Transport facilities

Owners of casuarina have to pay tax. The tax is about one-fifth of their transport and production facilities. Transport facilities are expected to provide the following amenities:

1. Casuarina plantation

2. Roads

3. Bridges

4. Landscaping

5. Protection from pests and diseases

6. Weeding and pruning

7. Irrigation and drainage

8. Marketing facilities

The Andhra Pradesh Commercial Crops (Assessment) Bill, 1957, is designed to protect the interests of the owners of casuarina plantations. The bill aims to ensure that the owners are fairly compensated for their investment in the plantations. The bill also seeks to provide for the protection of the plantations against pests and diseases, and to ensure that the owners have access to necessary amenities to manage the plantations efficiently.
Transport facilities can be improved, and transport facilities are essential. Transport facilities can be improved by:

1. Improving roads and bridges.
2. Expanding rail networks.
3. Increasing the number of transport vehicles.

These improvements will help to increase the efficiency and reliability of transport services. The Government of Andhra Pradesh has already taken steps to improve transport facilities. The Andhra Pradesh Transport Department has been working on several projects to improve road infrastructure. The Department has also been modernising its fleet of transport vehicles.

The Governments of India and Andhra Pradesh are working together to improve transport facilities in the state. The Ministry of Road Transport and Highways has provided financial assistance to Andhra Pradesh for several transport-related projects. The Department of Investment and Public Asset Management has also provided funding for several transport projects.

In conclusion, transport facilities are essential for the development of any region. Improving transport facilities will help to boost the economy and improve the quality of life for the people of Andhra Pradesh.
The Andhra Pradesh
Commercial Crops (Assessment) Bill, 1957

8th November 1957

Ittes are found in the area of the Central Government level. The Central Government has taken preventive measures to control pests. Scientists have recommended the use of liberal remission of transport facilities.

Transport facilities have been expanded, and the Central Government has liberalised marketing facilities. The Central Government has reduced the rate of transport to 150 marla for 50 km. The government has ordered the transport department to observe negligence of waggon supply.

Boat transport has been expanded to cover scope. The waggon supply waggon supply in the marriage season has been increased. The Central Government has ordered the supply of waggon supply at the rate of 120, 150 and 180 for 50 km.

The government has ordered the supply of waggon supply at the rate of 120, 150 and 180 for 50 km. The Central Government has ordered the supply of waggon supply at the rate of 120, 150 and 180 for 50 km. The Central Government has ordered the supply of waggon supply at the rate of 120, 150 and 180 for 50 km.

It is unfortunate that at a time when Government should think of starting relief works to alleviate the suffering of the poor agriculturist and the poor labourer, Government should be thinking of imposing new taxes. As you are all aware, the atmosphere in Andhra is surcharged with rumblings and wailings of the people with regard to all these new taxes, and I consider that this is a very inopportune moment for the Government to think of imposing new taxes.

Sir, our Government are very lucky in that there is no well-organized opposition in this House or outside this House. But I would say that that is the very reason why they should be wary and act according to public opinion, for, otherwise, driven to madness and desperation, a time will come. - perhaps, much sooner than we expect, when people will be forced to the inevitable necessity of choosing any other man, except the Congress-man. Sir, many of the Congress members of the Government party both outside this House in private parleys and inside this House during the debate on these new taxation Bills have been more vociferous and vehement in criticizing these Bills; but I am sorry to observe that these very members who oppose the Bills very vehemently have not got the moral courage to act according to their conscience and free will.

*Sri B V Subba Reddy (Koilkuntla) Sir, today, I rise to raise my voice against yet another new tax which is sought to be imposed on the poor agriculturist, and also to focus the attention of the Government on a very grave and critical situation that has arisen in most parts of the Kurnool District due to failure of rains and crops - on account of heavy rains last year and due to failure of rains completely this year. Sir, I know that my voice will not be heard and acted upon by those in authority, but still I do so in the hope that my opinion, at least to some extent, will be able to influence public opinion, and, for a second reason, that I would thereby be discharging my duty as a representative.
Mr Speaker That is party system, and we cannot help it. That is the system prevailing in democracy, in all democracies.

