Budget - Demands for Grants

My name is John Doe. I am a labor representative from the 1957 International Federation of Trade Unions. Here are the demands we wish to make.

1. Wages semi-skilled, skilled labourers: The 1957 raise was based on the Consumer Price Index (CPI). We propose a 20% increase for both semi-skilled and skilled laborers. This is based on the principle of maintaining the real value of wages. We are seeking a wage committee that can meet with employers to discuss and agree on a new index. The wages for semi-skilled and skilled laborers should be raised to $300.00 and $400.00 respectively. Adjacent provinces should also consider raising wages.

2. Dearness allowance: We are seeking a 10% increase in the basic year. The 1944 basic year was set at $100.00. The neutralization of the 1944 basic year was $150.00. Employer cost of living index allowance and basic wages should be revised in 1944.

3. Cost of living index: The cost of living index was set at 1957. The scientific method of wage fixation includes wage rollback, lockouts, law and order effects. We propose a 20% raise for skilled laborers. Minimum basic wage should be $300.00, with neutralization percentage fixed accordingly.

Minimum wages should be minimum time wages. The idea of a fixed minimum time is desirable, e.g., 4 hours. Of course, minimum wages should be fixed on the basis of the minimum time wages. In my opinion, the industrial workers are entitled to a minimum time wage of 6 hours a day, 6 days a week. The idea is that the workers should be paid for the work they do.

Dharmapala, Sir,

It is with much regret that I come to you with the request for funds for the establishment of the Institute of Economic Development. During my recent visit to the Institute, I was greatly impressed by the work being done there. The Institute has, in the past year, made remarkable progress in a number of fields.

The Institute has managed to secure the services of several distinguished economists and social scientists, who have contributed significantly to the development of the country. The Institute has also established a number of research centers, which have been instrumental in generating new knowledge and ideas.

In view of the importance of the Institute, I am asking for an additional grant of Rs. 50,000 for the year 1957-58. The grant will be used for the purchase of new equipment and the hiring of additional staff.

I am confident that your support will help the Institute to continue its excellent work and to make a significant contribution to the development of the country.

Yours sincerely,

[Name]

Director, Institute of Economic Development.
