24.18 lakhs. The share capital is expected to be raised through a public subscription.

6. Marketing Societies

The marketing societies are expected to play a significant role in the development of the block. The societies will be responsible for the marketing of agricultural produce and the provision of credit to farmers.

7. Conclusion

The undersigned requests the Reserve Bank to consider the above proposals and to provide assistance in the development of rural credit in the West Godavari block.

Demand No. XX—CO-OPERATION

Central Corporation has been established to encourage cooperation among Agricultural Credit Societies. It envisages setting up a pilot scheme under which 15 Central Banks will provide short-term credit to Agricultural Credit Societies. The scheme will be implemented in collaboration with State Bank of India and Land Mortgage Banks. Under this scheme, 5 Agricultural Credit Societies will receive short-term loans from Central Banks. This arrangement is expected to enhance the credit flow to agricultural sectors.

Sir, I am to demand the release of the goodwill of the Primary Co-operative Societies

which has been lost due to the changes in the system. The system was modified to benefit the consumers, and it is evident that the benefits are not being fully realized.

I appreciate the efforts made by the General Secretary and the Deputy Secretaries in

implementing the changes. However, I am of the opinion that the benefits should be fully

realized by the consumers.

Yours truly,

Demanding for the cancellation of the godown system, it is hereby submitted.

The Godown system is a prime cause of speculation. Due to the godown system, the quantity of the commodity is limited, and there is no room for competition. This leads to an increase in the price of the commodity. The godown system also hinders the smooth flow of goods.

To regulate the godown system, the Co-operative Department is requested to take necessary action. The Co-operative Department is also requested to regulate the Cess schemes.

Cess schemes are regulated by the State Society. The Cess schemes of 1953-54 and 1954-55 are regulated by the State Society.

Weavers Society's case management. On this occasion, the society's president, Mr. Ramacharlu, presented a detailed report on the society's operations during the previous year. The report highlighted the society's achievements, including increased membership, improved management, and successful recovery of loans. The society thanked the government for its continued support and assured its members of future cooperation.

SRI PRAGADA KOTAIAH—Members to expel Mr. Ramacharlu. The society's president, Mr. Ramacharlu, informed the members of the society's decision to expel a member who had violated the society's rules. The member, Mr. Ramacharlu, was accused of mismanaging the society's funds, leading to significant losses. The society's management team, with the approval of the general body, decided to dissolve Mr. Ramacharlu's membership.

SRI P. RAMACHARLU:—Government assurance. Relief works are crucial in times of crisis. The government, through G.O., has provided assurance to the society for its relief works. The State Cooperative Bank has also extended assistance to the society. The government has assured the society of a 75% loan guarantee.

Dear Sri B. Subba Rao,

We have received your demand No. XX–CO–OPERATION for Rs. 5000 as arrears of wages for the period 25th February 1955 to 25th March 1955. We are unable to pay the amount due to our financial constraints.

We had already informed you that we cannot pay the arrears due to our financial situation. However, we are willing to pay Rs. 1000 as a token payment on 30th March 1956.

We request you to kindly accept our offer and kindly release us from further claims.

Yours sincerely,

Srividya 25th March 1956. Dear Sir,

The House Co-operative Societies and Housing Co-operative Societies are two important and growing organisations. It is therefore necessary for them to be regulated by law. The Act 21 of 1948 has been in force for 2 years now. At present the time limit is 20 years. The time limit is to be extended to 50 years within a period of 20 days. There are many members who have not received the notice. Therefore, the Deputy Registrar of Co-operative Societies is hereby requested to extend the time limit.

The matter connected with the question of the formation of a Co-operative Society, with the object of purchasing and marketing agricultural products of the cultivators in the District, has been under consideration in this Department for a long time. It is apprehended that the formation of such a Society may lead to the flourishing of group politics among the cultivators. It is, therefore, requested that the matter be referred to the Department for further consideration.

State has suffered considerable crop losses due to the heavy rainfall in the year 1955. The situation is critical, and immediate action is needed to control the pests. Pests like Paddy insects, leaf-worms, and other pests have caused significant damage to the crops. The Department of Agriculture is working on developing strategies to control these pests. The Crop Research Institute is conducting experiments to find effective pest control methods.

Pests like Paddy insects, leaf-worms, etc., have caused significant damage to the crops. The Department of Agriculture is working on developing strategies to control these pests. The Crop Research Institute is conducting experiments to find effective pest control methods.

Land Revenue and Other Revenue Centers in the state have been asked to take immediate action in the affected areas. The state has also provided financial assistance to farmers to help them recover from the losses. The state government is also working on setting up marketing societies to help farmers sell their produce at better prices.

Marketing societies need to be strengthened to ensure the timely procurement of produce from farmers.

The Government should support agriculture research to improve crop yields and increase the availability of agricultural produce.

Agriculture research and demonstrations are crucial for transferring knowledge to farmers.

Training and fieldwork are essential for the effective implementation of agricultural practices.

The Agriculture College should provide suitable training and research facilities.

The K.C. Canal improvement project is vital for the development of the region.

Dry cultivation and wet cultivation are important for maximizing land use.

The Government should support agricultural development initiatives.

The others are suggested to be used for Agriculture College purposes. Agriculture Graduates have been suggested. In particular, Agriculture College graduates have been suggested to be used for the temperate climate area. The Araku Valley has a very good climate. A suggestion is made to concentrate straw berries here. Straw berries are easy to cultivate. A suggestion is made to concentrate on vegetables as well.

The regulation of agricultural markets has to be undertaken so that the producer is assured of a fair...
deal. This was recognised in the first plan which recommended the extension of the operation of the Agricultural Produce (Markets) Act to all important agricultural markets."

"We recommend that there should be regulated markets as many as possible and organised as quickly as possible".

1949 to 1947/1957 were phases of nationalisation. The Commerce Act, 1957 was the first law to regulate and organise market committees. The marketing Committee became self-sufficient in 1957. It managed to meet the needs of the people.

Dear Sir,

I am writing to request your attention to the issue of by-products from industrial processes. I have been informed that the by-products are being wasted. It is important that these by-products are utilized for oil extraction.

I understand that oil extraction is a cottage industry and that it is 100% self-sufficient. There is no need to purchase oil from outside sources. In fact, it is a source of income for the local community.

I request that you consider this important matter and take immediate action to utilize these by-products.

(2) Salt Subsidy Scheme:—
The rate at which salt sold in the fish curing yards was on a par with the local market rate. So there was not much demand for salt in the yards.

(3) Intensive seed scheme:—
The seed collection season was not favourable.

The adjustment of the grant is under correspondence with the Accountant General and the officers concerned.

The grant could not be utilised in full for the following reasons:—