Sri B V Subba Reddy Sir, if most of these members are given freedom to vote according to their will and conscience, most of these Bills which are now on the anvil of this House will certainly be blown out.

Mr Speaker The hon Member cannot talk of their conscience. Let him speak about his conscience and so on.

Sri B V Subba Reddy What is happening only I am saying. What is every day happening and what we have been hearing every day, I am saying.

Mr Speaker It is a party system. To talk of conscience is too strong a language and I therefore do not want the hon Member to use that.

The hon Member also belongs to a party. The Communists also belong to a party. Therefore, the question of individual conscience does not arise. He may merely say that Congress-men also are working like that, merely point out that way, but do not go into the question of conscience and party principles, democratic principles and all that. Therefore, go to the next point.

Sri B V Subba Reddy I am sorry, Sir, that I have not been correctly understood. I have only just submitted that if those hon. Members are given freedom to vote according to their conscience...

Mr. Speaker It cannot be done in the party system. Why does the hon Member harp on that?

Sri B V. Subba Reddy I am not repeating that. I will go to the next point.
Mr Speaker Please do not repeat

Sri B V Subba Reddy I would like to bring to the notice of the members of this House the critical conditions that are prevailing in the district of Kurnool. Last year, the out-turn of crops was only Rs 0-2-0 on the average, on account of very unprecedented heavy rains. This year, there are absolutely no rains after the crops were sown, with the result that groundnut has been a complete failure and the crop has been removed. Groundnut and cholam which have been the major crops are complete failures, with the result that today people are left without food for themselves and fodder for their cattle and the poor labourers without employment.

Sir, our invocations and our fervent prayers including those of the hon Chief Minister who visited our area last month and of the A P C C President Sri Satyanarayana Raju who also visited along with him have had no effect, and the offerings of people in the shape of goats and coconuts to goddess Gangamma have not produced any effect on the Gods. Sir, there has been a complete failure and it looks as though God, the All-Merciful has been very unmerciful, so far as these people are concerned. Today, the position is that they are left without any kind of work and famine is raging throughout the area.

Sir, at least the poor labourers who have nothing to call their own can shift to some other places where they can find employment, but the unfortunate position of the poor middle-class ryot is that he is left without fodder for his cattle and his family left without food.

[Hon Member Sri S Ranganatha Mudaliar crossed the Chair]

Mr Speaker The hon. Member should not cross the Chair like that.

Sri B. V. Subba Reddy He is not in a position to leave his hearth and home and shift to any other place.

The people of this District are not like the people of East Godavari. They are very gullible and a less vociferous kind of people. They are simple and unsophisticated but at the same time, from my experience of those people, I know they are a very explosive sort of people. Once, there is an eruption, it is impossible to control those people, so that, I would request the Government not only to act but to act quickly before much havoc is wrought.

Sir, as all of us know, the local officials are not able to take any initiative. Not only that. We are all very well aware that the
The Andhra Pradesh
Commercial Crops (Assessment)
Bill, 1957

8th November 1957

official machinery is very complicated and cumbersome, and it is very tardy and the wheels do not move unless they are greased properly and pushed from behind, even if they move without grease, they only make a lot of noise and produce too much of heat so that it is high time that Government themselves look into the matter immediately and see that something is done The immediate needs are (1) to postpone collection of all arrears of land revenue, loans and all other arrears, (2) to start fair price shops and advance loans to ryots to produce foodgrains, fodder etc

Another hon Member crossed the Chair

Mr Speaker It is a wrong way No member should cross the Chair

Sri B V Subba Reddy I also request the Government to start relief works immediately, provide relief to unemployed agricultural labourers immediately, appoint a special officer of the grade of a Collector to enquire into the conditions there and start relief works as early as possible

I know that the hon Chief Minister and the hon Minister for Revenue have got all sympathy for the people of this affected area, but I would only appeal to them to translate their sympathy into action by starting relief works Thank you, Sir

The Select Committee was appointed on the 20th of January, 1957, to consider the conditions prevailing in the State with a view to recommending measures for the promotion of the cultivation of oilseeds and other crops. The Committee, after due consideration, recommends that the following measures be taken:

1. The establishment of a Agricultural Research Station in the State.
2. The provision of adequate funds for the maintenance of the Agricultural Research Station.
3. The establishment of a Agricultural Extension Service in the State.
4. The provision of adequate funds for the maintenance of the Agricultural Extension Service.

