Mr. Speaker. That short-notice question is not coming up today...

*Sri M. S. Rajalingam: I want to ask some information, Sir, because this meeting is coming to a close today.
Mr Speaker Then, is the hon member moving a Motion?

Sri M S Rajalingam I am not moving a Motion, Sir

Mr Speaker Then, what?

Every question is for eliciting some information. '74', '81' are exceptions. I want to have notice of the sort of support he will get. 

*Rajam (Justice) S. Venkataraghavan. ioi. and 1932, the Speaker disallow it.
I have disallowed the Motion and the concerned hon. Members are informed accordingly.

Sri B Ratnasabhapathi: I request the Chair to allow us to speak.

Mr Speaker: No, there is an end of the matter.

Mr Speaker: The Rule says ‘supported by two other members’. I depend upon my knowledge of the Rule, my interpretation of the Rule, which I have read particularly for this purpose this morning. One Member may move, but it must be supported by two other Members. Therefore the leader of the Socialist Party is informed that I am right and I am not going to allow him to say anything on this matter.

On a point of Order, Sir, the Motion was not subject to rule out. The Motion was not subject to rule out. The rule of the House is that a Motion should be supported by two other Members. Therefore, the Motion is not subject to rule out.

Members: Chamber rule out. Chamber rule out. Chamber rule out. To help the hon. Members, I have given this information. Otherwise, I would have done so.

Bill, 1957

Marketing facilities for oranges in America were encouraged. The Citrus Industry was given moderate encouragement in the form of a 50 cents per ton exemption of import duty. The Citrus Industry received a subsidy of 50 cents per ton, to be provided out of the export proceeds of the industry.

The Agricultural Minister of the State laid stress on the need for marketing facilities in America for oranges and other citrus fruits. He mentioned that the marketing facilities in America were inadequate and that there was a need for improvement in this regard.

The need for subsidy to the Citrus Industry was also emphasized. The Minister stated that the subsidy should be provided from the export proceeds of the industry, and that the subsidy should be increased in future.

The Minister also highlighted the importance of encouragement to the Citrus Industry. He pointed out that the Citrus Industry had a significant role to play in the state's economy, and that it was necessary to provide adequate encouragement to the industry.

Sri S. Ranganatha Mudaliar (Ramkrishnarajupeta) Mr Speaker, Sir, I want a little clarification with reference to the statement of Objects and Reasons Therein, it is stated: “With a view to enable the Government to augment their resources for meeting to some extent a few of the urgent and fundamental needs of the towns and cities such as water-supply and the like, it is considered necessary to levy a surcharge on the property tax on all buildings with an annual rental value of more than Rs 300 in all municipalities.” I think the framers of the Bill have in mind individual houses. Supposing a person owns more than one house and each house fetches a rental value of more than Rs 300, does it mean that the rental value will be calculated on both the houses together or on each house? That requires a little clarification.
Mr Speaker That can be considered in the Select Committee

Sri S Ranganatha Mudalai Yes, Sir Then, I would also suggest that some of the major panchayats like Madanapalle and Tiruttani, may have to be included within the scope of this Bill because they are fit enough to be declared as municipalities, and in regard to others gradation also may be suggested in this way there are first grade municipalities and second grade municipalities and to make Rs 300 uniform in all the municipalities will result in hardship to house-owners in big cities like Hyderabad, Vijayawada, etc So, Rs 300 may be retained with reference to second grade municipalities and Rs 500 with reference to first grade municipalities and Rs 1000, as Mr P Sundarayya has suggested, in respect of houses in cities like Hyderabad

With regard to the proposed Common Good Fund, there is universal fear that funds collected from smaller municipalities may not be made available for municipalities which make the contribution As Mr P Sundarayya has suggested, 75 per cent may be retained out of the surcharge and set apart for improving the particular municipality and only the balance of 25 per cent may be taken to the Common Good Fund to be used in such manner as the Government may deem fit Thank you, Sir
The Andhra Pradesh Urban Buildings Taxation Bill, 1957

22nd November 1957

The fund shall be vested in the Government and shall be applied and disposed of by them exclusively. The Major Panchayats and the Select Committee have recommended that 75% of General Revenues shall be devoted to the Common-good-fund and 25% for the development of the area.