The Committee also recommends that the provisions of the Commercial Crops (Assessment) Act, 1957, be amended to provide for the imposition of a special tax on the cultivation of oilseeds and other crops.

8th November 1957

अया कि आप्रेटन चीफ मिनिस्टर साहब ने भाषण के कास्टकरों से क्यों इस कदर दूर हो रहे हैं? उनके इसकीभी मेरानात का सिला उनकी क्यों नहीं दिला रहे है?

SRI K VENKATA RAO The hon Member is speaking about something which the hon Chief Minister said in reply to a question. It is about distribution of bonus or some such thing at Bodhan Sugar Factory. It has very little relevance with the Bill.

श्री माधवराव वह सही है। मै इसको खतम कर रहा हूं। मैने इस पर तवज्जोद दिलाई है।

श्री कल्ला व्यंटराव आप कितने दूररे अवसर पर यह बहस कीजिये?

श्री माधव राव युजित है, इसके बाद गवर्नमेंट के इस्तीफें मिनिस्टर भी वही के, कोर्टर ने छ आप तीन पार्ट के हिसाब से बोलने दिलाया था। जूती कि यह मसला नाशकर से भी सम्बन्ध रखता है इस किस्म मैं इसपर तवज्जोद दिला रहा हूं और आपनें हुक चीफ मिनिस्टर साहब से पुर्जोर अवस्था कहलाया कि यह इस पर दूररे और कास्टकरों को उनकी मेरानात का हिसीकी मानेज़ा दिलाये?

इसके बाद मैं असली मसले पर अपना। नेशन के बारे में मैंने कहा कि इसके बाद महासभा पहले ही भावितानों पर चर्चा है। इसपर तेल्हाना एरिया पर यह मज्जा टेक्स आयुद दिलाने में तेल्हाना एरिया के लिये नघुना सिव है। यह मसला किसी हाल सेविंग कमीटी के सामने जायेगा। मैं आप्त करता हूं कि इसपर पूरा बिचार किया जायेगा। तेल्हाना के निजामबाद, अहसासबाद, और नटुंडा के लिये जमीलत की हड़तल बढ़ता रहेगा है। अवसर पहली और चुना जायेगा है। उन के बारे में भी मानकी है। लेकिन अब सुरक्षी आरामिया पर अब सुरक्षी सुरक्षी और कास्ट का बारे आयोजन किया जारहा है। हड़तल तो यह है कि उन के असली अवसर अलावा बारह नहीं होते। तेल्हाना इस तेक्सर के उन को जुगा दिला कराना चाहिये?

इसके बाद मैं नानू की कदा तीन के एक्सामिनेशन (2) के संच्यम में बहुता कि यह वेर्जेंट नहीं है। इसकी एरिया पर अलाहस्वा अलाहस्वा कास्ट को जाने तो उसपर टेक्स आयुद नहीं होना चाहिये। उसे आपा है कि इसकी सराहन होना चाहिये। मैं रेवत्यू मिनिस्टर साहब से मानता हूं कि यह फासिलिटी को समाने रखने और उन के इसा में इन्स्क्रिप्शन करें। उसे आगा है कि सेविंग कमीटी में इस मसले पर संजीवनी से और मूल शीर्ष और कास्ट के तौर नेशन के कास्टकरों और दीपर कास्टकरों के साथ इन्स्क्रिप्शन होगा.

यह ताजक करते हुए मैं अपने अवसर को खतम करता हूं।

products were assessed at the rates of 200 and 300 per cent in the year 1957. The result showed that the value of products assessed at 200 per cent exceeded the value of products assessed at 300 per cent by a margin of Rs. 1,000. The assessment was based on the principle that the value of products should not exceed the cost of production.

Tax the drunkard and then take the money away from him.
The Andhra Pradesh Commercial Crops (Assessment) Bill, 1957

3rd December 1956, by way of an amendment of 1946, the Andhra Pradesh Commercial Crops (Assessment) Act, 1946, was amended so as to make it compulsorily applicable to the whole of the State of Andhra Pradesh. The amendment was introduced by the State Government for the purpose of providing for the assessment of commercial crops grown in the State.

The amendments provided for the assessment of commercial crops grown in the State, and for the purpose of assessment, the State Government may notify the rates of assessment for each class of commercial crops. The rates of assessment shall be subject to annual review and may be increased or decreased from time to time.

The amendments also provided for the procedure to be followed in assessment, including the power of the State Government to make regulations for the purpose of assessment.

The Andhra Pradesh Commercial Crops (Assessment) Act, 1946, was amended as above, and the amendments were deemed to have taken effect from the date of notification of the rates of assessment.

8
The Andhra Pradesh Commercial Crops (Assessment) Bill, 1957

Congress men have no moral courage even after they are in power and in 1957, benches between the two houses of the legislature became vacant because of the scarcity conditions in relief measures due to the drought. Major areas of sugarcane suffered from pest attacks. In Clause 4 of the said bill, remission of crop assessments was provided.
"Spend on projects with early returns"  was the recommendation of the Select Committee. The committee argued that projects with early returns were essential for the development of the region. They estimated that a return of 20% would be sufficient to cover the expenses of such projects. The committee also discussed the scarcity of water in the region and the need for water conservation. They recommended that the government should impose a water tax to fund water conservation projects. The committee also discussed the issue of extra tax on mango groves. They argued that mango groves should be encouraged and not taxed. The committee recommended that the government should consider the argument of the mango groves owners and provide them with incentives to encourage mango groves.
8th November 1957

The Andhra Pradesh
Commercial Crops (Assessment) Bill, 1957

Clause 5 of the said Bill provides for the assessment of tax on commercial crops. The clause is as follows:

"The assessment of tax on commercial crops shall be made in the manner prescribed by the Government in this behalf."

The Government has prescribed the manner of assessment in the following manner:

1. The assessment shall be made with reference to the production of the crop ascertained by the Collector of the revenue
2. The assessment shall be based on the average production of the crop in the preceding five years
3. The assessment shall be adjusted for any exceptional circumstances

The Collector of the revenue shall make the assessment in accordance with the prescribed manner. The assessment shall be final and conclusive unless an appeal is preferred to the Court of the District Judge within the specified time limit.
The Andhra Pradesh
Commercial Crops (Assessment)
Bill, 1957

8th November 1957

“Capacity to retain the crop till fair price comes” is another fair price legislation. In 1957, the Government of Andhra Pradesh introduced Warehousing Corporations to enable traders to retain crops at a fair price. Warehouses are established in various places to enable traders to retain crops at a fair price. The main argument is that a fair price is maintained by the Warehousing Corporations. The basic fundamental principles are:

- Raise the motive of bailing, pumping and flowing water.
- The difference between the tax and basic fund.
- The argument of raising funds through the Tax basic fund.
- Flow irrigation.
- Commercial crops vs. Food grains.
- Balance between commercial crops.
- Diversification of crops.

Money Lenders are also included. The Government has taken steps to control them. Commercial crops and Food grains are the main crops. The balance between commercial crops is maintained.

In conclusion, the Government supports the diversification of crops and the balance of Food and House crops.
The forum may try to shift a tax through increasing the selling prices for its projects or through reducing the purchasing prices for resources which it implies. The resources only may try to shift a tax through increasing the selling prices of its resources. The consumer may try to shift the tax through reducing its buying prices. It follows from this digression of shifting that a transaction involving a price is necessary for a tax to be shifted, the conditions under which lift in prices may be changed will be seen on analysis of shifting and incidence of taxation.

Mr Speaker The question is

That the Andhra Pradesh Commercial Crops (Assessment) Bill, 1957 be circulated for the purpose of eliciting public opinion.

The motion was negatived.
